chapter 44

Mr. an, are you going to keep her in our company?"

"She should be fired. The plagiarist doesn't deserve to stay in our VL."

.....

The public opinion kept attacking Ning stream.

"I will investigate this matter clearly. As for whether Ning stream designer plagiarized the work of the deputy director, we will know at once."

Although Ning stream had been working in the company for only two weeks, an zi hao knew a lot about her through his friends and the performance he had seen in the past two weeks.

zi hao didn't believe that Ning Xi would plagiarize other people's designs.

Therefore, he didn't immediately say that he would fire Ning Xi, but investigated and punished him.

"The position of design director is temporarily appointed by rose. If there is nothing else, you can dismiss the meeting."

an zi hao said calmly.

what? Mr. an didn't fire Ning Xi, but investigated it. What if

Although Leona wanted to be the design director, she wanted to kick Ning stream out of VL so as not to have too many dreams at night.

"Mr. an!"

Just as the meeting was about to end, Susie suddenly spoke.

"Anything else?"

an zi hao said calmly.

"Miss yam plagiarized my design. If you don't fire her, I'm afraid everyone will talk about it."

Rufus said in a low voice, pretending to think about the company. She tried her best to kick Ning Xi out of the company.

"Please give me some time. I can prove that I didn't plagiarize anyone."

Ning Xi suddenly spoke. She turned on the computer and kept working.

Then, the people in the exhibition hall also quieted down. Some malicious people looked at Ning Xi and wondered what else he could do.

ning xiao xi, the result has come out. Is it meaningful for you to still struggle?

She looked at Ning stream complacently.

Within half an hour, Ning stream rearranged a dress design.

Fortunately, he still had a few unfinished manuscripts in hand, which could be finished with a little processing. Now it finally came in handy.

A design draft was freshly finished in half an hour. It could be said to be the first one.

“Sorry to keep you waiting. I’ll show you my new design drawing.”

Then Ning Xi put the new design on the screen of the computer.

Everyone looked at the big screen.

When an zi hao saw the new design drawing of Ning Xi, he was more sure that the last design drawing was definitely not stolen by her.

Because from this design, it was completely the same style as the previous one, simple and elegant.

One style could be used to design many kinds of dresses. Just the appearance seemed to be completely different from the other one, but it was completely the same after careful study.

If she was also stunned, how could Ning Xi design such a complete dress design in half an hour? And it was so perfect.

Then, all the people in charge were amazed. Seeing that Ning stream could design such a perfect dress design on the spot, no one was sure about her plagiarism.

“Miss yam, what do you mean by redecorating a design drawing? Does it mean that you can design such a design in half an hour?”

Said Leona in a flat tone.

“My design style is always like this. Different from the outside, they were the same inside. No matter how simple or gorgeous the appearance was, the design concept of each dress was the same. Only when a dress was truly designed from the bottom of her heart could she design what she wanted. So I don’t know how to plagiarize others’ designs.”

Ning stream said word by word.

“Miss yam, maybe this painting was plagiarized from some famous designer. No one knows. What do you think?”

zhang yu ru had been targeting Ning Xi all the time, and the atmosphere that had finally been suppressed became noisy again.

“Yes, it’s true. This new design doesn’t mean anything.”

Another department head said.

ning xiao xi, no matter how perfect your design is, you are the one to lose in the end!

If vivi just stood aside and watched, she would be very proud. She silently watched everyone doubting that Ning Xi's work was a plagiarist.

Suddenly, a gentle man came in from outside the exhibition hall.

"My student is never a plagiarist."

The man pushed the door open and said.

Everyone looked at him with confusion, and Ning Xi and an zi hao were even more surprised.

"Teacher..."

Ning Xi asked in a daze. He didn't expect her teacher to be here.

ou yang said as he approached Ning stream.

Standing aside, Susie and the other department leaders looked at them in confusion.

The person who suddenly appeared seemed to be very familiar with Ning stream. And why did he suddenly appear?

Looking at them, she had a bad feeling.

"Teacher, why did you come back all of a sudden?"

Ning Xi stared at ou yang and asked in confusion.

With a smile on his face, ou yang said, "Anne, how are you doing at home recently?"

"I'm fine."

ning xiao xi was very happy to see ou yang and ray.

Standing aside in a daze, she looked at Ning stream and ou yang ray in astonishment.

what?Anne? Ning stream is the legendary queen of the design world, Anne?How could it be possible? She must have misheard.

On that day, when she first saw the design drawing of Ning stream, she was guessing whether her ident**y had anything to do with Anne. But she had never thought that she was Anne herself, let alone that Anne would work in VL.

All the people present, including an zi hao, were shocked.

When ray recommended Ning stream to VL, ou yang didn't tell an zi hao that Ning stream was Anne, but his student. Unexpectedly, Ning stream was the legendary queen of the design world, Anne.

Although when ou yang and ray recommended Ning stream to him, he had guessed that Ning stream must have a powerful background, he didn't expect her ident**y to be so unexpected.

"Ning stream is the legendary Anne?"

“Oh my God! Anne, the queen of the design world?She is in our company.”

“This competition is quite different. One is the queen of the design world, Anne, and the other is the national champion, rufus.”

.....

When they heard that Ning stream was Anne, the whole place was in an uproar.

The plagiarist designs were discussed again.

“Who said that my student plagiarized her work?”

Standing right in front of them and beside Ning stream, ou yang asked everyone.

