chapter 446

Then, the two babies quietly climbed to their parents' side and watched them sleeping.

"It's the first time that I have looked at daddy and mommy so carefully. Daddy is so handsome and Mommy is so beautiful..."

chen chen praised his parents when he saw them.

han han stared at chen chen in surprise. She didn't expect her brother to say something like that.

In han han's eyes, her brother chen chen was a cold boy. It was really unexpected that he was such an anthomaniac.

"Huey resembles daddy, and I resembles Mommy. So you are handsome and I am beautiful, too!"

At this time, han han couldn't help but feel narcissistic. She wouldn't miss any chance to boast.

chen chen gave his sister a look and let her experience it by herself?

But it was the first time that chen chen paid so much attention to his father's appearance. He really found that they looked like each other. Father and son deserved to be called father and son.

Then, han han suggested, "brother, let's take a photo of daddy and Mommy. They are so cute when they sleep. We should keep them."

Hearing this, chen chen thought it was a good suggestion.

He winked and nodded, indicating that his sister's suggestion reminded him.

Maybe this photo would come in handy one day.

Then, han han made an "OK" gesture and quickly brought her phone.

They took several beautiful photos of gu jin yi and Ning Xi who were sleeping.

han han was good at photographing. After that, she began to modify the drawing and adjust the color with her mobile phone.

The two babies sat together and discussed the photos of their parents when they were sleeping.

"han han, I didn't expect you to be so good at taking photos?Daddy and Mommy looked like art pictures taken by you. They are very beautiful!"

chen chen couldn't help praising his sister when he saw the photo.

"Ha ha... I don't think so. It's very simple."

Being praised by her brother, han han was very happy, but she pretended to be modest.

"Next time you teach me, I think it's not bad to have this skill."

Said chen chen, stroking his sister's little head.

han han kept nodding, "of course. Next time I can take photos for my brother, and I promise he will be handsome!"

Seeing that chen chen was quite interested in taking photos, han han felt happy that there was one thing that could make her brother so interested in.

.....

The two babies began to discuss heatedly. Gradually, gu jin yi woke up first.

chen chen and han han didn't notice that they were talking about taking photos.

As soon as he woke up, he didn't notice what chen chen and han han were doing. Instead, he affectionately gazed at his wife.

Looking at her sleeping face, he found that her face with light make-up was like a blooming flower, beautiful without any flaws, and her thick honey and slender eyelashes were lifelike when she was sleeping.

gu jin yi stared at Ning Xi, and a faint smile appeared on his face.

Just as gu jin yi was looking at Ning stream with an affectionate smile, Ning stream slowly opened its eyes.

The two of them just stared at each other with four eyes.

"What's wrong?"

Ning Xi didn't know that gu jin yi had been looking at her since he woke up, so she asked naturally.

On the other hand, Jean was a little embarra**ed. When Ning Xi asked this question, he just smiled and his face was a little red.

A few seconds later, Ning Xi turned to look at chen chen and han han, and then sat up from the bed. They were talking about something when they woke up.

"chen chen, han han, you are awake."

The two babies looked at her at the same time when they heard the voice of Ning stream.

"Mommy, you are awake!"

"Mommy, why are you awake?"

The two babies seemed to be very surprised to see Ning Xi wake up.

Those curious and shocked expressions were so adorable.

Ning Xi stood up and walked slowly to the two babies. He stroked their heads and smiled, "is it strange that mommy woke up?"

“No, no, No.”

All of a sudden, Ning Xi saw two babies holding mobile phones with photos of her and gu jin yi sleeping on them.

She was about to take it from han han.

han han quickly hid her phone behind her back.

‘oh my God! Mommy found me. What should I do?’?

The two babies wanted to take photos secretly and then make them for their parents to give them a surprise, but now their mommy found it.

“han han, don’t you want to show it to Mommy?”

Ning Xi asked han han seriously.

han han pouted and reluctantly handed the phone to Ning Xi.

Now that mommy saw it, just give it to her. Anyway, the photo was also a gift for her.

At this time, gu jin yi also came over from the side.

Ning Xi looked through the photos on his phone, and gu jin yi also looked at them curiously.

Ning Xi’s eyes were full of surprise, and gu jin yi couldn’t help smiling happily when he saw the photo.

“chen chen and han han, you have taken so many beautiful pictures of your parents.Honey, do you think we look like a perfect match? ”

After praising the two babies, gu jin yi looked at Ning Xi beside him and asked jokingly.

When the two babies heard their father’s words and tone, they were inexplicably happy.It seemed that they hadn’t heard daddy and Mommy joking for a long time.

They remembered that it was a long time ago

Seeing this scene again, chen chen and han han thought their father would be together again soon.

.....

chapter 447

It was already evening when they left the hotel.

“chen chen and han han, it’s so late. Let’s go back.”

Ning Xi suggested. There was no place to play now. After a whole day’s play, she was indeed tired.

But the two babies still didn’t want to be separated from their mommy.

The two babies lowered their heads in silence.

“How about this? I’ll send you back after dinner.”

gu jin yi didn’t ask too much, so Ning Xi agreed.

They found a restaurant nearby and a family of four began to have dinner.

During the dinner.

“Naomi, how about... You move out from there?”

After thinking for a long time, he finally spoke it out

gu jin yi was worried that she would live in other people’s house and gong hao yu’s.

In fact, he wanted Ning Xi to move back, but gu jin yi didn’t say it directly.

The two babies heard gu jin yi’s words and said, “yes, Mommy, you can move back.”

“We want to sleep with mommy tonight.”

The two babies spoke out what gu jin yi wanted to say.

chen chen and han han deserved to be gu jin yi’s two assistants.

ADVERTISEMENT

It was not an agreement made by the three of them. It was an accident and a coincidence.

ning xiao xi just smiled silently. After a while, he said, “Mommy will go back when she is certain.”

gu jin yi and chen chen han han were a little disappointed, but gu jin yi still maintained a calm state. He comforted the two little babies who were looking down in disappointment, “Mommy will go home to accompany us soon.”

The two babies didn’t respond to gu jin yi’s words, but still looked disappointed.

“Well, I promise you that I will go back to accompany you soon.”

Seeing that chen chen and han han were depressed because of her words, Ning Xi continued to comfort them with gu jin yi’s words.

“Really? Mommy, don’t lie to our children. ”

“Mommy, do you think you will go back to our home soon? Remember what you said. ”

As soon as the two babies heard what Ning Xi said, their disappointment disappeared in an instant, revealing a look of expectation.

Looking at Ning Xi, gu jin yi didn’t know whether she was telling the truth or to comfort chen chen and han han. He was the same as the two babies, full of expectations.

