Chapter 1251. Read it in advance

There were thousands of scenes of them meeting again, but there was no one like this one.

At the entrance of the dim and ambiguous Royal Junjue nightclub, a woman wearing cheap but slightly revealing clothes hugged her body that was slightly trembling from the cold wind and lowered her head. She kept praying to the men who came here to have fun.

“Sir, let me have it. I only need 500,000 yuan. You can set the time limit.”

“Sir, I really only need 500,000 yuan. Please let me have it...”

“Sir, I beg you...”

Fang Xiao kept praying, but no man was willing to stop for her. Perhaps her haggard appearance did not attract the men’s attention.

Beside her, there was a girl who was also wearing revealing clothes but was dressed gorgeously. She was the only one who was not even willing to look at her.

The other girls were as delicate as flowers that were about to bloom. Only she was as Pale and haggard as yesterday’s yellow flower!

It was already midnight. She had yet to find a buyer and had yet to raise a single cent.

A low-profile luxurious limousine stopped at the door. She immediately rushed over without caring about her image. She bowed and begged the man who had just pushed open the car door. “Sir, please let me have it. It’s only 500,000 yuan. Really, it’s only 500,000 yuan...”

There was no reply. The silence above them was suffocating. A slightly familiar scent came from the tip of her nose. Fang Xiao was stunned for a moment before she took a step back and raised her head.

In front of her stood a young man in a hand-made Navy Armani suit. His deep facial features were as if they had been carved by a master sculptor.

His handsome face, straight eyebrows, high nose bridge, AND SEXY THIN LIPS!

Even after five years, even though time had washed away her face and erased her long-lasting memories, she still only needed 0.1 seconds to call out his name

Xi Lingheng!

Xi Lingheng!

Xi Lingheng!

The man who was riding a broken bicycle with her!

The man who was able to fight in groups just by pulling a chair for her!

The man who was hugging her waist as he stood on the table tennis table and announced loudly, “from now on, Fang Xiao, she is my girl! “!

The man who begged her over and over again in the snow, “Xiao Xiao, don’t leave me, Xiao Xiao, please don’t leave me! “!

And now, she was standing face to face with him at the entrance of the Royal Lord Jue’s nightclub. She was a prostitute, while he was the Supreme Benefactor!

If God did not make a big joke on her, then this should be a myth!

Chapter 1252

Hui City was a third-tier city. It was not a big city, and its economy was far from that of Binhai, a first-tier city. However, the bus service had gotten better in the past two years. It was no longer just a few cold and hard chairs like many years ago. Now, the seats were soft Moreover, there was a mobile television in the car.

There were many people in the car. She carefully stood in a corner. The moment she looked up, she realized that the television was already filled with entertainment news.

The man who had almost become her husband, Qiu Yitang, had brought his beloved woman, Du Caiwei, to a high-profile business banquet last night to show off their love. Du Caiwei was dressed in a fluffy gown. She grabbed her wrist bag and placed her hand on her lower abdomen. A Red Line had already been circled on the screen A few large words popped out. It was suspected that she was pregnant.

She lowered her head and no longer looked at the car-mounted television. Instead, she turned her gaze to the outside of the car window and looked at the various green belts and buildings that flew past.

Qiu Yitang was a long time ago. If she had not seen him on television, she would not have been able to remember him.

Her phone rang at this moment. The ringtone was mechanical but very loud. Even in the midst of the clamor, everyone was talking about the gossip between Qiu Yitang and Du Caiwei with great interest She could also accurately tell that it was her phone ringing.

She took out her phone and leaned closer to the side. Then, she pressed the phone close to her ear and covered her lower part with her hand. Then, she asked in a low voice, “what’s the matter? ”

“that kidney source, do you want it or not? ” A mechanical voice sounded. “If you don’t want it, the other one wants to buy it. Moreover, the person who sells the kidney is also waiting for the money, right? ”

“I... ” She bit her lips lightly and finally made up her mind. “I want it! ”

The numerous fan matchless anger: Lei Zhenyu you this exactly what meaning We spend money to chase you every day flatter you, is not waiting for you to take the car Ru Yu Wu Shan sex Why don’t we

just have a pool with waves, you lying actor? Why don't you show me some skin Now the movies and TV are showing, AH, AH, AH

Lei Zhenyu had a mournful look on his face. "I'm wronged, I'm really wronged. It's really a pity that I don't show any of my body and looks. Besides, Che Ru Yu is also incomparably beautiful. She's so beautiful that she can topple countries and cities. Cough, cough, cough, of course, it's a little exaggerated." "But at least I gave up half of the shares of the Lei family for her." "actually, we both wanted to show you something."

