Chapter 171 I don't like lying women

A bar filled with decadence and loud music was the innermost part.

There was a man with a strong back, and there were two beautiful girls sitting by his side who was kneeling in front of him to beat his legs. On the sofa next to him, there were a few people.

There was a very conspicuous sign on the man's face, a centipede scar close to 10 cm long, which was more and more ferocious and terrifying under the colorful projection lamp, and a wild and complacent smile on his face, "Monkey has done a good job."

"Boss, why don't you just let Monkey send a bomb to kill that little girl?" His people did not understand and asked.

"You know nothing. I want him to understand that I am not a man to be trifled with."

Six-ear's hand was filled with the thick callus because of holding a gun for years. He was holding the woman in his arms, who showed a trace of pain.

"Oh, please be gentle." The noise stopped all of a sudden, a few men next to him were drinking, and they were looking at the woman who shouted.

Six-ears slightly lowered his head and looked at the woman's flattering expression, he asked, "You hurt?"

The woman was afraid and hesitated to look at the man who was smiling at her. Even the little girl in the bar knew how cruel he was. She did not dare to show her feeling. She tried to resist the possibility that her shoulder was about to be crushed. She shook her head and said, "No, it doesn't hurt."

Six-ears pinched her hard, his thick lip rose, "I don't like lying woman." The woman did not dare to shout. She endured the fear in her heart to beg for mercy, "Please forgive me, please."

“No, you are very sensible.” Six-ears raised his hand and patted her face that was full of tears, and said generously to his people, “This woman was rewarded to you, just have fun.”

“Thanks, boss.” As soon as they heard that there were women to play, their whistles were ringing one after another.

The women who served Six-ears were all the best.

Caroline heard Six-ear’s words, and looked at dozens of pairs of eager eyes, and her body was shaking with fear.

She quickly kneeled on the ground, grabbed her pants leg to beg, “Please forgive me, I know I’m wrong, please.”

If she was taken away by so many men, she would be hard to survive tonight.

Six-ears kicked Caroline away, and his eyes were full of anger, “Didn’t you hear what I said? Don’t be shameless.” Caroline was choking with pain in her chest.

Others saw that Six-ears was angry, they hastily looked at each other, someone went up to drag down Caroline.

“Boss, it’s unnecessary to be angry about a woman. They’re all rotten goods. When new ones come tomorrow, I’ll choose a sensible and obedient one for you.”

“Yes, it’s just a woman. If you’re not happy with her, I will drag her out.” The rest of the women who stayed beside Six-ears saw Caroline’s end, they trembled with fear and lowered their head a little.

Six-ears did not answer, he reached out to pinch another woman’s chin, asked, “Are you afraid?”

In the fierce eyes of Six-ears, the slender woman’s body quivered for a moment. She was trying to suppress the fear in her heart, and looked back at him, and answered honestly, “Yes.”

Six-ears was staring at her eyes, as if through he was looking at another woman, for a long time, he loosened the woman's smooth chin, and showed a wild smile, "Ha-ha, well, don't worry, I will take good care of you."

"Thank you." The woman knew that she had saved her life, but also dared not take it lightly.

Six-ears stroked the woman's smooth shoulder, said with patience, "What's your name?"

"Rebecca." Women like them didn't have their own names at all. If the guests were happy, they could call her Rebecca today. If they were not happy, what was the difference between her and cats and dogs?

"Well, as long as you follow me, I won't treat you badly." Rebecca closed her eyes, and was ready to be played by him at will.

A few men next to him looked at the amorous scene, all burst into vulgar laughter.

Six-ears pinched her a few times and let go, he did not carry on the next step, and he said to the front of the man, "Sad dog, where is Monkey?"

The man, who was called Sad dog, was stunned. He looked around and didn't see Monkey. "It seems that Monkey just took a woman to the toilet."

"Monkey. He is so eager." Someone said with obscenity.

"Yeah. Monkey likes it."

Six-ears today seemed to be in a good mood and did not care about it, "How long he has left?"

"For about an hour." He couldn't remember.

Six-ear's eyes changed, "Go to find him back." "Boss, do you want to call some people?" Looking at Six-ears, he also asked seriously.

"No, find him back first." Six-ears just had a little doubt, but he was not sure, and this was his territory, he should not dare to come in a flagrant way.

“Ok.” Sad dog nodded to the young man next to him, and the young man understood and went to the toilet.

“By the way, boss, William cared so much about that woman. Why didn’t you just arrest that woman, or find some man to sleep with her?”

Sad dog didn’t understand why Six-ears showed mercy to the woman who was his enemy’s.

Six-ears meaningfully said, “Your means have long been out of date, how can William give you the chance? It is better to rob his woman.”

And he had some interest in the woman who dared to glare at him.

“Since you’re interested, I’ll let that woman wash up and wait for you tonight.” Sad dog volunteered.

“I’m in no hurry, I’m very patient.” Compared with revenge, Six-ears enjoyed the process of torturing William.

Sad dog scratched his bare forehead and asked, “Boss, I still don’t understand.”

“Say it.”

“Since you’re interested in that woman, why send sulfuric acid to her? What if she’s disfigured?” Sad dog thought that the woman should be white and tender.

Hearing the word “sulfuric acid”, Rebecca trembled and leaned on Six-ears like a kitten. She was afraid that the next victim was herself.

The woman who was kneeling on the ground had been observing all these. She even did not dare to breathe.

Chapter 172 someone broke in

“Something’s wrong.” The man who was arranged to call the Monkey ran over in a panic.

Sad dog gave him a kick and said, “Say it quickly.”

The man knew that he said the wrong thing, and quickly said, “It’s my fault.”

“Tell me what’s going on.” Sad dog saw the glance of Six-ears and asked.

“Something’s wrong...” The man had not finished speaking.

There was a howl outside the door, and then two men who reported the news rushed in, “Someone broke in.”

Sad dog looked at Six-ears and his face was not good. He got up and grabbed the young man who was in a panic. He roared fiercely, “Who is that son of a bitch?”

The man pointed to the direction of the door, he was out of breath and said, “It’s Will... Will...”

“You’re a piece of shit.” Sad dog kicked him away.

The lively dance hall all quieted down, leaving only the deafening sound of DJ.

The crowd gave way to the middle road.

Let that strong and great figure slowly approach, all bad eyes took back in his icy momentum, and they were all backward.

William looked at Six-ears with cold eyes like a king who was arrogant. He said slowly, “I heard that you are looking for him?” He had just finished his words.

There was a sound of heavy objects landing on the ground. The man named Monkey was like a piece of soft mud and fell on the ground without a breath.

