

Divorce 1221

Chapter 1221: Cai Shaofen insists on getting a divorce

Since Lei Taihe had already said so, Lei Zhenyu and ru Yu felt that it would be unreasonable if they did not appreciate their kindness. After all, they were elders, and there was no reason for them to hold a grudge against their father in this world?

Thus, Lei Zhenyu nodded and said goodbye to his father and big brother indifferently. He had just turned around with ru Yu, but before they reached the door, they heard Cai Shaofen's voice from the second floor, "Zhenyu, ru Yu, wait for me. I want to move in with you."

The two of them immediately turned around and saw Cai Shaofen dragging a big suitcase and carrying a big luggage bag down from the second floor. Her suitcase was really big, and her determination was really big.

"Shaofen, what do you mean?" Leizhensheng immediately walked over to stop her and asked with an unhappy face, "when did I agree to divorce you?"

"I don't care if you agree or not. I'm going to get a divorce anyway." Cai Shaofen immediately pushed him away with her hand, then pulled the luggage bag and quickly walked towards ru Yu and the others.

"Shaofen, can you get a divorce by yourself if I don't sign?" Lei Zhensheng was so angry that his face turned green. Especially when Cai Shaofen said, "I'm getting a divorce." He was very unhappy.

"You can sue if you don't sign. You can let the court decide." Cai Shaofen didn't care at all. She said without turning her head, "I've already entrusted our divorce case to Zhenyu. He's my lawyer."

Lei Zhenyu sweated when he heard this. He couldn't help but curse in his heart. Sister-in-law, it can't be like this. You only came to me to talk about this. I was still trying to persuade you. When did I agree to be your lawyer?

Lei Zhensheng glared at Lei Zhenyu as expected. Then, he said in a bad mood, "Zhenyu and ru Yu are going to move back to the Lei family tomorrow. He's going to live in the Lei family. He won't be a lawyer in the future."

Lei Zhenyu couldn't help but cast a grateful glance at his big brother. Well, even if he didn't say he was going to live in the Lei family, he could still get rid of his sister-in-law. He didn't want to make sandwich cookies between his big brother and sister-in-law.

"Hehehe, it's okay if Zhenyu doesn't become a lawyer. There are many lawyers outside, aren't there?" Cai Shaofen didn't take Lei Zhensheng's words to heart at all. She still answered optimistically.

"But AH Chang hasn't given us a new check-up yet." Lei Zhensheng was a little anxious. Seeing Ah Chang come out, he quickly thought of doing a check-up.

"Anyway, we definitely won't be able to do it tonight. We can do it again tomorrow." Cai Shaofen was still insistent. "Besides, what does it matter whether we do a check-up or not? Even if the result of his

check-up is that you don't have any problems and can make any woman pregnant, I still want to divorce you."

Hearing Cai Shaofen's words, Lei Zhensheng actually didn't know what to say. He looked at Lei Zhenyu, hoping that he could put in a few good words for him.

Lei Zhenyu did not know what to say. His sister-in-law's tone was so firm. Moreover, if his brother was infertile, he should divorce his sister-in-law. After all, he could not drag her down for the rest of her life, right?

Ru Yu saw that they were in a stalemate. Then, she said with a smile, "then let sister-in-law stay at our place for a night. Don't take your luggage with you. Aren't you not divorced yet? It's not too late to move after the divorce is over. Go out and relax. You'll be bored after staying at home for a long time."

Ru Yu glanced at Lan Ruoshui as she said this. In fact, she was reminding Lei Zhensheng. If Lan Ruoshui was not taken care of, Cai Shaofen would definitely feel suffocated. It would not be so easy for her to stay.

Chapter 1222 I'm hungry

Lei Zhensheng nodded immediately after hearing Ru Yu's words. He looked at Cai Shaofen and said, "alright, you can stay at Zhenyu's place for a night. I'll come and pick you up tomorrow morning. Zhenyu and the others will be moving back tomorrow anyway, so don't go back to your parents' place. Ji Zhou Island is far from here."

Cai Shaofen glared at him angrily. The moment she turned around, tears welled up in her eyes. This damn man, whom she had guarded for eighteen years, actually refused to let her go.

"sister-in-law, don't think too much about it." Ru Yu advised her, "take your time with everything. Also, it's about big brother's infertility. Just as Yu Xin told you, she only knows that there are no sperm in big brother's semen. However, there are many reasons for the lack of sperm. Some are congenital, and some are caused by nurture. Didn't she say that nurture can be treated? Or isn't it just artificial insemination?"

