chapter 54

“Did I ask you to leave?”

gu jin yi said indifferently.

“shao ye, what can I do for you?”

Ning stream lit up. She bit her lips and asked.

“Sit down and wait for me to finish.”

gu jin yi said fearlessly while eating the noodles.

Ning Xi had no choice but to sit on the chair.

Seeing this, gu jin yi didn't say anything and ate his tomato and egg noodles in silence.

Ning stream rolled her eyes at him from time to time. She looked at her watch and was afraid that they would be sad if they couldn't make it to chen chen and han han's registration.

“Are you in a hurry?”

Looking at Ning Xi, gu jin yi felt that there was something important, so he asked.

“Yes, there is a design draft that must be handed in this morning, and some documents have not been sorted out.”

Ning Xi made up an excuse.

“Let's go.”

Then, he stood up elegantly and walked towards the door.

Ning Xi was stunned. 'he's leaving'?

At first, she felt that it was hopeless to take chen chen and han han to sign up for the competition. She could only see them after the two of them signed up,

Now it seemed that there was hope.

However, Nina was going to the kindergarten, not the company. How could she explain if she took the car of Jean?

“Why don't you leave now? Do you want to be punished?”

gu jin yi went out and said coldly.

“You can leave now. It's just a little far. I can walk by myself.”

Ning Xi replied.

“Susan, you’d better go out with me now. Don’t say anything more.”

gu jin yi stopped and said in a deep voice.

Ning Xi had no choice but to go out with gu jin yi.

In the car.

Ning Xi looked down at his watch. What should he do?What excuse should she find?

Ning Xi’s mind was in a mess. What if he saw the two?Absolutely not.

Although it was not confirmed that chen chen and han han were gu jin yi’s children.But the big one looked exactly like his father. In fact, Ning Xi also knew it clearly, but he didn’t want to confirm it. He didn’t want himself to have too many thoughts.

If they met, everything would be over.

.....

“Susan, how long do you want to stay in my car?”

Along the way, Ning Xi kept thinking that they couldn’t meet each other. He thought that they would arrive at the bus station near the company.

gu jin yi’s words brought Ning Xi back to reality.

“Here we are?”

Ning Xi asked in a daze.

“Is it because my car is too comfortable to get off?”

gu jin yi raised his eyebrows and said with a smile.

“Yes, it’s so comfortable. I don’t want to leave.”

Ning Xi curled his lips and rolled his eyes at him. Then he opened the door and got off the car.

gu jin yi narrowed his eyes and drove away.

Hoo ~ fortunately, every time they got out of the car, they would get off here. If they got off at the gate of the company, it would be finished. They would definitely run into the kindergarten not far from the left side of the company.

Ning Xi raised his left hand and looked at the time.

Fortunately, she made it.Instead of being late, she walked quickly towards the kindergarten.

“Mommy, we are here!”

Before Ning stream reached the kindergarten, chen chen and han han were waiting for her at the gate. They saw Ning stream, their mother.

“chen chen han han, I’m sorry that mommy is late.”

Ning stream said breathlessly.

“Mommy is not late. We are late.”

Both of them said in one voice.

Ning Xi gave a gratified smile.

“Where is aunt Celia?”

Ning Xi looked around and only saw chen chen and han han. He didn’t see ye xiao xiao, so he asked.

The two babies pointed at Celia not far away.

“Mommy, let me tell you a secret. Celia’s face turned red as soon as she saw the handsome teacher. She didn’t have any makeup when she went out, so she quickly put it on.”

han han stood on tiptoe and whispered in Ning Xi’s ear.

“Aunt Celia is also an anthomaniac!Alas... ”

With his hands in his trouser pockets, chen chen lowered his eyes and shook his head helplessly, looking like a proud Royal member.

Ning Xi covered his mouth and smiled.

At this time, Celia came over. Seeing the three people smiling weirdly, she squinted slightly and asked, “what are you laughing at?”

“Oh, I just said that your eyes lit up when you saw the handsome man.”

chen chen and han han looked at each other and teased Celia with a weird smile.

“chen chen, han han!You betrayed me! ”

Seeing this, chen chen and han han quickly hid behind Ning stream, “Mommy, help us!”

The two of them hid behind Ning stream and made a big face.

