

Cute Baby40

chapter 40

Ning stream slept for two hours. When she woke up, she found that the two babies beside her had disappeared.

Ning Xi got up lazily and went downstairs. Two of them were playing in the yard.

“chen chen, han han.”

Ning Xi called softly.

“Mommy, you are awake.”

chen chen and han han ran towards Ning stream.

Ning Xi nodded and looked at the time. It was time for her to go back.

“Mommy is leaving. Don’t forget to be good.”

Ning Xi squatted down and looked at the two affectionately.

The two babies nodded in agreement.

Now they all understood the current situation of Ning stream, so they were very obedient and didn’t cause any trouble to their mommy.

Ning Xi stood up and was about to leave.

“Mommy, don’t forget to drink the cold spirit. Take care of yourself next time I see you.”

chen chen said to Ning stream.

A warm smile appeared on Ning Xi’s face. “Okay, Mommy will remember it.”

Then they waved at Ning stream, turned around and left.

It was already seven o’clock in the evening when Ning Xi returned home. She sneaked into the hall, fearing that gu jin yi would find out that she went home so late and be approved again.

When she walked into the hall, she found that he was not at home.

He was supposed to have dinner downstairs at this time, but he didn’t.

Why wasn’t he here this Sunday? Well, it doesn’t matter. Isn’t it better not to be there.

Ning Xi raised his eyebrows and smiled, as if he had escaped a catastrophe.

When Ning Xi was about to go upstairs, he heard a car driving in.

Talk of the devil and he comes.

Ning Xi went upstairs immediately. He couldn’t let him find that he came back so late.

gu jin yi got off the car and walked into the hall. He frowned when he saw no one around the dining table and the hall.

She should be having dinner downstairs at this time.

It was so late. Why hadn't she come back yet?

After a pause, he strode upstairs.

Ning Xi had already returned to his room and put all the work materials on the table. When gu jin yi returned to his room, he would not know that she had just come back.

Thinking of this, ning xiao xi felt that she was too smart, and smiled in her heart.

Suddenly, a sound of pushing the door and heavy footsteps came.

ning xiao xi knew that it was gu jin yi who came in. She quickly looked at the computer to look for the information.

gu jin yi turned on the light and walked into the hall. His eyes narrowed slightly.

It turned out that she was in the room.

Seeing Ning Xi in the room, the displeasure in gu jin yi's heart gradually disappeared.

A relaxed smile appeared on his face.

Ning Xi was searching for information on the computer. When the light was on, she found that she didn't turn on the light.

"Why don't you turn on the light in the room?"

gu jin yi walked into Ning stream and asked.

Ning Xi raised his head and rolled his bright eyes. "I've been looking for information just now. It's not comfortable to look at my eyes when the light is too bright."

Ning Xi made up an excuse.

"Really?"

gu jin yi raised his eyebrows and looked at Ning Xi with his bright black eyes.

Ning Xi nodded desperately, "of course."

gu jin yi glanced at the bag behind Ning Xi by accident.

ming ming just came back and threw his bag on the sofa in a hurry before he put it in the bedroom.

And she didn't even have dinner at the dining table downstairs.

But when he saw Ning Xi's expression, he didn't get angry even if he knew that she had lied to him.

At least she wanted to come back before she went home, thinking about his words. She didn't take his words seriously.

gu jin yi didn't expose her and turned back to the bedroom.

Ning Xi watched gu jin yi walk into the bedroom and took a deep breath. Fortunately, he didn't find out, or he didn't know what would happen!

She came back home late and was cheated, which made her more guilty.

Ning Xi shook his head and escaped from the disaster. Fortunately, he was lucky.

She decided to focus on her design first.

Then, he came out of the bedroom and walked out of the room, but Ning stream didn't care.

Then gu jin yi brought a cup of cold spirit and put it beside Ning stream.

"Is there anything I can do for you?"

gu jin yi said in a low voice. Ning Xi looked up at him and asked, "what did you say?"

"Drink it," said gu jin yi

Looking at the cold spirit on the table, Ning Xi almost forgot to drink it when she remembered what her son chen chen had told her.

