chapter 456

The two receptionists were still confused. They were confused when they heard what Roger said just now. They felt so complicated. Who was the real daughter-in-law of the Gu family?

After coming out of the beauty club, ruo huan yan recalled what the two receptionists had just said. She had a lot of questions.

If she knew that they wouldn't lie, pei xiu juan would definitely say that the girl was the daughter-in-law of the Gu family, or the two of them wouldn't talk nonsense. But who was that girl? Why did she become the daughter-in-law of the Gu family?

Wasn't gu jin yi with Ning Xi? Was it because Ning Xi was gone and found another man?

It shouldn't be. Did gu jin yi abandon Ning Xi so soon?

ruo huan yan thought as she walked.

Thinking of this, she gradually figured it out.

That's right. Who is he? As the CEO of the Empire group, he couldn't give up his marriage just because of Ning Xi. It was normal for him to have a new girlfriend now.

Then, it suddenly occurred to her that she had met a woman in the restaurant last time.

gu jin yi was going to marry another wife while dating with that woman. What a jerk!

ruo huan yan scorned. It seemed that Ning Xi was just a dispensable woman in his life.

Thinking of this, she was inexplicably happy, because Ning stream was not as happy as she had seen before. All this was on the surface, and she felt a balance in her heart.

Susan said that the woman she met in the restaurant that day was not Ning Xi, and ruo huan yan had an intuition that the woman was Ning Xi.

If that was the case, then it would be interesting if the news that gu jin yi had hidden a woman in his house while staying with Ning Xi was spread out

ruo huan yan's lips curled into a smile, and an evil idea came to her mind

On the other side, Jonny went out this morning, not to the company, but to the hospital.

It was the doctor who diagnosed Ning Xi. Jonny went to his place again.

In the office.

The doctor and gong hao yu sat face to face. As soon as he arrived, he knew how Ning Xi was doing.

"wang shu, I often have a headache. Is my condition getting worse?"

gong hao yu pretended to inquire.

“Jonny, I was about to call you. The lady came to see me two days ago.”

Because this doctor had some relationship with gong hao yu, the doctor did not hide it.

“Has Tianxin ever been here?”

As soon as the doctor’s words came out, Jonny’s face changed.

He seemed to have guessed the purpose of Ning Xi coming to the hospital.

“Yes, and she has known her own condition.”

The doctor said honestly.

gong hao yu was lost in thought. Ning Xi didn’t ask him, but came to the hospital to ask about the situation, indicating that Ning Xi was suspecting something, and she might have remembered something that she didn’t want him to know.

“wang shu, is there any medicine that can make people forget the past?”

gong hao yu asked anxiously.

He began to worry that Ning Xi would remember everything in the past and that she would leave like this.

The doctor was confused by gong hao yu’s question. He didn’t understand what he meant.

However, it was not until he saw the doctor’s confused face that he realized that his words shouldn’t be so direct. Instead, they would make others suspect him. He then explained.

“No, I mean, is there any medicine that can affect memory recovery?”

“Of course, there are some medicines that can’t be touched. As long as you go to more familiar places and see more familiar people, your friend’s memory will slowly recover.”

The doctor thought that Jonny was concerned about the memory recovery of Ning Xi, so he told him the way to help him recover his memory.

“Okay, thank you, wang shu. I see.”

.....

After chatting for a while, the two of them learned from the doctor what medicine could prevent memory recovery and make the memory gradually fade away.

As soon as he left the hospital, he asked someone to buy him this so-called medicine that could prevent memory recovery.

This morning, Jonny didn’t go to the company. He went home directly after getting the medicine.

gu yi ran and her son happened to be sitting in the hall. They felt a little strange when they saw that Jonny suddenly came back.

“Daniel, why do you come back at this time?”

gu yi ran asked by the way.

“I forgot to take something. Come back and take it down.”

gong hao yu explained casually, showing nothing wrong. He walked slowly to the living room.

gu yi ran nodded and said nothing.

“Where is Tianxin?”

gong hao yu didn't see Ning Xi downstairs at this time and thought she had gone out again.

“She is upstairs.”

gu yi ran pointed at the stairs and went upstairs to find Ning stream.

When Jonny was about to go upstairs, she noticed the bag in his hand.

It was the hospital's packing bag. She thought that it was because of the illness of Jonny, so she asked with concern, “what's wrong with you?Why did you go to the hospital? ”

Only then did gong hao yu notice that gu yi ran had seen the bag in his hand.

Then, she stood up and wanted to take the bag in gong hao yu's hand to see what was wrong with him.

gong hao yu subconsciously turned around and put the bag in front of him. “I'm fine. It's not mine. It's Tianxin's tonic.”

gong hao yu explained, seeing that she wouldn't stop until she saw it.

“It's Tianxin's!If you hadn't told me earlier, I would have been worried. ”

gu yi ran curled her lips and sat on the sofa again.

“Now you can rest assured. I'll go upstairs and give her the things.”

Then gong hao yu went upstairs.

gu yi ran didn't feel anything wrong at first, but when Jonny went upstairs, she remembered that he looked a little nervous just now. Why couldn't she take a look at the medicine?Or was it because she didn't know what was in the bag?

gu yi ran suddenly had a bad idea, but she thought that Jonny was not that kind of person, and he would never hurt her heart, so she quickly erased the idea in her mind.

chapter 457

As soon as he went upstairs, he walked to the room of Ning stream and knocked on the door gently.

“Tianxin, are you inside?”

His tone was very gentle, fearing that his sudden voice would frighten the people inside.

After a while, Ning Xi came over and opened the door.

“Daniel, why are you still at home? Didn’t you say that you would have an internship in some company recently?”

Ning Xi was puzzled. At this time, he was supposed to be in the company, not to mention that he was still an intern.

“I have a rest today, so I don’t have to go to the company.”

gong hao yu found an excuse.

Ning Xi nodded and believed her.

When she saw the bag in gong hao yu’s hand, she wanted to ask him something, but he said before Ning Xi opened his mouth.