After dinner, Ning stream took chen chen han han to buy some things they liked, and then gu jin yi and chen chen han han were going to send Ning stream back to where she lived now.

Along the way, han han fell asleep while Ning Xi held her in his arms.

However, chen chen still didn't give up. He wanted Ning Xi to go back to their own home, so he kept asking.

"Mommy, why can't you come back and live with us now?"

chen chen looked at Ning stream with expectation.

"Baby, I still have something to deal with. Don't worry. I'll be back with you soon."

ADVERTISEMENT

Ning Xi could understand how chen chen felt at the moment. He missed her as much as he missed them. He missed them so much that he wanted to be with them all the time.

However, Nina had to know what had happened. Why did she go back to live in the house of the royal family now? Why did he call her Tianxin?

There were too many questions. She couldn't live as if nothing had happened. She had to understand everything.

Seeing that Ning Xi had told him clearly, chen chen didn't insist anymore. He knew that their mother wouldn't lie to them, and he believed her.

"Mommy, you must come back early. Come back to us early."

Said chen chen sadly, bending over the thighs of Ning stream.

Seeing that chen chen was sad, Ning Xi became a little depressed. "Okay, I promise you. I can go home soon."

After a while, han han woke up. When she saw Ning Xi holding her, she smiled.

She said in a sweet voice, "Mommy, it's so good that you haven't left..."

At this moment, Ning Xi had a very complicated feeling. He was depressed, but he couldn't express his sadness in front of the two children. He was worried that they would be sadder.

So she had to bear it and keep it in her heart.

No one knew how sad she was when she wanted to cry but couldn't

Soon, they arrived at gong hao yu's house.

"Well, I'll go back first. Drive slowly."

Ning Xi got off the car, followed by gu jin yi and the two little babies.

"Mommy, remember to go home with us..."

ADVERTISEMENT

"You have to remember that we still have daddy waiting for you at home..."

It could be seen that the two babies were still reluctant to leave Ning Xi, but they did not try to persuade him to stay.

Because they got along well with each other today. Seeing that the two of them were getting more and more harmonious, this day could be regarded as a day of achievement.

So he didn't want to push their mommy too hard. Under this situation, he believed that their Mommy would soon come back to their home and stay with them.

"I remember. Don't worry. I always break my words."

Ning stream squatted down and held the two babies. She didn't want to leave them.

After saying goodbye to ning xiao xi, the two babies went back to the car and played with the toys and food that she bought for them.

Only gu jin yi and Ning Xi, the two of them, stood face to face.

At this moment, Ning Xi didn't know what to say or do. He had finished what he should say and do today. The only thing left was to let him drive slowly on the road.

"It's getting late. Take chen chen and han han to bed early today."

All of a sudden, gu jin yi hugged Ning Xi and whispered in her ear, "Xi Xi, we'll wait for you at home."

In fact, chen chen and han han had been secretly watching their parents in the car. Seeing this scene, they could not help laughing.

On the two floors of the house not far away, Jonny was watching everything.

After saying goodbye, he didn't drive away with chen chen and han han until he saw Ning Xi enter the house.

chapter 448

As soon as Nina returned home, she found that Ethan and ray were not in the hall. She thought they were upstairs, so she shouted, "Ethan, have you eaten yet?"

There was no response from upstairs. Then, Jonny slowly walked down the stairs.

Ning Xi was a little surprised. Did he come back so early? Usually, he was not at home at this time.

"Daniel, why do you come back so early today?"

"Today... Nothing important, so I came back early."

gong hao yu's answer was casual, but it was also his answer after careful consideration.

"Oh, have you had dinner yet? Did they go to bed so early? "

Ning Xi guessed that they hadn't had dinner yet, so he was going to cook something for them in the kitchen.

gong hao yu suddenly stepped forward and stood in front of Ning stream.

“Yes, I have.”

Ning Xi looked at gong hao yu, who was expressionless, and his eyes were cold. He felt that something was wrong with him today.

ning xiao xi had planned to ask gong hao yu about what happened before she lost her memory. It seemed that he was in a bad mood today, so she didn't say anything.

“Well, I'll go upstairs first.”

Ning Xi pointed at the stairs and was about to walk towards them.

In the opposite direction, Jonny pressed Ning stream against the wall of the stairs and stared at her with his evil and attractive eyes, which made Ning stream feel a little out of breath.

“Daniel, what's wrong with you today?”

Nina felt that something was wrong with Jonny at the moment, but she couldn't tell what it was. It seemed that he was not the one she knew usually.

gong hao yu looked at Ning stream in silence. He seemed to want to say something, but he kept silent. After a while, he calmed down and let Ning stream go.

“I'm fine... You go upstairs first.”

ADVERTISEMENT

Ning Xi frowned slightly, and then went upstairs after thinking.

After Ning Xi went upstairs, he went straight back to his room. As if lost in thought, he walked to the sofa in the hall and sat down.

She recalled the scene that gu jin yi met Ning Xi more than once.

gong hao yu was worried that Ning Xi would regain his memory and leave him like this, so he had to find a way to prevent her from leaving like this.

He didn't care what the Ning stream used to be, but now it could only be his heart, not someone else's.

No one could take her away!

On the other side, in the villa of Gu family..

After a long journey, they finally arrived home.

“chen chen and han han, did you have a good time today?”

gu jin yi asked with a smile.

The two babies smiled and nodded at the same time. “It seems that daddy is also very happy today.”

han han could tell from their father's expression that he was very happy today.

“Did we do a good job today?”

chen chen asked arrogantly, looking at gu jin yi with his small eyes. In fact, he thought they did a good job.

gu jin yi blinked at them with a dotting smile, “great!”

After saying that, the two babies reached out their hands in tacit understanding, but gu jin yi didn’t understand what they meant.

He looked at chen chen and han han in confusion, “what?”

“Daddy, stretch out your hand, just like us.”

ADVERTISEMENT

han han patiently taught her father.

As han han said, gu jin yi reached out his hand, and then the two babies’ hands collided with gu jin yi’s big hands at the same time.

“Yeah!”

“Yeah!”

Only then did gu jin yi understand what he meant.

“That’s exactly what Mommy did. She would clap her hands when she succeeded in doing something.”

chen chen told this secret to their father, gu jin yi. Because no one knew.

“Oh, I see.”

gu jin yi pretended to be surprised.

But on second thought, his wife, Ning Xi, was such a cute person. There was nothing she couldn’t do.

After the three of them finished talking, the two babies were tired after a day’s play, so they went back to their room to sleep.

The pill refiner who was in the room heard the noise and saw the light in the hall turn on. He guessed that gu jin yi and others had come back.

