chapter 67

'ning xiao xi, let's see what kind of dress you can design and make you always look down upon me. I have more ways to make things difficult for you.'

"Then we'll go back first. We'll wait for Miss yam's design in two days."

He stood up gracefully and b***oned his suit with his slender fingers.

Then an zi hao stood up and said, "Mr. an, please wait and have a good talk with your director Ning about my favorite style of dress. Besides, the design is still to be improved."

After saying that, he left the room.

Hearing this, Ning Xi wanted to punch him right away. Wasn't this a straight satire? He said that the design of Ning stream was not good, and it was not his style.

"Naomi, if you really don't want to design for the city, I can arrange for other designers."

an zi hao said calmly. He could see that Ning Xi was unwilling to design a dress for Ye Ling City.

"Mr. an, don't worry. I will definitely design one to satisfy him. Then I'll go back first. "

Then Ning Xi left the office.

After returning to her office, Ning Xi had been searching for the information of Ye Ling City and leafed through all his information. The so-called "know yourself, know your enemy, and win a hundred battles."

When it was almost time to get off work, Ning Xi brought home all the materials and design drafts about the Ye Ling City.

As soon as they got home, the first thing Ning Xi did was to go back to his room to draw the design drawing.

It took her two hours to finish the first drawing. As soon as he came back, she didn't notice that. All she wanted to do now was to design the evening dress of the Ye Ling City. In case she complained to him again.

As soon as gu jin yi entered the room, he saw Ning Xi working seriously.

"You pervert, you have a unique vision. I have designed so many dresses, but you don't like them. They have been carefully designed for a long time, okay? You don't respect other people's design at all. "

While drawing the design draft, Nina complained to herself.

"Are your shoulders feeling better?"

gu jin yi walked to Ning stream and asked.

Ning stream nodded and replied casually, "yes."

"I seemed to say that I would pick you up today. Why didn't you wait for me?"

gu jin yi said in a deep voice. Ning Xi was stunned and seemed to have forgotten about it.

"I got off work with my colleague today, so..."

Ning Xi explained immediately.

"Never again, only this time."

gu jin yi said word by word with a particularly serious expression.

He saw by accident that Ning Xi was designing a men's dress. He frowned.

Seeing Ning Xi's unhappy face, gu jin yi asked, "what's wrong with you?"

"The dress I designed with great efforts was detested. I'm so depressed."

Ning Xi said unhappily.

"You can go to work in my company and resign your present job."

gu jin yi said indifferently.

She felt uncomfortable when she saw Ning Xi design dresses for other men, and she was disliked.

Except for him, who could dislike her, no one else had the right to do so.

Ning Xi was stunned. He didn't expect gu jin yi to react like this. He even asked her to resign.

"It's not that serious."

Ning Xi burst into laughter, hoping that gu jin yi didn't really ask her to resign.

"Whether it's true or not, you can go to the company and resign tomorrow."

gu jin yi ordered in a commanding tone, as if he was the king.

"Hey! gu jin yi, are you still being unreasonable? "

Seeing that he was telling the truth, Nina couldn't hold back her anger and burst out in an instant.

"Susan, I don't need to reason with you."

gu jin yi said lightly.

Nina wanted to get angry. Why did he do this to her? She could do whatever he said.

"Mr. Edmund, it's clearly written on the contract about work. We won't interfere with each other."

Ning Xi said word by word. Since he was going to threaten her with the contract, she would like to mention the contract.

gu jin yi squinted his long and narrow eyes, “now you can also talk about the contract?It seems that you have grown a lot.”

“Thanks to you.”

Ning Xi said sarcastically.

“I made the contract. You have to resign as long as I ask you to.”

gu jin yi said word by word with a serious expression.

Ning Xi rolled his eyes at him and thought, ‘gu jin yi, do you have OCD?neuropathy!What a freak!! don’t want to tangle with you here. If you ask Ning Xi to resign, she won’t resign. What can you do?’

ning xiao xi was busy with her design and ignored gu jin yi’s words.

