Chapter 191 heart breaking

“Oh, come on.” Why did she feel Vivian was more like saying goodbye?

She was startled by her own thoughts. She said in a serious tone, “Vivi, if you dare to do something stupid without saying goodbye, I will never forgive you for my whole life.”

Vivian was stunned, she nodded and answered with a smile, “Well.”

Selina really knew her.

With her assurance, Selina nodded with satisfaction.

Selina sent Vivian back. She wanted to follow her, but Vivian refused her and she went back to her small apartment alone.

She didn't come back for about half a month. The layout of the house was still the same as when she left. Many places had already been covered with dust. Vivian put her luggage back into her room, tied up her hair, put on a disposable mask, and started cleaning.

First, she opened the heavy curtains to let the sun shine in, and all the windows in the house were opened, so that the dull air in the house could be dispersed as soon as possible.

She mopped the floor, cleaned up the garbage, and cleaned up all the corners of the room.

In addition to the dusty living room table, Vivian looked at the empty table, knowing that the last time Six-ears sent a pig's heart, she still felt a little uncomfortable.

Finally, she had to scrub the table several times before she sat back on the sofa.

Looking at the clean house, Vivian smiled with satisfaction. Thinking of what she wanted to do, she still took out her mobile phone, hesitated for a long time, and she summoned up her courage to call William.

This time, William himself connected, but she just heard his cold and alienated tone, which made her heart feel a burst of pain.

“William, are you busy now?”

“No.”

The man’s cold voice showed his impatience. Vivian’s fingertips were slightly tightened. She forced herself to calm down. Didn’t she expect that William would be like that?

So, there was nothing to be surprised at all, “I don’t think you’ve forgotten our last condition.”

As if she was afraid of his refusal, Vivian added anxiously, “When I was injured last time, you promised that you would give me a reply as soon as possible.”

She really couldn’t wait to get rid of the relationship with himself, and get married with John.

If Vivian saw William’s cold dark eyes at the moment, she would not say it so rashly, because the cold in his eyes was enough to destroy everything, but he opened his mouth again with the same indifference, “OK, I’ll give you a reply today.”

When Vivian heard the answer she had always wanted, she was not as relaxed as she expected. Instead, her heart became heavier. He did not care about herself at all.

Fortunately, she still had Roe.

She heard her voice, which was calm enough for her to feel abnormal, “Well, you can say it.”

William said with his quiet and cold voice, but gentle and slow, "Vivian, don't appear in front of me again."

The man's cold words through the radio waves, like an invisible sword, mercilessly penetrated the heart and lung of Vivian.

She tightly clasped one hand into the palm of her hand, trying to use the pain of her body to paralyze her aching and her exploding heart, and to prop up her last reason, she just sent a word from her throat, "OK."

I promise you that I won't be in your life. And we're strangers when we meet again.

There was only a beep left.

Her strength seemed to be completely pulled away, and the phone in her hand fell to the ground without noticing. She looked at the front with empty eyes and recalled William's cold and merciless words in her head.

Such resolute indifference brought her a heavy blow.

She had told herself not to care, but when she heard his answer, she still felt pain.

Vivian beat her chest hard, but no matter how hard she tried, the pain in her body was less than that in her heart.

Forget it, it hurts, it's OK to hurt like this, just let her remember this feeling clearly, and never make this kind of low-level mistake again.

Similarly, William was not feeling very well.

In the quiet office, suddenly came a loud bang, an expensive and advanced mobile phone scattered on the ground, no pieces left.

It could be seen that how hard he hit.

The door was pushed open from the outside. The visitor took a look at the fragmented 'corpse' on the ground and said, "It seems that I'm not here at the right time."

He had not seen William smashed his mobile phone to vent his anger for a long time.

William eyes were deep, his handsome face was full of haze, and he looked at the visitors coldly, "You also have something to say to me?"

Grace shrugged his shoulders innocently. What does it mean? Is it possible that the phone call was made by Vivian, and what did she say to him? How could he be so curious.

However, at this critical juncture, he should not easily offend a fierce beast on the edge of explosion. "I'm here to inform you the thing about Six-ears."

William frowned slightly, waiting for him to continue.

Grace also did not dare to joke, he continued, "He seems to have something to do with Jack's family."

William pulled a button on his chest and regained a bit of calmness in his eyes, "Go to find Jack and ask what his brother wants to do."

"No problem." Before Grace left, he asked, "Did you have a quarrel with Vivian?"

An old pen holder was flying over. If it wasn't for his good reflexes, it would have been a blow to the head, but he confirmed what he was thinking in his mind.

Well, there must have been a fight between the two people. He'd better keep the one at home away from him and don't let her involve in it.

William's mobile phone fell down. He asked Alexander to make up a card for him and change his mobile phone. After a pause, he added, "I don't remember that our office was so casual in asking for leave."

Alexander held the phone in a daze. What's the matter? He once again played his own super understanding ability, took apart the spell word by word.

First of all, the mobile phone was a consumable, which could be understood, but why he had to make up the calling card? It was possible that the mobile phone was stolen, but this possibility was almost zero.

Because one hour ago, he also saw William using the phone. Maybe it fell on the ground and broke it. In addition, the lawyer's cold tone made him sure that something had happened in the office.

No, he had to go downstairs to ask about the situation.

Alexander told other people to handle the matter of mobile phones. He ran to the personnel department and asked the supervisor, "Mel, who has asked for the longest leave recently?"

Melanie did not even turn over the book and said, "Vivian."

Chapter 192 an extraordinary night

Alexander couldn't help nodding. Vivian had the longest holiday in this period of time. But strangely, no one asked. The two things were connected together. Suddenly, a bold idea came out of his mind.

But he was not sure, "Mel, do you know how Vivi got into the company?"

Melanie glanced at him. "You have had an answer in your heart for a long time."

"What the..." Melanie's disguised answer had admitted the answer in Alex's mind.

Vivi was arranged by William, so William came to work in the office for the first time, because of Vivi!!

He really admired his clever mind, it was a pity not to be a detective, but fortunately, being a secretary was not bad.

After Alexander had this conjecture in mind, when he recalled that she had brought him a lunch box, William's words and deeds were very strange. Now he knew that, but he didn't know that he went around the edge of danger at that time.

He asked her to call him brother at that time, immediately he would call her sister in turn.

But hadn't William already had a girlfriend?

Vivian soon received a call from the personnel department and asked her to go to work the next day.

