

They already had to prepare much money to pay for Annie's treatment costs. She really didn't want to get Georgia involved into the trouble anymore.

However, if she bore these humiliations but Alfred still insulted Georgia again and again, what was the meaning of her compromise?

Vanessa thought that even if she had to sell herself, she didn't want to bow her head to Alfred at this moment.

Thinking about this, Vanessa stood up angrily and walked directly outside.

Alfred originally thought he could control this woman, but unexpectedly, this woman was not afraid of paying the huge compensation. She actually wanted to leave.

Alfred stood up angrily, then walked forward to grabbed Vanessa's wrist.

"Do you think you can come and leave here at your will?
Vanessa, I'm over you. Now, you are just a slut. I can humiliate
you as long as I want!"

Alfred directly tore Vanessa's clothes, and then threw Vanessa
on the sofa.

Vanessa panicked.

"Alfred, you bastard! You let me go! I said I wouldn't make a
deal with you. I don't want to do anything... Go away..."

Vanessa struggled frantically. Alfred only felt that more and
more angry.

He didn't care about Vanessa's struggle. The only picture in his
mind was that this woman held the other man's hand and left.
The contemptuous look in her eyes was the most hated
memory in his mind.

The more Vanessa struggled, the more Alfred felt angry.

He almost madly possessed this woman.

Vanessa had been screaming in pain. Her nails had completely scratched the man's back.

However, Alfred didn't let her go. In the end, Vanessa felt that she was like a broken doll.

She lay on the sofa in despair. Suddenly, she realized that the man who loved her had long since disappeared. The person in front of her was just a demon who came back to take revenge on her.

Compared to those men who humiliated her in her memory, the man in front of her made her feel the same disgust and the same fear.

Alfred looked at the desperate and hateful look in the eyes of the woman on the sofa. He suddenly felt very upset.

Pulling Vanessa up from the sofa, Alfred sneered coldly. _____

"Vanessa, you hate me? Have you forgotten what you did back then? You humiliated me and abandoned me back then. Now I just give you back the pain you inflicted on me back then little by little. How could you pretend to be innocent?"

"Besides, we had sex a long time ago. What do you mean by looking like being insulted now? Do you think you are still a pure girl? You have been fucked by those rich people so many times. You pretend to be innocent in front of me now?"

"Hahaha... Hahaha..."

Vanessa suddenly laughed sadly. Her tears continued to flow down, but she did not answer Alfred.

Alfred suddenly felt that he was so resentment now. He smashed the porcelain vase beside him directly to the ground, kicking the table fiercely, like an angry lion.

Vanessa didn't even look at Alfred. Her eyes looked empty.

Alfred suddenly rushed to Vanessa to grab her neck.

"What do you mean by looking like being wronged now? You deserved it!"

After saying this angrily, Alfred slammed the door closed and went out.

Vanessa silently squatted on the ground and cried from night to daytime.

The next morning, Vanessa left this place quietly, taking away all her past attachments, loves and hatreds.

She returned to S City quietly, and then started looking for a job.

Georgia had already gone to work for a week. The people in the institute still didn't talk to her, but Aston and Sapphire would talk with her normally.

Anaya would mock her almost every day. But she didn't care about this. Anaya was afraid that she herself would be expelled from Professor Lee, so she didn't dare to go too far.

Georgia worked overtime in the laboratory every day. She did the experiments she wanted to do. Her research direction had gradually gotten a little progress.

On Friday, Layla called Georgia.

"Gigi, it's Friday today. You should come here once. Otherwise, I really can't keep the job for you."

Georgia suddenly became anxious.

Annie was transferred to the hospital in S City. Georgia still had to earn the high medical expenses for Annie.

"Layla, I'll be there soon. Please wait for me."

At the same time, Georgia called Vanessa.

After that night, Vanessa completely gave up negotiating with Alfred. She returned directly to S City and finally found a job.

Even if the salary was low, it was better than having no money.

Vanessa was ready to go to jail. She would rather go to jail than to pay Alfred the huge compensation.

"Gigi, what's up?"

Vanessa asked softly on the phone.

"Vanessa, I'm going to the club to work tonight. Tomorrow night, I should be still here. I will work twice this weekend. If so, Layla won't blame me. I will come to S City in the middle of the night tomorrow night. You don't have to wait for me during the day tomorrow."

"Okay."

After Georgia hung up the phone, Vanessa felt a little sad.

She and Georgia both had no money now. If it were her, maybe she would choose this way too.

After Georgia arrived in the club by taxi, she went to her dressing room to make-up as usual. However, just when Georgia sat down, she suddenly felt her nose and mouth covered. The next second, Georgia fainted underground.

Layla was a little angry about that Georgia did not come to work.

She looked at the text message sent by Georgia, saying that her daughter had a sudden illness and had to rush back to S City.

Layla could only tell her superiors about this to let them forgive Georgia this time.

Regardless, family members were the most important. Layla decided to help Georgia.

But Layla did not know that the text message was forged, nor did she know that Georgia had been kidnapped and left the

club.

From Friday night to Saturday morning, almost no one noticed that Georgia had disappeared.

Saturday was not the day when Georgia went to work. No one in MU Research Institute would call Georgia. Layla in the club thought that Georgia had taken a leave of absence. So no one found that Georgia disappeared.

When Georgia woke up, she found that she was in an old warehouse.

Looking outside, it was already daytime. Georgia didn't know where she was and how long she had been in a coma, let alone who brought her here.

She currently had too many enemies. Georgia couldn't even guess who did it.

Her hands and feet were tied up. A piece of tape was on her

mouth. She could neither help herself nor ask for help. Georgia looked around the warehouse.

The warehouse was empty. She didn't see anyone. The warehouse was closed. Only a door seemed to be visible in front, but the door was tightly closed.

Georgia felt that she was very hungry. She was arrested at night. Now, it was daytime. Georgia guessed that she might have been in a coma for a day and had been hungry for a day.

She kept comforting herself to calm down. Georgia kept observing the environment around her, trying to see if she could escape.

Georgia herself observed for more than half an hour, but she still couldn't find any way to escape.

After sitting in silence for another half an hour, Georgia heard the door being opened.

Looking over, Georgia watched a man in a black jacket walk in. The man approached from a distance. Georgia's face suddenly turned pale.

The person was Chester, the man who almost ruined her six years ago and harmed her time and time again after she was released from prison.

Chester also used her to make her mistakenly think that Annie was Robert's child. Then Robert taught her a lesson.

Georgia became vigilant. After Chester approached, Georgia bit her lip and looked at the man in front of her.

Chester looked at the woman in front of him. He sneered.

"Georgia, long time no see."

Georgia couldn't speak. She could only stare at the man in front of her.

Chester sneered. He stepped forward and took off the tape on Georgia's mouth.

"Chester, what do you want to do?"

Georgia yelled loudly.

Chester clapped his hands. Suddenly, a group of men walked in from outside.

Georgia saw that there were six men in total. Their clothes were dirty and their hair and beard were very sloppy. They looked like beggars.

Georgia suddenly felt a kind of fear rising from the depths of her heart. Even her voice became trembling.

"Chester, what do you mean?"

"Your good sister, and good father ask me to teach you a lesson.

Georgia, why did you offend Emma? Why did you let Mr. Knight make me lose everything? For money, I can only deal with you." _____

"Chester, it was you who kidnapped me at first. Otherwise, why would Mr. Knight deal with you? Later, you deliberately misled me that the man who had sex with me that night was Robert. Now you say that I harmed you. I feel you are really insane!"

Chester was slightly surprised, and then he laughed.

"Why did I lie to you about that thing? The man who was in your room that night was Robert. If your child is not his, it can only show that you have sex with the other man. It's none of my business."

Chester satirized coldly, but Georgia felt that her whole body was chilling.

She couldn't think of why Chester was still cheating on her, but the paternity test report was the fact.

Georgia couldn't understand what went wrong. Chester already looked at the man behind him coldly.

"Georgia, I found these men specially for you. These are the beggars I found in some of the dirtiest garbage dumps in D City. I don't know if these beggars had sex with other women before, but men have their instincts for women. If you have sex with them, even if Robert is interested in you, will he feel sick after he knows it?"

Chester gave a cold laugh. Georgia felt already cold all over.

"I have set up the camera. When you have a good time with these men, I will record it and give the video to your good sister. Georgia, don't worry. I will keep you alive."

After Chester finished speaking, he suddenly stepped forward and gave Georgia a medicine.

Georgia struggled in horror, but the medicine still went into her stomach.

Chester took a few steps back. He smiled triumphantly.

"This is the strongest aphrodisiac on the market right now. No one can resist it after taking it. Georgia, just accept your fate. You can't beat your sister... Anyway, after I finish this, your father and sister will give me money to get me out of here. You will never see me again!"

After saying this, Chester looked at a bunch of beggars in front of him.

"Leave her to you guys. Have a good time. As long as she is alive, you can do whatever you want. After it's over, I will give each of you 10,000 dollars."

After saying this, Chester walked out.

At the moment the door was closed, Georgia looked at the empty warehouse and looked at the six men walking towards her. Georgia started to tremble all over.

However, fear only increased the excitement of the men. The six men walked directly to Georgia's side.

The sound of clothes shattering mixed with Georgia screams in horror.

The men had already untied the ropes on her body. But Georgia couldn't escape at all.

She watched she herself being surrounded by them. These filthy men stared at her as if she was the food in their mouths.

Georgia's struggles looked like ridiculous resistance, as if it was arousing their interest. Several men laughed mockingly. Even if they were beggars, at this moment, they enjoyed playing with the woman.

Georgia felt desperate. She almost wanted to hit the wall to die.

The medicinal effects in the body seemed to have started to work. Georgia found that her body was getting softer.

She didn't have the strength to struggle anymore.

Could she really have to be humiliated by these men today?

Huge despair swept through Georgia. She almost collapsed!

"Help!"

"Help!"

Georgia shouted in despair.

"Bang! Bang! Bang!"

There seemed to be men's painful shouts in her ears. Georgia felt these hands on her body disappear.

She opened her eyes. Then she found that it was a man with a face full of beard. She could not see his face clearly. But he directly punched several other men to the ground.

Several other men shouted angrily.

"Idiot, are you crazy? What are you doing?"

"He is really stupid. I guess he hasn't touched a woman yet. Go away, Idiot. You don't want to enjoy it. We want to enjoy it!"

Several men talked and surrounded Idiot, preparing to drive Idiot away.

However, Idiot once again knocked several men to the ground.

Georgia watched five men were beaten to the ground by this man named Idiot. They vomited blood, looking extremely embarrassed!

She didn't even know if these men passed out or already died.

After a while, only Idiot and Georgia were left in the warehouse. After Idiot kicked the last man severely, he slowly walked in front of Georgia with a hint of confusion in his voice.

"Gigi... Gigi..."

Georgia was dumbfounded. She couldn't stop crying.

The man in front of her was covered with dirt. The clothes he was wearing seemed to be taken out of a garbage dump. He was smelly. His face was full of beard, and was covered by his hair. Georgia couldn't see his face.

However, the familiar voice made Georgia's heart ache

violently.

The rope on her had already been untied. Georgia's hand was slowly placed on the man's face.

Georgia cried bitterly while she moved Idiot's beard and hair away.

"Travis, why did you become like this? What happened to you? What happened to you... You have disappeared for more than ten years. Why did you become like this...?"

Georgia cried very badly. Travis just held the woman in front of him blankly, and then kept shouting.

"Gigi... Gigi..."

Georgia cried fiercely. In an emotionally crying, she found that the medicine in her body worked again!

No, she couldn't give in.

Georgia raised her arm up, and then directly took a bite into her arm. It was bleeding out.

The severe pain made Georgia sober. Georgia felt that she was finally sober a little.

Her face was pale. Her forehead was covered with cold sweat.

"Gigi... Gigi..."

Travis looked at Georgia in a panic. He picked up Georgia's arm, his eyes full of panic.

At this moment, Georgia finally found that it seemed that Travis could only say one word, Gigi. He looked like a fool.

Who caused Travis to become like this? Georgia was full of distress and anger.

Travis was such a gentleman. How could he become a beggar and a fool?

Who was so vicious to hurt him like this?

Georgia hadn't seen Travis for more than ten years. She didn't know what happened to Travis before he became a beggar and was called Idiot.

Something must have happened in the meantime. The more Georgia thought about it, the more she cried.

But Georgia knew that the most important thing for her right now was to escape.

Georgia held Travis' hand, and then asked seriously.

"When you came in, were there anyone else out there? Except for the man named Chester."

Travis shook his head.

"No, no one..."

Georgia understood what Travis meant. In other words, as long as they defeated Chester, she could escape with Travis.

The wound on her arm made her sober. Georgia grasped Travis' hand and explained her plan over and over again.

"Travis, the man outside is a bad guy. We have to leave here. We have to leave here together... But the man outside will definitely not allow me to leave. Can you knock the man outside down like you knock these people down? You have to knock him out, then we can leave..."

"Gigi... will Gigi... leave me?"

Travis asked in fear. His eyes looked like so innocent. Georgia only felt sad

"Travis, I will leave with you. No matter what happens to you, we will leave here together!"

Travis smiled at Georgia.

"Travis wants to be with Gigi. Travis wants to be with Gigi..."

Finally, Travis followed Georgia to the door. Georgia picked up a wooden stick in the warehouse.

She taught Travis for a long time. Travis began to knock on the door constantly. Chester thought it was almost over. He threw the cigarette to the ground and turned around to open the door.

Taking advantage of this opportunity, Travis punched Chester directly in the face. Georgia directly used the wooden stick to keep hitting Chester.

The two beat up Chester until he vomited blood. When Chester completely fell to the ground unable to speak, Georgia held Travis's hand.

"Travis, we have to leave here immediately..."

Travis watched his hand being held. Then he showed a childlike smile on his face.

"Travis is going to go with Gigi... Travis is going to be with Gigi!"

Georgia grabbed Travis's hand and prepared to run outside.

However, just when they walked a few steps, a gunshot banged. Georgia watched Travis was shot in his leg.

Chester lay on the ground with a gun and looked at them from a distance, his eyes full of resentment.

Georgia knew that she couldn't stop now, so she grabbed Travis's hand and started crying.

"Travis, we have to leave here. We have to leave here. I will treat the wound on your leg later, okay?"

Travis nodded. He couldn't fully understand what Georgia meant, but he just knew instinctively that he wanted to leave here with the woman in front of him.

Georgia kept walking with Travis while crying. Travis hurt his leg and couldn't walk fast at all.

After the two people walked a long way, Georgia realized that this place was actually on a big mountain. If they walked to the city at the speed, Travis' leg would be completely broken.

Georgia studied biopharmaceuticals. She was not a nurse.

Moreover, the bullet had entered the body. Georgia had no medical tools to help deal with the wound. She could only help Travis to bandage it temporarily.

The look in Chester's eyes made Georgia uneasy. She was always afraid that something would happen on the way to escape.

On this uninhabited mountain, Georgia could hardly see a family, let alone a car.

After walking for a long time, it was already dark. Travis grabbed Georgia's hand and started crying.

"Gigi, Travis can't walk anymore... Travis' feet hurt..."

After Travis finished speaking, Georgia stopped. Then she watched Travis fainting directly in front of her. _____

Georgia's face was pale. She was almost overwhelmed by fear and despair.

Kneeling down, Georgia moved the hair from Travis' face. She saw Travis' pale face and lips.

Georgia panicked.

Georgia never dared to walk anymore. She slowly supported Travis and walked behind a forest to hide.

At this moment, the sky was completely dark. They could no longer walk. Georgia could only rest in the woods with Travis.

Georgia thought if she could find a car and escape here tomorrow.

However, Vanessa was already so anxious in S City now.

Last night, Georgia had told her that she would come over at night.

Vanessa had already waited until five o'clock in the morning. But she still hadn't received any news from Georgia.

She made countless phone calls. Georgia did not answer the phone at all.

Vanessa took the train to D City in a panic.

At eight o'clock in the morning, Vanessa arrived at the apartment where she and Georgia lived, but she didn't see Georgia at all.

Vanessa didn't have any phone number of Georgia's colleagues. She could only call the customer service of MU Research Institute, but it was weekend. So no one answered the phone at all.

Then Vanessa went to MU Research Institute. No one went to work on weekends.

Feeling desperate, Vanessa came to the clubhouse. Through various inquiries, Vanessa finally contacted Layla.

"You mean Georgia is missing?"

Layla asked in surprise on the phone.

"Yes, Georgia said that she would arrive S City in the middle of the night. I waited Gigi until this morning. But she didn't come. So I hurried to D City. Gigi was not at home at all. I can only contact you to ask about the situation."

Layla instantly thought of Georgia's text message on Friday. Could it be fake that Georgia said that she had something to deal with?

Layla asked.

"On Friday, Gigi told me that she would come to the clubhouse to work, but when I arrived at the clubhouse, I only received a text message from her. She said that her daughter was sick and she had to go back to S City and let me help ask for leave. Then I helped her ask for leave. Didn't this happen?"

Vanessa only felt panic. If there was that text message, it meant that someone really dealt with Gigi. It meant that something bad happened to Gigi.

"Layla, there is no such thing at all. Gigi's daughter has always been in good condition. I have been taking care of her in the hospital in S City. This incident has never happened. When Gigi called me at the time, she said she would go to work. Then she would come to S City the next night."

After Vanessa said this, the two looked at each other seriously.

Georgia seemed to have something wrong. She might have arrived at the club at that time.

"I'll go to the clubhouse immediately to check the monitoring."

When Layla said this, Vanessa's body was still trembling.

"Layla, thank you. I'll call the police right away!"

The two acted separately. However, when the police went to the clubhouse to take the surveillance video, Layla said regretfully to the police and Vanessa.

"The surveillance video is gone. All the video in the clubhouse on Friday was gone. I suspect that Gigi should come here that day."

The police could only temporarily register and investigate, but there were no more clues.

Time passed by, but Vanessa felt so panic. If Gigi couldn't wait for the police to save her and was in danger, what should she do?

But, who else could Vanessa call for help?

Vanessa walked forth and back. Layla already called Andrew.

"Layla, you finally call me."

Andrew's voice was very gentle.

Under normal circumstances, Layla would definitely not give the call to this man.

However, Georgia was in danger now. Layla didn't want to see that something bad happened to Georgia.

"I have a friend named Georgia. She goes missing. I want you to help me find out where she went."

Andrew immediately said.

"I can help, but you must promise me that you will come back to see our daughter. This weekend or next weekend. It's up to you."

After thinking about for a while, Layla finally agreed.

"Next weekend, but you have to tell her that I don't want to hear her say some weird words to me every time I see her. I don't owe her, understand?"

Andrew was only surprised.

"Okay, our daughter is just a little girl. In fact, she already regrets what she said."

Layla didn't say anything more. She directly hung up the phone.

"I'm sorry. I can only ask this person for help. Although I know many people, those people will not help me find a woman they don't know."

Vanessa already felt very grateful.

"Thank you so much. You already helped me and Gigi a lot. Layla, thank you. I'm going to ask others for help. If you have news, please tell me immediately."

Layla had already asked someone for help, though Vanessa didn't know who that person was. Vanessa was reaching for in her mind who could help her.

In the end, Vanessa finally thought of Alfred helplessly.

She originally planned to never see this man. But even if Alfred would humiliate her, Vanessa still had to ask Alfred for help to

find Gigi's whereabouts.

Vanessa took the initiative to come to Alfred's apartment, and then called Alfred.

This time, she was willing to put aside all her self-esteem, as long as the man was willing to help.

"Vanessa?"

It sounded like he was a little drunk.

Vanessa was a little at a loss, but she still said what she had prepared.

"I want to ask you for help. Gigi is missing. I don't know where she went. I can't find anyone else to help me. I have already called the police. I don't know what power you have, but I think you should be able to help me."

Alfred laughed loudly on the phone.

Then his voice became very cold.

"Vanessa, who do you think you are? Why should I help you? You are just a bitch. You are just the woman who abandoned me. I help you... Am I crazy?"

Vanessa knew that this man enjoyed the feeling of humiliating her. Instead of hanging up the phone, Vanessa calmly continued.

"Alfred, if you can really help me, I will agree to whatever you ask me to do in the future."

"Humph, you're willing to do everything? Now, you come here right away, come to me. I want to see what you can do!"

Seeing that Vanessa was stunned, Alfred went on.

"Staff of the registry office is still working at this time. We can still register for marriage now."

Vanessa was so shocked that she stood there without saying a word for a long time.

After she understood what Alfred said, she questioned Alfred loudly.

"Alfred, are you crazy?"

"Vanessa, I have a clear mind and I'm not crazy. If you want to keep Georgia alive, I can not only ask my men to find her for you, but I can also ask many other men to find her."

After saying that, Alfred took Vanessa's hand and went to the parking lot while pulling Vanessa.

Vanessa Zhao couldn't help throwing his hand away.

"Alfred, you're going to marry Rachel soon. Now, you ask me to marry you. You're crazy. You must be crazy!"

Vanessa didn't want to talk to Alfred anymore. She just wanted to flee right away.

Now, she must figure out a way to find someone to search for Gigi.

However, Alfred took her hand tightly.

"That's not true. I'm not going to marry Rachel. I just ask Rachel to tell you that because I want you to hear that."

Vanessa was somewhat shocked and was speechless.

"Even if you're not going to marry her, why do you marry me, Alfred? I'm a terrible person. Let go of me. I don't want to marry you."

If Alfred didn't come back to humiliate and retaliate against her and if Georgia wasn't missing, Vanessa really wanted not to have contact with Alfred again.

She had never forgotten those terrible memories.

She believed that she would think of what happened in the past if she was with Alfred.

As a matter of fact, she didn't deserve it anymore.

"Vanessa, can't you see my intention? Let's forget what happened in the past and start over. As long as you're devoted to me, I'll forgive you for what you had done in the past. What do you say?"

Vanessa had sore eyes and couldn't help weeping.

"Alfred, forget it. Six years have passed. Both you and I have changed. Leave me alone. I want to start fresh and you should begin anew, too."

Hearing this, Alfred immediately became furious.

Taking Vanessa's hand tightly, he shouted sharply.

"Vanessa, let me tell you. If you don't agree, I'll make things worse for your good friend, making her unable to come back in the future!"

Vanessa glared at Alfred who was furious in shock, and could do nothing but questioned him.

"Alfred, why should you do that? There are too many things happening between us. Do you really believe that we can get along well with each other for the rest of our lives even if we're really married? Can you really forgive me for what have happened in the past?"

Besides, Vanessa knew one thing well.

She had experienced a humiliating event, which Alfred didn't know at all.

That was like a time bomb, making Vanessa dare not to be with Alfred.

"Vanessa, let me tell you. I'm the young master and heir of the Chow family in G City now! In the past six years, I fought for

power and became the universally recognized heir to the Chow family. If I really do something, Georgia would only end up being miserable! Have you really forgotten the fact that last time you couldn't find a job? You can try if I'm powerful enough to do something to Georgia."

Vanessa took a deep breath, but was still painful.

Looking at Alfred while shedding tears, Vanessa spoke in a choked voice.

"But, Alfred, you'll regret if you really marry me. You will really regret it."

"It's none of your business. Just tell me if you will marry me or not."

Alfred grabbed her hand with anxious eyes.

"As long as you really search for Gigi for me, I'm willing to marry you."

Vanessa made the final decision.

Alfred had had an empty and angry heart. Feeling as if there was warmth pouring out from the bottom of his heart, he felt much better. Now, he was just excited.

"Well, let's get married now."

Alfred drove to the apartment Vanessa lived in with her. After she got relevant credentials, Alfred drove to registry office.

Meanwhile, one of Alfred's secretaries was already waiting.

After Alfred took his relevant credentials from the secretary, they directly went in to register for marriage without waiting in line.

Vanessa saw that the name on his credentials was Eduard Chow, instead of Alfred.

Feeling puzzled, Vanessa asked doubtfully.

"Why is it that the name on your credentials is Eduard Chow?"

Having registered marriage with Vanessa, Alfred was in a good mood now. He felt as if he had finally established a stable relationship with her.

"I was given this name by my grandfather after I was born. After I lived with them again, they asked me to use this name. But I like to introduce myself as Alfred when I'm not home."

Vanessa nodded and asked with a sullen expression.

"Since I have registered marriage with you, you should send more people to find the whereabouts of Gigi for me now."

Alfred was somewhat unhappy, but he still picked up his mobile phone.

"Wait here, and I'll make phone calls to others people and ask them to search for Georgia."

Vanessa nodded. Alfred went to a place that was not far away from Vanessa, called powerful people he knew and asked them to help in finding Georgia.

Finally, he made a phone call to Robert and asked directly on the phone.

"Georgia is missing. Did you take her away?"

"Georgia is missing?"

Robert asked in a louder voice.

He subconsciously wondered if it was his mother who took Georgia away.

At this moment, Robert couldn't help feeling worried.

"Yes. Georgia disappeared on Friday night. And it's already Sunday today. Her friends have reported her missing, but she is still not found. Previously, I thought that it had something to do with your family."

"I'll look into it."

Robert immediately hung up the phone, picked up his mobile phone and made a phone call to his secretary.

"I've told you to watch my mother closely. Did she do anything suspicious recently?"

"No, Mr. Simpson. At least I didn't find that she had done anything suspicious."

After hanging up the phone, Robert's face darkened.

Could it be that his mother began to be wary of him?

Then, he picked up his mobile phone and asked his men to find the whereabouts of Georgia.

However, after finding that his men couldn't find Georgia, Robert was suddenly in a panic.

He was afraid.

What if Georgia died and disappeared in his life?

Robert found that he was afraid of such a result.

No. He shouldn't like Georgia.

He shouldn't care about Georgia!

He told himself not to care about Georgia again and again in his mind.

However, he sent more and more people to find Georgia.

After waiting for a long time, he was so desperate and afraid that he nearly went crazy.

At eight p.m., Robert's mobile phone suddenly rang.

He answered the phone with trembling hands. He didn't find that he spoke in a very nervous voice.

"What's the matter?"

He asked.

"Mr. Simpson, I find out where Georgia is now. She is seeing a doctor in Central Hospital now..."

Robert crazily rushed out and drove his car directly to the hospital Georgia was in.

When he arrived at the hospital ward, he found that Georgia was embracing a man. It appeared that they had a very intimate relationship.

And Georgia smiled very happily.

She looked just like a happy small woman.

At that moment, Robert was suddenly very jealous.

Georgia didn't know that Robert was at the door of the ward.

Last night, she and Travis slept on the mountain until it was almost dawn the next morning.

Georgia woke up Travis by shaking, and then they continued to walk towards along the road.

They finally got a free ride after walking for about two or three hours.

At that time, they both were tired and hungry.

They had hardly sat on the car when they fell asleep. About five or six hours later, Georgia and Travis were finally in the city.

Then, Georgia came to the hospital by car with Travis.

She called Vanessa and explained what had happened. Having no money with her, Georgia could only ask Vanessa to send some money to her.

Travis received a simple bullet removal operation.

After the operation, Georgia helped him clean up his body, let him change into hospital pajamas and then came to the ward with him.

Considering that she had no tools to cut his hair and shave him and that Vanessa wasn't here, Georgia could only talk to him in the ward.

Georgia wanted to know what had happened to him these years.

However, Travis's intelligence was impaired. He couldn't understand what Georgia said before she explained it several times.

In the end, Georgia just knew something through simple conversation.

Travis had always been a beggar, sleeping in places like somewhere under a bridge or in an open-air square. At the beginning, he was often bullied by others.

Later, he fought back.

Although he was called Idiot, he knew that he should be called Travis.

However, Georgia didn't refuse when he hugged Georgia and said that he was in great pain.

"It hurts...But Travis feel better when I'm with Gigi..."

Seeing he act like this, Georgia couldn't help smiling.

This was the scene Robert saw.

"Well, tell me, why do you still remember me? Why didn't you forget me? Do you still remember your grandmother?"

Travis was brought up by his grandmother. Except his grandmother, he had no other relatives.

Travis used to tell Georgia that he didn't know who his father was and that his mother gave birth to him when she wasn't married.

When Travis was five years old, his mother died in a car accident.

"Grandma...Grandma is gone...Gigi...You're Gigi..."

It seemed that Travis didn't know what had happened. Feeling somewhat sad, Georgia held Travis in her arms and wept.

If she got it right, Travis had lived on the streets and been a beggar for almost ten years.

Standing outside the ward, Robert was so jealous that he clenched his hands into fists.

Vanessa arrived at the door of the ward and saw Robert. Then, she questioned angrily.

"Robert, why are you here?" _____

Chapter 68 She Had to Give in to Him

Robert didn't notice that Vanessa was here, too.

He was somewhat embarrassed.

However, thinking that Robert must come here to take revenge on Gigi, Vanessa glowered at him.

Noticing their conversation, Georgia took Travis's hand and explained.

"Travis, there are some guests outside. I'll have a look. You just lie in bed."

Travis took her hand and didn't let her leave.

Georgia smiled helplessly.

"I'm not leaving. I'll stand at the door, and you can watch me."

It seemed that Travis was particularly reluctant to leave Georgia. He pointed to his cheek.

"Gigi...Kiss...Kiss..."

Georgia immediately felt said.

She thought of the days she spent with him when they were young.

At that time, they were both 17 years old. They were not only desk mates, but also lovers. After class, they rode bicycles home together.

Every time he sent Georgia home in the afternoon, Travis would point to his cheek and asked Georgia to kiss him on the cheek.