“Go to bed early. I’m going to resign anyway. There’s no need to waste time on the design of this dress.”

Ning Xi ignored gu jin yi’s words.

How could this stupid woman ignore him?Did she turn a deaf ear to his words?He didn’t even answer her.

Ning Xi suddenly stood up, packed up all her design drafts, bypa**ed gu jin yi and returned to the bedroom.

gu jin yi stared at Ning Xi in a daze. This stupid woman was getting bolder and bolder. It seemed that she didn’t take gu jin yi seriously now.

Then, he followed her back to the bedroom and was packing her things.

“What are you doing?”

Seeing this, gu jin yi frowned and asked.

“I’ll sleep in my own room.”

Ning Xi answered indifferently.

“You...”

When he was about to say something, Ning stream spoke first.

“Don’t frighten me with the sudden attack of your aunt. I will be well prepared when she comes. Don’t worry.”

Ning Xi said with a dark face.

After saying that, she left the bedroom without waiting for his answer.

Seeing Ning Xi like this, gu jin yi stood still in a daze.

This stupid woman was getting bolder and bolder now. How dare she talk to him like this? It seemed that he had to teach her a good lesson. Otherwise, she would be so bold.

“Susan, stop!”

gu jin yi turned around and shouted. Ning Xi ignored him and ran faster. He went back to his room and locked the door quickly.

gu jin yi rushed to the room and tried to push the door open, only to find that it was locked from inside.

“Susan, how dare you? How dare you lock the door and don’t let me in? ”

gu jin yi said word by word outside the door.

“He is a psychopath, a pervert!”

“Why should I listen to you? Who do you think you are? Narcissistic!”

“.....”

chapter 68

Ning Xi kept complaining about gu jin yi in the room. He used to feel aggrieved, but now he gave vent to all his anger.

However, gu jin yi, who was standing outside the room, heard it clearly.

Susan, you are such a stupid woman. How dare you scold him?

“Susan, if you have the ability to open the door, you have the guts to scold me in front of me!”

“I have no guts. What can you do if I don’t open the door?Piss you off! ”

At this moment, Ning Xi felt very happy ~

With a deep expression on his face, gu jin yi was really pissed off by Ning Xi.

No one had ever irritated gu jin yi like this, and no one had ever dared to do so. Now Ning Xi was the only one.

“Susan, just wait and see. I don’t believe you won’t go out.”

gu jin yi didn’t say anything more. He left the last sentence and went to his bedroom.

Hearing no sound outside, Ning Xi lay down at ease.

Wow, it was so comfortable to spit out the words that made her feel aggrieved all the time ~

She doesn’t care what you want tomorrow? Anyway, Ning Xi was happy now.

Then Ning Xi crawled into bed, feeling warm

Ning Xi went to the company early in the morning to avoid meeting gu jin yi.

In order to design a dress that satisfied the Ling City, Ning stream also traveled day and night.

She had to bring her design draft with her when she went back home and in the company.

Ning stream hurried into the elevator, and Ruxin just walked out of it. The two passed by each other, and Ruxin deliberately bumped into Ning stream, just hitting her left shoulder.

Ning Xi was so careless that he leaned back and all the documents in his hands fell to the ground.

“Ah, what’s wrong with you? Why are you walking so fast in the morning to rob?”

With an arrogant look, the villain complained first.

Ning Xi frowned and felt a sting in his shoulder.

“Pick it up.”

Ning stream came back to her senses soon. She looked at Ruyu seriously and said.

“What’s wrong with you? Why are you so eloquent?”

She put her hands around her chest and said with an affected look.

Then, when she inadvertently saw the design sketch on the ground, a sarcastic smile appeared on her face.

“Humph! I don’t think he likes your paintings.”

Then she stepped on the design draft of Ning stream on purpose.

Not far from the company, a pair of shiny and charming eyes were coldly watching all this.

