

Cutie Please Marry Me Again Chapter 29

Gu shengxia, who is not breathing well, holds the man's hand tightly and pinches her neck. Her eyes turn red. I can't help thinking that it was the same before.

He is also like this, strangling her neck, want to end her life!

Gu shengxia was afraid, but she really provoked him just now!

Challenged his position, authority!

No matter where he went, anyone who met him would respectfully call him "Xi Shao", "Xi Zong", or "President".

No one ever beat him!

He is the person who will repay, so in his world, no one dares to provoke him!

Just when she felt that she was about to be strangled, the strength on her neck suddenly disappeared, and her whole body fell to the ground in an instant, as if all her strength had been taken away.

Collapse, soreness, pain.

"Gu shengxia, you have no choice. You'd better do all my conditions, or you won't be spared like today!"

Suddenly, the man leaned over and grabbed Gu shengxia's clothes in one hand. He growled fiercely.

The man suddenly loosened Gu shengxia's clothes. She fell to the ground again as if she had no bones.

Xi Nianchen looked coldly at the woman sitting on the ground, still breathing heavily. Her eyes were colder, her thin lips were tight, and she roared again: "go away."

Gu shengxia heard the man's words, where dare to continue to stay in the study, although all weak, she also want to leave this land of right and wrong.

Even climbing, she doesn't want to stay here.

Because she's really afraid that a man can't help but strangle her!

Just come out from the study, see Ruirui Rui in the living room, she is flustered toward upstairs trot.

When the door of the study is opened, Ruirui hears the movement and looks at the way that mommy trots upstairs with her mouth covered. His small face is wrinkled.

I'm a little worried.

But he won't ask. It's an adult's business. Just like grandma said, he is still young and can't join in too much.

I just can't avoid worrying.

For the next week, Gu shengxia went out early and returned late every day.

Finally, on Friday, Ruirui frowned and looked at Xi Nianchen, who was sitting opposite him playing chess. He thought about it again and again and asked, "my mommy is hiding from you?"

"Well?"

"Why does my mommy hide from you? Did you bully my mommy?" This is the only thing Ruirui can think of.

That day, when he saw mommy coming out of the study, he thought it was because mommy was shy that he would cover her face.

But this week, Mommy is so abnormal.

“It’s your turn.”

Xi Nianchen listens to Ruirui’s words. There is no different look on his face. He is still playing chess very calmly.

“Daddy, I’m talking to you seriously. Please respect me.”

Ruirui frowns and puts his chess back on the table with his legs crossed. His eyes are very serious.

Xi Nianchen was not going to pick up the little guy. After all, he didn’t know how to tell the little guy about the relationship between him and his mother.

But seeing that he was so serious, Xi Nianchen put down his voice, raised his eyes to the little guy, and asked, “what do you want to know?”

“I don’t want to know anything.”

“Daddy, although I accept you, my mom is still the most important person in my heart. I don’t want to make her unhappy.”

“When you were away, Mommy would get home at 8 o’clock every night even if she had more work. But since you came back, my mommy came back very late.”

This is a small guy in the aboveboard complain that his appearance let Gu shengxia can’t accompany him.

“So, want me to go?” Xi Nianchen picked his eyebrows, and his eyes were slightly unhappy.

“It’s not that, but I hope you can get along well with my mom, Dad. I know you don’t have the so-called feelings between adults. But if you get along well with my mom, you will find that my mom is really a very easy person to get along with.”

“I hope the three of us can get along well. I don’t want to see my mom after I have my dad.”

Ruirui said, Xiaolian unconsciously collapsed.

He hasn’t really talked to mommy for a week.

Xi Nianchen looked at the little guy’s lost look and felt a twinge of heartache in his heart.

He knows what a child of his age wants most, but he can’t give it.

“Ruirui, I’ll try to get along with your mommy!”

After all, he still does not want to see Ruirui Rui disappointed expression, can only helplessly sigh said.

Since the relationship with the little guy is getting closer and closer, he finds that his bottom line is getting lower and lower. However, when he sees the little guy’s unhappy expression, he will be distressed.

Father and son were talking when the door opened. When Gu shengxia enters the door, she sees father and son in the living room casting their eyes together. When she touches Xi Nianchen’s eyes, she suddenly moves away.

Naturally, her escape was also caught by Xi Nianchen.

“Mommy As soon as Ruirui sees Gu shengxia, he jumps down from the sofa and runs to Gu shengxia.

“Baby.”

Put away just see Xi Nianchen when flustered, Gu shengxia quickly put out his hand to embrace toward her run Ruirui.

“Mommy, why did you come back so early today? Did the company finish all the work?”

Gu shengxia thought about the company’s affairs, but he still said with a smile: “of course, it’s over. Mommy said it’s not a big deal.”

“Really? That’s great, Mommy. You can finally have a good rest. ”

“Baby, this week, Mommy didn’t accompany you well. Today, Mommy cooks and makes delicious food for you, OK?”

Gu shengxia smiles, lets go of Ruirui, turns to the door and brings in the things he bought in the supermarket just after work.

Ruirui is more happy after hearing it.

In the evening, when Xi Nianchen goes to the restaurant to pour water, he looks at Gu shengxia, who is busy in the kitchen. In his heart, a strange emotion slowly emerges.

It seems that such a scene is unique to a family.

A clever and sensible son, a wife who can cook and a husband who can make money.

This is an enviable family of three.

Suddenly, this feeling made Xi Nianchen frown.

Looking at Gu shengxia's back, his dark eyes are unpredictable.

She It doesn't seem to be what he thought!

Hypocrisy doesn't suit her at all!

What this woman has done recently is not at all for acting in front of him. He has not interfered in her studio.

Although the progress is slow, it is controlled by her step by step in this week.

I have to say, she is a smart woman!

"Daddy, what are you looking at?" Ruirui suddenly appears and drags Xi Nianchen's clothes. His cunning eyes look at him with a meaningful smile.

He has been standing beside his father for a long time, but his father's eyes are always looking at his mother, which makes him excited.

And his father's eyes don't seem to have that kind of look of disgust. Does that mean that Daddy doesn't hate mommy so much?

"Nothing."

Xi Nianchen puts down the cup in his hand, turns around and looks at Ruirui with a smile.

"Well, daddy, I just saw you, but I've been staring at my mommy's back. Don't you hate my mommy so much now?"

Ruirui deliberately lowered his voice, and his eyes became serious.

“Disgusting?”

Ruirui’s words made Xi Nianchen ask subconsciously, but he thought that his previous performance was so obvious?

Even Ruirui can see how much he hates her and how much he hates her.

Just now he still so hate her?

Without waiting for Xi Nianchen to answer, Gu shengxia came out with the last dish.