At that time, they were simple students and it was very sweet when she kissed him on the cheek.

It appeared that Travis still remembered these things.

After the college entrance exam, Georgia lost contact with Travis.

She always believed that their relationship had ended when Travis left without telling him.

It never occurred to her that Travis would suffer such pain and torture. Although she spent six years in prison, she thought that Travis was more miserable than she was. This thought instantly melted her heart. She bent over, lowered her head and kissed Travis gently on the cheek.

She didn't do it out of love. She did it because of memory and pity.

Travis didn't know that Georgia had thought so much. He was just very happy and therefore smiling brightly.

He let go of Georgia's hand and kept murmuring.

"Gigi...Gigi..."

After giving him a smile, Georgia turned around and went to the door.

She opened the door, seeing that Vanessa and Robert were standing outside.

Georgia felt somewhat puzzled: why is Robert here?

"Who is that man?"

Robert suddenly asked coldly.

Before, that man hugged her. Then, after they said a few words, she kissed that man!

Robert couldn't see what that man looked like, because he could only see that man's back and that he was dressed in hospital pajamas. He seemed to be a tall and thin young man.

Before Georgia said anything, Vanessa taunted him.

"Robert, Who are you? The identity of that man has nothing to do with you. Gigi has been cornered by you. What else do you want to do now? Gigi makes friends with him. Does that has anything to do with you? Are you even going to torture Gigi's friends?"

"Come on, I'm here. You can do something to the detriment of me!"

Georgia hurriedly took Vanessa's hand and hinted that she should stop talking.

SJ was too powerful. If Robert really took crazy revenge on her, it would be too terrible.

"Vanessa, stop. I'll talk to him."

Georgia spoke to Robert.

"Mr. Simpson, why are you here?"

Hearing what she said, Robert found that Georgia talked in an indifferent tone, as if they were the strangers having no the slightest connection with each other.

He was particularly angry and jealous when he found that.

Even he didn't know the reason why he had such feelings.

Could it be that he really cared about her?

It...It was impossible. Robert told himself again in his heart that he just wanted to torture and retaliate against her.

He laughed at Georgia.

"I heard that something was wrong with you, so I wanted to know if that you are dead or not. Unexpectedly, you make it through and even come to the hospital with a man. You are really lucky."

He spoke like this, but couldn't help looking at the man who was sitting in the ward.

That man finally turned around. Robert still couldn't see his face clearly because of his extremely long hair and extremely dense beard.

Robert was very curious, but he didn't want to ask Georgia.

"I'm sorry that I'm against your wish and is still alive, and that I was saved by that man...why, are you very disappointed that I'm not dead after you kidnapped me?"

Chester said that it was Emma and Owen who ordered that she should be kidnapped. Previously, Georgia doubted that. After all, she offended a lot of people recently.

It never occurred to her that Chester didn't cheat her!

After all, Chester had done that before!

However, Robert came here when she just came to the hospital. Georgia was suspicious of Robert and even couldn't help mocking him.

Robert was stunned and then sneered.

"Do you think it necessary for me to kidnap you when I want to deal with you? Georgia, you're too naive. I can let you and your man be driven out of the hospital by just making a phone call. Why? Do you want to try it?"

Robert spoke in such a cold voice that Georgia was scared instantly.

It didn't matter if she was driven out of the hospital, but she couldn't let Travis be driven out of hospital.

A bullet had just been removed from the foot of Travis. She couldn't be impulsive. Georgia was forced to give in to him.

"Mr. Simpson, I'm sorry that I offended you just now."

Hearing her apology, Robert wasn't happy. She had never given in to him before.

In the past, Georgia cheated him, played with him and finally

gave in to him for the sake of her daughter.

Now, she gave in to him for a man. Robert was nearly overwhelmed by his crazy jealousy.

He suddenly felt that he was very depressed as if he were going to explode with his emotion.

However, he shouldn't be angry or jealous.

Robert told himself that he should leave her.

He should stay away from her and not be affected by her emotionally.

"Georgia, take care of yourself. If you're kidnapped again, you might not be lucky enough to survive!"

After saying that, Robert turned and left directly coldly.

Looking at him with doubt, Vanessa asked Georgia.

"What is he doing? He just said that it wasn't him who sent someone to kidnap you. Gigi, you didn't explained it clearly on the phone. What on earth happened?"

Georgia explained what had happened briefly.

"If Chester didn't lie to me this time, then, it was Emma and Owen who kidnapped me!"

"Fuck! It's normal for Emma to do that. After all, she is originally a vicious person. But Owen is your father! How could he be so vicious?"

Vanessa couldn't help cursing.

Georgia just smiled bitterly.

"He sent me to prison six years ago. Vanessa, forget it. Don't

talk about them anymore."

Georgia would be sad when talking about these things. Vanessa knew that, so she tried hard to move to another topic.

"Gigi, is that man inside really Travis?"

Daddy, Mommy had been in Prison

Chapter 69 You must Attend My Wedding Ceremony

Vanessa felt that it was amazing. After disappearing for almost ten years, Travis should be back now in such a state.

She felt very sad when Georgia just simply explained the current situation of Travis.

In the past, Travis was the most handsome gentle boy in their school and was famous. Why would he become a fool and even a beggar?

Vanessa couldn't accept it. Anyone who heard it would find it incredible.

Vanessa was a friend of Georgia, and she could also be said to be a friend of Travis. They were always classmates before they went to college.

At that time, they had a good relationship with each other.

Now, seeing that Travis come back ten years later in such a situation, Vanessa was very sad.

"Vanessa, he is Travis. I won't mistake anyone for him. Follow me in and see him."

After Vanessa nodded, Georgia went in the ward with Vanessa.

"Travis, this is Vanessa. Do you still remember her? In the past, you called her Vanessa. We had a good relationship with each other."

After they came close to Travis, Georgia introduced Vanessa to him.

Travis raised his head, looked at Vanessa in a daze for several seconds and finally shook his head.

Georgia was somewhat disappointed. Then, she took Travis's hand and then introduced Vanessa to him with a smile.

"Travis, it doesn't matter that you don't remember her. I'll introduce her to you again. She is my friend and her name is Vanessa Cooke. You can call her Vanessa in the future."

This time, Travis smiled at Vanessa and spoke with a somewhat stiff voice.

"Vanessa...Vanessa...Hello..."

However, Vanessa wanted very much to weep. When Georgia told her this on the phone, she still couldn't believe it.

Now, she really saw Travis. He looked old. His hair and beard were so long that his face was covered.

It was only then that she really realized what suffering he had experienced in the past ten years.

Besides, according to Gigi, when Gigi saw him, Travis was very dirty and was dressed in rags.

After trying hard to adjust her mood, Vanessa smiled at Travis.

"Hi, Travis, I'm Vanessa Cooke."

Travis didn't say anything. It appeared that he didn't have much interest in Vanessa. He was taking Georgia's hand. It seemed that he was very reluctant to leave her.

Finally, under the request of Georgia, Vanessa went to buy scissors and razors after paying the fees.

Travis was meek, so Georgia cut his hair and shaved him smoothly.

After that, his hair was extremely short and needed to be dealt with by barber.

Georgia decided that she would take Travis to the barber's after he could walk.

At more than ten o'clock in the evening, Georgia finally put Travis to bed. After that, she was going to leave the ward and talk.

However, before they could reach the door, someone suddenly knocked the door open.

Rachel rushed to Vanessa and slapped her directly in the face.

"Vanessa! You're a bitch! You and Alfred are together behind my back!"

After shouting these words angrily, she tried to slap Vanessa again.

Georgia finally realized what had happened and grabbed Rachel's arm.

"Rachel, are you crazy? Why do you run riot here?"

Rachel's eyes were red and wore a ferocious expression.

Looking at Georgia, she shouted angrily and loudly.

"Why do I run riot here? Ask her what she had done. Just a few days after I left, she should seduce Alfred behind my back. Today, Alfred even married her. So, what about me? What about me?"

"I grew up with Alfred. Then, she suddenly stole Alfred. Finally,

she abandoned him, after which I accompanied him for six years. When he went through the hard times during these six years, I was always accompanying him and finally became his fiancée. Now, she stole him and registered for marriage with him. Vanessa, why are you so shameless?"

When she shouted the last few words, her face was covered with tears.

Georgia was surprised. Then she shouted angrily again.

"Rachel, what nonsense are you talking?"

When she just finished speaking, Vanessa took her wrist.

"Gigi, I'll explain it to you later. Let go of her. It's my fault..."

"You really married Alfred?"

Georgia asked in surprise. Vanessa nodded helplessly.

"Yes, I registered for marriage with Alfred today. It's my fault. If she wants to hit me, just let her do it."

It seemed that Vanessa gave herself up as hopeless. Georgia felt lost.

But how could she allow Rachel to beat Vanessa in her presence?

Georgia still grabbed the hands of Rachel and was going to ask her to get out of here.

Suddenly, Georgia saw someone rushed over and punched Rachel with such a great force that she fell to the ground.

Georgia turned around and saw Travis was about to punch Rachel again with a ferocious expression.

Vanessa and Georgia were scared. Rachel was in so much pain that she screamed.

"Travis...Travis...Stop...Stop!"

Hearing her cry, Travis finally stopped his move. He turned around and looked at Georgia with aggrieved eyes.

"Gigi...She is bullying you...She is bullying you..."

Georgia understood what he meant.

It took her great effort to put Travis to sleep. However, Rachel suddenly rushed in, waking up Travis.

And she was in a conflict with Rachel. Travis must have thought that she was being bullied, so he rushed over and hit Rachel. Georgia tried hard to explain.

"Travis, I can deal with her, so I don't need your help...If I have to deal with someone I can't, I'll turn to you..."

After hearing it, Travis no longer looked aggrieved.

"Gigi...I...I understand it. Will...Will you desert me?"

Travis asked in fear as if he had done something wrong.

Georgia shook her head quickly.

"No, you haven't done anything wrong. You're great! Your foot is injured now, so go to the bed and lie down hurriedly. I'll deal with her on my own. Ok?"

Seeing that Travis lay on the bed obediently, Georgia was relieved.

She turned around and looked at Rachel. Rachel still lay on the ground, her nose and mouth were bleeding. Seeing this, Georgia didn't know what to say.

However, she finally spoke.

"Rachel, I don't care about what you're thinking, but I warn you not to bully Vanessa!"

"Besides, I don't know what had happened between Vanessa and Alfred. But I can tell you one thing. Vanessa didn't steal Alfred. The fact was that Alfred didn't want you. That's the reason why Alfred married Vanessa. If you feel aggrieved, you can go to argue with Alfred. You shouldn't come here to bully a woman!"

After she said these words, Vanessa took her hand.

"Gigi...stop. It's very complicated and it could be said to my fault. Just let her go."

When they talked, Rachel got up and then sneered coldly.

"Who are you two? I'm bullied by you two. Then, you found another man to hit me. Georgia, what are you so proud of? Let me tell you. I'll go through medical exams now. Later, I'll hire a lawyer and sue you. I'll send you to jail!"

After saying these words, Rachel turned around and left. Georgia found it difficult to deal with this issue.

She felt that Rachel would do as she said this time. However, she had something more important to ask at this moment.

Coming close to the bed of Travis, Georgia smiled at him.

"Travis, sleep. I want to talk to Vanessa...Don't worry. I won't leave."

Probably feeling that he had done something wrong, Travis closed his eyes obediently. Georgia was relieved.

She came close to Vanessa and then took her hand.

"Let's go outside and talk."

Vanessa nodded. Then, they went to somewhere quiet and empty on the first floor of the hospital.

"Vanessa, what on earth happened between you and Alfred?"

Georgia asked after taking a deep breath.

Vanessa didn't want Georgia to worry about her and she didn't want to tell Georgia the fact. Therefore, Vanessa told her the excuse she prepared.

"Gigi, these days, Alfred came to find me several times. He told me that he wasn't really going to marry Rachel that he deliberately did it to annoy me...In a moment of weakness, I had more and more contact with him. Later, he proposed to me...Gigi, I still love him, so I want to have a try. Therefore, I married him today."

Georgia naturally didn't believe what she said.

However, Vanessa had experienced too much sufferings. Georgia didn't have the courage to ask too much about it, but she had to ask something because of her worries.

"Then, does Alfred treat you well now? Vanessa, don't wrong yourself. It's inappropriate for me to say too much about what have happened between you and Alfred. But remember that I'll always back you up."

Vanessa managed to smile. She seemed to be really happy.

"Gigi, I and Alfred have a lot of difficulties to overcome, but I'm sure that we can succeed. I want to have a try because I don't want to leave any regret in my life."

Georgia always knew that she couldn't interfere with the relationship between Vanessa and Alfred even though she had such a close relationship with Vanessa.

Finally, Georgia nodded helplessly.

"If this is the case, live a happy life with Alfred. If you aren't happy, tell me...If you're in need of my help, also tell me."

Vanessa nodded. She seemed to smile brightly.

After their conversation, Vanessa's mobile phone rang.

It was Alfred who called her.

Vanessa talked with Alfred on the phone for a while. Seeing that Vanessa was smiling, Georgia was a little relieved.

After hanging up the phone, Vanessa came close to Georgia.

"Gigi, Alfred called me just now. He told me that he had parked his car in the parking lot of the hospital and that he would pick me up now."

Georgia nodded.

"Then I'll go to the parking lot with you."

Vanessa agreed. When they arrived at the parking lot, Alfred was waiting somewhere not far away from them.

After they came close to Alfred, Alfred smiled at Vanessa and then held Vanessa into his arms.

After that, Alfred looked at Georgia.

"Miss Lane, I would go home safely with Vanessa. Don't worry."

The present Alfred looked similar to the one in her memory. At that time, Vanessa was in love with Alfred; they were intimate with each other like they did now; and Alfred treated her politely like he did now.

Georgia gradually believed that it was possible for them to be together again. She nodded.

"Since you are together again, live well. It's a fate for you to love each other. Seeing that you can be together again, I hope that you will live a happy life all your life."

After saying that, Georgia wanted to weep.

Vanessa nodded and Alfred even gave her a promise.

"Don't worry. I'll still hold a wedding ceremony on the 15th of this month. Please attend our wedding ceremony."

Vanessa and Georgia all looked at Alfred in surprise. Alfred smiled at Vanessa.

"I had made it public that I would hold a wedding ceremony on the 15th of this month. And we had registered for marriage. Could it be that you don't want to be a bride?"

Vanessa was suddenly moved. However, not knowing the reason, she was extremely panicky and afraid and felt that there was something wrong with this wedding.

However, it seemed that Alfred was looking forward to it. Seeing this, Vanessa finally nodded.

Then, she looked at Georgia.

"Gigi, you must attend my wedding."

Georgia was surprised that they should hold a wedding ceremony so soon. She nodded.

After seeing them off, Georgia went back to the hall of the hospital on the first floor and was about to come back to Travis's ward by lift.

However, she fell down after she took only a few steps.

Chapter 70 You Are Pregnant

When Georgia woke up, she found that she was lying in a sickbed.

Feeling that there was a pain in her brain, Georgia rubbed her temple. Then, a nurse went in.

"You're awake. The doctor asks you to go to her office."

Georgia nodded in doubt and then followed the nurse to the

office of the doctor.

She still remembered that she fell in a faint on the first floor. Could it be that there was something wrong with her?

When Georgia followed the nurse in, she found that she was in the gynecology department. After she sat down, she found a woman in her 40s who wore glasses sitting opposite her.

The doctor's dark hair was tied in a ponytail and she wore a somewhat sullen expression. According to the name tag on her chest, her name was Alyssia Barker. Georgia greeted her.

"Hi, Doctor Barker."

After the doctor asked her to sit down, the nurse left the room and closed the door.

"Do I have any health problem, Doctor Barker?"

Georgia asked gently. Looking at her, Doctor Barker handed a report to Georgia.

"You fell in a faint in the hospital. When we had a blood test for you, we found that you were pregnant for a short time. When is your last period?"

Hearing her simple statement, Georgia was stunned.

She felt dizzy and felt as if the world had fallen into darkness. There was a lot of sweat in her palms. Her lips were even trembling.

"Doctor Barker, did I mishear you? You say that I'm pregnant. How is it possible?"

Georgia remembered well that she had had contraceptive after she slept with Robert last time. How was it possible that she was pregnant? Georgia couldn't believe it.

Doctor Barker frowned and put on a sullen expression.

"Why, you don't want the baby?"

Georgia was trembling all over and managed to spoke in a gentle voice.

"Doctor Barker, well, why would I be pregnant after I had taken emergency contraception? I believe what you said, but I just don't understand why."

Hearing what she said, Doctor Barker's face darkened more.

"If you don't want to have a baby, you young people should take good precaution. Why do you take emergency contraception after that? Don't you know that it's harmful to your health? Besides, emergency contraception has a high failure rate. Now, it's obvious that the pill you took failed. It's very common."

Hearing her severe criticism, Georgia instantly wept. Her lips were trembling and she couldn't say a word for a long time.

It could be said to be late at night. Doctor Barker also looked over her emergently at midnight.

Seeing her vulnerable expression and considering that she might have spoken in a severe tone just now, Doctor Barker comforted her in a soft voice.

"You can give birth to a child at your age. Why, you and your husband don't want this child?"

Georgia shook her head, not knowing how to explain.

Finally, she took the hand of the doctor and asked again.

"Doctor Barker, am I really pregnant?"

Doctor Barker nodded with certainty.

"Of course. Don't you believe our diagnosis?"

Georgia became completely desperate. Remembering that she had taken the emergency contraception, she asked worriedly.

"Doctor, I had taken emergency contraception. Will the baby be influenced by it?"

"I'm not sure. According to WHO, the side effect of emergency contraception is slight. However, as you know, it depends. For example, many people who take contraceptives don't suffer from side effect. However, someone would feel sick and feel like vomiting after taking it. Now, you're pregnant for too short a time. It's even impossible for you to receive B-Ultrasound exam. You can only check it after you're pregnant for a longer

time. Of course, if you don't want this baby at that time, you can make an appointment for abortion surgery in advance."

Georgia was pale and couldn't say a word.

Doctor Barker thought that she was cheated by a bad man, so she comforted her again.

"You can decide whether to give birth to this baby or not. However, if you want this baby, you must pay attention to your health. I have read your health report, you're severely malnourished. You're too thin, so you need more nutrition."

Georgia smiled bitterly.

She was still suffering from anorexia. Every day, she could only force herself to eat a little food.

At many times, she ate all her food with a smile and then vomited secretly.

"Doctor Barker, I get it. Thank you."

Leaving the office with a heavy heart, Georgia dared not go back to Travis's ward.

After she went to a stair, she crouched down and cried in despair.

She didn't know how long she cried, but she found that it was almost dawn and that there were more and more people in the hospital.

With people coming and going in the hospital, it was still noisy. No one knew how she felt at this moment.

When she gave birth to Annie, she was so excited. She didn't know who was Annie's father, but she knew that Annie was all she had.

Now, she had another child. Besides, she knew who the father of the child was.

Robert was the father of her child. Now, they hated each other so much. Robert wished her to die soon. How could she have a baby with him?

Georgia thought that the God was playing a trick on her. She had already taken the emergency contraception. Why would it fail?

How should she deal with the current situation?

Now, she had to work and take care of Annie at the same time.

Besides, she had to bear the attack of Robert, and even Emma and the Lane family.

In her opinion, it was possible that she couldn't keep the baby.

She considered in despair for a long time. Finding that it was already more than seven o'clock in the morning, Georgia immediately gathered her wits.

She couldn't be absent from work. She must go to work.

After adjusting her mood, Georgia went back to the ward. She must tell Travis that she would go to work.

Otherwise, Travis would be in a panic when he found that she wasn't there.

However, when Georgia came back to the ward, she found that Travis wasn't in bed. She searched for him in toilet and somewhere else, but failed to find him.

Could it be that Travis had already left?

Considering that Travis was a fool now, Georgia was very afraid that Travis would be cheated by someone or even be lost.

She searched for Travis here and there, but failed to find him. Then, she returned to the ward again and wanted to see that if Travis was back or not.

Georgia didn't see Travis in the ward, but she saw a policeman and a policewoman who were dressed in police uniforms.

When she was in a panic, they came close to her.

"Are you Miss Lane? Before, your friend, Vanessa, reported you missing. Last night, you came back. Can you answer some questions? We need to know what had happened." _____

Daddy, Mommy had been in Prison

Chapter 71 Insulting Him

Georgia Lane recalled that Vanessa Cooke mentioned to her before. She was in a panic situation when she reported to the police.

Now Travis Armstrong was missing and police officers wanted to get a statement from her, so she was sweating nervously.

“Officer, I have a friend and he went missing in the ward just now. He has some problems with his brain. He is a little bit retarded. I am afraid that he might be cheated by someone. Can I do the statement later? I want to look for him.”

Both of the officers looked at each other and they walked further away to have some words.

After a few minutes, one of the female officers walked towards her.

“You can do the statement later and the reason we come here today actually is to have a better understanding in the case. Since your friend is missing, we can help you to look for him. How about you tell me about your friend’s identity and his missing time as well as his relationship with you?”

Georgia was surprised instantly.

The police officers were right here and she could seek help from them to look for Travis. Her heart was a little excited and Georgia immediately told them what had happened.

“Yes. I come back with the missing person together and I will provide more details to you all later. His name is Travis, ten years ago he suddenly went missing and became a beggar. He lives in D City and his birthday is...”

When Georgia was talking about Travis’s details, the female officer recorded down.

“Alright, I will help you look for this person. Ms Lane, since this person went missing in the hospital, I’ll accompany you to check the hospital’s security cameras first.”

With the help of the police officers, soon Georgia was able to negotiate with the hospital.

When checking the footage, Georgia discovered that Travis was wearing patient clothes when he walked out from the hospital and he seemed to be very worried.

Georgia did not know whether Travis was finding her or something else had happened to him. Both of the officers asked

further more about Travis's current situation.

After Georgia finishing saying her words, one of the male officer said to her.

“According to my past experience, if your friend is in this condition, he isn't completely foolish and he still can barely remember you. He is now either looking for you or going back to his own home. You said that he has been missing for ten years. Where is his previous home? Is the house still there?”

Georgia was stunned suddenly.

After Travis had gone missing, Georgia went to the place where Travis and his grandmother used to live for countless times.

Travis and her grandmother lived in a courtyard house and there were many people living inside there. Not long after that, Travis's grandmother went missing too.

For years, Georgia never went back to that place. Could it be

Travis want to go back to his house?

Georgia immediately told everything she knew about Travis's old house to the officers. Then, she followed both of the officers by car to Travis's previous house.

The officers helped Georgia to ask Travis's former neighbours. Then only, Georgia knew that Travis's grandmother had passed away in a car accident.

These people still remembered Travis but he had been missing for more than ten years and many of them still thought that he went to study abroad.

Nobody knew that Travis had become a beggar during these ten years.

Most importantly, none of the neighbours staying nearby saw a man who was wearing patient clothes came back here, no one

saw Travis come back to the house.

This meant that Travis did not come here.

However, when some of neighbours recalled their memories, one of them said something like this, it was from an old lady who lived here for many years.

“After hearing what you said, actually, during these years, I often saw a beggar who was in a dirty look came to our courtyard house and walked back and forth in our neighbourhood. He wore clothes which were extremely dirty and often humiliated by a group of children. Now I start to think that he could be Travis? What has this child been going through? He used to be very excellent, how can he become like this...?”

The old lady was a bit emotional and even cried when she talked.

Georgia remembered that this old lady was Travis’s neighbour and she talked several times with this old lady before.

“That should be Travis and I don’t know either what has happened to him in these years. Mrs. Dawson, if Travis come back again, please contact me immediately.”

Georgia left her contact number for her.

The time already reached noon, they still could not find Travis. Georgia already applied for leave from her research institute earlier. She also informed Vanessa about this incident.

Vanessa also asked for Alfred Chow’s help but there was no any news regarding Travis.

The female officer suddenly asked.

“Besides his old house, are there any places that he likes or have good memories, I think maybe he will go to such places.”

As the officer saying the words, Georgia’s face instantly turned pale.

“I think I know where he is.”

After saying the sentence, Georgia immediately gave the officers an address. The male officer drove the car and headed to the destination with Georgia as well as the female officer.

She was going back to the Lane family. That was the place where they went back countless times by bicycle together.

Just that, Georgia had not assumed this place as a home since six years ago.

If Travis went out from the hospital to find her, then now he would definitely go to the Lane family.

So many time had passed, Georgia could not imagine what had happened to Travis.

Owen Lane, Emma Lane and that Flora Wong hated him so much. What Georgia scared the most now was Lane’s family

members bullied Travis.

After a half-hour drive, Georgia finally reached the place where she grew, her former home.

Georgia still remembered that when she was small, her father and stepmother did not like her. Emma Lane and Eden Lane, her stepmother's children, did not like her as well.

She used to fawn on these people but they would only humiliate her.

Then, Georgia gave up on fawning on those from the Lane family. She and Vanessa became best friends.

At that period of time, she was alone most of the time except having an intimate relationship with Vanessa.

Until she was in the high school, Georgia and Travis became desk mate. The relationship when they were young was so simple. Travis and she were each other's first love which were the sincerest of all.

That time after school, Travis would ride a bicycle to fetch Georgia.

Emma used to be jealous of Georgia because Travis was the most handsome boy in the school. So, Emma would spread all sorts of bad rumors about Georgia in the school.

However, Travis believed Georgia firmly all the time and those were the most touched and simplest happy days for her.

After the college entrance exam, Travis suddenly disappeared.

Emma used to ridicule Georgia for countless times saying that

she was abandoned by Travis. Even Georgia herself used to suspect it too.

However, after all, she only understood that Travis had been suffering during these ten years.

The Lane family was not a grand family but it still could survive in D City with a few companies and it could be considered as slightly wealthy.

The house of the Lane family was a villa in the outskirts and the car could only reach outside of the residential area.

Not everyone was allowed to enter the residential area.

But, both of the officers showed their credentials and they were allowed to drive the car into the residential area together with Georgia.

After reaching the entrance of the Lane family, Georgia got off the car and looked everywhere for Travis.

Suddenly, she heard that there was a few jeer from the other side and Georgia looked to the direction of the sound. Her face immediately turned pale.

In the garden in front of the house, Georgia saw that a few children were throwing stones at Travis and scolding him maliciously.

“He is an idiot, let’s make fun of him...”

“This idiot said that his name is Visvis. He is an adult already and doesn't he feel disgusting?”

There was a young man standing behind the children. There was a sneering look on his face and his eyes were filled with evil intentions.

“He is an idiot, what’s fun in hitting him? I’ll teach you all something more interesting way to have fun.”

Eden smiled and turned around to walk towards the dustbin besides him. He picked up a banana peel.

The banana peel inside the dustbin was very dirty and even emitted a stinky smell. Eden walked slowly to Travis.

“Idiot, don’t you say that you are looking for Georgia? Come and eat it, I will bring you to Georgia.”

Without hesitation, Travis took the banana peel and ate it.

The group of children was laughing.

“Why is there someone as foolish as he? That is a banana peel.”

“He is an idiot obviously, let’s go to find other things in the dustbin to make fun of him!”

After saying, the children ran towards the dustbin to look for food. One of them even viciously picked up a diaper from the

garbage heap.

The boy walked towards the direction of Travis evilly.

“Come, this is more delicious. Once you eat it, I guarantee that you can see your Georgia...”

The group of children was laughing and Travis was looking at them blankly because he only cared about Georgia.

He did not understand why so many people were laughing at him.

But in order to find Georgia, Travis took over the diaper which already had been used from the child. On top of the diaper, it even had feces.

The moment when the diaper was taken out from the dustbin, a lot of mosquitoes were flying around it.

Everyone looked at Travis and wanted to see him eat the things on top of the diaper. So that, they could laugh at him.

At that moment, Georgia ran towards him and she directly took away the banana peel and diaper from Travis's hands.

"These things aren't edible!"

Georgia yelled.

However, Georgia's heart already felt extremely upset.

It was true that Travis came to her former house to look for her. To made her feel even worse, now everyone was bullying him.

Those children were not thoughtful enough and Georgia could not say anything.

However, Eden, the son of her stepmother was standing behind the children._____

Chapter 72 Powerful and Oppressive

Travis Armstrong was very happy when he saw Georgia and he always listened to her words.

He had no comments when Georgia snatched his things and threw them away.

“Gigi...Gigi...Gigi...”

Travis kept nagging while his hand tightly gripped on Georgia’s wrist as if he was afraid that she would leave.

Georgia smiled faintly at Travis.

“Travis, I won’t leave and I’ll be right here. You stand here first as I have something to handle...”

After finishing her words, Georgia then walked to Eden's front.

"Eden, when did Travis come? What did you do to him?"

Eden looked at Georgia contemptuously and his eyes were filled with sarcasm.

"What are you? Why should I tell you? Georgia, this neighborhood is not a place where you can come! You have been kicked out by the Lane family long ago and now are you begging to come back? Do you still think that the Lane family wants such a shameless daughter like you?"

Eden had been a gangster since he was young, yet, it was normal for him to cause fights and troubles by bullying people in school.

When he was in junior high school, Eden had knocked a girl up. When he was in high school, he became even more drunk and disorderly.

If not because of Owen Lane who was rich, such a troublemaker like Eden would have been expelled.

When Georgia was studying, she had always avoided Eden as he was a scourge.

