**\*\*XANDER POV\*\***

I trust her and she broke the trust. I loved her but she pretended to love me. What a waste of love.

“Ahrrrggghh!!!!” I yelled as I threw everything in my office away.

I felt betrayed and heartbroken. My so-called other half slept with another man in a hotel. Gosh, I have been a fool all along the while. Oblivious to see the real her.

As the time I met her, I thought my years of staying alone was over, I felt that I had someone who I could come back to and cry in her bosom, I felt like I found who will willingly and eventually stay by my side and won't leave, who will accept every part of me, who will correct me when I am wrong, but no, I thought wrong.

“f\*\*\*, Xander, what have you done to your office?” Lucas yelled as he barged in.

“Hey, you had better watch your tongue, Beta,” I growled at him, radiating my Alpha enemy.

He bared his neck in submission.

“But what is all of this?” He asked cautiously.

“Let's go train,” I said ignoring his question.

“Train ?” He asked taken aback.

ADVERTISEMENT

“You mean I should spar with you with this state of mind, hell no!” He said as I started to fume.

He was disobeying me. My wolf was so on the edge to pounce on him.

“I have a mate to take care of, I don't want to get killed....” Lucas was still explaining why he could not spar with me.

Immediately, I shifted into my huge wolf and jumped on him unexpectedly.

He also changed into his wolf and we began fighting, scratching, thrashing, biting, breaking everything in the office. He was soon becoming weak as I kept hitting him repeatedly.

I moved away from him and stood up.

"Get your wounds treated and tell Ciara to clean this place up," I said and ran out.

"Man, you need to calm down." He choked out.

\*\*\*\*\*

As I got to the field, I stopped by the lake. I noticed an appearance behind me, I turned to see Kira smiling sadly at me.

ADVERTISEMENT

"What do you want?" I asked in a gruff voice.

"I said what are you doing here?" I asked sounding more impatient.

I just want her out of here.

"I heard what happened between you and Eunice, I am sorry about it." She said while I raised an eyebrow, suspiciously looking at her.

"Whoever told you that is sick in the head," I said as I turned back to the lake, staring at my reflection in it.

"I... " She was saying but I cut her off.

"You can leave," I said.

"But.." She insisted.

"I said you can leave," I yelled at her.

"Xander, you need to calm down." She said while I growling warningly at her.

ADVERTISEMENT

She left immediately.

I saw Lucas coming in my direction, I guess he has already taken care of his broken nose and the injuries I angrily incurred on him.

"You need to calm down, man." He said as he took a seat on the ground beside me.

"How do you expect me to calm down, I mean my mate cheated on me and you expect me to take it lightly." I snapped at him.

"What you calm down and think properly." He said careful of whatever is being ushered out of his mouth.

"Don't you think this is a bit strange?" He said after several minutes pa\*\*ed.

"What do you mean?" I asked.

"I mean....." He said.

\*\*\*\*\*

"Let's do it that way, I want every feedback of it," I said sternly.

\*\*EUNICE POV\*\*

"Oh my god, my life has been ruined by a random stranger," I said while crying.

I got into the packhouse and was welcomed with a slap on the face by Nicole.

As the slap landed on my cheek, I winced in pain.

"Nicole, see, let me explain," I said.

"Please, listen to me," I said trying to hold her hands.

"Explain what?' She yelled.

"Explain how and why you cheated on my brother." She said and let out a dry laugh then she jerked her hand away from me.

"I don't want to ever see you or talk to you again." She yelled at me and left.

"You need to calm down." I heard someone say. Someone I did not notice was there – Kira. She gave me a tissue.

"You want me to calm down if you had not left me with that stranger, I would not have been in this situation," I said to her tearfully or rather angrily, anyone because I am so mad.

"My granny was taken to the hospital, how do you expect me not to go?" She replied.

"Anyways, you need to calm down because it looks like Xander might reject you because Alpha doesn't joke with their mate." She said.

No!!!!, he cannot reject me. Never.

ADVERTISEMENT

"I'll advise you to do it before he does." She said and left.

