

《Do angels exist》

62-63 Lier

" I did fell for Zaira at first sight and it was actually just lust . I wanted her to be mine so I investigated her and stalked her . Everything was planned . I followed you therefore I came to that cafe . My grandmother was also not real , I just paid an actor to act as my grandmother . My uncle that attack was also a part of my plan ." Junnaid said .

" Why ?" Zaira interrupted him . He stared at her cluelessly .

" Why did you lied to me ?" she said .

" sigh ...there were actually two reasons for my acts . First was your real father . He was actually my father's biggest enemy and my father died saving him but he never even helped our family once ." He said looking at Zaira .

" My dad was already very poor ." Zaira said .

" I know I wanted him to work for us but unfortunately he died early . Your mom was also dead so you were the only one left in his family so I used you as his substitute . I wanted you to fall for me and then I'll totally break you . My plan was almost successful but I fall for you and that was my biggest mistake . But I overcame it and loved someone wholeheartedly and that is my wife Kerin . I wanted you to beg me but you are stronger than my expectations that's why my whole plan failed ." He said and leaned back .

" You said you're Jay I..is that true ?" Zaira said and her hands were shaking as Jay was the most beautiful part of her life . Jay (real one) was shocked on hearing her question .

" Of course not . I didn't even know you then . I don't know who the hell met you in a cafe where you sang and wore a mask ." He said very easily but he didn't realise that those words hurt Zaira a lot . Her eyes filled with tears .

" I knew it ." Jay said excitedly .

" What ?" They all said .

" That you are Zoe the love of my life ." He said holding her hand .

" W..what do you mean ?" She said in a shock .

" I mean that I'm Jay , the guy you met seven years ago ." he said with his eyes sparkling .

" Swear that you are not lying ." She asked .

" I swear you know I was searching for you all these years and when I saw you on tv I come to this company just for you ." She started crying and he hugged her tightly .

" What an unexpected reunion !" Junnaid said looking at them .

" Shut up babe look they love each other dearly ." Karin told him .

" Zaira actually I'm sorry ." Junnaid said .

" Honestly you are the person I hate the most now but thank you cause it was because of you that we met and also you made me strong ." She said with a smile . He scratched the back of his neck .

" Also I want divorce ." She ordered .

" Ohh there's no need cause I didn't even sign the marriage contract ." he said and was guilty for all his lies . Zaira was angry but Jay held her hand tightly .

" This was the only good thing you did ." Jay teased him ...