She ran out happily and hid behind the window secretly to see if gu jin yi and others had come back. She wanted to make sure.

Seeing it was them, she hurried back to her room, put on the prepared clothes and carefully put on makeup.

Thinking that he would be enchanted by her later, the pill pill was inexplicably excited.

After the two babies fell asleep, he took a shower and went back to his study. There were some urgent doc**ents waiting for him to deal with.

After a while, the pill was put on makeup. When she was about to leave the room, she suddenly remembered that the perfume hadn't been sprayed yet.

She picked up a bottle of perfume on the table and sprayed it on her hands and ears.

ADVERTISEMENT

This bottle of perfume was the same as the one used by Ning stream. She paid a lot of money to buy the pills. She hoped this bottle of perfume could help her.

He must like it when gu jin smelled it.

After the pills were ready, she walked out of the room in s**y clothes and exquisite makeup.

Knowing that gu jin yi should be in the room, she didn't stay downstairs for long. She heated some milk from the kitchen and went upstairs in the name of sending milk.

She came to the door of the room carefully and knocked on it gently, pretending to be polite. "Mr. Gu, are you asleep? Let me bring you some milk."

The pill asked in a coquettish tone, with a hint of Seduction in it.

When she was waiting for gu jin yi's reply, she didn't hear any echo in the room.

"Mr. Lu..."

Elixir knocked on the door again. She tried to open the door, but it was not locked.

Seeing the room was dark, she turned on the light and walked in slowly.

"Boss, boss..."

From the outer hall to the bedroom, she kept calling gu jin yi. She thought he was asleep, but he was not in the room.

"Mr. Lu just came back and isn't in his room. Where will he go?"

The pill muttered with a frown.

She thought that it was not easy to seize this opportunity, and she couldn't waste it in vain.

The pill was about to leave the room with a gla** of milk. Looking at the delicate and rich room, an idea suddenly came to her mind.

Since the CEO is not here, no one knows what I am doing here.

chapter 449

She put the milk aside and walked into the bedroom.

As soon as she entered the room, she began to touch the table, wardrobe, sofa... Her eyes were full of envy and jealousy.

She walked to the big bed in the bedroom and sat on it gently, touching the soft bed sheet.

It was her first time to sit on such a soft bed. It was so comfortable~

She lay prone on the bed and carefully smelled the scent of the bed sheet. A good smell of perfume gradually entered her nose, as if it was mixed with the male hormone of the man.

At this moment, the pill was even more fascinated.

Pills were carefully brewed on the bed, and she inadvertently saw the photo frame of Ning Xi on the bedside table. Her smile was so bright and charming.

The pill took up the photo frame, and her eyes were full of jealousy and hatred, not as pure and beautiful as before.

She threw the photo into the trash can and looked at everything in the room. "One day, I will sleep on this zhang rou ruan big bed! All these will be mine! They are all my pills, hahaha!"

After a while, the pill took the milk and came out of the room.

She guessed that if gu jin yi was not in the room at this time, he must be in the study or chen chen han han's room. She looked around and saw the light in the study was still on, so she knew that gu jin yi was in the study at the moment.

Seeing that the milk was cold, the pill went downstairs to heat it up and check if her makeup had been used.

At this moment, at the gate of the villa, pei xiu juan just got out of the car and was about to enter the house.

Along the way, pei xiu juan found that the light in the kitchen was still on. She thought, 'my dear grandson and son have just come back. Haven't they had dinner yet?'

As long as she thought that she could see the three people she wanted to see the most as soon as she came back home, pei xiu juan was happy, so she quickened her pace.

At this moment, when the pill saw her satisfactory makeup, it came to the kitchen and took out the milk. There was a hint of caution in her eyes when she looked at the milk.

ADVERTISEMENT

She turned around, walked to the stairs and carried the milk upstairs.

The moment pei xiu juan was about to enter the door, she saw the back of a woman through the window. Because the pill was specially dressed today, pei xiu juan didn't recognize it was a pill. When pei xiu juan was about to call her, the woman had already gone upstairs.

pei xiu juan hurried in, but didn't see the woman at the stairway. She was about to go upstairs to have a look, but stopped.

It suddenly occurred to pei xiu juan that her son, gu jin yi, had come back with a daughter-in-law.

Thinking of this, pei xiu juan was very happy. She thought that she should leave the two of them alone and not disturb them.

“Oh, my dear son, you’ve finally figured it out, so that I don’t have to worry too much about your mother...”

pei xiu juan muttered as she walked.

Upstairs, in the study.

The pill knocked on the door and said in a coquettish tone, “Mr. Gu, are you inside?”

gu jin yi’s thoughts were suddenly interrupted by the pill, and he frowned slightly.

He hated to be disturbed during working hours. Of course, except for someone.

“Who?”

Before he could let her in, the pill opened the door.

“Boss, it’s me, pill.”

The pill said in a soft and shy tone.

She walked in front of gu jin yi on purpose in order to attract gu jin yi’s attention.

ADVERTISEMENT

“It’s so late. What’s the matter?”

Instead of raising his head to look at the elixir, he kept his eyes down on the documents in his hands.

“Nothing. I saw the light in your study was still on. I thought you must be busy, so I warmed a glass of milk for you.”

The pill slowly approached gu jin yi. It seemed that she hadn’t caught his attention just now, so she had to get close to him.

She put the hot milk beside gu jin yi. At that moment, gu jin yi smelled a familiar and missing smell.

He frowned again and suddenly grabbed the pill’s wrist. He looked up at her with a particularly cold expression, making it difficult to guess what he was thinking at the moment.

When the pill refiner saw that he held her hand, she was very excited. She lowered her head and said shyly, “Mr. Gu, what... What are you doing?”

The pill was so excited that it didn’t notice that gu jin yi was so emotional at the moment.

“What kind of perfume did you use?”

gu jin yi said in a deep and urgent tone.

“This is my favorite perfume. Do you like it, Mr. Gu?”

Only then did the pill realize that gu jin yi was attracted by the smell. It seemed that the money spent on the perfume was worth it.

At least gu jin yi had more words for her and paid attention to her smell.

“Why do you use this kind of perfume?”

gu jin yi didn't tell her that it was the smell of Ning Xi, but asked about the pills.

ADVERTISEMENT

“I think this smell is very fresh, with a faint fragrance, making people feel comfortable. I like this kind of light fragrance. I don't like the strong and pungent smell. It's too lavender.”

In fact, she didn't like the smell of this perfume, just because it was the same style as Ning stream, which was gu jin yi's favorite. She bought it.

Elixir explained patiently. In order to make gu jin yi know more about her and have a deeper impression on her.