I will never reject the love of life, let him come to me and do it, I am innocent, I know that. I know he will come back to his senses.

**\*\*UNKNOWN POV\*\***

I laughed out loud.

Gosh, this is my best day ever.

So he does not even trust her.

A relationship without trust. Hahahaha.

Well, Xander is not the kind to trust easily. He started having trust issues the moment he lost his parents.

Let's move to the next phase of the plan.

"If she does not reject him, He will surely reject her, why not plan for the two?" I thought.

**\*\*CIARA POV\*\***

A week later.....

I was not allowed to do any work. Woah! I was shocked when no one came to beat me up in my new room.

Surprisingly for me and you, Alpha Xander got me a new room, I noticed there has been something going on in the packhouse but I don't care. It is none of my business.

ADVERTISEMENT

Going into the packhouse, since it remains a week to Luna's ceremony. I was shocked to see no preparation. I asked a little kid.

"It has been postponed." She replied playing with her doll.

"Oh." That is all I could utter.

I went inside to see Kira and Eunice chatting and laughing,

When did they become so close? I thought.

"The beta summons you." I heard a guard say behind me.

"Me?" I asked.

"Yes." He replied.

"Alright," I said and followed him.

\*

\*

\*

"Greetings to you Beta Lucas," I said bowing down my head.

"How are you feeling?" He asked which kept me wondering if he cared about me or he just wanted to know.

#### ADVERTISEMENT

"Yes," I replied.

"Your work starts tomorrow, don't think of yourself more than an omega, because you are always nothing." He said with spite.

Lucas' dad was the late Alpha close friend. He was expecting Xander's dad to make him the Beta, unfortunately for him, the Alpha made my dad instead. I think that is the reason he loathes me.

And guess what, I'm used to it already.

"I would not dare," I replied and left.

\*

\*

\*

"Huh, another work tomorrow," I said.

"Yeah, back to being beaten and refused food," Tavia said.

"I hate you." She said.

"Who?" I questioned her.

Silence descended meaning she blocked me.

**\*\*XANDER POV\*\***

It hurts me to avoid her for a whole week, although Killian was angry. He wanted to apologize to her for yelling at her but no, the plan will be ruined.

I already postponed the luna ceremony, so she could have all the time she needs to take control of herself.

I took her favorite hoodie to keep Killian at peace and also to prevent him from going savage. I secretly go to her room to watch her sleep. She is human so she cannot smell me.

**\*\*EUNICE POV\*\***

Nicole ignores me now, when we go to school, she behaves like I don't exist.

Don't worry, I already have Kira, she is the only one that believes me.

During the past week, she seems to be a cool kind of lady. Once, I asked her if she had a guy.

ADVERTISEMENT

"No." Was her reply.

"Why don't you have?" I'd asked her.

She just smiles and smirks.

She is just a little creepy.

Xander..... Huh, well I have not forgotten him yet and I'm not planning to but Kira has been persuading me to move on but I just can't. She even tried introducing me to other guys, I refused them all.

I don't know why but I feel like Xander comes to my room every night. But why will he visit me, he's angry at me? My subconscious mind must be longing for him, well I'm also but it is at the minimum.

That's it, he did not and he does not. Final!!.

**\*\*UNKNOWN POV\*\***

The luna ceremony has been postponed, it will soon be canceled. I thought with a smirk.

Let the plan get into action.

**\*\*CIARA POV\*\***

Work today was hectic and tiresome.

"As if it has always been easy was before," Tavia said I wonder what she does.

"Hell, no," I said.

ADVERTISEMENT

"What I have been doing?" She asked angrily.

"Who gave you the strength you are using, if not forme you would have died a long time ago." She shouted at me.

"Babe, chill, I'm sorry," I said apologizing.

I laid on my new mattress, I said they gave me a new room right? Well, everything here is so good.

Soft mattress, nice bathroom, and a clear view of the field.

I need to sleep

**\*\*CIARA POV\*\***

"Come to my office right now". The husky voice of Alpha Xander came booming in my head making me jump up in fear.