“By the way, this is your medicine. wang yi sheng called me and asked me to get it. He asked me to tell you on purpose that you must take it on time, which will be helpful for your condition.”

gong hao yu yi remained calm, as if the medicine in the bag was really helpful for Ning Xi’s memory.

Ning Xi took the bag uneasily and thought, ‘Jonny must have known that I went to see wang yi sheng. He must have known that I have known my condition.’

“Tianxin, if you have anything to tell me in the future, just tell me. I was worried that you would think too much, so I didn’t tell you that you lost your memory at first. Are you not angry with me?”

Taking advantage of this opportunity, Jonny revealed his secret to Ning Xi. In this case, he knew that Ning Xi would not blame him.

“No, Daniel. You have been taking care of me these days. How can I be angry with you?”

As expected, not only did Ning Xi not get angry, but also he could see that Ning Xi was more open to him.

“That’s good. Then I’ll go downstairs first. Remember to take this medicine on time.”

gong hao yu told Ning Xi.

“Thank you, Daniel.”

Ning Xi nodded and said with a smile.

At the same time, he smiled at Ning Xi.

“By the way, Jonny, I have something to ask you...”

ning xiao xi’s tone was a little hesitant, and she didn’t know what to say.

“What’s wrong?”

gong hao yu saw that Ning Xi seemed to have something to say, so he asked.

“Actually... I have thought of a lot of things.”

Ning Xi told gong hao yu directly, but she didn't know that it was not a good thing for Ning Xi to tell gong hao yu about regaining some memory.

The moment ning xiao xi said this, Jonny's whole body tensed up. He frowned but relaxed for a moment. He said, “really?That's great. It seems that you've slowly recovered. ”

As gong hao yu said this, he was actually more nervous and worried than anyone else. He didn't want Ning Xi to regain his memory at all, but he didn't expect Ning Xi to remember the past so soon.

“Jonny, thank you so much. If it weren't for you, I wouldn't know where I am now.”

Ning Xi was truly grateful to gong hao yu. Indeed, without him, there might be no Ning Xi in the world.

“Tianxin, don't say that again. Just stay with me. I don't need you to thank me.”

gong hao yu stared at Ning Xi tenderly.

But Ning Xi knew that she had a family, a husband who loved her and two lovely children. She couldn't stay here with gong hao yu all the time.

She walked aside casually and said, “Daniel, since I have told you that my memory has almost recovered, I can't stay here all the time. I want to go back to my previous life, but I hope you can tell me something before I leave. I want to figure out what happened before.”

At this moment, when gong hao yu heard Ning Xi say so much, he became more restless and nervous.

He suddenly grabbed Ning stream's arms tightly, staring at her, and couldn't help saying, “no!You can't leave here! ”

“Daniel, what's wrong with you?”

ning xiao xi tried to get rid of his hand.

Only then did gong hao yu realize that he had been too emotional. He immediately let go of Ning Xi and said, “I'm sorry, my dear. I was so excited when I heard that you were reluctant to leave.”

gong hao yu explained in a hurry. In order to make Ning Xi live here comfortably during this period of time, he didn't need to worry and pressure too much.

“Tianxin, how about this? You stay here and have a good rest. I'll tell you what happened when I have time. I'll tell you everything you want to know, okay?”

Jonny knew that Ning stream wanted to know something about it, so he seized this point and left Ning stream here temporarily.

Because he knew very well that as long as he stall for time, Ning Xi would not leave when his medicine worked.

“Okay, then tell me everything next time.”

Ning Xi nodded with a smile.

“Then I’ll go first. I have something else to do outside.”

After saying that, gong hao yu turned around and was about to leave. Seeing him leave, Ning Xi went back to his room and closed the door.

Hearing the door closed, gong hao yu turned around and looked at Ning Xi’s room again.

With a hint of sadness in his eyes, he sighed in his heart, ‘Tianxin, don’t blame me. Only in this way can you stay with me forever

After this matter was done, Jonny was relieved. He didn’t need to worry that Ning Xi would recall the past, so that he could do what he wanted to do at ease.

gong hao yu went downstairs. Seeing this, she hesitated as if she had something to say, but stopped on a second thought.

Noticing her anxiety, gong hao yu asked directly, “do you have something to say, Amanda?”

“Jonny, let’s go out and have a talk.”

gu yi ran turned her head to take a look at ray, who was sitting on the sofa, and said to Jonny with a trance.

In this way, the two of them walked into the yard.

chapter 458

“Daniel, he’s back.”

She said in a seemingly calm tone, and of course, Jonny knew who she was referring to.

“It doesn’t matter. Even if he comes back, he won’t know you are in China, let alone the existence of ray.”

gong hao yu said in an indifferent tone, as if he was sure that he could handle it.

gu yi ran’s domestic affair was more important to the secret of Ray’s family background.

“But... But I don’t think we can hide it for a long time.”

gu yi ran frowned. She had been worried that ou yang and Ray would know the existence of ray these days.

gu yi ran’s words confused gong hao yu. He stared at her and asked, “what do you mean?Have you already seen her? ”

She shook her head and said in a trembling voice, “no, I haven’t seen him before, but he and ray have seen each other.”

gong hao yu suddenly became silent. After a while, he said, “they’ve already seen each other. How is that possible?”

gu yi ran nodded in confirmation.

“They have seen him more than once. Ray seems to like him very much. Since he came back last time, he has always said that he is very good. I really have no choice, so...”

gu yi ran didn’t want to tell this to gong hao yu. She knew that he had a lot of things to deal with recently. She had already bothered him a lot and didn’t want to bother him anymore. But at this point, she really didn’t know what to do? Or she chose to tell gong hao yu.

“Why didn’t you tell me earlier, Amanda?”

gong hao yu was a little anxious. He thought the earlier he knew about it, the better it would be solved.

It was also her fault that she didn’t tell him these things and thought too much.

“I thought it would be okay as long as this matter is over...”

gu yi ran lowered her eyes and looked helpless.

ADVERTISEMENT

“Tell me, how did ray meet him?”

gong hao yu wanted to know the ins and outs of the matter, so that he could better help her.