This was William's style, no matter who annoyed him, he would always spare no effort to make you very painful.

It was just that she had no reason not to go.

At night, when Selina drove to pick up Vivian, she found her eyes were red and her light makeup on her face could not cover her haggard mind.

"Vivi, are you sick?" Otherwise, why she just like being stripped of a layer of skin?

Vivian was in a daze, quickly she showed a slight smile, pretending she was ok, "I'm ok, maybe I'm tired of doing hygiene today."

"But you still have wounds on your hand! Next time call me if you want to do the housework." She knew how diligent her friend was, so she didn't doubt it.

“Well, next time. It’s time for the party. Let’s go quickly.” Vivian just wanted to finish today’s banquet. She was too tired to support her mask.

“Well.” Selina nodded helplessly.

Tonight was destined to be an extraordinary night.

The invitation cards sent out by the Angie’s family included all the upper-class figures in this City, including some high-ranking officials. Of course, those were their relatives.

It was a birthday party, but it was more like a means to show one’s identity, status and wealth.

For them, they had long been used to these countless social parties and celebration parties.

Vivian did not want to go to these parties at all.

It was another world that was incompatible with her, but now she had to step into it again, which was life.

No one could resist the axis of fate.

By the time they arrived, many luxury cars had already stopped outside the door, and each of them walked slowly into the gate with a carefully carved mask on their faces.

“Vivi, ready?” For Selina, the party was as simple as eating a meal.

It was just that the person who held the banquet today was that little bitch. She was worried that Vivian would suffer from it.

“Well, let’s go.” Knowing that her friend was worried about her, Vivian took the lead to open the door and get down.

Selina knew that she was determined to go, so she had to get out of the car.

From the distance, Angie could see the figure of Vivian and Selina, and she couldn't help but bring up a cold smile.

Suddenly, someone stretched out a hand to hold Angie's shoulder, and his oily voice breathed in her ear, "Angie, which unlucky guy has provoked you again, and who are you going to frame again?"

When Angie saw the visitor, there was a trace of disgust in her eyes, but she covered it well. She didn't let the man beside her see it. She shook her hand on her shoulder and said innocently, "Brother, I don't know what you're talking about."

"Angie, I know you well."

Leo was Angie's cousin. He was a rich man who was not honest. He had done a lot of sneaking things. He had ruined many girls with the little money of his family.

Because he was the only son in his family, and they were relatives, he had been safe for so many years, now he was more and more uncontrollable, he put no one in the eyes.

Angie just nodded her head in front of the guests and her voice seemed like warning, "Brother, you can eat at will but you can't

eat at will."

"I will not harm you, sister." Leo angrily took back his hand, with a dirty smile on his face. Angie was really more and more beautiful, which made him itchier.

Angie couldn't stand Leo's eyes. She couldn't help but accentuate her tone and whispered, "Leo, behave yourself, this is my home."

It was really unfortunate for her to have such a cousin. He not only had sex with others everywhere, but also always showed that kind of obscene eyes to her. If he was not her relative, she really didn't want to admit that there was such a cheap relative who

was suddenly rich.

“You’re beautiful when you get angry.” Leo not only did not get angry, but also said with a face of enjoyment.

Angie was very angry. But there were so many people around and she could only bear it. She must tell her mother about Leo.

During their conversation, Vivian and Selina had entered.

“Angie, happy birthday.” Vivian handed over the gift she had prepared.

Angie took it up, turned around and handed it to the servant next to her. She put on a fake smile and said, “Vivi, I’m so happy that you can come, but I have to meet other guests. You can come in first.”

“Well.” Vivian nodded. The look of the man beside Angie made her very uncomfortable. But today was Angie’s birthday, so she didn’t say anything.

Selina also noticed that a wretched man’s eyes were wantonly staring at Vivian’s chest. She pulled the man over and gave him an impatient look, “What the hell are you looking?”

Leo said shamelessly, “I am looking at her and I didn’t look at you.”

When he finished, he saw the charming eyes of Selina, and he became happier. It turned out that both of them were great beauties, “It’s OK. I am also looking at you.”

“You’re looking for a fight.” Selina couldn’t bear such a cheap man, and she was clenching her fist and was ready to hit him.

Vivian noticed other people’s eyes, and she pulled Selina’s clothes and whispered, “Selina, let’s go first and ignore him.”

Chapter 193 I’ll meet a friend

Today was her birthday. It couldn't be messed up by Leo. At least not now, Angie immediately pulled Leo and pretended to be unhappy and said, "Brother, that's my friend. Please restrain yourself."

Leo raised his eyes to see the message from Angie's eyes, and nodded clearly, "OK, today is your birthday."

Angie nodded, turned her head and said to them apologetically, "Vivi, I'm sorry. That's my cousin. I hope you don't mind." Vivian nodded, pulling discontented Selina into the villa.

As soon as they left, Leo rubbed his hands and couldn't wait to ask, "Angie, when do you know such two beauties?" Angie said coldly, "You know now."

"It seems that these two beauties have made you angry. Do you want any help from me?" Leo saw Vivian's beautiful and outstanding small face, and the animal nature in his body was stimulated.

"Don't talk nonsense, brother. Vivian is my classmate in the college. Her parents are not in the city. She has only an old grandmother in the country. You'd better not have any bad ideas."

On the surface, Angie seemed to warn Leo. In fact, she was telling Leo that Vivian was just a powerless woman, and that no one would come forward for her even if she was treated bad.

The smile on his face became more and more obscene, "Angie, I understand, you can rest assured, I will help you take good care of your friends."

Angie sneered in her heart, pretending not to understand Leo's words. She said with a smile, "That's good, brother." "Angie, I won't be with you. I have something to do." Leo said with some impatience.

Angie said, "Well, I can stay here alone."

Leo did not stop for a moment and walked towards the direction of Vivian's departure.

Angie's smile was getting colder and colder. She hoped that Leo would not let her down and leave an unforgettable night for Vivian. And then William and she found that Vivian was in bed with her brother.

Vivian couldn't stay in this city even without her help.

William, how can you fall in love with such a dishonest woman?

Don't blame me for being cruel, Vivian.

"Vivi, why didn't you let me teach that man a lesson?" Selina was still angry with it.

"Forget it, Selina. We'll go when the cake is cut." Vivian thought of Leo's eyes and felt uncomfortable, but they were guests.

"Well, if you hadn't stopped me, I would have given him a punch." Selina hummed.

