chapter 381

“Oh, my God! You’re here!”

“Mom.”

Susan was right. It was indeed gu jin yi.

“Aren’t you in the company at this time? Why are you here? ”

pei xiu juan asked in confusion. According to the rules, he should be in the company at this time.

“Mom, I found chen chen and han han. I hope you won’t do anything to disappoint me again.”

gu jin yi’s tone was heavy and a little disappointed.

pei xiu juan was not a fool. She could also feel gu jin yi’s mood. She knew how important the two children, chen chen and han han, were to him. He was really angry this time.

“It’s good to find them. I’m not against chen chen and han han staying in our family. You should think about your own business. After all, they are not your biological children. As the saying goes, adopted children are not as good as biological ones. Anyway, you and Susan should have a baby for me as soon as possible. I won’t interfere with the affairs of those two children in the future. ”

pei xiu juan said her request. She didn’t want to put him in a dilemma.

“Mom, in fact, I came here today to tell you about it. There are some things you don’t know and I haven’t told you either. ”

gu jin yi’s expression became more serious at the moment, and his eyes were so deep that no one could guess.

At the same time, Susan was nervous and uneasy on the stairs. Was gu jin yi going to tell her that she was not the real Nina? No, she couldn’t let gu jin yi slander her like this before she could explain it clearly.

Susan was about to get up and go downstairs to make it clear to gu jin yi and others.

But when Susan was about to get up, she heard a bigger secret, not the problem she was worried about.

“In fact, chen chen and han han are not my adopted children. They are my biological children.”

As soon as gu jin yi said this, the expressions of pei xiu juan and Susan were indescribable in an instant. pei xiu juan stared at gu jin yi in a daze. She had never thought that the two children of chen chen han han were the biological children of gu jin yi.

According to their ages, it was absolutely impossible.

“Are you telling the truth? chen chen and han han are really my grandsons! ”

pei xiu juan was extremely excited when she knew that she had two grandsons.

gu jin yi nodded firmly.

Susan was paralyzed and sat on the stairs. She was soft hearted when she heard the news. How could it be like this?How could those two wild children be gu jin yi's children?They were the b\*\*\*\*\*s of Ning Xi, that b\*\*\*\*, and another man five years ago. How could it be gu jin yi's?impossible!

It must be a lie made up by gu jin yi to protect Ning Xi. He must be trying to make pei xiu juan stop targeting the two children. It must be like this!

Susan couldn't stand it anymore. She ran downstairs and said, "bill, you're too ridiculous. You don't have to make up such a lie for Nina, do you?"

As soon as Susan went downstairs, pei xiu juan and gu jin yi looked at her at the same time.

pei xiu juan didn't understand what Susan meant, so she looked confused.

The moment he saw Susan, there was a frightening coldness in his deep eyes.

How dare she come to the Gu family's old house.

"Susan, what are you talking about?Why can't I understand at all? "

"And what's a lie?You've made it clear to me. Now I'm in a mess, with two heads... "

pei xiu juan stood in the middle of the two. The atmosphere seemed to be frozen, making her almost out of breath.

"Mom, I'm sorry. There's one thing I haven't told you.In fact, the Susan you saw before was not me, but my sister. I didn't want to leave my family, so I asked her to marry into the Gu family for me. Her name was Ning stream.At that time, it was my fault. I was thoughtless. But later I knew that I shouldn't have done that. Marriage is not a game, so I decided to come back, so she left.But he still cares about me. "

Susan looked at pei xiu juan innocently. Her good image could not be ruined because of this. She had to keep her innocent look.

On the other side, Edmund sat there, arrogantly and indifferently staring at Susan. Seeing that she was still telling lies, he wondered what kind of expression she had on her face?

She couldn't make up such a big lie without blushing.

"What?Isn't the Ning family just a daughter?When did you have a sister?The Ning family doesn't take our family seriously!How dare you change the cat for the crown prince? "

It could be seen that pei xiu juan was very angry. She had never shouted at Susan so loudly before.

"Mom, I don't want to hide it from you. I wanted to find time to explain it to you..."

"Don't call me mom. I'm not your mom either!"

Susan begged pei xiu juan for forgiveness, but pei xiu juan didn't want to talk to her at all.

Then, pei xiu juan walked up to her son gu jin yi. She just wanted to know whether chen chen and han han were her grandchildren or not. Everything else didn't matter anymore.

"Edmund, do you think chen chen and han han are really my grandchildren? Then who was their mother? Tell me!"

pei xiu juan was so agitated that too many things happened all of a sudden that she couldn't think straight. She just wanted to know the truth of all the things.

"The two children are actually the children of my sister and another man five years ago!"

Susan spoke for gu jin yi before he could say anything.

Facing pei xiu juan and gu jin yi, Susan felt that she was determined to get them.

pei xiu juan was confused again. Why did the two children become the children of Ning Xi and another man?

Susan thought to herself, 'as long as I tell them what Ning Xi did five years ago, Ning Xi's image will be ruined in front of gu jin yi and others. Then I can be the woman around him justifiably.'

"I know you are a kind-hearted person. After all, my sister has been with you for so long. You may have some feelings for her. So you can explain for her good words and cover up her mistakes. But you have to make it clear to mom. Since you can't speak it out, let me be the bad guy."

Susan looked calm and didn't feel guilty at all.

"What? What else haven't you told me? What happened five years ago? Is what she said true?"

pei xiu juan thought she was a fool. She didn't know many things until now.

## chapter 382

"I... I can't tell you. It's about my sister's reputation..."

Susan pretended to be hesitant, but in fact, she was very proud.

"Tell me! What happened five years ago?"

pei xiu juan was so anxious that she almost stamped her feet.

Standing aside, gu jin yi wanted to see what this woman could say.

"Five years ago... On my sister's eighteen year old birthday, on a whim, she got drunk and had s\*\* with a man, and... And she was pregnant. Damn it! She didn't abort and gave birth to them. And the two children are six years old now. They are the two children you like, chen chen and han han."

Susan said in a coquettish voice, looking pitiful for Nina.

pei xiu juan's face darkened when she heard the news.

At this moment, Susan was secretly squinting at gu jin yi's expression.

In fact, she deliberately revealed the fact that Ning Xi was with another man five years ago to him.

If she said it out directly, people would think that she did it on purpose. At this moment, it didn't take Susan much effort to get this opportunity. It could not only make her a good person, but also destroy the reputation of Nina.

"This is too much! I see! This woman doesn't have self-respect at all. She even dares to pretend to be someone else to enter our family, and let my son raise other people's two children for her. How hateful!"

It could be seen from pei xiu juan's angry face that she was really angry, which was unforgivable.

Susan saw this and a sinister smile appeared on her face.

ning xiao xi, even if I can't get gu jin yi, you will never get him and never come back to the Gu family! I will ruin your reputation!

"But mom, please don't be angry. My sister was young and thoughtless at that time, so she had a one night stand with another man. In fact, I also feel guilty. If I had insisted that she didn't drink, such a thing wouldn't have happened."

Susan sighed, pretending to take all the blame. She lowered her head and sighed, trying to get pei xiu juan's sympathy.

"It's not your fault. It's her own fault. Fortunately, she found it out early. Otherwise, it's really bad for her to be my daughter-in-law!"

Judging from pei xiu juan's words, as Susan expected, pei xiu juan gradually stood on the same side with her.

"Enough! How could you say such a ridiculous thing in front of me?"

Susan's disgusting words finally made gu jin yi, who was sitting next to her, stand up emotionlessly and stared at her coldly.

gu jin yi didn't say anything. His gaze had already represented his mood at the moment. The air in the room seemed to fall sharply because of his cold and shivering eyes, which made people shiver.

"I'm not talking nonsense. I'm telling the truth! In fact, I don't want to tell you either. After all, it's about my sister. It's said that family scandal can't be publicized, but I love you. I don't want you to be deceived by my sister all the time."

Susan still kept her obedient appearance, because she thought what she said was true and she didn't lie, so she dared to say it confidently.

"Do you mean chen chen and han han were born with another man five years ago?"

A cold smile flashed across gu jin yi's deep eyes, but it didn't make people feel warm. Instead, it was particularly gloomy.

"Yes, you are right. You are so casual. If I were you, I wouldn't have let this happen."

Susan hadn't seen through gu jin yi's mind yet. She thought she had succeeded in winning sympathy, but she didn't know what would happen next.

"The man you mentioned five years ago... Is me."

There was no change on gu jin yi's handsome face. The silence was frightening.

When he said this, the whole hall became extremely quiet. It was so quiet that even the sound of goldfish swimming in the fish tank could be heard.

But in an instant, Susan was so anxious that she wanted to chop her feet.

"Edmund, don't defend my sister anymore. Do you think we will believe it? Is the president of the Empire group the man five years ago?"

Susan suddenly felt that gu jin yi's words were very funny, but more ridiculed herself and jealous of Ning Xi.

ning xiao xi! How could he risk his reputation for you? Are you so important in his heart?

Susan clenched her fists with her long nails. Her hatred and jealousy almost made her lose her temper.

"Bill, are you bewitched by that woman? How could my son do such a thing? Tell me, tell me what happened."

pei xiu juan didn't believe what he said. She thought he was joking.

Although she said so, her heart was a little nervous.

Because her son had never been so serious to tell a lie. Only when he was sure would he say it. The possibility of the truth far exceeded her hope.

But pei xiu juan didn't want it to be true.

Because she wouldn't accept a woman who had s\*\* with others so casually as her daughter-in-law.

When pei xiu juan and Susan talked to each other, he just smiled coldly.