“It’s a long story. Here is the thing...”

Then, she told gong hao yu everything.

.....

Not long after, Jonny got to know what had happened. It was not until then that he knew that Ray had been missing for a night at Ray’s house in ou yang City, and it was him who had sent ray back on the second day.

That day, he didn’t see ou yang and ray. When he went out, ou yang and Ray had already left, so he didn’t think too much.

But according to what gu yi ran said, ou yang and ray certainly didn’t know about Ray’s background at present. Otherwise, he wouldn’t leave quietly after sending ray back.

“Don’t worry, Amanda. According to what you said, he doesn’t know that you and ray are with him. I will handle it well. The only thing you need to do now is not to let ray see him again.”

gong hao yu’s words made her feel a little relieved. After thinking for a while, she thought that ou yang and ray might not know about ray, or he would definitely come over.

She was worried too much and kept thinking about the bad.

gu yi ran nodded blankly. She also felt that she couldn't let ou yang and ray meet again.

Otherwise, it would be too late.

gu yi ran felt much more relieved after she told Jonny about the father and son. After that, she went back to the hall to accompany her son ray, while Jonny still went out.

.....

In the afternoon, Susan found that ye xiao xiao had also woken up. She was so worried that she went to the hospital to find out the truth.

After all, it was Susan who planned the car accident and coma of Celia. She couldn't let Celia suspect her and see if she had regained her consciousness.

When she arrived at ye xiao xiao's ward, she saw someone guarding it. She knew that it wouldn't be easy for her to get close to the ward.

Just as she was thinking about how to get close to the ward, wang yi sheng saw Susan and thought she was Ning stream, the girl that Jonny knew, so he walked over from her side and greeted her.

"Miss, how's your memory?"

wang yi sheng asked with a kind smile.

Susan was a little confused when she saw someone suddenly appear and greet her.

She frowned slightly and looked at the doctor in front of her, without saying anything.

"Miss, miss..."

Seeing that Susan was absent-minded, wang yi sheng reminded her.

"Who are you? Do we know each other?"

Susan was a little impatient and saw wang yi sheng calling her.

"Miss, you came to ask me about your memory loss two days ago. Why did you say that you don't know me today?"

Susan's reaction also confused wang yi sheng. From her eyes, wang yi sheng saw that she was so strange to him. It seemed that she had never seen the person in front of her.

wang yi sheng looked at Susan's dressing and found that she was different from usual. He couldn't tell what he felt.

Seeing that Susan was not as usual, wang yi sheng didn't say anything more and was about to turn around and leave.

Susan said at this time.

At that moment of silence, Susan seemed to think about a lot of things.

“Oh, I remember it. I’m sorry, doctor. Maybe it’s because my head hurts recently, so I don’t have a good memory. How about you check on me again?”

ADVERTISEMENT

wang yi sheng hesitated for a moment and then nodded, “Okay, come with me.”

In this way, Susan followed wang yi sheng to the consulting room.

In the consulting room.

“Doctor, can you... Can you show me my medical record again?”

As soon as Susan sat down in the consulting room, she was eager to know what had happened.

Susan knew that the doctor in front of her must have treated her as someone else, because she had never been to this hospital, let alone seen this doctor.

But the doctor in front of her knew her. There was no one in the world who looked so similar to her except for Nina.

So Susan suspected one thing.

The patient the doctor mentioned might be her, Ning Xi.

Susan was in a dilemma, but Ning Xi was dead under my plan. How could it appear again?

While Susan was thinking, wang yi sheng took out the medical record and handed it to her.

“This is your medical record.”

Susan came to her senses, picked up the medical record and looked at it carefully.

When she saw the patient’s name was “Tianxin”, the whole scene in her mind was extremely complicated.

It was her! The third woman who looked very similar to him and Ning Xi.

chapter 459

Then she looked down slowly.

The cause of the disease was the loss of memory caused by a severe impact on the brain.

Susan seemed to understand something.

ning xiao xi, Tianxin, and also lost her memory

There must be some connection between them.

“Doctor, do you think I lost my memory because of a severe impact on my brain? Have I forgotten what happened in the past?”

Susan was a little excited at once. She seemed to have an answer in her heart, but she had been looking for the ins and outs.

The doctor nodded, "after you woke up, you didn't know anyone, and you even forgot your name."

"I have forgotten who I am..."

Susan murmured, but she was thinking about all kinds of things.

"Last time you came to see you, you recovered well. You can vaguely remember something. Have you remembered more recently?"

wang yi sheng asked with concern.

Susan just pretended to smile and shook her head slightly.

.....

Susan found an excuse to leave after she learned something from wang yi sheng.

Susan felt lost after she left the hospital. She seemed to understand everything.

She walked all the way home, thinking

ADVERTISEMENT

Susan recalled the scene that she saw the woman, gu jin yi and the two children in the restaurant last time. With what she knew in the hospital now, she could roughly imagine a scene.

That woman might be really Ning Xi

Besides, Ning Xi and Tianxin might be the same person.

If Ning Xi fell from such a high place, he would not die but lose his memory.

Then, everything that happened now could be explained.

After Ning Xi lost his memory, he couldn't remember anything, and her name was Tianxin now.

Yes, it must be like this! It must be like this!

It seemed that her guess was right. That woman was most likely Ning Xi.

Susan was suddenly enlightened. She seemed to have understood all the problems she had thought for a long time at this moment.

After returning home, Susan walked into the hall in a daze.

"It's useless. I haven't seen him make any money back until now. I'm so angry..."

yan pei fen was sitting on the sofa angrily, complaining that Ning Hui couldn't make money.

Seeing her daughter Susan come in with a sad face, she stopped talking endlessly.

She stood up and asked with concern, "Susan, what's wrong with you? You look unhappy."

Susan didn't seem to hear yan pei fen's words. She still walked slowly towards the room.

Seeing that Susan ignored her, yan pei fen walked up to her and said, "Susan!What's wrong with you?!m talking to you. "

Hearing yan pei fen's loud voice, Susan finally came to her senses. "Mom!What are you doing? "

ADVERTISEMENT

Susan seemed a little impatient. She frowned and ran into the room.