"I don't care if he's congenital or nurture now. I just don't want to live with him anymore." Cai Shaofen shook her head. Then, she sighed and said, "Ru Yu, I actually admire you a lot. You just want to divorce him because of Jin Zhengnan and Lan Ruoshui. As for me... Lei Zhensheng has found so many women outside, i..."

"that's different, sister-in-law." Ru Yu persuaded her patiently, "people say that it's not a big deal for a man to have countless women outside. On the surface, he is just looking for physical stimulation. The thing he is most afraid of is that he only has one woman outside. That's not just because of physical needs. That's paying for affection. And having an affair in the heart is many times more shameful than having an affair in the body."

"then... you mean, Lei Zhensheng can be forgiven, right?" Cai Shaofen looked at Ru Yu ...

“That’s not what I meant,” ru Yu quickly explained, “sister-in-law, everyone’s personality is different. There are also people with different feelings and different demands. Don’t think about whether Lei Zhensheng can be forgiven now. What you should think about now is if you leave him, will your days be the same as before? If you leave him, will you be happier and happier? If you leave him, will you not miss him anymore? If you leave him, will you fall in love with someone else soon?”

Cai Shaofen pursed her lips and did not say anything. Ru Yu did not continue to discuss this issue with her. Instead, she patted her shoulder and said, “alright, sister-in-law, you can stay here for a night. Think about it carefully. After all, you have lived with President Lei for eighteen years. That is not a very short period of time, but a long period of time. Can you completely let it go?”

After saying this, ru Yu stood up and walked out of the door. She went to the door and gently closed it for her. She knew that Cai Shaofen’s mind was in a mess and she needed to think quietly. After all, a divorce was not a small matter.

Lei Zhenyu was already waiting for her on the bed. When he saw that she had returned, he quickly asked with concern, “how is sister-in-law?”

“nothing much. I’m just confused and Melancholic.” Ru Yu shook her head and went to bed on the other side. As soon as she sat down, Lei Zhenyu immediately pulled her over.

“Hey, what are you doing?” Ru Yu immediately became nervous. She pushed him away with her hands and said in a bad mood, “sleep, sleep. Your father still wants you to move back tomorrow. I think we’re going to become big movers.”

Lei Zhenyu could not help but laugh. Seeing her lie down, he leaned over and whispered beside her, “Ru Yu, I’m hungry.”

“Hungry?” Ru Yu clearly did not understand the other meaning in his words. Instead, she said without turning her head, “If you’re hungry, there’s still food in the kitchen. Go heat it up yourself and eat it. Or maybe steam a piece of rice cake. Anyway, you Koreans love eating rice cake. That’s the most hungry thing.”

Chapter 1223: Cai Shaofen’s decision

Lei Zhenyu was speechless. He did not know if ru Yu really did not understand or was pretending not to understand.

Alright, seeing her slightly tired expression, he thought about how she had caused so much trouble by going back to the Lei family tonight. Moreover, she had no interest in moving back tomorrow night. It was better for him not to provoke her.

Ru Yu was indeed not interested in moving back, so after breakfast the next day, Lei Zhenyu asked her to pack her things. She did not move and directly took the car keys and went downstairs to work.

Cai Shaofen looked at ru yu who had already left and shook her head at Lei Zhenyu. “Your wife is really awesome. No wonder she is so strong. It seems that I was too weak in the past.”

Lei Zhenyu smiled bitterly and then stood up to clean the dishes. However, Cai Shaofen was so shocked that her eyes were wide open. She looked at Lei Zhenyu from head to toe. After a long while, she said, "you usually... do the dishes too?"

"Yes," Lei Zhenyu answered very naturally. "Ru Yu and I often cook together. When it comes to washing the dishes, it's always the one who washes the dishes when he has the time. We don't separate from each other."

Cai Shaofen looked at Lei Zhenyu with envy. She couldn't help but say softly, "you two are really nice. I've been married to your brother for eighteen years... I've never seen him enter the kitchen once."

Lei Zhenyu smiled. He couldn't say anything about his big brother. He just said indifferently, "big brother is busy. After all, the Lei family is so big. He has a lot of things to think about every day. Of course, he doesn't need to go to the kitchen for such a small matter."

Cai Shaofen shook her head. She stood up and helped Lei Zhenyu to clean up the dishes. She said that she would wash the dishes and let Lei Zhenyu clean up the things in the house. Wasn't she going to move back to the Lei family?