Vivian followed with a smile, "Well, I know you are the best."

Selina couldn't stand the expression of Vivian, so she had to give up, "OK, let's find something to eat first."

"You are here, honey." Grace slowly walked over. The person around him was not William, but James, who had not appeared for a long time.

"Hello, ladies."

Vivian and Selina looked at each other and smiled. They didn't know what to call James, maybe 'sister'?

James seemed to see the meaning of the smile in their eyes. His face changed and he said with a snort, "Put away your rotten girl's mind. Do you understand me? I'm not a gay."

“So, Joe’s the bottom?” Selina still couldn’t believe and asked, Joe looked like the top.

“That’s...” James just wanted to answer, and he caught a glimpse of excitement in their eyes, he immediately changed the tone of voice, and said angrily, “I hate you guys.”

He couldn’t get out of bed even for several days after that day because of the tragic cost of that night. He still limped.

But he was still a man in his soul, and his body was no longer under his control, so he released himself.

Both Selina and Vivian were disappointed and took back their eyes. He didn’t say anything about it at the critical moment.

Grace looked at Selina, smiling, and said, “Honey, come here, I have something to tell you.”

“Go away, I have nothing to say to you.” Selina’s eyes were unnatural, her damned mind recalled that day when Grace was lying on the sofa.

After it, she refused to recall.

Grace nodded, “Well, do you want to talk about us that day here...” Selina didn’t wait for Grace to finish, and she directly pulled him away.

“You see they are gone, and I can accompany you.” James saw the two leaving and said to Vivian.

Vivian turned her eyes to James. Today, he specially wore a black tuxedo, which made him look like a young man. And his red lips and white teeth made the smell of ‘bottom’ stronger.

“Hey, took back your bad eyes!” James noticed the teasing in Vivian’s eyes, and his ear tip was tinged with a suspicious blush.

Vivian turned back with an innocent expression and said, “No, James, you are very handsome today.”

“Well, don’t worry. I’ll be your partner tonight.” James was extremely sad. It was not that he was unwilling to accompany Vivian. It was only because he was the safest for her that he arranged for him to follow her.

It’s very irritating.

Vivian said with a smile, “Thank you.” James lost his mind for a moment.

Such a great beauty stood beside him, and there were no waves in his heart. Suddenly, there was a cold wind blowing in his heart. It was over. He was really going to be a gay.

No, he must rescue him. Maybe the woman around him was his friend’s woman, so he was embarrassed. He might have feelings to them if he changed a woman.

What’s more, there was no shortage of beautiful women at this party.

“Vivi, wait for me here. I’ll meet a friend.”

Chapter 194 a broken shoe

“It’s OK. I’m fine alone.” Vivian said in a funny way. How did she feel that James still felt sorry for her? In fact, it was ok to be alone to her. She didn’t need others.

“Well, then I’ll go.” James went to a crowded place and soon disappeared in the sight of Vivian.

Her friends walked away one by one. There was no one she knew who was walking around the hall. Even though she was pretending to be nothing, Vivian still felt uncomfortable.

She had to go to the corner to reduce her own sense of existence.

Not far away, there came a familiar voice behind her, “Vivi.” “You are here, too.” Vivian felt that it was not appropriate to say it. It was normal that he would come on such an occasion.

“Why don’t you answer my phone?” John guessed that Vivian might come, but he didn’t expect to see her. He had missed her and worried about her for half a month. At the moment of seeing her, his feeling turned into a dotting sigh.

“I’m sorry, I’ve been back to the countryside. Maybe the signal is not good.” When you say a lie, you have to prepare countless lies to fill it. Now, Vivian was like this. Although she felt guilty, she had to do that.

“Let’s go and talk about it.” John noticed the people around kept looking at her. Even if he was gentle, he would inevitably feel a little unhappy.

“Well.” Vivian didn’t notice about it.

She followed William to the garden outside the villa.

“Vivi, I thought you ignored me.”

“No, John.” Vivian said with some embarrassment. Actually, she had such a plan, especially after finishing William’s conditions, she wanted to break off all the people and things in the city except Selina.

John said the words from the bottom of his heart to her without concealment, “I don’t know what happened to you in this half month. I miss you all the time every day.”

“John, didn’t we agree to let everything go as it is?” Vivian’s hand was tightening, and she pretended to be relaxed.

John showed a bitter smile, “I know, you can rest assured that I will not force you, I just do not want you to be hurt.”

It was too late. Her heart had already been riddled with holes and could not be mended. Even if she was alive, there was only a body without soul. She knew that this heart had been broken through and could not beat for another man.

Once she thought she could, but the fact told her that no one could replace the cold-hearted man.

Vivian looked at her toes with her head down, and said in a very light tone, "John, I already understand in my heart. Don't worry, I'm ok."

"Are you really OK?" John said silently in his heart. Why does your voice sound so sad?

Vivian didn't want to continue discussing this serious issue with John. He raised her eyes and put on a smile again, "Well, I'm really OK. Today is Angie's birthday party. Let's go first."

John looked at the perfect smile on her face, he really felt sorry for her. Finally, he did not break through the disguise in her heart, he nodded and said, "OK."

Such her, let him heartache, and also let him want to protect her.

The two people returned to the villa, and found that all people stopped in place, all eyes were focus on the door.

Vivian also looked at the direction of the door.

William's tall and straight figure appeared in front of the public. His white shirt collar was very tidy, and his dark tie was clean too.

His well-cut suit made him look handsome and cool.

His every action was eye-catching. How can no lovely princess stay beside him?

Angie was wearing a long red and pink dress. She followed him delicately and weakly. Her hand held his arm, with a shy blush on her face.

She was like the golden girl coming out of the TV series. They were not only extremely suitable, but also extremely dazzling.

The voice of the discussion around him came into the ears of Vivian.

“Angie and William are really good. They are just made by nature.”

“William brought Angie in. It means everything.”

“Angie is really insightful. She won the most popular diamond Bachelor in our city so early. I don’t know how many women are going to be sad.”

Vivian wanted to pretend that she didn’t care, but it was really hard. She felt heartache and hard to breathe, although she had known the answer.

Suddenly, a hand was gently holding her in the palm.

Feeling warm from her hand, Vivian was looking at the gentle man, she heard him clearly, “Don’t be afraid, I will always be with you.”

Vivian’s restless heart also slowly calmed down and she said to him silently, “Thank you.” John seemed to hear it, and the smile on the corner of his mouth expanded a little.