“All right, all right. It’s time for us to go in and sign up.”

ning xiao xi was amused by them and walked into the kindergarten with two babies.

On the other side, in the car.

gu jin yi took something from the front passenger seat and inadvertently saw the bag on the seat.

Her bag?’what a stupid woman! She even forgot to take her handbag with her.’.

gu jin yi made a sharp turn and returned the same way.

He called her, but the line was busy and she couldn’t get through.

gu jin yi drove directly to the company where Ning Xi worked, and the phone was always connected. In the kindergarten.

“chen chen and han han, you are students now. You can't be as naughty as before. Be good at school.”

Ning Xi crouched down, looked up at the two babies and said.

The two babies nodded and smiled innocently.

“Mommy, don't worry. We will be good.”

“Well, mommy has to go to work now. You can go in now. Mommy will come to see you as soon as she has time.”

Ning Xi gently touched the heads of the two babies.

“Celia, I'm leaving now. Goodbye, chen chen and han han.”

Ning Xi looked at the time, just in time for work. After reporting to the two babies, she didn't delay and walked quickly to the company.

gu jin yi, who had been waiting at the gate of VL company, kept calling Ning Xi, but he couldn't get through.

Suddenly, she saw a familiar figure walking towards her through the front window.

chapter 55

“Susan!”

gu jin yi was sure it was Ning Xi. He got off the car and called her.

She didn't notice that gu jin yi was calling her, nor did she know it was gu jin yi.

“Susan, how dare you not answer me?”

gu jin yi strode towards Ning stream.

Ning Xi, who had been walking fast, suddenly stopped. He was stunned, as if there was a familiar voice.

She turned around and saw a tall and strong figure.

“Why... Why are you here?”

Ning Xi was stunned. His amber eyes widened and he looked at gu jin yi in astonishment.

She didn't expect that gu jin yi would suddenly attack her and appear at her workplace.

“Why can't you get through to me? Besides, why did you come from that direction? Shouldn't you be in the company now?”

gu jin yi asked, raising his eyebrows, narrowing his eyes.

ning xiao xi took out his phone and found it was out of power.

As for why she came over there, of course she couldn't tell him.

"I'm going to the supermarket over there to buy something."

Ning Xi giggled and lied calmly.

gu jin yi squinted at Ning Xi in disbelief.

Being stared at by gu jin yi, Ning Xi felt that he would see through her. She quickly changed the topic and no longer looked into his eyes.

"Why are you here all of a sudden?"

Ning Xi asked in confusion.

"Your bag."

gu jin yi said as he held Ning Xi's bag in the air.

Only then did ning xiao xi find that her bag was not with her.

"Thank you."

Seeing that he had brought her bag, Ning stream thanked him.

When she was about to take her bag, gu jin yi dodged it.

"Hey, what are you doing?"

Ning Xi asked in confusion.

"I specially brought you my bag. Will you just say thank you to me?"

gu jin yi said unhappily.

"What else do you want? I have to kneel down and kowtow to thank you."

Ning Xi shrugged and said proudly. She was also helpless.

"You don't have to kneel down. But if you want to thank me, it's a little sincere."

gu jin yi raised his eyebrows and said indifferently.

"Go straight to the point. Don't beat around the bush."

Ning Xi folded his arms around his chest and looked at gu jin yi with contempt.

Giving her a bag could also make gu jin yi feel empty. This time, he was trying to find a way to torture Ning stream, but Ning stream was a little disdainful and expectant.

"As my wife, shouldn't you say something?"

gu jin yi approached Ning Xi slowly, and Ning Xi immediately understood what he meant.

“You freak!”

Ning stream grabbed the bag from his hand, turned around and ran towards the gate of the company.

gu jin yi was stunned by Ning Xi’s scolding. What was going on?

Seeing gu jin yi approaching her, Ning Xi thought he wanted to kiss her.

But gu jin yi just wanted Ning Xi to straighten his crooked tie, and was called abnormal by her for no reason.

‘How dare she call me a pervert in public?’ It seemed that she was tired of living.

She was so smart all day long that she didn’t know what was in her mind? Even a tie could make her a psychopath.

gu jin yi twisted his tie and looked at Ning Xi running away.

A meaningful smile appeared on his face.

Seeing that Ning Xi went into the company, he didn’t stay any longer. He got in the car and drove directly to the Empire group.