All of a sudden, there was a dead silence.

chapter 45

“Anne can only plot what she wants. The two words’ plagiarize ‘have never appeared in her dictionary.”

ou yang said firmly.

“It’s said that the best in the field of dress design will plagiarize others’ designs?It’s funny to say it.”

ou yang said word by word.His tone made others unable to refute.

“zi hao, I hope you can strictly investigate this matter. My student can’t be framed like this.”

Ray ou yang was very serious about this matter. He had always believed that the student was framed like this, and he was very angry.

“Don’t worry. I will find out the truth.”

an zi hao promised.

“Naomi, you can go back first. I’ll deal with the rest.”

an zi hao continued.

Then, ou yang, ray and Ning Xi went out together.

“Everyone, calm down. I will investigate this matter in person. As for whether there is plagiarism, I will severely punish you.The position of design director is to be decided. If there is nothing else, the meeting is over.”

Then an zi hao strode out of the exhibition hall.

Then, everyone left the exhibition hall.

There was only Susie left in the exhibition hall. She stood there in a daze and didn’t believe it was true.

ning xiao xi, Anne, how could it be possible?They must have conspired to deceive him.

Regardless of whether Ning stream and Anne were the same person or not, he would not let Ning stream stay in VL and must get her out of the company.

ning xiao xi went out of the exhibition hall with ou yang and ray. Ning stream led her teacher into her office.

“Teacher, why did you suddenly come back?”

Sitting on the sofa with ou yang and ray, ning xiao xi had a lot of questions to ask.

Why did her teacher come back?What’s more, he suddenly appeared in the company and happened to be at her design exhibition.

“I have some personal affairs to deal with this time, so I didn’t tell you.”

ou yang said word by word.

Hearing what ou yang said, Ning Xi stopped asking.

“What’s wrong?Are you unhappy when I come back? ”

ou yang said with a gentle smile.

“How could it be? I’m so happy to see my teacher come back. I just feel that happiness comes so suddenly.”

The joy and excitement of Ning Xi were obvious on her face.

Seeing this, a warm smile appeared on ou yang’s handsome face.

As soon as the two met, they had a lot to talk about.

ou yang shi rui, who didn’t talk much, became talkative when he saw Ning Xi.

.....

In foreign countries, thanks to the help of ou yang and ray, Ning Xi had achieved what he was now.

In terms of dress design, he had cultivated Ning Xi into a legend in the dress design field, and Ning Xi had always respected ou yang and ray.

So from the bottom of her heart, she regarded him as her family, her elder brother.

Just as Ning stream and ou yang Shi Rui were chatting happily, there was a knock on the door.

“Come in, please.”

Ning Xi said politely.

A tall figure walked in.

“Mr. an!”

Ning Xi stood up and shouted.

“Ray, stream. I know you are here. I have something to tell you.”

Seeing that an zi hao entered the office of Ning stream, the colleagues of the design department A were in an uproar.

“Who is that man? He looks like yang yang, so handsome...”

“A moment ago, Naomi entered the office with a man she didn’t know. And now, Mr. an came to our design department in person. He went straight into the office. What happened?”

“Who won this design competition? Why is there no movement?”

.....

A series of questions popped out.

Then, Ellie came in from the door.

A group of colleagues ran to Ellie. They knew that Ellie would be the first one to know anything, and they didn’t know where she knew it.

“Ellie, who won this design competition?”

A female colleague asked curiously.

“And do you know the man who just entered the river with the stream?”

A female colleague who had been paying attention to ou yang and ray kept asking him.

Ellie sat quietly in her seat, as if she knew nothing.

The colleagues thought she didn’t know, so they were about to leave with disappointment.

“Well, you haven’t got any news. It seems that you can’t get any information.”

“It doesn’t matter who wins the design competition now. There is a breaking news that will be more exciting than who wins the competition!”

Suddenly, Ellie stood up from the chair and said.

Everyone came over.

“Ellie, don’t keep me guessing. Just tell me.”

“If the news gets out, it will surely hit the headlines!”

Everyone stared at Ellie with expectation.

“Do you know who the stream is?”

“A stream is a stream. We are the designers of a department.”

Suddenly, the expectation in her heart faded a little.

She thought it was some breaking news, but it didn't work at all.

Ellie smiled weirdly and said.

“Our stream is Anne, the legendary queen of the design world! ”

Seeing that everyone was anxious, Ellie stopped keeping them guessing and said as if she had known the state secret.

“Anne ? Anne, the legendary queen of the design world? You must be kidding. ”

ling ling, who had been paying attention to who won the design competition, was not shocked at the news. Instead, she thought that Ellie was talking nonsense.

“I have never made such a joke. And every time I bring false news?”

Ellie said confidently.

All of a sudden, the whole design department quieted down without any sound.

Everyone was thinking that what Ellie said was right. Every time she got the news, it was reliable and true.

Was she telling the truth? Was Ning stream really Anne.

“What happened, Ellie? Why does the stream suddenly turn into Anne? ”

“Really? I can't believe that the stream is Anne!”

“Oh, my God ! It is said that the queen of the design world is in our company and in our department
A! No, no, No. I need some time to calm down and sort out my thoughts. ”

.....

When Ning stream first came to the company, she felt that Ning stream must have a strong background, but she didn't expect it to be so powerful. The queen of the design world, Anne, was also out of her expectation.

When she heard the news just now, she was also shocked.

Then the news of Ning stream's identity as Anne spread all over the company.