Lei Zhenyu had a headache over this matter because Ru Yu did not want to move back. Last night, she had been sleeping with her back facing him and did not pay attention to him. He himself was not very willing to move back.

However, regardless of whether Lei Zhenyu was willing or not, the servants sent by Lei Taihe arrived in the morning. They quickly helped Lei Zhenyu pack up his things. Moreover, they had a clear classification. They were really well-trained servants.

Cai Shaofen smiled and said, it seemed that she did not need her help. Then she should leave. Although Lei Zhensheng did not want her to return to Jeju Island, she was a woman who did not want to live with her husband. If she did not go back to her home, where would she go?

Lei Zhenyu saw that Cai Shaofen was going to leave, so he vaguely knew that she was probably going back to her home. She didn't bring anything from the Lei family last night, so he quickly took out a stack of banknotes from his wallet and handed it to her.

Cai Shaofen was so touched that her eyes turned red. In fact, she really didn't have any money on her. She was thinking of pawning a bracelet on her wrist later, but she didn't expect Lei Zhenyu to know her so well.

"Go back and think about it." Lei Zhenyu sent her downstairs. Then he gently advised her, "of course, if you still have feelings for your brother, if you still can't bear to part with him, then... It's better to give him a chance. At least, let him go for a comprehensive check-up."

Cai Shaofen nodded. She went back to Jeju island to calm herself down. She wanted to see if she would still miss Lei Zhensheng and miss him after she left him. If a divorce was destined to result in a lawsuit, then there was no rush.

After sending Cai Shaofen off, Lei Zhenyu went upstairs. Only then did he realize that the house had already been cleaned up by the servants. He only felt a headache. He walked around the room and then took out his phone to call Ru Yu.

“Ah, Li Hasaiu!” A childish voice came, but it scared him so much that he instinctively thought that he had dialed the wrong number. So he quickly hung up the phone and picked up the phone to see that he had dialed the right number.

Chapter 1224 the devil, the little witch

Ru Yu received a call from Che Qixuan when she got into the car. He said that there was a guest at home and asked her to go back and help to receive him. He and Pu Yongjun went to Jeju island because Pu Zihui's amniotic fluid broke last night. It was estimated that she was going to give birth.

Ru Yu had a headache when she heard this, so she could not help but ask who the guest was. She even said that if it was Leng Rong, she would not go back to receive him even if she was beaten to death. Did that guy need to be received?

Che Qixuan smiled and wondered if it was Leng Rong. If it was Leng Rong, he would not have called her. After all, she was already married to Lei Zhenyu, right?

When ru Yu heard that it was not Leng Rong, she secretly heaved a sigh of relief. She wanted to ask who it was, but before she could ask, Che Qixuan hung up the phone. He was probably already at Ji Zhou Island.

Ru Yu was a little helpless. She could only drive home. It was Christmas in two days. It was normal for Che Qixuan's House to have guests. After all, he had many guests.

Ru Yu drove for a full forty minutes before she arrived at Che Qixuan's House. Just as she parked her car in the courtyard, she heard cheerful laughter coming from home.

Dongfang Mu Yao hadn't even entered the house yet. Just from the sound, she knew that the little demoness had arrived. She couldn't help but rub her forehead. Mu Yao had arrived. It was likely that she wouldn't be able to do anything today This little demoness was probably clamoring for her to bring her to the amusement park to play.

She pushed open the door with her car keys in her hands and walked in. The first person she saw wasn't Mu Yao, but a young man sitting on the Sofa. He was playing with an apple computer. His appearance and expression were practically a copy of Dongfang Mo's.

Oh, what a joke. Ru Yu couldn't help but sigh in her heart. It was enough for Dongfang Mu Yao to come alone as a little demoness. Now, with the addition of the Great Demon Dongfang Yunzai, it would be strange if she didn't suffer terribly from the two demons today.

“little feather, what are you still standing there for? Hurry up and come in!” Mu Yao walked out of the kitchen with a large jar of freshly squeezed fruit juice in her hands. When she saw ru Yu, she immediately shouted at her.

“hehehe.” Yun Zai couldn't help but laugh. He threw away the apple computer in his hands and stood up As he walked over to the dining table, he glanced at ru Yu and said, “little feather is currently considering whether it's better to enter or immediately turn around and run away.”

