## 19 Their wedding

Days passed and Zaira was really happy with Junnaid . They didn't realise when the wedding day arrived . Zaira was getting ready and Junnaid hugged her .

" Don't be nervous I'll be there with you . "

She nodded and smiled . They reached the venue and her mom was waiting for them outside . She took Zaira inside in a hurry . Junnaid parked the car and came inside . Her mom took her to Aisha's room . Her dad was also there . They all warned her not to do anything wrong . She clenched her dress and nodded and then they all just ignored her . She came outside the room and Junnaid was standing in front . He heard everything , her eyes were filled with tears . He hugged her .

" Junnaid , My dad doesn't believes me , he hates me the most . I am really bad . "

He tried to calm her .

" Zaru calm down . You are not bad at all . There are misunderstandings between you and your father . It is not your fault . I am here for you . Just let the past go . He doesn't believes you it's his loss . You can't blame yourself for that . If he actually loved you and your mom , he won't bring a mistress home . Let them be where they are and let them pay for their deeds . "

"Wow "

" What did this wow meant ? "

" You are really talking like my mom . She also used to think deeply just like you and I won't understand a single word . "

" Stupid girl . "

" I'm not stupid . "

" oh you are . "

" No ."

" Ok fine you win and I can't win from the love of my life. "

He kissed her gently on cheek and she blushed again . He laughed .

" Look how red your face is ."

" It's all your fault ." The wedding ceremony began and Zaira was quite uncomfortable Junnaid hold her hand tightly . It felt really comfortable to her and she placed her head on his shoulder . He was smiling but she kept thinking why she did that . She felt warm and safe with him so she ignored all the questions . The wedding ceremony was long and she slept in between . He didn't wanted to disturb her and didn't woke her up . When the ceremony ended in the evening her mom came and said "Why don't you let her stay with us tonight ? "

" No thanks " he answered coldly . Her mom got scared and left . He carried Zaira gently to the car . He looked at her face and said , " princess I won't let anyone hurt you ."

Next morning Zaira was shocked to see her in her room . He was sitting beside her and working on his laptop .

" When did we return back? " " You slept in between so I took you back ."

"Ohh." She got ready for the college and was about to leave that his grandmother came to their house . She was shocked at first but greeted her immediately . He kept laughing....