“Susie, don’t go too far!”

Ning Xi stared at her with his almond shaped eyes and shouted.

With a smug smile, she whispered in Ning Xi’s ear, “I’ve gone too far. What can you do?”

Holding back her anger, Ning stream relaxed her state of mind and replied indifferently, “b**** is hypocritical.”

Hearing this, the complacent expression on Leona’s face suddenly darkened. “Ning stream, what did you say about me?”

“Is there something wrong with your ears? Do you need me to introduce a doctor to you?”

Ning Xi said indifferently.

“Ning stream!”

Her face flushed with anger. She raised her hand and was about to slap Ning Xi.

“Stop!”

Suddenly, a s**y and magnetic voice came from not far away.

Both ning xiao xi and Rufus looked at the gate. The Ye Ling City?!

The two of them were shocked. Why was he in the company now?

Then, he walked up to the two of them and stared at them with his sharp eyes.

“Ling City, you’re here. Why didn’t you inform me in advance?So that I can meet you. ”

“It’s faster than turning a book.”

Ning Xi murmured and shook his head helplessly.

Susie secretly glared at Ning Xi, but said nothing.

With a flattering look on her face, she approached the city one point one.

He walked away subconsciously to the side of Ning stream.

“We are not familiar with each other. You can call my name as you like.”

The man in front of him was a little embarra**ed.

Ning Xi couldn’t help giggling.

At this moment, Susie really wanted to slap Ning Xi, but she couldn’t.

“How dare you trample on my dress design drawing?”

He noticed the design drawing on the floor.

Then Leona quickly moved her feet away, picked up the design drawing and wiped it hard.Then he handed it to Richie.

“Do you think I will still want what I’ve stepped on for you?”

The sharp and embarra**ing words came out of his mouth.

Then Ning Xi took the design drawing and turned into the elevator.She pretended to laugh innocently.

“Take your time. I’m leaving now.”

Ning Xi didn’t want to have anything to do with the two of them anymore, so he found a chance to escape.

“Ning stream, you...”

When he was about to catch up with her, the elevator closed with a “Ding”.

“Ning Xi is such a rude person.Why is a xiao xiao design director so arrogant in front of you? She threw your design drawing on the ground just now. ”

Seeing that Ning Xi had left, a weird smile appeared at the corners of her mouth, and then she began to sow dissension among them.

“f*** off! Don’t let me see you again!”

The pleasant mood of the city was inexplicably irritated by her.

“LingNo, Mr. Richie...”

“Don’t let me say it a second time!”

Just as Leona was about to say something, she was suppressed by the cold tone of Richie again.

Leona looked at him coldly with her bright and charming eyes. She suddenly felt that the temperature around her dropped several degrees, and then she didn’t dare to say anything more.

The elevator door opened and he entered it.

She went straight to an zi hao’s office, and Ning Xi happened to be there.

“Mr. Richie, you came just in time. The stream has already made your dress design drawing.”

an zi hao said indifferently.

He walked to the sofa and sat down lazily.

“Really?Let me have a look.”

The corners of his mouth lifted into a smirk.

It only took her one day to design his dress. She would like to see what kind of dress she could design.

Ning Xi handed the design sketch to Ye Ling City.

He picked up the design drawing lazily and looked at it casually.

All of a sudden, she calmed down. A pair of deep starry eyes fell directly on the design drawing, and the shining pupils shrank slightly.

Is this the dress design drawing drawn by Ning Xi in a day?

He closed his eyes and opened them in three seconds. When he looked at the design drawing again, he suddenly felt incredible.

But obviously, he didn’t show it. “The design style is not bad. I won’t know if you’re good until the dress is designed.”

Ning Xi looked at the night Ling City. What did he mean by ‘not bad’?

This was designed by Ning stream after looking up all kinds of information and dressing styles of his night Ling City. If the design style was still complained or disliked by him, Ning stream would scold him ninety-nine point nine percent.
