chapter 30

“Edmund, here.”

Seeing him come in, Hugh waved at him.

gu jin yi walked towards him.

mu xiu yu looked down at the time and said.

“It’s not a big deal every time.”

gu jin yi smiled.

“Do you have any important task to deal with this time?”

The Gu family and the Mu family were close friends, so the two of them grew up together. As the saying goes, love is better than biological brothers.

“Except for those things in the hospital, what else can happen?”

mu xiu yu was very talented in medical treatment. He would answer every question he asked as long as it was about medical knowledge.

Especially for medicine.

“You have to make an appointment in advance if you want to see me now, don’t you?”

mu xiu yu said in a oily voice, narrowing his eyes.

“Doctor mu, don’t say that. I heard that you have attracted all the female doctors and nurses in your hospital. It’s difficult for me to see you.”

gu jin yi retorted.

mu xiu yu said indifferently, his eyes flickering.

“You seem to have changed.”

gu jin yi’s joke made mu xiu yu feel that he had changed a lot.

“Where did it change?”

gu jin yi didn’t realize it himself and asked in confusion.

“You never joked before.”

mu xiu yu said seriously.

He paused.

“I’m telling the truth.”

At this time, mu xiu yu’s phone on the table rang.

mu xiu yu picked up the phone and put it near his ear.

“What’s the matter?”

mu xiu yu said anxiously.

“Okay, I’ll be right back.”

Noticing the expression on mu xiu yu’s face, gu jin yi knew that there must be something wrong with the hospital.

“Edmund, I have to go now. Let’s talk about it when I’m free tonight.”

mu xiu yu stood up and said to gu jin yi.

gu jin yi nodded silently.

Then mu xiu yu strode out of the restaurant and went straight to the hospital.

There was only gu jin yi left at the table.

han han, who was sitting at the back table, was thinking about how to get close to gu jin yi.

Seeing that mu xiu yu had left, she was very happy. In this way, she didn’t have to do anything, and now it was easy to get close to gu jin yi.

han han pretended to be lost and walked towards the front table with her cream cake.

“Uncle, may I sit here?”

han han looked at gu jin yi with her bright eyes.

gu jin yi looked at han han.

Seeing that she looked a little familiar, he asked.

“Kid, have we met before?”

Daddy, you have a bad memory. You forgot me as soon as we met in the supermarket last time.

You are so young and beautiful. Don’t you know to pay attention to it?

han han pouted and looked at gu jin yi with a little complaint.

han han nodded.

“Hello, uncle. You can call me han han.”

han han introduced herself.

“han han! remember you. It’s you in the supermarket.”

gu jin yi suddenly remembered the scene in the supermarket.

han han's face darkened at once.

Daddy finally remembered him. It seemed that he still thought he was beautiful, so he didn't forget han han.

han han tried to stand on tiptoe, put the cake on the table slowly, and then climbed onto the sofa seat with a twist of her b***ock.

"What happened?"

gu jin yi looked at han han in confusion. He didn't know what she was doing until he realized that she was going to sit on the sofa.

Looking at her cute action, he couldn't help smiling.

By accident, the cake fell to the ground.

"My cake..."

han han's eyes fell on the ground with the cake.

"It doesn't matter. I'll buy you another one."

Then, he asked the waiter to serve han han another strawberry cream cake and dessert.

Looking at the cake in front of her, han han smiled innocently. Her dimples were partly hidden and partly visible on her pink cheeks. The smile looked like someone.

"What else do you want to eat? It's my treat."

Looking at the little girl in front of him, gu jin yi felt inexplicably fond of her.

Looking at her smile, he could not help but feel happy.

"No, thanks. Girls will gain weight if they eat too much. I have to keep fit, so no, thank you, uncle."

han han squinted at gu jin yi and said.

gu jin yi smiled.

"You know how to keep fit at such a young age."

"Of course. My mommy has told me since I was a child that if a girl can't control her body well, how can she control her future life?"

han han said like an adult.