The fans started to attack: "then why didn't you show it?" "It's so easy to get laid after having sex. Do you two deserve the passion and RMB that we chase you every day?"

Lei Zhenyu and Che ru Yu looked guilty. "My dear friends, this question is really too profound. With our intelligence, we can't answer it. Why don't you ask my mother? I think she knows the reason."

The fans immediately looked at a certain stepmother with murderous anger. "Xiao Qiao, you don't want to live anymore, do you?" "Don't you know the consequences of offending the fans?"

Xiao Qiao immediately smiled and put on a fawning expression. "Dear friends, don't be angry. Of course, Xiao Qiao knows that dear friends are Xiao Qiao's bread and butter, but Xiao Qiao also knows that China holds the power of Xiao Qiao's life and death. Xiao Qiao is just trying to survive." "WE HAVE NO CHOICE!"

The fans were extremely sad. "Then Xiao Qiao, can't you let them have a good sex?" We really want to see it.

Xiao Qiao, a stepmother, looked up at the sky for a long time, and then gritted her teeth: then one day when the administrator is lazy, Xiao Qiao will seize the time to let them get out, and then get a broken boat for them to row a boat?

The fans immediately threw the watermelon skin and apple skin in their hands at Xiao Qiao's head: Go, a broken boat is not okay At least get a big cruise ship!

Xiao Qiao, a stepmother with a sad face: cruise ship is so expensive, really expensive... ... Props can not afford AH

Chapter 1253 I'll take care of you

Ru Yu woke up the next day, still sore. Fortunately, she had been training in taekwondo since she was young. Her body was healthy and she recovered quickly, so she did not feel like her bones were almost broken.

When she opened her eyes, Lei Zhenyu was no longer beside the bed. She secretly heaved a sigh of relief and quickly got out of bed. She went to the cloakroom to get some clothes and went to the bathroom to wash up quickly.

Men were indeed animals. Looking at the bruises on her body, one could tell how wild he was last night, especially after the second and third time. After she got used to him, it was as if he was trying his best She wanted to stuff his entire body into hers.

She could not help but sigh. Lei Zhenyu usually wore his clothes well. She did not expect him to be such a beast in bed. No wonder women called men dressed like beasts. It must be because of this.

When ru Yu was done packing, Lei Zhenyu had already knocked on the door. Seeing that she was wearing a scarf around her neck, he chuckled and said in a low voice, "I'll be more careful next time."

Ru Yu glared at him. He quickly smiled and said, "hurry up and come out. Mu Yao made breakfast. The two of us are working together. We're waiting for you."

Only then did ru yu remember Mu Yao. She nodded and did not bother to be angry with Lei Zhenyu. She quickly dragged her slippers and walked out of the door. The room was already filled with the fragrance of porridge.

It was indeed Mu Yao's cooking. The Porridge was cooked properly and the pot stickers were fried until they were bright yellow. It looked appetizing, not to mention there were cucumber side dishes.

The three of them had breakfast. Ru Yu was originally going to the studio, but all the things in the house had been moved away. Two of her paintings had also been moved to the Lei family. One of the paintings had to be picked up by a client at noon.

Therefore, she could only go to the LEI family to pick it up. Of course, Lei Zhenyu would accompany her. When Lei Zhenyu was around, ru Yu didn't need to drive. Lei Zhenyu would temporarily help her as a driver.

"Ru Yu, isn't it a bit of a waste for you to drive this Hummer in the city?" Lei Zhenyu turned to look at her as he drove. "Let's not talk about whether this car is good or not first. The main thing is that it consumes gas and has a large exhaust capacity. It's not very good for environmental protection."