It was only that he couldn't bully on Travis.

Georgia threw a bunch of diapers from the pile of rubbish on Eden's face and body angrily.

Eden didn't expect that Georgia would dare to mess with him now and he rushed over to try to beat Georgia.

But his hands were immediately caught by two police officers who followed Georgia.

“What are you doing? Want to cause troubles?”

The male officer shouted.

However, Eden was not afraid at all, he scoffed directly.

“You think I would scare of you? Do you think you are the big boss once you wear the police uniform and dare to command me? Tell me, which district of policeman are you? Tell me the name of your boss, I’ll call him and let you know how capable I am!”

The female police officer touched the male officer’s hand.

“Forget about it, since we have found the person Miss Lane requested, let’s leave this place first as we still need to make a statement.”

By the time the female police officer finished her persuasive words, Eden flirted at her.

“Hmm, girl, you look pretty! I’ll give you ten thousand a night’s sleep tonight. Do you want it? Then, I will talk to your boss and let you get promoted...”

The female police officer's face looked serious immediately.

Picking up her own fist, the female police officer then punched Eden directly onto the ground.

“I don't know who you are but I'm telling you, if you dare to tease me one more time, do you believe me that I will beat you up right now until your mother can't recognize you!”

This outburst of anger from the female police officer stimulated Eden.

“Bitch! Do you think I am a weak ass?”

Picking up his own phone, Eden angrily made a call.

A few moments later, the group of people were all sent to the

nearest police station.

Travis tightly gripped Georgia's hand as he was afraid that Georgia would leave, while Georgia was only worried that something would happen to the two officers.

After all, they just wanted to help her as she had troubled Mr. Knight already, if this time, she got others into trouble again, probably she couldn't bear with it.

Eden was a lawless rich second generation and with the Lane family's power in the past, he was already unafraid of anything and did whatever he wanted.

And now that the Simpson family and the Lane family were going to join in a marriage which made Georgia worried that the two officers might get into trouble.

"These were the people who acted recklessly. Officer Wong, please contact their superiors and ask them to come to deal with them!"

Eden coldly uttered the words with sarcasm in the police station. This time, he had changed his clothes and was holding an ice pack on the wound on his face.

The two officers were sitting next to him calmly.

Officer Wong stood in front of Eden warily and curtly, then he glared at the two with hatred.

But the two of them ignored his glare.

Eden, on the other hand, crossed his legs and looked sarcastically at Georgia and the two police officers.

Travis, who didn't understand what was going on, just sat quietly beside Georgia and it was already three o'clock, the Officer Wong took the initiative to walk to the two officers.

“What are the police numbers of you two? What are your names? Tell them all!”

Officer Wong's face was particularly cold and full of authority towards the two police officers but he was just smiling fawningly at Eden.

Georgia only found it ridiculous that Eden was acting like a bully outside just because of having such relationship.

“My name is Selena Holland and he is Camden, we are the police officers from H District, you can call our boss and he will come over, but let me tell you, our boss's name is Will Hodge.”

Only then Georgia knew that the female police officer was called Selena and the male officer was called Camden.

After the female officer saying this name out, Officer Wong's face changed slightly as to his surprise it was Will Hodge.

However, even if it was Will Hodge, did he still dare to offend the Lane and Simpson family?

Officer Wong made a phone call to Will, Eden's face looked

particularly smug while Selena and Camden sat calmly.

Georgia was completely unable to interrupt the conversation but could only wait silently.

After ten minutes, a middle-aged burly man walked in.

As soon as Officer Wong saw the man walking in, he immediately stood up and walked over to him with a flattering smile.

“Mr. Hodge, these two are the police officers from your bureau. Today you have to teach them a lesson as they have broken the law and hurt civilians.”

Will only looked at Officer Wong coldly while ignoring his words but walking towards Selena and Camden.

“Do you all suffer?”

Will asked faintly, Camden shook his head while Selena only smiled faintly.

“Just a weak chicken who was domineering here and I punched him down to the ground with my fist.”

As soon as Selena finished her words, Eden's face changed, he angrily stood up, bringing up his fist and rushing over.

Selena kicked him to the ground this time.

“Don't you know what you are doing? Who are you? How dare you mess with me!”

Selena looked extremely domineering and Officer Wong looked

incredulously at the situation happening in front of him.

Eden who was punched to the ground cursed angrily.

“Damn bitch! I want to kill you!”

Eden tried to get up to beat Selena but was again kicked by her on his stomach.

“I tell you, you don’t even know where you are when I came out to get mixed up!”

Selena’s face was cold, meanwhile, Officer’s Wong’s angry face started trembling as he realized that something was wrong.

Will walked up to Officer Wong’s side and patted him on the back.

“Do you know who she is? She is one of the heads in our bureau, the daughter of the Holland family, Jasper Holland’s

sister. Are you crazy, Officer Wong?”

After Will said those words, Officer Wong’s face turned pale, yet what made him even more frightened was that Will added on his words.

“Mr. Holland who is her brother is coming and you still want me to come and teach her a lesson? Well, you can try it when her brother comes!”

It wasn’t that Officer Wong didn’t hear about both the Holland family and Jasper’s reputation, yet, he was even a sinister person.

Was he provoking a person who should not be messed around?

Although this young master of the Lane family was the relative of the Simpson’s family, how dare he mess with the Holland family?

Officer Wong who was trembled hurriedly handcuffed Eden as it

turned out that this female police officer was the daughter of the Holland family.

The next second, Officer Wong knelt down directly in front of Selena.

“Miss Holland, it is totally an accident for what happened today! I’m blind, my legs are lame and my brain is broken... please let me go...”

Selena stood up and laughed coldly.

“What are you? Not to let you go means to enforce the law impartially! You want to use power to oppress people and today, I’ll let you know, there are always someone who are stronger and more powerful than you!”

After finishing her words coldly, Selena stood up directly and greeted Will,

“We should go now, it’s time to show this group of fools how

strong we are...”

After saying this, Selena then looked at Eden again who was shackled.

While Eden was only full of resentment and defiance.

Selena then kicked his abdomen again.

“I tell you, don’t try to think that you can get back with a vengeance! I’ll beat you up once I see you again in the future! Better not to appear in front of me!”

Finishing her words, she then walked towards Georgia.

“Miss Lane, I’m sorry for the delay in making you a statement due to some troubles. Now please bring your friend out and we will find a place to make a statement.”

Georgia was still in shock at the series of things that had just

happened.

She subconsciously nodded her head then held Travis's hand, following Selena, Will and Camden to outside.

Will was driving outside the police station, and he spoke briefly to Selena and Camden.

"I've finished my business and I'll leave first, both of you continue with your own business."

Finishing his words, he then drove off in his car.

Georgia followed behind Selena and Camden as they wanted to find a place to sit down and make a statement.

Only that after a few steps away, a luxurious Hummer drove over.

Immediately, a man with his spectacle stepped out of the car

and Georgia saw a familiar person, that was Jasper Holland!

Thinking about the conversation she had heard, it turned out that this female police officer called Selena was really Jasper's sister!

Jasper slowly walked over, he looked at Selena for several times before he asked.

"I heard that someone bullied you, are you injured? Do you need me to help you to take revenge?"

It seemed that Jasper really loved his sister very much and Selena smiled.

"I wasn't bullied but I have already punched the guy who messed with me. Yet, I still want you to teach him a lesson as I hate this kind of gangster the most in my life."

Selena gave a brief account of her encounter today and then she asked tentatively.

“Isn’t the guy surnamed Lane the brother of Robert’s fiancée? How come he has such moral characteristics? What kind of tutor do the Lane family have? I remember that Robert’s fiancée looks dignified and why do the Lane family spoil their son so badly?”

Selena’s face was full of disgust while Jasper stroke her head.

“I know what you mean now and I will tell Robert to leave this matter alone. Moreover, Robert just needs to take care of his own wife, when does he need to take care of his wife’s brother? Don’t worry, Robert won’t be angry with you because of this matter.”

Selena looked relieved then she spoke to Jasper.

“Brother, I still have a statement about a previous case to make today. You help me to settle the rest as I need to go with Camden to do our own stuff first.”

After she finished speaking, she then turned around and looked

at Georgia, gesturing to her to follow her.

Georgia held Travis's hand and walked to Selena's side apprehensively.

Jasper glanced at Georgia and looked surprised.

"Georgia, why are you here?"

"Brother, do you know Miss Lane?" Selena asked curiously from the side.

Jasper gave a sarcastic laugh.

"Selena, have you forgotten how Wendy died? Georgia is the one who drove the car at that time."

Selena's face instantly changed and she subconsciously looked at Georgia. __

After a few seconds, Selena looked away and looked at Jasper Holland.

“Jasper, Miss Lane is recently related to a disappearance case. I have to make a statement with Miss Lane. You can carry on with whatever you’re doing.

Jasper didn’t continue to pester, he just gave Georgia Lane some meaningful look, and then walked towards inside.

Georgia felt a little embarrassed. The feeling of being treated as a murderer had made her difficult to tell and had nowhere to say.

Finally, Georgia took Travis Armstrong and followed Selena and Camden to a quiet restaurant, and after both sides sat down, Selena spoke to Georgia.

"I haven't eaten all day, I'm starving. Miss Lane, how about we order something to eat first? And that Mr. Armstrong who is sitting next to you, he must be hungry too."

Georgia looked at Selena's before and after the attitude didn't seem to change, her panicked heart settled down a little.

"You're right, Travis must be hungry. Let me order for him. Ms Holland, Mr. Camden, today I've brought you some trouble. Thank you for helping me today."

After Georgia finished her words, Camden shook his head which indicated that was okay, and Selena laughed.

"It was that Eden Lane who bullied you, I'm just helping you today. Let's order first, I'm hungry too."

After Georgia ordered the Vinegar Pepper Shredded Potatoes and Sichuan Pickles Boiled Fish that Travis liked, and Camden and Selena ordered the dishes they wanted to eat.

After passing the menu to the waiter, Selena ask Georgia curiously.

“Miss Lane, this matter might sound a bit presumptuous to ask, is Eden Lane really your brother? Also, is Robert Simpson the husband of your elder sister or younger sister?”

Listen to what Selena said, she should be confused about the relationship of the Lane family. Georgia responded, and then slowly explained.

"Robert's fiancée's name is Emma Lane. Emma and Eden are siblings who share the same parents. I'm their elder sister, but I don't have the same mother as them. My mother is deceased."

After Georgia finished explaining, Selena nodded.

"I felt that you and Eden look nothing like brother and sister, it turns out to be both of you do not share the same mother, no wonder ..."

Selena had an easy going temperament, and didn't seem to have any strange emotions towards her because of the car accident that she just knew.

Georgia gradually stopped being nervous.

Travis pulled Georgia's hand.

"Gigi... My foot pain... Pain..."

Georgia then realized that Travis hadn't recovered from his foot injury.

Travis had only just had surgery to remove the bullet and was supposed to remain in the hospital.

It was because she fainted in this morning and didn't go back to the hospital. That's why Travis ran outside to look for her and

ended up coming to the Lane house and then being bullied by Eden.

The food had been ordered, and the two police officers had helped her all day again today. Georgia didn't know how to tell them that she wished to send Travis back to hospital.

She wanted to get Travis back to the hospital right away, so the doctor could take a look at Travis' foot to see if there were any problems.

While she was still hesitating, Camden seemed to hear what they were saying. He turned his head to Selena and said a few words in a low voice.

Immediately, Selena smiled apologetically at Georgia.

"Miss Lane, I'm really sorry. I forgot about Mr. Armstrong's foot injury. The dishes of this restaurant are served quickly. Wait until the dishes are served, we immediately pack up and leave. Camden and I will send you and Mr. Armstrong to the hospital, let the doctor look at the situation of Mr. Armstrong's foot. If

everything is okay, we'll make the statement again."

Georgia was very grateful to them. After about 10 minutes, all the dishes were served.

After ordering the waiter to pack up, Georgia took Travis to the two officers' car and then together they headed to the hospital.

After spending about half an hour at the hospital, the doctor rewrapped Travis' foot and gave Georgia and Travis a serious warning.

"No more discharge without permission from the hospital. Otherwise, this foot will not get healed!"

After getting Travis into the ward, Georgia coaxed at Travis.

"Travis, I'm not leaving. I have something to say outside with the two officers now. Remember, even if you can't find me in the future, you have to stay where you are and wait for me, and I will definitely come back for you. You believe in Gigi, right?"

Travis was a little dumbfounded, he pursed his lips and seemed a little sad.

Georgia was also having a hard time in her heart, and she persuaded him again.

"Travis, don't you believe Gigi? If Gigi says won't leave you, then really won't leave you."

After saying this sentence, Travis seemed to compromise.

"Then I believe Gigi... Gigi don't... leave me, Travis wants to be with Gigi forever..."

Georgia nodded before she walked out of the ward. Then, she followed the officers to a café which was near the hospital and sat down.

After she sat down, Georgia spoke to the two officers, Selena and Camden.

“Ms Holland, Mr. Camden, should I talk about my experience first, or should you ask, and I answer?”

Camden answered her.

“Miss Lane, please briefly tell us about your experience before and after you disappeared, and then we’ll ask questions based on your experiences.”

Georgia nodded and began to tell a brief story about her disappearance from Friday night.

"That night, I went to work at the club, and when I got into the dressing room, suddenly my mouth was covered by someone

and I fainted. When I woke up, I was locked up in an abandoned warehouse ... Later came in a familiar man, this man named Chester Rogers. He admitted that he was the one who kidnapped me, and also said that he did it under Emma Lane and Owen Lane's instructions ..."

Georgia also said everything about what had happened after that and how she escaped from there. Selena came out with a serious face.

"Miss Lane, if what you say is true, then we must arrest Chester. You also said that the gunshot wound on Mr. Armstrong's foot was caused by Chester. So, we must now go to that place on the mountain and then find Chester in order to know the truth behind it."

Georgia nodded. Suddenly, Selena gave Georgia a serious look.

"Miss Lane, you should immediately contact our police on yesterday after you escaped. Now it's already been a day and a night. You said at that time several people were beaten to the ground, and Chester was also in such a condition. I now doubt that we can find Chester."

Georgia instantly understood the meaning inside Selena's words. Chester said he was instructed by Owen and Emma.

However, Georgia was not sure if Chester was still in the abandoned warehouse which was on the mountain.

She escaped, Robert knew it, maybe Emma and Owen also knew it. They must have immediately prepared to get themselves out of the trouble.

All the breakthrough points were on Chester. Otherwise, Georgia's testimony was not corroborated.

After rushing back to town yesterday afternoon, Georgia was busy getting Travis to agree on the surgery. And after that, the arrival of Robert and Vanessa Cooke had completely disrupted her mind which made her forget to call the police to state the situation.

She then fainted again in the midnight and had really missed the best time to call the police.

"Ms Holland, it was my ill-considered. As for where that mountain is, I can only describe to you specifically the route I came back ..."

Georgia once again briefly described the route that she used to escape back. Selena and Camden frowned, both of them searched for a long time on the phone, and finally determined the location.

"Miss Lane, if you don't mind, I think you'd better come with us to that warehouse. Maybe, we still have a chance to find Chester."

"Now?"

Georgia asked. The time was already passed six o'clock in the afternoon.

Selena and Camden nodded their heads together.

“The sooner the better. We will ask other police officers to corporate with us, ask them to help us to investigate the satellite images. You’re the one who went to that place. Mr. Armstrong needs to be hospitalized now, only you can go there with us.

Georgia took a deep breath and then agreed.

“I’ll go there with you. I also hope this matter comes out results quickly.”

Georgia hoped it would be best to arrest Chester and have him to reveal the person behind it.

If it's the Lane family or some other enemy, it would be the best reward to be able to ambush your own enemy.

Georgia called Vanessa and said that she needed to go to the warehouse with police officers. She also told Travis that she was going out and asked him to wait for her return.

Lastly, Georgia also asked Vanessa to take care of Travis.

After arranging all these, Georgia followed Selena and Camden in a car to that mountain.

Selena and Camden also contacted other police officers of the police departments. After a few turns in the mountain, Georgia with Ms Holland and Mr. Camden took more than three hours to reach that abandoned warehouse.

By that time, it was already passed ten o'clock in the evening.

However, what Georgia didn't expect was that the beggars who were beaten by Travis and went unconscious on the ground had disappeared, left only Chester lying on there.

Chester was dead, leaving behind only a cold corpse.

Georgia still remembered that Travis punched Chester many times. She also hit him several times with a wooden stick.

However, neither of them had hurt Chester's head.

But now, the blood outflowed from Chester's head had coagulated on the ground.

Georgia suddenly got scared, something must have happened behind this. Selena and Camden contacted their colleagues. And later the alarm sounded, the forensic pathologist and other officers came one after another to check the crime scene.

The situation now was completely different from when Georgia left, and she always felt that something bad would happen.

After working until midnight, Georgia followed the police car back to the city again.

On the way back, the more Georgia thought about it, the more she convinced there's something fishy about it.

Chester was dead, then there must be someone else came to the abandoned warehouse after that.

Is it Emma and Owen's people? They killed Chester. What exactly did they want to do?

Georgia was anxious. Selena let her go back home to rest first.

After Georgia returned to her apartment, her face shaded with melancholy. It was already seven o'clock in the morning, she couldn't rest as she had already taken a day off. So, she decided to go to work today.

What Georgia didn't know was that the Simpson family and the Lane family had already caused a stir. _____

Daddy, Mommy had been in Prison

Chapter 74 Deceive Yourself

Last night, it was already evening after Jasper Holland had dealt with Eden Lane's affairs. He drove directly to the villa where Robert Simpson stayed.

When the butler saw Jasper came, he opened the door immediately.

“Master Holland, Master Simpson hasn’t back home yet, do you need me to call him?”

Jasper Holland shook his head.

“I called him before I came, I estimate that he will be back in about half an hour. I will stay here to wait for him.”

After Jasper Holland finished talking, he sat in the living room. The butler ordered the servant to come over and serve Jasper a cup of tea.

Ten minutes later, Robert Simpson returned to the villa.

After entering the door, Robert took off his suit and put on his shoes. Then, he sat opposite Jasper.

“You said in the call that you have important things to tell me and you want to say it in person. What is it?”

“Emma Lane’s younger brother is Eden Lane, do you know her brother?”

Jasper started to ask Robert.

Robert felt a little strange but he had also surveyed the Lane Family in the past. Thus, when Jasper asked him about Eden Lane, his first thought was that Eden must have caused trouble.

“Eden Lane has been studying abroad for the past few years. I have rarely seen him. However, I know that he often causes trouble outside. What happened? Did he provoke you? You don't need to worry about me.”

After Robert finished his words, Jasper laughed.

Jasper had guessed that Robert would definitely not going to care about Eden Lane.

“Robert, he didn't provoke me but he provokes my sister.”

“What had he done to piss Selena off?”

Robert Simpson asked in confusion. Selena is Jasper Holland's younger sister. He heard that she was working in the police station now. How did the two of them intersect? Robert was puzzled.

“I am not very clear about the specific situation. When my sister was handling the case, Eden Lane assailed my sister with obscenities. Therefore, my sister took the opportunity to place him in the police station. For now, he is detained in the police station. I estimated that he is going to suffer inside. Also, I ordered someone there to teach him a lesson.”

Jasper pampered his sister a lot. Eden Lane was just looked like a gangster. Since he dared to molest his sister, Jasper would definitely make Eden regret for what he had done.

“By the way, my sister's case involves a missing case. This case

is also related to Georgia Lane. I didn't ask my sister in detail what is going on with this case. Robert, why is Georgia Lane still in D City? Isn't Ma'am want to drive her out?"

When Jasper mentioned Georgia Lane, Robert's palm was clenched slightly.

Yesterday, Robert rushed to the hospital impulsively but at the end he saw Georgia Lane having intimate interaction with another man. Robert was feeling angry when he thought of that scene.

However, his mind was actually rational which kept telling him that Georgia Lane's relationship with other men had nothing to do with him.

Why was he getting mad? He shouldn't care about her.

However, Jasper's words seemed to mean that Selena would be

in charge for the case of Georgia's disappearance. Robert thought of the matter that he had ordered his workers to investigate. But there was still no result yet by now so he pondered slightly.

"Jasper, the case involved Georgia is a bit complicated, don't worry about it, I will settle it then."

"Robert, don't tell me that you really care about this woman? She is the murderer who killed your sister in the car accident. You must not have this kind of mindset. There are so many women in this world that you can care for, but for this woman, you must not concern about her."

Jasper warned Robert in a serious manner. Both of them had known each other since they were young. Apart from being not related by blood, they could be considered as brothers as they know each other very well.

From the first time Jasper saw the woman, Georgia Lane until the day Robert rescued her at that night, Jasper always felt that Robert had given extra attention and concern to Georgia.

Jasper had joked and asked the two of them to be together before he knew that Georgia was the car accident murderer who killed Wendy Simpson.

But right now, Robert's mother had knew about the matter of Georgia Lane. If Robert really paid more attention and care more about that woman, the ending for both Robert and Georgia would only be a tragedy.

"Jasper, you have thought too much. Why would I care about this woman? I can't stop wishing her to die right now and wish her to disappear from this world right away. How is it possible for me to care about this kind of woman? She is the murderer who caused the dead of my sister, I was considered kind for not killing her." Robert retorted Jasper's words immediately as if he believed the sentence from himself.

Yes, it must happen to be that he only cared about that woman's every movement because he wanted to retaliate against her. It must be his illusion that he cared about her and being jealous when she stayed with other men. After thinking about this in his heart, Robert became more and more

convinced that he himself was paying attention on Georgia was only due to hatred.

As for his softheartedness, it was just because Georgia Lane had saved his life ten years ago.

Jasper looked at the man in front of him in suspicion but he didn't persuade Robert in the end.

“It’s fine as long as you know it. For the case of Eden Lane, please help me to explain to Emma when you talk to her. The Holland Family was not targeting the Lane Family in bad intentions but Eden Lane is really getting too over. He must get a lesson.”

Robert nodded.

“Don't worry, I will not favor anyone even if Emma is not reconciled with it.”

After Jasper left, Robert was called by Emma out of the blue.

“Robert, my brother has been detained in the detention center. Can you help me to get my brother out? I heard that he will be locked at there for more than half a month. My brother’s overseas study has not been completed yet. If this case is left in his record, the ambassador will not let my brother continue to apply for passport to go abroad.”

“Emma, don’t you know exactly what had Eden did? He molested Jasper’s sister outside and interfered police’s duty. It is his own sake to be locked out there. You are his sister. He made mistakes now and so you should let him be punished heavily, otherwise he will never learn to behave.”

Emma heard the seriousness in Robert’s tone.

It's just that her father and mother were by her side. Not only that, Eden was her biological younger brother, how could she really not care about him?

“Robert, we can teach him after bringing him home. I have no ideas what is going on with my brother as he is locked in the detention center now and they even don't allow me to visit him. They must have lynched my brother. Robert, can you please help me to save Eden for my sake? He is just a little unruly. I will definitely teach him after returning home, I will never let him make mistakes outside again.”

Robert was a little disappointed with Emma as he knew how likely had Eden caused trouble.

In Robert's opinion, Eden was simply a scum who did nothing good. Robert didn't even want to place more attention on that kind of person.

Robert wouldn't even want to say a word if it weren't because of Emma.

“Emma, I have made decision on this matter. Eden should be punished as he made mistake. You all will only keep indulging him. Don't think of asking help from me in this matter.”

After saying this, Robert hung up the phone directly.

Emma looked at the beeping sound from her phone and her face sank completely.

It was just a simple request which was to save her brother out from the detention center but Robert refused to help her on that.

“What? Robert is not willing to help?”

Flora Wong raised her voice and questioned.

Flora had been worried since Eden was involved in that incident.

He was her only son. If he really involved in any accident, how could she maintain her high position in the Lane Family?

Emma nodded helplessly.

“Dad, Mum, Robert said that he will not help on this matter, he even told me that Eden should be punished!”

“Boom!”

Owen Lane patted the table with his palm suddenly and the loud noise seemed to make the dust on the ceiling to shake off.

“Emma. We can’t just wait here and do nothing. We must find someone to save your brother! I have already asked the people inside and they told me that someone with higher position has asked them to teach Eden a lesson. How can we let this happen without taking any action? We must stop it!”

Owen said in his gloomy face.

Eden was his only son, he would not let the only son in the Lane Family to meet with a mishap!

Flora Wong was even more anxious and it caused her to shed tears.

“Emma, we must save Eden!”

“Dad, Mum, since Robert refuses to help us, who else can we ask for help now!”

Emma became anxious as well.

Their family relied on the Simpson Family to barely have some power in the D City but since Robert was not willing to help them for this time, Emma had no ideas who could they seek help from.

“Emma, although Robert is not willing to help, his mother is still there. Think about it, we didn’t succeed to settle Georgia this time. Yesterday, when Georgia was in the hospital, Robert went

there in person. Georgia is involved in this incident today, don't you know how to transfer the message to Robert's mum?"

"Georgia was not dead for this time, she was having such a good luck to survive. Chester Rogers had been settled but Georgia had not been settled yet. Let's settle her by the opportunity of this affair."

"Dad, what do you want me to do?"

Emma didn't understand and asked suspiciously.

Flora Wong didn't understand either. Owen Lane called Emma and Flora to go to the study room. Three of them talked secretly at there for a long time.

Emma called Maisie, Robert's mother immediately at six o'clock in the morning.

"Emma, why are you calling me so early?"

Robert's mother usually only got up at 8 o'clock. Her phone rang and awakened her instantly from her dream. Maisie was a little angry as she was awakened before dawn. No one would be happy if she was being disturbed when sleeping.

"Auntie..."

Emma was choking with sobs in the call.

"Robert... Robert put my brother in the detention center for Georgia. He must be caring about that woman now. Maybe I don't have any hope of being your daughter-in-law as Robert is falling in love with Georgia Lane now..."

Emma cried loudly and Robert's mother, Maisie's face sank.

"What the hell is going on, state it clear!" _____

Chapter 75 Kneel Down and Repent

Maisie was annoyed by Emma's continuous crying sound.

She could feel that her son treated Georgia differently.

But she did not expect him to do something out of extent for her, Maisie was irritated.

“Cry cry cry...what can you do with crying? Tell me clearly what has happened!”

“Auntie, I am standing outside now. I can’t make it clear via the phone. Can you let me in?”

Emma stopped crying and said the sentence.

Maisie also wanted to know what happened. She could not control her anger when she thought of her son who had a partiality for the killer that killed her daughter.

“Wait for a while, I ask the steward to open the door for you instantly!”

After hanging up the call, Maisie called the steward to open the door while she quickly tidied up herself and changed her clothes.

After ten minutes, Maisie sat opposite Emma. Emma's eyes were full of tears.

“Auntie, it is my fault. You have told me that Georgia kept tangling with Robert. So, I think that I should tackle her. I know it is not right to do it but I am jealous of her. Before I manage to do something, Georgia has been kidnapped by the man that keeps her as a mistress before!”

“The man that keeps her as a mistress?”

Maisie asked coldly.

Emma wiped away her tears and answered.

“The man is called Chester Rogers, he is fond of Georgia.

However, I hear that Chester is failed to kidnap her, Georgia has escaped from there. I don't know how she manages to escape, she even brings a man who has brain sickness to stay in the hospital. The man has undergone surgery a few days ago. Later, I find that the man is called Travis Armstrong, he is Georgia's first love!"

"After that, someone has told me that they saw Robert visiting Georgia in the hospital. I didn't feel something weird at the moment and thought that I am Robert's love. Georgia must have been using some sort of tricks to attract Robert but I didn't expect that Georgia would bring that idiot to my house. Travis is foolish, the children in my neighbourhood always teased him. When my younger brother came back, he laughed at him too!"

After saying that, Emma's tears dropped.

"You should know that my younger brother is still young, he is ignorant. I didn't expect Georgia to bring two police to my house to arrest my brother. I heard that my brother was beaten by the two police brought by Georgia. Now, my brother is still in the police station, he might be detained for a long time. Someone discloses the truth to my father, he said that they are instructed to give a lesson to my brother. He is in jail, if

something happens to him, what should I do?”

Emma cried loudly, she looked pitiful.

Maisie understood the process, her expression looked dull.

“What happened next? How does this matter relate to Robert?”

“Auntie, I know that I should not trouble you but I have no choice. After my brother is detained in the jail, I call Robert for help, because someone said that my brother would be bullied there. How can I let my brother be bullied? But Robert said no to me, he even said that one of the police brought by Georgia is Jasper’s sister, Selena. Robert refused to help me...”

“But I think that it must be related to Georgia’s trick, she purposely brought Selena there. She wanted to take revenge on the Lane family. Furthermore, Robert has partiality in Georgia. I have no choice but beg for your help.”

Maisie knew that Emma's brother, Eden was not a good guy but everyone had partiality.

She had bias and resentment towards Georgia, so she trusted Emma's words. She believed that Georgia was the one causing Eden to be detained. In Maisie's opinion, Georgia was a vicious woman.

"I see. I will call someone to help your brother out. I will educate Robert well, if he continues to take partiality on Georgia, I will deal with her by myself, don't worry."

After saying that, Maisie took her phone and called someone. She gave instruction via the phone but the opposite side rejected to do so.

"Mrs. Simpson, I'm sorry, I can't release Eden. Mr. Holland has given a strict order to us, we will not bother anyone who interrupts. He must be given a lesson."