"It seems that your mommy is a very beautiful and powerful person, so that she can teach you such a smart and lovely girl."

It was the first time that gu jin yi praised a person like this, though he didn't know who the person was.

Looking at han han, he could guess that her mother was also a good person.

han han paused and han han said with shame.

“No, my mommy is silly and stupid. She can get lost when she walks.”

On the other side.

In Ning Xi’s office.

“Yawn, yawn...”

Who was cursing her? Ning stream continuously yawned.

Hearing han han’s answer, he couldn’t help smiling.

How could she be so cute? Would she be happy if she had such a daughter.

gu jin yi, who had always been indifferent to children, had such a thought when he saw han han today. If only he had a daughter like her.

“So are you waiting for your mommy here today?”

han han was stunned. She hadn’t figured out how to answer gu jin yi.

In a hurry, she had to nod first.

Originally, she only needed to get a cup of water from gu jin yi, but she changed the topic when chatting with him. She had no choice but to follow him, not to expose herself.

The whole afternoon pa**ed quickly, but no one came.

And he had been waiting here with han han.

The little boy sitting next to her urged anxiously.

Why hasn’t daddy left yet? It’s almost evening, and chen chen is still waiting for my news.

“han han, it seems that your mommy won’t come.”

gu jin yi said to han han as it was getting late.

han han was not in a hurry at all and ate the snacks leisurely.

“It doesn’t matter. Uncle, you can go back first. I’ll wait a little longer.”

han han began to urge gu jin yi to go back.

“How about this? I’ll drive you home first, and then I’ll go home.”

gu jin yi asked softly as he was worried about han han.

Hearing this, han han’s little head flashed and a little bulb appeared above her head.

Well, since daddy didn't leave first, how about asking him to drive her home and then in the car
Hahaha, you are so smart.

han han gave a weird smile, but concealed it from gu jin yi.

"Okay, then please send me back."

han han was about to get down from the sofa.

gu jin yi stood up and strode to han han, gently holding han han in his arms.

han han put on a big smile.

"Thank you, uncle."

Then han han sweetly wrapped her arms around gu jin yi's neck and gave him a kiss on his delicate face.

He paused.

"Uncle, this is my first kiss."

han han whispered in gu jin yi's ear.

gu jin yi felt sweet.

"Okay, I'll take it and stay here."

At this time, gu jin yi was full of patience.

He made a gesture to han han to keep it in mind.

chapter 31

"Uncle's hair is a little messy."

She wanted to take the cup that he had drunk, but she didn't have a chance.

gu jin yi happened to pick her up. han han was smart enough to take a strand of his hair.

Then she pretended to smooth the hair on his forehead.

Then, he walked out of the restaurant with han han in his arms.

He put her on the back seat and got in the car himself. Then the car drove away.

In the car.

"han han, where do you live?"

gu jin yi asked softly.

"Let me show you the way."

"Okay."

More than ten minutes pa**ed.

“Uncle, you can stop at the next intersection.”

han han blinked and pointed to the intersection ahead.

Then, he slowly stopped.

gu jin yi got off the car and opened the back door. With his hands open, han han naturally threw herself into gu jin yi’s arms.

Then, he slowly squatted down and gently put down han han.

She was so careful that she might fall and melt if she held it in her mouth.

“Uncle, let me tell you a little secret.”

han han jumped on the ground and waved her little hand to make him lower his head to listen to her.

Seeing this, gu jin yi got close to her.

“You are the most handsome man I have ever seen.”

“Bye, uncle!”

After saying that, han han ran away like a rabbit.

gu jin yi stood up and looked at the pet**e and lovely back of han han, with a doting smile on his face.

In a corner of the house, a male baby boy was staring at them.

Is he the daddy of han han and me?

It was a little dark, so she couldn’t see his face clearly in the soft light of the street lamps.

But judging from his tall and strong body, she could tell that he was a very handsome man.