"Hey!Susan... "

Before yan pei fen could say anything, Susan had already run upstairs.

"What's wrong with her today?"

yan pei fen murmured to herself on the stairs.

Susan had never been so angry in front of yan pei fen before, so her reaction this time made yan pei fen a little confused.

Then she turned around and thought about what she should do when she was penniless?

Instantly, anger rushed up again. As long as she thought that Ning Hui hadn't made any money for her family since the company closed, yan pei fen would be angry.

"What should we do?I have almost used up all my savings. What about my family's expenses in the future?Oh, My God!Why am I living such a hard life? "

yan pei fen returned to the sofa and complained.

When Susan returned to her room, she kept thinking about the fact that Ning stream was still alive, which made her restless.

She picked up her phone and was about to tell ruo huan yan about it, but she suddenly stopped. She thought it was better to meet tomorrow. After all, this matter needed to be cautious.

.....

The whole afternoon pa**ed quickly. At night, Susan dressed up and was about to go out.

When she walked out of the room, she heard the noise from the hall.

"You useless thing!Why did she go out every day?You look like a dead man when you come back. I don't think you have found a job! "

ADVERTISEMENT

yan pei fen's sarcastic voice made people feel very uncomfortable.

Harrison looked exhausted and sat on the sofa in silence.

He almost had no strength to respond to yan pei fen's scolding.

He picked up a cup of water slowly and was about to drink it. Unexpectedly, yan pei fen grabbed the cup and knocked hard on the tea table.

“Get up! You still have time to drink water here. Hurry up and find a way to make money for me!”

yan pei fen stood in front of Ning Hui aggressively, looking like a dissatisfied woman.

With one hand supporting his forehead weakly, Ning Hui took a deep breath.

yan pei fen got angrier when she saw Ning Hui motionless. She walked up to him and pushed him on the shoulder in disgust. “What do you mean? You don’t even want to talk to me now, do you? Good! As long as you can take the money back, you can keep silent all your life, and I don’t need to listen to you!”

All of a sudden, Ning Hui stood up in silence and stared at yan pei fen with a complicated look. Then, he couldn’t help saying, “I find that you have really changed. Money! Money! Now you have nothing but money! Do I need you to eat or wear? It’s so annoying!”

“What did you say? I have changed? You think I’m annoying? If it weren’t for you, how could I have lived such a life?”

Hearing what Ning Hui said, yan pei fen was furious and stamped her feet angrily.

“You make trouble day and night. I’m tired even if you’re not tired. Can’t you just stop? Forget it. I’m tired. I’ll go back to my room and have a rest. I don’t want to talk to you.”

Every time yan pei fen came back, she would face Ning brilliance in this way, so he had been used to it, so he didn’t want to say anything more to her.

When Ning radiance was about to leave the hall, yan pei fen grabbed him and asked, “what do you mean? You can’t make money, but you still say you dislike me, don’t you? what? Say something! Are you dumb?”

yan pei fen didn’t give up and insisted on asking Ning Hui about one or two things.

chapter 460

Ning radiance couldn’t stand yan pei fen making trouble out of nothing. When he was about to lose his temper, Ning Susan came out.

“Enough! You quarrel for money every day. If you keep doing this, I’ll move out!”

Susan looked annoyed.

As soon as the ning guang hui couple saw Susan, they stopped quarreling.

“Susan, how can you not come back and live with me? What if I miss you! No way!”

Seeing her daughter, yan pei fen was naturally in a better mood, and became more excited when she heard that her daughter was going to move out.

Susan crossed her arms over her chest. She didn’t want to say a word at this moment.

“Susan, don’t be angry. Dad and mom shouldn’t have argued in front of you. But... It’s all your father’s fault. He can’t make money. Now the expenses of our family are difficult. If he can’t find a job, our family will starve to death.”

Facing Susan, yan pei fen said helplessly.

Susan took a deep breath and said, “you don’t have money, do you? Okay, I’ll give you!”

Susan said as she took out some cash from her bag and threw it directly on the table.

When Ning radiance and yan pei fen saw a handful of cash on the table, they were especially surprised. The two pairs of eyes stared at the cash on the table and then transferred it to Susan.

Both ning guang hui’s parents knew that their daughter Susan had been studying abroad and hadn’t found a job yet. How could she suddenly have so much money.

“Susan, where did you get so much money?”

His father, Ning Hui, was suspicious of the unknown origin of the cash and asked in a doubtful tone.

“Susan, where did you get so much money?”

Although her mother yan pei fen was also confused, her tone was very gentle. She just wanted to know the origin of the money.

ADVERTISEMENT

Susan was stunned by her parents’ question. She just saw that scene and took out so much money at once. Now she didn’t know how to explain where the money came from.

“It’s none of your business. Now that you have money, stop arguing!”

Then Susan ran out of the house.

“Susan, where are you going this evening?”

“.....”

yan pei fen didn’t stop her, and before Ning Hui could stop her, Susan had already run out of the door.

There were only the two of them in the room. After Susan left, they looked at each other in confusion, and then looked at the cash on the table in confusion

On the other side, Edmund had already picked up chen chen and han han from the kindergarten. After dinner, he took them to the hospital to see Celia. The two babies were in a good mood, talking and laughing in the car.

“I haven’t seen aunt Celia for a long time. I miss her so much...”

“Aunt Celia must be very happy to see us!”

.....

The two babies were thinking about the scene of seeing Celia later.

“When Aunt Celia is discharged from the hospital, she can play with you often.”

gu jin yi also chatted with the two babies.

“Oh, yeah! That’s great. Aunt Celia is finally fine. She can be discharged from the hospital!”

han han was so excited that she didn’t know what to do.

“That’s great. Mommy will be happy if she knows the news.”

chen chen said in a joyful tone, as if he was thinking about something.

He just thought that his mommy, Ning Xi, hadn’t completely recalled the past, so he had a feeling that he couldn’t let go of her.

