chapter 38

Thinking that the time between the two babies would always pass so fast, the car would arrive at the destination soon.

Ning stream went straight into ye xiao xiao's house. On this Sunday, she was also at home. When she saw Ning stream, she immediately hugged her.

"niu er, I miss you so much."

"Hey, don't be so sentimental."

"I'm telling the truth. Think about how long we haven't seen each other."

As soon as they met, ye xiao xiao ran to Ning stream.

A warm smile appeared on Ning Xi's face. It seemed that he didn't see Celia when he came back last time.

The two of them seemed to be separated for three years.

Upstairs, the two babies were discussing something seriously.

"Brother, should we tell mommy that the handsome uncle is our daddy?"

han han blinked at chen chen, waiting for his answer.

"Let's wait for a while."

With one hand on his chest and the other on his hand, chen chen seemed to be thinking about something, looking like an adult.

"Okay, it's up to you."

han han agreed.

Since the last time han han and gu jin yi met, chen chen began to investigate, and the final result was exactly the same as his guess.

As soon as he got the DNA report, chen chen saw the identification result on it in a second.

The father son relationship was ninety-nine point nine nine percent.

Although they had already guessed the result, they both saw it with their own eyes and felt another way.

They had mixed feelings.

"Last time I saw mommy and daddy together in the supermarket, and I saw that mommy looked very strange. There must be something fishy."

han han suddenly recalled the scene in the supermarket.

ning xiao xi and gu jin yi went shopping together, and the relationship between the two was unusual.

She thought of last time when she heard from her mommy that if she got married, would they be very sad.

But if Mommy married a handsome uncle, that would be their daddy. But why was mommy's expression so strange?

han han had a lot of questions in her mind.

"han han, come here..."

Hearing what han han said, chen chen suddenly came up with an idea. The two of them got close to each other

"chen chen, you are so smart. OK, that's it."

han han made an OK gesture with one hand and a great posture with the other.

A weird smile appeared on chen chen's face.

Then she heard the sound of Ning stream downstairs.

They ran to the balcony and saw Ning stream.

"Mommy is here."

The two babies had smart ears. They knew their mommy was back as soon as they heard the noise outside.

They raised their eyebrows and looked at each other, with a little evil spirit in their bright eyes.

The two of them ran downstairs in a hurry.

"Mommy!"

Two exclaimed excitedly.

"chen chen, han han!"

When Ning Xi saw two people running out, she also walked towards them.

She plopped into Ning Xi's arms.

"They said you would come back today yesterday. It seems that you two really have a connection."

ye xiao xiao said, standing behind Ning stream.

"Mommy, let's go inside."

Then, the two babies pulled Ning Xi into the hall.

"Mommy, are you tired after the ride? Come on, let me ma**age for you."

han han got close to Ning stream courteously.

“Mommy, drink some milk.”

chen chen brought a cup of hot milk from the kitchen and handed it to Ning stream.

What did he want to do?

Ning Xi squinted at the two xiao bu dian.

Their attitude had changed greatly today. They had never been so hospitable before, but today was different.

“Mommy, actually...”

han han opened her mouth and was about to ask what she wanted to ask.

chen chen suddenly added han han’s words.

“In fact, I just want to eat the food you cook.”

Seeing this, chen chen winked at han han and decided to ask after lunch.

“Okay, Mommy will cook delicious food for you today.”

Then Ning Xi went into the kitchen.

“Mommy, let’s help you.”

The two babies followed Nina into the kitchen.

On the other side.

“Why are you free today?”

mu xiu yu teased.

Although it was a day off, gu jin yi usually stayed at home to deal with work or his business. It was rare to meet mu xiu yu today.

“Can’t I ask you out?”

Replied gu jin yi, picking up a cup of coffee lazily.

“Mr. Gu, you are so busy that you ask me out. What an honor I am!”

mu xiu yu couldn’t help laughing.

gu jin yi narrowed his eyes and raised his eyebrows.

“Then cherish the time with me.”

gu jin yi’s words made the coffee in his mouth almost spill out.

