

《Do angels exist》

2 Who am I?

This question hurted me . I felt like I was worthless . My name is Zaira but people usually call me Zai. Aisha is my sister. My life is just like Cinderella , it's just that there is no Fairy God mother and no prince . My mother was the one I loved the most and she was the one who left me first . When my mom died dad married another women named Ruby and Aisha is her daughter . Ruby was actually the main reason for my mom's death but dad never believed it . Mom started suffering from depression when dad brought a mistress home . It was mom's last wish that dad should take care of me that's why I live with them even if I don't want to .

Aisha shaked me again and I came out of my thoughts and went back to my class . The school was over soon. As we reached the gate I saw Jake standing there . He is my 'so called' boyfriend. So called because I don't feel anything about him , its just a forced relationship caused by my dad so that I don't fall for anyone else. I am totally fed up of my life . I am just a puppet but what else can I do rather then obeying and doing as they say .