"Gosh," I said touching my chest and trying to regulate my breath.

I was shocked because it has been years, I mean, since like 10 years ago, he used the mindlink for me. In that way, he made it look like I no longer belong to the pack.

\*

\*

\*

\*

As I entered his office,

"Greetings to you, Alpha Xander," I said bowing my head.

"As you know the luna ceremony is coming up in a week, so the preparation is starting tomorrow, guests will arriving soon to the pack, so make sure you do your duty." He said.

"Okay," I said.

After a minute of silence,

ADVERTISEMENT

"Do you know the reason I did not overload you with work?." He asked.

I nodded negatively.

"It is because I want you to look healthy for the visitors." He said smirking.

Oh, really, huh.

"Thank you, Alpha," I replied even though I am not one bit thankful. I left.

Can you imagine that, because he wants me to look healthy for the visitor? Oh! Please.

Did anything change at all?

Pale skin – checked.

Bruised body – checked.

So lean-checked.

Ugly face – checked.

Slightly tattered clothes – checked.

Nothing's changed, I'm still that filthy omega that caused her pack to be attacked.

As I was leaving the packhouse , I heard some people whispering,

"Why did the Alpha gave us an order not to touch her."

"Even not to give her work, now I do my works myself."

Oh, nice one, no bullying in the meantime.

I ought to have smiled but I just could not bring myself to do that.

**\*\*XANDER POV\*\***

Oh, Eunice, how much I have missed her. Like I miss her so much, I don't know what has been going on with her. I was still thinking when my phone started ringing.

"Hello, Lucas," I said.

"Hey, I already found him." He said.

"Good," I replied.

"Bring him to the darkroom," I said.

"Michael, how is my luna doing?" I asked him through the mindlink. I told him to protect Eunice secretly.

"She is doing good." He replied.

"Okay, report to me if you notice anything weird," I said sternly.

"Yes, Alpha." He said.

I went to the darkroom to see Lucas and a guy with a black cloth over his head.

"Remove it," I ordered.

"Who are you?" I asked him. No reply.

"Who are you?" I asked again but got no reply.

"Do you want it the hard way?" Lucas asked.

\*XANDER POV\*\*

"Do you want it the hard way?" Lucas said.

"No,no,no, erm..... It is.. Erm.... Erm... Please..... Don't kill me... Please.. I will... Tell you.. Please...." He said fearfully.

"Erm... Erm.. It is k.... Kii..." He kept stuttering.

"Who?!" I shouted feeling impatient.

"Kira." He said as soon as Lucas hand hit his face.

"No, do not kill me,please!!!!!" He said almost crying.

"Kira." Lucas and I yelled.

"Yes...yes." He said.

"Oh,no, Alpha sir, i could not smell the luna's scent anymore." Michael's voice came in through the mind link.

"Wait, what?" I shouted.

I was still confused on why Kira would do it, then Micheal dropped the bombshell.

#### ADVERTISEMENT

"Lucas, keep him here, i will be right back." I said running towards where Michael was.

I mind linked the pack trackers, they came immediately. They started tracking, If anything happens to her, i will not survive. Oh, no

**\*\*CIARA POV\*\***

"Huh, where's the Alpha?" I thought to myself entering into the pack house.

You all must be wondering why we have not been going to school. Well, actually education does not matter to werewolves, it does not matter if we go or not. And again with the Luna's ceremony preparation , things have not been going as planned, not like i want to school.

The visitors will be arriving today. I cleaned everywhere, cooked the foods, set lunch. Just as expected, some guests were already arriving for the luna ceremony.

"Where is Alpha Xander?" I heard a male voice ask.

"Hmm, erm, err, he got caught up with something." Beta Lucas said.

"So he is so busy to welcome us." The man i suppose is an Alpha said.

"Please this way." Beta Lucas said pointing to a corridor.

**\*\*UNKNOWN POV\*\***

So, the luna ceremony is a week' time..... Why are my plans not going accordingly, why?!!!!