Ru Yu was slightly stunned. Actually, her car had been modified, and the LOGO of the car had been removed by her. People outside usually didn't know that this was a hummer, but she didn't expect Lei Zhenyu to recognize it.

"I still have a car at my dad's place, but I don't like to drive a small car." Ru Yu could not help but laugh. "You know, small cars have little space. I like cars with more space, so..."

Her face turned slightly red as she said this. Actually, she was also an environmentalist, but she did not seem to pay much attention to driving.

"I will start driving a small car in the city tomorrow." She quickly admitted her mistake. Since Lei Zhenyu had already talked about environmental issues, it seemed that she had damaged the environment by driving a mountain jeep in the city every day.

"Ru Yu, do you make a lot of money by painting?" Lei Zhenyu turned to look at her carefully. "there are two cars."

"PFFT..." ru Yu could not help but laugh out loud Then, she used her hand to pat his hand symbolically and said, "Lei Zhenyu, do you really think that we can't live without you "I've been famous for ten years. Not only can I become rich by painting, but I can also live a carefree life as a family. Don't worry, I'll support you if you lose your job."

Chapter 1254: Return to the Lei family

Lei Zhenyu immediately broke into a sweat. She raised him. Even if she had the heart to, he could not really enjoy it. He was a man. No matter what, he would earn money to support his wife and children.

The two of them soon arrived at the Lei family. The car could not even drive through the courtyard door. The security guard of the Lei family stopped them and saw Lei Zhenyu's cold and dark face. Thus, he nodded and bowed as he introduced, "second young master, these are Mr. Lei's rules. We really have no choice. Please don't make things difficult for me, okay?"

"GET LOST!" Lei Zhenyu immediately flew into a rage and roared at the security guard, "do you want to open the door now? I'll give you three seconds. If you don't open the door, I'll drive my car straight into the railing. If you don't want to live, then use your body to block it."

The security guard was scared out of his wits. Lei Zhenyu had always had the image of a gentle and modest gentleman. He was usually very polite and gentle to the security guards and had never lost his temper before. He did not expect that he had suddenly changed into a different person and was completely unreasonable.

Aiyo, this probably had something to do with his marriage. As the old saying goes, marrying a wife actually had a lot of knowledge. Look at the eldest young master marrying Miss Cai. He had never changed.

And this second young master married a second-hand woman as his wife. He actually did not even maintain his gentlemanly demeanor. From this, it could be seen how much influence a wife had on men.

Although this security guard secretly criticized Lei Zhenyu's failure in marrying a wife for a long time, he did not neglect his actions. He immediately opened the door for them. Although he did not dare to provoke Lei Zhensheng, but.. Now that Lei Zhenyu had been taught by his wife, he also did not dare to provoke him.

Ru Yu had never seen Lei Zhenyu lose his temper before. Today was the first time she could not help but laugh out loud. It seemed that there was some logic in provoking a rabbit to bite someone. Even a good temper like Lei Zhenyu was no exception.

Ru Yu followed Lei Zhenyu out of the car and naturally walked towards the main hall of the Lei family. Because many of her things were still in the Lei family, since she was here, she had to move more of them back.

However, just as she reached the door, she saw Lan Ruoshui coming down from upstairs. Lan Ruoshui was also stunned when she saw them walking in, but she quickly mocked them.

"Aiyo, didn't you leave with such a backbone last night? Why, you can't take it after just one night. You actually ran back so early in the morning?"

Lei Zhenyu was about to speak. However, Lei Taihe, who was walking over from the other side, spoke first. "Ruoshui, what are you saying. Is this your house. When your uncle and aunt came back, they didn't hurry to say welcome, but actually said sarcastic words. I think you are tired of staying here."

"This... grandfather... you are... I actually..." Lan Ruoshui hit a few funny lines in succession, but she didn't say a coherent sentence ...

She couldn't help but secretly glare at Ru Yu, and then couldn't help but mutter in her heart, this old master Lei is really not easy to serve. He turns hostile faster than flipping a book. Last night, he was the one who chased Lei Zhenyu out, and now he's blaming her again.

"The second young master and Second Young Madam are back?" The Butler knew how to act according to the situation. From Lei Taihe's tone, he immediately knew that he was not really going to chase Lei Zhenyu out. Hence, he immediately came over with a smile on his face. "Second Young Master, Second Young Madam, quickly come over and sit down for breakfast."