Then he said in a deep and magnetic voice, "xu chen, take this woman out. I don't want to see her again!"

"Yes, sir!"

Hearing gu jin yi's words, Jacob, who had been guarding at the door, strode in and directly asked Susan out.

“Please!”

With an expressionless face, Darren grabbed Susan’s wrist and was about to take her out.

“I won’t leave! Why did you take me out?”

Susan didn’t understand. She had already told the truth to him. Why did he still protect Nina? Didn’t he believe what she said?

“xu chen!”

gu jin yi’s anger rose sharply, and there seemed to be a murderous look in his deep black eyes. He didn’t want to listen to Susan any more.

Darren also realized that gu jin yi’s anger had reached the top of the mountain. He dragged Susan out of the room without hesitation.

“Let me go, let me go... What did I do wrong? Mom, can you help me talk to him?”

Susan took the last chance. She knew that she couldn’t persuade him anymore, so she could only pray to pei xiu juan.

After Susan was taken out, the whole Gu mansion became much quieter.

chapter 383

“Sheffield, tell me what happened? I’m really confused now. Tell me what happened five years ago.”

pei xiu juan didn’t intercede for Susan, but wanted to know what had happened.

She snuggled up to gu jin yi like a child and said in a spoiled tone, hoping that her son could tell her everything.

“It’s a long story...”

.....

gu jin yi also intended to tell pei xiu juan the truth. After all, he had hidden it from her for a long time. In order to avoid unnecessary misunderstandings, it was time to tell her.

Outside the old house, Susan was taken out by Jacob. She shook him off and shouted, “let go of me!”

Susan glared at Jacob with hatred.

Then Susan wanted to find another chance to go in, but it seemed that there was no chance. She consciously left the old house of the Gu family and prepared to go to the Ning family.

Along the way, she recalled what gu jin yi had just said.

The more she thought about it, the angrier she became. Ning Xi, you b\*\*\*\*! You are dead and can’t stop me. I won’t let go of anything you feel sorry for! Including the two little b\*\*\*\*\*s! Let you have a hard time in another world, hahaha

Then, Susan walked all the way. The more she thought about it, the more strange she felt. She heard the words at the stairs and kept repeating them in her mind.

“chen chen and han han are not adopted by me. They are my own children. chen chen and han han are not adopted by me. They are my own children...”

All of a sudden, Susan stopped. She stared blankly and her legs were trembling. She seemed to feel something.

Susan wanted to deceive herself not to think in that way, but she couldn't help thinking in that way.

If chen chen and han han were the children of gu jin yi, then how could they be the children of Ning Xi?

Five years ago, ming ming had plotted Ning Xi to let her sleep with a strange man for a night

Susan suddenly had an idea that scared her.

#### ADVERTISEMENT

The man five years ago was... gu jin yi!How is that possible?Why did the strange man she found suddenly become the CEO of the Empire group, gu jin yi?

What he had just said kept flashing through her mind. He was the man who had s\*\* with her

It was really him!He was not kidding. What he said was true!

Susan suddenly became soft hearted. She held the road sign beside her and wondered why all this had happened?Ning stream left, and such a thing happened again

No, she couldn't let it become a fact. She would definitely investigate what happened five years ago!

“Ah!ning xiao xi!Even if you die, I won't let you go!! will destroy you!! will destroy you forever! ”

Susan raised her head and shouted at the sky in a rage.

People pa\*\*ing by all the way looked at Susan with strange sunshine and whispered to her.

“What are you looking at!Get out, all of you! ”

Susan cursed the pa\*\*ers-by.

“Is he crazy? What bad luck!”

“Hurry up! Hurry up! Don't get into any trouble!”

.....

The pa\*\*ers-by all kept away from the place where Susan stayed, and they all felt that there was something wrong with her nerves.

The pa\*\*ers-by gradually left. Susan quickly took out her phone and called ruo huan yan. She wanted to tell her what she knew and ask her to help her figure out a solution.

“Sorry, the number you dialed is busy. Please...”

“Damn it! Why can’t I find her at the critical moment?”

ADVERTISEMENT

Susan’s face darkened when she heard that the phone was not connected. She didn’t know how to vent her anger and wanted to find someone to vent it.

Then, Susan walked quickly towards the house of Roger.

Since she couldn’t get through, she decided to go home to have a look.

.....

Soon, Susan arrived at ruo huan yan’s house. She had a spare key, so she opened the door and went in.

“Roger, Roger, Rena...”

Susan called her several times, but no one agreed.

It seemed that she was not at home.

Susan was about to leave in disappointment when she suddenly saw the man’s shoes on the stairs.

‘what?How could there be a man in her family?’

Susan’s curiosity surged up. She slowly walked up the stairs and went to the corridor. She heard the moans of men and women from the room. She probably knew what happened inside.

How dare she bring him home?Susan admired ruo huan yan’s courage.

Besides, wasn’t she pregnant?Was it a lie?

Susan didn’t disturb them. She went downstairs and sat in the hall, waiting for them to finish. She would know it when she came down.

Ten minutes later

The man came out of the room, put on a black peaked cap and mask and went downstairs. Susan heard the footsteps and turned to look at the man. When she wanted to say something, the man had quickly left the hall and walked out of the door.

Why did he look so familiar?She seemed to have seen him somewhere. It was strange

Susan wanted to stop the man and see who he was, but she didn’t expect him to run away.

Susan sat on the sofa and thought about the man’s back, but she couldn’t remember who he was.

Then, ruo huan yan walked downstairs slowly. She looked like a noble lady with long hair loose and s\*\*y Lace Camisole. She was indeed charming.

“Susan, you are here.”

ruo huan yan said indifferently, not surprised at all.

“Why did you bring a man home? You used to play with him, but you said you would never bring him home. And who is that man? I think they look familiar.”

Susan was curious about whether she knew the man who was making out with ruo huan yan.

“It’s different now. I also need men. How could you know him? We are just friends.”

ruo huan yan said bluntly. She didn’t hide anything. Indeed, the two of them were just using each other, and they just needed each other.

Susan stopped asking, but there was one thing she wanted to know.

“Roger, are you pregnant?”

In fact, Susan had already guessed that if Roger was really pregnant, she would not be in such a state.

But she was not sure. After all, if Roger didn’t tell her about it, Susan would confirm her guess.

ruo huan yan was in a trance. Indeed, her pregnancy was fake, but she didn’t want anyone to know about it, including Susan.

Because she wanted everyone to believe that she was really pregnant with the baby of Richie.

“Susan, I’m not pregnant. But I can’t let Ling City know that I’m not pregnant with his child, so I have to be really pregnant to stay with him.”

chapter 384

ruo huan yan knew that she couldn’t hide it anymore, so she told the truth to Susan.

ruo huan yan’s words made Susan understand.

Sure enough, she didn’t get pregnant. She wanted to catch him in the name of pregnancy.

But she didn’t get pregnant that night, so she found another man to achieve her goal.

Yes, she could pay any price for what she wanted.

“Roger, are you still worried about me? You should have told me earlier.”

Susan began to be on guard against ruo huan yan, because many things made her feel that ruo huan yan was selfish.

And so did ruo huan yan.

“Susan, don’t get me wrong. I just saw that you were worried about gu jin yi, so I didn’t explain to you. I didn’t want you to be too irritable. If I want to hide the fact that you are pregnant from you, I won’t tell you, right?”

In order to let Susan hide the secret, ruo huan yan whispered to her.

“All right, all right. I’m here to tell you something very important. I didn’t know it until today. I must investigate it.”

Susan's words confused Roger. What made her come here at this time.

"What's the matter?"

"Do you know whose children the two little b\*\*\*\*\*s of Ning stream are?"

Susan's tone was very curious.

"Isn't it gu jin yi who gave birth to another woman outside? I also heard that gu jin yi has a woman outside. The two of them are illegitimate children. They didn't come back to the Gu family until they are five or six years old."

ruo huan yan's tone was still natural. She didn't think there was anything wrong with it. She told the truth.

ADVERTISEMENT

"What? Do you know the two children are gu jin yi's? Why haven't you mentioned it to me? And how do you know the two children are gu jin yi's?"

Susan was very excited. How could Roger know that chen chen han han was the child of gu jin yi, but he never told her. Otherwise, she would have investigated whether chen chen han han was the child of Ning stream and Jean five years ago.

"It's not a big deal. As the president of the Empire group, isn't it normal for him to have a woman outside? It was normal for her to have an illegitimate child. Everyone can see that. Who else can tell? The little boy looks exactly like him. If he is not a father, is he a twin?"

ruo huan yan thought Susan was so stupid that she didn't realize it and was speechless with her.

ruo huan yan's words reminded Susan, "they two look exactly the same. Indeed, they have the same face... Why didn't I think of this..."

If it weren't for Roger, Susan would never have noticed the two of them.

"Ah! Damn it!"

Susan clenched her fist and threw it at the pillow on the sofa.

"So what?"

ruo huan yan was getting more and more confused about what Susan was trying to say.

"Roger, you know what? The two b\*\*\*\*\*s are the children of gu jin yi and Ning Xi, that b\*\*\*\*\*!"

Susan finally said it. The moment she said it, the blue veins in her brain were boiling.

If she was stunned, she had never thought that the two children would be gu jin yi and Ning Xi.

But she always knew that the child was brought back by gu jin yi.

"How is that possible? The two kids are five or six years old, and gu jin yi and Ning Xi have just known each other for a long time."

By the way, five or six years old

ADVERTISEMENT

Five years ago

ruo huan yan seemed to remember something.

“Roger, do you remember the day when I was eighteen years old five years ago?”

Susan reminded.

