

Cutie Please Marry Me Again Chapter 32

“If I don’t want you to go back, won’t you?” The little guy’s voice is a little stuffy.

Xi Nianchen is just a child.

Although smart use mobile phone to divert his sight, and his attention, but that stuffy voice has already betrayed his nervousness at the moment.

“No

Rui Rui’s mouth pouts out.

“Will you settle down in B city after that?”

Will you settle in city B?

The little guy’s words were like being enchanted and flashed in his brain again and again.

It’s just that he hasn’t thought out a reason yet, so his brain controls him and calls his assistant.

So now I hear Zhou Lijiang’s words, the original cold expression suddenly has a touch of softness.

But in his secretary’s eyes, that kind of smiling expression really has a very attractive power. After all, the president of his family seldom smiles.

Generally, when the smile appears, it’s either layoff or someone’s bad luck.

Zhou Lijiang was wary of whether his words had just crossed the president’s bottom line, so the president was trying to abuse him, but he didn’t think of anything, so he heard Xi Nianchen say: “because of my son.”

When Zhou Lijiang heard this, he stood in the same place and looked even more silly.

“Ah?” Zhou Lijiang didn’t know, so he opened his mouth subconsciously.

Xi Nianchen suddenly had a good temper that he had never had before. He said softly, “my son is still young. B city is not suitable for him.”

Looking at the president of his family, the smile on his face was even softer. For a moment, Zhou Lijiang felt dizzy.

That looks like a good father, but is it still their ruthless and superior President?

7 p.m., Longchao hotel.

When Xi Nianchen arrived, Gu shengxia was already waiting at the door.

As soon as he got out of the car and looked at Gu shengxia in front of him, he couldn’t help but have a moment of absence. But he soon regained his mind. The moment of absence seemed to be his illusion.

Gu shengxia wears a simple white medium long skirt, which is decorated with many small pearls. Her black and long hair is casually pulled up by her, with a casual hairstyle, but it is elegant.

Silver high-heeled shoes will set off his slender and white legs more attractive, it is easy to attract other people’s attention.

He walked up to Gu shengxia, bent his arms and made a very gentlemanly move.

Gu shengxia looked at Xi Nianchen with a dull expression. However, when he saw that he was about to open his mouth subconsciously, he put his hand carefully on his arm and held him.

At this time, I heard Xi Nianchen say: “since you’re here, don’t disgrace me.”

The voice is still so low alcohol and pleasant, but every time I hear it, Gu shengxia feels that his whole body will tremble.

The banquet was held in the plum blossom Hall of Longchao hotel.

Plum blossom hall is specially set up for some large companies to hold annual meetings or to enlarge birthday parties.

Today, the banquet held in this plum blossom hall is the birthday banquet of Wang Haisheng, chairman of Tengsheng group, who has close cooperation with Xi’s group.

As soon as I entered the hall, I attracted the attention of all the people present.

After all, no matter what occasion Xi Nianchen appears, there is no doubt that he is the focus of the audience.

Three years ago, Xi Nianchen was already the existence that everyone looked up to. Three years later, Xi Shao was the existence that everyone wanted to cling to.

As soon as Wang Haisheng saw Xi Nianchen, he came over with a smile, along with his son Wang Hua and his daughter Wang Linna, who had just returned from studying abroad.

“I haven’t seen you for a long time.” Wang Haisheng held out his hand, looked at Xi Nianchen and said with a smile.

Xi Nianchen politely said, “long time no see, Mr. Wang. Today is your birthday party. Happy birthday.”

“Well, well, the fact that Xi Shao can come really makes my father’s birthday party shine.”

Wang Hua talks, but his eyes fall on Gu shengxia.

Her appearance has already attracted the attention of all the men present. How can a famous sex wolf like Wang Hua not be attracted?

“Wang Dong, you are joking.”

Xi Nianchen said that the radian of the corner of his mouth was always controlled within a certain range, but when he saw Wang Huase’s squinting eyes looking behind him, he felt a little cold.

He knew that Gu shengxia was right behind him.

From seeing Xi Nianchen appear, Wang Linna noticed Gu shengxia. After all, women’s eyes are always sharp. The first time they can notice people who will threaten them.

“Xi Shao, long time no see. I’m Lina. Do you remember?” Wang Linna stands in front of Xi Nianchen with an elegant smile and reaches out her hand.

“Hello.” Xi Nianchen replied and took it back with a light hand.

Seeing this, Wang Linna frowned subconsciously, and then continued to ask, “five years ago, we met at the annual meeting of Xi’s group. Don’t you really remember?” Gu shengxia looks at the elegant woman in front of her. She can’t help thinking that this man’s fate is really good.

Xi Nianchen didn’t speak any more, but his eyes looked in other directions.

Wang Haisheng has been working hard in this market for so many years, can’t he see Xi Nianchen’s meaning?

In addition, everyone’s attention has been on him from the beginning. If Xi Nianchen is upset now, it is likely that Tengsheng group will be affected whether the birthday party will be held or not.

Today's Xi Shao is more outstanding than Xi Nianchen three years ago.

Of course, it's very nice to have such an excellent son-in-law, but he got married three years ago.

So, even knowing his daughter's thoughtfulness, he had to interrupt at this time.

"Ah, it's time. Please help yourself." Wang Haisheng maintains a polite smile.

Xi Nianchen nodded, "Wang Dong, please."

Wang Hua sees Wang Haisheng's eyes, then pulls Wang Linna, but his eyes stay on Gu shengxia several times.

If it wasn't because she was brought by Xi Nianchen, he would surely have enjoyed the woman he was fascinated by today.

After the banquet officially started, Zhou Lijiang hurried to Xi Nianchen and said that he had something important to say.

Xi Nianchen frowned slightly and looked at Gu shengxia, who was always looking down. He lowered his voice and said, "don't run around."

Gu shengxia quickly and cleverly nods, the atmosphere does not come out for a while, this man is too cruel, she can't stir up.

As soon as Xi Nianchen leaves, Gu shengxia dares to look up and look at Xi Nianchen standing in the corner.

Today's Xi Nianchen is still wearing a stiff black suit, but his cold and delicate face is more and more charming.

Even if he was standing in the corner with weak light, he still exuded a noble and elegant temperament.

She could not help muttering in a low voice: "cold to death, how can there be women like it?"