No one had shamed Maisie before in the entire D City. She

pulled her face and hung up the call. Then, she took her phone and called Jasper.

“Auntie, why do you call me early in the morning?” Jasper asked her politely. He was ready to go to his office at the moment but Maisie called him.

“Jasper, there is a good relationship between our families, right? It is just a misunderstanding, can’t we just apologize to each other? Why do you make it so complicated?”

Jasper did not understand her meaning. He asked confusingly.

“Auntie, what do you mean? What do you want me to do? You can instruct me directly.”

Maisie showed a dull face and spoke.

“Jasper, Emma is going to marry Robert, she is my future daughter-in-law and Robert’s fiancée. Emma’s brother is considered as Robert’s brother as well. He has done something

wrong, you have the right to punish him but how can you detain him in the jail for so long? If something happens to him, how should I explain to the Lane family?”

At the moment, Jasper knew the purpose of Maisie.

Jasper was respectful to Maisie.

“Auntie, you know that my younger sister has a bad temper. I will not reject if she wants to give Eden a lesson. Eden has done a lot of bad things! He has become a bad guy since such a tender age, what will happen to him when he grows up? I should give him a lesson and change his behaviour so that he will not have the courage to do bad thing again. Then, he will not shame the Simpson family and the Lane family. It is better for him to be obedient.”

Jasper's words clearly showed that there was no way to negotiate, he did not want to release Eden.

Maisie showed a dull face when she kept being rejected by others.

"Jasper, you're refusing me, right?"

Maisie asked coldly.

"Auntie, my sister is too wilful. If I promise to help you, she must have made a stir in the house. I do not mean that I don't want to help you!"

Jasper said the words tactfully. Maisie asked him coldly.

"Jasper, you tell me honestly. Does Robert ask you to give a lesson to Eden because he takes partiality on Georgia? I know it has something to do with Georgia, do I have to make it clear again that what kind of woman is Georgia? She has killed my

daughter, what happened to you and Robert? Why do you want to take sides on Georgia?!”

Maisie asked angrily.

Jasper was helpless. Maisie’s words were forcing him to help her but he indeed did not want to agree with that.

He doted on his sister, if he stopped punishing Eden, he would not be satisfied.

“Auntie, you have misunderstood. It has nothing to do with Georgia. Don’t worry, Robert and I hate Georgia as well, how is it possible for us to take sides on her?! Nevertheless, after my sister calms down, I will ask her to release Eden. Do you want to ask my sister by yourself? She always respects the elders and you, maybe she will listen to you.”

Jasper handed the trouble over to his sister without hesitation.

Maisie knew that Jasper would not agree to help her. So, she

hung up the call and called Robert.

“Robert, you come back now. I have an important thing to ask you.”

After saying that, Maisie hung up the call directly. Robert was confused about what happened but Jasper already called him and told him about the happening.

Robert showed a dull face and asked the driver to send him back.

For Maisie, after she hung up the call with her son, she quickly called Selena.

“Selena, I want to see you. Can you come to my house?”

Selena just rest for a while at the police station, she came back from the mountain after she settled the case of Chester at around 5 a.m. Then, she received her brother’s call to inform her.

Selena knew that Maisie called her for the sake of Eden.

Selena was discontented about her brother who handled the trouble over to her.

But Selena could not show her bad temper in front of the senior. So, she answered politely.

“Auntie, I am working now. If you have any important issue, can you call me later in the afternoon?”

Selena decided to delay it so she asked Maisie to call her later in the afternoon. However, Maisie opened her mouth again.

“Selena, I straight away call your leader and ask him to offer you a half-day leave. This is an important thing, I need to know the entire process. Can you come here for a while? I have not met you for a long time.”

Selena knew how stubborn was Maisie. She agreed suddenly

when she thought of the scene that she saw before.

“I see, auntie. Please wait for me, I will go after I ask for leave.”

Maisie was then satisfied and hung up the call.

After that, Maisie turned her head and looked at Emma.

“Robert is coming home now, if he sees you here, he must think that you’re the one complaining. So, you go home first, I will inform you of any latest news.”

Emma could not help but she knew that she should not make anything that made Robert discontent.

After nodding, Emma left.

After half an hour, Robert reached his home.

Maisie looked at her son. She straight away threw the photo of

Wendy onto the table and said coldly to her son.

“Kneel down, kneel down in front of your sister’s photo! Tell her how badly have you done to her!” _____

Robert knelt silently in front of his sister’s photo and then slowly began to explain.

“Mom, I don’t know what you have heard and what you have misunderstood. But I have to tell you the whole story.”

“Do you still have something to say? I’d like to hear your explanation. Come on, I am sitting right here. You can try your best and explain clearly what you have done in full details!”

Maisie said coldly, not showing even slight kindness for her son.

When he was young, Robert's father had an affair with a woman and abandoned his wife and son. What Maisie hated the most was a man's affection for another woman as it reminded her of her own husband and the pain she had suffered.

"About Georgia's matter, I didn't help her with anything. Georgia disappeared the day before yesterday. I did go to the hospital to see her once, but I didn't do anything."

Maisie sneered.

"What does it matter to you if she disappears? Why did you go to the hospital to see her? Don't tell me that there is no special relationship between you and her. Are you trying to treat your mother as a fool?"

Robert was a little helpless. In fact, he knew it himself that he couldn't explain why he went to the hospital clearly.

But right now, it wasn't the thing that he needed to explain mostly.

Robert continued to speak.

“I went to the hospital to see Georgia and then left. I didn’t know what happened yesterday at all. I only know that Selena was just in charge the case of Georgia’s disappearance. When they were handling the case outside and didn’t know why, Eden provoked Selena and even molested her. Selena only enforced the law impartially but Eden asked the people he knew in the police station and wanted to teach Selena and her friend a lesson. So, Selena suddenly asked her brother for help. This matter really had nothing to do with Georgia.”

The more Robert said that this matter had nothing to do with Georgia, the more Georgia was cast aside and the angrier Maisie became!

She only felt that Robert was getting more and more serious about Georgia now, totally favoring that woman in his heart.

“Robert, you said that this had nothing to do with Georgia, so why did you go to the hospital to see her? When Eden’s incident happened yesterday, why was Georgia also there? Isn’t it a trick played by Georgia that made Eden molest Selena? I don’t believe that Georgia is innocent in all this. Even if she is innocent, why don’t you help? Eden is Emma’s younger brother, your future brother-in-law and you let Eden be arrested. Would it show to the outsiders that the Simpson family has no power anymore? Could anyone just slander the reputation of the Simpson family? ”

“Mom, Eden did something wrong. I just don’t want him to cause trouble again in the future. I think he needs to learn a lesson. You are really overthinking this.”

Robert explained helplessly but Maisie didn’t believe a word.

“You just continue to argue. I have called Selena over and you are not allowed to interrupt with even one word at that time. You will honestly kneel in front of your sister and confess!”

Robert was helpless. He continued to kneel in silence.

He also knew why his mother was so angry. His actions really made that it seemed like he cared about Georgia a lot. It was just a memory from ten years ago, Robert didn't know how to explain it.

As he was thinking of this, the doorbell rang and Selena arrived.

A few minutes later, Selena came to where Maisie and Robert were.

“Maisie, Robert, hello.”

Selena greeted them politely. She felt a little awkward seeing Robert kneeling on the ground. She had always felt it was not

the place she should be.

Maisie smiled politely and let Selena sit down.

“I have ordered the housekeeper to cook, Selena. I heard that you went to work in the police station? I always knew that you were excellent and now you are doing what you want to do. Wendy also studied law back then. If she was still alive, she would have been a lawyer now. you two grew up together, if Wendy was still alive that would have been great.”

Maisie sighed deeply besides her, making Selena feel a little awkward. She nodded with a faint smile.

After reminiscing for a while, Maisie asked Selena.

“I also knew you were harassed yesterday and that Eden must be taught a lesson! But, Selena, can you just do me a favor and let him come back to learn a lesson? I will have Robert keep an eye on him in the future, Eden will never cause trouble again in the future.”

Selena's face looked a little embarrassed. Maisie was very upset but she was still very gentle and polite towards Selena.

“Selena, did my request make you feel embarrassed? But if you think about it clearly, why did you meet Eden when you were outside to deal with Georgia's case yesterday? Don't you think that this is all Georgia's trick? Wendy had a good relationship with you back then. How could you help Georgia, the murderer who killed Wendy?”

In the end, Maisie's tone became very sad.

Selena clasped her ten fingers tightly and kept rubbing them together. After a long time, she raised her head and spoke to Robert's mother.

“Maisie, the case of Georgia's disappearance was assigned to me coincidentally. Georgia would not have been able to decide anything in this matter! As for yesterday, I went to find Georgia to get her statement but her friend happened to disappear just then. So, I and my friend, accompanied Georgia to go and find that person. This was all just a coincidence.”

Maisie fell silent immediately.

She had not expected that Selena would not care about her status like that. The facts had already made it so clear that all of this had something to do with Georgia. How could all this not be Georgia's trick?

"Selena, are you really unwilling to do me this favor? This is obviously Georgia's trick but both of you keep saying it is a coincidence. Do you both like Georgia?"

Robert's mother said in disappointment.

"Mom, you can't force her to do it. Eden did something wrong, and Selena just wanted to stand up for herself. Why are you forcing her? If someone committed a crime, they should be punished."

When Robert said those words, Maisie instantly became furious.

“Must be punished for their crimes? My daughter is dead then why did Georgia not die? How can she still live just fine in this world and still get help from you guys? You are all friends of Wendy! My Wendy died so tragically, no one remembered her and all of you were helping her killer!”

Maisie cried out in pain.

Selena raised her head looking puzzled and asked.

“Maisie, I knew that Georgia was the murderer of Wendy’s car crash, but Eden was in the car at that time too. Why did you help him? Although he was not the driver, wasn’t he one of the accomplices back then? But he just escaped the punishment of the law. I didn’t know why you helped him? He is total scum! I have checked his past records. He often makes trouble, fights and plays around with women. Why would anyone help such a person? And he is also one of the murderers of Wendy’s car crash even if he was just sitting in the car. But I don’t understand, why are you willing to help such a person? I really don’t understand, Maisie.”

Chapter 77 The Truth About The Car Accident

After Selena said these words, the whole room was quiet.

Maisie was frozen for a long time and seemed to be stupid.

Her head rumbled. Selena's words were like a bomb that blew up her head into a mess.

Robert was also shocked and did not say anything for a long time.

After a long time, he looked at Selena and asked.

"Selena, what do you mean by what you just said? What do you mean Eden was also in the car back then? How do you know that? Do you have any evidence?"

Only then did Selena realize that Robert's mother and Robert

did not know about this matter. She asked in confusion.

"Don't you guys know about this matter? I saw it with my own eyes back then."

"At that time I was playing inside the bar, and Wendy also happened to be in that bar. I saw with my own eyes Wendy and Eden had a conversation, and Wendy was obviously not happy. Later, Wendy walked out, and Eden followed her. I happened to be going home at that time, so I followed them. I saw they argued. When I went out, I saw Wendy drive away in her red sports car, and Eden got in his car and followed her. Then Wendy had an accident."

"At that time, I heard that the murderer of the car accident was caught. I first thought the murderer of the car accident was Eden, and then I learned it wasn't him. But I didn't ask any questions. I also wondered how Eden was not the murderer. Maybe he got someone else to help him drive. But I can guarantee that it was definitely Eden who drove the car and followed Wendy's car at the beginning. I saw him chase after her very angrily."

Just after Selena said this, Maisie suddenly ran up and grabbed her hand tightly.

"What you said is all true? You didn't lie to me?"

"Auntie, what am I doing lying to you with this matter? I saw it with my own eyes ... it's just that I didn't follow them but found a car to go home. So I don't know what happened afterward."

"Last night I went back to check the case information, which found that the car recorded inside the accident record is the car Eden drove back then. That must have something to do with Eden. I don't think Eden is innocent, but I just don't know why he later called Georgia to drive."

After Selena finished this sentence, Maisie's face turned pale. She suddenly shouted out in anger.

"The Lane family! This must be the Lane family who has been cheating and playing with us! Robert, call the people of the Lane family to come over and let them explain what the hell is going on!"

The anger inside Maisie's chest was almost burning her up.

Then, Maisie looked at Selena again.

"Selena, please continue to stay here for a while. I want the Lane family to come and confront you."

"Auntie, Eden is still in the detention center, and the rest of the Lane family may not know what happened back then. Even if they were to confront me now, it probably wouldn't help in the end. After all, I just saw Eden driving that car and chased after Wendy, and I didn't see the process of the accident later."

Selena said this, while Maisie had already gotten all kinds of suspicions in her heart.

She now did not believe in each and every one of the Lane family, whether it was Georgia or Emma!

Maisie just felt that these guys were all lying and playing with her!

Robert was thinking the same thing now. He remembered that Georgia kept saying that she was not the one responsible for the car accident.

Now it seemed that maybe she was telling the truth.

From Selena's words, he was at least sure there was something else they didn't know. Anger was now piling up in Robert's heart as well.

He thought that if the Lane family deliberately cheated and played with them, he would never let the Lane family continue to exist in this world.

"Mom, don't worry. I'll have the Lane family's people come over right away. As for Eden ..."

Robert pondered for a moment. He looked at Selena.

"This matter is really important. Selena, can I first bring Eden to the Simpson family and ask the guards to release him. Let's confront and ask him what he really did and see what lies his family is telling?"

Selena did not refuse this time. She also found out the seriousness of the matter. It was obvious that the Lane family was deceiving and hiding a lot of things behind the scenes.

Plus she was disgusted with Eden, so Selena nodded and agreed.

"Robert, don't worry. I'll call personally and ask them to bring Eden here."

Robert nodded, and he immediately made a phone call to Emma.

"Emma, I've had your brother brought to the Simpson family.

Can you bring your parents over right now? We have an important matter to discuss here."

Robert tried his best to sound as gentle as possible. He didn't want Emma to find out that he was angry right now.

Emma thought Robert's mom had agreed to help, so she agreed excitedly.

"Robert, I got it. My parents are free now. I'll have them come over right away."

Emma didn't think much of it. Robert didn't agree to help rescue Eden last night, how could he now say he was willing to bring Eden to the Simpson family?

She didn't think about the details but immediately told Owen and Flora about it with excitement.

"Mom, Dad, Robert just called to tell me he's going to get Eden to go to the Simpson family. Only he also asked us to come over

there too to discuss an important matter. I guess we'll be able to bring my brother back by then! I think Robert must think that Eden is causing too much trouble out there and wants us to go over and promise to keep an eye on Eden from now on."

Owen and Flora nodded, and Flora was so happy she cried.

"It's finally okay ..."

"We'll get ready to go to the Simpson family right away."

Owen gave the final word. So the three of them took the car and immediately went to the Simpson family.

Meanwhile, Maisie suddenly spoke up with a sullen face.

"Robert, call Georgia and ask her to come over. I'd like to see how they explain this matter of Wendy."

Maisie's voice was particularly cold. It could be seen that she was very angry now.

Selena had just said goodbye to Georgia this morning.

From the day she spent with Georgia, Selena felt that Georgia was a pretty good person, and did not see anything wrong with her.

It was already ten o'clock in the morning, and when Robert made the call, Georgia was doing experiments in the lab. And Aston was discussing the experimental data with Georgia.

"These few experimental data are obviously aimed at the differences in human data, so there are different results. If combined with genetic testing, I feel that this drug may be successful."

Aston opened his mouth and spoke up.

"It's not enough. This will increase the burden of testing on patients. If every patient were to go through their genetic status first, the cancer would be uncontrolled and change daily. We have to work on a targeted drug that can be applied to a wide range of human conditions, and at most figure out whether it is non-small cell lung cancer or small cell lung cancer. To break it down any further would add to the patient burden."

Aston nodded.

"You're right. It looks like this experiment will have to be run a few more times. We'll have to talk to the professor about where to go next with the study. I feel like it's wrong anyway."

Georgia nodded wearily as well. No wonder Percy had not made any progress at all even after stealing her lab reports for the past few years.

Even she felt as if she had hit a bottleneck. The two of them

continued to discuss some more things, and then Georgia found her phone ringing.

When she picked up the phone, Robert's voice came over the other end of the line at once.

"Georgia, come to the Simpson family right away. There is an important matter for you here."

Robert ordered directly, while Georgia was still doing experiments at the moment. She only felt ridiculous. Who did she have to listen to what Robert told her to do?

"Mr. Simpson, you are the boss, and you can stay off work if you want. I'm an employee, I'm at work right now, and I'm not in the mood to mind your Simpson family's business. Besides, even if I have free time, why do I have to come to the Simpson family when you tell me to? Do I have anything to do with the Simpson family?"

After saying this coldly, Georgia hung up the phone directly.

Robert looked at the hung-up phone with a cold face. He turned his head to look at Selena.

"Georgia doesn't want to come over. She probably thinks I want to hurt her no matter what I say. Selena, you give Georgia a call and tell her what the hell is the reason for her to come over. She certainly won't listen to what I say."

Selena and Georgia did exchange contact information. She picked up her phone and then made a call to Georgia.

Georgia also wondered why Selena called her. They just parted in the morning. She picked up the phone and asked in confusion.

"Ms Holland, is there any latest development in the case? Did Chester's autopsy report come out?"

Georgia could only guess so, yet Selena denied it.

"Miss Lane, it's not about this. It's about the Simpson family. I'm

in the Simpson family right now."

"It's about the car accident back then. I had witnessed Eden driving the car and catching up with the car driven by Wendy. It's just that I don't know the details of the car accident that happened later. I just told Robert and his mother about it. They now need you to come over and confront the Lane family about what really happened back then?"

After Selena finished speaking, Georgia was also stunned.

She never thought that there would be a day when there would be a turnaround in the matter of the car accident.

"Selena, did I hear wrong? Did you really see Eden catch up with Wendy's car?"

Selena nodded affirmatively at the other end of the phone.

Only at this moment did Georgia guess why she was the one in jail back then. It must have been Eden who ran over Wendy,

and Owen decided to let her take the blame.

After all, Eden was the Lane family's only son, and she was just an outcast at the time. Owen would definitely take her to sacrifice.

No wonder she spent six years in jail. It turned out to be because of Eden.

She had suffered so much. Now thank God, the Lane family's lies were finally going to be exposed!

Georgia couldn't help but get a little excited.

"I got it. Send me the address, and I'll come right over."

Daddy, Mommy had been in Prison

Chapter 78 Jealousy Arises

Georgia had been rubbing Robert and Simpson the wrong way.

They wanted to drive her out of D City, just because they thought that she was the one who caused the car accident that killed Wendy.

If she could clear this injustice, Georgia thought that at least she and Annie would not have not to be bullied by these powerful people for the rest of their lives.

Annie would also have a better life, so she had to find a way to clear this injustice.

Perhaps by then, she would also have the chance to beg Ivan to help Annie do an operation. With this expectation in her heart, Georgia looked at Aston after hanging up the phone.

“I have an important matter that requires me to go out now. I may have to take leave again. Aston, continue to do your experiments today. We will discuss the experimental data together later. I have to go to find Ernie to take a leave now.”

After Georgia finished speaking, she directly left the lab and then walked towards Ernie’s office.

Georgia found Anaya walking towards her and stopping her.

“Anaya, I have something important to do. Get out of the way!”

Georgia displayed a cold look and she almost said that a good dog won't block one's way.

Anaya asked her tauntingly.

“I heard that the person called Vanessa is your bestie, is that right?”

Georgia subconsciously became worried when she heard Anaya mentioning Vanessa.

“What's that got to do with you? Why? Do you want to make my friend in trouble as you can't chase me out of the institute?”

As soon as Georgia finished her words, Anaya snorted with

laughter.

“I was wondering who is Vanessa. It turns out to be the bestie of a bitch which is you. You went and seduced my cousin and Simon, and now your bestie, Vanessa seduces the fiancé of my cousin. No wonder you two are besties, as the villains always nest together.”

When Anaya was saying the words, everyone around seemed to listen attentively. Georgia asked her with a cold face.

“I don’t know who your cousin is. If you slander my bestie again, I’ll just tell the professor about you deliberately provoking me, and let the professor judge who is the one causing trouble inside the office every day!”

Anaya looked like she was forced to give in. She was still not satisfied and continued to rant and rave again.

“My cousin is Rachel. Rachel and Alfred are already engaged. The two of them are an unmarried couple, but your bestie became the third person in their relationship, and she and

Alfred even register for marriage and are going to get married the next weekend. Did I say anything wrong? You seduced my cousin, and your bestie seduced my cousin's fiancé, which of my words are wrong? Georgia, point it out if you have the guts."

Both Rachel and Anaya were from the same family, and Georgia only realized they were cousins.

It was true that she only knew about it now, but the matter between Vanessa and Alfred was so complicated that Georgia could only show her a cold face.

"Vanessa and Alfred were couples six years ago. They are just getting back together now. Please don't slander her and create such rumors!"

After finishing these words coldly, Georgia directly pushed Anaya away and then walked into Ernie's office.

If she continued to argue with Anaya, there would only be more and more rumors inside the office, and Georgia did not want to say anything more.

“Did you and Anaya quarrel again outside?”

Georgia didn't make a good impression on Ernie. Although Ernie knew that Anaya was always causing trouble, Ernie thought that Georgia was the one who had plagiarized the experimental data from her lecturer's thesis.

Even though Professor Lee believed Georgia did not do it, Ernie did not believe her.

Moreover, Georgia almost acquiesced to what she did in front of Robert, which made Ernie had a bad impression of Georgia.

“Ernie, I can't explain clearly about the matter involving me and Anaya. That's all for it. However, I am looking for you now for one thing. I need to go out this afternoon and I may need to take a leave.”

Hearing Georgia's words, Ernie's expression turned cold.

"Georgia, from the time you started working until now, tell me how many times you've asked for a leave? Yesterday you also took leave, and you are taking leave again this afternoon after working in the morning. Do you think MU Research Institute is a place where you can come and go whenever you want? Which person would take a leave every day when one is working? Don't think that you can do whatever you want just because a professor values you."

Georgia also knew that it was wrong for her to take a leave like this, but it was just that the matter of clearing the injustice that being wronged as the one who caused the accident was too important. She had to do the matter.

"Ernie, this matter is very important. I must go out, please approve my leave request."

Ernie did not make things difficult for Georgia. He coldly wrote a leave of absence for her and warned her coldly.

“I will tell the professor truthfully about you taking leave inside the institute, and about your conflict with Anaya which happened over and over again. Don’t think that the professor will save you every time.”

Georgia nodded helplessly.

“Ernie, it’s my fault. I’ve troubled you today.”

After saying these words, Georgia walked out of Ernie’s office, intending to leave immediately.

Anaya glared at Georgia with hatred for a few moments, and she also knew that she couldn’t continue arguing with Georgia any further.

Otherwise, the people inside the office would also think that she was causing trouble, and when the professor fired her, there might not even be many people to speak up for her at that time. She couldn’t go too far inside the office.

It's just that Rachel was considered as her distant cousin. Their grandfathers were cousins, and the two of them did not have a close relationship.

If it wasn't for Vanessa, who was Georgia's bestie, Anaya wouldn't have known that Georgia and Vanessa had already bullied Rachel, besides bullying her!

This made her even more annoyed with Georgia. She inwardly hoped that her aunt could help her to chase Georgia out of the institute.

Georgia had already taken a taxi to the Simpson family at the time.

When she was on her way, Emma and her parents, Flora and Owen had already arrived at the house of the Simpson family.

After the housekeeper opened the door, Emma walked into the house of the Simpson family with her parents.

The three of them immediately noticed the strange look of Robert and his mother, Maisie. The atmosphere was very unsettling.

Moreover, another young woman was sitting there who they didn't know.

Emma's first thought when she saw the woman was wondering if Maisie was dissatisfied with her as her future daughter-in-law and wanted that woman in front of her to replace Emma as her daughter-in-law.

Emma guessed so, but she did not dare to speak.

Emma stood politely behind her father. Meanwhile, Owen pondered in his mind what kind of situation he was facing.

He walked forward and politely extended his hand, smiling at Robert and Maisie.

“Ma’am, Robert, sorry for troubling you all that you all suddenly called us over and asked us to bring Eden here... This time it’s undeniable that Eden had done something wrong. I will indoctrinate him sternly the next time.”

Owen felt that the Simpson family must be unhappy with Eden for causing trouble outside, and he decided to first admit his mistake to give him an out.

“Sit down first. Someone else is coming later.”

Maisie coldly said these words, then she sat down on the sofa with a cold face.

Emma and her parents sat on top of the sofa in confusion, while Selena sat on top of a single-seater sofa. The whole living room was depressingly silent.

“Ma’am, Robert, who is this young lady? You haven’t introduced her to us yet, right?”

Emma couldn’t stand the unsettling atmosphere she was facing and she was curious about the young woman. She felt that the woman was her rival, so she couldn’t help but ask the question.

Robert looked at Emma. He had many guesses in his heart suddenly but he never showed them.

Maisie also looked at the woman in front of her, and she said something after a long time.

“This is Selena, it was your brother who bullied Selena yesterday, so please apologize to Ms Holland.”

When Maisie said these words, Owen’s expression slightly changed, while Flora looked at the woman in front of her more cautiously. Emma’s face also turned ghastly.

The three of them felt that something was wrong with what happened, but the matter at hand did not allow them to give in.

Owen and Flora took the initiative to stand up and walk towards Selena. After making up his mind, Owen pulled Flora to kneel directly in front of Selena.

“Ms Holland, it’s all because of my sinful son who is so immature. Please be merciful and forgive him. After he goes back, I will definitely discipline him strictly and will definitely not let him make such a mistake again!”

Flora was somewhat reluctant to do so, she had been in the limelight for several years and had never bowed her head and knelt in front of such a young lady to admit her mistakes.

It was just that someone as ruthless as her husband, Owen had knelt, so Flora could only apologise to Selena unwillingly.

“Ms Holland, it’s all because I, as a mother didn’t educate my son properly. He really should be punished. I just hope that you’ll be lenient and give him a chance to be a new man.”

“Ms Holland, my brother is too immature. I beg you to give him a chance.”

Selena had not come into contact with anyone from the Lane family before. She had only met Emma a few times before and she was not familiar with her.

As for Eden, if it wasn't for seeing him again yesterday and seeing the crazy look on his face as if he was the boss of the world, Selena would not even recall the incidents six years ago in which he argued with Wendy inside the bar and ended up chasing after her with his car.

Now that Eden's parents and his sister were all begging her to forgive him in front of her, she felt really embarrassed.

After all, the middle-aged parents were kneeling in front of her, making it seem like she was very uncompassionate.

Selena was a straightforward person. She replied to them directly.

“Mr. Lane and Mrs. Lane, regarding the matter of your son, I am no longer angry now, and he will be brought to the Simpson family soon, as for the matter afterwards, I don’t think you should look for me if you want to ask for forgiveness. You should ask Robert and Ma’am Maisie.”

Hearing her words, Owen pulled his wife Flora up. She slowly realized the seriousness of the situation at hand.

But he couldn’t show it in his face. He calmly thanked Selena.

“Ms Holland, thank you for forgiving Eden.”

After saying this, Owen brought Flora back to sit on top of the sofa, and he looked at Robert and Maisie. He asked them gently.

“Ma’am, Robert. What exactly is so important? Can you guys just tell us directly?”

“The people haven’t arrived yet. When they come, we will talk about this matter clearly.”

Robert said with a calm look.

However, his mind was already full of thought. He thought that if he had wronged Georgia in this matter, Georgia might be very disgusted with the Simpson family at the moment.

He had lived for more than 50 years and had encountered many storms in his life, so he needed to remain calm even when he felt that something might happen.

The atmosphere in the living room remained unsettling. After a while, the doorbell rang and the housekeeper asked the maid to open the door.

Shortly afterwards, the maid came in with Georgia.

The expressions of Emma, Owen, and Flora changed instantly.

Daddy, Mommy had been in Prison

Chapter 79 Historical

"Why are you staying here?" Owen Lane asked indifferently.

Georgia Lane did not answer his question, she just staring at those people in the house and approached Selena.

Some complicated emotions could be read on Robert's face.

Although Maisie did not have a good impression of Georgia Lane, she invited her to take a sit.

"Take a sit, we can have a talk after all people reach here," she said coldly.

Obviously, it meant that they were waiting for Eden Lane to come. Emma Lane's hands started trembling.

She vaguely knew that why Robert's mother asked them to

come.

The only thing was she could not understand that all the evidences in the accident were prepared well and they had kept a way open for retreat. There was no chance to be caught out.

Owen had a same thought with Emma.

He also guessed that the reason she gathered all the people, especially bringing Eden here was because of the accident happened in the past.

Maybe they had known something.

However, the crime scene,the witnesses and all the details had been perfectly treated properly by him. He could not think where was missed out. The condition was unfavorable, the only thing he could do is to act according to circumstances.

"Sis, I'm sorry about my brother's matter,he is too immature, he should get a lesson. How is Travis Armstrong now? I heard he

has become an idiot. Two of you were so in love during that time, I don't expect it,"she suddenly said.

Emma suddenly started talking, she mentioned Travis purposely, and she mentioned that two of them were ex-lovers.Obviously,she was intentional to let Robert know about their relationship.

Georgia stared at her coldly, none of a word came out from her mouth.

However, Robert was concerned about Emma's words.