The three of them kept talking about this topic all the way. The time passed quickly and soon they arrived at the hospital.

As soon as the three of them got out of the car, they attracted the attention of many people in the hospital.

The three of them walked into the hospital and became a beautiful scenery, which was not much better than those famous stars.

But in order not to attract too much attention, the three of them quickly entered the elevator and came to the corridor of ye xiao xiao’s ward.

Along the way, the two babies looked around. They didn’t know which ward ye xiao xiao was in. They were full of expectation and wanted to see her as soon as possible.

Of course, gu jin yi noticed the urgency of the two children, so he took them to the ward of ye xiao xiao without hesitation.

As soon as she pushed the door open, the two babies saw ye xiao xiao lying on the bed. They ran in as soon as they saw her. “Aunt Celia!”

“Aunt Celia!”

chen chen and han han shouted at the same time.

ye xiao xiao, who was a little sleepy, felt better when she heard two familiar voices which she missed very much.

She turned to look, “chen chen, han han!”

ye xiao xiao was excited to see the two babies.

It seemed that he had been lying on the bed for a long time.

She didn’t know how long she hadn’t seen the two of them, chen chen and han han.

As soon as the three of them met, they hugged each other tightly, and their hearts were surging beyond description.

“Aunt Celia, you finally wake up. We all miss you so much...”

“Yes, I’m so afraid that you will always lie here...”

The two babies’ eyes turned red when they saw Celia.

“It’s all our fault. You had a car accident and bled a lot. It must be very painful...”

“If it weren’t for us, you wouldn’t have slept here for so long...”

The two babies felt guilty. They thought that the reason why Celia had been lying in the hospital for so long was to save them.

“Silly bao bao, don’t be sad. It’s none of your business. Besides, aunt Celia is in good health now! I’ll be discharged from the hospital in a few days, and then I can often accompany you.”

Like a mother, ye xiao xiao stroked the heads of the two babies. Seeing their sad and remorseful faces, she felt especially sorry for them, so she comforted them immediately.

“Chen chen and han han know that you have woken up and come to see you all the time. I really can’t stop them.”

Seeing the intimate scene of the three of them, gu jin yi couldn’t help saying, in order to ease the sad atmosphere.

“Of course? I have watched chen chen and han han grow up. Of course I miss them! Are you my babies?”

ye xiao xiao looked arrogant. She felt chen chen and han han like her own child.

chen chen and han han kept nodding, “I miss aunt Celia every day!”

The two of them chatted with Celia for a while. Gradually, their mood changed from sadness to joy.

chapter 461

Celia looked around and found that Ning stream didn’t come. She was a little confused when she saw gu jin yi standing aside.

“Where is the stream? Why didn’t she come with you?”

ye xiao xiao looked out of the ward and didn’t see Ning Xi. Then she looked back at gu jin yi.

Then, the two babies turned to their father, gu jin yi, and whispered in their hearts, ‘it seems that Aunt Celia doesn’t know anything. Didn’t daddy tell her about Mommy?’

Of course not. Otherwise, aunt Celia would ask us. Besides, she had been in a coma for so long, and she didn’t know so many things had happened.

“It’s a long story.”

gu jin yi said in an indifferent tone. There seemed to be a lot of helplessness in his words.

Hearing this, ye xiao xiao frowned. She could feel that something must have happened to Ning stream.

Otherwise, how could she not come with chen chen and han han?

Thinking of the day when ye xiao xiao came to see her, she felt something was wrong with her, but she couldn't tell what was wrong with her.

At that time, ye xiao xiao didn't think too much. Now it seemed that there was really something wrong.

ye xiao xiao couldn't wait to ask the two babies.

"chen chen, han han, tell me, what happened to your mommy?"

"Mommy doesn't remember us..."

han han lowered her eyes and pouted.

ye xiao xiao was confused by han han's words. She didn't understand what she meant.

"I don't remember you. What do you mean?"

"Mommy has lost her memory. She has forgotten what happened in the past. She can't remember anything now."

Then chen chen said to Celia.

ye xiao xiao finally understood, but she was in a bad mood when she heard the news.

"Amnesia?"

ye xiao xiao was surprised at the loss of memory. She didn't think it would happen to her, let alone her best friend, Ning Xi.

"How could this be?How could this happen? "

ye xiao xiao looked obviously excited. She couldn't accept it at once.

Seeing that Celia was in such a hurry, gu jin yi and the two babies didn't know how to tell her.

"Tell me, are you going to kill me?"

ye xiao xiao couldn't stand it anymore. She grabbed the hands of the two babies, hoping that they could tell her the whole story.

But they were just two children. How could they know what had happened?

The two babies looked at ye xiao xiao helplessly, because they didn't know what had happened to their mother Ning Xi that caused her to lose her memory.

"Have a good rest first. I'll tell you the details after you leave the hospital."

gu jin yi walked over slowly. He knew that ye xiao xiao hadn't fully recovered, so he didn't talk much about Ning Xi and memory, in case she was worried.

"How can I rest at ease after such a big thing? If you don't tell me, I will be more anxious and can't have a good rest."

ye xiao xiao wanted to know the current situation of Ning Xi no matter what.

"Daddy, please tell Aunt Celia."

"Okay, or she will be more worried about Mommy."

Seeing the excited and anxious look on Celia's face, the two babies knew the relationship between her and their mother, so they couldn't speak for her.

"If you don't tell me the truth, I'll go to find the stream myself!"

ye xiao xiao lifted the quilt and was about to get out of bed.

"Well, I say, you just lie on the bed and have a good rest. If anything happens again, I will be more sorry for stream."

gu jin yi said in an indifferent tone. He planned to tell Celia everything that Ning Xi had lost his memory.

The two little kids also began to sit aside, trying to listen carefully to their mommy's memory loss.

"We have to talk about it from the days when the stream disappeared. You know, we have been looking for her for a long time, but we haven't found her..."

Since he had to tell Celia the truth, gu jin yi would tell her the whole story clearly.