The pill refiner thought that gu jin yi would treat him better after he finished his words, but he didn't expect that his attitude suddenly changed.

“Don't use this kind of perfume in the future!”

Obviously, gu jin yi was very angry. His words dumbfounded her. She didn't know what had happened to make him so angry.

“Mr. Gu, why can't I use this kind of perfume?”

The pill had to be asked to the end. Was it because Ning Xi had used this kind of perfume that no one else could use it?

“I have told you not to use it! Well, you can go out first. I have something to deal with.”

No one dared to resist gu jin yi's words, and his eyes made the pill feel scared.

“I...”

The pill was so nervous that she didn't dare to say anything. She wanted to say something but swallowed it.

Reluctantly, the pill left the study with a frown, gritting its teeth.

Resting his forehead on his hand, gu jin yi's mind was full of memories about Ning Xi

chapter 450

When the pill came out of the study, she was so angry that she stamped her feet. Today she finally had the chance to get close to gu jin yi. She didn't expect that she would screw it up just because of the smell of perfume. The pill was really regretful at the moment.

The pill raised her hand and smelled her body, but she didn't find anything pleasant. If it weren't for the perfume that Ning Xi liked, she wouldn't have used this kind of perfume. It was so smelly!

Was it because Ning Xi used this kind of perfume that no one else could use? It's ridiculous. Why can't I use it? I have to use it!

ning xiao xi, everything is Ning stream. Will I live in her shadow all my life? She didn't even know where she was. Who knew whether she was alive or not? Humph! As for what she has, I will slowly possess it

After calming herself down, she went downstairs with a gla** of milk. When she entered the kitchen, she happened to meet pei xiu juan who was pouring juice for her.

The pill was confused. Why was lady sue in the kitchen at this time? 'Oh, my God! She must have an idea to talk about me again when she saw me dressed like this.'

Before pei xiu juan noticed her, the pill was about to leave quietly.

As soon as the pill turned around, pei xiu juan's shout stopped it.

"Who's that?"

pei xiu juan said in a very enthusiastic tone, thinking that the girl was brought back by her son. Looking at the back of the pill, pei xiu juan still didn't recognize the woman in front of her.

To her surprise, pei xiu juan didn't recognize her. She breathed a sigh of relief and thought that pei xiu juan might not know who she was when she ran out of the kitchen.

Unexpectedly, before the pill came to herself, pei xiu juan had already walked to her side. "It's you, pill! Oh, My God! Why are you dressed like this today? It's so different from your usual dress. Ouch!"

pei xiu juan looked shocked. She walked around the pill and looked at her up and down.

She had never seen a pill dressed like this. It didn't look like her.

"Ha ha, lao fu ren... It's me."

The atmosphere was so embarra**ing that she had no choice but to smile at him.

"TSK, TSK, TSK..."

pei xiu juan kept wandering around the pills. Dressed like a rich lady, pei xiu juan thought to herself.

This made the pill very nervous, fearing that it would make pei xiu juan feel bad.

"lao fu ren, if there's nothing else, I'll go back to my room."

The pill made up an excuse to leave here. She felt very embarra**ed waiting here.

He didn't know how to answer her if he asked what he was doing in this way.

"Wait, why are you in such a hurry to go back? Let's go. I have something to talk to you."

pei xiu juan walked towards the hall leisurely with a gla** of juice in her hand.

The pill panicked. 'what does Mrs. Huo want to talk to me about?' she wondered?Do you want me to leave the Gu family?

Thinking of this, the pill felt uneasy.

"lao fu ren..."

She wanted to find an excuse to go back to her room, but when she realized that pei xiu juan had already gone to the hall.

Alas... She should have been more careful today. If she hadn't met pei xiu juan, these problems wouldn't have happened.

At this moment, he was extremely regretful~

But it was useless to regret now. He could only reluctantly follow pei xiu juan to the hall and listen to what she was going to say to him,

pei xiu juan sat on the sofa leisurely, drinking juice and enjoying it. She seemed to be waiting for pei xiu juan's words.

"What are you doing?Sit down. "

Seeing that the pill seemed to be very nervous, pei xiu juan waved her hand to let her sit down.

ADVERTISEMENT

"It doesn't matter, lao fu ren. I'll just stand there. If you have anything to say, just say it. I'll listen to you."

The pill looked like a good girl. Facing pei xiu juan, she was still nervous, but couldn't relax.

"I'll let you sit down. Why are you so awkward?"

pei xiu juan opened her mouth again, and the pill was not easy to refuse. She sat down as pei xiu juan asked.

"Thank you, lao fu ren."

"Wait, what did you call me just now?lao fu ren?Haven't I told you many times?Don't call me lao fu ren and lao fu ren. Am I that old?Could you habitually remove the first word?Damn it! "

When pei xiu juan was about to talk to the pill, she felt uncomfortable when she heard the way she called herself. So before that, she reminded the pill again.

"Okay, okay. I'll keep that in mind, Mrs..."

The pill covered her mouth subconsciously, fearing that she would say something wrong again.

"Okay, just remember it.I'll get to the point.Why did you go upstairs just now?Don't tell me that you are going to take care of chen chen and han han. I know. They should be asleep now. "

pei xiu juan looked at the pill with a hint of slyness in her eyes. As soon as she asked, the pill became more nervous and didn't know how to answer.

'what should I do?How could he answer her question?She had to find a way.

"Mr. Brian and chen chen han han just came back, so I prepared some hot milk for them and brought it upstairs."

The pill looked at pei xiu juan innocently, hoping to convince her.

"Send me a gla** of milk and put it on like this?"

pei xiu juan had already guessed the thoughts of pills. She was at that age too. How could she not know?

ADVERTISEMENT

Besides, pei xiu juan's son was so handsome and capable. Every girl liked him?

"Well... I dressed up for my friend's birthday today."

The pill couldn't tell her the reason why she dressed like this was to make gu jin yi notice her, so she kept making excuses in her mind.

"Pill, if you lie again, I have nothing to say. I don't like girls who always find excuses."

Seeing that the pill had been looking for a reason, pei xiu juan guessed that it must be caused by nervousness, so she deliberately repeated it.

Hearing this, the pill refiner guessed that pei xiu juan might have guessed something, so she didn't say anything more but lowered her head in silence.

It was better not to say anything in an emergency.

"Elixir, let me ask you, do you like our son?"

pei xiu juan moved aside, closer to the pill, and asked softly.

In order not to make the pill so nervous, she thought it was just a chat.

"My lady!Please don't kick me out of the Gu family. I just want to stay here and stay with Mr. Gu. I don't dare to ask for anything else. "

The pill didn't expect pei xiu juan to ask such a question, which caught her off guard. It was really a surprise for the pill.

