

《Do angels exist》

37 Misunderstandings

He was shocked on seeing Anthony standing in front of him . He took Zaira to car and came back .

" What brought you here ?" Junnaid asked coldly .

" I was surprised on hearing that you got married ? Is it because you don't want to give the company to me ?"

" I'm not like you . I love her dearly that's the reason I got married ."

" Ohh I thought you are like your dad . The ones who makes other suffer to get power ." Junnaid got angry and grabbed his collar .

" You won't change right . You know that all you suffered in childhood were your own father's deeds . My dad didn't had anything to do with you ."

Anthony left in a hurry and was unhappy because Junnaid blamed his dad . Junnaid was frustrated and sat in the car . He hold his head . Zaira hold his hand .

" Don't take stress , his misunderstandings will be cleared someday and he will definitely regret at that time ."

" You didn't sleep ."

" Did you hear what I said ."

He turned to her .

" I did . Now answer my question ." " I was just pretending to be slept ."

" Why ?"

" Because of you I missed my lectures and didn't had dinner so I thought of punishing you ."

" How ?" He came close to her .

" By not talking to you and making you carry me ."

" Wow such a romantic punishment ."

" I hate you for teasing me ."

" And I love you . By the way did you hear what I said to Anthony ?"

" Yup . And now I know that we both are similar . The only difference is that you are strong but I am really weak ."

" You are not . You are actually very strong , cause I always kept avoiding them but you faced them daily ." She smiled and kept her her head on his shoulder .

" Ok now tell me what are we going to eat ?"

" Whatever you like my princess ." They actually were perfect for each other . They knew each other the best and cared for each other more than anything else but hesitate to express their love .
