

Demoted To An Omega by Honeybee

Chapter 8

CIARA'S POV

"How will I get these injuries treated?" I thought painfully. No one wants to associate with me like I am some plague. I could not cry... That is if there are more tears in my eyes.

I carried myself into my bathroom, I had a cold bath on my colored injuries. Ouch! It hurts. I could not take the pain from the cold, I wore my clothes, as I was about to step into the room, I started having blurry vision. Before you know it I fainted.

I found myself in the most beautiful place I have ever seen. A place with a beautiful waterfall with different colorful flowers and tall trees, the beautiful view of a rainbow during sunset, butterflies moving around freely, then a butterfly came to my side, as I wanted to take it into my hand, it flew away. I started following it, trying to get to perch on my index finger but it kept moving away. Then it stopped, I looked around for it but could not find it. I turned around trying to locate it but could not find it, then it hits me, I was in another place, this place is a field with few flowers surrounding it. My eyes caught something..... or rather someone — two people sitting side by side.

They stood up and turned towards me. Wait..... Tell me it is a dream..... It looks like I am in a trance right now..... Look likes the world stopped rotating..... The earth stood still for some seconds.

"Mom, dad." I did not know when the words escaped my lips. I ran towards them, they were also coming towards me, I jumped on them.

"Mom, Dad," I said sniffing back the tears.

"Oh my goodness, my baby." My mother said hugging me. She soon released me and I was pulled into a hug by my dad.

"Daddy," I said sniffing in his cologne.

"My baby, don't cry, okay." He said wiping my tears.

"You have grown so big." My dad said and my lips switched a little bit into a small smile. They smiled happily at me.

"I miss you," I said looking at them.

"We miss you too, baby." My mom said

"See, we are doing well here." My mom said.

"This place is more peaceful than the earth which is full of pain, sorrow, sadness, and other things, but here we are satisfied so do not worry yourself too much." My dad said.

"I want to come to stay with you," I said like a baby.

"No, my darling." My mom said.

"You have got a life there and a mate." She said smiling and looking at my dad. Aww...

"Mate." I scoffed.

"Yes, dear." My dad said in reply.

"Promise me, you will take good care of yourself." My parents said.

"What? Why?" I said holding unto them.

"You can't stay with us." They said.

"Our borrowed time is up already, so we....." They said as they started fading.

No... No..... No... Come back...

"Take care." These were the last and only words I heard.

"Dad, mom!!!!!!?" I shouted before I was pulled into another realm.

"Why is this place dark?" I thought to myself. The energy it gives off is evil but what am I here?

"Are my parents also here? No that can't be possible, my parents can't be in a dark place like this."

Not long did I start to hear different people's voices chanting several words.

"You are the reason they died."

"My parents died because of you."

"If you had not been born, my siblings will still be alive."

"Your parents died because of you."

"You killed them all."

"You are a jinx."

"You are bad luck."

"Kill yourself."

"You cause problems wherever you are."

"As the new Alpha of Vengeful-eyed pack, I hereby demote you to an omega."

"You killed our Alpha and our precious Luna."

As I heard these voices, I started shaking,

"No, stop it, I did not, listen to me, I did not, please, stop it."

I started finding it hard to breathe, my chest started going up and down.

Air... Oxygen..... Yes... I need oxygen... Please give me.

"Doctor, what is happening?" I heard a very distant voice say.

"She is finding it hard to breathe."

"What do you mean?"

Then I felt something on my chest. My breathing started regulating.

"Nooooooooooooo!!!!!!" I screamed as I jerked up.

Surprisingly I found myself in a hospital. The last time I checked I was in my room who brought me here.

"Oh, my head," I said holding it. Gosh, it aches a lot... I noticed I was bandaged all over my body.

"So the jinx is finally awake." I heard a voice... I looked up to see Nicole. I bowed instantly.

I looked around and saw a gla** of water beside me, I took it with my shaking hands and drank the water.

"You know I was scared that you would die without receiving my part of the punishment." She said.

"I hope you recover quickly because I don't think I can wait anymore to unleash my anger on you." She said and turned to leave. After she was gone, I slumped back and pa**ed out again.