The pill suddenly knelt down in horror.

"Hey!What are you doing?Get up quickly. Who said he would kick you out of the Gu family?It's too late for me to keep you here! "

pei xiu juan held up her arms and smiled at her kindly.

chapter 451

"Madam..."

The pill frowned and didn't understand what pei xiu juan meant.

"Don't be so nervous. Get up first."

pei xiu juan sat beside her after she asked the pill to stand up. "In fact, I also want to find a companion for him. After thinking it over, you are more suitable."

pei xiu juan still wore a smile on her face, but she became more restless when she heard this.

The pill muttered in fear, 'what do you mean by that?Are you embarra**ed to let me leave the Gu family directly, so you need to find a reason?How could Mrs. Gu really let me stay with Mr. Gu? It's so ironic.

"Mrs. Carla, I won't do that again. Please don't drive me away..."

The pill kept apologizing and begging.

"Pill, what are you talking about?Did you hear what I said? "

pei xiu juan didn't understand what the elixir was talking about.

The pill refiner looked at pei xiu juan with a big smile on her face.

Gradually, the pill became less nervous.

"Mrs. Carla, are you serious?Can I really stay with Mr. Gu? "

The pill felt that everything came so suddenly that she didn't think it was true.

This was what she had always wanted, but it turned out to be true.All this seemed to be a dream. It was incredible and shocking.

"Of course it's true!Am I kidding you?Or you don't want to? "

pei xiu juan asked deliberately, because she knew that no woman would refuse to be the wife of the CEO of the Empire group.

After all, this t**le and position were what every woman dreamed of.

"Yes!Of course I'm willing to. As long as I can stay with the Gu family and be with the CEO, I'm willing to do anything! "

The pill agreed without hesitation.

The pill thought that the God gave her this opportunity, indicating that she was worth it, and that the God was helping her.

"You don't have to do anything. Just stay here and be with him. Take good care of him and my two precious grandsons."

pei xiu juan didn't have much requirements for her. She just hoped that she could take good care of the family.

“Madam, don’t worry. I promise I will take good care of them!”

The pill was extremely excited at the moment, and its heart was full of excitement, and its face was also filled with a satisfied and happy smile.

But it suddenly occurred to her that did he know what pei xiu juan had told her? If he knew it, would he allow her to be with him all the time? AINING stream

Seeing this, pei xiu juan thought there was something wrong with the pill, so she asked in a low voice, “what’s wrong? What else are you not satisfied with? Tell me everything.”

“No, my lady. How can I not be satisfied! I’m wondering if Mr. Gu... Will he agree to what you have told me?”

The pill expressed her doubt.

“You don’t have to worry about that. I know my son well. I will find a way to persuade him. You just need to do your job well. Don’t worry about other things. I will handle them.”

pei xiu juan said to the pill confidently, as if she was determined to get it.

Hearing pei xiu juan’s words, she felt relieved.

“Yes, yes! Thank you, Mrs. Carla! I will take good care of this family with all my heart and soul.”

The pill was more excited than winning a lottery.

“Well, you can go to bed now. I’ll take you to buy some clothes and jewelry when I have time. The daughter-in-law of the Gu family is not so casual.”

pei xiu juan looked at the elixir carefully. Although she was well dressed today, the rustic aura around her couldn’t be concealed. So she planned to transform her well and didn’t want her to lose the face of the Gu family.

The pill nodded in confusion. She didn’t know what to say at the moment.

pei xiu juan’s words made her feel a little uncomfortable. It was obvious that her pill didn’t match the Gu clan, but what could she do?

She decided to put up with the pill. As long as she could stay here, she would have more chances to turn over in the future. She would make everyone respectful to her in the future, and no one dared to say anything bad about her.

.....

Tonight, she couldn’t fall asleep. Thinking of what pei xiu juan had said to her, she felt it unreal. She was afraid that everything would be a dream when she woke up tomorrow morning.

She couldn’t help but feel excited. She looked at the room she was living in and thought about gu jin yi’s room. How big the difference was! But soon, she could live in such a delicate room and lie on the incomparably soft bed.

Thinking of this, the pill fell asleep with excitement and joy

The second morning.

She got up early to make breakfast for them.

She thought that she should behave well these days so that gu jin yi's impression of her would change.

At this time, pei xiu juan also went downstairs. She always went to bed early and got up early.

At the sight of pei xiu juan, the pill refiner in the kitchen greeted her warmly, "good morning, madam!"

The pill had thought that pei xiu juan would also enthusiastically walk over to help her, but to her surprise, she replied expressionlessly, "hurry up. My son is going to work out and he will come back soon. What if he comes back with breakfast not ready?"

Then she went upstairs.

"Go check if my two grandchildren are awake."

pei xiu juan muttered happily as she walked down the stairs. She hadn't seen them since yesterday morning and missed them so much, so she planned to go to the two babies' rooms to see them.

The pill was left alone in the kitchen. Seeing pei xiu juan go upstairs, she threw the duster cloth to the ground and vented her anger on it.

"Damn old lady!"

The pill was depressed to death. Thinking of pei xiu juan's good attitude to her yesterday, why did she suddenly change into a different person this morning, she felt as if her head was going to explode.

The weather was changing so fast. She didn't know what pei xiu juan meant?

chapter 452

Just when the pill was about to vent its anger, gu jin yi came back. The pill picked up the duster cloth on the ground, instantly changed its attitude and greeted him with a smile.

"Mr. Gu is back."

As soon as she saw gu jin yi, she forgot all her worries and resentment.

gu jin yi nodded, "good morning."

He didn't have any comments on the pills because of what happened last night. In other words, he didn't take them seriously.

Therefore, he treated the pills the same as before.

Then gu jin yi went upstairs.

The pill refiner was overjoyed at his casual words.

“Mr. Brian seems not to take what happened last night seriously. That’s great...”

The pill was muttering to herself in the kitchen. She was worried that gu jin yi would be more indifferent to her because of what happened last night.

.....

Not long after, pei xiu juan went downstairs with two babies, and then, after changing her clothes, he went downstairs.

The pills were just put on the table, so they went straight to the dining room to have breakfast.

On the table.

“Daddy, remember to take us to the hospital to see Aunt Celia today.”

han han reminded gu jin yi while having breakfast.

“I always remember that I will take you there when I come back early in the evening. You must behave well when you go to the kindergarten today.”

ADVERTISEMENT

gu jin yi didn’t forget it and exhorted.

“It’s good that Daddy remembers it. I thought he forgot it. You can relax! We all listen to our teachers in the kindergarten.”

han han pouted and acted like a spoiled child.

