

## Cutie Please Marry Me Again Chapter 14

Xi Nianchen didn't wait for Zhou Lijiang to finish. He turned around and glanced at Zhou Lijiang with a sharp look in his eyes.

Seeing this, Zhou Lijiang shrugged his shoulders. He didn't think it was right. He began to smoke.

Just as he was about to turn around, he heard a few cold words: "I don't want a third person to know about her."

On hearing this, Zhou Lijiang turned around, nodded to the man and left.

Xi Nianchen stood in the quiet corridor for a while, reached into his pocket and took out a box of cigarettes. Just as he was about to open it, he thought that others were in the hospital.

So I didn't even think about it. I threw the cigarette into the garbage can.

When I pulled back my hand, I saw the teeth print which was still very clear. The pretty pretty face was a little bit heavy, and the color of eyes was deep.

Know Ruirui Rui a person in the ward, he did not continue to stay outside, but quickly walked toward the ward.

When he came back to the ward, he thought the little guy was asleep, but he didn't want to see the little guy look at him after he came in.

"Why haven't you slept yet?"

Say one export, Xi Nianchen inexplicably some strength is not enough.

Never get along with the children, he felt a little uneasy in the face of the little guy.

“Waiting for you.”

From the two times they were alone, he could see that the little guy didn't accept him.

The most important thing is that the little guy didn't call him Daddy when he was alone.

But maybe it's the blood relationship, or the hope between father and son. Xi Nianchen likes to talk to Ruirui Rui, even if he doesn't call him daddy.

“What's the matter?” Xi Nianchen tries to look calm.

“I want to talk to you.” Ruirui stares at Xi Nianchen seriously and says with a frown.

Talk about it?

Xi Nianchen eyebrows slightly pick, he does not think that in this kind of he is very weak situation, their father and son have anything to talk about.

“Do you like my mommy?”

Ruirui didn't seem to need Xi Nianchen's answer at all, so he asked directly.

Xi Nianchen a listen to, eyebrow then displeased of wrinkling.

He intuitively felt that the hypocritical woman would instill some ideas into the little guy. He didn't expect that the little guy would ask so soon.

The more I think about it, the faster Xi Nianchen's face turns black. It seems that his idea of taking Ruirui away is really right.

“Well, I know the answer.”

Ruirui said calmly.

After a while, Xi Nianchen didn't hear the little guy speak any more. He looked at the little guy in a puzzled way, but found that his big eyes were staring at him.

“Still want to ask?”

The little guy nodded, but then shook his head.

Xi Nianchen didn't know, so he thought about the operation tomorrow and said, “after the operation, I'll give you time to ask.”

With that, he thought that the little guy would not follow. After all, children are not all like that now. If they don't follow his words, he will not follow his request.

“Good.”

Did not expect Ruirui but just plain said a word, closed his eyes, really no longer say a word.

Xi Nianchen was a little surprised at the little guy's performance.

Although they have only seen each other three times so far, he still feels that Ruirui is more sensible and precocious than ordinary people.

No wonder the old lady likes it so much.

When Xi Nianchen thinks that Ruirui really doesn't speak, he hears Ruirui muttering in a very low voice.

“Actually, my mommy is very good. Why don’t you like my mommy?”

Why?

He doesn’t like that woman. Does he need a reason?

That hypocritical woman, in order to become the young grandmother of the Xi family, designed it.

So, want him to like her?

No way.

But he didn’t intend to let the little guy know.

“In fact, my mommy is gentle, generous, brave, smart, strong and happy There are so many advantages. Why don’t you like them? ”

Smell speech, Xi Nianchen subconsciously look at the little guy, but found that the little guy in praise of the woman, even so proud.

Xi Nianchen turned his head and looked out of the window. He really didn’t want to hit the little guy.

“There is a kind of love in this world, which is called blindness!”

How can that woman match any adjective the little guy says?

According to his words, the woman only needs two words to sum up: hypocrisy!

“You I’ll regret it

Ruirui doesn't like to toot his mouth, "but since you don't like my mommy, you can divorce my mommy."

"What?"

Xi Nianchen thought that he had heard wrong for a moment, but looking at the little guy, it proved that what he heard was really such a sentence.

"Do you know what divorce means?" "Don't treat me like a child." Ruirui frowned and his mouth was even worse. It was lovely, but it would be better if his face was not so pale.

"You are a child, you don't need to be a child."

Xi Nianchen seemed to know the little guy again.

At this moment, he didn't feel as if he had just refused him thousands of miles away. At this moment, he felt that the dialogue between them was just like that between father and son.

"Don't you really like my mommy?"

Ruirui asked again, as if he didn't give up.

"Your mommy doesn't like me either! And bite me

Xi Nianchen was very angry when he saw Gu shengxia's hand.

On hearing this, Ruirui's eyes suddenly lit up.

It's funny that his mother bites.

Ruirui slightly pulled lips, light said: "so I support your divorce."

With that, Ruirui closed his eyes again. This time, he didn't say anything again, and soon fell asleep.

Divorce?

Xi Nianchen looked at the little guy's sleeping face, and he couldn't help feeling a little confused.

Divorce is said by a three-year-old child. Why does it make him feel out of breath?

For the next day's operation, Xi Nianchen didn't think much about it. He lay on the empty bed next to Ruirui and fell asleep.

A strange night without dream!

The next morning, accompanied by the housekeeper, the old lady went to the ward. Of course, Gu shengxia came earlier than them.

"Ruirui, did you have a good rest last night?" The old lady sat on the edge of the bed, looking at Ruirui lovingly, and asked.

Ruirui nodded, laughed and said, "grandma, Ruirui had a good rest last night."

"Mm-hmm, that's good. Ruirui enters the operating room and has a sleep. He will get better as soon as he comes out."

"Granny, when Ruirui is ready, she will take granny to travel around the world. This is ruiruirui's promise to granny. Ruirui will do it."

Ruirui's clever words made the old lady feel warm.

Gu shengxia has always been on the side of ruiruirui, and everyone's attention is on the side of Ruirui. No one cares about Xi Nianchen.

Although Gu shengxia wanted to say a few words in the past, when he thought about the relationship between them, he still didn't want to go, so that he wouldn't get angry when he saw her.

"Xia Xia, a Chen and Ruirui are going to the operating room later. Go and help the doctor measure a Chen's heartbeat."

As soon as the doctor started preparing for Ruirui's operation, the old lady asked Gu shengxia to do it for Xi Nianchen.

All of a sudden, Gu shengxia had two big heads.

What is she afraid of?