No way!! , i picked up my phone and dialed her number.

"Hi." She said on the other line.

"Hey, i was thinking if we could hang out together today since we are less busy." I said.

"Oh, okay, come and pick me up." She said foolishly.

If only you know what awaits you.

I changed my clothes and sprayed some perfumes on it to cover my scent. I put on a dark shade gla\*\*es.

\*

\*

\*

I went over to the pack house , picked her up and went to the town.

"An aunt of mine lives around here, let's go visit her." I said to her.

"Okay." She replied.

I smirked inwardly.

I drove deeper into the forest, when i saw that we could be hardly seen or noticed, i stopped the car suddenly, pretending that the car is faulty.

"I think the car is faulty." I said.

"Are you sure your aunt stays here?" She asked.

"Yeah, she likes staying in seclusion." I replied.

"So , what are we gonna do about the car." She asked.

"We could walk to the place since the place is no longer far." I said.

"Alright." She said and we got down from the car and started moving deeper into the forest. I was so scared i would not lie.

Actually i have been feeding her poison , everything she eats or drinks has poison in it. I think it is high time the drug started working. I smiled.

\*\*EUNICE POV\*\*

I started feeling hot in my stomach.

I fanned myself with my hands exhaling and inhaling the air.

"Ah." I winced when I felt a sharp pain in my lower abdomen.

"My stomach," I said bending down, I could not walk, what is happening to me??. Ouch!!! , it hurts.

"Kii... Kira, help me, my stomach hurts." I said trying to reach towards her.

I fell on my knees, I tried calling Kira but I saw her bringing out what seems like a dagger from behind her.

"Ki... Kira, help me." I said stretching my hands out to her to help me.

"Kira, what are you doing?" I asked in pain. I could see she was smirking because of the faint light the moon was emitting this night.

As she was about to thrust something like a dagger into me. In a flash, the dagger fell from her hands. I saw her struggling against someone or rather some creature, then I fainted.

**\*\*XANDER POV\*\***

We have been searching all afternoon for her, it is almost night and her scent is becoming so faint that we could not pick it, I was scared. I cannot lose her. We moved deeper into the woods until we came into the town.

"Found her." A female tracker voice sounded in the mindlink. I ran towards where she said, I suddenly stopped. What is Kira about to do?

Immediately, Killian took over and shifted into my wolf form, and tackled her down to the ground. We have been trying to get her scent but it looks like it has been covered. But now... Now I have found my mate.

Turning back to Eunice, I shifted back into my human form and ran towards her. I was naked but I did not mind. Oh my God!!, she has fallen unconscious. I ran at a very high speed. I sped across the woods.

As I got to the pack hospital, I shouted at everyone to go get the doctors. I was pa\*\*ed a pair of trousers.

A few hours later.....

**ADVERTISEMENT**

I watched how they started carrying out various tests on her, no one dares leave the ward until she is awake. My wolf was so restless. But I made sure to keep him in order because if I give in all the people's heads in the hospital especially the doctors checking on her are going to be ripped off by him.

After a while...

"Alpha sir, the future luna got poisoned." The doctor said.

"Poisoned, how???" I asked.

"We are trying to flush it out because it seems like she has been taking it for a very long time now." He stated.

"We are trying to neutralize the poison because she is a human, so recovering will be slow." He finally said.

A few minutes later...

"She is still unconscious." The doctor said.

"Can I go in to see her?" I asked.

"Yes, but please....." He was saying when I entered the ward.

I sat beside her on the bed. A lone tear fell from my eyes. My heart was breaking seeing my mate on the like this without moving.

I ignored the world and focused more on my beautiful mate – the only thing that mattered to me – Eunice.

"Please, do not leave me," I said holding her hands and kissing them.

I felt her fingers moved a bit. I kissed it again and it moved.

"Doctor!!!!!!!" I shouted.

They all rushed inside.

ADVERTISEMENT

\*\*CIARA POV\*\*

The next morning.....