Looking at gu jin yi’s formal clothes, she knew he was going to the company. She thought he would come back very late today, so she wouldn’t take them to the hospital to see Celia.

During the breakfast, there was a call from the company. He had to go to the company early.

Seeing this, pei xiu juan said, “Jin Yi, you can go to the company first. I’ll drive chen chen and han han to the kindergarten later.”

The two babies nodded in cooperation with their grandmother.

“Daddy, go ahead with your work. We haven’t gone to school with grandma yet!”

chen chen said thoughtfully.

“Then I’ll ask grandma to send you to school. Daddy will pick you up early today.”

After breakfast, the two babies sent their daddy out.

“Daddy, we are waiting for you in the kindergarten!”

As soon as gu jin yi went out, he saw the two babies waving at the door.

gu jin yi gave them a doting smile, waved at them and got in the car.

After gu jin yi left, pei xiu juan went upstairs.

After a while, the two babies packed their schoolbags and were ready to go to school.

Seeing that pei xiu juan hadn't come downstairs, the two babies were about to go upstairs to call her. At this time, pei xiu juan just walked downstairs slowly.

"Grandma, can we set off now?"

The two babies were always so active at school. They asked hurriedly as soon as they saw their grandmother coming downstairs.

"Okay, okay!"

pei xiu juan went upstairs and changed a set of decent clothes. After all, it was the first time that she sent chen chen and han han to the kindergarten. She couldn't leave a bad impression on them.

"Grandma, you seem to have changed a set of clothes, right?"

The observant han han noticed it at a glance.

"What do you think? Does grandma look good in this dress?"

pei xiu juan asked the two babies happily.

The two babies smiled innocently and nodded at the same time.

"That's good. Let's go to the kindergarten."

Then, pei xiu juan went out with two babies.

Along the way, the three of them talked and laughed, feeling that they would arrive at the kindergarten soon.

When they arrived at the gate of the kindergarten, some teachers were waiting for the students.

When she saw the female teacher of chen chen and han han, she greeted them happily, "the children of ning han xi and Ning Hanxi are here!"

Because the two babies were boy and girl twins and they had made a movie, they became famous in the kindergarten. Every teacher in the kindergarten knew them.

"Hello, teacher!"

"Hello, teacher!"

The two babies said at the same time with a big smile on their faces.

How could such a cute and polite child not be liked?

pei xiu juan and the two little babies slowly approached the teacher. Only then did the female teacher notice that it was another lady who came to see chen chen and han han off today.

“Dear John, mommy and daddy didn’t come today. It’s aunt who sent you here. You are so happy!”

When the female teacher saw pei xiu juan, she thought she was the aunt of two babies.

The two babies were stunned and looked around. Who was the teacher talking about? Auntie? No Auntie?

They didn’t understand what the teacher said for a while. When they saw the teacher nodding and smiling at their grandmother, they immediately understood that the so-called aunt referred to their grandmother!

At this time, pei xiu juan heard the teacher’s words and lowered her eyes with embarrassment.

She even recognized herself as the aunt of chen chen han han, which meant that she was still very young, and she was very happy in her heart.

“Teacher, this is not our aunt. She is our grandmother!”

han han explained hurriedly.

“Is our grandma very young and beautiful?”

chen chen praised.

“Oh my God! You are their grandmother? I’m so sorry. You look so young and your skin is so good. I thought you were their aunt. You take good care of yourself!”

The female teacher looked at pei xiu juan with admiration. Her skin was so good. No wonder people would mistake her.

chapter 453

Hearing what the female teacher said, pei xiu juan touched her face and smiled shyly “Thank you for your praise. But women still need to take care of themselves. I’m a natural beauty. My skin is much better than others. It’s easy to take care of it.”

As soon as pei xiu juan was praised, she began to feel complacent.

“Yes, you are right. Your skin is very important.”

The teacher replied with a smile.

“Wow!”

pei xiu juan asked in surprise.

The teacher and the two babies looked at her.

“Grandma, what’s wrong with you?”

“chen chen, han han, grandma, what’s wrong with you?”

“Miss, your face...”

pei xiu juan frowned and stared at the woman teacher’s face.

The teacher touched her face subconsciously, and the two babies also looked at their teacher’s face subconsciously. The teacher took out her mobile phone to take a photo, thinking that there was something dirty on it. “What’s wrong with my face?Is there anything dirty? ”

But it turned out that everything was normal and her face was clean. The female teacher put down her phone at ease.

“It’s not just dirty?Your pores are badly blocked!Your wrinkles are quite obvious. Don’t you take good care of them?Women should spend more time on it. ”

“.....”

As soon as pei xiu juan said this, the female teacher’s eyes turned red and she was speechless.

It was so embarra**ing.

When the two babies heard the conversation between their grandma and the teacher, they wiped their sweat and prayed in their hearts, ‘grandma, please don’t say anything more. The atmosphere is getting more and more embarra**ing.’.

.....

pei xiu juan had been talking about “how to keep fit” for more than ten minutes, but she could tell that the teacher didn’t want to continue.

But pei xiu juan didn’t realize that she was immersed in how to maintain her skin.

“Grandma, we’re going in. The cla** is about to begin. You can go home first. Be careful on the way.”

Noticing that their grandmother was chatting more and more excitedly, chen chen han han tugged at the corner of her clothes and reminded her.

“Okay, okay. You can go in now. Grandma is also back.”

“Let’s talk about skin care next time. I think I have a lot of experience in skin care these years. I’ll share it with you next time!”

Before leaving, pei xiu juan chatted with her teacher.

“Well, well, well.”

It could be seen that the teacher had nothing to say. At this moment, she also hoped that pei xiu juan could leave as soon as possible.

She covered her face with her hand~

After saying that, the two babies waved at pei xiu juan, "goodbye, grandma!"

" Good bye ! "

pei xiu juan suddenly waved at her two grandsons in English.

The female teacher was surprised and stood still in a daze.

This granny was a little quirky.

"Teacher, I'm leaving now!"

"Okay, take care."

After saying goodbye to the teachers, pei xiu juan left the kindergarten reluctantly.

On the way back home, pei xiu juan was also very happy. It seemed that she still needed to take care of her skin when she was old, which made her look young~

Last time, she went to the beauty salon to have a hairdressing. She felt good. This time, when she sent chen chen and han han to the kindergarten, even their teachers said so. It seemed that what the girl said was reasonable.

On the way home, pei xiu juan thought that since she wanted to take the pills as her daughter-in-law, she couldn't treat her shabbily, let alone lose the face of the Gu family. So she planned to take the pills to the reconstruction.

.....