In fact, if she had already thought of it, according to the age of the two babies, it would be them who were pregnant five years ago.

But she remembered clearly that she and Susan had arranged a man to go into a hotel room and have s\*\* with Nina for a night. How could it be Bill? Why is Ning Xi pregnant with gu jin yi’s child again?

“Five years ago, we had a good arrangement. Didn’t we know there was something wrong?”

Hearing her answer, Susan knew that she still remembered what happened five years ago.

“I’m going crazy! How could this happen?”

Susan was so anxious that she went crazy.

ruo huan yan was also jealous of Ning Xi and wanted to go crazy. Why was she so lucky? The child was gu jin yi’s, and even the Ye Ling City liked her!

“Susan, don’t worry. It doesn’t matter whether the two children are gu jin yi’s or not, because Ning stream is gone, isn’t it? Now it’s time for you to fight. As long as the two children disappear, there will be no connection between them.”

ruo huan yan’s insidious and cunning eyes were full of all kinds of schemes.

Her words lit up Susan’s hope and gave her an idea.

“Roger, you are right! The b\*\*\*\* Ning Xi is gone. As long as we kill the b\*\*\*\*\* that connected the two of them, everything will be restored.”

Susan understood everything. She got rid of Ning stream and two little b\*\*\*\*\*s. It seemed that this road was destined to go on.

ADVERTISEMENT

“Roger, I’ll go home first. I’ll talk to you later.”

Susan thought that she should let her parents know something and let them have a worse impression of Nina.

After Susan left, she lazily leaned against the sofa, with her eyes unfocused.

Things were getting more and more complicated. Even things that she had never thought of would happen inexplicably.

She didn't expect that Ning Xi and Gu Jin Yi had known each other five years ago. That night, it was she who put Ning Xi on Gu Jin Yi's bed, which caused everything to happen now.

Ruo Huan Yan regretted. She hated those who she despised most.

In the Gu family's old house.

Gu Jin Yi told everything to Pei Xiu Juan, and she suddenly remembered a lot.

"I see! They are really my grandsons! Why didn't you tell me earlier that you pitied my grandson..."

After knowing everything, Pei Xiu Juan was so excited that she regretted not spoiling them well.

"No wonder I saw the two kids so familiar at the airport when I first came back, especially Chen Chen, who looked exactly like you when you were a child. How could I not find them at that time?"

Pei Xiu Juan recalled the first time she met Chen Chen and Han Han, the two little babies. Now she felt that it was fate.

"Mom, did you see Chen Chen and Han Han when you came back?"

Hearing this, Gu Jin Yi was stunned. It turned out that they had met each other for a long time. Fate had been destined.

## Chapter 385

"Yes, we have met and talked. At that time, they called me grandma very politely. I was so happy! At that time, I was thinking that if you got married earlier, my grandson might be as old as them. I didn't expect that they were my grandsons. God made people suffer..."

Gu Jin Yi listened carefully to his mother Pei Xiu Juan's words, indicating that God hoped their family could reunite as soon as possible.

"It's all my fault that I didn't know their existence earlier. If time could come back, I would definitely not let the three of them live alone..."

Gu Jin Yi sighed, because he felt too guilty to the three of them.

Especially Ning Xi. How did she survive abroad with her two children in the past five or six years? She knew that life must be very hard and tired.

"Yes, that's why we have to find a small stream. She gave birth to two children for you and raised them so well. She must have been very tired in the past few years. I know how tired it is to take care of the children. She has made a great contribution to our family. You must treat her well in the future."

Pei Xiu Juan had changed her view of Ning Xi and realized that Ning Xi was a good daughter-in-law.

Gu Jin Yi showed 21 profound smiles. He was surprised that Pei Xiu Juan would accept Ning Xi. After all, he was worried that Pei Xiu Juan would not accept what happened five years ago. He did not expect that the result was beyond his expectation.

“Thank you, mom.”

gu jin yi’s grateful tone made pei xiu juan feel that her son was more excellent and more human. In the past, he had always been indifferent to anyone. Perhaps Ning Xi’s good daughter-in-law had changed him.

pei xiu juan gave gu jin yi a meaningful look, and then she thought of her dear grandson.

“You just said that chen chen and han han have come back. Hurry up. Take me to see them. I really want to see them!”

pei xiu juan couldn’t wait to see the two babies. She stood up in a hurry, grabbed gu jin yi’s hand and walked out.

“Mom, don’t worry...”

ADVERTISEMENT

gu jin yi couldn’t control pei xiu juan’s emotion. She was so excited that he couldn’t hold her back.

After getting in the car, pei xiu juan thought about how to talk to the two babies happily.

“It’s my first time to meet my two grandsons. Should I buy them some gifts? What are you going to buy? Interesting toys? Or something delicious?”

gu jin yi looked at his mother. It was the first time that he had seen her so excited, and he gradually showed a relieved smile.

If Ning Xi was with her at this time, everything would be perfect.

“Mom, you don’t need to buy anything. You will spend more time with them in the future. If you want to buy anything for them, you can take them to buy at any time. Isn’t it better?”

gu jin yi explained. The mother and son talked the most at this time.

In the past, pei xiu juan was the only one who kept nagging about it, but now it seemed that she had changed.

pei xiu juan seemed to be suddenly enlightened, “you are right. I will take them to choose and buy what they like for my grandsons.”

pei xiu juan smiled happily.

“So, just sit here and wait for us at home.”

gu jin yi held the hand of his mother pei xiu juan, telling her not to think too much.

Suddenly, pei xiu juan’s cheerful face became expressionless.

ADVERTISEMENT

gu jin yi noticed that something was wrong. He stared at his mother with his deep eyes and asked worriedly and helplessly, “Mom, what’s wrong with you again?”

“Son, I did something wrong!What should I do?”

pei xiu juan’s surprised expression made gu jin yi really think that she had done something wrong. He asked worriedly, “tell me, it’s okay.I’m here with you. ”

“A few days ago, I drove chen chen and han han away. Do you think they will be unhappy or hate me when they see me?What should I do?What should I do with my son?”

It turned out that it was because of this matter that pei xiu juan’s face changed. He wiped the sweat on his forehead and then comforted his old mother, “Mom, don’t worry. chen chen and han han like you very much. They won’t dislike you for such a trifle. Don’t worry.”

“Really?Does chen chen and han han really not hate me?”

pei xiu juan gradually relaxed, but she was still a little worried and regretful. At that time, she had a bad attitude towards chen chen and han han, which could not be changed.

gu jin yi held his mother’s hands tightly again and stared at her firmly. “Mother, don’t worry. Your grandson is very sensible.”

Hearing gu jin yi’s words, pei xiu juan nodded nervously, “yes, my grandson likes me.”

Along the way, pei xiu juan eased her nervousness.

Soon, the car arrived at the yard of the Gu family’s villa. After getting off the car, he saw pei xiu juan sitting in the car for a long time. He guessed that she was still worried that chen chen and han han would misunderstand her.

When he was about to open the door for pei xiu juan to pick her up, two babies were thrown out of the house. “Daddy!You are back!”

The two babies had been paying close attention to their daddy, when he would come back, so that they could be the first to greet him.

ADVERTISEMENT

The two babies ran quickly to gu jin yi’s side and kept rubbing against him.

It happened that he could also take advantage of this opportunity to ask the two babies to open the door and give their grandmother pei xiu juan a surprise. She would be happier when she saw chen chen and han han.

“chen chen, han han, can you do me a favor?”

gu jin yi gazed at the two babies tenderly and dotingly.

With a big smile on her face, chen chen and han han nodded and grinned, waiting for the “task” assigned by Jean.

She was very happy to help their father.

Like a child, gu jin yi whispered in the ears of the two babies about the task.

As soon as he heard gu jin yi say that their grandmother was in the car, he looked a little surprised, but he still suppressed the excitement in his heart and listened carefully to gu jin yi's words.

A few minutes later, the two babies understood what their father meant and they knew what to do next.

Then, he opened the door and said, "Mom, get off the car."

"I won't get off the car. I don't have the face to see chen chen and han han. I don't have the face to see my two grandsons..."

With the back of her head facing gu jin yi, pei xiu juan didn't notice that her two grandsons were waiting for her.

chapter 387

"Why are you so useless!The company was gone, and she couldn't get any money from him!How can I live my life in the future?How can I live... It's all because of that b\*\*\*\*\*. It's not good for me to lose him. You'd better get out of here and never let me see her for the rest of my life! "

yan pei fen cried and shouted, and she kept shaking Ning Hui's arm. He was to blame for what had happened.

"Enough!Don't you think your family is not messy enough?If you hadn't asked Naomi to marry Susan to the Gu family, would things have come to this point?It's all our fault. No one else should be to blame! "

Ning Hui was already in a mess. yan pei fen kept complaining in his ear, which made him even more irritable.

"You are blaming me now, aren't you? You don't even have the responsibility!Who said that he wanted to get my mother's property ownership certificate?If it weren't for your greed, would I want her to come back?It's all your fault. You are still defending that b\*\*\*\*\*! "

yan pei fen was making trouble out of nothing. Ning Xi was the one she hated most in this situation.

"You are making trouble out of nothing. I don't want to talk to you anymore!"

Ning Hui couldn't stand it anymore. When he was about to leave, his wrist was grabbed by yan pei fen.

"Where are you going?You are not allowed to leave!You can't go anywhere!Where do you want to go now?Do you want to find another coquettish woman? "

yan pei fen had lost her mind and could not control her emotion at all.

"Let me go!"

The anger in his heart was also buried deep. If he ignited it, it would be triggered.