“When did you learn to be so humorous?”

In mu xiu yu’s eyes, gu jin yi had never said such a joke.

“Really?”

gu jin yi didn’t notice it either.

“Yes, absolutely!”

mu xiu yu emphasized firmly.

“Well, I have something to tell you today.”

Then, he and mu xiu yu kept talking

An hour pa**ed quickly.

“Don’t worry. It’s not a big deal.”

mu xiu yu patted his chest and said firmly.

“By the way, I have a question to ask you.”

gu jin yi said slowly.

mu xiu yu didn’t pay much attention to it. He picked up the coffee and drank it.

“Go ahead.”

“If the two people are not parent-child relationship, is it possible that they will grow up in the same way?”

gu jin yi said word by word. His expression was deep.

“According to the history of science, it is absolutely impossible in medicine.”

mu xiu yu denied absolutely.

“They must be related by blood.”

gu jin yi remained silent, with an unfathomable look in his eyes.

“Why do you suddenly ask this?”

mu xiu yu raised his eyebrows and looked at gu jin yi in confusion.

“Nothing. Just ask.”

gu jin yi quickly withdrew his expression and showed a serious look.

“I thought you were talking about someone else, which made me curious.”

mu xiu yu crossed his arms and looked out of the window.

“Well, let’s go back first.”

gu jin yi stood up elegantly and b***oned his suit with his hands.

“Why don’t you just call me out and leave me alone here?”

mu xiu yu stood up and said.

gu jin yi kept silent and said with a smile, “I called you out just to leave you alone.”

Then, he turned around and left the cafe.

mu xiu yu stood still, looking at the back of gu jin yi, speechless.

Was this a blatant provocation? He was the only one here who dared to say it so blatantly.

chapter 39

Looking at the back of gu jin yi, Josef frowned.

All of a sudden, mu xiu yu felt that the two times they met each other were a little different. As for the specific differences, he could not tell.

He had never been joking, but he had learned how to make a cold joke.

Then, mu xiu yu didn’t stay long. Not long after he left, he also left.

On the other side.

After lunch, ning xiao xi and the two babies went back to their room to take a nap.

Ning Xi sat on the soft bed with two babies.

“Mommy, I have a question to ask you.”

When they arrived at the room, han han spoke first.

“Go ahead.”

Ning Xi touched han han’s head and replied.

“Why did Mommy marry Daddy? Besides, Mommy didn’t want daddy to see me in the supermarket that day.”

han han asked straightforwardly.

Thinking of the scene she saw in the supermarket that day, Ning Xi seemed to have a strange expression, as if he didn’t want gu jin yi to see han han.

ning xiao xi was stunned by han han’s question.

Before she could confirm whether gu jin yi was the daddy of chen chen and han han, han han called him daddy directly.

But Ning Xi didn't know that the two babies had confirmed that they were their biological father.

"Do you all want to know the reason?"

Ning Xi looked at the two, blaming them for being too smart.

She knew that she couldn't hide anything from him, so she could only tell him the truth.

The two babies looked at Ning stream with their big eyes, waiting for the answer.

"Okay, we won't cause Mommy any trouble."

The two babies said obediently.

Ning stream said.

"The reason why he and I are together is because..."

.....

Ning Xi told chen chen and han han the whole story with great interest.

"So Mommy got married for you!"

Both of them looked at her in disbelief.

Ning Xi nodded.

"Now that mommy has told you the reason, is there no doubt now?"

Ning Xi looked at the two helplessly.

chen chen and han han nodded.

"Ahem Besides, he may not be your daddy yet. Don't be daddy every day."

Ning Xi was helpless and a little uneasy. But the two babies recognized their father too fast.

On the other hand, she felt uneasy. If gu jin yi was really their father and they looked forward to seeing each other so happy, would they leave her because of their father.

No way! Ning Xi interrupted her immediately.

In the past five years, chen chen and han han had been with her. She knew that the two of them would never leave her.

But if that was the case, he would definitely take them away from her.