"Yes, everyone is looking for her when the stream is missing. But last time she came to the hospital to see me, I thought you had found her safely. Does her disappearance have anything to do with her amnesia?"

ye xiao xiao felt more and more dangerous. Ning stream was in deep distress all the time.

gu jin yi nodded slightly, "after she disappeared, when we found the stream again, she had lost her memory, forgetting all people and things, including chen chen and han han."

Hearing what he said, ye xiao xiao immediately understood that Ning Xi disappeared and then lost his memory. It was definitely not a coincidence, but a conspiracy, a conspiracy that planned to make her disappear forever.

.....

Finally, gu jin yi told ye xiao xiao everything. She also knew everything about Ning Xi's memory loss and what had happened during her coma.

It turned out that so many unexpected things had happened during her coma.

“No, I want to leave the hospital. I want to have a talk with Naomi. Help me complete the discharge formalities tomorrow! No, I’m leaving the hospital now. I can’t wait any longer!”

After knowing everything, ye xiao xiao couldn’t stay in the hospital any longer. At this moment, she just wanted to find Ning stream to find her who had lost her memory.

“Don’t worry. Besides, it’s late now. The stream has gone to bed.”

Seeing Celia’s anxiety, gu jin yi was helpless.

“Aunt Celia, don’t worry. Now that mommy has vaguely remembered us, it means that she will recover her memory soon.”

chen chen, the little boy, heard their father gu jin quan’s words and understood what had happened, so he tried to persuade her.

Hearing this, ye xiao xiao thought for a while and thought what chen chen said was reasonable. She was not in a hurry at this moment.

“I’m not in a hurry. I just feel sorry for chen chen and han han.”

ye xiao xiao stared at the two children in front of her, feeling sorry for them. After so many things had happened, they must be having a hard time.

However, chen chen and han han had been very sensible since childhood. Even though they were sad, they never let others worry about them. However, the more they acted like this, the more distressed Celia felt.

“Aunt Celia, have a good rest. Don’t think too much. We’ll wait for you to leave the hospital.”

“Okay, we will come to accompany you often.”

The two babies smiled innocently to reassure ye xiao xiao.

chapter 462

“By the way, Celia, I have something to ask you. Do you remember the details of the accident? Have you found anything wrong or the license plate number?”

The matter had been delayed for a long time. According to the rules, the car accident should be found out through the surveillance video very soon. However, on the day of ye xiao xiao’s accident, all the surveillance video nearby was destroyed, so the police could not investigate it.

gu jin yi had no choice but to look for some clues at the crime scene, but so far, no clues had been found.

“That day... I only saw a truck speeding towards chen chen han han. At that time, I just wanted to pull chen chen han han back, without paying attention to other things. The license plate... I can’t remember...”

ye xiao xiao recalled what happened on the day of the car accident. She frowned and was in a trance. Thinking of that scene, she felt a little scared. She didn't want to recall those bad scenes anymore.

gu jin yi noticed the expression on ye xiao xiao's face. It seemed that she couldn't help. Since she couldn't remember clearly, he didn't ask any more.

gu jin yi had been confused about this for a long time. It was obviously a planned car accident, and the target was not Celia, but his two children, chen chen and han han.

"What's wrong? Wasn't that accident? "

Seeing that he cared so much about this matter, ye xiao xiao became suspicious. Perhaps the car accident had something to do with the loss of Ning Xi's memory, so she guessed that it might not be that simple.

"It doesn't matter if I can't remember. I just asked. It's okay. You can go to bed now. We'll go back first. "

gu jin yi held the hands of the two babies and was about to go home.

gu jin yi didn't tell ye xiao xiao that the car accident was not an accident. He thought it was better to investigate it in secret so as not to alert the enemy.

"Okay, drive slowly. chen chen and han han, wait for me to leave the hospital. "

ye xiao xiao reminded.

"Okay. Aunt Celia, go to bed early."

The two babies nodded and left the ward reluctantly.

After leaving the hospital, she went home directly.

On the way, he kept thinking about the connection between the loss of memory of Ning stream and the car accident of Celia.

The two kids also had a lot of doubts. They wanted to ask their daddy, but they saw that he seemed to be thinking about something, so chen chen and han han didn't ask more.

.....

They arrived home soon.

"You're back!"

Seeing the three of them come back, pei xiu juan greeted them warmly.

"Grandma, we are back!"

"Grandma, we are back!"

The two babies said at the same time, full of enthusiasm.

The three kids hugged each other and then ran upstairs.

When gu jin yi was about to go upstairs, pei xiu juan stopped him.

“Son, come here. I have something to tell you.”

pei xiu juan dragged gu jin yi to the hall.

“Mom, what’s up?”

gu jin yi could probably guess what pei xiu juan was looking for him for. She would be so active except introducing a blind date to him, so he tried his best to avoid her.

“Oh, don’t always talk to your mother in such a tone. My heart will also be hurt!”

pei xiu juan said in a spoiled tone.

gu jin yi could do nothing to her mother.

“Let me show you something to see if you like it or not.”

Then, pei xiu juan took out a box from a bag and sat next to gu jin yi, slowly opening it for him.

gu jin yi didn’t care what was inside. He opened the box and saw a wine red tie in it. He just glanced at it casually.

“What do you think? Not bad, right? ”

pei xiu juan thought he would like it, so she asked him with a smile.

“Not bad.”

There was no joy in gu jin yi’s tone.

At this time, the pill came over from the side.

pei xiu juan and the pill had reached an agreement. At this time, the pill appeared.

However, pei xiu juan didn’t pay attention to gu jin yi’s tone and attitude. When she heard that his answer was satisfying, she didn’t say anything more.

Until the appearance of the pill, pei xiu juan had something to say.

“Pills, come and sit here.”

pei xiu juan was full of enthusiasm for pills, but he didn’t care much about it. When he saw the pills, he still sat on the sofa in silence.

With a shy look on her face, she sat on the sofa. She was still a little nervous when facing gu jin yi.