"No, I won't let you go unless you tell me!"

yan pei fen tightened her grip, not giving the other party a chance to relax.

Ning Hui looked at yan pei fen in silence, with a flash of disdain in his eyes. Then he threw yan pei fen hard, making her fall to the ground defenselessly.

“Ah!”

Subconsciously, yan pei fen lay on the sofa and didn't get hurt.

But this push made yan pei fen's anger rise sharply.

How dare he push her! This was the first time, for that b\*\*\*\*\*!

“Ning Hui, if you dare to do this to me, I, I'll fight you to the death! Anyway, I don't want to live such a life anymore!”

Regardless of No. 37 or no. twenty-one, yan pei fen directly picked up the pillow on the sofa and smashed it at Ning Hui. Although the pillow was soft, she still felt a certain pain with her strength.

“You are a lunatic!”

Ning Hui pushed the pillow away and stared at yan pei fen disdainfully.

“What are you doing?”

Suddenly, a sharp female voice came from the door, making the ning guang hui couple instantly quiet. They all looked at the door.

“Susan, you're back!”

When yan pei fen saw her daughter coming back, the two of them immediately stopped. She didn't want her daughter to see the two quarreling, so she happily walked towards the door.

Susan didn't seem to be happy at all. She frowned and walked in.

“Dad, mom, what's wrong with you? Why did our family become like this?”

Susan looked at the mess in the hall and felt very uncomfortable and irritable.

She had already been upset because of gu jin yi and Ning Xi. Now seeing this scene, she was even more depressed.

She could probably guess that her parents had quarreled with each other, and this time they had a big quarrel.

“Nothing. Susan, don't think too much. Your father and I just had a little conflict. Don't take it to heart. It will affect your mood.”

yan pei fen was afraid that these things would affect Susan's mood, so she explained hurriedly.

Since Susan was a child, yan pei fen and Ning radiance had taken special care of her. Even if they had a little quarrel, they never quarreled in front of her. Therefore, Susan had been growing up in the

greenhouse. In her mind, her family was very happy. Her parents were very affectionate, and they were happier than others.

On the other side, he was silent and expressionless, because he was also very disappointed in this family.

“Dad, where are you going?”

Susan walked up to him and held his arm, trying to lead him to the sofa in the hall and have a good talk with him.

But he refused. He broke away from Susan, took her arm and said in a serious tone, “Susan, you’ve grown up. You should be sensible. You should understand many things yourself.”

“Brilliant Ning! Don’t be so ungrateful. If it weren’t for the fact that you are the father of my precious daughter, I wouldn’t have treated you like this. I have tried my best to treat you and our family all these years, but you have ended up like this, right?”

yan pei fen couldn’t control her anger when she saw Ning Hui. She didn’t think about her dear daughter, Susan, who was here, and cursed at him.

“I know what kind of person you are. If you don’t want to be with me, you can tell me earlier. Now the group and money are gone. Let’s split up into two groups and take our own paths!”

At this moment, Ning radiance wouldn’t give in like before. He also refuted what yilia said.

Ning brilliance now made yan pei fen feel a little dangerous. She was afraid that he would say that he wanted to leave her family, and she didn’t want him to leave. It took her a lot of effort to get him back to her. Of course she wouldn’t let him leave like this.

“Dad, mom, I’m very annoyed now. Can you stop? I saw you quarreling as soon as I came back. Can you think about my mood? Otherwise, I don’t want to come back to this house!”

Susan finally couldn’t stand it anymore. She saw with her own eyes that her closest parents had reached such an uncontrollable situation. What should she do?

Her family was now full of disgust and impatience, and she had completely lost her previous happiness.

She had never thought that her former home would become like this, without any emotion or warmth.

She blamed all this on Ning Xi. It was all because of her, her father, and her happy family that had become like this.

ning xiao xi, I will never let you go in this life and next life!

Susan’s words made everyone quiet, and the whole hall became particularly quiet.

The two of them looked at each other sullenly.

“Father, mother, I come back to tell you something important. Can you sit down and listen to me carefully?”

Susan thought that she came back to tell something to ning guang hui and his wife, not to see them quarrel.

chapter 386

“Mom, are you sure you won’t get out of the car?”

gu jin yi asked again in a teasing tone.

“I...”

pei xiu juan curled her lips. She thought that she had to get off the car in order to see her dear grandchildren, so she turned around.

“I got off the car. I want to see... Ah!chen chen, han han, my dear grandson!Why... Why are you here? ”

When pei xiu juan was about to get off the car, she turned around and saw the person she wanted to see most.

The two babies opened their arms and welcomed their grandma. They were very happy.

Seeing this, pei xiu juan got out of the car immediately and hugged the two babies excitedly.

“Grandma!We miss you so much. ”

“Grandma!We miss you so much. ”

The two babies said to pei xiu juan at the same time.

“I miss you too, but I’m afraid that you don’t like me anymore...”

pei xiu juan thought that the two babies wouldn’t be so enthusiastic when they saw her, let alone miss her. She didn’t expect that what chen chen and han han did made her happy and moved.

“How could we not like grandma?Grandma is nice and beautiful. ”

“Yes, we all want to play with grandma, but we are afraid of disturbing her.”

The two babies comforted pei xiu juan.

What chen chen and han han said really made pei xiu juan feel relieved. She was so moved that she almost couldn’t control her emotions and was about to touch the scene and sadness.

“Mom, don’t worry.”

Seeing the scene in front of him, gu jin yi smiled unconsciously.

When the family returned to the living room, pei xiu juan didn’t go anywhere but stayed with them.

“chen chen, han han, you are my grandchildren. Why don’t you tell me?I feel so sorry for you. ”

pei xiu juan held the two babies' heads tightly again, unable to calm down in a short time.

"If anyone dares to bully my two grandsons in the future, remember to tell me. I will help you."

"You've suffered a lot these years. You can tell me what you want to eat and what you want to play. I'll ask someone to buy you, and..."

"Mom, don't be too excited. Let go of chen chen and han han first. They are a little..."

pei xiu juan only wanted to give the best to the two babies, but ignored that chen chen and han han were still tightly held in her arms.

As soon as he spoke, pei xiu juan realized what had happened. She quickly let go of the two babies. Seeing that chen chen and han han's face turned red because of the suffocation, she felt sorry for them again.

"Oh, I'm sorry, my dear grandson. I'm so happy to see you. I'm so excited."

pei xiu juan explained hurriedly, stroking the faces of the two babies.

gu jin yi smiled at his mother and said nothing.

The pills were cut into pieces and brought out from the kitchen for everyone to eat.

"Thank you, sister pill."

Both of them were very polite.

"Who is this?"

pei xiu juan had never seen such a girl before.

"Hello, auntie. I'm a friend of ximena. I'm here to take care of chen chen and han han."

The pill's words were euphemistic and gentle, making people feel comfortable at a glance.

pei xiu juan smiled kindly and nodded.

"Thank you for taking care of my two grandsons."

"No, no, No. chen chen and han han are very obedient and lovely. They are all very independent."

The pill said modestly.

"Your name is... Pill. Yes, pill. Thank you."

gu jin yi smiled at her and said nothing more.

In fact, gu jin yi also forgot her name, and he would not deliberately remember the person who was not important to him. But chen chen and han han need her help in the future, so she thanked him first.

"Mr. Gu, in fact, you don't have to be so polite to me. It's my business to deal with the matter of ximena. I will help her take good care of chen chen and han han."

It was the first time Gu Jin Yi smiled at him and thanked him. He was so excited that he almost couldn't control his mood.

Being looked at by Mr. Gu, all the pills were worth it. How many girls dreamed of it~

"Take your time. I'll go back to the kitchen and clean up."

Before he could say anything, the pill had already run to the kitchen.

In the kitchen.

Mr. Gu smiled at me just now. He really smiled at me. Ah ah! It means that he has paid attention to me. He is so happy!

Holding her chin tightly with her hands, she stamped her feet with excitement.

She should do more things to make Mr. Gu happy in the future, so that he would pay more attention to her.

The pill muttered to herself. It felt good to be noticed by others. In particular, it felt better to be paid attention to by the CEO of the Empire group, the national husband that every woman dreamed of.

In the Ning mansion.

Because the company had been acquired by the Empire group, the Ning family's economic source was cut off.

Yan Pei Fen kept complaining every day. She always thought that Ning Xi destroyed the family. She took pleasure in Ning Xi's misfortune and congratulated him on his disappearance. It would be better if he died and would never come back for the rest of his life.

At the same time, Ning Radiance also ran into trouble everywhere. He wanted to borrow money and loan money and make a comeback.

"Hello, Lao Liu. How's your business going recently?"

At first, he wanted to coax her not to borrow money from her so early, but he didn't expect that the result was still so disappointing.

"Nelson, my business is not good recently. Don't ask me for money. I have something else to do, so I'll go back to work."

"Wait, wait..."

"Beep... Beep..."

Before Ning Radiance could say anything, the other party had already hung up the phone.

Then he made a second call.

"Hello, Mr. Guo. I..."

“Don’t call me again. I don’t dare to contact anyone who has offended gu jin yi. I will be the one to suffer. Don’t call me again!”

This phone call made him even more disappointed.

It seemed that he was really going to fall into the abyss this time. It was impossible for him to make a comeback.

His business friends had called him, but no one was willing to lend him money. Now he finally knew that it was hard to predict.

However, the Ning family had offended the Empire group, and no one dared to lend them money.

“What do you think?What should I say?Is there anyone willing to lend us money? ”

yan pei fen ran to Ning Hui excitedly. She knew how serious the matter was now, so whether she could borrow money or not depended on them.