William stood at the door with a look of indifference and alienation on his face, he saw that delicate figure in the crowd, and John, who had been following her all the time. The coldness in his eyes became more intense.

No wonder she would leave him without saying goodbye. How shameless are you, Vivian? “William, what’s the matter?” Angie noticed the chill on the man beside him and she asked with concern.

She always paid attention to his every move, even if it was a look, it could also be caught by her, because her care, so she would be particularly concerned.

She also enjoyed this kind of attention. Only the man beside her could have such courage, and only she could match him.

“Nothing.” William’s cold and thin lips pursed, revealing a cold smile. Suddenly, he released his arm. In Angie’s stunned eyes, he took her waist and said in a light tone, “It’s your birthday, so be happy.”

Happiness came suddenly, and Angie couldn’t react for a moment. When she understood that William was holding herself, she was excited to scream.

She couldn’t remember how long William hadn’t held her like this on such an important occasion, or whether William had forgiven her for what she had done.

The smile on her face became more beautiful. Suddenly, she glanced at Vivian in the crowd and made a hook at her, as if to show off her victory.

Vivian, can you see that? William love me all the time. You are just a cheap woman. A broken shoe played and thrown at will by William.

Chapter 195 thank you very much

The crowd stopped because of their presence, but also got excited because of their movement.

From the beginning to the end, John did not put down Vivian’s hand. It was clear that the temperature in the hall was very high, but her hands were extremely cold. No matter how hard he tried, he could not warm her little hands.

Her heart ached, and so did he.

If this could make her let go of William, he was willing to bear the heartache.

“Vivi, if you don’t want to stay here, I can take you back.”

“No, I have an appointment with Selina. We’ll leave when Angie cuts the cake.” Vivian’s lips were pale, and she insisted.

She only allowed herself to be distressed these days. After she took Roe abroad, she would try to forget him.

John didn't force her, "Well, before she comes back, I will accompany you first."

Vivian did not refuse, and she slowly released his hand, pretending to be embarrassed and said, "My hands are so wet, I'm really Sorry."

"You don't have to hide so tired in front of me." Because he knew that from the moment William came in with Angie, he could feel the tension of her body for a moment. Although it was hidden quickly, he still found it keenly.

"I'm not tired. Really, that's fine with me." Vivian deliberately moved her eyes and pretended not to understand the bitter in his eyes. She was afraid that she would cry if she continued to look at him.

Sometimes people were not really sad, just because there was a special person who understood you, and that kind of grievance would continue to enlarge in the heart.

She thought it was a chemical reaction.

"Vivi, John, I'm so happy to see you two together. Do you think so, John?" Angie was not only eye-catching this evening, but also felt that Vivian was not sad enough, so she deliberately took William with her.

William's dark eyes glanced at the small woman who lowered her head. He rarely opened his mouth and said, "Well, I'm very happy to see you two together."

William's simple words were like throwing a huge stone on the calm lake of Vivian's heart, which could arouse thousands of waves for a time.

She tightened her hand, her courage suddenly came up, and she suddenly raised her head to face his secretive dark eyes, with a decent smile on the corner of her mouth, and she calmly replied, "Thank you very much, lawyer."

How can he make a mockery of her and John when she's hurt?

William looked at Vivian, who looked like a kitten with sharp claws protecting her man. His smile deepened a little, and his eyes were freezing. He said in a calm voice, "You're welcome."

Angie felt that the atmosphere between the man beside him and Vivian was a little strange. She felt uneasy and moved to the middle of the two people, blocking Vivian's straight eyes.

It seemed to be warning Vivian that William was her man.

"Why you don't try to marry such a special woman, John?"

John could also hear the irony in Angie's words. He took a gentle look at the woman beside him and said, "Vivi is unique in my eyes, and I also try to ask for her consent."

"Vivi, I really envy you." Angie said this, but she could not help but scold John. He was really a useless cowardly turtle. Her own women had slept with other men.

And he still thought he was holding a piece of treasure.

She seemed to think of something, and her anger in her eyes soon calmed down. She was waiting to see if Vivian would be complacent. She leaned gently against William and said, "William, let's go. Don't disturb them."

She didn't want William to stay with Vivian for a moment.

William didn't say anything and left with Angie.

Looking at the man's indifferent back, Vivian's courage disappeared all of a sudden. For a moment, she thought William would say something to her.

But it was just a temporary illusion. Even if Angie ridiculed her, he always kept a cool expression on his face.

Vivian felt that her wound which had not yet healed in her heart was uncovered mercilessly again. She felt a throbbing pain. It seemed that the pain was never-ending. It was like a thin and dense net that wrapped her up. She could not get rid of it even if she was screaming and struggling.

“Vivi, he is not worth your attention.” Vivian felt a sudden pain in her heart, and the smile on her face could not be maintained, “I know.” She knew that he didn’t love her. She knew it was useless to feel sad, but things were just like this.

You cried and felt pain all over the ground roll, he still did not care, and he was not willing to give you anything, even a redundant look.

Because he hated you.

John was suddenly speechless. Tonight was bound to be a sad night. No matter to him or to Vivi, she was sad because of another man, and he was sad about her sadness. How ironic it was.

But he still didn’t want to give up, “Vivi, you deserve better treatment.”

“No.” Vivian shook her head, without hiding the bitterness in her eyes, and said to him, “You deserve a better girl. Just like you see, I’m not worth your effort.”

I don’t deserve your gentle treatment.

Then she stopped looking at him and went away.

John seemed to be set in place and wanted to catch up with her. His heavy steps forced him to stop. When he was looking at her sad back, his heart slowly sank to the bottom of the valley.

Or he should not force her too hard, he should give her a quiet space, let her calm down.

Although William followed her, Angie still clearly felt that his heart was not on her. In this way, she hoped that Leo could destroy Vivian.

Even if she was about to explode in her heart, she still kept a submissive appearance on her face.

A smart woman knew when to be angry and when to shut up. It was obvious that William was not in a good mood at the moment.

If she was rashly angry, it might destroy a little emotion between them.

After all, her main purpose today was to make Vivian feel miserable.

“William, dad is upstairs. Let’s go up.”

In order to avoid suspicion, Alan was upstairs with some colleagues and friends who were not ordinary in identity, and young people were downstairs.

William’s cold eyes sank slightly, and went upstairs with Angie.

Alan couldn’t stand it so soon.