The atmosphere suddenly became tense.

“How dare you hurt him?” When he saw William, his eyes immediately turned red. He shook his fist at William’s face.

The corner of William’s mouth was slightly crooked, and he did not move. A figure flashed behind him. He easily took Sad dog’s fist and put his foot on his kneecap.

Sad dog was unable to notice, he knelt down in front of the man.

“You don’t have to pay this gift for the first time.” Grace said with a smile.

“Your mother fucker.” Sad dog’s face was red, he struggled to get up from the ground to fight with them.

Dozens of people around were also ready to rush on.

Six-ears, who had been sitting on the sofa without saying a word, pushed the woman away. He stood up, grabbed Sad dog, who wanted to come forward, and said with a fake smile, “Don’t be angry, little dog. Now it’s a society ruled by law. You know better than I do. Killing people is going to pay for their lives.”

Sad dog quickly understood the meaning of Six-ear’s words, “I think so.”

“I just don’t know what William means.”

Six-ears coldly looking at William’s indifferent face, he entered his territory with his people, and William thought nothing of him.

“Who said he’s dead, butcher.” Grace called out another man hiding in the shadow.

The man called butcher looked gentle, with a pair of black framed glasses on his high nose. The ordinary man walked to the comatose Monkey, without blinking his eyes, and directly stepped on the Monkey's hand.

In a moment, his hand was grinded.

Monkey, who looked like a dead dog just now, suddenly groaned in pain, "Ah! It's hurt." The butcher pushed his glasses habitually, and said without expression, "Look, he's not dead."

"William, what do you mean by hurting my people?" Six-ears stepped down and looked at William face to face. His eyes seemed to want to prick a few blood holes in William to vent his anger.

William did not change his face, and the chill on his body seemed to freeze everything around him. "I think you may not be satisfied with the last gift, so this time I will send it in person."

Six-ears remembered that last time William gave him a "gift", his calm expression could no longer be maintained, and his ferocious expression was fully revealed. William was still willing to mention this.

On that day, he just brought back a batch of goods from other provinces. Because of a group of people from the anti-drug unit on the way, his batch of goods was wasted.

If he hadn't carried it himself, he would have broken his cooperation with Mr. Shen. He had not settled with William. He would have dared to come to see him.

"William, if you dare to come today, you should make a good plan for not going back."

"Didn't you say that the society was ruled by law?" Grace added, "William, I want to sue him for personal threats."

William smiled and said, "OK."

Six-ear's face went black with rage, the flesh of his face was constantly shaking because of anger.

The Sad dog, who was kicked and made a fool of himself, said, "Boss, as long as you order, I will immediately start to teach this son of a bitch."

In the past, Six-ears had already cleaned up William by himself. However, he did not dare to rush out with a profound lesson from the last time. In addition, the aftermath of the last shipment was not over.

He could not make too much trouble in this city, he could only endure his anger and ask, "William, you hurt my people, no matter what, you should to give me an account."

William nodded and gave a look at the butcher next to him, "Bring the gift." The butcher nodded, took something from the man behind him, and threw it on the ground.

It was also a sealed package, which was twice as big as the one sent by Six-ears. No one dared to move this time.

Everyone knew that the package was very dangerous, and no one dared to go forward and dismantle it. They were sure it could kill people.

"Why, you dare not open it?" William said with a sneer, "Am I sincere enough?"

Six-ears made a look at Sad dog, the dog's face suddenly went bad, he kicked his nearest young man, ordered, "Go and open the package."

.." He didn't want to die yet.

The others followed with a sigh of relief.

"If you don't, I'll kill you now." Sad dog made a ferocious look.

The man looked at the dog's venomous eyes, his head shrank, clenched his teeth, and walked to the cardboard box on the ground. If it wasn't dangerous goods, he could still recover his life.

In addition to William and his party, other people were holding their breath and nervously looking at the trembling man's hand.

Six-ears looked at William's half smile expression, his face became more and more gloomy, and he began to yell, "Be quick. You don't want your hand?"

The man squatting on the ground did not dare to delay. He took out his small saber and opened the box. He did not dare to look at it. He screamed and rolled to the side.

Chapter 173 William's 'sincerity'

Others, seeing him like this, stepped back in fear.

Neither the expected explosion nor the danger occurred.

There it was, like cardboard boxes.

"You're such a rat. It's a shame for you." Grace shook his head in disgust.

Six-ears also felt embarrassed, he glared at them but did not say anything. He approached and had a look, there were drugs they lost last time.

His eyes changed and looked straight into William, "What do you mean, lawyer?" "That's the compensation you want." William said without expression.

Six-ears was not stupid, William couldn't be so kind to send the goods back. His eyes that was looking at William also became a little different, "William, if I remember correctly, you should be a lawyer, how do you get this batch of goods with those people?"

"It has nothing to do with you." William's cold voice did not fluctuate.

Six-ears was so surprised in his heart but pretended to be indifferent, "Of course, it has nothing to do with me, but if others know that, I don't know how they will react."

This lawyer could make a foothold in this city, even if he was connected with Angie's family, he couldn't be able to transfer the anti-drug unit, unless he was not only a lawyer.

With such an idea, Six-ears looked at William more carefully. After two years' absence, William's growth was astonishing, and he was almost miraculous.

He didn't know what happened to William, but he must avenge, he just needed to be considered in the long run.

"Whatever." William burst into a smile with arrogance.

Then he said to several people nearby, "Let's go." Since he showed his 'sincerity', and there was no reason to stay for the play.

Grace followed with a smile, swaggering to leave with William.

Looking at the figure of William, Six-ears felt that things were not so simple. Suddenly, he seemed to think of something. He had a strange smile on his face, "William, wait a minute. I have a good thing to show you."

William stopped, and his sharp eyes squinted at him.

Six-ears didn't care. He waved to the sofa he had sat on. "Rebecca, come and meet our famous lawyer, William."

A thin and trembling figure came out of the shadow of the sofa, the woman's pale face was full of fear, and her smart eyes was filled with water.

Before she got to his side, Six-ears had hugged her in his arms, pinched her chin, and made her face clear in the light. He breathed in her ears frivolously and looked at William with cruel eyes.

“What do you think of my woman? Is it just like that beautiful little thing?”

Rebecca was a little surprised in her heart, she couldn't believe it and looked at that cold and proud handsome man. Does she really look like the “little thing” in the mouth of Six-ears?

Does she really look like his woman?

She didn't know why her heart suddenly quicken. If she was taken care of by such a macho man, she might not have to live such an inhuman life.