Chapter 1255. WHO COULD AFFORD IT

"We're not eating anymore. We've already eaten." Lei Zhenyu's tone was indifferent and distant as he coldly glanced at Lan Ruoshui. Then, he looked at Lei Taihe and calmly explained, "we came back this morning because ru Yu has two paintings waiting for customers at noon today. Now, let's go upstairs to get the paintings and move some things along the way."

After Lei Zhenyu said this, he immediately held ru Yu's hand and was about to walk towards the stairs. However, he was stopped by Lei Taihe just as he raised his foot.

"Zhenyu, ru Yu, come over!" Lei Taihe saw that his youngest son and daughter-in-law actually did not greet him. He was obviously angry. Seeing that they were about to leave, he quickly called out to the two of them.

Lei Zhenyu did not really want to go over, so he stopped there and did not move. Ru Yu gently pushed him. He said in a low voice, "let's go over and greet father. No matter what, he is your father. As Juniors, how can we hold a grudge against our elders?"

Lei Zhenyu heard ru Yu's words and glanced at her from the side. Then, he nodded and did not say anything else. Instead, he walked towards the dining room with her. Lan Ruoshui had already passed by them. Then, she sat at the dining table and ate her breakfast.

"Dad, is there anything else I can do for you?" Lei Zhenyu and ru Yu stood at the dining table and looked at Lei Taihe who was sitting at the head of the table. Their tone was polite and distant as they asked in a neutral tone.

Lei Taihe looked at them and then looked at the door. Then, he said gently, "Zhenyu, ru Yu, that's right. I'm not saying that I can't let you two be together. I just can't accept that child. Now that you've sent that child away, it's better for you to move back in. Forget about the past. I don't have the energy to investigate ru Yu's history anymore. As long as you two live a good life and help the Lei family give birth to two children, it will be fine."

Ru Yu didn't know whether to laugh or cry when she heard Lei Taihe's words. Then, she said indifferently, "Dad, you're mistaken. We didn't send Mu Yao away. The child is smiling and loves to play. She wanted to go out to play today, but Zhenyu and I were busy and didn't have time, so she went to play by herself. She went back to the apartment that ru Yu and I rented at night."

“What?” Lei Taihe was shocked when he heard ru Yu’s words. He put down the chopsticks in his hand and stared at Ru Yu and Lei Zhenyu. Then, he asked with a little disbelief, “she’s just a little older than you. Instead of sending her back to her hometown, you actually let her play by herself. Can she distinguish right from wrong? If you let her play by herself, does she know how to spend money? Hasn’t she squandered all your money in just a few days? Moreover, this society isn’t very safe now. She’s so young, and she looks... “She’s still considered cute. What if she meets a human trafficker and is abducted and sold?”

When ru Yu heard Lei Taihe’s words, she couldn’t help but mutter in her heart. It was true that sometimes, Dongfang Mo and Xi Muru were angered by Mu Yao. They really had the impulse to sell her, but they had no choice but to never sell her!

Most importantly, who would dare to buy Dongfang Mo’s daughter?

No, no, that was wrong. WHO COULD AFFORD IT? That was Dongfang Mo’s youngest daughter, Dongfang Mo’s precious child. It was a sky-high price, a sky-high price, did you know?

“Dad, don’t worry. We didn’t give much money to Mu Yao. Besides, ru Yu and I don’t have much wealth to begin with. Even if we let her squander, there’s nothing to lose. Moreover, Mu Yao is very smart and capable. I reckon that even an ordinary human trafficker wouldn’t be able to deceive her.” Lei Zhenyu’s voice was still polite and indifferent.

Chapter 1256: The fickle Lei Taihe

Lei Zhenyu paused for a moment, then said indifferently, “Dad, if you have nothing else to say, ru Yu and I will go upstairs to get our things first. We still have a lot of things to do.”

“nothing else? What do you mean by nothing else?” Lei Taihe asked unhappily. Staring at Lei Zhenyu and ru Yu who were standing one step away, his face darkened. “You two really would rather give up half of the assets of the Lei family than send that child away?”