No, absolutely not! chen chen and han han belonged to Ning Xi. No one was allowed to take them away!

The more Ning Xi thought about it, the more nervous he became.

"Mommy, what's wrong with you?"

chen chen and han han asked at the same time when they saw the strange expression on Ning Xi's face.

"chen chen, han han, I have a question to ask you. You must answer me carefully, okay?"

ning xiao xi said seriously.

Seeing the serious expression on Ning Xi's face, the two of them nodded seriously.

"If, I say if, is he really your daddy? Will you leave mommy and go to his side?"

ning xiao xi said sadly.

"I don't want it!"

Hearing what Ning Xi said, han han became excited. She put her arms around Ning Xi's slender waist and lay in his arms.

"Mommy, han han and I will never leave you."

Then chen chen held Ning stream in his arms warmly.

Hearing chen chen and han han's words, ning xiao xi was so moved that her eyes turned red and almost burst into tears.

Ning Xi raised his head.

Yes, her two babies would never leave her. Nothing happened. Why are you so sad.

Then Ning Xi came back to his senses and showed up with a smile.

"Ahem..."

Ning Xi coughed again.

chen chen looked up and asked with concern, "Mommy, do you catch a cold?"

"Yes, you always coughed during dinner today."

han han got out of Ning Xi's arms and continued.

Then chen chen got out of bed and ran out of the room.

"Mommy, drink some antipyretics. You'll be fine."

chen chen soon brought a cup of cold spirit.

Ning Xi took the cup with a warm smile and gulped down all the cold spirits.

"Mommy, give me the cup. You lie down first."

chen chen put the cup on the table next to him and climbed onto the bed.

"chen chen and han han, it's time for you to take a nap. Mommy will tell you a story, okay?"

Ning Xi sat on the bed and looked at the two people beside her.

“Mommy, you are sick. It’s my turn to tell stories to you today.”

han han asked.

“Mommy, good girl. Lie down and have a rest.”

chen chen gently helped Ning Xi lie down.

“Okay, Mommy, lie down.”

In the end, Ning Xi couldn’t change their mind and lay down obediently.

A warm smile welled up in her heart.

Ning stream leaned against the pillow, and chen chen and han han sat on both sides of the stream.

“Mommy, are you ready? My brother and I are going to tell you a story. ”

chen chen and han han each picked up a book about ge lin’s fairy tale and began to tell each other word by word.

“Okay, go ahead. Mommy will listen to you.”

Ning Xi smiled and gently held the hands of the two babies in his hands.

“Mommy, close your eyes and sleep.”

Said chen chen.

Then Ning Xi closed his eyes and chen chen and han han began to tell stories.

Once upon a time, there was a very beautiful princess living in a kingdom

Half an hour later, the two babies’ voices were getting lower and lower.

chen chen and han han looked at each other and made eye contact with each other.

Did Mommy fall asleep?

It should be, let’s be gentle and don’t wake Mommy up.

Well, let’s go out and let mommy sleep for a while.

Seeing that Ning stream had fallen asleep, the two stopped telling stories.

She got up from the bed carefully and walked out of the door.

“Mommy seems a little sad.”

Noticing the expression on Ning Xi’s face, chen chen said lightly.

“Mommy is afraid that we will leave her when we find daddy.”

han han also noticed the expression on Ning Xi's face and said.

chen chen nodded. He had guessed it.

He knew his mother couldn't live without him and his sister.

Thinking that Ning Xi married gu jin yi for marriage, the two of them must have no feelings for each other.

chen chen and han han began to think of a way to make Ning Xi and gu jin yi fall in love, so that their parents wouldn't be separated.

"han han, we have to keep daddy and Mommy together, so that we don't have to be separated from each other."

Said chen chen.

han han nodded in agreement.

Although she didn't want to leave Ning stream, she also wanted their father. So the best way was to make them stay together forever.

"Brother, do you have any good idea?"

han han asked.

chen chen squinted his eyes and said, "in this way..."

The two babies began to discuss.