Inexplicably, she had hope in her heart. If the man in front of her was willing to stay with her, even if no one knew about them, she was willing to.

An invisible breath of oppression came out of William, with a burst of anger, like the flood that opened the floodgate, roared

toward Six-ears.

His cold dark eyes without any waves, “If you dare to touch her hair, I will break your hand. If you dare to touch her, I will let you die.”

The originally thin air became tenser, and the people on both sides became tense too.

They seemed to be waiting for the explosive order.

Six-ear's complacent smile was frozen in the air, and his eyes were full of fire. He had no doubt about William's gorgeous authenticity. He would fight with him for a woman regardless of his own situation.

When did William become so affectionate?

“William, why don't we settle our bad debts today?”

He began to regret not killing William to avoid future trouble.

However, Six-ears forgot that now he had been subject to William. Even if he wanted to kill William, it was extremely difficult.

“Later.” William was not interested in the small fish. His long line was not long enough. When the ‘big fish’ behind the Six-ears was hooked, he would find him to settle the matter.

Now he just asked for a little interest.

William nodded to Grace and the butcher. It was almost time.

They nodded.

This time, Six-ears didn’t stop William, because he knew he couldn’t stop him, but he couldn’t let it go. Waiting for people to leave, he threw the woman in his arms to the ground, “How would you like that man?”

“No! I didn’t. I only have you in my heart.” Rebecca reacted very fast, she immediately kneeled on the ground but dared not beg for mercy, her two hands gripped tightly on the leg, and she felt a sense of speechless fear and envy in her heart.

She envied the woman in that man’s mouth. How would that woman be so lucky to get the favor of that cold handsome man? He even turned against Six-ears for that woman.

Six-ears sneered. Although he could not see the woman’s expression at the moment, he also knew what she thought in her heart. It’s real that the actor is merciless, the whore is unjust, but this woman’s eyes were a bit like hers, she might have some use.

Suddenly, he said with deep heart, “If you want to climb out of this fire pit, I will see if you can seize the opportunity.” “I’ll listen to your arrangement.” Her eyes were slightly tight, her tone was humbler.

“Ha-ha. It seems my advice is not in vain. Take a good rest and wait for my news.” Six-ears gave a wanton smile.

William, don't you like that woman? He would give one more, and he just didn't know if he could enjoy these women.

Rebecca nodded and carefully left from the back door. She knew that Six-ears only gave her a chance, a chance to climb out of purgatory and return to the world, and it could also be a doomed ending.

Anyway, this was her only chance.

"Boss, why did you let William go?" Sad dog was very unwilling, they had so many helpers, as long as he ordered, they could kill him.

"You fool. William will not come if he is not prepared. You can't even beat the men around him, not to mention the ambush outside." If it wasn't for the news of Mr. Shen's informer, he would have almost killed William.

Chapter 174 A scapegoat

"Monkey was hurt in vain." Sad dog felt extremely oppressed. He used to be a small leader. Although he was not as good as he was then, he couldn't bear to be disgraced like this. How could he get on in the future?

"Look at the goods first." Six-ears didn't want to pay attention to the dog's grievance. He still didn't trust what William had sent.

He had to check it before he could feel at ease.

There was a little excitement on his face when he said about the goods. They were of high quality. He felt sorry for the goods first. Then some people had sent them back, which was William's insight.

He couldn't wait to take the knife from his man, he cut and opened the sealing bag, and then he pointed a little on the powder with his little finger. He put it on his nose and took a deep puff. He immediately showed an exciting expression.

He put up his thumb towards Six-ears and said excitedly, "Boss, it is our goods."

When he heard the answer he wanted to hear, he finally showed a comfortable smile on his gloomy face, "Well, I'll let someone at night to deal with it."

"Yes." That's a lot of money, enough for them to spend a long time.

As soon as Six-ears said this, everyone roared with excitement.

"It's good to follow our boss."

"Great. We'll all hang out with him in the future."

Outside the door, in a low-key seven seater business car, the butcher took a look at the delicate wristwatch on his wrist and said in a rigid voice, "Time's up."

"Well, let's go." William knocked on the window glass.

The driver in front of him stepped on the gas pedal.

Grace put his two hands in the back of his head, said lazily, "I hope Six-ears will like this gift." William's deep dark eyes looked at the front, the corner of his mouth was suffused with a cruel cold meaning. He will like it.

Less than three minutes, there was a panic in the bar, "The cop!"

"What?" Six-ears just sat down and stood up from the chair. After thinking of what William had sent, his face changed dramatically, "Hide the goods quickly."

"Boss, it's too late. They are coming in." Sad dag looked pale at the police with guns in their hands.

Six-ears was so angry that his eyes seemed about to pop out, he wanted to break William into pieces. It was his carelessness to let William go.

“Boss, what should we do? There’re so many drugs. Now things are not as simple as being sent in the prison. We will all be sentenced to death.” Sad dog’s hand had begun to shake.

He didn’t want to go to jail, he didn’t want to die. He hadn’t lived enough.

Other younger men’s faces were also very bad, if Six-ears was not here, it was estimated that they would have been in a mess.

Six-ears looked at Monkey, who just woke up. A trace of sympathy flashed in his heart. Then he called Monkey over as if he had made some kind of decision, “Monkey, come here.”

He winked at the Sad dog in the direction that Monkey couldn’t see.

Sad dog was stunned for a moment, and his whole body was shocked. He already understood the meaning of Six-ears, and his eyes were red and his eyes were turned away.

“What’s the matter, boss?” One of the legs of Monkey was broken off when he came, and he could only limp over.

Six-ears patted on Monkey’s shoulder with his powerful big hand, pulled his head against his forehead, said cruelly and decisively, “Monkey, I will help you take care of your family.”

“Boss, what are you talking about? I don’t understand.” Monkey got flurried. He didn’t believe that Six-ears could really make him a goat. He had hung out with him for so many years, should he end up like this?

Six-ears did not speak. He took the dagger from Sad dog. He directly covered Monkey’s mouth with his big hand. He didn’t let him make a sound and stabbed his belly with a knife for several times. His eyes looked at the dark bar. He was cruel and terrible, “I’m sorry. I will avenge you.”

Then he slowly put Monkey on the ground.

His movement seemed to last for a long time, but only for a few minutes. In addition to the dark light in the bar, no one could see it except for Sad dog.

At this time, the police also came in, looking at the vicious group of thugs around, said to Six-ears, "Six-ears, why do you always make trouble?"

"Detective, they are just playing." Six-ears showed a funny expression.

