" Isn't there anyone else ?" She asked .

" No they were appointed by the boss of company and I'm not that anymore ." he said in disappointment .

" Don't worry everything will be good ." She said playing with his hair .

" I'm not worried as long as I'm with you ." He said holding her hand .

" Stop flirting I wanna eat something ." she said .

" Fine then ." He carried her and took her to kitchen and made her sit on the table .

" Tell me what to do ." he said putting on the apron

" Wow what a plan ." She said praising him .

" You know I'm a genius ." He said proudly.

" Ok now start cooking ." He did as she said and the food was ready soon . He made his clothes dirty and there was flour on his face . She started laughing . " Your plan was a flop ."

" Even I can't believe it didn't work ." He said and couldn't believe that his food tasted that bad .

" Now let me eat ."

" You like me or your food ." He asked her .

" Obviously food ." She answered without any second thought .

" How cruel ." He said in disappointment .

" Cause I like food but I love you ." she explained . He hugged her tightly .

" Fine . I won't . After all I don't have anywhere to go ." He hugged her and said , " I won't let you go away from me ."
