

《Do angels exist》

12 Not again

The next day my dad came to invite us for dinner , he came so far so Junnaid couldn't resist . He took me home in the evening , everyone acted very strange . Junnaid received a call from office so he had to go urgently. Mom served the food and gave me a different plate and told me that it was specially made for me . I was nervous , I took a bite it was really spicy . Mom stared at me angrily, Aisha said , "Mom has made it with lots of love you won't let her down right so finish it quickly ." Dad was watching silently as usual . I cant eat spicy food , but now I had to . Tears came out my eyes . I couldn't hold anymore , it was way too much spicy . Aisha stood up and initially spilled the juice on my clothes . I went to the bathroom to clean my dress . Mom came inside and tied my hand to the pipe . She turned on the shower and the tap broke . I was all wet . She locked the door I tried to untie my hands but I felt I didn't had any strength . The water was too cold . I left my phone outside . Junnaid called me a number of times . I knew it was him because there was a different ringtone . I couldn't answer his calls . I felt like fainting , there was darkness in front of my eyes.