So guests have already started arriving, Beta Lucas made sure that everyone was very well attended to. I wonder where the Alpha is, I have not seen him since yesterday.

Yeah, also I saw Kira being dragged away last night into the dungeon. I wonder what she did – My main bully at school.

Do I pity her? No

I made sure to cook breakfast and arranged the table. I went to the backyard to eat my food.

**\*\*XANDER POV\*\***

"Our Luna is a very strong woman." A doctor said with a slight smile.

"Yes, she is." Another doctor chided in.

"Alpha sir, can I see you privately in my office?" He asked and I nodded, I followed.

In the office.....

"From the test that was carried out, we realized she was two months pregnant." He said.

"Was?" I asked.

"Yes, looks like the child sacrificed himself for the mother." The doctor said.

Oh no!!!!!! She was carrying my pup.

I killed my child with my past. Ahrrrrrghhh!!!!!! I screamed and facepalmed. I let the tears fall freely.

**\*\*NICOLE POV\*\***

"Kira, why??" I asked her as I whipped her.

"Why did you do it?" I yelled at her.

"I trusted you," I said almost on the verge of crying.

"Eunice was my best friend, she was the one who comforted me when I lost my parents, she stayed with me even after finding out what I am, most of my friends abandoned me for a month but she... She stood by me comforting me." I said hitting her with the whip.

You know that kind of anger that you feel when you feel betrayed, it would not let see what others are feeling. I am so blinded by rage.

"You even went ahead to harm my brother, you know how vulnerable one can be because of one's mate. Right??" I asked her.

I was shocked to hear Kira did something like that. Why will she do it??? For what???

After I was tired, I was about to leave.

"She is going to die." She said.

"And...and he is going to come back to me." She said laughing foolishly with blood all over her mouth.

I left without turning back.

"Go and visit your brother," Lora suggested.

I was on my way when I met the most handsome, s\*\*iest, and most good-looking man I have ever seen. He was talking on the phone to someone I guess.

All the pent-up anger I felt disappeared at the mere sight of that man. How I wish he was my mate. I left for the hospital.

\*\*DAMIEN POV\*\*

"Hello, dad, I got there," I said to him.

"That is good, do not forget the alliance, okay?" He said reminding me for the umpteenth time.

"Yes, Yeah, I know," I replied.

My wolf, Cayden, has been feeling restless, he has been pacing to and fro in my head, my eye bags already darkened due to his restlessness.

"Guy, what is happening?" I asked him tiredly. But got no reply. I sighed.

"Hey, Damien." My beta, Hudson, called me.

"Come over, let us go in, looks like the Alpha is it not coming to welcome us." He said.

Well, I am Damien Xavier Stones, 23 years of age, broad-chested, and has the pack.\*wink\*.

I have been looking for my mate since I turned 18, I went to several packs but did not find her. I know that when the time is right, I will meet her.

#### ADVERTISEMENT

Gosh!, I am so thirsty, so as we entered the packhouse, we came face to face with a man.

"Good day, I am Beta Lucas." He stated.

"Hi." We replied.

"How was your journey?" He asked.

"Hectic," Hudson said.

"Thanks for coming." He said and ushered us in.

"What of the Alpha?" Hudson asked.

"Something very important came up so he had to be there, we are sorry." He apologized. I just nodded.

"Okay, please I am thirsty, where can I get water?" I asked.

"The kitchen..... Hmmm... It is right there." He said pointing in the direction.

#### ADVERTISEMENT

"Alright," I said and left while Hudson went to settle down,

Surprisingly, the nearer I got to the kitchen, the more restless my wolf become and the more nervous I become. I do not understand this feeling. The intoxicating smell filled my nostrils, a strawberry scent, I followed it and my wolf was suddenly happy.

As I entered I met a lady who was doing something in the kitchen and then it dawned on me..... My mate.

"Ma...." I was about to call her but was shocked to see her all bruised up, like who did this to my mate, I was angry, I cannot acknowledge her now, I have to find out why she is in the kitchen doing all this stuff.