On the other side of the road.

After coming out of the kindergarten, the two babies talked about something and showed an innocent smile.

gu jin yi’s car pa**ed by the two babies. Was it han han? The little boy beside her should be her brother.

gu jin yi was absent-minded and thought of the two children he saw on the roadside just now.

He stopped the car and looked at the rearview mirror, but didn’t see anyone.

He frowned and wondered if he had seen it wrong?

Without thinking too much, gu jin yi drove straight back to the company.

As soon as Ning Xi arrived at the company, he went straight to the design department A.

“Good morning, brook.”

As usual, Ellie greeted Nina. It didn’t change because Ning Xi was Anne.

“Good morning, Ellie.”

Ning Xi smiled.

“The stream is Anne now. It’s still the stream.”

Another colleague, ling ling, said.

“Yes, you should call her Anne now.”

Everyone said.

“I’m Anne, but I’m also your cla**mate.”

ning xiao xi said word by word seriously. She didn’t feel estranged from the colleagues in the design department A because of her ident**y as Anne.

“Can we still call you the same as before?”

ling ling asked in confusion.

“Of course, I’m used to your calling me stream.”

Ning Xi smiled.

Then, while they were chatting happily, the Secretary of an zi hao came to the design department A, “Miss yam, Mr. an invites you there.”

Ning Xi probably guessed what it was. If she was right, it should be about the plagiarism of her design.

Then Ning Xi followed the Secretary to an zi hao’s office.

Ning stream arrived at an zi hao’s office, and an zi hao sat on the sofa waiting for her.

“Naomi, you’re here. Have a seat.”

an zi hao stood up. After Ning Xi walked to the sofa and sat down, an zi hao sat down gracefully.

“What can I do for you, Mr. an?”

Ning Xi asked with a smile.

“I came here to tell you that the plagiarism has been found out.If I did steal your design. ”

an zi hao said seriously.

Ning Xi sat on the sofa in a daze, silent.

She didn’t expect to find it out so soon, and it was a slight plagiarism.

Although he didn’t like her, she had won the national design champion. He didn’t expect her to plagiarize designs.

Since the result had been found out, why did she come to him.

Ning Xi was confused.

“Then what are you going to do with it?”

“I want to hear your opinion.”

an zi hao didn’t answer Ning Xi directly, but asked her opinion.

The two of them chatted in the office for more than an hour. Finally, they decided to remove the vice design director of the company and lower her position.

Ning Xi and an zi hao will announce that they will be promoted to the design director of VL.

chapter 56

For the interests of the company, this matter could not be spread out. Once it was spread out, it would have a certain impact on the interests of the company.

Ning stream was now a member of VL, and she also had the responsibility to protect the interests of the company, so she reached an agreement with an zi hao.

Then, Ning Xi returned to the design department A.

“Naomi, congratulations on becoming the design director of our VL!”

As soon as they returned to the design department A, Ellie came up to them and said.

“Ellie, you are so fast.”

Ning Xi gave a thumbs up and teased.

“Ha ha...”

Ellie grinned.

“Naomi, you have been promoted. Shouldn’t you invite us to dinner?”

One of the male colleagues said.

“Of course. If you don’t treat us, we will go to your house to get some food.”

ling ling teased with a smile.

“OK, I’ll buy you a big meal some other day.”

Ning Xi agreed readily, and then everyone applauded happily.

Then Ning Xi walked into the office.

After A design, Leona overheard their conversation and stood outside the hall listening. She didn’t leave until Ning Xi returned to his office.

ning xiao xi, don’t be happy too early. I’ll give you the position of design director first. nuan nuan, let’s see how long you can stay? Let’s wait and see. VL is destined to be out of your league!

A hint of slyness flashed through her enchanting eyes.

Suddenly, a message came from the broadcast of all departments.

“I’ve been informed that the new generation of film and television superstar, Lillian, will come to our VL in two days. The heads of all departments are ready.”

All of a sudden, everyone in the company was shocked.

“How dare you come to our company?”

ADVERTISEMENT

“Yes, you are right. I have invited him for so many times, but he didn’t come. Why did you agree this time?”

“Don’t think about it. It’s said that his agent arranged it for him. It’s hard to say whether he will come or not.”