"Don't talk nonsense. I heard someone report that you have a batch of stolen evidence. Hand it in as soon as possible, or I'll find it out myself." The policeman ignored his words.

Six-ears originally wanted to hand over Monkey and leave the goods. It seemed that it was really a loss of both man and goods.

He was so angry that his black teeth almost broke. It's the damned cunning William who set such a big trap for him.

He had to deal with him again, he took a look at Sad dog, and let him to take the things.

Sad dog did not dare to delay. He took out a heavy envelope from the back cabinet and gave it to Six-ears.

This was a special thing to deal with Detective Calvin.

Six-ears directly put it in the arms of Calvin and said, "Detective, you know, we are good friends, it is better to ignore it."

Calvin was willing to accept this benefit in the past, this time the chief order them not to take bribes. He did not dare to make fun of his job. He said with righteous words, "Six-ears, how do you think of me? This time, we must do my business."

Six-ears understood what Calvin meant, he knew that today he fell, in the hands of William, he was about to spit blood.

But he had to bear it, he let someone take out the goods, and still put the envelope back, said, "Detective, the goods you want, and the criminal are here."

Calvin did not receive immediately, he stretched out his feet to kick Monkey, who had no signs of life, he asked, "How can I take a dead person back?"

Six-ears was a little angry in the heart, he knew the meaning of Calvin's words, and let Sad dog take out another envelope to put in Calvin's hands, he said, "The criminal is to fear guilt and commit suicide."

Calvin used his hand to weigh the envelope in his hands. Only then did he show a satisfied smile on his face. He also pretended to be very embarrassed and said, "It's not that I don't help you, it's the chief who gave death orders to punish you. You should also be able to understand my difficulties."

"Yes." Although Calvin received the money, he still revealed a useful information. This time, the power of the person he wanted to deal with was greater than that of Calvin. How could he not receive the news? William knew such a powerful person.

He asked in a low voice, "Can you give me a clue? Are you helping Angie's family?" He also asked the Sad dog to take money.

This time, Calvin directly refused, he shook his head and said, "Six-ears, I don't want to hide it from you. I can do as many things as I charge you. I understand the truth that I can't bite more than I can digest. Don't ask me to do what I can't do. I can only say that the person who want to deal with you are powerful than you thought."

Six-ear's face changed suddenly. Who was more powerful than Angie's family?

Not waiting for him to ask, Calvin had let them take the drugs and Monkey away, and the squad left in a big way.

Chapter 175 The Shining

When the others were gone, Sad dog could not help but ask aloud, "Boss, I will avenge Monkey myself." "William can even ask Calvin to come here. Do you really think you can avenge?" Six-ears gave him a slap without thinking.

Sad didn't felt hurt, but roared with his red eyes, "What about Monkey? Did he die in vain?"

“Don’t worry, I won’t let the monkey die in vain. I will ask for what William owes us with interest.” William couldn’t be more powerful than Mr. Shen. There was a strange light in his eyes.

Hearing this, Sad dog felt better, “Boss, what should we do next? Calvin, that bastard, just get the money and doesn’t do anything. And Monkey is also taken away.”

“I’ll deal with it. You can send some money to Monkey’s family.” Six-ears was tired and pinched his temple. It was ok to lose a batch of goods. What he really feared was that he had money and had no one to send, which was really desperate.

Killing Monkey was like breaking his right arm.

The road of revenge was not as simple as he thought, but the more so, he would have William in agony.

Sad dog nodded, Monkey had been with him for more than ten years, but he didn’t thought that Six-ears would kill Monkey. Is it possible that he would end up like this in the future?

His heart suddenly burst into a shiver.

His shoulder suddenly was patted, Sad dog looked up with some confusion, “Boss?” “Are you blaming me for being cruel, little dog?”

Six-ears saw a flash of panic from his eyes, he had been clear, “Dog, you and Monkey follow me for the longest time, I treat you as my own hands and feet, you also see that Monkey’s leg was hurt at that time, his leg is equivalent to useless, if no one died, we will die.”

“Do you want to die?” The last sentence was like a huge stone crushing the guilt of Sad dog. He said seriously, “Boss, I don’t want to die, I want to live.”

Six-ears clapped him on the shoulder and said, “I understand. Don’t worry. If you want to go, I won’t stop you. If you want to follow me, as long as I am alive, I won’t starve my people.”

“Boss, you don’t have to say that, you are my boss all my life.” Although Sad dog said so, he still thought of the knife that Six-ears stabbed at Monkey without hesitation. The sharp knife made him feel very cold now.

Take them as hands and feet? Who will cut off his own hands and feet without hesitation? That must be very cruel, but they were living a knife edge life.

“Take a rest and relax for a while. I’ll call you if you have any work.” He needed a little time to accept.

Sad dog did not refuse and nodded.

This was a happy beginning, but it was the result of bad end. Six-ears let them go directly. And he was thinking about how to meet Mr. Shen.

William’s side, it was quiet and abnormal in the car.

After holding back for a long time, Grace still asked, “Did you feel that the woman in the arms of Six-ears is a little like...” “No.” William did not wait for Grace to finish and denied directly.

Grace muttered, “They look very alike.”

He didn’t know where Six-ears found that woman. She looked really like Vivian. They didn’t have similar facial features, but their eyes looked alike. If someone was familiar with them, his could still distinguish them at one glance.

Anyway, not everyone could make William angry.

Butcher did not understand, he did not ask and did not speak, only when facing James would he become a little different.

When the three of them returned to Selina’s apartment, it was already empty.

William’s face did not change much in six ears. Now he saw the empty room, his eyes narrowed slightly, and his deep and dangerous voice said, “James!”

“Call James quickly to find out where he’s taken them.” Grace’s face was not very good, thinking of James, he was really worried about his woman.

Although his honey was bad enough to make his heart itchy, it didn’t mean he wanted her to get worse.

Butcher Joe calmly took out his mobile phone from his pocket and dialed the phone. After a while, the phone was connected, and there was a burst of music.

When they listened to the loud music, blue veins stood out on their temples.

“Where are you, Little Red Hat?” When talking to James, Joe’s eyes became gentle.

“Don’t call me Little Red Hat, I’m in Shining. What? Are you interested too?” James had a loud voice. Loud enough for all three of them to hear.

Joe took a look at the two men in front of him and made a direct conclusion, “Little Red Hat, you are dead.”

It seemed that there was no problem with the Shining, but it could make the two men’s unchanged faces collapse.

Not a good place for women, at least.

The Shining was where those lonely women wanted to go.