**\*\*CIARA POV\*\***

My wolf started feeling restless all of a sudden, goosebumps crept their way into my skin. I was nervous.

"What is happening, Tavia?" I asked her but got no reply.

I got up and headed to the kitchen, I was washing the plate I used to eat when the sweetest smell hit my nostrils, peppermint with a little woody scent.

I turned around to see the most handsome man I have ever seen, he is even more good-looking than Xander.

"Mate, mate." My wolf kept chanting in my head.

ADVERTISEMENT

"Ma...." He was about to say but kept shut.

"Err... Hmm... I need a gla\*\* of water." He said with a little smile.

"Uh... yes... Yes." I said and took a cup, filled it with water from the jar. As I pa\*\*ed it to him, our hands brushed each other sending sparks through my body.

I guess he could feel it too but why is he not accepting us ?.

"I said it he would not look at us not to talk of accepting us," I said almost on the verge of crying.

I would say my wolf, Tavia, was crying if she were to be a human. She moved to the back of my mind. I could not reach her. We were both helpless.

Once again in 10 years, when I thought I got someone that would tell me everything is gonna be okay, protect, care, and love me.

But no! Life has always been unfair to me. My world came crashing. I did not even realize that I already started crying. I bent down to my knee and cried.

Your mate not acknowledging you and ignoring you at the first sight is so heartbreaking. My mate just broke and took away the only hope I had.

\*NICOLE POV\*\*

"Hey, brother," I said coming into the ward.

"Hi." He replied faintly looking at his Luna – Eunice.

Eunice was now asleep and out of the danger zone. So he is quite okay now.

"Brother, you need to rest," I said.

"You have been worried about her and you have not slept for the past two days," I said.

"She is my life." He replied while staring at her.

"I know brother, I just thought that you needed rest and besides the guests are already arriving," I said.

"And also other packs are here for the Luna....." I was saying but got interrupted by a sneeze.

I turned to see Eunice with her eyes faintly opened.

"Eunice." My brother called.

"Wa....ter." She said with a dried throat.

I poured the water into a cup from the jar and gave it to her which she gulped down within seconds.

"Are you alright?" He asked while she nodded.

No sooner did he ask her than the pack doctors enter and checked her.

"She is alright now and can be discharged." The doctor said after several checkups.

"But she needs rest." He added.

"I will tell the nurse to prepare her for discharging." He said and left.

**\*\*XANDER POV\*\***

She is finally awake. I was so scared. I was scared of losing her. I am never going to tell her about her pregnancy. Never!

After we left the hospital, we got to the packhouse, we went into our room where she laid down on the bed after bathing.

Knock! Knock! Knock!

"Come in," I said knowing who it was.

"How is the preparation for the Luna ceremony?" I asked Lucas my beta.

## ADVERTISEMENT

"It is going on well." He replied.

"Okay, are the guests well attended to?" I asked.

"Yes, Alpha." He replied.

"Okay, send for Ciara for me," I said.

"Okay, Alpha." He said and left.

**\*\*CIARA POV\*\***

I was still crying when I felt a presence in the kitchen. I looked up to see the beta staring at me suspiciously and stood up and wipe my tears away.

"Good day to you beta Lucas." I greeted and bowed.

"I see you have been working a lot lately." He said.

When is it that I have stopped working before? Huh!

"Alpha Xander requests your presence in his room." He said and left.

I left for the Alpha's room. Knocking on the door.

## ADVERTISEMENT

"Come in," Xander said.

"Greetings to you Alpha." I greeted and bowed.

"I want you to prepare some pancakes with cheese and butter." He said.

"Okay, Alpha," I said and was about to leave.

"Bring a glass of milk for me too." He said.

I left to prepare the food, after I was done, I put them in a serving tray and left for his room,

"Bring it in." I heard from the inner room.

I was surprised to see Eunice on the bed looking weak. I placed the tray on the stool beside the bed.

“What happened to her?” I thought.

Wait! Did Kira do something to her? Oops, none of my business. I left.

I suddenly remembered my mate, I felt heartbroken.