“Go, go, go. What nonsense are you spouting? Who wants to run away?” Ru Yu glared at Yun Zai with anger. Then, she quickly changed into her shoes at the door and walked in. She saw Mu Yao pouring fruit juice. Thus, without hesitation, she instructed, “give me a cup too. The winter fruits in Korea are sky-high prices. I almost can’t afford it.”

“Tsk, you can’t even afford them?” Mu Yao looked at her with contempt and then mercilessly pointed out, “little feather, you are now married to the Lei family. Didn’t you hear that the Lei family is ranked in the top five among the top ten richest people in Korea? Don’t tell me they will starve you to death?”

“what little feather means is... they don’t want to treat us to a meal, okay?” Yun Zai took over the conversation and directly took the cup of fresh fruit juice that Mu Yao had just poured. He had no intention of giving it to ru Yu ...

“little feather, little feather,” Ru Yu was very dissatisfied as she shouted at her younger brothers and sisters, “little feather, are you guys calling me that too How Old am I From now on, the three words ‘little feather’ can only be called ‘daddy’, ‘mommy’, ‘Daddy’, and ‘mommy’. All of you, from now on, call me by my big name!”

Chapter 1225 the three siblings acted together

“Then we’ll call you big feather?” Mu Yao stared at ru Yu with her eyes wide open, as if she understood.

Ru Yu was so angry that she almost reached out and threw the little thing out of the window. She really suspected that this person’s genes would mutate as she got older. Why did Mu Yao’s personality not resemble hers at all?

She remembered that when she was still young, she was only about Mu Yao’s age. That was a child who was very sensible and obedient. It was completely different from Mu Yao’s little demoness’ personality, wasn’t it? Were the two of them born from the same parents?

Towards ru Yu’s narcissism, stepmother Qiao Mai could only look up at the bright and beautiful sky with sadness... ... Che Ru Yu, you were also a little demoness when you were young AH AH AH AH

Yun Zai laughed so hard that he almost spat out the fruit juice in his mouth. He managed to stop himself from laughing with much difficulty and then explained to Mu Yao in a serious manner, “the big name that they say is a name when you grow up. It doesn’t mean that the original small name becomes big.”

“Oh, so that’s how it is.” Mu Yao looked as if she had suddenly realized something. Then, she looked at ru Yu and said, “alright then. From now on, can I call you che Ru Yu?”

“...”ru Yu was completely speechless ...

“where’s Yun Heng? Why isn’t he here?” Ru Yu immediately changed the topic and stopped discussing big names and small names with her younger brother and sister.

“He’s in America. He should only come back after the Spring Festival,” Yun Zai answered without much care.

“Dongfang Yunheng is in a relationship,” Mu Yao announced the gossip she knew. “It’s said that he’s a black girl. His parents say that she’s extremely ugly.”

Ru Yu could not help but laugh out loud. She turned to look at Yun Zai and asked, “is it true? Isn’t Yun Heng... always very honest?”

Yun Zai’s mouth twitched instinctively and said disdainfully, “that’s also called honest. Come on, what’s called dishonest?”

“You’re called dishonest.” Ru Yu used her hand to knock Yun Zai’s head symbolically. “Oh right, where’s that chick from last time? Why didn’t she come with you? Did she dump you?”

“What girl? Don’t talk nonsense.” Yun Zai glared at Ru Yu fiercely. “She’s a cousin of a friend. I was her cousin.”

“F * Ck, Dongfang Yunzai, don’t you have a conscience?” Mu Yao finished the remaining juice in one gulp. She placed the cup heavily on the dining table and roared, “you usually don’t like your own biological sister so much. When the time comes, why don’t you go and see her cousin? I must complain to Dad.”

Yun Zai saw that the little girl was angry and knew that he had provoked her, so he quickly coaxed her. “Alright, Mu Yao, didn’t you say that you wanted to go to Disneyland? I’ll treat you to it another day.”

“Mu Yao, what are you having for lunch today? Do you have enough ingredients in the kitchen?” As Ru Yu spoke, she took off her coat.

Yun Meng immediately put down the Juice Cup in his hand and came over to help her take the coat. Then, he hung it up on the simple clothes drying rack at the corner of the wall. He turned around to look at Mu Yao, who had a depressed look on her face, and immediately asked, “is daddy’s refrigerator empty?”

Because Ru Yu called Che Qi Xuan Daddy, Yun Heng Yun also called him daddy when they were playing in Korea. Then, it was little Mu Yao, who also called her brother and Sister Daddy.

