"Brat , you got married recently and you stopped coming to us ." his grandma said holding his ear tightly .

"oww.. granny it hurts ."

"Its your fault , you got such a beautiful wife and you didn't even took her to meet us ."

" Sorry I was just a bit busy ."

When are you free even when you are , you still don't come to meet us . and now you wanted to marry a girl you came to us hurriedly . Whose grandson would be as selfish as you ? " Zaira was laughing seeing him helpless and being punished by someone.

"Really You forgot I come to you every Sunday. This week I had to attend a wedding ."

"Aunty he is telling the truth . We had to attend a wedding this weekend. " His grandma let go of his ear and came near Zaira and said , " Who is your aunty ? You are his wife right ? " Zaira nodded . She was a bit nervous .

" Then call me granny "

" ok ... granny."

" Good. " Now Junnaid started laughed . Zaira had to take a leave from college because granny asked them to go shopping with her . They went for shopping in a near by mall and granny bought a lot of things . " Granny don't you think we have bought way too much stuff " . " Can't I ? After all you didn't came to meet us this is your punishment and you have to pay for all this ." Zaira laughed and whispered to Junnaid , " Now I know why you have a habit of punishing others. " Junnaid pushed her and hold her waist tightly and whispered in her ear , " Zaru punishment is just for you not for anyone else ."

" We are in mall let me go ."

" What if I don't?" Zaira pushed him and rushed towards granny . " Zaira why is your face so red , are you ok" " nothing happened to her she is just blushing " Zaira forcefully smiled and showed an angry expression towards him . Junnaid held all the bags but there were too many Zaira helped him . Granny laughed looking at them and said

" He made a right decision marrying this girl , she always be by his side and support him ." Granny left first. They both came out but granny was already gone and there was a note on the car " Send all my stuff to home and come visit me next week "

" She left again "

" Now !! " Zaira was confused .

" Lets go home " They put the stuff in the car and were about to sit in car . Aisha and Jake came in front of them . Aisha said " Hello Zaira what a coincidence you are also shopping here . I also came here with my hubby . " Zaira was uncomfortable , Junnaid came to her and hold her hand tightly . He kissed her gently on cheek , she was shocked . He greeted them and asked to have dinner together . She was in a big shock .

" What are you up to? " she whispered.

" I just want to make them jealous baby ." He said in low voice but he was too close to her .

" one more shock " She thought . She fainted and fell in his arms ....