He had employed someone to investigate the background of the person who was brought back by Georgia, the result had not came out yet, but now he knew it from Emma. They were couple in the past, he is her ex-boyfriend.

He was grieved. Robert recalled back the tattoo on Georgia's chest, there was a word engraved under the sun ,'Travis' that person's name.

Did they love each other very much in the past? He could not control himself to think about their past and wondered that how much they in love in the past.

Georgia ignored her but she still continued to say.

"I still remember that two of you fell in love during secondary school time, the whole school knew that. Hereafter, he disappeared for 10 years. Can't imagine what has he done for these 10 years and make him became a idiot. Sis, will you take care of him in the future? Two of you were so in love before. Will you take care of him for a lifetime?"

"That's enough, why you have to mention these matter," Robert said coldly while Georgia did not answer her questions.

He did not want to hear about story of her and the other man in the past. This made Emma confirmed that he had some affection for her.

Emma felt jealous. Jealousy made her likely become crazy.

"I know that you have feelings for her, if you don't want to marry me, you can tell directly. I'm not that type of person who will pester you."

Emma suddenly criticized him. Robert looked at her indifferently, he warned her again.

"Do you think now it's the right time to discuss these things, better shut up."

In the deep of his heart, he believed that what Selena said was the truth, he hoped that.

He understood that if Georgia was the murder who killed his sister in the car accident, he would never have chance to get closer with her forever.

"Robert, please pardon her. Emma is just too impulsive," Flora Wong tried to persuade him.

Owen looked serious, he said coldly.

"Robert, Emma is your only fiancée. Even though you are from the Simpson family. I won't let you play with two of my daughters,"

Owen was unpleasant. He said fiercely with a strong sense of righteousness. Georgia sneered at his artificial words.

She kept silence as she did not want to quarrel with him who has no sense of shame.

"Enough, stop quarreling! " Maisie shouted.

She looked at Selena and asked, "Selena, make a call to Eden, when will he arrive? "

"Alright Auntie Maisie , I will call him immediately,"she nodded her head and went out to make a call.

After a while, she came back, "He will arrive in 10 more minutes."

Level of stress and anxiety rose among Owen and Emma. They exchanged glances, revealing their anxiety.

"Excuse me, I want to go toilet," Emma stood up.

Maisie nodded her head, she headed off to the direction of toilet.

Owen took his phone, Georgia could see that he was writing something on his phone.

A few moment later, he took it down, Georgia felt that they were discussing to play a trick on her.

After a few minutes, Emma returned back to her place. The chamberlain came, "Young master just arrived."

Maisie nodded her head, "Let him come in."

A few minutes later, Eden was brought in by two muscular men, his hands were locked with shackles.

Eden was walking limped with with a swollen face, he must be suffering a lot.

"My dearest son, you must have a rough time, how are you feeling? Did somebody beat you? Tell me, I'll take revenge for you," Flora said. Her tears came out when she saw him, she dashed forwards to hug her son.

Eden showed a gloomy face, with ruthless and brutality.

He glared at Selena and Georgia with rancorous gaze like he wanted to kill her.

This was the first time Georgia saw him look so cruel and frustrated as he was the type of person who looked arrogantly all the time."

He must be suffering a lot in the jail,"she thought.

If so, she would definitely gloat over his misfortune. This person had framed so many people, if he got a lesson, she would give applause to celebrate.

"My son, why you don't want to talk? Are you not feeling well? Do you want me to send you to hospital?" Flora asked him anxiously. Eden still remained silent, none of a word came out from his mouth.

"Sit down here. I have something to ask you,"Robert said coldly.

Eden stayed still motionless. Two muscular men rose him up

and threw him to the front.

"Robert, he is still young, why you treat him like that," Flora said.

"He is already twenty something, still young?" Robert had not spoken yet, Maisie said mockingly. "Mrs. Lane, please have a sit. We need to have a serious talk now," said Maisie.

Flora was not willing to see his dearest son being treated violently as he was the son she doted on the most since he was young. Owen looked at Flora coldly.

"Sit down, see what she wants to say. "

"Selena, all have arrived, just tell them what you know and listen how would they explain." Maisie said.

Selena stood up and looked at Eden, "Eden Lane, you don't have to hate me. Yesterday, you were the one who provoked me first but I'm glad as it reminds me the matter which had happened

six years ago."

Owen and Emma showed a strained expression on their face after hearing from her. The air was surcharged with tension. Flora felt scared too.

Eden looked at Selena and asked coldly.

"Who the hell are you? I don't remember I have not seen you six years ago. Yesterday I just made a joke on you, then you treat me like this, I will definitely remember what have you done to me." He glared at her fiercely like he would take revenge whenever he can.

Now Owen only realized that he spoiled his son too much, he was now a black sleep, bringing trouble to them. The person who provoked by him is the daughter of the Holland family. Even though he was suffering a lot, he still needed to apologize to her.

"You better shut up, how could you say something like that? You should learn from mistakes. You're lucky as Miss Selena is

willing to let you go. If you behave rudely again, I won't admit that you are my son. "Owen warned his son.

Owen was pretending that he was acting the justice. Eden went quiet but his anger would not disappear.

Selena sneered. "Never mind, you don't recognize me as you never seen me before but six years ago, I saw you and Wendy Simpson were quarreling at a bar."

"What do you mean?" Emma stood up. "What do you want to say? "

"Sit down Emma, let her finish talking, "Maisie warned Emma. Emma could not help and sit down quietly.

Selena added. "Six years ago, when I was at a bar, I saw you and Wendy Simpson start quarreling at the bar, after a while, I saw her go out by driving a car and you such a foul-mouthed speaking offensive words while driving your car to chase after her. Hereafter, she got in a car accident. That's what all I know."

She finished talking and went back to her seat. After listening to her words, Owen and Emma became anxious again.

They had never thought that Selena was the witness of this accident happened six years ago. No wonder Robert and Maisie asked them to come. They looked so indifferent as they suspected Eden was the murder.

"Eden, what happened between you and my daughter, what can make you chase after her by car?" Maisie said coldly.

Now Eden only understood that the Simpson family started to suspect the truth of the accident. His anger disappeared. He became heightening tension and his back got sweaty. _____

Daddy, Mommy had been in Prison

Chapter 80 Uncontrollable Tremor

Eden was extremely nervous after he knocked and killed someone with his car.

He headed back home straight, fell on his knees and cried out the truth to Owen.

After learning the truth, they decided to make Georgia a replacement as the murderer in the accident. Six years had passed, Eden thought no one would ever remember that incident anymore.

But whenever Eden thought of the possibility that someone might reveal the truth and he would need to bear the consequences of his action, his body would start to tremble uncontrollably.

"I don't even know who Wendy is, I have no idea what are you talking about. I might have argued with a woman six years ago, but I can't even remember who it was. If it was the same night that Wendy was murdered, I remembered that I was drunk that night, I drove a short distance and called my sister to come to fetch me. I waited for a long time, but she didn't show up, hence, I parked my car on the side and took a taxi home. I didn't know that my sister arrived later, picked up the car and even got into an accident. "

This was the speech prepared and said by Eden, today, he repeated it nervously.

Both Emma and Owen felt relieved when Eden recited that speech. They were worried that something might go wrong with Lane's family.

They told Eden years ago to never forget the speech and just recite the same speech again should there be any incident like what was happening at the moment.

"Ma'am, are you being suspicious that Eden might be the murderer? That's not possible. Eden was drunk, he called his sister for help but she wasn't there on time, so he took a taxi home. Who would have known that Georgia arrived later at the scene and involved in an accident? It was all our fault, we are sorry."

Owen explained while Flora helped.

"What happened back then was indeed an accident, but the person who drove was not Eden. Eden was drunk and

frightened, so he called his sister to pick him up after driving for a short while. No one would have predicted that Georgia would have driven the car under alcohol influence and got involved in a car accident, we are truly sorry ..."

Georgia couldn't help but gave a mockery smile looking at their acting.

Robert Simpson was observing Georgia all the while, he didn't believe a single word from Eden.

But, there was no evidence.

Robert felt that every single person of the Lanes' had a reason to lie. Maisie on the other hand stopped questioning Owen and Eden, she turned and looked at Georgia instead.

"They claimed that you were the one driving that night, Ms Georgia, please tell us your side of the story.

"Ma'am, I've said that I am not the murderer. I was drugged by my father that night and was sold to a man named Chester Rogers. Luckily I was able to escape and went home. But my beloved father knocked me out the moment I arrived home. And when I was conscious again, I was at the scene of the accident and ended up in jail for six years. I didn't even know what happened and who did I murder or serving jailed time on behalf of whom... but now I know, the jailed time was served on behalf of my beloved little brother..."

Georgia laughed sarcastically, Owen stood up and slapped her on her face angrily.

"You ungrateful child, how could you blame it on your brother? You had been telling lies about your siblings ever since your mother died. You felt that I wasn't fair to you and claimed that your stepmother was evil. You are still trying to blame your fault on your brother up until now! What is that you really want? What's your motive?"

Owen shouted boldly, Georgia raised her head and looked at him.

"I am telling the truth about Eden, the truth that lies in your heart. I swear that if there's even one word that I said was a lie, I will have a horrible death, same goes for my family members, including my daughter. I am not afraid to make such a statement, but can you?"

Georgia stood up and told him.

Owen cleared his throat, he was a Buddhist and dare not make such a statement.

Robert's mom looked at Owen suspiciously, Emma quickly stood up and raised her hand.

"Ma'am, I can swear too. My brother is innocent, Georgia was the driver, she's telling lies now. If I'm lying, I swear that I will die a miserable lonely woman.

"That's enough! Stop making all this drama."

Maisie yelled.

She believed neither of them, but Georgia used to lie to Robert using a fake DNA report, of course, she would be more suspicious about her.

She turned to Georgia.

"Ms Georgia, if you are telling the truth, where is your evidence?"

"I remembered the hotel I was sent to that night. I'm not sure if they keep a record of the CCTV recording, but apart from that, I asked the receptionist to buy some clothes for me. If she's still working there and remembers me, she could be my alibi. I wasn't present at the scene of the accident and wasn't driving.

"Give me the name of the hotel, I will investigate."

Robert stood up and said to Georgia.

Maisie remained silent, she approved Robert's decision.

When Georgia was about to reveal the name of the hotel, Eden had a seizure out of a sudden,

"Pill...give me pill..."

Eden looked at everyone fiercely, he was begging for a pill.

Selena jumped up.

"Have him under control, he is having a tremor!"

All of them were in chaos, and all discussions stopped

immediately.

Owen, Emma and Flora looked at Eden nervously while Selena called for the ambulance and ordered two strong men to tie him up.

It was all chaotic in the Simpson's household, Eden continued shaking uncontrollably and it was scary when tremors hit a drug addict.

Georgia felt like Eden could easily kill someone if they released him, and she asked everyone to give him pills.

Eden was sent to the hospital, Flora, Emma and Owen went along.

Maisie's energy was drained and stopped her interrogation, she sent Georgia out while Selena followed.

"Ms Georgia, I don't believe that you were the murderer, I witnessed the fight between Wendy and Eden that night, Eden

seemed really drunk and impulsive, it is completely believable that he could knock and killed Wendy with his car."

Georgia smiled at Selena.

"Thank you for trusting me and thank you for revealing what happened years ago. If you hadn't said anything, they will take me as Wendy's murderer forever. Although they are still in doubt, at least they are being suspicious of others, sadly I don't have enough evidence in hand."

Georgia said disappointedly.

"Didn't you mention being at a hotel? You said you went to the reception, let me investigate for you."

Georgia looked at Selena with surprised, but she thanked her immediately.

"Thank you, Ms Selena."

"There's nothing to thank me for, I grew up with Wendy, I don't want the real murderer to be free from legal punishment, and this is the least I can do for her."

Georgia nodded gratefully.

"But it is still a huge favour you are doing for me, thank you."

Both of them smiled at each other and Selena asked suddenly.

"It's only quarter past one, where are you heading to? Do you need a lift?"

Georgia thought she had to be back for work, but when she was about to say something, Robert's car stopped beside her.

"Get on, let's go to the hotel, don't you want to find out the truth?"

Daddy, Mommy had been in Prison

Chapter 81 Don't Fall in Love with Me

Georgia looked at Selena with hesitation, and Selena smiled back to her.

“Just go with Robert now that he said you can go together to that hotel to find out what happened at that time. You can call me if you need any help later. I also really want to find out the real murderer and let the real murderer be brought to justice.”

Georgia nodded. After saying goodbye to Selena, she got in the car and sit beside Robert.

Without any words, Robert drove directly to the hotel Georgia had mentioned. With a long time silence on the way, Robert suddenly spoke.

“If I wrong you this time, I will apologize and make up for it. But if you’re still cheating me, you’ll know that no one can stop my mother’s vengeance on you. So you’d better be prepared for it, and no lies anymore.”

“What I said is true, and I don’t need your apology or anything else. I just want your Simpson family to stay away from me and never disturb my life! If the truth proves that I’m not lying and you have a kind heart to ask your cousin to conduct the surgery for my daughter, I will appreciate that.”

Georgia put it frankly. As for her relationship with Robert, she wished they could never see each other forever.

If the truth came out, her only wish was to ask him to do her a favor, that is, let Ivan Simpson operate on her daughter.

Though Georgia thought it might be difficult to persuade him to do that, she still wanted to try it. As for other things or relations, she didn’t want at all.

She just hoped they could never see each other after all these things were done.

Robert got her through her words, and he felt prickling pain in his heart.

There were explicit indifference and a sense of distance in her words. She didn't have the slightest care to him, or even cold.

It seemed that he was the only one to be entangled and tortured all the time.

“Georgia, you don't have to be such a stranger. I will make up for it if I'm wrong.”

Thinking of the baby still on the way, she sounded even colder.

“Mr Simpson, you and I should have kept things straight. If you insist it is me that killed your sister, then I should be your enemy. If I prove that I'm not the killer in that accident, then we're just strangers! But if you must assume that we have other relationships, I'll have to say we're just like a whoremaster and a whore. So don't pay much attention to me!”

As the sentence came out her mouth, Robert quickly stopped the car beside with a bang.

He turned to the woman next to him with rage, and yelled.

“Georgia Lane, what do you mean? Do you hate it so much that you have things to do with me? Do you have to degrade yourself?”

He hated it when Georgia try to keep him distant.

Georgia closed her eyes and took a deep breath. She can never forget how she was humiliated by Robert before.

And she also can't forget that she sold herself for five million yuan. She even despised herself.

Moreover, she was pregnant. The only thought in her mind was to keep distance with Robert.

“I don't care what you think. I just want to remind you that you'd better not fall in love with me or care about me. I don't deserve it!”

As a matter of fact, Georgia faintly felt that Robert was somewhat possessive of her, and she didn't like this kind of feelings.

Robert instantly got paled at her blunt warning. He clenched his fists and mocked.

“How can I possibly like you? You think too much, don't you?”

“It better be!”

Georgia replied coldly. Robert suddenly got out of the car and walked to the sidewalk. He lit a cigarette and he didn't return back to the car until the cigarette finished.

“Okay, let's go to the hotel.”

They kept silent on the rest of the journey. When arriving at the

hotel, Robert thought of that night.

He was thinking, Georgia insisted that she was in the hotel that night and she was exactly the woman on his bed that night.

But the result of the paternity test showed that he was not natural father of Georgia's daughter.

So either Georgia was lying or she had other men in the past. The latter possibility made his face gloomy.

After they arrived at the hotel, they made a call and manager of the hotel stood in front of Robert with fear.

“Mr Simpson, my top boss has made a call to me. If you need any help, just tell me.”

The manager led Georgia and Robert to a private VIP lounge. Robert spoke.

“Show me the surveillance video of the night on July fifth, six years ago, and another thing is finding out who was the receptionist on that night.”

The manager nodded in a tremble with fear and arranged his men to do it.

There were only Georgia and Robert left in the lounge. Robert can't help asking.

“I remembered you once said we have a daughter, and it was you and I in the room of the hotel on that night six years ago. Georgia, let's just assume what you said is true, but the result of the paternity test demonstrated that your daughter isn't mine. Could it be that you were in relationship with other men at that time? But you wrongly thought that I was the natural father of your daughter?”

Bearing a strong jealousy, Robert asked.

At that time, Georgia was so panic and frightened that she didn't remember the room she slept that night.

Hearing Robert's questioning, she was actually also unsure who was the man with her that night.

Chester Rogers had lied to her many times. Now Mr Rogers was dead, but he insisted on his deathbed that I was with Robert that night. She didn't know if she should believe him this time.

If what he said was true, then Annie must be Robert's daughter.

But if the result of paternity test was reliable, and Robert was also the man with me that night, then Annie might not be my daughter?

This thought made her feel terrified and she refused to believe it.

If that was the truth, she would rather not know it.

Looking at Robert, Georgia replied coldly.

“Mr Simpson, do I have to report you every relationship I had with other men? I don't think it matters to the whole thing. I just need to prove that I'm not the killer in that car accident. As for the man whom I was with that night, I don't think I need tell you.”

Robert was sullen at her words. There might be other unknown men in her life other than Travis Armstrong. As long as he thought of this, he felt he can't suppress the rage in his heart anymore.

“Georgia Lane, you can't live without men in your life, can you? You flirt with men wherever you go, are you that horny?”

Robert can't help mocking her.

She stared at him with indifferent look and sneered.

“Is there anything to do with you about what kind of woman I am? Mr Simpson, even if it’s the fact that I’m horny for men, it has nothing to do with you.”

His chest went up and down. He thought Georgia was simply a bane to his life, treading on his heart and making him suffering in torment.

A moment later, the manager brought a young woman in.

“Mr Simpson, I’m sorry. The surveillance video was only kept for three years, so we can’t find out the video of six years ago.”

Hearing what the manager said, Georgia felt disappointed in her heart. And then Robert asked.

“What about the receptionist six years ago? Still work in the hotel?”

“There were four receptionists on that day, and I asked Alice to bring the photos of them. Some of them are still working here but some left. I have no idea who of the four you are looking for.”

“Show her the photos.”

Robert pointed in Georgia’s direction.

“Alice, show Miss Lane.”

Georgia tried to search something in her memory, and then she lingered her finger on a photo of a woman.

“It’s her. I remembered there was a mole on the middle of her nose.”

Alice took the tablet computer and talked to the manager.

“Her name is Julie, who resigned three years ago. I heard that she was back to her hometown to get married, and I’m not sure whether she can be connected through the phone number she left before.”

“You should try to call her.”

Robert spoke to the manager. And Georgia waited in nervous.

As expected, the phone number didn’t exist.

“Give me her information.”

Robert spoke again. He decided to investigate that woman himself, and then found her to figure out the truth of the past.

The manager quickly told Alice to organize and collect the information about Julie, and later, the manager handed Robert a USB flash disk.

Then Georgia left the hotel along with Robert.

“Where would you like to go now?”

Robert asked her when they got in the car.

Georgia checked the time and it was about 4 pm.

She was busy with things the whole day. She remembered that she told Travis to wait for her and not going anywhere.

She forgot to fetch Travis! She got nervous and worried instantly.

She spoke to Robert.

“I need to go to the hospital. If you are not available to send me there, I’ll take a taxi there.”

This made Robert thought of the man in the hospital, whose

name was Travis Armstrong.

The man whose name was carved on Georgia's breast.

"I'll drive you there."

Robert suddenly replied.

"Thank you, Mr Simpson."

Robert hated the look on her face when she tried to be distant with him, but he said nothing this time, just driving towards the hospital.

As they arrived, Georgia almost flied to Travis' ward.

Robert followed her behind. This was the first time he felt how it was like to be extremely jealousy.

He didn't follow her into the ward but just waited outside.

As soon as she rushed into the room, he saw a tall man immediately holding her tightly.

Travis hugged Georgia and cried.

“Gigi...Gigi...Gigi, I thought you don’t want me anymore. I remembered you told me to wait for you here.....but why you left so long?”

Travis cried and Georgia hugged him harder in her arms.

Through the window of the ward, Robert quietly saw them embraced each other tightly.

The jealousy rising in his heart made him suddenly realize what he truly wanted.

That was what he wanted! He wanted to possess that woman, and he hated it when there were other men around her.

Daddy, Mommy had been in Prison

Chapter 82 Preparing for the Wedding

Something mattered happened both today and yesterday.
Travis must be afraid to be left alone in the ward.

Georgia comforted Travis.

“Travis, I definitely will come back if I promised you. You see, I come back now, right?”

Travis held Georgia's hands tightly with unease.

Georgia totally understood that what Travis needed was the sense of safety, so she stayed with him in the ward and kept talking to him.

Though Travis still seemed retarded, he could barely understand what she said.

Travis gradually got relaxed. After he fell asleep, Georgia went out of the room and she finally thought of Robert who sent her here.

If she didn't get it wrong, she remembered Robert followed her to the ward but he didn't get in.

She looked around but didn't see him.

She checked the time again. It had been more than one hour since they got here. He must have left.

As she thought, she made a call to Vanessa.

In the previous call she just told Vanessa that she did the record in the police station as well as some general facts about the missing of Travis.

Vanessa was concerned about these matters very much, so Georgia decided to call her and told her the details.

In the call, Georgia told her the fact that Chester Rogers was dead and explained the discussions in Robert's house on the car accident six years ago, and so on.

Vanessa was shocked in the phone.

“Gigi, I can't believe it that your father should make you a scapegoat for his son's crime. Are you his daughter or not? How could he treat you like this?”

Vanessa was out of rage, and Georgia just smiled bitterly.

“Who knows? I used to have chance to do a paternity test, but now it doesn’t matter whether it’s done or not. No matter he is my natural father or not, he wants to kill me more than anyone, so it doesn’t matter at all to know the truth.”

Vanessa immediately sensed her upset and sadness in her words.

She grew up together with Georgia, knowing very well of Georgia’s tough life in the Lane family.

In the past, Gigi was treated with indifference and neglected in the family, and now the whole family clearly wanted her to die.

Back to the news that Chester Rogers was dead, Vanessa asked with concern.

“Gigi, what happened to Chester Rogers? How did he die? Didn’t you say he was punched faint on the ground when you

and Travis escaped?”

Georgia also had doubt over Chester Rogers' death.

There was no official news from policemen about autopsy report and other investigation reports. Georgia felt as if a cloud hung over her head.

“Mr Rogers told me it was Owen Lane and Emma Lane that asked him to kidnap me. He said they wanted me to be stained and ruined by some men and video the process. But Travis happened to be there, so I escaped. I was not sure whether there were helpers of Mr Rogers, and I had to run as fast as I can with Travis. Now when I think back, I should tie up fainted Mr Rogers and take him out of there too, then I won't be stuck in such an unsure position.”

“Could it be that Owen Lane and Emma Lane killed Mr Rogers?”

Vanessa asked confusedly. Georgia replied helplessly.

“Who knows? Maybe they did it. Maybe there are still other enemies of mine in the dark. Vanessa, let’s not over guess it and wait for official reports from the policemen. I just hope it won’t go wrong.”

Vanessa nodded.

“You are right. Let’s just wait for the official reports. Wish it won’t get you and Travis into trouble.”

As she finished, she suddenly thought of Travis being retarded so she asked Georgia.

“Shall we take Travis to the doctor and have his brain examined? To find out why he become a fool. How wonderful it would be if he can be cured. Gigi, your life is so hard now, and I know you so well. You definitely will take the responsibility of looking after him. But you also have to take care of Annie, it’s too much for you to take responsibility of another one’s life.”

Georgia completely knew her own situation. She indeed had no energy to take care of Travis.

However, Travis' only family in the world was dead, and she was the only one he could rely on.

If she didn't take the responsibility, who would?

"Vanessa, we don't have better ways, do we? I can't leave Travis alone. I don't take him for examination yet, because I am so busy these days. When I get free, I will do it. It couldn't be better if he could be cured. The thing is that there are none of his families left in the world. When I went to Travis' hometown along with policemen, I learnt from the neighbor that his grandmother died. Now he only has me to look after him. I can't give up him."

she was in relationship with Travis. It was the happiest time in her life.

As Georgia finished the sentence, on the other side of the phone, Vanessa kept silent for quite a long time.

She surely understood that persuading Gigi to give up Travis was no better than letting Travis be a beggar on the street. Not to mention Gigi, even she can't bear to let that happen.

Deep in thought for a while, Vanessa spoke out her puzzlement.

“Gigi, what are your feelings to Travis now? Do you still love him?”

Georgia smiled.

“Vanessa, I'm not that simple and innocent girl anymore. I have a busy job now and have a daughter to look after. I had a car accident and I was in prison once. I have suffered so much. If Travis came to my life in the hard part of it and helped me out,

perhaps I would love him for my whole life. But he vanished before I started my hardship. With a decade having passed, I'm full of nostalgia and gratitude to him. I'm glad to have a friend like him in my life. Now he is sick, and I would like to take care of him and protect him. But that kind of feelings is not love anymore."

Vanessa knew well that Georgia was used to protecting herself because she was always neglected in the family.

Waiting ten years fruitlessly, Gigi must have given up her love to him.

But Vanessa thought there was also good side about it. If Gigi still loved Travis, how distressing it would be for her based on the fact that Travis had problems with his brain which may not be cured forever.

"Gigi, I have been back to Alfred's company and restart my work there. We're good again, though I don't know how far we can get. But now I can help you now. I have no idea how Alfred becomes the son of the Chow family in G City. Anyway, he is rich now, and I can ask him for help. Annie is also my daughter. I

can afford her medical fee, and you don't have to work in the club anymore!"

"A few days later, I'll ask Alfred to contact the doctors in the United States. When he finds a proper hospital, I'll send Annie to America for treatment. As for Ivan Simpson, I'll try my best to persuade him to conduct surgery for Annie. Now the Simpson family has doubts over the true killer of that car accident... so Ivan Simpson might say yes to it."

Georgia hesitated. She would feel guilty and sad if she quit the job and left Layla's offer behind once her situation improved a little.

But in addition, she was pregnant now.

Though she did not know how to face Robert, she was quite sure that she wouldn't hurt her baby.

She wanted to protect and keep her baby though in such a difficult situation.

She had been anorexic all the time, and her reactions of pregnancy got worse since then.

She lost appetite for food, and everything she ate was vomited.

However, she had to eat in the hope of not affecting the baby in her belly.

Annie's poor health condition was the deepest pain in her heart, and she never wanted it to happen again on her second child because of her.

She would wear herself out if she did two jobs at the same time.

“Vanessa, you know that Layla helped me a lot. So I don't want to rush it. On Layla's words, I only need to work in the club for two days a week and she doesn't force me into prostitution. Well, it's completely up to me. I don't want to leave there because my situation gets a little better. It will hurt Layla's feelings. But drinking is unavoidable in this job, and I can't drink now, so I shall find a proper time to make it clear to Layla.”

Vanessa met Layla once, and she also felt Layla was nice.

Vanessa kept silent for a while, and then she uttered.

“Maybe you’re right. Then that’s it. But Gigi, you have to put your safety on the first place.”

Georgia nodded.

The news that Vanessa and Alfred were good again reminded Georgia of the explosive news that Anaya Mitchell and Rachel Scott were cousins. Georgia immediately told Vanessa about this.

Vanessa didn’t know Anaya Mitchell. It happened that Gigi’s colleague and Rachel Scott were cousins, and the both of the two sisters hated them. She really felt shocked.

These days, Alfred had been very nice to Vanessa, and she spoke to Georgia.

“Alfred doesn’t want to tell me the truth that the cooperation between him and Rachel Scott is based on lies or the opposite. But for now, I’m out of my hands to it. Alfred and I have got married. He has arranged the big day on this weekend. Gigi, you must attend my wedding then, you’re my only family and friend.”

Georgia nodded surely.

“Vanessa, how could I miss your wedding? I will go to S City to visit Annie in the hospital on Saturday, and I will attend your wedding on Sunday.”

Vanessa instantly explained where Georgia got about.

“Gigi, I have sent people to look after Annie, and they can tell me her current situation at any time. So you don’t have to worry about Annie.”

Georgia completely trusted her arrangement, and she asked Vanessa again.

“The wedding is in such a rush, there must be many preparations to be done. Do you need my help?” _____

Chapter 83 Choosing The Wedding Dress

When Georgia asked this, Vanessa was immediately reminded of something.

“Alfred had already arranged the other things long ago. I don’t know how he explained the matter that I became the bride. I don’t care about it much, the only thing I care about is one thing. Gigi, you know that I have loved wedding dresses since childhood. It’s too late now to customize a unique wedding dress. However, Alfred has agreed to let me go to a private high-end custom wedding dress store to choose a wedding dress. When will you be free? Can you come and choose one with me? I hope we both can choose a beautiful wedding dress together. You will be my bridesmaid.”

This was once an agreement between them, no matter who got

married, even if they were married and had children, only they could be each other's bridesmaids.

Rules were rigid but the people were always flexible. They were never going to find someone else to be their bridesmaids.

Georgia nodded immediately and agreed.

"I have to go to work during the day. Vanessa, when your appointment to choose the wedding dress is fixed, I can come to choose with you in the afternoon. Don't choose the morning section, I feel guilty to ask for leave from work now."

Vanessa laughed.

"I am also working during the day. Don't worry, it will definitely be after you get off work."

They talked about their wedding dress preferences for a bit and then hung up.

Georgia was in a good mood but the Lane family had become increasingly chaotic.

Eden was sent to the emergency room.

He had withdrawal syndrome and injured many medical staffs when he was in madness.