There were women, the biggest feature was that the men there who were good at taking off people’s clothes!

“Don’t stop me.” William left a word and went downstairs.

Grace also patted Joe's shoulder and followed him angrily, "This time, James does the wrong thing. Don't say anything else." Joe shrugged and followed him, as long as he didn't look for a man.

Knowing where James took them, Vivian felt uncomfortable.

However, Selina was excited about it. She had seen this kind of scene, and she was like a fish in water.

In the big box, the flashing high chandeliers only shone on the handsome men standing in front of them, "fat and thin".

Fortunately, the design of the person in charge here was very considerate. If the guests sat on the sofa, no one could see it if they didn't turn on the lights inside.

Next to her stood a charming old "bitch", holding an orchid finger and introducing with relish, "You're are coming at the right time.

They are all new handsome men in our shop. Literary youth, young cute boy, young brother, fitness coach, we have any kinds you want."

The old mother covered his mouth and giggled.

"Well, I didn't cheat you. It's very interesting here. Its OK to choose a few. I'm in a good mood to treat you today." Grace didn't know that William had called the butcher with him this time, and he was elated to expose his landlord.

If he knew that William was also here, he would definitely have the heart to bite off his tongue.

"Vivi, which one do you like? I think the one next to me is good. He had six abdominal muscles. It must be very nice." Selina still preferred that strong man, which was just like the masculinity that a man should have.

Chapter 176 A fierce man cannot resist

Vivian secretly took a glance at the man Selina referred to. His figure looked good, but it was still a big difference compared with William. Unlike him, William's texture of every muscle was full of explosive force.

The man standing at the back had muscles. His looked very soft.

How could she think of him ...

"What are you looking at, Vivi? If you like him, I can give it to you." Selina said with a bad grin.

"No, I don't like it." Vivian quickly shook her head.

James had already held two women around to play. Seeing the two of them hesitating, he directly pointed out four men to come over, "You guys, all come to me, and other people can leave now."

Seeing James pointed four men, the sexy man suddenly laughed like a terrible cannibal, "This gentleman has a good taste.

These four men are the most popular and hot men in our shop. I can't hold it."

"What the fuck? You are the most ugly. Get out of my room." James saw the powder on the sexy man's face fall to the ground, he almost vomited.

"Don't be angry, sir. I'll go at once, and I won't disturb you." The sexy man also wanted to show a "dissolute" smile, after he met James's fierce eyes, he had to reluctantly leave with a few remaining men.

Before leaving, he didn't forget to wink at James.

James stood up and scolded, "I like women, women, understand? I am not a gay. "

The box suddenly fell into a strange silence.

James coughed a few times, as if nothing happened, he continued to touch the woman around.

“James, why are you so excited? Someone thought you were trying to cover up the whole thing.” Selina said jokingly.

Vivian nodded in agreement. She also felt that James had overreacted, which was more like that. In addition to the picture of William and James she thought last time, she was excited and about to fly.

Is James really a bottom? Does William know whether they have made some strange sparks?

What is ‘Birds of a feather flock together’?

It was not unreasonable for Vivian and Selina to be friends. They both thought the same thing. However, William was replaced by Grace and his eyes were shining.

James suddenly turned back and looked at two pairs of dark, glowing eyes. He felt flustered and roared at the four men, “You four wood, why don’t you sit next to them?”

The two women looked at himself with strange eyes.

The four men thought they were serving old and ugly fat women. When they got closer, they realized that the two women were not only beautiful, but also had their own temperament. Even if they didn’t need money, they were willing to serve them.

They originally wore masks of hypocrisy, but now they showed happy smiles in the bottom of their heart.

Accompanied by Selina were a young cute man and a literary youth. The two men sitting next to Vivian were strong men.

“I protest. Why are they two bean sprouts? Exchange one with me, Vivi.”

“Take them all.” Vivian couldn’t go because the men sitting next to her, so she said quickly.

“Little boy, go and play with that sister.” Selina let that young cute boy go there.

“Well.” The little young boy had a sweet smile on his face.

“Good boy.” Selina said with a smile.

“I don’t need you to accompany me. Anyway, that person will pay, you can play at will.”

“Sister, you don’t like us.” The little young boy said with a pathetic expression.

“Do you think I’m not strong enough?” The fierce man was shaking his chest muscles.

Vivian kept leaning back, narrowing her sense of existence, “No, I just go here with them.” She should not have listen to James. How nice to stay at home!

“That’s all right, relax, Vivi. They don’t bite people, how lovely!” Selina also touched the chin of the fierce man to set an example to Vivian.

Another literary man also said, “Beautiful lady, don’t you like me?” “How is that? I like you all, ha-ha.” Selina laughed like a goblin.

The two men beside him were stunned.

Vivian could only helplessly shake her head. If Grace saw it, she didn’t know what he would do. Fortunately, she was single, and she didn’t have to worry about so much.

Well, it’s good.

James winked at the two men around Vivian.

The two men nodded clearly. The little cute boy took up the wine on the table and put it on Vivian's mouth. With a lovely and naive look, he said, "Sister, I'll feed you to drink."

"Well, I don't drink." Vivian didn't dare to drink. She had suffered twice in William, so she still remembered that. She would not drink if she was not good at drinking.

"I'll be sad if you don't drink." The little young boy was about to cry.

Vivian showed a sweat face, how can a man cry? He was unlike that cold hearted man at all.

Well. How did she think of that asshole again?

James looked at her and chuckled. If William, the old fox, knew that her woman had learned to embrace the men beside her, his face would be very wonderful.

Huh, just because the two of them left him here.

Then he kindly took their women out to have fun to see how generous he was.

"James, drink my wine, too."

"And mine." Another plump woman got close to him.

James looked at the 'big rabbit' in front of him. He had no feelings in his heart. No, no, it must be an illusion. It's a sequela. Yes, it must be a damned sequela.

It seemed that in order to escape the reality in his heart, James laughed like a dissolute man, holding one in his arms, laughing and drinking the wine.

"Sister, do you still want to refuse me?" The young cute boy let his own tender soft lips touch Vivian.

The strong man was proud of his muscles, "My beauty, it's boring if you don't drink, this wine is not high."

“Well, I still have a wound on my hand, so I’d better not drink.” Vivian suddenly congratulated herself on the injury, so that they could not force her to drink.

The little young boy and the fierce man looked at each other, and immediately understood the meaning of the struggle in each other’s eyes. They might not be able to find such a beautiful woman with money. Today, he must try to win her favor.

She can’t drink? No problem. When they went to work, they had been specially trained to deal with it.