Ning Hui shook his head as if he had lost his soul. yan pei fen knew from his expression that he didn’t borrow any money.

chapter 388

For the sake of their daughter, Ning Hui and yan pei fen returned to the sofa and sat down, even though they were a little angry with each other.

“Susan, what’s the matter?Tell mom! ”

yan pei fen would adjust her mood in front of her daughter, as if nothing had happened.

“Dad, mom, do you know who is the father of the two children my sister gave birth to five years ago?”

Susan pretended to be confused.

“Who else could it be? It was just five years ago when she was living with a man. She was so dissolute!Five years ago, she slept with others for one night and gave birth to two little b\*\*\*\*\*s of unknown origin. She even didn’t know who the father of the child was. How shameful!Fortunately, she is not my daughter. I can’t lose my face! ”

Speaking of this, yan pei fen had a lot to say when she mentioned this.

“What’s done is done. What’s the point of saying that now?”

The most hateful thing for him now was to hear these rumors, and his tone was very serious.

In fact, he didn’t know the truth five years ago. If he found it out, he wouldn’t have treated her like this, or even worse.

“I know who that man is.”

Susan said in a calm tone, as if nothing had happened.

Her words aroused the interest of the ning guang hui couple. The two of them asked Susan.

“Who is that beast?And Susan, how did you know that? ”

“Who is that man?But I don’t care who he is. Anyway, they are a shameless couple. ”

Ning Hui and yan pei fen asked at the same time.

Even their concerns were the same, but the two of them were in completely different states.

Ning Hui hated that man so much, while yan pei fen took pleasure in his misfortune and kept mocking him.

ADVERTISEMENT

“Dad, what do you mean by that?Of course he admitted it, so I knew it. ”

Susan knew what he was suspecting from his attitude, so she pretended to be angry and explained.

“Who the hell is that person?”

He was eager to know who the man was.

Just as Ning Hui and yan pei fen were guessing at each other, the atmosphere in the room seemed to become a little quiet and serious.

At last, Susan said cautiously.

“That man is... gu jin, the CEO of the Empire group.”

Susan said with a depressed expression.

Of course, both Ning Hui and yan pei fen were stunned by her words.

Then, yan pei fen smiled awkwardly, “Susan, silly girl, what are you talking about?Don’t say that. He is your husband. ”

“Susan, are you serious?”

He still believed in Ning Hui, but he couldn’t figure out why it was gu jin yi, nor did he think it would be him.

The atmosphere in the room was getting more and more intense. yan pei fen, who didn’t believe Susan’s words, gradually became a little heavy.

“I can’t believe it either, but the truth is clear.”

Then, Susan took out her phone and showed the photos of chen chen, han han and gu jin yi to ning guang hui and his wife.

“Dad, mom, look!”

As soon as they saw it, they stared blankly with all kinds of surprise in their eyes.

ADVERTISEMENT

chen chen and gu jin yi looked exactly the same. One was a big version of gu jin yi, while the other was a small version of him.

At this moment, even Susan, who was not sure that gu jin yi was the biological father of the two babies, completely believed it.

Let alone the Ning couple. In the world, such a similar person was father and Son except for the twins.

It reminded him of the first time that he came to the Ning family five years ago.

At that time, he seemed to be looking for Ning Xi, but he had never admitted that there was a person named Ning Xi, so he left the Ning family at that time. It had been five years since this matter happened.

No wonder gu jin yi came to the Ning family to find Ning Xi.

Now, Ning Hui finally understood. He didn't know how he was feeling at the moment. Should he feel gratified for Ning stream or worried?

While yan pei fen was worried about her dear daughter, Susan.

chen chen han han is the child of gu jin yi and Ning Xi. Where is her daughter Susan?

This was a bad thing for yan pei fen. She was the one who ruined her daughter's happy family. yan pei fen hated Ning Xi even more.

"Dad, mom, what should I do? My husband slept with my sister and gave birth to two children..."

Susan complained in front of her parents with tears and snot.

It really made her parents feel sorry for her.

"That b\*\*\*\* is a b\*\*\*\*. She climbed into Mr. Gu's bed five years ago. She is as cunning as her mother! Susan, don't be sad. I'll help you."

Seeing her daughter so sad, yan pei fen decided to help her.

"Susan, let me arrange another marriage for you. It won't be bad, so that you can live a guaranteed life for the rest of your life."

Ning Hui treated Ning Xi and Ning Susan equally. Ning Xi and Ning Susan were both his daughters. Now that gu jin yi and Ning Xi had been together

ADVERTISEMENT

He would also arrange for the other daughter.

"No! Dad, it's unfair! ming ming Gu family wanted me to be their daughter-in-law, not sister!"

Susan was a little excited to hear that. She thought her father would be on her side like her mother, but she didn't expect him to not help her.

"Susan, it was you who didn't want to marry into the Gu family that asked your sister to come back and marry for you. Now it's all your fault."

Radiance said to Susan seriously and logically.

Susan was furious, but she didn't show it. Instead, she pretended to be more sad.

"Waah... I didn't expect such a thing to happen at that time..."

He was thinking that he would never let Ning Xi come back to gu jin yi again!

yan pei fen was going to defend her daughter, "Ning Hui! Susan is also your daughter. Why don't you think about her? You always think about the girl who doesn't know whether she is alive or not!"

yan pei fen never spoke in a polite way, and Ning Hui had already been used to it.

But when he heard her say Ning Xi's daughter, he couldn't help but get angry.

"What nonsense are you talking about! The stream just disappeared. We will find her soon."

"You..."

"Father, but I just want to stay with gu jin yi. If I can't stay with him, I won't live anymore!"

With that, Susan stood up and was about to run out.

chapter 389

Seeing this, yan pei fen immediately hugged her and said, "my dear daughter, don't do anything stupid. If anything happens to you, how can I live? Then I won't live anymore!"

As she spoke, the two of them hugged each other, crying.

He had no choice. He knew that only if he promised to help his daughter, they wouldn't go on like this, so he had no choice but to agree.

Susan was overjoyed. She quickly sat beside her father and hugged him. "Thank you, father. I know you are the best to me!"

Suddenly, some noises came from outside.

"Clap! Creak! Bang

It attracted the attention of Susan's family.

"What's the sound outside?"

"What are you doing outside?"

yan pei fen and Susan said in unison, and ning guang hui also looked at the door.

yan pei fen was the first to walk out, followed by Susan and Ning Hui.

They had never seen a group of strangers before, and now they were destroying the Ning family's mansion.

“What... What are you doing?”

Seeing that they moved all the things in the yard, some of them were directly damaged by him, Finn anxiously stepped forward to stop them.

“Dad, mom, what are they doing?”

Susan looked at the mess and wondered what was wrong with her family? How could it be like this?

He looked calm and collected, but he didn't say a word. He should have guessed it.

It was gu jin yi. He had said last time that he would show no mercy to the Ning family, including the Ning mansion.

#### ADVERTISEMENT

It was meaningless for yan pei fen to stop them. They directly entered the hall and moved all the things in it.

“You can't go in! Stop! ”

yan pei fen chased after them. Seeing that she couldn't stop them, she became more anxious.

“Harrison, why are you still standing here? They have moved things away! ”

Looking at the silent Ning Hui, yan pei fen was even more annoyed. How could he be indifferent when others were moving their house.

Then, a man in a suit and leather shoes came in politely, and this man was gu jin yi's assistant, Darren.

He said to Ning Hui expressionlessly, “from now on, this house belongs to the property under the Empire group. Please leave here right now.”

Having already guessed the result, he didn't feel surprised at all. He could only nod helplessly.

Hearing what the man said, yan pei fen widened her eyes, which was a big blow to her.

Susan was also confused. She looked at everything in front of her and didn't know what had happened?

But she knew this man. Wasn't he gu jin yi's assistant? Was it all gu jin yi's idea?

After saying that, the man walked away directly. yan pei fen wanted to ask him clearly, but it was too late.

Then she turned around and shook him, “what the hell are you doing? Why didn't he stop them? Without this family, how can we live in the future? ”

yan pei fen cried with excitement, and Ning Hui could do nothing about it.

Seeing a group of people in the hall carrying their things upstairs, yan pei fen rushed over and stopped them.

“You can't move my things. They are ours! She couldn't move! She couldn't move! Let go of me! ”

“We're on a mission. Please don't stop us, or I'll teach you a lesson!”

yan pei fen stopped him. Suddenly, a man pushed her away, and she lost her balance and fell to the ground. The man warned her seriously.

ADVERTISEMENT

Seeing this, Susan ran to yan pei fen and helped her up. "Mom, what should we do now?"

"This is no longer the Ning family's mansion. Leave now. Don't let me repeat it!"

Jacob came in again and said to them seriously.

"I won't leave! Why do you want me to leave! This is my home, and it's up to you to leave! Get out! Get out! Get out!"

yan pei fen shouted excitedly. She couldn't control her emotion at the moment.

"Get this crazy woman out of here! Don't pollute the CEO's new house. "

With the order of Jacob, the two bodyguards beside him strode directly to the side of yan pei fen and pulled yan pei fen and Susan out of the door.

"Let go of me!"

"What are you doing! Let go of me! Let go of my daughter! "

The two of them were unwilling to leave.

But their ability was limited, how could they resist these two bodyguards? You're overestimating yourself.

Seeing this, Ning Hui walked quietly to Darren and said, "give me a few minutes. I'll take them away."

"Three minutes."

Jacob said three words coldly without saying anything more.

"Thank you."

As if he had lost his soul, he walked up to Susan and her daughter and faced them two expressionlessly.

"Let's go first. I'll arrange the following things."