“Yes!” Lei Zhenyu’s answer was very straightforward. His grip on ru Yu’s hand became even tighter. His gaze should be fixed on Lei Taihe’s gaze. He calmly and firmly said, “father, Mu Yao is ru Yu’s child, and ru Yu is my wife. In this case, Mu Yao is also my child. How can we not even want a child for the so-called glory and wealth?”

When ru Yu heard Lei Zhenyu’s words, she was so touched that she was in a mess. Warm liquid quickly surged into her eyes. She slightly made a 45-degree movement to look up at the ceiling, trying her best to reverse the flow of the warm liquid.

“Hehe, they really work together. For the so-called family relationship, they actually abandoned their wealth and wealth. I really admire you two as a couple!” Lei Zhensheng walked over from the stairs. Obviously, he had heard Lei Zhenyu’s words just now. Therefore, he came over with a dark face and sat down at the dining table.

“Okay, can’t you say less?” Lei Taihe roared angrily and glared at his eldest son. Then, he snorted coldly and said, “Zhensheng, don’t think that I don’t know what kind of evil idea you have in your heart. Do you

want to drive Zhenyu out and leave all of the Lei family's property to you, the so-called Goddaughter, who is actually the illegitimate daughter of your former lover? ”

“Dad, what are you saying? ” Lei Zhensheng didn't know whether to laugh or cry when he heard Lei Taihe's words So, he put down the chopsticks in his hand and said, “Dad, when did I say something like this? I'm still on the same side with you, right? Isn't my purpose not to want that illegitimate daughter of Che Ru Yu to come to the Lei family? ”

“Oh, ru Yu's illegitimate daughter can't come to the Lei family? ” Lei Taihe was now at odds with his eldest son again. “The illegitimate daughter of your dead lover can come to the Lei family and live openly in our Lei family. Ru Yu is married to Zhenyu. It's natural for her to follow her mother here. Ru Yu lives in the Lei family, so her daughter must come to the Lei family with her, right? ”

“GRANDPA... ” Lan Ruoshui couldn't help but call out in a low voice. Then she lowered her head and said softly, “GRANDPA, I really thought that dad was my biological father. I didn't mean to deceive you. At that time, you also did... ”

“enough, you have no right to speak in the Lei family. ” Lei Taihe waved his hand. “It's fine as long as you have food and shelter in the Lei family. It's not your place to meddle in the Lei family's affairs. ”

Lan Ruoshui's face immediately turned red from embarrassment. Lei Taihe's tone and actions just now were undoubtedly like driving a dog away. She didn't expect that Cai Shaofen's divorce would change her status to be similar to the Lei family's pet.

She gritted her teeth on the chopsticks, wishing she could bite them off. She secretly made up her mind. No, she had to find a way to stay in the Lei family. Moreover, she had to find a way to get half of the property.

Chapter 1257 the old man has a temper like a child

“Dad, how can Ruoshui's situation be the same as Mu Yao's? ” Lei Zhensheng quickly explained, “Ruoshui was right just now. There's a reason why she moved into the Lei family. Although we know that we made a mistake, Ruoshui... “. . . ”

“What's wrong with her? What's wrong with her? ” Lei Taihe interrupted his eldest son unhappily. “Mu Yao's situation is similar to Ruoshui's. The only difference is that Ruoshui doesn't have a mother, while Mu Yao's mother is Zhenyu's wife. ”

“But, dad, Mu Yao's situation is completely different from Ruoshui's. Ruoshui is my goddaughter, and Mu Yao will become Zhenyu's daughter if she follows in at such a young age. That will result in a qualitative change... “. . .”Lei Zhensheng reminded his father carefully ...

“I can't care so much. ” Lei Taihe quickly interrupted his eldest son's words. “Zhenyu just said that Mu Yao is ruyu's daughter, and Ruyu is his wife, so Mu Yao is his daughter. Since Mu Yao is Zhenyu's daughter, she is also my granddaughter. I can't let my son, daughter-in-law, and granddaughter wander outside, right? ”

“Dad...” Lei Zhensheng was really confused by Lei Taihe’s sudden change. He couldn’t help but remind him carefully, “Dad, you said last night that you wanted to...”