“Why not eat some fruit?” The reaction of the boy was the fastest, he kept half a banana in the mouth and approached Vivian.

Chapter 177 Eating banana

Before the little young boy got close to Vivian, he found that Vivian’s eyes were staring at the direction of the door.

He only felt a sudden light, his whole person fell on the ground, and the banana in his mouth also broke half.

The fierce man sitting next to Vivian also got up from the sofa cautiously and left the dangerous place.

Because of William’s tall figure in the box, the oxygen in the air seemed to be emptied at once, and the atmosphere became stiff.

No one expected William would come here.

Vivian’s heart was shaking. She asked for help and took a look at Selina. Selina was no better than her. Grace pointed to the four men in different styles sat beside her with a penetrating smile on his face.

“It’s funny.” “That’s misunderstanding, right, Vivi?” Selina was thinking to reach out and pull Vivian over.

Vivian also wanted to sit with Selina. Before reaching out, she felt that the soft sofa beside her had sunk for a while. The man with a cool look sat beside her, separating the two people from each other.

It made her have a kind of illusion, Selina and she were Cowherd and Weaver girl meeting on the magpie bridge, and they were separated by the Queen Mother mercilessly.

William was playing the role of a villain.

Grace's arm was put the sofa, from the eyes of the outsider, he was just like holding Selina, and he asked casually, "Is he stronger than me? Is he more handsome than me? The wild flowers are no more fragrant than family flowers."

"It's none of your business. They're really strong." Selina was not afraid of death conviction.

Vivian saw Selina's bravery without fear, and suddenly a burst of courage rose in her heart. She put all her thought behind her and asked calmly, "How did you come?"

"To see you eat bananas."

William's cold and low voice accentuated the words "eat bananas". When it fell in Vivian's ear, it was like an atomic bomb explosion, which dissipated all her courage. When she saw that little young boy still had a banana in his mouth, her face was even redder.

She must have heard it wrong. William could not have meant that, but Vivian's thoughts could not be extracted from the indescribable picture.

Oh, she was going to spray nosebleed. The cute boy were very hot to William. She's going to be a rotten girl.

William's intoxicating voice was deliberately lowered to the lowest level. With a voice that only two people can hear, William slowly breathed in her ear, "If you want to try, I don't mind going back to feed you at night."

What? How much public food should she paid?

Vivian felt that she must be crazy. Otherwise, how could she associate that picture with William's words? She did not dare to turn her voice up, she lowered her voice and growled, "William, what are you talking about?"

Who's going to be fed, motherfucker!

William's cold fingertips seemed to inadvertently point her red hot cheek, and asked playfully, "I'm talking nonsense. You have a fever."

Vivian's body trembled, her small hands nervously grasped her thigh skirt, and she denied with a red face, "Here box is too

stuff."

"Go back and I'll deal with it." William's deep eyes were like the tranquility before the storm. She dared to go to such a place and chose two men to accompany her.

She was so brave that he would clap for her.

Vivian pretended to be stupid and said honestly, "I don't know he brought us here. These two people are not my orders." She swore she had no time to do anything and they came here.

"You didn't refuse." William's voice was a little stiff, as long as he thought of the picture he saw just now, the anger just suppressed turned up again.

Vivian was embarrassed. She lifted her plaster hand and said, "You see, my hand is hurt. How can I refuse then? Do you want me to stun them with plaster?"

William's eyes went dark. He glanced at her "real" expression, and said, "The men outside are not clean." "Huh?" What's that mean? Are the men at home clean? But there are no other men in her home.

No, it seemed that there was one occasionally. Vivian shook her head violently. What is she thinking? How can a cold man like William mean this?

But on second thought, William's words were not unreasonable. In case of AIDS, syphilis and other sexually transmitted diseases, if she accidentally won 'the prize', she would die.

And it didn't have to be spread by making love. There were other ways.

Thinking about this, Vivian felt creepy. She was considering whether to go to the hospital to make an appointment for a comprehensive examination. Forget it, don't go out to bring disgrace for herself, if she was seen by acquaintances, she would be embarrassed.

Vivian had forgotten that James wouldn't brought them to poor places. These men were required to work with certificates, and they had to check their health status regularly every year.

William was very satisfied with Vivian's expression of regret, but it didn't mean he wouldn't be angry.

The initiator of evil, James, looked at two pairs of bad eyes. Oh, no, there was another pair. It was a gentle scum around him. He drove away the two big cows in his arms, and he was hated by others.

He lowered his voice and asked, "Joe, do you want to kill me? How can you get these two gods to me?"

"You are not good." Grace pushed the spectacle frame on the bridge of his nose, and a smile flashed in his gloomy eyes behind the lens.

"Well, I haven't settled with you about the last recording. Can you stop being so haunted?" James's face flushed with anger. In order to avoid this guy, he escaped from his old nest and he still chased after him.

Is he going to kill him? "Little Red Hat..." A soft warning of displeasure.

“Didn’t I tell you to shut up? Could you just explode or disappear?” James didn’t understand what he said. He looked at William with a pair of eyes on guard. It seemed that as long as there was a little wind, he would immediately ran away.

Joe stood up calmly from the sofa. In James’s surprised and inexplicable eyes, James was sandwiched under his shoulder and Joe said to the other two people, “This is my debt to you. I will educate him well when I go back.”

“Joe, are you crazy? Put it down for me. I’m not a sandbag.” James grabbed Joe’s hand and pushed and scratched, and also kicked him.

He was crazier than a shrew.

Vivian and Selina were shocked.

“On your account.” Grace smiled and nodded.

Chapter 178 I’m not a gay

William seemed to have been used to this picture. He nodded without changing his face and reluctantly agreed with Joe’s idea.

Vivian could also hear James’s roar from the depths of his soul before he left.

“Did I dig your ancestral grave? You want to cut off my family line? I am not a gay, OK? Get out of here.”

“Don’t worry, your family line can’t be broken. Your brother already has a son.” Joe answered calmly.

Slowly, the two voices were isolated in the heavy compartment door.

Selina first responded, she coughed and asked, “I still have something else to do.”

“Selina, wait, I’ll go with you.” Vivian didn’t expect that James was really a bottom. However, it was not the time to think about it, she immediately stood up when she saw that she wanted to go.

“No, I’ll just go by myself. Vivi, you can play here for a while.” A beautiful man was precious, and friendship was more valuable. If one wants to live, you can throw both of them away. Selina directly decided to leave Vivian behind and escape first.

Looking at Selina’s lack of loyalty, Vivian was anxious and afraid. Fortunately, she was not alone.