At this time, he didn't have much energy to say anything. He just hoped that everything would be fine without any accident.

ADVERTISEMENT

"What else can you do? Now that our family has become like this, what else can you do for us? "

yan pei fen angrily blamed Ning Hui. yan pei fen didn't listen to him at all.

"Susan, let's take your mother out."

Ning radiance was still quiet, expressionless.

It was the first time that Susan had seen her father so quiet that she couldn't speak.

"I won't leave!! I'll stay here and won't go anywhere!"

yan pei fen crossed her arms over her chest in an aggressive manner. No one could do anything to her.

"yan pei fen!! I'll give you one minute. Get out of here right now!"

Ning Hun couldn't stand it anymore. What he said in his heart made yan pei fen a little timid. She began to waver, feeling that Ning Hun was really angry.

Finn was too angry to say anything more. She ran out of the hall with grievance.

"Mommy!"

Seeing that yan pei fen ran out, Susan also ran out.

After they ran out, Ning radiance still came to Darren. "I have something to tell Mr. Jacob. It's very important. Please tell him for me."

He seemed to have something important to tell gu jin yi.

Jacob didn't say anything. He nodded with a serious expression, but he didn't care about what Ning Hui said.

Then, he left the Ning clan's mansion helplessly.

## chapter 390

Since the moment yan pei fen left the Ning mansion, she had never stopped complaining and cursing.

Seeing Ning Hui coming out of the Ning family's mansion, yan pei fen rolled her eyes at him and said sadly, "it's all your fault! The company was gone! The house was gone! What should we do in the future? What should I do? Now you can go to find those mistresses openly. Get out of here as far as possible. Never let me see you again. From now on, we will live together and won't go to see you again!"

However, Ning Hui remained silent, indicating that he had tried his best.

No matter how disappointed and helpless he was, he had already erased it. It was said that silence was the top disappointment.

Fortunately, Ning Hui had bought a small house for Ning Xi before. He wanted to give it to her, but he didn't have a chance.

When they bought the house, it was written directly under the name of Ning stream, so the Empire group couldn't find out and take it back. Now it was their home.

"Let's go. I won't leave you and your daughter alone."

There was no emotion in his tone.

## ADVERTISEMENT

Hearing what Ning Hui said, yan pei fen stopped quarreling. She looked at Ning Hui and felt entangled in her heart.

He said he wouldn't leave us two alone. I don't know if he should be happy or sad.

The three members of the Ning clan looked at the words "Ning's Mansion", reluctant to leave for a long time.

This house recorded too many memories and stories. Leaving it was like leaving one's parents.

She had no choice but to leave it in the end

The three of them arrived at the so-called new home. Everything in front of them was strange.

Although it was not as good as the Ning family's mansion, it was already a very good house for them in their current situation.

## ADVERTISEMENT

"Dad, when did you have such a house? I've never heard of it from you before."

Susan found something wrong as soon as she came to the house, because the design style of this house was the favorite of the b\*\*\*\*\*, Nina.

In the past, when she invited a designer to design a room in the Ning mansion, Susan and Nina had completely different opinions. The two people's favorite style was completely incompatible with each other.

Of course, in the end, she chose the style Susan liked. After all, she was the daughter of the Ning family, da xiao jie.

"I bought this house because the air here is good. I didn't expect it to be our home now. We will live well here in the future. Don't worry about the following things. I will find a way."

Ning Hui didn't tell her that the house was actually bought for another daughter, Ning Xi. He didn't want to cause an unnecessary dispute at this moment.

Instead, he gave everyone a satisfactory reply.

Although yan pei fen had a lot of unhappiness and anger in her heart, she suppressed it because of the attitude of Ning Hui.

She reflected on how to go back to the Ning mansion with him in this case and how to make the company have a comeback?

But this idea disappeared in an instant, and the idea of negative energy came up.

She was persuading herself to be nicer to him, but she couldn't help it when she saw such a house.

"I used to be a lady from a rich family, and I had the best food. Now I'm reduced to such a situation. What's the difference between me and a qi gai? My God, why is my life so bitter? What did I do wrong? Why did you torture me like this?"

yan pei fen was still dissatisfied with the current situation, even though Ning Hui had done what he should do.

chapter 391

"Susan, help your mother go back to her room and have a rest. I'll go out to see what I can do."

Ning Hui couldn't change yan pei fen's mind, so he had to try his best to change himself.

Susan helped yan pei fen to her room and comforted her, "Mom, don't be too sad. This kind of life will come to an end soon."

In fact, she was also angry and unhappy.

"My dear daughter, it's me who made you suffer. It's all your useless father's fault. I will try my best to let you live a good life in the future."

yan pei fen touched the hair on Susan's forehead and said to her with concern.

"It doesn't matter. I've grown up and can take care of you now."

Susan kept her good image in front of yan pei fen, because she knew that her mother was still useful.

Otherwise, she would never be so patient.

ADVERTISEMENT

"Well, mom, you must be tired after such a long time. Have a rest. I'll stay here with you."

Susan helped yan pei fen lie down and left the room after she gradually fell asleep.

Susan watched what happened in the Ning mansion today. She knew that it was gu jin yi who did it. It was gu jin yi who did it for Ning Xi.

This made Susan hate Ning Xi even more. Now she felt lucky that she was dead. Even if she was dead, her hatred for her heart could not be relieved. If she was dead, her family would become what it was now, and if she was dead, gu jin yi would still remember her.

Next, she should think about how to get back to gu jin yi and how to let her two little b\*\*\*\*\*s accompany her

A week pa\*\*ed quickly.

Ning stream was getting used to living in the house of the royal family.

gong hao yu was afraid that there would be something wrong with Ning Xi, so he didn't need her to do anything at home. He just needed to lie down to sleep or sit to read books and TV every day.

However, Nina gradually found that Jonny didn't seem to have much time at home. He seemed to have a lot of things to do. He had just graduated! Did she look for a job outside every day?

Therefore, in this week, except the servants at home, Nina stayed at home most of the time.

But she didn't think too much. It was normal for her to find a job after graduation.

When Ning Xi was about to get up and take a walk in the yard, gong hao yu came back.

"Tianxin, I'm back."

"hao yu."

Just now, she was thinking about Jonny. He was busy outside and seldom went home. Now he suddenly appeared.

"You must be bored at home alone. I brought someone to accompany you."

At this time, a beautiful girl with delicate features walked out from behind. Beside her, there was a boy who looked only three or four years old.

"Tianxin, let me introduce you to each other. This is my nominal sister, Maranda Gu."

gong hao yu reluctantly admitted that gu yi ran was his sister.

"Amanda, this is what I just told you. You can live here with ray from now on."

gong hao yu introduced the two to each other.

"Well, you can know each other now. We will meet each other every day in the future."

Ning Xi smiled at the girl in front of him and the little boy beside her, full of love.

## chapter 392

"Hello, I'm a friend of Daniel."

Ning Xi believed that she would get along well with the two of them.

At the first sight of gu yi ran, Ning Xi felt that this girl was congenial to her. There must be many stories behind her.

Indeed, it was more lively for her to come here. She was very bored at home alone, and it was not boring to have someone to accompany her.

But when she saw Ning stream, she was stunned. She stared at Ning stream silently without saying a word.

"What's wrong with you, Amanda? Tianxin is greeting you. Why don't you answer her?"

Seeing that there was something wrong with her expression, gong hao yu frowned slightly and pulled her clothes.

“Oh, I’m sorry. You look familiar. Have we met before?”

gu yi ran voiced out her doubts.

She thought for a while and remembered that she had met this woman in her flower shop.

But ning xiao xi had no memory at all. To her, she was a complete stranger.

“It should be the first time we meet.”

Ning Xi said with a smile.

Because she had never thought of her.

“How could you know Tianxin? You must have mistaken me for someone else. ”

gong hao yu also felt that gu yi ran must have mistaken her for someone else. He just knew Ning Xi not long ago, and he just met her by accident. How could she know her?

There were still some people who looked similar in the world, such as the woman in front of him and the woman he loved most

“Maybe. Maybe they look like each other, so I made a mistake.”

Seeing that Ning Xi looked at her strangely and didn’t seem to be pretending, gu yi ran gradually felt that she had made a mistake, so she stopped asking.

But she had seen ninety percent of the woman in front of her, and she had a special impression of her. Because it was raining heavily that day, she just lost her way and stayed in her flower shop for a while. She played with her son for a while before she left, so she had a very good impression of her.

Then, after hearing what Jonny said, gu yi ran stopped thinking about it.

“Just sit here. I’ll cook a delicious lunch for you today.”

“I’ll do it. You’d better have a chat with Tianxin here.”

She stood up and volunteered to cook in the kitchen.

“No, thanks. You can just sit here with ray. I don’t want you to say that I never cook every day. Today I’ll show you what a real cook is like.”

When gong hao yu saw her stand up, he put his hands on her shoulders and pressed her to sit down.

“Okay, then we’ll wait for your lunch here.”

gong hao yu walked into the kitchen, leaving only the mother and son and Ning stream in the hall.

The two were both quiet people. The atmosphere seemed a little awkward because they felt strange.

Then, Jonny brought a plate of cut fruit from the kitchen. "Come on, have some fruit first."

"Thank you."

Then he turned around and went back to the kitchen.

"Jonny took me here on purpose and asked me to stay here for a few days. It turns out that he asked me to accompany you because he was afraid that you would be bored alone."

gu yi ran broke the silence.

Hearing this, Ning Xi put on a shy smile and said, "he must miss you."

The two of them were teased by each other, and the embarrassing atmosphere gradually eased.

