

In My Desperate Time - Chapter 9 Make a chance

I kick him really hard. I hear my foot cracks. A dull pain in the joint.

Andrew Malan squats down. He covers his cock rolling on the ground.

Susan Felton sees her precious being so pain. She cares nothing and directly takes off his pants to
check.

It's blinding me!

I give a shudder in the gross.

I run out while they two checking the injury condition.

Now I can't think about neither my mother nor my family. Andrew Malan and his mother are perverts.
They can do any unscrupulous things for their benefits. If I don't go, god know what horrible things
would happen to me.

Coming out from Andrew Malan's house, I dare not go to Mindy Sue's home.

My mother can find me there once, she definitely can go there next time. If she come with Andrew
Malan and Susan Felton together, I am afraid that I would get Mindy Sue into trouble.

I go to the hotel and ask Mindy Sue to bring my luggage secretly. Then I begin to look for an
apartment and job online.

I don't have much money so I couldn't afford me hanging around too long. I must find ways to make:
money as soon as possible, otherwise I would starve to death.

I request an agent to find an apartment and send out my resume.

I feel content. I lie in bed and have a nice sleep that I haven't have for so long.

Early next morning, the agent contacts me and offers to show me the apartment.

After viewing several places, I finally find a cost-effective apartment. I sign the contract and pay the agent fee and rent for half a year. After that, there are only less than one thousand dollars left in my purse.

If I can't find a job within this month, I can only eat dust next month.

But fortunately, I have a good degree. My academic records at school are not bad, so I find a job not taking much time. Besides, it's my favorite interior design.

After leaving that Andrew Malan scum, I will do the job I like.

I also find a lawyer to dissolve my marriage with Andrew Malan. As long as I think about that 1.8 million which I have to repay together with him, it makes me headache.

But divorce is not as easy as I thought.

"Your divorce is not easy to win. You must have evidence for his domestic violence. Now you don't have evidence nor the witness. Nobody will stand by your side except yourself."

The lawyer's words make my heart chilled with disappointment.

He is right. Even my parents are on Andrew Malan's side, who can I count on.

"Or you can find out other reasons to divorce, like cheating or something like that. Then it will be to your advantage when it comes to the judgement."

Cheating?

Although Andrew Malan is a pervert, he never cheats on me.

I am the one who cheat.

Things become difficult.

I call Mindy Sue and tell her this bad news. She yells furiously.

“You silly Jane! There is no cat in this world not stealing fish. If he never cheated before, you can make a chance to made him cheat!”

That... makes sense!

Mindy Sue's brain circuit is always so weird. She is an activist and we act right that night.

But I am a little worried. Andrew Malan is impotent. Will he jump at the bait so easily? I haven't told Mindy Sue about Andrew Malan's impotence.

I don't want her to know that I haven't be nourished by a man for half a year.

Mindy Sue and I ambush on the second floor of a special place in the red-light district, We see Andrew Malan is hustled by a woman.

Damn him! He is impotent and still wants to find a prostitute.

Andrew Malan and that woman go up stairs, right in the opposite room.

That woman is bought over by us in advance. As long as anything happens, she will give an signal and we will rush in.

Light and photographer are both ready, just waiting for a call.

“AI”

That woman screams lustfully. Mindy Sue and I have an eye contact and rush into the opposite
room.