Not long after, pei xiu juan arrived at home. At this time, she was sitting in the hall, eating melon seeds and watching TV. Since there was no one at home now, she could do whatever she wanted.

As soon as she heard the door open, she quickly turned off the TV and hid the melon seeds on the table.

She walked slowly to the door and saw pei xiu juan come back. She sighed in her heart, 'fortunately, I'm quick. I'll be fine if madam sees me...'

"Mrs. Carla, you are back."

The elixir greeted with a smile and immediately went to change the shoes for pei xiu juan.

"Ouch! Why are you dressed like this today? It's so bumpy. Change your clothes quickly and come out with me."

As soon as pei xiu juan entered the room, she saw the pills with a disgusted look on her face. She wanted to take her out, but when she saw her dressing, she was not in the mood at all.

The pill was still confused. "What?"

"Don't you understand what I said?Go get changed and come out with me later. "

pei xiu juan felt that the reaction of the pill was too slow, and she seemed a little impatient.

“Yes!!’ll be right there.”

The pill didn’t ask any more. Although she didn’t understand why pei xiu juan asked her to do so, she had to do as she was told.

The pill refiner went back to his room and changed into clean and fresh clothes before coming out of the room.

“Well, that’s more like it. It won’t be so sloppy.”

pei xiu juan looked at the pill and shook her head helplessly. Although there was nothing satisfied, it made sense.

“Let’s go.”

Then she went out with pei xiu juan.

Along the way, the pill was silent, but pei xiu juan spoke first.

“Do you want to know why I took you out?”

pei xiu juan had already known the doubts of the elixir, so she told her idea.

The pill nodded immediately. She was confused, but she didn’t dare to ask more.

“If you want to be my daughter-in-law, of course you have to have a good image. You can’t lose the face of our family if you go out. That’s why I took you out today. I want you to look like a country girl.”

pei xiu juan said it clearly, and the pill finally understood.

The pill said happily, “does it mean that Mrs. Huo has accepted me and really wants me to be her daughter-in-law?”. WOW WOW WOW WOW!!’m going to be a rich man. I’m going to have everything I want!

chapter 454

From the very beginning, pei xiu juan took the pill to a shopping mall.

They came to a high-end and high-grade clothing store. As soon as they saw pei xiu juan, the shop assistants welcomed her warmly. It seemed that they were very familiar with pei xiu juan.

Looking at the clothes beside her, the pill refiner picked up the label and looked at it. Oh my God, it was too expensive. She couldn’t make so much money to buy such a luxury in her life. For the pill refiner, she decided that the quality of her life here was really different from hers.

The pill pretended to be calm. Even if she didn’t wear such good clothes, she couldn’t show it in front of others.

“Help me pick some suitable clothes for her.”

Hearing pei xiu juan's words, the shop assistants pushed the pills into the fitting room.

She knew that pei xiu juan was a rich lady and she would have to pay for it as soon as she came here, so she gave priority to serving her.

The pill was pushed into the fitting room before he knew what had happened.

"Miss, let's try this one first. Your skin is so good, and this bright dress will make you look particularly beautiful and elegant!"

The shop assistant's words made the pills very happy, so they tried on several sets according to their styles.

She felt embarrassed to ask the waiter to try them on, so they waited outside the fitting room. When the pills were almost put on, they would go in and adjust them for her.

Looking at these beautiful clothes, the pill was full of envy. When could she afford such clothes?

She touched the fabric and looked at the style of the clothes. She had never seen it before.

Two waiters outside the fitting room were whispering about the pills in the room.

"Who is it? Why did Mrs. Pei bring such a person here. It's funny that she looks so innocent."

A waitress whispered in another waitress's ear.

Although the voice was very low, she still heard it when the pill in the fitting room approached the door.

ADVERTISEMENT

"Who knows? Just now, when she saw the price of the clothes, her eyes almost fell out. I guess she must be a poor relative of Mr. Pei."

Another waiter replied.

"You know what? There are so many stories about poor relatives turning to rich families."

"Hiss, hiss, hiss..."

The two waitresses smiled insidiously, looking down upon people like elixirs.

"Shh... Keep your voice down. Don't let her hear you."

A waitress reminded another waitress.

She quickly covered her mouth, afraid that she would laugh too much.

At this moment, the pill was sticking against the door and listening to the conversation between the two waiters. She breathed angrily and was about to open the door and curse the two of them. But when she thought that pei xiu juan was still here, she couldn't make trouble here, in case of unnecessary trouble, so she chose to hold back her anger.

After changing her clothes, the pill refiner came out by herself. She ignored the two waiters and walked out directly.

Every time she tried on a dress, she would show it to pei xiu juan. Only when she was satisfied could she have a look.

pei xiu juan looked her up and down carefully, "well, not bad. At least, the scent of countryside has disappeared."

After changing another set, pei xiu juan thought it was not a big deal. After all, the clothing matching masters here were quite advanced, and it was easy for them to match clothes with pills.

But pei xiu juan felt something was missing.

yes!It was her hair style, so it was not so comfortable to wear clothes.

After a while, they walked out of the fitting room

ADVERTISEMENT

Come here.

"Just wear this one. You don't need to change your clothes."

pei xiu juan didn't want to see the pill in her previous clothes, so she asked her to put on the new clothes directly.

"Pay for the clothes you tried on just now. How much is it?"

pei xiu juan went to swipe her card. How much did it cost to buy so many clothes?She wanted to stop pei xiu juan, but stopped after thinking for a while.

Anyway, she didn't need to spend the money. Why not? Someone bought her clothes?

And from this moment on, she would gradually become a rich person... The money for clothes would be just a piece of cake for her in the future. In the future, this kind of high-end shopping mall would be her daily routine.

And those who looked down upon her pills would make them regret in the future!

After buying the clothes, pei xiu juan went to do a hair style with elixir. Sure enough, with the clothes she just bought, they were a perfect match. She was totally different.

At last, pei xiu juan took some pills to her beauty club last time. Only when her skin was good, she could get dressed and makeup smoothly.

Looking at her rough skin, pei xiu juan didn't want to say anything. She was even younger than her, a more than 50 year old woman.

When she arrived at the beauty club, her eyes were lit up. It was a high-end and cla**y shop.

She didn't know why she came here, but she didn't ask. She knew that if she asked one more question, others might look down upon her.

The receptionist came over as soon as she saw someone. pei xiu juan had been here last time, so she remembered her and knew that she was a rich lady.

“Madam, are you coming alone today?”

The receptionist remembered that there were two people last time, so she asked by the way.

ADVERTISEMENT

The pill stood blankly aside and no one noticed her.