## chapter 394

"Nothing. Let's have a chat."

"Yes, this is the topic of our women. You are a boy, don't ask."

The two people, ning xiao xi and gu yi ran, smiled at each other tacitly.

"Okay, okay. I won't talk about the topic between you women. Come on, have a taste of this. This is my newly developed dessert. Try it."

gong hao yu handed them one by one, watching them taste the dessert.

"What do you think? Does it taste good?"

He was looking forward to the answers of the two women in front of him. In fact, what he wanted to know the most was the answer of Ning Xi.

"I didn't expect that Jonny's desserts are so delicious. It's a pity that he doesn't want to be a cook."

This was gu yi ran's comment on gong hao yu. He was very happy. Then he stared at Ning Xi and asked, "Tianxin, what do you think?"

"I also think it's delicious, crisp, sweet but not greasy. It's my favorite taste."

At the same time when the novel said this, Jonny was very happy and excited.

And all of this had been witnessed by her

After dinner, because her son had to go to bed, she went upstairs early. Downstairs, Jonny was with Ning stream.

Standing under the eaves of the backyard and looking at the bright moonlight in the night sky, Ning Xi inadvertently thought of the two children she met in the hospital.

Just when Ning Xi was wondering why the two children called him mother, Jonny walked over slowly. "Tianxin, aren't you going upstairs?"

"hao yu."

Ning Xi turned his head and glanced at him.

"You seem to be very busy these days. Why do you have time to stay here for so long today?"

gong hao yu had been here almost the whole day, which made Ning Xi feel a little strange.

Because usually, it was difficult for her to see him.

Besides, Nina had lived here for a week. She had noticed that the house here was not affordable for ordinary people. And Jonny should also be a rich man of two generations.

So it was unrealistic to find a job outside every day.

It was not until then that gong hao yu realized that he had been in the company almost every day because of the investigation about the Empire group and gu jin yi, and had not taken Ning Xi into account.

"Tianxin, you know I just graduated. I have to find a job at this time. Otherwise, how can I support you? I have to make money for you as soon as possible."

As a student, gong hao yu avoided Ning Xi's sus\*\*\*ion.

"Daniel, don't lie to me."

With a serious look on her face, Ning Xi stared at Jonny with innocent eyes.

This made him seem to have exposed everything. Facing the innocence of Ning Xi, he really felt that he could not hide anything in front of her.

"Tianxin, i..."

"Jonny, you are the shao ye of a rich family. You didn't tell me and lied to me that you were looking for a job outside. I think your family must be very rich, and as far as I know, your family is doing business. It's not easy to get a job. Do you need to work so hard every day?"

Just as gong hao yu was about to tell Ning Xi his true ident\*\*y, Ning Xi spoke again, making him swallow his words again.

Hearing what Ning Xi said, Jonny took a deep breath silently. It turned out that she was talking about this, not knowing his true identity. It really shocked him.

Gong Hao Yu answered Ning Xi's question, "Tianxin, you've seen it. Now that you've seen it, I won't hide it from you. My family is really doing business and has arranged a position for me in the company. But I want to go out and work hard on my own. I don't want to rely on what my family already has. I don't want to take over the family business. I just want to do what I like to do."

Gong Hao Yu didn't lie. What he said was true, but he didn't tell Ning Xi about his more secret identity.

Gong Hao Yu's words made Ning Xi feel a little relieved. Indeed, it was what she thought. Even if his family was doing business and running a company, they still needed to work. Therefore, it was true that he had just graduated, so he had been busy looking for a job outside.

Gong Hao Yu's sincere words made Ning Xi completely believe him without any doubt.

"No wonder. You are also a boy with a dream. Come on! You will find a job that will satisfy you."

Ning Xi encouraged him confidently. He also saw that Gong Daniel had fully trusted him.

"I'm sorry, sweetheart. I should have told you earlier, because I don't want you to have too much burden and pressure, so I hide it from you."

Gong Hao Yu also apologized, which made Ning Xi like him more.

"It doesn't matter. You have already told me! Besides, what burden and pressure can I have? Anyway, yours is also mine, ha ha..."

Ning Xi smiled innocently like a child. At this moment, she really didn't think too much.

Hearing what Ning Xi said, Jonny felt very comfortable. Yours was mine, mine was yours... This meant that the two of them had already been inseparable from each other.

Looking at the happy smile on Ning Xi's face, Yun Shang really wanted time to stop like this

"By the way, Jonny, the two kids I met in the hospital. Can you help me ask them? I always feel that I have seen them somewhere."

Ning Xi suddenly thought of it and decided to figure it out. Otherwise, it wouldn't be a good idea for her to be confused about it every day. So she casually said to Jonny.

"Two children?"

Gong Hao Yu didn't expect Ning Xi to mention the two children. He was a little surprised.

"Yes, that's true. Please help me inquire about it."

Ning Xi nodded and was a little confused about this matter.

"Okay, I will help you inquire about it."

## ADVERTISEMENT

gong hao yu seemed to actively agree with Ning Xi, but he was in a trance because of what Ning Xi said.

Then, he said, "but you just met the two children once. I don't think you know them. Maybe you like them very much, so you will feel familiar when you see them."

gong hao yu had already said this, deliberately reminding Ning Xi that she only met the two babies once, and the sense of familiarity she thought was only a fantasy in her heart.

"Maybe. I do like the two kids."

Ning stream didn't deny it. She admitted that she liked the two babies very much.

## chapter 396

Maybe it was because of this that she felt familiar with the two babies?

Ning Xi's gaze slowly shifted to the starry sky in the distance. She looked at the night sky meaningfully, with various thoughts in her mind.

With his deep black eyes, Jonny stared at Ning stream, who was looking into the night sky.

She was nervous and confused. Why did Tianxin suddenly mention the two children? Or did she think of something?

On the other side, in the villa of Gu family.

After dinner, pei xiu juan was playing with the two babies. pei xiu juan didn't go back to her room to sleep until gu jin yi took the two children back to their rooms.

Now that she knew she had two cute grandsons, she could stay with them all day long without sleeping.

When gu jin yi returned to his room with the two babies, chen chen asked his father, gu jin yi, to go back. It seemed that there was something that he couldn't know.

"Daddy, go back to sleep. It's late now and you must be tired. Go back to your room and have a rest."

Seeing that his father, Jean, didn't intend to leave their room, chen chen came up with an idea in his mind. He said that his father was tired and asked him to go back and have a rest first.

"It doesn't matter. Daddy will be with you. You can go back when you fall asleep."

She didn't expect that she made a mistake and almost made chen chen faint with anger.

She murmured to herself, 'John, this is the best way you've come up with. Well, now you have no choice!' She couldn't even plan what would happen tomorrow.

han han, who was smart and lovely, knew that her brother had something to do and it would be inconvenient for her father to stay here, so she was going to help him.

“Daddy, you can go back now. I’m a girl and I’m going to sleep. I’ll feel embarrassed if you’re here as a man.”

han han’s sweet voice made gu jin yi have to follow her.

“Okay, okay. Daddy will be out soon. Go to bed early!”

chen chen and han han smiled innocently and nodded hard.

gu jin yi left the two babies’ room gradually and closed the door.

The two babies looked at each other and smiled wickedly.

“han han, you have a way. I like you!”

chen chen gave his sister han han a thumbs up and encouraged her confidently.

“Ha ha, I’m your mind reader. I can see what you want to do?I’ve been studying your every move carefully!”

With a proud look on her face, han han folded her arms around her chest and looked like her mother Ning Xi with confidence.

“You are getting smarter and smarter with me.”

chen chen winked at his sister han han, and then walked to the computer and sat down.

han han ran after chen chen cheerfully.

“Brother, what are you doing?”

han han was always confused about what chen chen had done. Like her brother, she was also as good at computer operations.

“I have found out where Mommy is now.”

chen chen replied to his sister calmly while skillfully operating the computer.

“Really?Brother, are you serious?You found Mommy!”

han han was so excited that her voice was loud enough to reach another room. She kept stamping her feet and was about to fly away.

chapter 397

“Hush! Keep it down. It’s not good to be heard by daddy.”

As soon as chen chen saw his sister han han was so excited, he immediately covered her mouth.

han han immediately stopped chopping her feet and told chen chen with her eyes that she had known and she would keep her voice down.

chen chen then slowly let go of han han.

Bang! Bang! Bang

At this time, there was a knock on the door.

The two babies were startled and thought nervously.

chen chen: is daddy here? I can't let him find out!! I have to figure out a way

han han said, "oh my God! Daddy is knocking at the door. I'm going to die. Brother must be very angry now. Waah... What should I do?"?

The two of them sat there, one standing still, without saying a word. an an was quiet.

Jean's voice came from outside.

han han pouted, as if she knew that her brother chen chen would come to mock her later.

More importantly, her image was ruined in her brother's heart. Last time he promised her that he would teach her how to operate a computer. Now that he messed it up, he would definitely not teach her again. Thinking of this, she felt sad

Then a voice came from outside.

"chen chen, han han, what are you doing? Haven't you gone to bed yet? "

pei xiu juan said in an amiable voice. The two babies took a deep breath and then took a deep breath. They finally felt relieved. It turned out to be their grandmother! Not Daddy!

"Grandma, we are going to bed soon!"

chen chen shouted at the door.

han han, who was always lively and cheerful, looked at her brother chen chen innocently. At this moment, han han became very quiet, not saying a word, fearing that her brother would ignore her if she said something wrong.

pei xiu juan leaned against the door and listened carefully. It seemed that there was no sound inside. She continued, "how about I come in and sleep with you?"