All of a sudden, she felt that he was very considerate and took care of what she had forgotten.

"Thank you."

He couldn't help asking.

ning xiao xi picked up the cup and gulped it down.

chen chen had told her not to catch a cold or cough next time they met.

Seeing Ning Xi drink up the cold spirit consciously this time, gu jin yi smiled slightly.

"This is..."

gu jin yi inadvertently saw several design drafts beside Ning Xi's computer.

She picked it up and looked at it carefully.

"It seems that you are quite talented in design."

Looking at these design drafts, gu jin yi thought they were good.

But she couldn't remember where she had seen this design style.

"Really? Do you know anything about dress design?"

Ning Xi asked in confusion.

“I don’t understand. I just watched some dress design shows.”

gu jin yi put down the design draft to show that he didn’t understand.

Ning Xi’s expectant expression suddenly dropped.

Then she continued to read the materials and draw the drawings.

Seeing this, gu jin yi thought, ‘is she going to sleep in the middle of the night again?’.

She remembered that she had worked late for the design yesterday.

She still had a cold. If she worked till midnight

gu jin yi suddenly said, “but I can give you some advice.”

“Really?”

ning xiao xi looked at gu jin yi happily.

gu jin yi pretended not to care about it and nodded.

It was too easy for her to be satisfied just by giving her some advice.

Then Ning Xi drew the design draft, while gu jin yi looked for information for her.

In order to finish her work earlier, he asked her to go to bed early.

Two hours pa\*\*ed in a blink of an eye, and almost all the information needed to be found had been finished. Ning Xi had to do other things by himself.

At the same time, Ning Xi had fallen asleep on his stomach.

After tidying up the doc\*\*ents, gu jin yi turned off the computer. She looked at Ning stream who was sleeping beside her.

Susan, you’ve been busy until midnight for a design draft. The eldest daughter of the Ning family doesn’t have anything. Do you need to do this?

gu jin yi looked at Ning Xi in confusion, with an unreadable look in his eyes.

.....

“I have to go to the company today. I can’t make breakfast today.”

Ning Xi said as he got up early in the morning.

gu jin yi frowned, “you want to break the contract?”

“I’ll give you fifty dollars. You can have a super delicious breakfast now.”

Then Ning Xi took out fifty dollars from his bag and put them in gu jin yi’s hand.

chapter 41

Then she turned around and was about to leave the bedroom.

“Susan, you...”

“Fifty dollars for breakfast. You don’t need to pay for it. Have a good meal.”

Ning Xi said before gu jin yi finished his words.

Then she walked out of the room quickly.

Ning Xi went out before gu jin yi could say anything.

What the hell was this woman doing?

gu jin yi was speechless

She gave him fifty dollars for breakfast. Didn’t she think he couldn’t afford it?She didn’t need to pay him for the meal.

gu jin yi stood still, speechless and helpless.

Ning Xi arrived at the company early. Unluckily, he met her at the gate of the company early in the morning.

Ning Xi walked past her, pretending not to see her.

“Isn’t this our designer, Miss yam?”

Rufus said with disdain.

“Deputy director, what can I do for you?”

Ning Xi replied expressionlessly.

“Do you need my help with the design drawing?By the way, if you have any questions, you can ask me at any time.”

Rufus said with a smug smile.

“Thank you, deputy director. Do you need your help? I have to think about it.”

Ning Xi raised his head and made a decision.

Although she knew that Susie was satirizing her, she didn’t say anything.Then she continued.

“Ning Xi, don’t be so ungrateful!”

She didn’t expect Ning Xi to be so eloquent.He shouted angrily.

“If there’s nothing else, I’ll go to work.”

Ning stream didn’t care about Ruyu’s attitude, but she still smiled.Then Ning Xi turned around.

“Oh, I’m sorry.”

All of a sudden, zhang yu ru from the planning department bumped into Ning stream, who just turned around.

Then, all the design drafts and materials of Ning stream fell to the ground.

zhang yu ru and Ruoyan looked at each other and smiled proudly.