After they sedating him and operating on him, the doctor came out from the operation room and told the Lane family about his condition.

“Many of Eden’s ribs were bruised heavily and all of his internal organs have suffered minor injuries of varying degrees. He must have been beaten up very badly. Also, Eden was also violated by a man.”

When the doctor uttered this sentence, Owen’s whole face became so desolate that he could not speak at all.

His expressions were twisted. If he hadn’t known that this was

done on the Holland family's orders, he even would like to call a bunch of people to kill the one who harmed his son.

Flora burst into tears besides him.

She had been wondering that how come Eden had not even spoken a word after seeing her, looking so gloomy. How could there be such a sinister method of doing something?

Her son was violated by a man. Who could bear this kind of shame and humiliation?

After the doctor left, Owen suddenly slapped Flora on her face.

Flora staggered and then fell to the ground.

“Dad, why are you hitting mom?”

Emma yelled anxiously before kneeling down and helping her mother to get up.

Flora clutched her cheek which was still hurt painfully as tears streamed down her face.

“Owen, what is the matter with you? Eden is still lying in the ward, why are you taking out your anger on me?”

Flora had always been so powerless in front of her husband that she trembled as she said this one sentence in rebuttal.

Owen pointed to the woman in front of him, looking like he was about to explode.

“It’s you who spoiled Eden. Such a good boy unexpectedly addicted to drugs. Previously when he lost millions in gambling and you still said that he lost control of himself for a bit. Now he has taken drugs. Do you know what it means to take drugs? Who is going to save him? Who can save him?”

Owen roared loudly. Eden was his only son. Originally he had considered him as an heir, now he turned out to be like an useless coward. And furthermore, he was addicted to drugs now, completely hopeless.

Owen valued his heir a lot. It was not that he had not been with other women outside all these years, but none of the women was able to conceive and gave birth. Even if someone got pregnant, the child she gave birth to wasn't his.

Therefore, he always cherished Eden as a treasure.

Who knew that he had unexpectedly spoiled Eden into being a drug addict. Looking at Eden who was going to ruin the Lane family, Owen felt like his whole heart was bleeding now.

He felt that it was Flora who had spoiled Eden. His questioning made Flora cry in an instant.

“Owen, someone must have done something bad to Eden. Eden has never gotten into these things before. He was just capricious, mostly got involved in fights and caused troubles

only. You can't give up on Eden. We must save Eden and help him to get rid of his drug addiction..."

Owen just looked at his wife exhaustedly.

At that time, he had also liked Flora's ability to give birth to his children. All these years, he had been busy with his business but this made Flora have completely ruined his son.

Taking a deep breath, Owen looked at Emma.

"Emma, come home with me. I have something to discuss with you."

After saying this, Owen looked at Flora again.

"You stay here and take care of our son. If something happens to him, then you will have to leave the Lane family!"

After speaking coldly, he turned around and left.

Emma looked at her mother worriedly and held her hand.

“Mom, don’t worry. Dad is angry right now. Eden has suffered such a big grievance this time, and now he has been exposed of taking drugs. Dad’s anger is completely justified. We have to find a way to make Eden quit drugs, otherwise his life would really be ruined...”

Flora just cried and nodded. Emma helplessly ran to follow Owen’s footsteps immediately.

After the father and daughter returned home, Owen took Emma to the study room.

“You saw everything today. Do you have any idea of what to do in the future?”

Owen sat down and asked Emma coldly.

Now, Maisie had begun to suspect that the Lane family lied on the car accident. Robert also didn't seem to believe them either. Seeing that this marriage was about to be ruined, it had become particularly difficult for the Lane family.

Eden's matter made Owen really angry, but he knew that the murderer in the car accident was the matter that needed to be resolved most at the moment.

If Robert and Maisie came to know that they let Georgia take blame for the crime that Eden committed, then it was going to be the end of the Lane family. This was absolutely not allowed to happen.

Eden had been abandoned and Georgia had also become his enemy. Owen understood that at the moment the only person he could continue to use was his daughter.

“Dad, the worst case will be if they find out the truth, but we can’t let that happen. At the very least, we have to make sure that the other party never finds out the truth forever because at that time they will hate us the most.”

Emma spoke faintly.

She was also very annoyed by what happened today. Because of Eden, Emma really believed that the other party would really destroy her at this moment.

“It is not enough...”

Owen said definitively.

“Even if they can’t find the actual murderer in the Lane family, their disgust will make Robert and his mother reject the marriage. Emma, we must find a way this time and right now, there is only one way.”

Owen muttered to himself.

Emma raised her head to look at her father, did not understand what he meant for a while.

“Dad, what are you talking about? Back then we handled all the matters relating to the car accident perfectly. Even if Robert investigates, he will definitely not be able to find any clues.”

“Selena saw Eden drive to catch up with Wendy, but Selena did not see what happened after that. We can continue to argue these things. They won't be able to find out the truth but they will definitely doubt us. We have to find a way to prove that Georgia drove the car...”

“Emma, of course we have to do this but you still have another important matter. Your wedding was originally going to be in next year March, but now it can't be delayed anymore. Emma, you must be hurry and find a way to become pregnant with Robert's child. Only this way our Lane family can survive this crisis.”

“Dad, Robert doesn’t touch me at all!”

Emma’s words were filled with indignation.

“I don’t know what the hell he means by it. I tried many times but he didn’t touch me at all. How can I get pregnant?”

Emma also felt very embarrassed.

“I will figure out a solution right away. How can a man not cheat? If he is not interested in you then make him have interest by giving him medicine. You wait patiently, next Thursday, the old master Murphy will hold his sixtieth birthday banquet. Robert will definitely participate in the big event and as he still hasn’t rejected the marriage yet you can participate in it too. At that time, I will tamper there so you can make it happen with him.”

Emma naturally wanted to be pregnant with Robert’s child. She could feel that Robert was very inconsiderate to her. Only if she was pregnant, maybe he was going to pay attention to her.

It was just that pregnancy was not something she could easily get even after having sex. She asked worriedly.

“Dad, even if you arrange for me to be with Robert at the banquet, I can’t guarantee that I will get pregnant.”

Owen sneered.

“Do you think I will arrange it like this? I am just asking you to find a way to get Robert’s sperm, and then we will get you artificially inseminated in the hospital. Don’t worry I will arrange someone professional.”

Emma nodded in relief. This way was more insuring.

“Dad, you must plan carefully. This is the only banquet that Robert will be attending currently. We must be well prepared.”

After the father and daughter discussed the plan to deal with Robert, Owen thought about the matter that the hotel had called and informed him today.

“Robert and Georgia have already found the information of the hotel receptionist during that time, Julie. We had already sent Julie away at that time and I will warn her again. You don’t need to worry about her.”

Emma nodded. During that time, she had already prepared everything about the car accident. She was not afraid of Robert and Georgia’s investigation.

They were never going to find out the real truth. They would only find out the truth that she created.

Everyone held their own thoughts and carefully lived their days. Georgia took Travis for a brain examination, but the results were not out yet.

As for Robert, he was looking for his own staff and investigating the matter of the car accident.

Georgia went to work during the day and then went to the hospital to accompany Travis at noon.

Every day, she ate the food according to the nutritionist's recommendation and strove to supply her body with nourishment in the hope that the child in her belly could develop healthily.

The days repeated, Selena called Georgia. The police were now investigating the disappearance case.

Right now, it had changed from a disappearance case to a murder case as the autopsy report proved that Chester was killed.

The police were now extracting various data from Chester's body. The autopsy report had not been completed yet. Selena let Georgia relax and Georgia could only stop thinking about Chester for the time being.

After two days of work, on Thursday afternoon, Georgia accompanied Vanessa to the top wedding dress studio in the D City to choose the wedding dress she wanted. _____

Daddy, Mommy had been in Prison

Chapter 84 A Hidden Love Perhaps

It was Georgia's first time stepping a foot into a wedding studio. She had only seen wedding dresses on the mass media before this.

Every woman dream of putting on a beautiful wedding dress on their wedding day, Georgia was no exception.

But now, she could only look at these beautiful wedding dresses in awe without any expectation or hope.

Perhaps Alfred had given an order beforehand, the workers here all welcomed and attended to Georgia and Vanessa's requirements without delays.

They presented Vanessa with all the latest and luxurious designs while Georgia sat on the sofa, looking at Vanessa trying on one dress after another.

In the end, both of them selected a dress with a plunging V-line and a naked illusion back that closes with an under fabric zipper. This simple, yet sexy dress fully presented Vanessa's tall and curvy body shape. It made her look extraordinarily elegant.

A simple and elegant design without complicated diamonds or accessories matched both Georgia and Vanessa's requirement perfectly.

Both of them looked at each other and decided that that would be their choice.

"I've chosen mine, now it's your turn, my bridesmaid."

Vanessa urged Georgia to pick a dress after she had chosen hers.

The staff presented Georgia's with a series of pictures, she chose a blue dress with flounce sleeves, it looked decent and a well-supporting dress to the bride.

The staff passed the dress over to Georgia and she went to try it on.

Georgia saw Emma the moment she stepped out of the fitting room.

Emma was standing in front of Vanessa, they seemed to be arguing about something.

Georgia hurriedly went over.

Emma saw Georgia and looked at her from head to toes and laughed coldly.

"Whoa, both of you are indeed best pals, Georgia try to snatch my fiancée while Vanessa snatched others'. And now a wedding is on its way? What a shameless bitches you are."

Emma was present at the studio because she had made an arrangement to meet with Liszt, despite Robert being extremely cold and had not contacted her these few days.

But Emma still came over after learning that Liszt had arrived. She wanted Listz to design her a unique wedding dress.

She never would have thought that she would bump into Vanessa and Georgia at the studio.

Everything would have been perfect if Chester Rogers had managed to took Georgia away and killed her, but Travis Armstrong appeared suddenly out of nowhere.

Emma thought hatefully, she was just one step away from death.

But it's alright, Chester had died with evidence planted on both Georgia and Travis.

She was confident that Georgia could never be freed from all the allegations this time.

"Emma, I'm nothing compared to your mother when it comes to

being shameless. Weren't your mom's the one that stole Owen away from my mother? Using pregnancy and giving birth to Eden, a son as a weapon. You as a produced out of wedlock dare to call us man's snatchers? Let me tell you this, if I do succeed, it's all because of your karma, you understand?"

Emma raised her arm to slap Georgia but Georgia was able to grab her hand.

"This is not your studio, stop acting like a shrew, or you'll be escorted out by their security guard."

The crowd was getting larger, Emma was embarrassed by the situation.

She could have summoned Robert and kicked Georgia out of the studio if the car incident hadn't been brought up to the surface again.

Emma looked at Georgia and Vanessa hatefully.

"Your time will come, both of you!"

She turned and walked furiously towards the staff,

"Where is Liszt? I've been waiting, isn't he coming today?"

The appointment time Liszt and Emma agreed to meet had arrived. She was the one who asked Robert to make the arrangement.

Even though Robert was no longer involved, but Liszt had promised to meet her today.

"We're sorry Ms Lane, Liszt left us a message saying that he won't be designing your wedding dress, and please email him directly should you have other queries."

Was it true that Robert hated her to the extend that he stopped

Liszt from designing her wedding dress?

Emma was extremely disappointed.

Emma didn't know that Liszt arrived D City last night and called Robert to discuss the wedding dress designing project.

Robert was hesitant but he arranged to meet Liszt today at the studio.

Liszt and Robert were already discussing in the VIP room before Emma arrived.

Robert wanted Liszt to reject Emma's request in the meantime, a demonic idea rose from within him.

"Rob, are you asking me to design a wedding dress for another woman? Isn't Ms Emma your fiancée? What's going on?"

Liszt asked curiously after hearing Robert's request.

Robert was about to explain when he heard the noise from outside. He saw Georgia, Emma and Vanessa through the window from the second floor.

He called the staff and learned that Vanessa and Alfred were really getting married this weekend.

He received an invitation too, but the bride's name was not written on the card, he thought it was weird, but now he understood.

Robert introduced Georgia and Emma to Liszt while listening to their argument. Liszt laughed.

"Both of them are gorgeous, you are a lucky man, Rob."

Robert didn't know how to explain, all he knew was he wanted to realize his demonic wish.

"Liszt, Georgia and I have some misunderstanding, hence, I'm

not quite in the position to make the request directly. I honestly don't know why I want you to design her a wedding dress but would you please find a chance to do so?"

Liszt looked at Robert and laughed.

"Double the pay and I'll do it."

Liszt was a romantic French guy, Robert and he were friends, so it meant yes.

Robert got excited out of no reason and he told Liszt.

"Please design me a suit too, one that matches hers like a match made in heaven, a unique pair."

Liszt looked at Robert with surprise. He was well-known for his modern and romantic design, Robert's words made him laughed even harder.

"Mr Simpson, you're insanely in love with Ms Georgia. She must be a charming person. To me, you were always a cold person, who would have predicted that such a man could have all these romantic flames burning inside him once he fell in love.

Robert remained silent for a while.

"Liszt, it's a hidden love perhaps. It might only be a selfish desire, an act out of gratitude or guilt... I don't know my heart, I just wish to do whatever it tells me to, for now, please find a chance to speak to her while she's here."

Liszt nodded.

He went downstairs and stopped in front of Emma.

Emma didn't expect to see Liszt here as she was told that he refused to design her a dress. She asked nervously.

"Mr Liszt, you promised to design a wedding dress for me, why did you reject it out of a sudden?"

"I'm sorry Ms Lane, I can't get inspiration from you, you do understand that inspiration is everything to an artist, right?"

Liszt words were like a slap right onto Emma's face, she felt that everyone was laughing at her.

Everyone knew that having no inspiration was an excuse commonly used by Liszt to turn down a request.

But in fact, Liszt thought that this person simply was not worth his design.

Everyone in the studio was well aware of Liszt's pattern.

Thus, they peeped at Emma and laughed at her in silence.

Emma felt extremely humiliated. But Liszt did not stop there, he walked towards Georgia.

"Hi, I'm Liszt, a wedding dress designer, nice to meet you."

Georgia and Vanessa were ready to leave but was stopped by this westerner.

Georgia looked curiously at this handsome young man.

"Mr Liszt, nice to meet you too, is there anything I can help you with?"

Liszt smiled.

"You inspired me. I would like to design a wedding dress for you, would you care to be my goddess of muse?"

Georgia wanted to say no but was stopped by Vanessa.

"Gigi, he is the world's well-known wedding dress designer, Liszt... say yes, you have to say yes..."

"But I..."

Georgia was hesitant, to her, wearing a wedding dress was like a dream that would never come true the rest of her life.

But Vanessa agreed to Liszt's request on behalf of her.

"Mr Liszt, I'm Vanessa, a friend of hers, you can call me Ms Cooke. Her name is Georgia Lane, she will let you design her a dress."

Liszt smiled.

"Ms Lane, I only need a photo of you and we will exchange contacts, it won't take much of your time... I might ask for a

meeting or two to get some inspirations and create a design that fits you perfectly. I would like to know what style suits you most."

"Just say yes Gigi, you are pretty and I really would like to see how gorgeous you can be wearing a dress designed by Liszt."

Georgia was moved by Vanessa or perhaps she was still hoping for something, hence, she agreed.

"Mr Liszt, thank you then."

They exchanged contacts and Liszt took a photograph of Vanessa and Georgia.

Emma saw everything while the crowd were laughing at her.

Liszt told her that he was not inspired by her but asked Georgia Lane to be his goddess of muse the next second. This whole thing was truly humiliating.

It seemed like she had just become the laughing stock of D City. She walked out of the building furiously.

Whenever Emma thought of Vanessa's wedding dress and how Liszt favoured Georgia and even offered to design for her, her heart was filled with jealousy and anger.

No, she must avenge herself.

She got Rachel Scott's number from someone and called her.

"Who are you looking for?"

Rachel answered coldly.

"Ms Scott, I'm Emma Lane, Georgia Lane's step-sister."

Rachel wanted to hang up soon as she learned that it was Georgia's sister. But Emma spoke quickly.

"Georgia Lane is my enemy, she is trying to steal my fiancée right now. I learned that your fiancée was stolen by her best friend Vanessa, so I propose that we collaborate. I saw Vanessa went for her wedding dress today, their wedding is set on this weekend. Are you really not going to do anything and be sad all alone?"

Rachel became moody.

"Ms Lane, why would you take my side?"

"Because I hate Georgia Lane and everyone who is on her side. Both of them humiliated us, shouldn't we avenge ourselves? We should give them hell. I believe Ms Scott can do that and I will give my full support no matter what. "

Rachel Scott smiled evilly on the other side of the phone.

"You are right, Ms Lane, we should work together. I'm planning on something that could destroy Vanessa's wedding and make her the laughing stock in town, are you in, Ms Lane?"

Emma got excited.

"This is a perfect opportunity, Ms Scott, of course, I'm in."

Both of them set a time for their meeting and started to discuss their evil plan.

It was Friday when Georgia who was working at MU Research Institute like usual, received a call from a female stranger. _____

"So you are Georgia?"

As soon as the call was connected, a girlish voice said.

That voice was clearly the one of a wilful character.

Georgia had never heard this voice before, and thought it was strange.

Subconsciously, Georgia found that this girl was probably looking for trouble.

Georgia answered cautiously.

"Hello, This is Georgia, what can I help you with?"

When Georgia finished, the girl on the other line laughed sarcastically.

"Miss Lane, how is your business working as a lady in the club? Do you need me to introduce some clients for you?"

This voice was full of sarcasm, and Georgia's face turned cold immediately.

"If you have nothing important to say, I will hang up."

After Georgia finished speaking, she was about to hang up the phone but the voice in the phone suddenly shouted angrily.

"Why are you hanging up? Don't you want to listen to me because I have said the truth? Don't you work in a club?"

Georgia took a deep breath, and she replied to the person on the other side of the phone.

"Even if so, does it have anything to do with you? You are not my client. I am not obliged to answer you or continue to talk to you."

After saying this, Georgia was just about to hang up, but the girl asked anxiously again.

"Why can't I say it, my name is Miranda, isn't your boss called Layla? That's my mother, so am I your boss?"

The girl's voice was like a coquettish and willful lady, Georgia

suddenly remembered the man Layla saw last time.

During the conversation between Andrew and Layla, it was indeed said that they had a daughter.

Layla also said to Georgia that this daughter did not recognize her as a mother, and she gave up this daughter too. At the moment, what did this lady named Miranda want?

She originally intended to hang up, but when she confirmed that it was Layla's daughter, Georgia asked again.

"Miss Bradley, even if you are Layla's daughter, the two of us do not stand in the relationship of boss and employee. If you only called me to humiliate me and you have been successful, goodbye."

After saying this, Georgia hung up.

She felt that she should call Layla and ask what was going on.

But before she called Layla, Miranda's call came in again.

Georgia looked at the ringing in silence, and she thought of the sadness when last time Layla mentioned about her daughter.

After thinking about it, Georgia still took this call.

"Why did you hang up? I haven't finished yet!"

Miranda asked coquettishly on the phone.

Through several conversations, Georgia had already felt that this Miranda was a savage and willful lady, such a person that was spoiled when she was growing up.

Not knowing what Miranda thought about Layla, Georgia asked.

"Miss Bradley, no one is obliged to listen to your humiliation. I

have taken your phone again because I think you are Layla's daughter after all. I should give you a bit of respect. You'd better make clear what you want. If you don't say it clearly, I will immediately hang up the call. I only count to one, two, three..."

Before she counted to three...

Miranda spoke anxiously on the phone.

"I heard my dad say, my mother personally asked him to do something in order to help you, and promised to see me."

Georgia heard about this from Vanessa.

"Miss Bradley, Layla did ask your father to help this time, but I'm back now, and I don't know if I have troubled your father. Are you talking to me because of this?"

After Georgia said this, the girl's voice on the other end of the phone sounded sad.

"How could I call you because of this matter? My mother and I can't even talk to each other now, just because she asked my father to help you. She has not begged my father for more than ten years. It was the first time that she asked my father for help. I thought, you must be an important person, at least you are very important to her, but I have checked, you are just a lady who is working for her..."

The more Miranda said the more she felt wronged.

"Layla didn't even want to see me, her own daughter, but she was willing to ask my dad for help to find you. My dad had to take advantage of the opportunity to beg her to see me again. Who are you? Why is she so wholeheartedly to you, but it was so hard for me to even see her..."

The girl's question and pain came over at once, and Georgia's anger towards Miranda was slightly lessened.

Layla didn't say exactly what happened to her and her daughter, only that Miranda probably didn't recognize her as a mother,

but now that she was listening to Miranda.

Obviously, Miranda longed for her mother.

Georgia asked tentatively.

"Miss Bradley, what I have heard from Layla is that you don't want to recognize her as a mother, so Layla has given up on you. I think she's just afraid of seeing you be hurt. There are no parents in the world who don't want to see their children."

As soon as Georgia said this, the girl on the other end of the phone burst into tears.

"When I was 18 years old, I begged my dad to ask my mother to

come to see me, but she didn't, but because she wanted to help you, she agreed to see me, in the end she didn't need the help, so she refused to see me. Georgia, what is your charm? She can help you with all her heart and soul, I even suspect that she had you as a daughter before she had me."

The jealousy and sadness in Miranda's tone were so obvious, Georgia was very helpless.

But from Miranda's words, Georgia knew better that Layla was really trying to treat her well.

If she really quit this job, she didn't know if it would hurt Layla, but there were some things that must be clarified.

She was a pregnant woman, there was really no way to drink and laugh with the clients.

"Miss Bradley, maybe I have fate with Layla, in fact, Layla and I are not that close, neither is our relationship deep... I listened to you, you like your mother, then you should explain the misunderstanding between the two of you, I think Layla has a

misunderstanding towards you. She seems to think that you don't like her and even hate her."

As soon as Georgia finished speaking, Miranda choked up.

"That's just because I insulted her when I was a child. I was ignorant when I was a child. My father's ex wife raised me since I was a child. She kept saying bad things about her in front of me, saying she was a shameless prostitute. Anyway, she said a lot of bad things about her. As soon as I knew that my mother was her, and knew that she was selling herself in places like whorehouse, I scolded her. Then, she never saw me again and even denied me. I later learned that my father's ex wife had been lying to me, I feel guilty and want to talk to her, but she doesn't want to see me."

Miranda was crying all the time, and Georgia understood the knot between the two people.

She didn't know how to comfort Miranda, Miranda cried for a long time, and she suddenly begged Georgia.

"I know that I have a bad temper. I just called you and wanted to speak politely, but I scolded you without holding back. I'm sorry, Miss Lane."

Georgia thought that Miranda had this attitude towards her. So when she faced Layla, she might not be able to control her temper either. No wonder Layla didn't want to see her.

"Miss Bradley, I am not familiar with you. I can easily forgive you. I don't care about the abusive words you say to me, because I can forget... But Layla is your mother. She must have had expectations towards you a lot. Maybe she was looking forward to see you, but you said something to hurt her. She didn't want to see you, probably because she was afraid of being hurt again. Can you understand what I mean?"

"The more you are familiar with someone, the more you are expecting from someone, his words will hurt you more."

"I know... I know, so, Miss Lane, can you do me a favor? I want to meet my mother, and I want to apologize to her..."

It turned out that Miranda's purpose was this, and Georgia suddenly pondered.

After thinking for a long time, she responded.

"Miss Bradley, I can't guarantee that I will be able to help you, but I can try, can you wait a few days? I want to explore what Layla is thinking and see what she is feeling right now."

After Georgia said these words, Miranda's voice suddenly became very pleasantly surprised.

"Miss Lane, thank you, everything is in your hands."

The two people said a few more words before the phone was hung up.

Putting the phone back, Georgia continued to look at her research data. This time she was cultivating fungi in vitro to study anti cancer structural compounds and to see its effect on lung cancer cell proliferation and apoptosis.

After observing some data, Georgia walked to Aston's side.

"I don't know if it's my illusion. The anti cancer molecular drug for Akt signaling target seems to be very effective. Should we report it to the professor? It used to be extracted taxol from taxus chinensis and the separation of catharanthus roseus. The vincristine is used to extract lung cancer drugs. I think this time it is cultured and extracted from this fungus. This direction should be right."

After Georgia finished speaking, Aston immediately went to Georgia's table to observe Georgia's recent data and the current state of the experiment.

After studying for a while, he nodded to Georgia.

"My data is the same as yours. We will discuss it with the professor later. If this direction is correct, we will study this direction with all we got, and maybe we will succeed in the study soon."

After the two spoke, Georgia and Aston decided to organize the data together and then write a research report.

After being busy most of the morning, by the afternoon, the two had quickly sorted out the report.

Georgia and Aston went to Professor Lee's office together, Ernie and Simon happened to be there.

Professor Lee did not ask those two people to go out, but asked Georgia to open the PPT and introduce the data to them.

Georgia stood in front of them and spoke about her latest findings and data.

First, Ernie had a slight contempt for Georgia, but watching Georgia speak out the data so well founded and that they made significant progress, his gaze towards Georgia also became admiring.

But Simon was looking at Georgia with complicated eyes.

Since coming to work these days, Simon had rarely spoken to Georgia. He seemed to be ignoring this person. Apart from the last time he couldn't help but speak a few sarcastic words, Simon completely regarded Georgia as non-existent.

"Ernie, do you think that Georgia's data report is worthy of studying deeply? I think this is the right direction."

Ernie nodded.

"The direction is right. I will also ask some people from my group to study this. If we work together, maybe our project will be successful soon."

After several people had finished discussing and talking, Simon suddenly spoke.

"Professor Percy Chow will come to D City to give a lecture soon, Professor Lee. If Percy knew Georgia was on our team, what do you think he would think?" _____

Percy was coming back. Georgia still remembered that Percy copied her research report. Later Percy became famous and went to the States to become an Ivy League professor.

This person was coming back now. Georgia suddenly thought of the time when she was being slandered and plagiarized, being insulted by all the people in the research industry. She couldn't help but feel a little depressed.

Professor Lee smiled slightly beside.

"Georgia, this is your chance to prove yourself. Percy will be back in about a month. At that time, he will go to the university to give lectures and hold a press conference. If we can make significant progress during this period, and if it is all your work, then, we can check mate him. This is your chance."

Georgia felt that this task was heavy, she was not so confident, but Aston helped to speak up.

"Professor, don't worry, I will assist Georgia to make some progress as soon as possible. At that time, our MU Research Institute will definitely become famous in the world."

After saying this, Aston touched Georgia's wrist.

"Georgia, will you let yourself be knocked down like this? Don't you have any confidence? You can beat Percy to prove yourself and your talent."

Georgia took a deep breath and looked up at Professor Lee.

"Professor, I will do my best."

After talking with Professor Lee and Ernie about some of the upcoming research data reports and progress, everyone else went out while Georgia stayed.

"Professor, is there still no news from Mr. Knight?"

For a while, too much happened around Georgia, and she also wanted to find someone to help find Mr. Knight, but she couldn't even protect herself.

Except for calling Mr. Knight's secretary, she also went to Mr. Knight's residence to ask for information.

Georgia had no other choices.

What made Georgia even more uncomfortable was that she still couldn't get through Mr. Knight's secretary's phone, and the butler of Mr. Knight's residence still didn't know anything.

As if Mr. Knight had disappeared from the world, there was no news whatsoever.

"Georgia, I have no news from Laurence. I have asked for help but there is still no news..."

Georgia left Mr. Knight's office disappointedly. She didn't expect that, after only a few steps, Simon stopped in front of Georgia.

"Simon, what's the matter?"

Georgia asked suspiciously, Simon's voice sounded a little bit of not living up to expectations.

"Georgia, since you really have the ability to do research, why bother to seduce those rich and powerful men in the first place?"

After saying this, Simon left.

Georgia didn't know how to explain, she could only silently return to her own office.

After she got off work in the afternoon, and since it was Friday, Georgia had bought a ticket and decided to visit Annie in S City.

But before going to S City, Georgia planned to visit Travis in the hospital as usual.

Because of the gunshot wound on his foot he needed to be hospitalized for one more week. Georgia visited Travis in the hospital every day.

Travis' head examination report had not yet come out, but Georgia found out that Travis could read.

Georgia felt that Travis's recovery was hopeful.

However, just as she was walking out of the MU building, Georgia saw Robert standing outside the gate.

Robert walked towards Georgia.

"What are you doing here?"

Georgia didn't really want to see Robert, so she asked.

Every time she saw Robert, she always thought of the unborn child, and also thought of what Chester said.

This made Georgia feel uncomfortable thinking about it.

She had tried her best to eat various nutritional supplements to make herself look healthier, and hoped that the child would develop well.

Georgia was afraid that Robert would find out that she was pregnant. She felt that this man would not let her give birth to this child.

Robert's face was also darkened because of Georgia's cold expression.

This woman looked indifferent when she saw him, as if he was a monster, Robert's heart felt as if pierced.

He replied with a cold face.

"I have found Julie. She now lives in a suburb of D City. If you want to see her, I can drive you there now."

Julie had been found, and Georgia's heart suddenly became uncontrollably excited.

She wanted to wash away her grievances, at least let Robert know that she was not the murderer who killed his sister, so that the Simpson family would no longer hold grudges against her in the future.

But she had bought a ticket to S City, Georgia hadn't seen Annie for a long time, she really wanted to visit her daughter.

She was looking at Robert hesitantly for a long time, so he asked strangely.

"Don't you want to see Julie? Maybe she is the only one who

can prove your innocence."