Chapter 196 thinking of this way

Vivian went to the quiet place in the backyard with a deep mind, and did not notice the sneaky figure that followed behind her.

She didn’t stop until she came to a fish pond, which was far away from the hot front yard.

Looking at the kai in the pond, her mind was floating.

William’s every move towards Angie tonight was like a loud slap in her face, which not only hurt her body, but also hurt her heart.

Maybe it was time for her to leave, like tonight...

Suddenly, a greasy hand stretched out from the back of Vivian and wrapped her around her waist. He said in a strange tone, "Honey, how can you run here alone? I really miss you."

"Who are you? Let me go." Vivian was hugged by a strange man, instinctively she wanted to scream and reached out to push the man behind her.

The man's figure looked emaciated, but he was just pushed aside a little, and he increased the strength to hold her tightly. His heavy breathing was with a trace of urgency.

"Bitches, don't you want to seduce a man by sneaking into such a place alone?"

"It's you. Leo!" The man holding herself in his arms was the man at the door. Looking at Leo, her face suddenly changed.

Unfortunately, no matter how hard she tried, she couldn't break away from the shackles of Leo, her small face went pale.

Seeing that Vivian had recognized himself, Leo said obscenely, "Yes, little beauty, you remember me. Come on, I know that there's a soft place. I'll take you to have a rest."

Vivian was about to scream nervously. She just forced herself to calm down. She didn't understand, she didn't provoke him. How can he find her?

Unless he had been following herself since the beginning, "Leo, let me go, I am also a guest invited by Angie. If you dare to do something, don't blame me for calling people."

Leo seemed to have heard a joke. He laughed wildly, and then looked at Vivian's delicate little face with pity, "No one will save you when you cry. Don't think I don't know you are just a country girl."

Then he took a free hand and touched Vivian's smooth chin, and a feeling of desire flashed in his eyes. The woman's skin was so smooth.

"As long as you..."

This was the opportunity. Vivian took the advantage of his relaxation for a moment. She lifted her foot and stepped on the man's feet. The man had a pain and couldn't help releasing her.

Vivian carried her skirt, regardless of the image of herself, and escaped.

But before she walked two steps, she only felt a pain in the scalp, her hair had been pulled hard in the hands, she did not stand firmly, a slap was on her face.

Vivian was sitting on the ground, and her delicate skin immediately became red and swollen. She really failed because of a shoe.

If she didn't run in high-heeled shoes, how could she be easily caught by Leo?

It was just too late to regret now.

Leo's face was twisted with pain. He was also the only son in the family and loved much people. He also had an official's uncle.

He walked swaggeringly when he went out. When did he get trampled on like this?

She was just still a powerless woman. If this was known by others, how could he get along with others in the future?

In this way, Leo grabbed Vivian's hair more angrily and pulled it hard, forcing her to look at herself. Although the woman's face was firmly slapped by himself, it did not affect her amazing appearance.

With her stubborn and unyielding eyes, on the contrary, it could arouse men's desire to conquer her in the body.

After he was sure that Vivian didn't dare to resist, he pretended to be very pitiful and said, "You should be obedient. Now your face is red. Come and let me love you."

Vivian grabbed her skirt with one hand, and was eager to vomit. She turned his head to avoid Leo's hand, and forced herself to suppress her breaking nerves. She said coldly, "Leo, don't mess around. My boyfriend will come to me immediately."

Leo's hand paused, and he gave a disdainful smile, "Little beauty, you'd better give up, I've known for a long time that you do not have a boyfriend."

If she had a good boyfriend, why Angie didn't say anything?

"Well, since you know all about it, can you help me up first?" Vivian knew that she couldn't get rid of Leo, and their position was far away from the villa. Even if she called for help, no one would come.

What's more, it would only irritate him. She could only pretend to be obedient.

Leo saw that Vivian realized the reality so quickly, and he couldn't help but smile with pride, "Oh, aren't you a little wild cat? So, you become a little pug now?"

"You've said it, but it's useless for me to call." Vivian covered the disgust in her eyes and said nonchalantly.

Although Leo felt that it was a pity, the beauty in his arms still made him impatient. Holding Vivian in his arms, he was about to go to the grass behind him, "Little beauty, you should realize it earlier."

"Your feet hurt. Let me hold you there. I have been to the house before and know there is a hidden place that won't disturb us." Vivian saw Leo reach out to embrace herself, so she said quickly.

Thinking that his feet were hurt because of the woman in front of him, he was angry. After thinking about getting her in his hands, he suppressed this unhappiness.

He thought that Vivian was a chaste girl, and now he thought she was also a bitch.

She helped him up, he said, "I will also love you, let you feel the joy of being a woman."

Vivian looked at Leo's face, which was obviously hollowed out by wine and desire. Her stomach churned. In order to escape next, she took off her high-heeled shoes.

In Leo's puzzled eyes, she said without changing her face, "It's the damned high-heeled shoes that let me step on your feet. Now it's just right to take off, right?"

Leo was enjoying her flattery, "Yeah." "Let's go there." A cold light flashed in Vivian's eyes and she pointed to the black grass.

Leo had been itching for a night, soon he could have a good time with his favorite little beauty. He didn't care about other things.

He just wanted to find a haystack to do love things. He repeatedly replied, "Well."

Chapter 197 a deadly kick

At the moment, Vivian knew only she could help herself.

Even if she felt disgusted, she had to hold on to it.

Not every time she was so lucky, he would fall from the sky.

Now he should accompany Angie to meet her parents.

Leo looked at Vivian for a long time and she walked a little. He said, "What are you doing? Do you want to delay the time?" "No, I'm worried that you can't walk so quickly." Vivian could only answer by gritting her teeth.

Just now Vivian stepped heavily on his foot. Leo, the rich man who had never suffered from hardship, couldn't bear it. However, for a moment's joy, he could still bear it, "If today you affect my combat effectiveness, you must accompany me for a week."

One night was not enough, of course, when he was tired of it, he'd throw her to his friends to get revenge.

Vivian nodded as if she didn't hear it. The thick perfume of that man was mixed with unknown smell. It directly came into the tip of her nose. Her stomach was shrinking again and her eyebrows were tightly twisted.

She tried to control her breathing. The shoulder touched by him was like ten thousand ants gnawing at her, which was disgusting.

They went to a quiet place. Leo couldn't wait to start undressing.

He looked at Vivian, who hesitated, and said in a vicious voice, "How much money do you want?"