When the two babies heard that their grandmother was going to enter the room, the situation was not good!

While chen chen was looking at the data on the computer, he couldn't leave. The computer must be operated here by someone.

His straight and powerful little sword eyebrows frowned slightly. He had to think of a way to deal with both sides.

“If you don’t say anything, I’ll take it as your consent. Then I’ll come in.”

When the two babies saw that the door was about to be pushed open by their grandmother, han han suddenly ran over like a rabbit. At this time, pei xiu juan pushed the door open. han han took advantage of this opportunity to push her out, so that she could not see her brother operating the computer inside.

“Grandma, please go back to your room to sleep. My brother and I are going to bed soon.”

han han looked at pei xiu juan lovingly.

pei xiu juan squatted down and gently stroked han han’s pink face. “I miss you. I want to see you.”

“Grandma, we miss you too! My brother and I talked about you just now. ”

han han began to make up stories.

“Really? What were you talking about with chen chen just now? han han, tell me now. I want to know. ”

Hearing her two grandsons talking about her, pei xiu juan grabbed the arms of han han and asked expectantly.

Seeing this, han han didn’t expect herself to jump into the trap.

chapter 398

She had planned to take this opportunity to ask pei xiu juan to go back to her room, but she didn’t expect that she was more and more interested in chatting here.

No, absolutely not!

“Grandma, I’ll tell you tomorrow. I’m so sleepy. I want to sleep. ”

han han had no choice but to use the last move. Her grandmother wouldn’t let her sleep if she showed that she wanted to sleep.

“han han, if you want to sleep, can you tell me tomorrow?”

Sure enough, pei xiu juan stopped asking.

han han chuckled in her heart. It seemed that she had come up with a good idea. Haha, grandma couldn’t escape from me. Yeah! After the mission is completed, I can go back to my room and report to my brother.

“Okay, I will tell grandma tomorrow. Good night, grandma. I’ll go back to sleep. ”

Just as han han was about to go to bed, pei xiu juan grabbed her hand and said, "han han, I have an idea. I won't disturb you. Can you tell me what you have talked just now. How about this? You go to grandma's room and talk to her as you sleep until you fall asleep? Is your grandma very smart?"

ADVERTISEMENT

pei xiu juan gave a special look at han han and realized that although she was old, she could do something about it.

han han was about to faint. Oh my God! What was her grandmother going to do? Why don't you let her in?

Come and save me!

han han had no choice but to turn her head, "Grandma! Daddy is here!"

han han said as she got rid of pei xiu juan's hand.

Sure enough, pei xiu juan turned around and looked at him. "Oh? Where is he?"

The moment pei xiu juan turned around, han han hid herself in the room and closed the door tightly.

pei xiu juan didn't see gu jin yi, so she turned around and was about to ask han han, but han han was also gone.

"Eh? Where is han han? These two father and daughter are really strange."

pei xiu juan thought for a while, shook her head and left.

han han leaned close to the door and murmured to herself when she heard that pei xiu juan had left.

"Grandma, I'm sorry. I lied to you today... But tomorrow my brother and I will sleep with you. I'm so lonely today. Good night, MUA..."

After pei xiu juan left, han han blew her a kiss. Then she went back to her room happily and went back to chen chen's side.

She had helped her brother solve one thing.

"Brother, it's done. Don't worry. No one will disturb you now."

han han excitedly reported her contribution.

Staring at the screen of the computer, chen chen was thinking about how to meet his mother Ning stream tomorrow. He couldn't go to see her directly. She had forgotten chen chen han han.

Seeing that chen chen ignored her, han han lowered her head again.

The excitement and passion disappeared in an instant because of chen chen's indifference.

"han han, let's go to find Mommy tomorrow."

chen chen turned off the computer and turned to han han.

han han raised her head at once. Her expression changed so fast that it was faster than turning a book. She stared at chen chen with great joy.

chapter 399

“Brother, you found Mommy! Will you take me to see Mommy tomorrow? Don’t be mad at me... Okay, okay...”

As soon as han han got excited, she returned to her original state and kept saying various words.

“What are you talking about? How can I be angry with you? You are my dear sister!”

The smile on chen chen’s face, which looked exactly like that of Edmund, was so warm that it seemed to have magic.

han han was so excited to hear that. She suddenly held chen chen in her arms and said, “brother, you are so kind!”

She kept rubbing herself against chen chen’s chest.

Although han han was happy, she knew that chen chen had something important to say, so she returned to normal after she gave full play to her excitement.

“Brother, how do you think we can find Mommy tomorrow?”

han han asked seriously.

chen chen whispered in his sister’s ear, “we’ll do that tomorrow, and then...”

In the study on the other side.

gu jin yi zheng looked at the night sky in front of the window, lost in thought.

All of a sudden, the phone on the desk made of high-grade sandalwood rang. It was from Jacob.

It turned out that he was waiting for his assistant xu chen’s call.

“Have you found it out?”

gu jin yi opened his thin lips without any expression on his handsome face. No one could tell what he was thinking.

“Mr. Brian, I’ve made a thorough investigation of what you said. I’ve sent the words and photos to your e-mail. You can check them carefully.”

“Okay.”

After xu chen finished his words, gu jin yi seemed to be absent-minded, but in fact, he was very expectant and nervous.

gu jin yi quickly turned on the computer, skillfully tapped on it with his slender fingers, and opened the mailbox. He saw the person he had been missing day and night, and the person he least wanted to see.

After the investigation, gu jin yi knew all the information about Ning Xi, except why she lost her memory now? This question gave gu jin yi a headache, and it was also an important thing that he needed time to investigate.

The second morning.

The two babies woke up very early because of what happened last night.

“han han, don’t let daddy know about it, or he won’t let us go to Mommy. Remember! It’s a big deal!”

As soon as chen chen woke up, he thought about it and reminded his sister. He was worried that his smart sister would forget what happened last night overnight.

han han sat up lazily as if she was still in a coma. Hearing her brother’s words, she nodded in confusion.

Then she fell down again.

“han han, do you remember what I told you last night? As soon as daddy went out, we went out immediately, or grandma wouldn’t let us go out alone.”

chen chen was still worried about his sister who was easy to make trouble, so he had to remind her again and again.

“Brother, don’t worry. I have always kept this in mind!”

After washing up, the two babies went downstairs and saw the delicious breakfast on the table. Their good mood began from this moment.

“chen chen and han han, you’re up. Come here and have breakfast.”

pei xiu juan was so happy to see her two grandsons early in the morning that she couldn’t hide her happiness.

“Good morning, beautiful grandma!”

“Grandma, thank you for making breakfast for us so early.”

pei xiu juan grinned from ear to ear at the sweet words of the two babies.

“Oh, my dear grandson, how can you be so sensible? I’m not tired at all. I’m so happy!”

chapter 400

At this time, gu jin yi came over from the side, “good morning, chen chen, han han.”

“Good morning, Daddy!”

The two babies said at the same time.

“Daddy is very handsome today.”

Somehow, han han was very happy today, so she couldn't help praising her father.

“Come on, have breakfast first. It won't taste good when it's cold!”

For so many years, pei xiu juan had never been so happy as today.

However, a good morning really affected the mood of the whole day.

.....

After breakfast, he was ready to go to the company as usual.

ADVERTISEMENT

“chen chen, han han, daddy has gone to the company. I will have lunch with you when I come back this noon.”

gu jin yi looked at the two babies gently and said in a spoiled tone.

The two babies nodded obediently.

Seeing that their father had gone out, they were about to take action.

As soon as gu jin yi went out, chen chen winked at his sister, “grandma, we want to go to the company with Daddy today.”

han han said to pei xiu juan in the kitchen.

“What are you going to do in the company?It's not fun there. I'll take you to the supermarket later. ”

pei xiu juan didn't think too much about other things, because she was worried that the two babies wouldn't have fun in the company.

“Grandma, grandma!Daddy is leaving. We can go shopping tomorrow. Bye!Let's go! ”

han han peeped at pei xiu juan's words and deliberately let pei xiu juan see their anxious faces.

ADVERTISEMENT

“Okay, okay. If you want to go, just go and have fun. Be careful!”

Looking at the backs of the two babies who went out in a hurry, pei xiu juan smiled dotingly.

Since she had these two babies in her life, she had a lot of fun.

The two babies found a place to hide as soon as they went out. They didn't run out carefully until they saw gu jin yi leave in a car.

“Daddy has gone to the company. We can go to find Mommy. Let's go!”

chen chen took his sister to the destination directly without any delay.

It was a long way to the destination and she needed to take a bus to get there as soon as possible.

The two babies were still young, so they didn't need money to take a bus. This helped them find a good way to take a bus without money.

However, as soon as they got into the car, it didn't matter at first. Later, it seemed that because they were so delicate and cute, some people noticed them, and some people recognized them as the little stars in the movie.

"Hey, aren't those two children the little stars on TV?"

"Yes, it seems that they have acted something. The Internet has been very popular, and it's them. I didn't expect to meet them here. Hurry up and take photos..."

In this way, chen chen and han han had been photographed all the way. The most hateful thing was that they had hugged and touched each other, and more exaggeratedly, someone had kissed them. chen chen han han had a look of disgust on her face, but she could not resist. They knew that it would ruin their little star image.

Finally, they could get off the bus. The two babies ran out of the bus as if they had escaped from prison.

After getting off the bus, the people on the bus greeted chen chen and han han through the window. They could only force a smile.

"Eh? I hate it. The smell of saliva on my face... I only let daddy, Mommy, grandma and aunt Celia kiss. No one else can kiss me. Today, I was forced to kiss you. Ah ah!"

han han jumped up angrily.