“I heard that he is going to attend an important party, and his dress can only be designed by our VL.”

As soon as the news that he was coming to VL came out, the colleagues of all departments began to discuss.

However, Nina, who was sitting in the office and working hard, didn’t care.

Through the gla** window, she looked at the hall of the design department A and saw the reaction of Ellie and other colleagues. She felt helpless.

‘the Ye Ling City? ‘?Who is it?Why did they look so excited?Even if he was a big shot, he didn’t have to do that.

Ning Xi shook his head and finished his work.

Then she knocked on the door and came in, “Naomi, I have a piece of breaking news for you!”

Ellie didn’t forget to tell the news to Ning stream. As soon as she entered the office, she looked at Ning stream in surprise.

“What breaking news?”

Ning Xi asked indifferently.

“Richie is coming to our company!”

Ellie said excitedly.

“Oh.But who was the city?Why are you so excited? ”

Ning stream nodded and looked up at her.

“Naomi, no way. You don’t know who the city is?”

Ellie looked at Ning Xi in shock.

“Why should I know him?”

Ning Xi shrugged and asked in confusion.

Well, Ellie was speechless. She lowered her head helplessly and said, “wellYou’ll know when he comes to our company. ”

Then she turned around and left the office.

When she was about to get off work, her phone suddenly vibrated. She lowered her eyes and picked it up.

It was a message from gu jin yi, indicating that pei xiu juan would come today and she must go home as soon as possible.

Ning Xi's pupils shrank. Why did the aunt come all of a sudden? What should I do? What if she finds out that I sleep in separate rooms with gu jin yi?

Without thinking too much, ning xiao xi picked up her bag and ran out.

As soon as she ran out of the company, she saw that the car was parked by the roadside.

"Why... Why are you here?"

Ning Xi stared at gu jin yi in a daze.

"Get in the car. Do you want my mother to know that we sleep separately?"

gu jin yi's words hit Ning Xi. Regardless of anything, she quickly sat on the pa**enger seat.

Then, he drove away at full speed.

"Auntie is coming. What are you going to do?"

Ning Xi sat on the pa**enger seat uneasily, looked at gu jin yi and asked.

gu jin yi shrugged slightly and drove silently. She pretended to be indifferent.

"Hey, say something!"

Ning stream was a little anxious. She frowned and said again.

"I don't care."

gu jin yi said indifferently, as if he didn't care whether the world was going to collapse or not.

"Hey, are you responsible?"

Ning Xi roared angrily.

"Susan, what tone are you talking to me?"

gu jin yi said in a cold voice.

"You..."

Ning Xi was speechless. She could neither contradict him nor resist him.

Damn it, gu jin yi! It was between the two of them. Why did he not care?

Who else could he bully except her! If it weren't for that annoying contract, she wouldn't have let him bully her like this.

But Ning Xi was smart enough to change his attitude at once.

"I know you are the best. What do you think we should do?"

Ning Xi started to act coquettishly, blinking his big bright eyes and speaking playfully.

gu jin yi smiled, "you have to act like you are asking for help."

Ning Xi curled up his lips and gave him a dirty look.

Ning Xi, Ning Xi, how many times have you said something against your conscience? In order not to let him threaten you, you have sold your brain and soul.

gu jin yi looked calm. Seeing this, Ning Xi stared at gu jin yi with his big watery eyes.

"Do you have any idea?"

gu jin yi raised his eyebrows and looked arrogant.

"As long as you are willing to cooperate, there must be a way."

Ning Xi frowned at gu jin yi's profound words. He didn't understand what he meant.

Ning Xi squinted at gu jin yi. What would he say? Was she going to do something abnormal to cooperate with him

Ning Xi turned around and shook his head. 'well, Ning Xi, what are you thinking about? It won't happen.'

gu jin yi looked sideways at Ning Xi, who was shaking his head. An evil smile appeared on his face.

As soon as they got home, Ning Xi hurriedly got off the car and opened the door for gu jin yi. "Please get off the car."

Ning Xi put on a flattering smile.

"Am I that old?"

gu jin yi was stunned, glanced at Ning stream and asked.

"No, No. you are not old. You are still so young and handsome. How can you be old?"

Nina realized that she had offended him again. She quickly defended herself and burst into laughter.

gu jin yi smiled and got out of the car arrogantly.