Thus, Che Qi Xuan was often proud, saying that although he was not married, he had four children. Dongfang Mo often sighed. He had worked so hard to have children, so why did he call his younger brother Daddy?

Chapter 1226: An unknown caller

“No, Daddy’s fridge is empty.” Mu Yao shook her head and said, “Daddy didn’t know we were coming. When we came, he had already left. So, today, I’m making a meal out of nothing.”

“Hehehe, what are you afraid of, Mu Yao?” Yun continued with a smile, “didn’t you say that your new brother-in-law is very rich? Later, ask Che Ru Yu to call brother-in-law and ask him to treat me to a big meal.”

“In your dreams.” Ru Yu glared at them. Then, she said in a bad mood, “Lei Zhenyu has been kicked out of the Lei family because he married me. Now that he has no money to feed himself, how can he afford

to treat you to a big meal? If you want to eat, go ahead and eat. Don't just think about exploiting others.
”

“Tch, what do you mean by exploiting?” Mu Yao snorted in disdain. Then, she pointed out in a serious manner, “Che Ru Yu, if you don't let him treat us to a big meal, how can you tell if he treats you sincerely?” “Let me tell you, if a man really likes a woman, even if he is so poor that he only has one peanut left, he will still give you half of it.”

“What if he is so poor that he only has a moment left?” Ru Yu deliberately asked back. Without waiting for Mu Yao to answer, she looked at Yun and said, “look, Mu Yao has been taught badly by you.”

“Tsk, does Mu Yao need me to teach her?” Yun Zai shrugged his shoulders innocently and said, “I learned it from her, okay? By the way, what is your husband Xin's name? Lei Zhenyu?”

“PFFT...” ru Yu could not help but laugh and quickly corrected them. “What Lei Zhenyu? His name is Lei Zhenyu, okay? Zhenxin's Zhen at noon, the universe.”

“Cheh, this name is really ugly. It doesn't have any nutrients at all.” Mu Yao took over the conversation from the side and said bluntly, “I still think that Yun's name sounds good just now. Thunder shower, it sounds powerful even at a young age.”

“How is it powerful?” Ru Yu glared at her sister. “Zhenyu means to revitalize the universe, but rain shower is meaningless.”

“Why is rain shower meaningless? It's not drizzle.” Mu Yao scoffed at ru Yu's words and then explained seriously, “rain shower means rain in a while. Don't tell me you want it to rain all the time in your life?”

“Yes, yes, yes.” Yun took over from the side and tried his best to control his smile. “shower is better than drizzle or no rain, right? “?”

Ru Yu was so angry that she blew her beard and glared at the brother and sister in front of her. She really doubted whether they were paying attention in class. Why were the words of “shower” completely explained to them?

“Alright, I'm going upstairs to get something.” Ru Yu stopped talking to the brother and sister. These two people were too powerful. She was no match for them in terms of eloquence.

Just as ru Yu went upstairs, her phone rang. Mu Yao was stunned for a moment. Then, she picked up the phone in a prank and said in Korean, “Ali Ha Sai you!”

The other Party immediately hung up. She thought it was strange. Was this person not Korean when he called? How could he not understand her authentic Korean?

“Who called?” Yun Zai saw that she was holding ru Yu's phone in a daze and quickly asked.

“I don't know. There's no name, only a string of numbers.” Mu Yao shook her head. She really could not tell whose number it was.

“It's probably Leng Rong. Help her turn off her phone. Don't let Leng Rong Disturb our mood,” Yun Zai guessed, because Leng Rong didn't speak Korean.

Yun Zai had just finished speaking when his phone rang again. It was the same number as before. Mu Yao heard Yun Zai's voice and immediately cut it off. Then, she turned off her phone without hesitation.

Chapter 1227 the difference between a Fujoshi and corruption

When Ru Yu came down, Mu Yao and Yun Zai had already stopped drinking fruit juice. The two of them were playing with their phones on the Sofa She sighed softly and said, "let's go. Since Daddy's fridge is empty, let's go to the mall and buy some ingredients. Mu Yao will cook for us for lunch."

"Cook for lunch?" Mu Yao immediately expressed her opposition. "No, no, definitely not. I want a big meal. I want your thunderstorm to treat us to a big meal."

"He's busy. He doesn't have time to treat you to a big meal." Ru Yu glared at Mu Yao. "He's a big lawyer. He's busy with lawsuits. How can he have time to treat you to a big meal?"