Selina had not yet taken a step, Grace directly put her on his shoulder and said, “William, I’ll go first. Don’t look for me if you have something.”

William said yes.

“Grace, you are going to die. Let me go! Or I’ll fork your whole family!” Selina’s charming voice had changed.

Grace just patted her round buttocks, and the woman on his shoulder seemed to be frozen by him. Taking advantage of this time, he directly carried her away.

She really thought him a good tempered man?

Vivian had not put down her expression of chuckling at Selina, the man’s low voice had been slowly passed over, “Is it funny?”

“No, it’s not funny. William, I remember that I have to change my medicine. I’ll go back first.” Vivian suddenly found that only she and William were left in the box, and she did not know when the four men left.

Dim light, in addition to the quiet space, mixed with a little ambiguous atmosphere, spread between two people around.

Vivian swallowed her saliva, and she moved a little.

“Have a fruit.”

Vivian saw the fruit that William handed over, and her stargazed eyes were the biggest. She almost called out, "I don't eat bananas. Thank you!"

In fact, she just waved her hand and said, "I'm not hungry." William's dark pupil eyes quietly looked at her, his thin lips slightly opened, "I didn't say you can refuse it." He was so dominant and unreasonable. William could take his erotic words for granted.

Vivian was depressed and did not dare to resist. She bowed her head in front of the evil and angrily took over the banana in William's hands. In front of him, she peeled the banana with anger.

Showing two rows of neat white teeth, she took off a large section of banana, it was full of bananas in her mouth. Her complaint became a nondescript sentence when she said it out of her mouth.

William watched Vivian's small red mouth wriggle under the warm light, and his deep eyes were dotted with dots. Instead of making further moves, William got up and said in a low voice, "Go back."

"Well." Vivian ate half of the banana and ate it completely. It was shameful to waste food.

All the way back, Vivian thought that William had something important to deal with. She held on to her seat belt tightly and said nervously, "William, if you have something to do, I can take a taxi back."

He was urgent, but not busy with other things.

When William stopped the car at the door of the high-end residential area, Vivian pulled the car and couldn't go down, "William, aren't you sending me back? I'm going to find Selina now."

What was it mean to send her to his place? William raised his good-looking eyebrow, "Are you sure you are fit to go back now?"

Vivian was a little embarrassed. It seemed that it was not suitable. In case someone saw something, everyone would be embarrassed, but why did she feel that something's wrong?

William could not allow her to think more about it. He walked in the direction of the elevator.

Vivian hesitated in the car for less than five seconds. She untied her seat belt and followed William's steps. She told herself, well, wait until the evening, and go back.

Looking at William, she thought he didn't seem to want to stay longer. He might have a lot of things to deal with in his office.

William, who was walking in front of her, smiled. The fish took the bait easily.

Two people went into the apartment one after another, William also did not pay attention to her, and he took off his coat hanging on the hanger, and went back to the bedroom.

Vivian couldn't follow in. Sitting on the sofa, she felt uncomfortable all over. She wanted to tell William that she could go back to her small apartment. She thought about the disgusting things last time, and dared not go back alone.

After waiting for five minutes, there was no movement in the bedroom.

She waited patiently for another ten minutes, but William still didn't mean to ask for anything. Isn't he in an emergency?

Vivian still couldn't sit still. She glanced in the direction of the bedroom and found that the door of the bedroom was hidden.

William turned on the light, and it was dark inside.

Doesn't he open the window in daylight? What is he doing in there?

She didn't know whether it's out of curiosity or other unknown reasons. Vivian slowly approached William's bedroom. She told herself that she just went to ask whether William wanted to go out. She had absolutely no other ideas.

She first whispered a few times, “William, William, William, are you inside?”

After waiting for a while, no one answered. Vivian knocked on her head. She looked at William’s entrance, but no one answered.

Was her voice too low?

Hesitating for a while, she still stretched out her hand and pushed the door open. She didn’t know why her hands were still sweating.

Maybe the temperature was too high today.

“William ...”

The door of the bedroom was suddenly opened from inside. Vivian did not pay attention to it for a moment. She directly bumped into a wall with hard meat. Her white and tender face was pasted on his chest with water trace.

She could clearly hear a steady and powerful heartbeat coming from her chest, and the tip of her nose smelt the fragrance of the man after bathing, which was not pungent, but her favorite shower gel flavor.

When she thought of the shower gel, Vivian was burning like a fire. No wonder William didn’t answer. He was taking a bath.

She unconsciously lowered her sight, fortunately, he also had a bath towel.

Vivian wanted to stand still, but the more anxious she was, the more confused she was. What’s more, she was a ‘one armed swordsman’.

It was better to say that William was in “sexual harassment”.

Chapter 179 No worries about debts

“Is it enough?” William had a cleaning habit. He hadn’t taken a bath since he came back from Six-ears. He just came out and saw her looking like a thief. Now she was lying on his chest and fumbling.

“Who touched you? Didn’t you see that I couldn’t stand still?” Vivian still wanted to be angry. Who would take a bath when he had nothing to do in the daytime? And there was no sound at all.

Finally, she stood still. Before she opened her mouth, she looked up to the man’s bright eyes. She swallowed unconsciously. A warning rang out in her mind, and her intuition told her to leave quickly.

But her feet was like roots and she couldn’t move.

The tall and straight figure of the man had been coming in, “Are you hungry?” Vivian frowned and said, “No.”

A line of big red characters came up in her mind, “Eat a big banana.”

She knew that she had degenerated like Selina. At this critical moment, Vivian turned around without hesitation and chose to apply oil on the soles of her feet.

Someone was faster than her and understood her ideas, a long arm caught her in the wide arms easily.

William’s deep, hoarse voice hit her head like thunder, “You want to run.”

It was too late.

The thin clothes on Vivian’s body was tightly fitted on this man’s elastic skin, the water droplets on his body further permeated her clothes, mixing his domineering breath, like a fire beating her body and mind.

“William, let me go.” “Who’s spying on me just now?” There was no reason not to eat delivery of delicious free food.

Vivian rolled her eyes at his arm on her chest, she said, “I called you, but you did not hear, and how do I know whether you are in the bath.”

She struggled to get rid of him, but her strength was like an ant shaking a tree.

Vivian suddenly felt that something had fallen on the ground and subconsciously looked down. She not only did not get herself out, but also...

Her voice rose to a new height, "Ah — William!!!"

William's hoarse voice tighten, "Vivian, you are absolutely on purpose."

"I was wrong. I didn't mean to." Vivian was about to cry without tears. It was really unjust to her. Who let him grasp herself? William was holding a small soft woman, and a smile ran through his deep dark eyes.