Vivian could only pretend to take off her clothes, Leo's eyes looked straight at her, this woman's skin was damned good.

Vivian seemed to be taking off her clothes. Her heart was hanging high in the air. The corner of her eyes had been paying attention to Leo's every move. She found that he was not looking at herself, she quickly stripped her clothes off, leaving only her personal clothes.

She knew the time had come.

"Leo..."

Hearing Vivian's gentle voice, he felt that his bones were about to be crisp. When he looked up, he came up with a delicate fist.

He was hit unprepared. Before he could cover his eyes, he howled.

A sharp pain came from his crotch. He covered his crotch instinctively and curled up with his body. His voice became weaker, "It's killing me."

Vivian, with the deadly kick, succeeded in making Leo speechless and cry out for pain.

She just took advantage of this opportunity to turn around and escape, regardless of the gravel into her feet, the blood shed along her footprints, imprinted on the cold grass little by little.

The skirt was also broken, she used all her strength all the way, as if the person behind her was not a person, but a group of fierce ghosts.

Vivian had only one idea. She must escape from this place. She seemed to have no feeling in the pain. The brightly lit villa was nearby.

She could even hear the music coming from the villa, and a little joy appeared in her eyes.

She was almost there. As long as she was running faster, she could be saved.

Suddenly, a sharp pain came from her waist, and Vivian looked at the villa that was close at hand and disappeared from her front, and her whole person fell on the hard rock ground.

Her whole body felt painful, especially on the point of her feet.

But she didn't dare to stay. She hesitated for a few seconds, gritting her teeth and trying to get up from the ground.

The person behind her was faster than her, he stepped on her waist and didn't let her move, the man angrily scolded, "How dare you kick me, t shameless bitch?"

He also stamped several times on Vivian.

Vivian, who had suffered several kicks, did not say anything. She resisted the pain and did not disguise with him anymore, "Leo, the villa is in front of you. You'd better let me go."

"Let you go? Well, if you dare to shout, it's OK. I'll say that you seduce me to see who believes you. Come on. This is my uncle's house."

If he didn't deal with her today, his name would be written in reverse. He had met many women like her, and there were ways to keep her honest.

"Help!" Vivian just wanted to escape Leo's poison hand, but she hadn't called out that word yet.

The man behind him seemed to have been prepared and covered her mouth rudely to prevent her from making a sound.

"Oh, you still dare to bite me?" Leo didn't expect that Vivian would still dare to bite himself at this time. He was already angry and spared his effort to lift his feet and kick her several times.

In order to prevent himself from being bitten, Leo put her tie out to her mouth and did not forget to humiliate her, "If you dare to resist me, I'll put my socks in your mouth."

Vivian only felt that her abdomen was throbbing with pain. Her internal organs seemed to be kicked out. Her pale mouth was biting, and her cold sweat from her forehead fell to the ground. Even so, she was not willing to show weakness.

Her mouth was blocked and her body was pressed. She still had hands and feet. One of the soft pebbles on the ground was buckled by her. The price was that three fingernails on her hand were directly broken and bleeding.

The pain on her hand could be ignored. She threw it hard at Leo's head. Even if she killed him, she didn't want to be forced by him.

However, she was lying on the ground, even with the greatest strength, she did not throw it to Leo.

On the contrary, Vivian completely angered him. He saw that Vivian resisted himself repeatedly, and she still wanted to hit his head with a stone this time. If it was not for her mistake, he would have to see blood on his head today.

Playing with women was his hobby, but he had only one life. What's more, the woman under him was just a cheap life, and she still dared to attack himself repeatedly.

Leo was crazy, and he punched and kicked Vivian, and he kept scolding her.

“You are just a mean old country woman. If you dare to resist, you will die prematurely.”

Chapter 198 crawling like a dog

Although Leo was hollowed out by wine and lust, he was still a man after all. His fist fell on Vivian like a raindrop, but she could not speak because of it. She could only curl her body up and protect herself as much as possible.

Her head was about to explode, she looked at the light which was very close and could not be touched. A touch of desolation flashed in her eyes. What can she do? Her eyes were so blurred that she could hardly hold on.

She would be killed, she thought. But she did not want to die, she had not taken Roe to go abroad for surgery, she had not said that with that man.

But she would rather be killed than insulted.

Leo fought for a while, his whole body was covered with sweat, and he gasped for breath. He looked down and saw the woman's long hair like waterfall spread on her face, revealing her beautiful neck. In the dim moonlight, she even showed a trace of cruel beauty.

And the woman under her had been beaten to death, and she could no longer resist, why not take the opportunity to ask for a little interest?

This idea only emerged for a second, and the evil thoughts in Leo's heart began to stir again. Finally, the evil thought occupied his mind.

This time, he started to tear up the dress of Vivian.

Vivian's clothes burst in response to the sound. She had a coma and suddenly reacted. Fear was like a rope tightly around her neck, making her almost breathless.

But she no longer had the strength to resist, her two hands caught on the rock, her blood soaked in the above, it was hard for her to move, she said in a weak voice with desperate begging, "No, please, let me go..."

She didn't understand why she had to be treated like this and why Leo came along soon after she came out.

Vivian's cry and call for help were all stuck in her throat. There were only a few weak voices, proving that she had not given up.

Seeing Vivian crawling on the ground like a dog, Leo not only had no sympathy, but also laughed with exaggeration, "Bitch, where are you going?"

The action on his hand did not stop, this bitch was a little shrewd, but this feeling was really good.

"You should listen to me earlier. Now it's impossible to escape. Let me love you."

Vivian felt as if she was trapped in a cold abyss that couldn't escape. Her tears finally slipped from her eyes, mixed with blood stains from the corners of her mouth and penetrated into the cracks of soft rock. The light in her eyes slowly became dim and empty.

Can't she escape today? If she was to be defiled by such garbage, she would rather choose to die.

When Vivian was in despair, she suddenly felt light, and then there was a howl like killing a pig, "Ouch, it hurts me. You bastard."

"Vivi, are you ok?" John saw that Vivian had gone for so long and hadn't come back, so he was worried and went out to look for her. He walked around the villa without seeing anyone.

He could only look for her in the backyard, but he didn't expect to see a scene that made his heart ache.

He looked at the startling scars on her back. John, who was always gentle, had the impulse to kill him for the first time.

“No, don’t touch me...” Vivian still curled up in her own fear.