Standing on the balcony, chen chen looked at gu jin yi from head to toe.

Although the soft light was dim, his father must be very handsome.

But han han said that her father looked exactly like her, so she was a little curious.

Did they really look the same?

Seeing that han han had arrived home, gu jin yi got in the car and drove away.

As soon as han han arrived home, she went straight to her room as if she had received some important national information.

“chen chen, I’m back. I’ve got something that can prove whether he is our father’s property or not!”

han han told chen chen cheerfully, looking at him with her b***** eyes.

“han han is awesome!”

Then the two babies gathered together as if they were discussing something

It was already seven o'clock in the evening when gu jin yi drove home.

And Ning Xi was still working overtime in the company today.

“shao ye is back.”

As soon as gu jin yi returned home, wang a yi walked out of the kitchen with a smile.

gu jin yi smiled and went upstairs.

In fact, she was looking forward to seeing Ning stream as soon as she came back.

When gu jin yi returned to his room, he found Ning Xi was not there. Then he turned around and went downstairs.

“wang yi, where is Susan?”

gu jin yi asked.

“Oh, just now, shao nai nai called and said that she had to work overtime in the company today and might come back late.”

wang a yi answered honestly.

Because she had to work overtime, Ning stream called her family in advance.

“Work overtime?Who allowed her to work overtime? ”

Frowning, gu jin yi turned around and went upstairs.

wang a yi stood still and stared at gu jin yi's receding figure.

“It seems that the stream is destined to be the other half of shao ye's life.”

wang a yi had been in the Gu family for so many years. She had watched him grow up and knew his character and temper.

He never cared about anyone.

Only when he was a child, when his wife was sick, he was anxious. Since then, he had never changed his feelings for anyone.

This time, he could tell that he cared about Ning stream very much.

Because Ning stream could affect his mood.

When gu jin yi returned to his room, his good mood was ruined by Ning Xi.

As usual, gu jin yi sorted out the doc**ents he should do tomorrow.

Suddenly, a thunder and lightning flashed in the sky outside the window.

He looked at his watch. It was already eight o'clock. She hadn't come back yet.

Although he looked unhappy, gu jin yi seemed to be a little worried.

At the VL international dress design center

In this big company, only Ning Xi from the design department was still working overtime.

Ning Xi sat in his office and sorted out the messy documents on the table.

She stood up lazily and stretched herself.

"I've finally sorted it out."

Immediately, she looked down at the time. It was already eight o'clock.

"It's so late. Go home now."

Thinking that gu jin yi would scold her as soon as she got home, she hurriedly left the company with her bag.

At this time, when she just arrived at the gate of the company and saw the dark sky, she quickly ran to the bus station at the intersection in front of the company.

'damn it! It's going to rain. What should I do?

At this moment, Ning stream suddenly felt that it didn't respond every day and the earth was not working.

"Drip, drip, drip..."

A few drops of rain fell on the face and nose of Ning stream.

Then, it rained heavily.

Ning Xi quickly ran to the bus station to avoid the rain. Although he could protect himself from the rain, he was still wet all over.

She held her bag and hailed a taxi.

She didn't know if today was her bad day. Every taxi she hailed was full of people.

What's worse, she finally stopped a car and was caught up by others.

ning xiao xi had no choice but to wait.

gu jin yi, who was sitting on the chair to arrange his work schedule, heard the sound of heavy rain outside. He walked slowly to the French window and opened the curtain with his slender hands.

He looked out of the window with a heavy face.

How could she come back in such a heavy rain?

gu jin yi frowned.

It was her business whether she could come back or not. Why was he worried about her here.

Then, he went back to his seat and continued his work.

The rain was getting heavier and heavier, and the sound of rain falling was also getting louder and louder.

Five or six minutes had pa**ed, but he still couldn't focus on his work. Hearing the heavy rain, he suddenly stood up.

She grabbed a coat and rushed downstairs.