"Be gentle..."

Why was he like a beast every time?

"I'm gonna die..."

"Good."

The little thing was so greedy that he was going to be crazy by her.

Only sound for love was left in the dark room.

Vivian had already fallen into William's arms, leaving him to touch.

Before fainting, Vivian vaguely saw the tenderness in the deepest part of William's eyes. She should be wrong.

How could William have such a gentle look?

William had no choice but to take a look at the little woman who had fainted. He could only finish it hastily. He carried her back to the bathroom, and washed his body casually, wiped the person clean and put it back on the bed.

Every time she was tired when he was excited, it seemed that she needed to exercise regularly.

The madness in the evening led to Vivian's tired sleep until the next afternoon, and the man beside her were already left.

Vivian was so tired that she didn't even want to move a finger. She was covered with a thin quilt full of masculinity. No matter where she went, William's unique and clear taste lingered around her, which made her unable to avoid.

Thinking of the hot picture yesterday, Vivian howled. How could she think William would not be angry? He was definitely premeditated!!

Every time, she couldn't avoid it. Now, for Vivian, it's like no worries about debts. It was all like this. It was meaningless to be coquettish again.

Chapter 180 Your man is busy as a dog

Strangely, after that day, for a week, Selina did not appear, nor did William come back.

Vivian lived alone in his apartment. At fixed time every day, there were people delivering meals and nice soup, and doctors came to check the wounds.

It was good to live a quiet and comfortable pig life for a few days.

Oh, no. She's not a pig.

Vivian was sitting on the sofa watching TV. She just called Roe yesterday. Knowing that he was happy with his grandmother, she felt relieved.

Some people just couldn't bear to talk about it. They just call.

Vivian was not surprised to receive a call from Selina, "What's up?" "Why didn't you come back?" Selina asked in a negative way.

Vivian was glad that her good friend was not around, otherwise she couldn't be so calm, "If I go back and see what's forbidden, I still have to wash my eyes. How troublesome."

"Come on. You're talking nonsense."

She listened to her guilty voice, "Nothing happened, you haven't call me for such a long time, I thought you were eaten by Grace."

Selina asked, "What about you? I don't believe that you have returned to your nest these days. Are you staying with William?" "I live in his house, but he hasn't come back these days." Vivian pretended to be relaxed.

She really didn't care? No, she cared. She cared much.

But she couldn't ask, obviously, several times she took the phone and put it back, she didn't know what role she should act. A bed mate? Every excuse reminded her of her identity.

She had no right to ask why he had disappeared for a few days, especially in his smelly bedroom.

But what could she do? She could only endure constantly, until the heart was about to explode, could she let herself pretend not to care.

Selina said in a playful way, "It sounds like a complaining woman."

"It seems that you haven't been idle these days. I don't know what it's like to drink wine in the face of a long drought." Vivian guessed that she had finished her first career.

Selina blushed and knew there was no point in hiding it. She simply admitted, "Yes, I'll sleep him when I go back."

"You sleep with him or he sleeps with you? There should be a question mark here." Vivian didn't believe what her friend said.

Selina was afraid that Vivian would not admit it. She said shamelessly, "Finally, he knelt down to call me father."

"..." Vivian felt there was nothing to refute.

Selina was also boring, "Vivi, are you busy? Do you want to go shopping and do spa? I have a discount card." "You don't have to go to work?" If she remembered correctly, Tuesday was still working time.

Selina couldn't help rolling her white eyes, "You think I'm skipping work?"

Vivian replied, she really thought so.

"Am I that kind of person?"

This time, Selina did not wait for Vivian to reply, she said directly.

"Well, you don't have to say that. I'll tell you. I don't know what's wrong about our boss. He suddenly stopped his business and disappeared. It's rare that I still work so seriously. Editors like us have gone back to fish farming."

Jack's wild eyes appeared in Vivian's eyes. She still remembered that she owed him two meals. However, it was estimated that he had long forgotten who she was. Forget it, they were parallel lines that cannot be crossed.

"Come out."

She was also bored, and the more time she stayed in William's territory, the more flustered she was.

“Well. See you in downtown.”

“Good.”

Selina hung up the phone, then she sat on the sofa for a while, got up, took her small bag and put on shoes and went out.

She arrived for a while, Selina came over with pink hair in addition to the proud figure, and outstanding looks, which attracted many people.

“Vivi, here it is.”

Vivian was also used to such attention, and naturally walked toward Selina, “Why don’t you change a color for your hair?” “Why should I change it? I’m my different fireworks, or I’ll dye you another color?”

For example, green, how bright and eye-catching, but also could make William’s face green.

Kill two birds with one stone, perfect.

“Forget it. If I dye it like you, I may not be able to keep my job.” Although Vivian didn’t feel that she could keep her job, she couldn’t hold the pink.

“It’s OK. I have a disposable one. You can try it.” Selina did not give up.

Vivian firmly refused, “No.”

“It’s boring.” Selina didn’t force her any more.

Vivian asked as she walked, “Is it convenient to go back at night?”

She meant, could she go back to bed at night.

“You don’t have to ask me.” Selina’s face flashed unnaturally.

Vivian looked at her friend, who could hardly show her shy expression, “You and Grace are not in the apartment?” “No, stop asking.” Selina felt her answer was not right, why she should be so honest with this silly girl?

Vivian raised her eyebrows, “But I haven’t seen him for several days.”

Selina looked at Vivian’s face and wrote “we are not the same”. She touched her arm and laughed, “Do you really want to know where William has gone?”

“No.” Vivian’s eyes flashed slightly, pretending not to care.

Does Selina really know where did William go? Or everyone knows it, but she doesn’t know.

“You say no but your eyes are almost as dazzling as the sun.” Selina’s smile on her face was bigger, “If you admit it, I’ll tell you.”

Vivian felt that she wanted to be a tough person. If she said she didn’t want to know, she really didn’t want to know. She said, “I admit it.”

Well, she was very curious about where William had gone these days.

Selina took a sympathetic look at Vivian, “I think you are really stupid. You don’t watch news recently?” “What?” Vivian looked at her in a puzzled way, “This has something to do with the news.”

“Of course, it is known not only to the whole city, but also to the whole country. William has undertaken a transnational financial fraud case. He has been busy dealing with reporters in recent days.” Selina said with a sigh.

Vivian was in a daze and watching TV dramas in her apartment these days. Even if she changed the channel, her mind was no longer on the screen. She didn’t know anything about such a big news.

No wonder William had no time to come back.
