

Cute Baby50

chapter 50

“Mommy.”

chen chen and han han got close to Ning stream and shouted with a weird look.

“What are you two doing here?”

Looking at the two strange things, Ning Xi guessed that they must be ‘hiding something’.

She raised her eyebrows slightly and looked at him, with a weird smile on her face.

“Mommy, how are you and daddy doing this week?”

chen chen asked Ning Xi indifferently.

“What’s more, is there anything earth shaking and soul stirring recently?”

chen chen and han han stared at Ning Xi with their bright eyes, seeming to be expecting something.

shaking heaven and earth?be struck with fright?She knew how to use four words before she went to school.

Although she didn’t use the right words, she should still praise them. She was proud of her two smart and cute babies.

“What else can it be?”

Ning Xi answered han han’s question.

“For example, did you hug daddy and kiss him like this?”

han han stretched out her two little hands and made a gesture of two fingers touching each other.

Ning Xi was stunned. Was she still her little baby?When did you become so understanding of these things?She even knew about kissing.

“Mommy, you blushed. Did you kiss daddy?Haha... ”

han han stared at Ning Xi with an innocent smile.

Ning Xi covered his face subconsciously. Did he blush?Why don’t you feel hot?

“What are you thinking about?Is it so easy for mommy to kiss others? ”

Ning Xi pretended to look away.

“That’s not someone else. It’s our daddy, your husband.You should kiss her?Besides, you and daddy kissed and then we got chen chen and me. In fact, we want a younger brother or sister. You and daddy should work hard. ”

han han pouted and said word by word like an adult.

“Silly niu er, we are not born by our parents. They had a fierce battle to give birth to such a cute child.”

chen chen, who had been sitting aside in silence, couldn't help but speak.

Ning Xi was speechless and embarra\*\*ed.

“Brother, what fierce battle has happened to give birth to us?”

han han asked in confusion.

“You are still young and thoughtless. I will tell you when you grow up. Be good.”

chen chen said word by word, looking arrogant.

She looked so mature, just like someone.

ming ming was about the same age as han han. He spoke as if he was much older than Alice. It means that he has grown up and is sensible, while han han is still a child.

‘oh my God! What’s going on between them? Why was she so precocious? What had they experienced? She had never mentioned these things to them. Where did they hear these things?’

“chen chen, han han, tell me the truth. Did you see something you shouldn't see?”

Ning Xi pretended to be serious and looked at them seriously.

“Mommy, you can't think like this. You're falling behind. It's not strange to know those things now.”

With his hands around his chest, chen chen said in a childish manner.

Ning stream was petrified and three crows flew over its head

No, she couldn't go on like this. She had to be precocious. She had to teach these two kids well. They had to change their minds.

WellThe problem was that she couldn't stay with them all the time. She could only go home to see them once a week. What should she do?

“I heard that the teacher in that kindergarten is very good. I also want my brother to go there to study.”

By the way, go to kindergarten!

Hearing the words of the pill, ning xiao xi suddenly came up with an idea, which was to send them to school.

Celia and the pill came over with fruits and desserts.

“Yummy!”

chen chen and han han got down from the sofa and began to eat.

“Celia, what did you say just now?What kindergarten? ”

Ning Xi asked thoughtfully.

“It’s a pill. Her brother has reached the age of school. He hasn’t decided which kindergarten to go.”

Celia replied indifferently.

“I see.”

“Celia, I have an idea. I want to send chen chen and han han to the kindergarten.They are old enough to go to school. ”

Ning Xi said seriously.

The two kids who were eating snacks with relish immediately put down their snacks and resisted when they heard that they were going to the kindergarten.

“Mommy, I don’t want to go to kindergarten!”

han han strongly opposed.

chen chen didn’t resist, but asked in confusion, “why does Mommy suddenly want to send us to kindergarten?”

“You are five years old now and you are at the age of school. Don’t you want to learn more like other children?”

The main reason why Ning Xi couldn’t tell them was that he wanted to change their precocious thoughts, so he sent them to kindergarten.

It happened that they had reached the age of kindergarten and it was time for them to go to school.Like other children, she should learn more knowledge and know more children.

“No, no, No. I don’t want to go to the kindergarten. I want to stay at home with mommy.”

han han was so excited that her eyes turned red.

“My dear han han, you can’t cry. If you cry, your face won’t be mei mei. If you don’t go to the kindergarten, we won’t go.”

Celia, who was sitting next to han han, comforted her as she saw that Lucia was about to cry.

“han han, do you and my brother want to play with other children?”

Ning Xi looked at han han helplessly and didn’t know what to do with her.

She was used to staying at home and was unwilling to go to kindergarten.

“Can I play with other kids?”

han han stared at Ning Xi in a daze and asked word by word, sobbing.

“Yes, there will be many children in the kindergarten and they can play with them.”

Ning Xi comforted her.

han han withdrew the tears in her eyes, sniffed and thought slowly.

“Sister, let’s go to the kindergarten together. We can play together. We can know a lot of children, and we can also ask the hawk to catch chickens with them.”

Although chen chen didn’t want to go to kindergarten, he was sensible enough to comfort his sister. It meant that the kindergarten was very interesting.

Hearing what chen chen said, han han finally agreed.

“Well, I agree to go to the kindergarten.” She pretended to be reluctant.

“You can often see mommy in the future.”

Ning Xi said with a smile.

han han was confused, “really?”

Ning Xi nodded.

“The school Mommy chose for you is very close to the place Mommy works. Are you happy now? ”

The unhappiness on han han’s face disappeared in an instant, and she gave an innocent and bright smile.

A meaningful smile appeared on chen chen’s face.

Suddenly, an idea came to her mind

“Well, it’s settled then. Mommy will try to ask for a leave tomorrow Monday and take you to school to sign up.”