“Son, look at the pills. Do you feel anything different? Is she getting more and more beautiful? Let me tell you. In fact, this tie was given to you by pills. You see how thoughtful she is. ”

pei xiu juan had been trying to make a match between the two of them. She asked gu jin yi to pay attention to the pills. gu jin yi took a look at the pills and said coldly, "Mom, what do you want to say? I'll go upstairs if there's nothing else."

pei xiu juan pushed the pill beside her cautiously and asked her to speak subconsciously.

The pill glanced at pei xiu juan and understood what she meant. Thinking of what pei xiu juan had told her, since she was going to be the daughter-in-law of the Gu clan, she should look like her daughter-in-law, and she couldn't be so coward, so the pill dropped the nervousness in her heart and said.

"Mr. Gu, I have chosen this tie for a long time. I think it suits you very well with your temperament. Are you satisfied with it? Let me give it a try."

Then she stood up and walked to gu jin yi, picked up his tie and was about to put it on.

pei xiu juan, who was standing aside, just wanted to let the pill speak to her son gu jin yi voluntarily, but she didn't expect that she was more active than she thought.

But pei xiu juan thought it was good as long as they could get closer and closer. So she took the initiative to sit far away so that they could get close to each other.

As soon as the pill was taken, he stood up from the sofa subconsciously and avoided the touch of the pill. "Thank you for your tie, but you can take it back. I can only wear the tie that Naomi bought for me."

gu jin yi said indifferently and walked upstairs.

"Mr. Gu..."

"Son..."

The pill and pei xiu juan had no choice but to watch gu jin yi leave. There was no way to keep him.

chapter 463

After gu jin yi went upstairs, there were only pei xiu juan and the pills left in the hall.

The pill looked at the stairway in disappointment, and pei xiu juan subconsciously glanced at it. She was also very disappointed at her. She shook her head and was about to leave.

At this time, the pill could tell that pei xiu juan was disappointed in her. She hoped that the result could be redeemed, and she still hoped that she could help her.

"Madam, what should I do?"

The pill showed its weakness in front of pei xiu juan on purpose to show her care and enthusiasm for this matter.

When it came to getting close to gu jin yi, the pill knew that she indeed needed the help of pei xiu juan.

"It's none of my business. I don't care. You are so annoying! Take a deep breath. Don't be angry. Keep smiling and in a good mood."

pei xiu juan also worried a lot about this matter. Seeing that it didn't work again and again, she felt that there was no hope, so she replied in a low mood.

"Mrs. Carla, don't be disappointed. We might have used the wrong way. If we think of other ways, maybe our CEO can accept me."

The pill comforted pei xiu juan. She couldn't lose confidence in this matter, or she would need a person to help her.

It was not easy for pei xiu juan to help her and support her to stay with gu jin yi.

pei xiu juan remained silent with a cold face.

Seeing that the situation was not right, the pill said confidently again, "Mrs. Huo, don't worry. I will try my best to make Mr. Huo accept me! Maybe Mr. Lu can't accept me now, but after all, we live under the same roof every day. For a long time, I believe that he will slowly accept me."

The firm words of the pill made pei xiu juan slowly turn around to look at her.

Hearing the pill's words, pei xiu juan thought it made sense. They lived under the same roof and met each other every day. After getting along with each other for a long time, he naturally accepted it.

"It's the best result. I don't have to worry so much."

pei xiu juan's attitude was obviously much better than before, and she was relieved.

"Well, it's late today. I'll go upstairs and have a rest."

"Okay, good night, madam."

pei xiu juan went upstairs expressionlessly.

The pill didn't say anything more. She also felt that the result of today's matter would be really disappointing, not only pei xiu juan, but also herself.

With a smile, she watched pei xiu juan go upstairs. After she disappeared, her expression suddenly became particularly cold and her heart was incomparably depressed.

She breathed quickly, and her charming eyes were filled with all kinds of thoughts.

It seems that I have to use some irresistible methods

The second morning.

After breakfast, pei xiu juan offered to send the two babies to the kindergarten.

The teacher praised chen chen and han han for sending them to school last time, so she wanted to send two babies to school every day, which would make her feel better.

Instead of sending the two babies to the kindergarten, he went to the company early.

Watching the family go out one after another, a sinister smile suddenly flashed across her expressionless face.

Seeing that they had left, she quietly left the door

At ruo huan yan's house.

Today, when she was sleeping, she was woken up by a phone call.

She closed her eyes, frowned and irritably touched the phone on the bedside table. She was sleepy and kept complaining, "it's so annoying! Who is it?"

She picked up the phone and answered, "Hello!"

ruo huan yan still didn't open her eyes and answered the phone impatiently.

"Roger, are you still sleeping? Get up now. I have something important to tell you!"

Susan couldn't fall asleep for the whole night because of this matter. She couldn't wait to call ruo huan yan early in the morning.

And the voice from the other side of the phone was Susan.

She didn't care about what Susan said at all. "Let's talk about it later. I'll sleep for a while."

"Don't sleep! It's about Ning stream. I found a big secret!"

Susan couldn't wait to tell ruo huan yan and ask her for help.

When ruo huan yan heard that it was Ning Xi, she was still in low spirits. Now Ning Xi was dead, which was no longer a threat to ruo huan yan.

"Susan..."

"Ning Xi is still alive, and the woman who looks exactly like me is Ning Xi! It was not Tianxin at all! They are the same person!"

ruo huan yan wanted to refuse to talk about this with Susan, but before she could finish her words, Susan couldn't wait to tell her the truth.

"Susan, what did you say? Are you kidding me?"

ruo huan yan's sleepy face lit up at once. She stared at the white wall of the room, dumbfounded.

Because she knew that once Ning stream came back, what she was worried about would come.

"Do you think I will make fun of you? It's absolutely true!"

Susan firmly emphasized.

ruo huan yan had to believe it.

At this moment, she did have a lot of questions. "What the hell is going on? Didn't you say that the woman couldn't be Ning Xi? Why did she suddenly appear again?"

"We can't make it clear on the phone in one thirty. Let's talk about it when we meet."

Then they hung up the phone. Before Roger could react, she sat still on the bed, thinking about what Susan had said.