"I have to go to the hospital first, Mr. Simpson, I can come to see Julie with you, but I have to go to the hospital first."

After Georgia finished speaking, Robert's voice cooled down uncontrollably.

"Are you going to the hospital to see Travis?"

Georgia nodded.

She didn't want to explain more, but asked coldly.

"If you don't want to, I can just take a taxi to the hospital."

As if a flame of jealousy was burning in his heart, Robert coldly ordered.

"Get in the car!"

After the two got into the car, Robert frowned the whole way without speaking a word.

After getting out of the car, Georgia walked to Travis's ward, and Robert kept following behind.

When she was at the door of the ward, Georgia was about to ask Robert to wait outside, but Robert opened the door of the ward and went in.

Georgia didn't want to be arguing in the ward, so she could only follow behind and walked in.

"Travis, how do you feel today?"

As soon as Georgia walked in, she sat next to Travis's bed and asked gently.

Travis was surprised to see Georgia, but he was a little curious about the strange man who came in.

"Georgia... I'm fine... who, who is he?"

Travis pointed his finger to Robert.

"Hello, Travis, my name is Robert and I am Georgia's boyfriend."

Georgia's face changed as soon as Robert said this.

"Robert, what's wrong with you?"

"Why, do you like this idiot, do you want to keep yourself for this idiot, and never find another man? If I remember correctly, someone used to sell herself in that kind of place."

Robert mocked her with a cold face.

He didn't even know why he couldn't control his temper.

Whenever he saw Georgia and Travis being close, he thought of the tattoo on Georgia's chest, and thought that these two used to be lovers.

Then he would be unable to control his temper and said words that were unexpected.

Travis felt Robert's hostility, he grasped Georgia's hand tightly, his tone full of fear.

"Georgia... I don't like this man, tell him to get out... out..."

Georgia snarled coldly at Robert.

"Robert, please go out!"

Robert knew he had just been impulsive, he took a deep look at the couple, and then went out.

Georgia saw that Travis was about to cry, and she immediately explained.

"Travis, I don't really know this man, he is not my boyfriend."

"Really?"

Travis asked expectantly.

Georgia nodded.

"He is just a stranger. He likes to joke. Don't believe him. Travis, I have something and need to leave today. I will see you when I come back tomorrow, okay?"

Travis was depressed, and he nodded with his eyes looking

down.

"I see, Georgia, don't worry, I won't run out, I will wait for you in the hospital."

After Georgia talked to Travis for a while, she took Robert's car to Julie's address.

In another room in the hospital, Eden just woke up, Owen, Emma, and Flora were all in the ward.

Eden knew that his father was angry, he was addicted to drugs, and his expression was very disappointed.

Owen didn't talk about rehab or advising Eden to be obedient in the future. He asked Eden again.

"When you came back from a car accident that year, I remember you said that when the car accident happened, only one car passed by your side. At that time, you said that the driver of the car did not notice the accident and drove away.

Right?"

Eden nodded nervously.

He was very afraid of Owen, for fear that his father would beat him because of his disappointment, or cut off his finances.

Eden's answer made Owen's face darken.

"Dad, is there a problem?"

Emma asked suspiciously next to him.

All the evidence of the car accident was prepared, Emma didn't understand what her father was worried about.

Owen also thought that he was ready, but who knew that Selena saw that Eden was driving a car chasing after Wendy.

He had been thinking about what had happened on the day of

the accident for a while to see if there were any loopholes.

After thinking about it, Owen finally remembered what Eden had said.

There was a car that was passing by before Eden left the scene of the accident.

"Eden, you must answer this matter seriously. If you dare to lie, I will break your legs!"

Owen yelled at his son, and Eden trembled.

"Dad... if you have any questions, just ask, I will answer them seriously..."

Eden answered while shuddering.

"Then let me ask you, were you inside or outside the car when that car passed by?"

As soon as these words were said, Eden's face turned pale, Owen's expression became gloomy as he yelled at Eden.

"Did you get off the car?"

"Dad, as soon as I got out of the car... I saw a car passing by, I was frightened at the time. However, the car drove away and didn't seem to notice the accident at all, so I ran away..."

"Dad, I don't think that person was aware of the accident... don't worry... it was foggy in the morning, so that person shouldn't have seen..."

Eden saw that Owen's eyes turned more and more fiercely, his voice was getting lower and lower!

"Boom!"

Owen hit the table with a hard punch.

"You say that he didn't see, what if there is an accident, what if that person saw you, what if that car had a recorder on it? By then, we will fall short of success due to lack of final efforts!"

When Owen said that, Eden's face turned pale, Emma also understood why his father was angry and worried.

Emma asked nervously.

"Dad, I don't think so. It's been so long and no one has ever stepped out to question this accident. The driver shouldn't have seen it. As for the recorder, most people don't have one..."

"Emma, I am just afraid there will be a situation, we must make proper preparations."

After Owen finished speaking, Flora asked her son.

"Eden, do you remember that car?"

Owen gave Flora a stern look.

"Do you remember a car you saw six years ago?"

Eden was excited at this moment.

"Dad, I remember, that car was different! That car was a Bugatti Veyron convertible, there are only five of them in the world!" _____

Chapter 87 Pretend to Be Calm

Owen showed a surprised expression but his face became dull afterwards.

"There must be a recorder in the car. Since it is a limited edition, I will ask others to check immediately. Perhaps no more accident occurs."

The Lane family planned to investigate the past happening.
Robert and Georgia departed to Julie's house.

Georgia took her phone and called Vanessa.

"Vanessa, have you departed to visit Annie in S City?"

Vanessa replied to her via the phone.

"Yes, I am on the way. Alfred brings me there. How about you, Georgia? Have you departed?"

"Vanessa, I should go there immediately but I have something to do right now. It is about the accident investigation, I have to see the person involved in it. After settling the matter, I will buy a ticket to visit Annie in the hospital. Don't wait for me today."

After hearing Georgia's words, Vanessa comforted her immediately.

“Never mind, it is more important to find out the truth of the accident. Alfred and I are on the way, we will visit Annie, don’t worry.”

After Vanessa hung up the call, Alfred asked her curiously.

“Is Georgia calling you? What does she say?”

These few days, Vanessa stayed in Alfred’s condominium. Alfred accompanied her every day and treated her gently just like what he did six years ago.

Vanessa had a psychological burden, Alfred did not ask her about the last break-up and did not ask about her feeling now.

He acted as if nothing happened and passed his life peacefully along with Vanessa. He even prepared for their wedding calmly. They looked like a pair of normal couple.

Vanessa was anxiety but there was no point to ask Alfred why

he stayed so calm and argued about the past.

Vanessa was afraid that Alfred would change his expression when talking about the past. She recalled the furious pattern of Alfred, she was so scared of it.

Alfred was calm now, Vanessa appreciated that.

“Yes, Georgia calls me. She says that she might not be able to visit Annie today. She has found out something about the previous accident, she wants to investigate the truth.”

Alfred asked confusingly.

“You mean Georgia is not the one causing the accident to happen?”

Vanessa nodded.

“It is impossible to be Georgia. She did not drive on that day,

she is the scapegoat for her brother, Eden.”

Alfred nodded and did not speak anymore.

He was in a relationship with Vanessa for three years. He always met Georgia but he was not familiar with her. He only knew that she was his girlfriend’s best friend. So, he did not have much understanding of her.

“Don’t you think that Georgia is the murderer for the accident? Is she lying to you?”

Vanessa was furious after hearing his words.

“Alfred, do you have a bias on Georgia? She is my best friend and my only kin. Her daughter, Annie is my daughter too. We will get married soon, I hope you can respect my friend, me and her daughter.”

Alfred breathed in deeply. He had warned himself many times, he loved her so much, he did not want to let her go.

So, he just let the bygone be bygone and started his life again with her.

However, he would think of the humiliation Vanessa had made on him and left him. The happening tortured his emotion every day and night but he was afraid that Vanessa would show the helpless and dispirited expression again.

Alfred did not know how to tell Vanessa the matter. In fact, his resentment to her was existing but he wanted to pretend to be a perfect husband now. He wanted the woman, he must get her.

“I give you a gentle reminder only. If Georgia is really the murderer, the Simpson family will not forgive her. I am afraid that you will get into trouble because of her.”

Vanessa stayed silent and did not want to speak anymore. Although Alfred and she seemed to become reconciled, she

thought that there was a hidden barrier between them, they seemed to be blocked by a wall.

During these few days, Vanessa thought over and over whether she should tell him the truth about the break-up.

But when she wanted to say it out, Alfred would say calmly to her not to recall the past happening, we forgot the past and restarted again.

Alfred did not want to listen to it, Vanessa could not explain it to him.

She was not bold but when she felt that Alfred had bias on Georgia, he seemed to throw his tantrum as before. Vanessa could feel the resentment that Alfred had on her, it was revealed in his tone.

Their wedding fell on the day after tomorrow, did they need to pretend nothing happened and passed their life peacefully forever?

Vanessa breathed in deeply, she continued to speak boldly.

“Alfred, there is an incident that causes us to break up last time. I know you don’t want to hear that but can you let me explain?”

Alfred teased inside his heart, what incident? It was just because he was poor and Vanessa met a rich guy, right?

Alfred did not voice out his opinion.

“Vanessa, the bygone is not important. Gone are the days we suffer, let’s forget the past and restart, ok? If you keep arguing about the past, how about our future? Forget it, ok?”

Vanessa lowered her head and her tears fell instantly. The humiliation and harm she had suffered would etch in her mind forever.

Forget it, just pretend that nothing happened. It was Vanessa’s thought.

If she pretended to stay peacefully with Alfred, he would help her with her jobs. If she had the job, she would not make trouble for Georgia, she even could seek assistance from Alfred in helping Georgia and Annie.

If he could help her with that, it did not matter to pretend for a while.

Vanessa wiped away her tears and smiled at Alfred.

“You’re right, let bygone be bygone. We should restart our life and cherish the moment now.”

Both of them had different thoughts. After half an hour, they had reached the hospital in S City.

After Vanessa got down from the car, she straight away went to Annie's ward.

Annie slept calmly as before. It was the first time Alfred saw Annie, a girl that lay on the ward bed.

The little girl closed her eyes tightly, her face was pale and looked weak.

Alfred sympathized with her when knowing that she had been in a coma for a long time.

He would concern about the child because Vanessa considered her as her daughter.

“Vanessa, don't worry, I will contact the doctor in the USA. Although Dr. Ivan did not want to help, other genius doctors will help. Don't worry so much.”

Vanessa nodded appreciatively.

No matter what attitude did Alfred have, it did not matter as long as he wanted to help.

She did not dare to expect too much.

Two of them accompanied Annie quietly in the hospital.

At 7 p.m., Georgia and Robert had arrived at Julie's house.

It was a three-storey villa in the suburbs. After Robert and Georgia got down the car, Robert went to the door and knocked on it.

After a while, a middle-aged woman held a little boy and walked out.

The woman opened the door confusingly and asked.

“Who are you two looking for?”

Georgia saw the mole on her nose.

She confirmed that it was Julie.

“Julie, I have something to ask you.”

Julie looked at two of them and nodded.

“Come in to have a talk.”

After Georgia and Robert went into the living room, Julie put down the little boy and turned around to take two cups of tea for Georgia and Robert.

“What happened?” Julie asked confusingly.

Georgia had a bad presentiment, she felt that Julie did not know her at all.

It was rational if she forgot Georgia, she was just a customer six years ago. How was it impossible to remember her?

But Georgia wanted to try, she asked Julie.

“Julie, my name is Georgia Lane. During one night six years ago, I stayed in the hotel that you worked in before. When I woke up, I asked the reception servant to prepare clothes for me. After that, I lost my jade pendant. I even asked you all to contact me if you found it. Do you remember it?”

Julie rubbed her brow and recalled.

“It was long time ago, let me think carefully.”

Robert asked Georgia smilingly.

“Are you saying that the jade pendant belongs to you? I indeed found a jade pendant at that time but Emma said that it was hers. Your name is even carved on it.”

After Robert said the words, Georgia felt that her brain was exploded, she was about to faint.

This was the first time she talked about the jade pendant with Robert. If Robert was not lying, then he was the one involved in the night. Most importantly, it was impossible for Robert to lie on this kind of matter.

If it were in the past, Georgia would definitely tell Robert that he must be the person involved in that night.

But for now, Georgia was even confused on why the paternity test done by Robert was failed.

Was someone creating trouble in between? But Robert underwent a few tests, every outcome showed that they were not father and daughter. What was going wrong?

Georgia did not want to figure out the worst outcome, Annie was not her daughter.

No wonder Chester kept emphasizing that Robert was the one involved in that night. It seemed like Chester was not lying to her.

Georgia did not know what was going wrong, she just stayed silent and explained.

“The jade pendant is mine, it was the relic my mother gives me. It is up to you whether you want to believe me or not.”

Georgia talked in a dispirited tone, Robert felt that Georgia’s pattern was weird. But he did not know that George’s mind was going haywire.

“Georgia, I want to trust you but you have lied to me before. If I totally trust you, then I will feel like I am a fool. Do you understand?”

Georgia lowered her head and smiled bitterly, she did not talk anymore.

Julie seemed to remember something, she looked at them and answered. _____

Chapter 88 The Wedding

"There seems to be such a thing. I remember a guest called me and said she needed to change a dress. Later, she also left me a number, saying that she lost her jade pendant in the room and asked me to call her to return it to her after I picked it up."

After Julie finished this sentence, Robert's voice became obviously excited.

"Are you sure? Are you sure you're not misremembering?"

Standing nearby, Georgia was even tenser with anticipation.

"I'm not misremembering. It's just ..."

Julie looked at Georgia in confusion.

"I remember that the woman was not you. She looked a little like you, but I remember she had a mole under her eye. You do not have one on your face. Did you have surgery to remove that mole under your eye?"

The moment she said this, Georgia's face turned pale, and Robert asked Julie even more coldly.

"Are you sure you remember correctly?"

Julie nodded her head affirmatively.

"I can't remember wrong. Since I was a child, I rarely met people with a mole under their eyes, so I can barely remember what happened six years ago. That lady did have a mole under her eye, and she dropped the jade pendant and asked me to buy clothes."

Emma had a mole under her eye. This was something that both

Georgia and Robert knew.

Georgia and Robert were silent all of a sudden. Georgia was not expecting that Julie would say that the person at that time was Emma.

She said that the person at that time had a mole under her eye, which was clearly saying that the person was Emma.

Thinking about it, Georgia felt that Emma had about bribed Julie.

She couldn't just hold a knife to Julie's neck and ask her to say who the person was back then.

The two of them left Julie's house in silence. After sitting in the car, Robert did not speak, and Georgia did not know what Robert was thinking. So both of them were just silent.

She didn't know how long it had been before Robert punched the steering wheel directly.

As if not finished venting his anger, Robert continued to pound the steering wheel directly. At this point, Robert was like a lion in a rage to the extreme.

Georgia couldn't help but shake. Robert's hand was already bleeding, and his five fingers were full of blood.

The man in front of her looked frightening.

After a long time, Robert suddenly grabbed Georgia's neck. His pair of eyes looked gloomy as he stared at Georgia.

"Georgia, I gave you chance after chance, but you cheated and played with me again and again, treating me like a fool. Do you feel happy about that?"

Robert's voice was full of hostility, and his expression was even more hideous to the extreme.

Georgia felt she could barely breathe. She was about to say

something when Robert suddenly let go of his hands in frustration.

"Georgia, I really hate you. Why did you have to be in my life! If you were going to lie, why didn't you make the evidence complete!"

Robert roared with an ashen face and a complicated look on his face.

Georgia had never seen such an indefinable look on Robert's face before.

Her heart trembled slightly and she said with resignation.

"Are you thinking that what I said is false and what Julie said is true?"

Robert just quietly looked at the woman in front of him.

To be honest, he didn't know who to believe anymore. It was as if it had become a huge mystery.

In fact, when he thought about it, it would have been difficult for a receptionist who worked six years ago to remember who the customer was at that time.

"It's all fake. I think you're all lying ...Georgia, don't you have any other way to prove your innocence?"

How Robert wished that Georgia could prove that she was not the one responsible for the car accident!

Otherwise, those thoughts in his mind would be suppressed forever.

It was so overwhelming that he was about to explode!

Robert felt that Georgia was driving him crazy.

"No. I have no other evidence ..."

Georgia bowed her head and said it in silence.

Robert's face became particularly cold. If Georgia was lying to him, if this woman was once again playing him, he feared he could no longer muster the courage to retaliate against this woman.

"Wendy is my sister. Georgia, if you really are the murderer ... you'd better run away now and take your daughter as far away as you can. Otherwise, if my mother finds out that you have cheated and played with her again, she will only try to take revenge on you in every way possible and make your life worse than death ..."

"You just decided that I am the murderer, right?"

Georgia just questioned Robert, who didn't open his mouth to

say anything.

He was particularly confused now, and he had thought many things from the past to the present. He could not find a reason to exonerate Georgia, nor could he prove that Emma had been wrongly accused.

The matter before him seemed to be completely submerged inside a mystery.

"I don't trust anyone now, Georgia."

Robert finally gave his answer.

"It's just that whether you're cheating and playing with our Simpson family, or Emma and her father, Owen, are cheating and playing with the Simpson family, when the time comes, no one will end up well ... I heard that the Lane family has been treating you badly. Georgia, if you want to play with our Simpson family through this and get back at Owen and Emma through our Simpson family, I think you're making a wrong decision."

"Whatever you think."

Georgia didn't want to explain any further.

Later they were silent all the way. And Robert drove Georgia to the station.

Georgia was opening the door to get out of the car when she suddenly remembered something. Then she turned her head to Robert again.

"Can I have some of your hair?"

Georgia asked Robert.

"What do you want to do?"

Robert looked at Georgia in confusion.

"Don't ask so much. I'm only asking if you'd like to give me a few hairs?"

"You want to do a paternity test, right? You don't believe the paternity test I took back then was true?"

Robert spoke once more.

Georgia didn't say anything, and she just asked again.

"Are you willing to give me a few hairs or not? If you don't want to, forget it."

Having said that, Georgia was ready to get out of the car. Robert just pulled a few hairs from his head and handed them

to Georgia.

"Just go get a paternity test. You must think that the several tests I've done have been tampered with. I can tell you for sure, there was no tampering with any of the later tests, except for the first one done by Mr. Knight, who you know. Believe it or not. If you don't want to believe me, you can take these hairs for appraisal."

Georgia took the hairs and then thanked Robert.

"Thank you for being willing to give me these few hairs. I do have to get a paternity test. There are some things that I need to figure out for myself."

With those words, Georgia got right out of the car. After that, she went straight into the station and got on the bus to S City.

Robert, however, parked the car in the same place and thought quietly for a long time.

This woman cheated him, played with her, but why he just couldn't be cruel to her?

Robert thought to himself bitterly. It was clear that Georgia was lying again, but why did he still give this woman a chance?

Robert couldn't understand his own heart, and he didn't want to think clearly about his own heart now.

He was afraid to admit that he really cared about this woman.

After Georgia arrived at the hospital in S City, she directly took Annie and Robert's hair to get a paternity test.

At the same time, Georgia also made a solemn decision.

She took her own blood and Annie's blood for a paternity test.

Georgia wanted to figure out which part had gone wrong.

Only, Georgia didn't have the privilege. It would take at least three or four days for her to see the results of the paternity test at the hospital, and Georgia could only wait patiently.

On Saturday, Georgia spent the day in the hospital with Annie.

Vanessa and Alfred returned to D City by car on Saturday morning.

It was soon Sunday. Today was Alfred and Vanessa's wedding, and Georgia returned to D City last night and spent the night with Travis at the hospital.

Early the next morning, Georgia accompanied Vanessa to get her bridal makeup done, and she was also given a simple makeup by the makeup artist.

Vanessa was simply gorgeous in her wedding dress.

Her wedding to Alfred took place in one of D City's most exclusive and luxurious hotels. Vanessa had only been to the

wedding hall once, so she didn't really know what it was like inside. But the wedding was held at noon. So Georgia accompanied Vanessa to do a rehearsal to see how she should walk.

It was almost noon, and Alfred had been out receiving guests. What Georgia found strange was that she heard that Alfred had recognized his parents in G City, but no relatives from G City came to the wedding. Only Alfred's subordinates and secretary were arranging the wedding.

Some of the most powerful families in D City came to attend their wedding. Vanessa stayed in the lounge, with Georgia by her side.

The wedding was to be held at noon. Georgia was telling jokes and entertainment gossip to relax Vanessa.

After a while, just as the wedding was about to take place, the door to the lounge was knocked on and Georgia saw Rachel walk in.

What was even more difficult for Georgia to understand was that Rachel walked in with a smile on her face.

"Miss Cooke, congratulations on your marriage to Alfred."

Rachel actually congratulated Vanessa. Georgia remembered this woman was jealous of Vanessa and Alfred being together, and she used to be so angry.

Now she even congratulated Vanessa like a normal person, which made it seem like she was up to no good.

Vanessa couldn't figure out what was going on either. It was just that today was her wedding day, so she nodded lightly at Rachel.

"Thank you for your blessing."

After saying this, Rachel glanced at Georgia and Vanessa and congratulated Vanessa again.

"Miss Cooke, I hope you'll have a great time at your wedding today. I'll be watching off the stage."

With those words, Rachel turned straight away and left the lounge.

Georgia, however, felt strange. She was a little uneasy and always felt that this woman was up to no good today.

"Vanessa, do you have the feeling that Rachel has prepared something? I always feel that she won't let you off easily. Will she ruin your wedding?"

Vanessa also had a worried look on her face.

"I don't know. But there's no way Rachel would actually congratulate me on my marriage. What would she really do?"

They were both worried, but it was noon and the hotel staff had let Vanessa and Georgia out. The wedding was about to begin.

On top of the stage in the middle of the wedding hall, Vanessa would walk step by step towards the groom in her wedding dress. This was how it was set at the very beginning of the rehearsal.

Georgia had no way of caring what Rachel's intentions were for the moment. She could only walk Vanessa step by step to the hall. _____

Chapter 89 A Shameful Wedding

The music was playing, and a young male emcee introduced the bride and groom at the front.

Georgia Lane was standing at the back with Vanessa Cooke, waiting for the emcee to announced the bride to walk towards the groom. At that point, Vanessa would get to the steps, walking on the red carpet, step by step towards Alfred Chow down the flower-filled aisle.

Alfred was wearing a white suit today. Normally, he always had

a stern look. But today, he wasn't as incisive as he used to be, and he looked gentle.

Georgia listened to the emcee from a distance, introducing the identity of the wedding couple and how they knew each other in dribs and drabs.

For this kind of wedding occasion, not sure whether the music was too touching or the emcee was too good at creating the atmosphere for the wedding ceremony, Georgia couldn't keep from moving to tears, as if a lot of heartaches finally turned into a beautiful blessing at this moment. She watched Vanessa put on her wedding dress, step by step towards her happiness.

The emcee said a lot, and the guests clapped their hands several times. Even Vanessa couldn't help having watery eyes.

"Gigi, I'm really nervous. I thought that Alfred and I would get married calmly. But just now, when the emcee said this, I realized how much Alfred and I have gone through."

Vanessa still had some words to say. What the emcee said were

all the sweet memories of Alfred and her when falling in love. She didn't tell the emcee about this, so it must be Alfred, the one who said to the emcee. And this touched Vanessa. So Alfred did remember their past clearly, and he didn't forget her. Perhaps they could really start over as a happy couple.

"You deserved this happiness. Don't be nervous. I'll always be by your side, watching you. You should deserve the best happiness in the world." Georgia and Vanessa encouraged each other, and they were so delighted.

The emcee spoke for a while beside them, and finally, the wedding march started playing. The emcee took the microphone and spoke to Georgia and Vanessa.

"Let's have the bride over! The groom, are you wanting to welcome your beautiful bride now?"

"Yes!" Alfred responded loudly, but the emcee teased him.

"It's too soft. I can't hear you. Do you guys hear him?"

The guests jeered that they didn't hear it too. The emcee spoke to Alfred again.

"We didn't hear what you said, and we can't feel your passion for meeting the bride. Say it again. Show us your love to her!"

The crowd laughed while Alfred silently looked in Vanessa's direction. He then shouted out to the hundreds of guests below the stage.

"Yes, I want to meet my bride now!"

His sound was deafening. Alfred didn't even use the microphone, just shouted out with his own voice.

Vanessa, who had been dewy-eyed, couldn't help but shed tears finally. She had been suspecting Alfred for a long time, thinking that he might still have hatred and misunderstanding towards her.

But at this moment, Vanessa suddenly felt that Alfred really loved her.

Just like when Alfred confessed to Vanessa, she actually liked him, but she always teased him.

“As long as you dare to let the entire building hear your sound confessing to me, I’ll agree to go out with you.”

At that time, Vanessa was obviously thinking of teasing him. But Alfred delivered on that, and he did shout loudly beside the dorm. Again and again, he shouted until many inside the dorm opened their windows to look over. Then Alfred spoke to Vanessa.

“I’ve succeeded. Are you my girlfriend now?”

Vanessa still remembered her expression and action back then. She immediately rushed over and hugged Alfred. In fact, Vanessa had a crush on Alfred for a long time. Just that she was being melodramatic and wanted to tease this man.

The man's performance satisfied her very much, and she recalled the bits and pieces of their past. The emcee said something else, and then he spoke to the bride.

"The bride, do you want to come to the groom's side? Please say it out loud if you want to!"

Vanessa took a deep breath, and she shouted out loud like Alfred.

"I do!"

This time, the atmosphere was totally enlivened, and the guests were laughing merrily. Everyone could feel the love that the bride and groom had for each other.

"In this case, let's have the bride come over so that this happy couple can be reunited together, and let us witness their happiness!"

After the emcee finished, the wedding march started to play while the hotel staff helped Vanessa up the steps and headed towards Alfred.

The staff scattered red roses petals along the way as Vanessa walked over step by step. She and Alfred looked at each other. They were just a few meters apart, but Vanessa felt it very long.

The guests on the sides were spraying ribbons, and flowers were falling from above. Pink lights were shining on the wedding couple as if it was a dream-like wonderland.

Vanessa once told Georgia that she knew nothing about the scene of the wedding site, as it was all prepared by Alfred.

Only at this moment, Georgia then felt that Alfred prepared for this attentively. All the flowers were Vanessa's favourite.

Finally, Vanessa was about to get in front of Alfred.

The emcee laughed at the side.

“The groom! The bride is almost here. Aren’t you supposed to greet the bride?”

After the emcee saying this, Alfred took a big step towards Vanessa, and then the two of them interlocked their fingers. Vanessa then rested her hand on Alfred’s arm, and the two walked towards the centre of the stage.

Vanessa was an orphan, and she had no parents. Alfred’s parents were not there, and none of his relatives attended. So the emcee hosted this session without having both of their parents on stage.

The emcee let Alfred and Vanessa stand facing the guests while he teased the newlywed couple on the side.

“The bride and groom are here now. According to our tradition, after starting a family, all the cards are kept by the wife. Have you given your bank cards to your wife?”

Alfred was about to speak, but the emcee took the microphone to Vanessa.

“The bride, we don’t trust what the groom said. We just want to ask you, have the groom handed all his bank cards to you?”

Actually, no. But Vanessa made Alfred look good by smiling at the crowd.

“He has given them all to me.”

After saying this, the crowd burst out laughing.

The emcee joked for a while and then smiled at the wedding couple.

“Before the wedding, we received a secret gift. I heard that it was a video of the wedding couple’s friends sending their blessings. Such a warm blessing. Do you guys want to see it?”

As the emcee just said this, Georgia subconsciously felt something fishy.

She quickly walked to the front, wanting to ask Vanessa if she knew about it. But the crowd was already shouting.

“Yes. Show it to us...”

Everyone was yelling. When Georgia walked to the front of the stage, she could see Vanessa’s bewildered look. Alfred didn’t speak anything, as if he didn’t know who had sent the video.

Immediately, the emcee instructed the staff below.

“Let’s have a look at the blessings from the newlywed couple’s friends. And hope that this newlywed couple can have

long-lasting happiness!”

After saying this, the video was played on the big screen above the stage.

“Miss Cooke, you’re really lustful, wanting the few of us to service you...”

In the video instantly appeared several lewd-looking men. The man who spoke had yellow hair on his head, and the freckles on his face were so unsightly. And in front of him was Vanessa lying on a bed, naked. She just smiled faintly and didn’t say anything.

But to the crowd, Vanessa’s expression was actually acquiescing in it, with a sense of seduction too.

The crowd was in an uproar.

Georgia was dumbfounded, and she only then realized what caused her the uneasy feeling. She recalled what Rachel Scott said previously. Rachel said she wanted Vanessa to be happy at

this wedding.

The video was still playing. Georgia watched as Vanessa turned pale, going to pieces completely, while Alfred turned ferocious instantly, having a gloomy face. The staff at the side was trembling with fear, trying to close the video. But the video was almost ended. Vanessa and the few men were all naked, with all kinds of restricted scenes playing on the screen.

Georgia remembered that Vanessa once said what happened to her back then, and it was Vanessa's painful memory. The video was played in front of everyone, and it was even her wedding with Alfred.

Georgia couldn't even imagine how devastated Vanessa was at this moment. She looked around for the power source, finding a way to stop this video. But Georgia simply didn't know where it was played, and she was so anxious that she cried.

She was trying to do something, and she saw Alfred frantically lifting a table and smashing it on the screen above the stage viciously.