Even though the elixir had been changed into famous clothes, the professional beauty receptionist could tell at a glance how rough the skin on the elixir face was. It didn't look like a rich family at all. So the receptionist didn't notice the pills.

“Two people.”

pei xiu juan said indifferently, looking at the pill.

Only then did the receptionist notice the pill that had been standing behind pei xiu juan.

“Who is this?”

The receptionist hadn't seen any pill yet, and she had an indescribable aura, which made the receptionist dare not recognize people randomly.

“This is my daughter-in-law.”

pei xiu juan said seriously.

The receptionist and the pill refiner's faces changed instantly when they said this.

The receptionist never thought that pei xiu juan had such a daughter-in-law. She felt that they were not from the same family at all.

The pill was unexpected. She didn't expect that pei xiu juan would admit that she was the daughter-in-law of the Gu clan so soon in front of others. In fact, she was a little happy at the thought of the pill.

“Oh, okay. Have some tea. I'll arrange a room for you in the back.”

Then she left in embarrassment.

chapter 455

The pill kept silent, lowering its eyes.

This made pei xiu juan even more angry, “why do you always stand there? Come and sit here. I won't eat you. It's true!”

pei xiu juan looked helpless. She said it was difficult to communicate with pills.

“Yes, sir.”

The pill nodded and slowly walked over to sit on the sofa beside.

“What’s wrong? Am I scary? She didn’t say a word with me. People who don’t know me might think I’m fierce!”

pei xiu juan looked arrogant. She was really annoyed by the pill’s hesitation and cowardice.

“No, No. I just feel a little uncomfortable.”

The pill explained in a hurry.

She didn’t say anything, nor did she keep silent. What should she do?

“Our daughter-in-law will not be as incons***uous as you. You have to let others notice that you are a good person, instead of hiding behind me like a clown.”

pei xiu juan’s words seemed to remind the pill. She nodded and said, “I know, madam. I’ll pay attention to it in the future. No, I’ll be careful from now on.”

pei xiu juan simply told her not to be so obsequious with pills. She didn’t expect that there were some other ideas in her mind, and she even wanted to change herself from what she was now.

At the same time, Roger was changing clothes in another beauty room. She had done skin care here and was about to go back.

Soon, the receptionist came over again and said with a smile, “madam, your room has been arranged. Please follow me.”

The pill stood up bravely and supported pei xiu juan to walk side by side with her.

At this moment, ruo huan yan came out of her room.

As soon as she went out, she saw pei xiu juan and the pill. She had glanced at them before, but didn’t pay attention to them. When pei xiu juan and the others walked over, she realized that she seemed to have met pei xiu juan somewhere, and she looked a little familiar.

ADVERTISEMENT

Then she turned to look at pei xiu juan and others.

ruo huan yan frowned and murmured to herself, “he looks familiar. Who is he?”

ruo huan yan still didn’t remember. Then she walked away without thinking too much.

She walked to the front desk and heard the conversation between the two receptionists.

“I heard that the woman next to Mrs. Gu is her daughter-in-law. I really can’t see it. Mrs. Wendy is from a rich family. How could she have such a daughter-in-law?”

A receptionist exclaimed.

“There is one more thing that you will be more shocked if you tell me.”

The other receptionist seemed to want to tell her a big secret.

“What? What else I don’t know?”

“We only know that Mrs. Gu is rich. It turns out that she is not an ordinary rich person.”

“Just tell me. Don’t keep me in suspense.”

One of the receptionists looked a little anxious.

“You must know the Empire group, right? The mother of the CEO of the Empire group!”

Another receptionist said in surprise.

“Really?”

She asked in disbelief.

.....

And these words were clearly heard by Roger 11.

When she heard these words, she suddenly remembered who pei xiu juan was.

It turned out to be gu jin yi’s mother!

She didn’t feel surprised to meet pei xiu juan here. After all, it was normal for rich people to do skin care, so she didn’t care about it.

But the girl next to pei xiu juan seemed a little strange and had no impression of her at all.

She held pei xiu juan’s hand intimately. They came here together. Just now, two receptionists said that the girl was pei xiu juan’s daughter-in-law. How could it be possible?

The more ruo huan yan thought about it, the more wrong she became. Hadn’t he married Ning Xi? Why was there another so-called daughter-in-law?

ruo huan yan intended to ask the receptionist about them.

She pretended to be calm and walked to the front desk. The two receptionists smiled silently as soon as they saw someone coming out.

“Is that Aunt Alice?”

ruo huan yan called pei xiu juan aunt on purpose to show the familiarity between pei xiu juan and her, so that the receptionist was not more vigilant.

“Susie, do you know her?”

ruo huan yan was a regular customer here, so the receptionist knew her at the first sight.

As expected, the receptionist thought they should know each other.

“Yes, she is quite familiar with her son.”

ruo huan yan nodded with a gentle smile.

Hearing this, the two receptionists suddenly changed their expressions. Oh, no, this was another big shot.

ADVERTISEMENT

The woman in front of them actually knew the CEO of Empire group and was quite familiar with him. It seemed that she had a special identity!

Instantly, he respected ruo huan yan even more.

They all knew that it was very difficult to get the president of the Empire group. Besides, he didn't attend any meetings or parties, so many people hadn't seen him. Even if they had seen him on TV, they thought he was unpredictable.

They didn't expect that the woman in front of them was Mr. Gu's friend. It was rare to see her.

The two receptionists wanted to take this opportunity to ask ruo huan yan more about gu jin yi, but they wanted to say something but stopped on a second thought. They were afraid that the supervisor would see them during working hours and the camera was still there.

ruo huan yan could tell that they were interested in gu jin yi, so she wanted to know who the girl who went into the room with pei xiu juan was.

"By the way, who is the girl beside Aunt Alice? Do you know each other?"

ruo huan yan asked casually, fiddling with her hair.

"I heard that she is Mrs. Pei's daughter-in-law!"

A receptionist whispered to ruo huan yan, "they like gossip, but they should be careful when it comes to gossip."

"Aunt Alice's daughter-in-law? Don't make fun of her. I know her daughter-in-law! I not only know her son, but also her daughter-in-law. So how could this girl be Alice's daughter-in-law? You must have made a mistake."

ruo huan yan pretended to be familiar with gu jin yi and Ning Xi. Her words confused the two receptionists.

"What? Then what happened?"

When she heard pei xiu juan say that the pill was for her daughter-in-law, the receptionist was confused. She frowned and said, "how could this be? But Mrs. Pei said it herself. Did I hear it wrong?"

"Ha ha, you must have misheard me. I'm leaving now."

Hearing what the receptionist said, ruo huan yan pretended to be calm. She knew what she wanted to know, so she didn't say anything more and left the beauty club directly.