"It's okay if he's busy," Mu Yao said indifferently. "As long as his bank card isn't busy, it's fine. Do you have his subsidiary card?"

Hearing Mu Yao's question, ru Yu immediately knew that she wouldn't be able to escape today's big meal, so she fell on the Sofa She glared at her and said, "Don't you know that the food in the restaurants outside isn't clean? There's a lot of gutter oil, slop oil, and so on..."

"It doesn't matter." Mu Yao didn't care about cutting off ru Yu's words. "I eat at home every day at Binhai. I don't have a chance to eat gutter oil and slop oil. I think it's good to wash my stomach with gutter oil and slop oil once in a while."

Oh, damn it. Ru Yu was finally completely defeated by Mu Yao. She Sat on the Sofa without making a sound.

Yun Zai couldn't help but laugh when he heard Mu Yao's words. He got up and sat down beside ru Yu Then, he put his hand on her shoulder and said, "sister, just invite us out for a big meal. You don't know that in Binhai, mother doesn't like to go out to eat. Mu Yao rarely has the chance to eat outside. You can treat us to lunch at noon, and let your thunderstorm treat us to another meal at night. That way, we can also put in a few good words for your thunderstorm."

"Go. After all, don't you just want to have a big meal?" Ru Yu glared at them and took Yun Zai's hand away She lectured her younger brother and sister seriously, "don't you know that our parents advocate frugality and environmental protection? Eating out is a form of corruption."

"Corruption is corruption." Mu Yao did not care and continued, "Che Ru Yu, didn't you always say that you are a Fujoshi? Isn't this Fujoshi used for corruption?"

Fujoshi was used for corruption?

Ru Yu was shocked by Mu Yao's words. She looked sideways at Yun Zai who was laughing uncontrollably. She was completely stunned. Moreover, she did not know how to explain the difference between a Fujoshi and corruption to Mu Yao who was only six or seven years old.

Hence, she could only grit her teeth. Alright, it seemed like today's feast was set. A younger brother and a younger sister. Each of them was more cunning than the other. She probably could not defeat them in a one-on-one fight. Now that they were a couple, it would be strange if they were not defeated. She could only obediently take the two of them out for a feast.

"Aiyo, ru Yu, why are you still driving your own SUV?" Mu Yao began to express her opinion as soon as she got into the car. "Your Lei Jianyu is so stingy. Even after marrying you, he did not give you a new car. Isn't it a little too cool to drive a mountain SUV in the city? One must keep a low profile, keep a low profile!"

"Keep a low profile, my ass. Keep a low profile?" Ru Yu reached out and knocked on Mu Yao's head symbolically on the passenger seat. "Sit properly. Children should sit in the back seat, but you're actually sitting in the front. The back seat is the safest place for children."

Chapter 1228 encountering a love rival

"TSK, there's no safe place in this world, okay?" Mu Yao scoffed at ru Yu's words. "Haven't you seen the news? No one has hacked someone to death for no reason even when they're walking on the road?"

Alright, ru Yu admitted that she would probably lose the debate with Mu Yao again, so she immediately changed the topic. "What do you want to eat? How about grilled meat?"

"Is there anything else to eat besides grilled meat in Korea?" Mu Yao quickly asked.

"No," ru Yu answered directly, and then faintly said, "how about Fried Rice cake?"

"Then let's roast meat." Mu Yao immediately made a choice, and then whispered, "actually, there's nothing good about pork."

"Really, SIS, why don't you buy another city off-road car?" Yun Zai, who was in the back row, said, "anyway, you often use cars in the city, so the city off-road car should consume less gas, right?"

"Why buy a city off-road car? Doesn't daddy still have a car?" Ru Yu didn't care much and answered, "I'm afraid that you guys can't get used to a car, so I drove an off-road car."

"Of course I wouldn't be used to a car." Mu Yao sat in the front passenger seat and continued, "the space in a car is so small, it's uncomfortable to sit in it. It's better to drive an off-road car."

"Go, it's uncomfortable to sit in a car. What kind of car do you want to sit in?" Ru Yu was very dissatisfied with Mu Yao's words. It was already good enough for a child to have a broken car to sit in, but she actually despised a car. What kind of child was this?