Vanessa turned pale, standing in place. The guests were already whispering and jeering, attacking her from all directions. Vanessa's body tottered. It was her deepest memory and the source of her nightmares.

Georgia quickly got up the steps, wanting to grab Vanessa and telling her not to panic. She was here...

But Vanessa suddenly rushed down the steps, darted towards the crowd. Georgia immediately followed Vanessa, and she grabbed Vanessa's hand.

"Vanessa, don't worry. Let's get out of here. Don't be afraid..."

However, Vanessa shook off Georgia's hand, and she walked through the crowd step by step. No matter how the surrounding people jeered her, she just headed straight to Rachel step by step.

When Georgia had just arrived at Vanessa's side, Georgia saw Vanessa picked up a water cup from the table and smashed it

on Rachel's head, without even letting Rachel speak!

The glass-made water cup instantly shattered.

At this moment, the whole banquet hall was in a complete uproar, and screams were heard one after another.

Blood was dripping down Rachel's head, and she was screaming in pain!_____

Chapter 90 Why Don't You Just Die!

At this moment, Alfred Chow ran over and tightly held Vanessa Cooke's hand.

"Will you stop? Don't you think you're already embarrassing enough?"

Alfred looked fierce and angry, and his voice sounded extremely

cold.

When Rachel Scott saw Alfred come over, she hugged Alfred right away and bawled out loud.

“Alfred, my head hurts. Please help me...”

Vanessa looked at Alfred with tears all over her face. She didn't say anything, but she suddenly laughed at herself mockingly and emptily.

As Georgia Lane listened to this sharp and miserable laughter, she felt hopeless and painful.

She felt extremely helpless. She didn't know how she could help Vanessa.

Subconsciously, Georgia felt that Rachel must be the one behind this humiliating mockery, so she picked up a bottle from the table and rushed over to hit it on Rachel's head. It was as if that was the only way for her to vent the hatred inside her.

But, just when she rushed over, Alfred grabbed her arm right away and pushed her to the ground.

As the people around them gathered and laughed at them in mockery, Georgia suddenly felt her stomach hurt.

Georgia's face turned pale white due to the sharp pain.

However, she didn't dare to leave this place. Georgia wanted to get up and say something, but Vanessa was already laughing hopelessly at Alfred.

“So you want to protect Rachel Scott? You won't even allow me to hit her?”

Alfred kept a calm expression, but his eyes were bloodshot as he stared at Vanessa in extreme anger.

“Vanessa, what right do you have to speak of Rachel like that? How can a dirty woman like you still dare to stay here? Why

don't you just die?"

When Alfred said that, Vanessa staggered and stepped several steps back.

Immediately, Vanessa lowered her head and slowly laughed at herself in mockery. Her tears seemed as if they wouldn't stop falling, and her laughter was full of mockery and pain.

"You're right. I'm a dirty woman. What right do I have to stay here? Alfred, if you really want me to die, I'll go kill myself!"

After she said this, Vanessa broke down and rushed outside.

Georgia got up in a struggle and rushed over, but she couldn't keep up with Vanessa's steps.

Vanessa looked extremely sad.

The pain in her stomach became worse. Georgia knew that she

couldn't run violently, so she yelled at Vanessa.

"Vanessa, my tummy hurts. Please don't go. My tummy hurts!"

Vanessa, who was hopelessly freaked out, immediately heard Georgia's painful shriek. She turned around in shock and saw the strange expression on Georgia's face right away.

Her face was pale and cold sweat broke out on her forehead. Suddenly, Vanessa who was once devastated soon got her senses back and rushed over to Georgia and asked her.

"Georgia, are you okay? Did Alfred's push hurt you? I'll call a cab. Let's go to the hospital right away."

Vanessa anxiously hailed for a cab and immediately headed for a hospital nearby.

In the hotel, Alfred looked at all the guests who attended gloomily. Those people seemed to gaze at him in mockery. The video with the naked bodies of his wife and those men had

already stopped playing, but it stayed in their minds, especially the men who attended the banquet.

They all sympathetically looked at Alfred in mockery. Alfred wished he could kill them all.

But, he couldn't do it.

Alfred felt like he was about to go crazy.

After he instructed his secretary to deal with the successive matters, Alfred immediately pulled Rachel whose face was bloodstained and walked to the other side.

Rachel wanted to escape, but Alfred held her hand tightly.

Then, Alfred immediately threw her inside the lounge of a hotel room.

Though Rachel's face was bloodstained, her wounds weren't deep, so she could still stay awake.

After the door of the lounge closed, Rachel wailed at Alfred as if she was wronged.

"Alfred, why did you bring me here? My head really hurts right now. Let's go to the hospital, okay?"

"Rachel, are you the one who played the video?!"

Alfred questioned with a sullen face. His eyes were dull, and he was aggressive.

If Rachel didn't save him before, Alfred could really strangle her to death right now.

But he owed her a favor. Rachel saved him so many times. He really hated this woman, but he couldn't kill his own savior.

“Alfred, why did you think that I was the one who did it? I already decided to let you go. I even attended your wedding to wish you the best. I really don’t know what that video is about. I wasn’t even able to react when Vanessa hit me with the glass. Now that I have so much wounds on my head because of Vanessa, aren’t you supposed to bring me to the hospital? It really hurts.”

Alfred just silently sneered beside her. He mockingly laughed and stared at that woman in front of him.

He knew that Rachel liked him.

He also knew that she was a calculating and manipulative woman.

After a few mocking laughs, Alfred suddenly pushed Rachel onto the table in the lounge.

Then, he immediately mocked Rachel.

“Rachel, isn’t it because you like me? Isn’t it because you want to own me? Didn’t you do all of these just for me to look at you one bit? Congratulations, you’ve finally achieved your goal today!”

It was as if the extreme pressure, pain, and hatred was about to explode.

Alfred directly tore Rachel’s skirt apart, then he coldly owned the woman in front of him.

Rachel never thought that Alfred would own her body at this moment. She felt extremely painful, yet he only looked at her with hatred and mockery.

After a few minutes, Alfred stood up, wore his clothes, and coldly sneered at Rachel.

“Let’s go. Don’t you want to stitch those wounds on your head in the hospital?”

The man that Rachel loved for so many years was finally hers at this moment, yet she only felt fear. She didn't even dare to speak from her trembles.

She wanted to escape from Alfred, but he pulled Rachel's body and walked out. Rachel couldn't even dare to break loose.

She felt the man in front of her had a murderous expression, but she couldn't even say anything.

Rachel's clothes were already torn, but Alfred didn't care. He let the driver and the strangers on the road watch her shamefully. Then, they got in a car to go to the hospital.

On the other side, Vanessa's gloomy and humiliated feelings were frightened by Georgia's increasingly pale complexion and cold sweat.

"Georgia, what's wrong? How could it be so serious? Where did Alfred hurt you when he pushed you before?"

Georgia really didn't want to say that she was pregnant because she didn't want Vanessa to worry.

But now that she needed to go to the hospital, if she didn't say it right now, once she collapsed, Vanessa wouldn't know what to do.

Georgia painfully sighed and helplessly admitted to Vanessa.

“Vanessa, I'm pregnant. My tummy hurts. It hurts; it really hurts...”

When Georgia said those words, her tears uncontrollably fell.

She always remembered that time before she gave birth to Annie, when she was hit and beaten in the prison. That was why after that, her pregnancy with Annie was never stable.

She tried her best and gave birth to her daughter, but Annie was weak, which eventually became Georgia's nightmare.

She was really afraid that this might happen again. If her child left her right now, or if the child in her belly became weak in the future because of this reason, Georgia would never forgive herself.

She was the most terrible mother in the world.

Vanessa was completely shocked by Georgia's confession that she was pregnant.

"Georgia, you're actually pregnant, is...is it from one of the guests in the clubhouse?"

Vanessa nervously asked. She knew that Georgia sacrificed

herself before for Annie's medical expenses, so she never dared to ask about the specific details. She was afraid she would hurt Georgia's feelings.

But now that she knew Georgia's pregnancy, she couldn't stop herself from asking.

Her heart really ached. Today, she already broke down from seeing that video, but now with Georgia's confession of her pregnancy, she was about to collapse from all of these events.

"Vanessa, I'm going to tell you something. Don't ever tell this to anyone. This child is Robert Simpson's. I had a night with him, but you should never tell this to anyone..."

After she spoke these as she trembled, Georgia fainted.

Vanessa was completely shocked. She didn't even have time to think what happened between Robert and Georgia.

She only kept rushing the driver to drive faster and faster,

because Vanessa knew what Georgia was worrying about.

Georgia had always felt guilty for Annie's heart disease. She felt that it was because she didn't take good care of her before.

If this happened again, Vanessa felt that Georgia would definitely not be able to go through this hurdle.

When they arrived at the hospital, the doctors immediately rushed Georgia into the emergency room, while Vanessa waited outside anxiously.

She was still wearing her wedding dress. That was why the patients, strangers, doctors, and nurses passing by all stared curiously at Vanessa.

As Vanessa silently sat at the chair outside the emergency room, fear spread all over her.

She didn't dare think about Alfred, nor the video played in the hotel. Vanessa could only transfer her focus on Georgia now.

She hoped that the child Georgia was carrying would be fine.

Around half an hour later, when Georgia saw that the doors of the emergency room opened, Georgia was pushed out by the doctors and nurses.

Georgia was pale, and IV drips were put on her hand, but she was still asleep.

However, the doctor congratulated Vanessa.

“The child Miss Lane is carrying is fine. It was indeed very dangerous this time. Remember to take good care of the baby and don’t let the belly be hit again in the future.”

Vanessa kept nodding. She pushed Vanessa’s bed into the ward with the doctors and nurses.

Just when they got out of the elevator, Vanessa and the nurses were preparing to go to Georgia’s ward when she saw that Rachel was also in the hospital.

Rachel's clothes were tattered, and Vanessa couldn't figure out what happened to her.

When she saw the video today, Vanessa was almost certain that even if Rachel wasn't the mastermind who did it back then, she should at least be involved.

Thus, there could be no one else who played the video today.

As the hatred and pain she felt suddenly rose from her chest, Vanessa coldly walked towards Rachel.

At that moment, Rachel just finished treating the wounds on her head. She was sitting on the chair waiting for Alfred. She totally didn't expect Vanessa to come.

“Was it you who did it back then?”

Vanessa coldly asked Rachel.

At first, Rachel was surprised when she saw Vanessa, then immediately, she laughed at her.

“Vanessa, how could you still have the audacity to live in this world? Everyone have already seen your video. Hundreds of people have already seen your body. Let me tell you, the video is already circulating in the internet. How do you still have the audacity to live?”

Rachel laughed mockingly and completely ignored Vanessa’s question.

Vanessa raised her hand and slapped her hard. Suddenly, a bruise mark appeared on Rachel’s face.

Rachel was irritated. She raised her hand and wanted to slap her back, but after she thought of what just happened between Alfred and her, she changed her mind. Rachel decided to mock Vanessa.

“Vanessa, even if you beat me to death, that video really

happened. You are embarrassed, why are you hitting other people to vent out your anger?”

“Let me tell you. After you left, Alfred and I were already together. Who knows? Maybe the child I’m carrying is Alfred’s...”

Vanessa stared at the woman in front of her in shock. She didn’t expect Alfred to be together with this kind of woman. It was even right after so many things happened.

She felt terribly dizzy. Vanessa stared her with trembling hands and sneered coldly.

“You are disgusting!”

But Rachel’s expression didn’t change after Vanessa mocked her. She only became more pleased.

“Vanessa, you’re just arguing without any evidence and reason. Even if you want to compare who was more disgusting and

dirtier, who could be dirtier than a woman like you who was humiliated and possessed by so many men? Plus, wasn't it that they even gotten you pregnant? You even gave birth to the child not knowing who the father was. Tell me, who's dirtier?"

After she heard this, Vanessa didn't have the energy to continue mocking her. She fell down the floor and her voice trembled terribly.

"You...how did you know this?"

Rachel just laughed at her mockingly. She still wanted to humiliate the woman in front of her.

However, when Rachel saw Alfred walking towards them, she suddenly started crying out loud.

"Vanessa, I know you like rich people. Even if you went out with rich men before, why did you have to film that kind of video with so many men to humiliate Alfred? Didn't you know Alfred cares so much about you? How could you humiliate him in front of so many people?"

As Rachel cried pitifully and delicately, Alfred walked over in a sullen face.

He didn't expect Vanessa to be here. He also didn't expect Rachel to be talking with Vanessa. When he heard Rachel's last sentence, the anger he had only grew stronger.

Unconsciously, Rachel trembled. She would never forget the coldness he showed her a while ago.

She didn't know what Alfred was suspecting, or whether he knew something.

It was as if he was torturing her.

"Alfred, my head hurts. Can you please bring me home?"

Rachel cautiously begged Alfred.

But Alfred didn't even look at Rachel. He immediately grabbed Vanessa's hand and walked out with her.

Daddy, Mommy had been in Prison

Chapter 91 You Are Too Dirty

Alfred suddenly laughed wildly.

“Vanessa, don't you know why I became crazy? Look at our wedding, everyone knows that I am being cheated on. Everyone knows that my wife is sleeping around but you still want to be respected by me? Are you respectable enough? I feel nauseous just looking at you.”

Every word seemed like a sharp sword that pierced through Vanessa's heart. She trembled, even her lips began to tremble.

Those humiliating videos had defeated her and also defeated Alfred.

Alfred's words completely defeated Vanessa.

“Okay, I am disgusting, I am dirty... you can just get rid of me. But where are you still taking me?”

Vanessa shouted at him in despair.

Alfred pulled Vanessa’s hand without saying a word. He pulled Vanessa out of the hospital and threw her in the car.

Then he drove the car madly on the road. Vanessa felt like she might as well just die like this.

The man with her had gone crazy, and she was about to go crazy too.

She had already known for a long time that it was impossible for Alfred to accept. She had even wanted to say it before, that this man would accept and understand.

However, he had gone crazy without even asking about the situation.

She was right in breaking up with him in the first place. Was there a man in this world who could accept that his own woman had been dishonored by other men? Vanessa looked self loathing.

Fortunately, Georgia's surgery had been completed and it was fine for her to be taken away by Alfred. Vanessa could only comfort herself like this in her heart.

Later, Vanessa discovered that Alfred parked his car at the apartment that he had asked her to come before.

Originally, Alfred had already taken Vanessa to a newly bought villa saying that it was their newlyweds house.

What was Alfred trying to do as he brought her here now?

Vanessa felt a little nervous. However, Alfred took her by the hand and walked directly into the apartment.

As soon as the elevator door opened and he opened the door of the apartment, Alfred threw Vanessa into the apartment.

Vanessa was about to ask why on earth he was so mad when the man in front of her suddenly began to tear her clothes to pieces that crazy.

Immediately, Alfred pulled Vanessa into the bathroom, and as soon as the shower was turned on, cold water was sprayed on Vanessa's body.

Vanessa's body trembled. It was too cold. Her tears mixed with the water in the shower and blurred her vision. She couldn't help but laugh at herself.

"Alfred, what will you get being angry like this? I am dirty. If you hate me, just tell me to leave. If I make you nauseous then just don't look at me..."

Vanessa questioned in pain. Alfred simply opened the faucet next to him, took a bucket full of water and then poured it directly on Vanessa's head.

After pouring another bucket of cold water on her, Alfred's tone was calm and surly.

"You are too dirty. I want to wash you clean. You are too dirty, too dirty..."

Alfred kept showering her body like this. He didn't use warm water, just kept pouring cold water on Vanessa's head.

Vanessa's whole body was already constantly trembling and Alfred's repeated sentence about her being too dirty completely broke her.

She could accept Alfred's anger and hatred.

But Alfred continued to keep pouring water on her like now, trying to wash her clean. This kind of harm almost tortured her into going crazy. As if she abandoned herself, Vanessa finally

burst into laughter at herself in the cold water.

“Alfred, I can’t become clean now. Those men touched everywhere of my body, I was with them. I even became pregnant. I didn’t even know who the father of that child was. Do you think this will wash me clean?”

Vanessa cried bitterly as she shouted. She looked like a sad lunatic.

She felt like, if there was a window there, she would have jumped out.

She felt as if she could no longer live and there was no point in living. Vanessa now wanted to spread everything out to make it clear and let the world destroy her.

Vanessa’s words thoroughly angered Alfred.

“Pregnant? When were you pregnant?”

Alfred dragged Vanessa up but she just laughed and cried at the same time.

“Just after this video. I got pregnant and then I broke up with you, Alfred. If I had told you that I was with other men, would you still want to be with me? I was pregnant with a child at the time, would you have wanted to raise another man’s child?”

Vanessa just mocked herself like that for a while, laughing and crying simultaneously, looking deranged.

Alfred staggered a few steps, his whole body collapsing to the ground.

Suddenly, he rushed over and grabbed her by the neck, choking her.

“How dare you... How dare you tell me these things? How can you be so cruel to me?! I was so good to you, why don’t you take mercy at me at all? Vanessa, I hate you...”

With teary-eyed, Vanessa looked at the man in front of her, she burst into laughter.

“Of course, you hate me. I am only telling you the truth. That child was born and died. Don’t worry, if you insist to be with me, you don’t have to raise the child from the other men, really...”

Seeing Vanessa smiling like this, Alfred only felt that the person in front of him was particularly vile. His whole heart hurt violently, as if someone was constantly tearing his body apart. His brain was about to explode. His whole being was about to go crazy.

“You did that on purpose! Vanessa, let me tell you, do you think I will let you go after this video is exposed? No, I will make you suffer forever and make you atone for your crimes...”

After he finished saying this coldly, Alfred suddenly turned around and left, slamming the door behind him.

Vanessa looked down and laughed mournfully.

At this point, who was right and who was wrong? Vanessa suddenly didn't understand.

With her wet body, she walked to the kitchen, picked up the knife and lightly slashed her wrist. Vanessa laid in the bathroom and watched the blood drip from her wrist. Suddenly, she felt a sense of pleasure.

'Just destroy myself like this. Just disappear from the world like this.'

What was there to keep her alive? To live was a torture. Everyone had seen the video and she had no courage to live anymore.

Anyway, Alfred was going to torture her in the future.

Not knowing how long the blood had flowed.
Vanessa's consciousness became blurred.

Suddenly, the phone outside began to ring again and again.

Perhaps it was telepathy, Vanessa crawled out from the bathroom to the living room step by step. There was a cellphone besides the torn wedding dress in the living room.

Vanessa picked it up and unexpectedly it was the nurse she had arranged to take care of Annie at the S City's hospital. It was a high-level nurse.

Vanessa answered the phone and Lilian surprised her as she congratulated Vanessa from the other side of the phone.

"Miss Cooke, Annie is awake. She is now looking for her mother!"

Her mind suddenly sharp, Vanessa looked at the blood on her wrist. She suddenly hung up and then took the initiative to call the hospital.

After telling her address, Vanessa climbed on the coffee table and covered the wound on her wrist with a piece of tissue.

She couldn't die yet; she couldn't be knocked down yet.

Annie woke up. She was Annie's mother and she wanted to live.

She had raised Annie for six years; she couldn't bear to part with her... Vanessa kept telling herself this. But even after covering her wound she still fell into unconsciousness.

On the other side, Georgia had already woken up in the hospital.

After waking up, she looked around. There was no one in the ward.

Originally, she had been brought there by Vanessa and Georgia instantly became anxious.

She rang the bell for the nurse to come over.

“Miss, is there anything wrong with the baby in my belly?”

Georgia asked the nurse anxiously. She was very afraid that she was going to lose the baby.

“Miss Lane, the baby in your belly is okay, but your physical condition is a bit dangerous right now. You need to recuperate in the hospital for a while.”

Georgia breathed a sigh of relief. Then she immediately asked.

“Where is the woman who brought me to the hospital? Her surname is Cooke. Why is she not here in the ward? Do you know about it?”

The nurse shook her head.

“Miss Lane, I am the nurse who was arranged to take care of you after your operation. I don’t know about the woman who brought you to the hospital.”

Georgia could only regretfully let the nurse leave. She picked up her cellphone, wanting to call Vanessa.

However, after trying several times and finding her unavailable, Georgia’s heart became anxious.

Today, Vanessa’s heart might have been really broken when such a huge thing happened at the wedding.

Georgia was really afraid that Vanessa would not be able to handle it and would want to leave the world impulsively.

Originally, she wanted to get up to find someone, but the nurse stopped her and brought the doctor over.

“Miss Lane, you just came out of the emergency room. The baby in your belly is still unstable right now. if you get out of bed and leave forcibly or if there is any emotional instability, then you will lose the child. Don’t blame me for not reminding you then.”

With the stern warning from the doctor, Georgia’s footsteps stopped in an instant.

“Doctor, I know. I won’t leave...I just can’t get in touch with the woman who brought me here. she encountered a very shocking incident today. I am afraid she won’t be able to get over it. Can you help me find where the woman who brought me to the hospital went? Or can you help me to look for the hospital footage? I need to know whether she leaves the hospital.”

The doctor did not refuse her request.

“Then you lie down on the bed first, Miss Lane. I will help you inquire about the situation.”

Georgia could only wait patiently.

At the same time, she took her cellphone and called Travis, who was in another hospital.

In the past few days, Georgia had bought an elderly phone for Travis and had taught him how to call from a cellphone.

As soon as the call was connected, Travis's surprised voice came from the other side.

"Gigi... I have been wanting to call you... but I was afraid that you were busy..."

Travis knew that Gigi went to the wedding with the woman who called herself Vanessa today. He always knew that he had to be an obedient boy, so he didn't call and disturb Gigi.

"Travis, I am a little unwell today. I am staying in another hospital. I may not have time to see you tonight... Also, something happened to Vanessa today. She is not in a good mood and I will have to be with her. Travis, can you wait patiently in the hospital today for me? I will see if I can see you

tomorrow or another time.”

“Gigi... Are you not feeling well? Is there something wrong with Vanessa?”

Travis didn't quite understand it but he still asked subconsciously with concern.

“It's not a big deal. I am afraid that you will be anxious in the hospital so I called to tell you. Travis, remember to wait for me in the hospital patiently. Listen to the doctors and nurses. Don't leave the hospital...”

Travis had no choice but to hang up the phone.

However, as soon as Travis hung up, he saw the door of his room open. The man who had previously mocked him came in. _____

Daddy, Mommy had been in Prison

Chapter 92 Stir up Trouble

Eden stayed in the hospital for a few days. He just gained his consciousness recently, he wanted to take revenge for the humiliation he suffered.

He had resentment on Georgia, Travis and the chief culprit, Selena.

These were the people he wanted to take revenge on. But Selena was the daughter of the Holland family, Eden did not know how should he take revenge.

But he wanted to take revenge immediately on Georgia and Travis.

Georgia was the scapegoat for his crime, she had become the rival for the entire Lane family. Secondly, Travis was an idiot, he wanted to take revenge on him first.

However, his father, mother and sister had warned him not to make any trouble again.

Eden had planned to break Travis's both legs but he could not do it now.

It was in the hospital. If the Simpson family knew that he fought and even broke others' legs, the Simpson family would have a bad impression on him.

Eden had changed another method of revenge. He sneered and walked towards Travis.

"Idiot, do you know where is Gigi now? I know it, I can bring you there."

When Eden met Travis last time, he knew that Travis only concerned about Georgia. Travis would react when hearing something related to Georgia.

So, he wanted to coax Travis and brought him out of the hospital. Then, he would leave Travis in the desolate place and let Travis run his own course.

“I don’t like you, get lost ...”

Travis hated the man standing in front of him. Furthermore, Georgia had warned him a few times before.

Unless Georgia spoke, or else he would not trust others.

He would stay there and wait for Georgia. He would never trust others’ words. Travis was firm with his thought.

“Idiot, I already catch Gigi. She is tortured by me now. Don’t you want to save her? If you want to save her, you should follow me...Or else, Gigi will be hit heavily...”

Travis stood up furiously. Suddenly, he punched Eden’s face.

“I don’t allow you to say about Gigi...don’t say about her...”

Travis kept repeating the words. Although he was silly, he called

Georgia just now.

He knew that Georgia stayed in another hospital now. The man in front of him was lying to him. Travis was furious about this kind of behaviour.

Eden did not expect Travis not to trust his words. It was useless to make use of Georgia as the bait.

He was even outraged when Travis punched him without his notice.

His anger arose. Eden got up and rushed towards Travis. He punched him directly.

They started to fight in the ward.

The doctors and nurses found them fighting. They quickly called

the security guard to stop them immediately.

Eden was even brought by Flora Wong to the ward while the doctors and nurses bandaged Travis's wound.

“Eden, don't you know that your father is angry now? You still create trouble in the hospital, he will be very angry!”

Flora educated her son seriously. Eden showed a furious and annoyed expression.

“Mom, Travis is the one causing me to be jailed and suffer from the huge humiliation. He is loyal to Georgia. He is just an idiot now. What if we make use of him to threaten Georgia, she will definitely admit that she is the murderer during the accident. I just want to give him a lesson today!”

Flora intended to give a lesson to Georgia as well as her friend, Travis. They made her son being jailed and suffered from the humiliation.

However, if they made trouble, Owen would be angry.

Flora thought of that while the door was opened. Owen and Emma walked in.

Owen received the call from the hospital, he knew that his son fought in the hospital again. He was extremely outraged.

“You unfilial son, are you seeking death?”

Once Owen came in, he took a cup and threw it on Eden’s face.

Eden moved his head subconsciously, Owen was even angry. He slapped Eden heavily.

“I have reminded you many times, you should just undergo the treatment and don’t make trouble. Are you turning a deaf ear to my words?”

Emma grabbed her father’s arm quickly.

“Dad, cool down. Eden is just out of impulse. Travis is just an idiot, nothing will happen.”

Eden felt wronged, his suppressed anger almost made him mad.

“Dad, Travis is just an idiot. Georgia still concerns about him. If we make use of Travis to threaten Georgia, she must admit honestly that she is the murderer. She will never tell the truth to the Simpson family!”

“You are stupid, I know it as well. Now, Georgia confronts us. The daughter of the Holland family had confessed that she saw you driving at that time. Then, you want Georgia to admit that she is the murderer in front of the Simpson family, everybody will be suspicious. The Simpson family is smart, they will have

the thought to threaten her with Travis as well. They are not stupid!”

Due to his intense anger, Owen stepped on Eden.

Eden shouted sufferingly, he roared terribly.

“Dad, what should I do? Do I have to let go of the resentment I have on Travis that makes me jail? I suffer a lot in the jail, I am even humiliated, can’t I take revenge on it? In addition, Selena that bitch, I will never forgive her!”

“You want to take revenge some more! What revenge can you take in this kind of situation? Selena is a part of the Holland family which is as powerful as the Simpson family. We cannot maintain the dignity of the Lane family already, you still want to take revenge on the Holland family, you only make trouble!”

Owen reproached his son severely in the ward. After that, he looked at Flora strictly.

“Look after your son well. If he creates trouble again, both of you just get out of the Lane family!”

After saying the words coldly, Owen brought Emma out of the ward.

“Dad, cool down. Eden is always wilful, he will become obedient after having a few lessons.”

Emma was furious at Eden’s behaviour as well. Her brother always made trouble and the Simpson family hated him.

He even could not control his impulsive behaviour now. Robert’s mother would only grow more discontent with her.

“Your brother is spoiled by his mother. Emma, luckily you are not as wilful as your brother. Now, the Lane family’s hope depends on you! I already arrange the banquet of the Murphy family next week. We just wait patiently for it. Now, we should settle Georgia first.”

“Daddy...”

Emma looked at her father surprisingly.

“What should we do now? I think the Simpson family must spy on us carefully.”

Emma asked confusingly.

“Robert and Georgia have met Julie, right? You bring Julie to meet Robert’s mother and ask her to tell the truth. Maisie will understand that Georgia lies again. Then, you tell Maisie about the matter of Chester to make her think that Georgia is the murderer. What do you think Maisie will do next?”

Emma shone her eyes.

“Dad, you’re right. Let me settle it, I will do it right now!”

Emma drove towards Julie’s house.

That night, Emma brought Julie to Maisie's villa.

After Julie told Maisie that the woman she met at that time was Emma, Maisie darkened her face.

“Georgia keeps fooling Robert and me. I will not let her off this time!”

After saying the words, Emma responded too.

“Auntie, my brother is not related in this matter. He is just a bit wilful while he is indeed not the one driving at that time. He parked the car halfway and left. Georgia is the one driving, we all know that clearly but Georgia hates my father because he marries my mother. So, she plans the crime to my brother and wants the Simpson family to take revenge on our Lane family. With that, she can take revenge for her mother.”

Bang! Maisie threw the teacup heavily.

“Georgia!”

Maisie bit said every word furiously. Emma was satisfied, she kept on stirring up the trouble.

“Auntie, Georgia had escaped along with Travis that idiot recently. Travis is Georgia’s first love, he is an idiot now. They were kidnapped by Chester at the time but Chester died, I heard the police saying that there was only his corpse left when they brought Georgia to the spot.”

“It must be Georgia and Travis killing him. They have killed people, the police will not let her go. But I think Georgia will ask Travis to be the scapegoat because he is just an idiot. Then, Georgia can escape from her crime.”

After Emma said that, Maisie looked at Emma affectionately.

She showed an evil face, her eyes were dull.

“I know it, I will settle it. Emma, sorry for treating you unjustly.