At this time, the phone in her hand suddenly rang. It was a WeChat message. ruo huan yan picked up the phone and casually looked at it. Seeing that it was from Richie, she was excited and nervous.

The content of WeChat was: I will accompany you to the prenatal checkups tomorrow.

The simple sentence made ruo huan yan's heart very complicated. It was not until then that she remembered that she would go to the hospital for the prenatal checkups tomorrow.

At this moment, she took a deep breath at a loss and thought, 'what should I do? If he finds out that I'm not pregnant, what I have done will be in vain

chapter 464

On the other side, in the palace.

The breakfast was ready. Seeing that Ning stream hadn't come down yet, she asked casually, "why hasn't Tianxin come down yet?"

"Let me have a look."

When he was about to get up and go upstairs, she said, "I'll go. You and ray eat first. Ray, eat your breakfast."

"Okay, mom."

Ray nodded with a smile.

Then she went upstairs and knocked on the door. "Tianxin, it's time for breakfast downstairs."

There was no response in the room, so she called out, "Tianxin, Tianxin..."

There was still no response in the room. Worried, she pushed the door open and walked in.

It was not until gu yi ran came in that Ning stream woke up in a daze. "Why are you here, Amanda?"

"I'm calling you downstairs for breakfast. I knocked at the door, but you didn't answer. I thought you had something to tell me."

Said Maranda with a smile.

"What can I do? You guys eat first. I'll get out of the car after washing up."

Ning Xi scratched his head, got out of bed and went straight to the bathroom.

"Then I'll go downstairs first."

Then she went downstairs directly.

In the past two days, Ning stream wanted to sleep very much. It seemed that everything was normal. No one thought too much. They just wanted to sleep.

After washing up, Ning stream went downstairs.

“Tianxin, come and have breakfast.”

Seeing Ning Xi went downstairs, gong hao yu immediately served him a bowl of porridge.

Ning Xi sat down, slightly awake.

“Tianxin, you must be very sleepy these two days. What’s wrong? Didn’t you sleep well?”

Ning Xi patted his cheeks and replied, “I don’t know. I feel like I haven’t slept enough these two days.”

At this moment, gong hao yu, who was sitting aside, was silent, because he knew very well why Ning Xi was in such a state.

While eating breakfast, he thought of what the doctor said that day. The medicine first made people feel sleepy. Seeing the state of ning xiao xi, the corners of his mouth slightly hooked. It seemed that the medicine had worked

On the other side, Susan and ruo huan yan soon arrived at the appointed place.

The two of them couldn’t wait to see each other.

When Susan was about to say something, she turned her head and vomited for a while.

“I, let me tell you, Nina, that b**** really appeared again! She is not dead at all!”

Susan told ruo huan yan breathlessly. Her mood was extremely excited and complicated at the moment.

So she didn’t care about the fact that she vomited.

“What happened? At the beginning, you firmly said that Ning Xi was dead, didn’t you? Why did you say that again?”

ruo huan yan was dubious about what Susan said. She couldn’t take her words too seriously every time.

Susan picked up a gla** of water and took two sips before answering her question.

“I thought she was dead too. But I didn’t know that I found a big secret in the hospital yesterday!”

.....

An hour pa**ed.

Susan told her everything that had happened in the hospital to Roger.

“According to what you said, Ning Xi is not dead, and she has lost her memory now?”

ruo huan yan finally understood what Susan said.

ADVERTISEMENT

Susan nodded. When she was about to speak, she suddenly vomited. "Vomit..."

"Roger, what's wrong with you? You have vomited several times since then."

Susan felt something was wrong and asked.

"It doesn't matter. I might have a stomachache. I've been like this these days. I'll go to the hospital when I have time."

ruo huan yan didn't think it was a big deal. She just thought it was bad for her stomach, so she didn't take it seriously.

"Roger, are you really pregnant?"

Susan had a feeling that Roger might be pregnant.

"How is that possible? Susan, you are thinking too much. Well, let's stop talking about it. Business is more important."

ruo huan yan thought Susan was thinking too much. It couldn't happen to her.

Susan didn't say anything more, but continued to talk about her.

"I asked someone to investigate that woman, because she didn't know anything, and last time I saw her in the restaurant, she didn't know me. So I was sure that she was not Ning Xi. I didn't expect that she just lost her memory and forgot everything."

"Are you sure that the woman in the hospital is Ning Xi now?"

Although ruo huan yan understood what Susan said, she still had some doubts about her words.

"Now I'm 100% sure that woman is not Tianxin at all. She's Ning Xi!"

Susan was more sure than anyone else. Because she had known everything in the hospital.

"Ning Xi is still alive. What are you going to do?"

ruo huan yan was still a little worried. If ye Ling City knew that Ning stream was still alive, he would definitely go to find her again.

Susan waved her hand, realizing that she had an idea about how to deal with the stream.

ruo huan yan approached her and listened to her.

ADVERTISEMENT

"Since Ning Xi has lost her memory, why don't we make use of her?"

.....

After Susan finished her words, Roger agreed.

“Now that she has forgotten that she is Ning stream, then let her never remember who she is and let her appear in another identity.”

The two of them smiled smugly at each other.

After the two of them agreed on this matter, they were a little relieved. As long as this plan succeeded, it didn't matter even if Ning stream was still alive.

The two of them were happy to solve this problem. However, at this time, when she thought of the message from Ling City this morning, her mood suddenly became nervous and depressed.

“By the way, he will go to the hospital with me tomorrow. What should I do?”

ruo huan yan looked anxious and uneasy.

“That's a good thing. As you wish, it's what you always want, isn't it?”

Susan replied casually as she fiddled with her hand painted with red nail polish.

“I do hope he can come to accompany me, but what if he finds out that I am pretending to be pregnant? Then all I have done is in vain.”

“I have a way to make him not suspect you.”

Susan gave a sinister smile and crooked her finger. She realized that if she wanted to know, she would come and listen.

“What method?”

Of course, ruo huan yan wanted to know it. She cared about everything about the Ye Ling City.

ruo huan yan leaned over and listened to what Susan said.

.....