"I want to sit in an old car!" Mu Yao didn't take ru Yu's reproach to heart. Then, she gossiped, "Ru Yu, you don't know, right? Dad got an old car two months ago. It's said to be from the 1930s. It's so stylish and purely handmade. I'm so envious. I really want it, but you know that old man Dongfang Mo. He's as stingy as a miser. That luxurious and stylish old car can only fit him and Xi Muru. We siblings can't even touch it."

"Really?" Ru Yu looked at Yun in the rearview mirror and asked, "is there really an old car?"

“Yes, dad got it two months ago when he went to attend that asia-pacific conference in Shanghai. It was said that a Taiwanese sold it to him. The Taiwanese father parked his car in the basement before he went to Taiwan. In the past two years, he came back from Taiwan and found the old address before digging it out,” Yun patiently introduced. Then, he said, “you know dad, he always gives all the good things to mom. This old car is of course no exception. Moreover, the old car was named Mu Ru.”

“Oh, that’s not strange.” Ru Yu nodded and said, “the love between father and mother is the kind of legend that comes to an end after suffering. It is a love story that reveals the truth in times of adversity. Father once hurt Mommy like that. Now, it is not surprising that he gave a car to mommy and named it after her.”

After ru Yu said this, the barbecue shop had arrived. There were not many people at noon, so there was almost no need to wait for a parking space. She parked the car and the three siblings walked into the barbecue shop together.

As soon as they walked into the barbeque shop, they were surprised to find that Song Yuxi was also there. She treated her like air and ignored her. Instead, she found a seat by the window and sat down.

Song Yuxi was also stunned when she saw ru Yu and a handsome man bringing a child in. Her mind immediately flashed to the fact that Zheng Junji had once told her that ru yu had an illegitimate daughter.

Could it be that this was the wild man and the illegitimate daughter that she had once had? Song Ru Yu’s mind quickly came up with a melodramatic plot. She felt that she had found a new breakthrough point.

Chapter 1229 between brother and sister

“The streaky pork here is very expensive. It is said that it was transported from a very remote village in Jeju Island. Save it for me,” Ru Yu sat down and instructed her younger brother and sister. At the same time, she added, “eating too much streaky pork will cause diarrhea.”

“PFFT...” Yun Zai could not help but laugh out loud. Then, he looked at ru Yu and said, “come on, sister. Mu Yao came to Seoul to have a big meal with you. But in Korea, the food is mediocre. Other than eating roast meat, there is nothing else to eat. You even told us to save it. Aren’t you deliberately trying to make Mu Yao unhappy? She is looking forward to eating this roast meat.”

“Tsk, if you don’t want to eat, then don’t follow me to Seoul.” Mu Yao scoffed at Yun Zai’s words. With a cold snort, she said, “aren’t you going to America? You can go directly from Binhai. I’m already an adult, do I still need you to send me? I don’t even know how many times I’ve gone to Binhai and Seoul by myself.”

Ru Yu didn’t take mu Yao’s words about her going to Seoul and Binhai to heart. This girl was very capable. She would definitely be fine even if she traveled all over the world.

She noticed that it was Yun Zai’s message. She couldn’t help but look at her younger brother beside her and ask, “Don’t you like England? Why do you want to go to America? I remember that you once said that you liked England’s sigh bridge the most.”

“Tch, then it’s just a broken bridge. What’s there to see?” Before Yun Zai could reply, Mu Yao had already taken over the topic. She was just a child, yet she was the only one who occupied a corner. Meanwhile, ru Yu and Yun Zai were sitting together.

“I want to go to England, but father insisted that I go to America,” Yun Zai said in a low voice. “You know, this holiday, Yun Heng didn’t come back. Mother is also worried.”

Ru Yu raised her eyebrows. It seemed that Yun Heng had not contacted her for a while. A few days ago, she had seen someone at the class reunion holding a financial magazine saying that Yun Heng had found a black girl to be his girlfriend or something.

“Yun Heng is really in a relationship?” Ru Yu asked, puzzled.

“I don’t think so.” Yun Zai shook his head and said, “it’s not like you don’t know how strict our mother is on us. Especially after what happened to daddy when he was young. Yun Heng and I can not play with cars before the age of 18. We can not hang out with random friends outside. We usually go to school and after class, she would let us go to the interest class of the training institution. Once the holidays came, she would take us on a trip. On the surface, she seemed to be the best parent, but in fact, she was the most autocratic and dictatorial parent. Weren’t they afraid that we would become bad, afraid that we would get involved with some of our classmates She was especially afraid that we would fall in love at a young age?”