Suddenly, the dark back garden, suddenly lit up, two rows of street lamps were turned on, the sad appearance of Vivian was directly exposed to the air.

A group of people swarmed in. When they saw Leo, who was only wearing a pair of underpants and howling on the ground, and Vivian. How could they not understand what was going on?

“My God, is that woman OK?”

“Who knows...”

“That man is too cruel. He beat her like this.”

Although John took off his coat to cover Vivian at the first time and held her carefully in his arms so that no one could see her at the moment, she was still seen by others.

Vivian quickly reflected who was holding her. Tears burst out in an instant, and she could only shiver in the arms of John.

If John didn’t show up, she couldn’t imagine whether she would die like this in the next second.

William, who also saw this scene, was an after show specially prepared by Angie. How could she let him miss it?

However, no matter how she observed him, she couldn’t see through William’s dark eyes, except his expressionless and cold face.

At least in her view, William had no feeling.

William had no feeling? How can it be? His reaction was very obvious, violent emotions hit his chest, his cold dark eyes emerged a sense of killing, but he had a different tolerance than ordinary people.

So, he didn't show it immediately. God knew how he felt when he saw Vivian lying on the ground like a rag doll.

No matter whether Vivian was defiled or not, Angie had made up her mind to destroy her. She pretended to care and asked, "Vivi, what's wrong with you? Are you ok? What's going on? How can you stay in the back garden with Leo? No one comes in here."

Her tone of innocence and incomprehension directly pushed Vivian to the cusp of the situation.

In the evening, a lonely man and woman ran into the quiet backyard, and their clothes were in a mess, which made people fantasize. Moreover, all the people who came tonight were with strong background, and they basically knew each other.

Leo's dirty deeds were numerous, and the women he had played with are numerous. It was not uncommon at this lively birthday

party.

Everyone knew that gatherings were for the convenience of young men and women to communicate with each other, but everyone didn't make it clear.

It was the first time they had hit such a straightforward scene.

People who watched it had disdain and excitement on their face. And some envious voice slowly spread from the heat group.

Abigail, a woman who had long been interested in John, said, "Angie, it's clear that the woman is deliberately seducing your cousin. I've seen a lot of this cheap woman."

“Abby, don’t say that. I believe Vivi is not such a person.” Angie started her performance and was eager to explain for Vivian, “There must be some misunderstanding in this, right, Vivi?”

Leo, who was kicked at the bottom of his heart, recovered for a while. Seeing that so many people around him, Leo also heard Angie explaining for Vivian.

Angrily, he went to the crowd and yelled, “Angie, how could I come here with her if she didn’t deliberately seduce me?”

Chapter 199 it turned out that he had...

Angie was pleased and pretended to be unhappy and said, “Brother, don’t talk nonsense. How can you do such a thing?”

“I’m bullshit? I’m a vice president of a company. How would I like such a cheap woman?” Leo insisted that Vivian seduced himself first. Anyway, in Angie’s family, they should speak for him.

Sure enough, there were people nearby.

“Yes, I also think Leo’s right. Who knows this woman named Vivian? Maybe she’s relying on the relationship of you, Angie.”

“Yes, Angie, you are still too kind. You don’t know that some women can do anything shameless for the sake of glory and wealth.

I guess she will take you as a stepping stone.”

John, who had long wanted to fight back for Vivian, could not help but roar, “Shut up.”

If she had not been holding on to his clothes tightly from just now on, he would have opened his mouth. He didn’t know these people had no compassion at all, and their words were even worse.

All the people present knew John's gentle character and he seldom got angry. All the people around him were stunned.

Abigail was even more angry and almost broke her nails. She could not hold back the evil spirit of her heart, "John, don't be cheated by this kind of woman. She is such a fickle woman. You can see that they are all wearing unclear clothes. Maybe everything had happened."

"Don't talk nonsense, Abigail." John was no longer the gentle man. His angry eyes glanced at everyone. He stopped for a second when he was on William, and quickly moved away.

"If no one to give an account, then don't blame me for being merciless."

Angie didn't expect that John would react so much. He even threatened her, as if to say that if Angie dared to cover up Leo, he would never give up.

"Who do you think you are? John. I advise you to do your own business. It is obvious that this bitch seduced me first, and now she wants to pretend to be innocent. OK, go and ask them who believes you."

Leo said fearlessly that he was determined that her family would not ignore him. He was the only one in the family. If he had any accident here, it would not only make his parents angry, but also his grandfather and aunt.

Angie's face was a little stiff. She took a look at Vivian in John's arms. She immediately thought about it and said pitifully, "Vivi, say a word. If my cousin really bullies you, I'll let my aunt make the decision for you."

Hearing the voice of Angie, Vivian trembled instinctively. She just wanted to go and disappear here, never to appear again.

She knew that William had come, and she could know his position accurately from a distance, just because his breath was too strong.

But from the beginning to the end, he didn't say a word and let other people splash dirty water on her. Did he acquiesce in their words and think she was a casual and cheap woman?

No matter what he thought, it had nothing to do with her.

But why did her heart feel a burst of pain? It was more painful than any of the wounds on her body, let her unbearable.

His indifference to her just like a sharp ice skate, straight into her chest, every blood vessels and cells on her body were frozen.

"Go..."

If John didn't hold Vivian in his arms, he would not have listened to Vivian's inaudible weak voice. And he looked at the malicious eyes around him. Only then did he realize how cruel it was for her to stay here.

"Angie, you don't have to ask Vivi. She's my girlfriend. You are clear about it. How can Vivi like Leo?"

"To be honest, I didn't say that Vivi is such a person, but now that things have happened, shouldn't we deal with it first?" Angie had to wait for this opportunity. How could she let it go?

If she didn't drag Vivian into the water this time, she might not have this opportunity next time.

John's gentle eyes showed a trace of obvious anger, and he was no longer polite, "Well, since you say that, I believe there should be a lot of monitoring in the garden. Otherwise, I will talk to my lawyer tomorrow."

Then he took a look at William, who had been indifferent and did not speak. He said with a sneer, "Of course, you can ask William to take this case for you, but you can rest assured that you will never win."

Angie didn't want to involve herself. She believed that Leo would be ok if William was willing to accept the provocation of John.

However, no matter how she looked at it, the man beside her didn't even leave a single eye light for herself. Her sword eyebrows were deeply closed, and the cold light of her eyes crossed with John opposite in the air, and soon staggered.

It seemed that one of his eyes, just inadvertently looked up at her.