“It’s okay. I can understand that you have eyes at the back of your head.”

zhang yu ru was stunned, “what did you say?”

“Nothing.”

Ning Xi gave a meaningful smile and shrugged.

Then Ning Xi walked up and picked up his design draft and materials.

By accident, Susie, who was standing aside, glanced at the design draft of Ning stream.

Her dark grey pupils shrank slightly. Was this her sketch drawn by Ning Xi?

A different design draft was presented in front of her. Although she didn’t see it carefully, at that moment, she liked it from the bottom of her heart.

After all, she had seen countless designer’s design drafts. The instant she saw the design drafts of Ning stream, her confidence in the bottom of her heart immediately faded a little.

The style of ning xiao xi’s design draft seemed to be a little different from her previous one, but it was very similar to the style of the legendary queen Anne.

Before she could see it clearly, all of them were put away by Ning stream.

Ning Xi picked up the ma\*\*\*cript and stood up, ready to ignore the two of them.

However, as soon as she was about to leave, she walked up to Ning stream.

“Is this your design draft?”

Rose her head slightly and looked at the ma\*\*\*cript in Ning Xi’s hand.

“What?It seems that the deputy director is interested in my design draft. ”

Ning Xi raised his eyebrows and asked.

“Well, will I be interested in the ma\*\*\*cript of the person who is destined to be defeated by me?”

A trace of guilt flashed through her black eyes.

Indeed, she wanted to see the design draft of Ning stream.

“In that case, we’d better not look at it. I don’t want the deputy director to see my design draft and make you jealous.”

Ning Xi said word by word.

Then he left the room and walked straight into the company gate.

Standing still, Leona slightly glanced at the back of Ning stream. No way!

She could only stay in VL for a few months at most. When her little tricks were exposed at one point one, she would not be able to be a designer.

The slightly uneasy thought came to her mind in an instant, but it was dispelled in an instant.

“What are you proud of? When the design result comes out, you will know that you will be defeated by Susie.”

zhang yu ru said sarcastically as she watched Ning Xi leave.

“She wants to compete with me. Maybe in the next life!”

Said Susie arrogantly, crossing her arms over her chest.

“Let’s go.”

Then, the two of them walked into the company.

.....

There were all kinds of guesses. They thought that Ning Xi would win, and they thought that Ruyu would win.

“I’m confident in the stream. She will definitely win!”

Ellie said seriously, as if she was determined to get it.

“Ellie, you are so sure. Do you know something? Tell me.”

bai tong tong asked curiously as she got close to Ellie.

Ellie raised her eyebrows slightly and said, “you will be shocked by the design of the stream this time.”

“Tell me what happened.”

Lydia got anxious and shook Ellie’s wrist.

“Don’t think too much. Anyway, let’s see the result tomorrow.”

After saying that, she went back to her seat and was busy with her work.

Lydia stood aside, looking disappointed.

Outside the hall of the design department A, a coquettish woman was listening to their conversation.

Then she turned around and left.

Before getting off work, Ning Xi sorted out all the relevant documents and finished design drafts in his office and sent them to the computer.

She didn't get off work until everything was ready.

"Why don't you get off work today, Ellie?"

When Ning Xi got off work today, he saw that Ellie was still busy in the hall, so he asked.

"There is a meeting tomorrow, so you have to prepare the materials in advance. I've made it. Let's go together."

Ning Xi nodded with a smile.

"You look very happy today. Are you sure of the competition tomorrow?"

Ning Xi raised his eyebrows and smiled, "well Guess."

Ning stream teased her, which aroused her curiosity.

"Brook, brook, just say it."

With a pout, she walked out of the design department with Ning Xi, imploring.

All the staff of the design department A had gone home from work, but there was no one.

Not long after Ning Xi and Youluo left, a coquettish and sly woman walked in from the door.

And this woman was the deputy director of VL, the deadly opponent of Ning stream.

She sneaked into the design department A, looked around, and then directly walked into the office of Ning stream.

She rummaged around the desk of Ning Xi as fast as she could, but didn't find what she wanted.

Obviously, she was looking for the design draft of Ning Xi for the competition tomorrow.