“It’s not right to fall in love at a young age,” ru Yu immediately answered. Then, she said seriously, “did Yun Heng Fall in love at a young age in America?”

Yun Zai made an exaggerated gesture of wiping his sweat with his hand He could not help but remind her faintly, “Che Ru Yu, Yun Heng and I are already 20 years old. Even if there is something that we don’t fall in love with, isn’t that normal? Why would we fall in love at a young age If we don’t fall in love, we won’t be able to fall in love anymore. At that time, we might be forced by our parents to marry some young lady or something.”

Hearing Yun Heng’s words, ru Yu came to a sudden realization. She was already 26 years old, and Yun Heng Yun was already more than 20 years old. But why did she feel that they were still young?

“then you should hurry up and fall in love.” Ru Yu immediately became a close friend and advised him, “if you don’t fall in love, you’ll be forced to get married. In the end, you haven’t even experienced what it’s like to fall in love. Thank goodness.”

Chapter 1230, ‘chance encounter’ Zheng Junji

“PFFT...” Yun Zai laughed out loud. She turned to look at ru Yu and said, “sister, you’ve been through this before. Do you think you can seize the time to talk about love? How can you talk about it if you haven’t met the person you like? There’s no way you can talk about it even if you want to.”

Ru Yu was at a loss for words. Alright, Love was indeed something that could be encountered but not sought after. Just like how she had treated Jin Zhengnan back then, there had been many outstanding guys chasing after her before that. However, she had not been able to find the feeling of being moved at all.. Until she met Jin Zhengnan.

In fact, she really wanted to tell Yun Zai that love was a feeling. It was better to truly get married and live a life. Just like her and Lei Zhenyu, both of them had been in love, but in the end, they did not continue to go on with the person they loved.

However, she did not say these words in the end. Yun Zai had never been in love. If she told him these things too early, then he might not have the slightest interest in being in love. In the future.. Wouldn't it be a pity if she listened to her parents and got married to a certain young lady?

"Hey, have you two talked?" Mu Yao protested loudly as she roasted the meat. "Both of you are so old and all you know is to talk and wait for food. How can you let a child like me roast meat? How can you let the parents of the world suffer?"

Only then did Ru Yu and Yun react. The two of them looked at each other and could not help but sweat. The parents of the world? Please, are they her parents?

If they were her parents, they would not want such daughters. If they were stuffed back into their lives, who would like the little witch Other than the two Weirdos, Dongfang Mo and Xi Muru.

Mu Yao roasted the pork belly and came out. Yun Zai ate a few pieces of pork belly and his phone rang. He immediately took out his phone to answer the call while Ru Yu and Mu Yao continued to roast and eat.

"Mu Yao, you must eat more today." Ru Yu placed a piece of freshly roasted pork ribs on Mu Yao's plate. "Hurry up and eat. I'll roast it. You ordered so much today. If you don't finish it before leaving, it would be a shame to waste it."

"Yes, yes. I won't waste it. I love grilled pork ribs the most." Mu Yao put on her gloves as she spoke and grabbed the piece of pork ribs. Then, she said proudly, "Koreans are all Koreans. They only know how to eat streaky pork. Actually, grilled pork ribs taste better than streaky pork, okay? Moreover, pork ribs are cheaper than streaky pork. Look, how much will I save you money?"

Ru Yu was speechless when she heard this. Koreans didn't like grilled pork ribs because they felt that it wasn't worth it to eat pork ribs, okay. Barbecuing meat, of course, was all about eating meat. How much meat was on the pork ribs? The more meat was thrown, the less food was eaten. This showed that the Koreans were shrewd, okay?

Ru Yu was helping Yun grill pork ribs when a slightly familiar figure suddenly walked over from her side. She was busy flipping through the pork ribs and did not bother to look up to see who this person was.

"Che Ru Yu, what a coincidence. You are also here to eat barbecued meat?" Zheng Junji walked over and saw Ru Yu who was busy scrubbing oil on the pork ribs. He then looked at Mu Yao who was eating greasily. He could not help but frown and ask, "This child is..."

"Are you Lei Zhenyu?" Before Ru Yu could answer, Mu Yao was the first to ask Zheng Junji.

Zheng Junji frowned and looked at Mu Yao without saying a word. He neither admitted nor denied it.

Ru Yu glared at Mu Yao and quickly said, "he's not Lei Zhenyu. He's Zheng Junji. He's a friend of mine who plays billiards very well."