But only they understood how fierce the war was in each other's eyes.

John told him again that this time he would never shrink back.

William's cold thin lips pursed into a knife line, and the cold in his eyes seemed to shatter John.

John was not willing to show his weakness.

A cold and indifferent man, and a gentle and elegant man. Two equally excellent men sent out the hostility, people around could feel how intense the spark in the air.

Everyone thought that this was the calm before the storm, and their breath slowed down. They were afraid that they might disturb one of them.

Angie also found that the atmosphere was not right, so she stubbornly interposed, "Please don't be angry. There is monitoring in the garden, but it broke down this morning, and it hasn't been repaired yet."

"Broken?" Oh, that was a good excuse.

Angie was stared at by John, but she had to nod calmly, "Yes, I certainly believe that Vivi won't do this, but things have come to this point, we have no way."

"Angie, don't talk to him. Everyone knows that she seduced me first. I don't believe he can do anything to me." Leo also rubbed his chest, said ferociously. Leo didn't expect the strength of his leg would be so strong.

After such a long time, there was still a dull pain in his chest.

“Brother, you don’t have to say anything. Please apologize to Vivi. Are you drunk too much?” Angie walked up to Leo and gave him a look, indicating that he should not talking nonsense.

Now everyone could see that the fact between Vivian and Leo were not clear. As long as Leo apologized, Vivian would certainly not investigate.

In this way, even if she didn’t say it, tomorrow there would be a lot of hype.

Chapter 200 A dead mouse feels no cold

Leo didn’t want to. Today, he not only lost face several times, but also was kicked by one person. Now his chest still hurt and he couldn’t let things over.

Ignoring Angie, he walked up to William and said, “You are the best lawyer in our city. Now that I’m in trouble, you can help me solve it.”

His pitiful tone forced the people present to take a breath.

Angie’s eyes were gloomy with her back to everyone. Leo was such a fool. He even climbed on William with no shame.

She didn’t dare to yell at William. He even licked his face and said a lot of words.

If it wasn’t for her aunt, she would never care about the fool, but the situation had already spread out, and she couldn’t look on at his trouble with indifference.

Angie turned around and was about to say a few soft words to William.

However, the latter did not give her this opportunity. William glanced at the man with humor. His face was disdainful. "OK, I'll take this case."

Before Leo had time to be happy, William's last sentence made him change his face.

"I've got it for her. Tomorrow you'll have to wait for the lawyer's letter, Mr. Leo."

William's light tone directly changed people's face. The next second, Leo had already cursed.

"William, don't be shameless. I told you to take my case. Who do you think you are? You are just a little lawyer..."

When Angie heard Leo's words, she couldn't hide her ugly face any more. She yelled, "Stop, Leo, William is my boyfriend, and you can't comment on it. This matter will be investigated tomorrow. Get out of here quickly."

She did not dare to see what kind of expression William would have. She didn't expect that Leo was such a brainless straw fool.

Not to mention the case he took, Leo did not deserve taking shoes for William with his identity.

After that, Angie went to William again and said in a soft voice of guilt, "William, don't be angry. My cousin has been spoiled since childhood. He was..."

William directly interrupted her words, and said without a trace of fluctuation in his cold voice, "I think Leo has grown up. Only children's words can be regarded as childish words. Since he's an adult, he should be responsible for what he says."

All the people present understood William's meaning that Leo was actually a giant baby.

But Leo didn't hear William's irony. He still said, "I'm Leo. If you want to fight against me, you'd better be clear of your own identity. If Angie don't like you, my aunt won't agree with your proposal."

Angie had an impulse to kill him. It was not easy to repair her relationship with William, now because of Leo's words, their relationship went to a freezing point again. She could feel William's anger without opening her mouth.

She could no longer speak for Leo.

Vivian didn't want William to take on the case. She wanted to kill Leo in her heart, but she didn't say anything about it. Angie's words had shown everything.

Angie's family would certainly protect Leo. There was no monitoring, no witness, no recording, nothing.

With only one mouth, she could only swallow the grievance and didn't want to hear any of them anymore.

"Let's go." She was so tired.

John looked at the small woman in his arms, a trace of pain flashed in his eyes, but he still respected her decision and took her out of the crowd.

William's sword eyebrows tightened, and Vivian, like a frightened young bird, buried her head in John's arms to seek shelter and comfort. John was also like a competent flower protector. He carefully protected her in his arms, so that no one could peep at her.

Such a harmonious picture deeply stabbed his eyes, this moment his heart as if suffered a heavy blow, his pain was mixed with unknown panic.

As if the most important thing in the heart left an empty hole with her left.

Vivian, do you really trust him?

In addition to a sigh of relief, Angie also had some unspeakable joy. Does this mean that Vivian's reputation had been ruined? She specially arranged several paparazzi teams to take pictures of Vivian and Leo in their untidy clothes.

As long as they saw the newspaper tomorrow, Vivian would not be able to stay in this city.

But her smile soon solidified in the corner of her mouth, her eyes were full of unbelievable emotion.

"It's not over." William said it when he looked at Angie. The cold in his eyes shot at her, letting her know that every word of him was not a joke.

"William..." Angie's heart was flustered, and her big eyes were looking at him weakly, trying to arouse his pity.

Just she forgot how cold the man in front of her was when she was angry. Looking at her, the tall figure turned around indifferently and strode away.

The people around didn't know what to say for a while. At most, they saw a lively scene, but the people of Angie's family were embarrassed.

Finally, when Vanessa heard the news, she calmly left Angie and Leo alone, and the birthday party ended unhappily.

The guests did not feel sorry for the good play.

In the small living room, Vanessa asked in a deep voice, "Angie, Leo, what's going on? How can that happen?"

She always knew how naughty her nephew was. Even if she was playing with a woman, he shouldn't be fooling around in such an occasion. Moreover, he was caught by so many people. Not only did Leo lose his face, but also her family.

She was angry and helpless in her heart. He was her sister's only son, she was also distressed in her heart, but no one could protect him now.

At that time, she did not know that the woman Leo played with was Vivian.

Leo also felt aggrieved, "Auntie, why don't you ask me if I'm hurt or not? I'm celebrating for Angie's birthday tonight. And that bitch played tricks on me."

He put the blame directly on others, as if he were the most innocent person.

Angie looked down on a man like Leo, but she didn't explain what he had done.

"I heard that someone wanted you to give an account, or he will be ready to take you to court." Vanessa asked.