“What did I say last night?” Lei Taihe glared at his eldest son. Then, he roared again, “alright, although I’m always sick, I’m not dead yet, am I “whether it’s this family or the Lei family, I still have the final say. Don’t tell me that I’m really going to kick out my own son and daughter-in-law’s family and let you leave these properties to your ex-lover’s illegitimate daughter?”

“Dad, don’t be angry. Your health isn’t that good to begin with. It’s easy to hurt yourself if you get angry like this.” Lei Zhenyu saw that the old man was angry and quickly went forward to comfort him.

Actually, the reason why he dared to move out was because he knew that his father wouldn’t be so heartless as to disown him and cut off the relationship between father and son. His father had always been a selfish person. He wouldn’t be so foolish as to not leave the Lei family’s property to him and leave it to his big brother’s so-called goddaughter. After all, the responsibility of the Lei family’s descendants was on him.

However, it was a fact that the old man’s health had always been poor. The last time when he and ru Yu had their wedding at the church, the old man had been sent to the hospital because he was too angry. However, after seeing him, he had steeled his heart and decided to forget about it.

However, this time, ru Yu suddenly had an illegitimate daughter. He knew that the old man was furious. He estimated that the old man would take at least ten days to half a month to wake up from his anger. After that, he would ask the Butler to inform him to come back and discuss this matter again.

However, he did not expect that the old man would actually favor him in just one night. Moreover, he even went along with his wishes. From this, it could be seen that the old man really did not like Lan Ruoshui, especially after knowing that she was not a member of the Lei family.

“Dad... What are you doing?” Lei Zhensheng was also confused by his father. He really did not expect that this person was old and had a temper similar to that of a child. Last night, he still looked like he was gnashing his teeth in hatred. This morning, he actually found an excuse to find a ladder to come down and even accepted the ru Yu’s illegitimate daughter.

Chapter 1258. It was a busy and chaotic morning

“Is it me or you?” Lei Taihe asked his eldest son with a gloomy face. Then, he looked at his youngest son and daughter-in-law and said, “alright, Zhenyu, ru Yu, you don’t have to move around anymore. Just stay in this house. It’s such a big place, and it’s not here either. If you move out, won’t I die of loneliness living here alone?”

Lei Zhenyu was naturally happy to hear his father say this, but he didn’t show it on his face. Instead, he said indifferently, “Dad, I think it’s better to forget about it. Ru Yu and I will move out to live better. Although the place outside is a little narrower and the conditions are not as good as the Lei family’s, but in general, we will definitely not starve to death. Ru Yu is still a slightly famous painter. Her studio can still earn some money in a year. There will definitely be no problems with her life.”

“Look at how promising you are. Don’t tell me that you will have to rely on your wife for the rest of your life?” Lei Zhensheng scoffed at his brother’s words.

“Of course I have to look for a job myself. I’m not too bad in the legal profession, right? I hate simple things even if I have to take on a few cases. What’s so hard about that?” Lei Zhenyu said calmly. “Even if ru Yu doesn’t open a studio, I can still support my wife and children as a lawyer.”

“Alright, stop nagging.” Lei Zhensheng said a little irritably, “hurry up and go back to the Lei family to work. What lawyer? I’m going to go to Jeju Island these few days. You go to the Lei family to help me keep an eye on it. Also, we still have to think of other ways to approve the land. We can’t just leave it there, right?” “There’s no such thing as a dead end in this world.”

Lei Zhenyu and ru Yu didn’t know what to say when they heard Lei Zhensheng’s words. The two of them stood there and didn’t know whether to leave or not. This made Lei Zhensheng very dissatisfied.

“Why are you still standing there? Are you going to wait for daddy to stand up and help you pull out the dining chairs before you’re willing to sit down?” Lei Zhensheng glared fiercely at his younger brother.

Lei Zhenyu finally reacted. He immediately pulled out the chairs and sat down with ru Yu at the dining table. Although they had already eaten breakfast, in order to ease the atmosphere, they had to eat a little more.

Ru Yu finally understood. No matter what, Lei Taihe was the one who had the final say in the Lei family. As for Lei Taihe, he wasn’t really generous. After weighing all the pros and cons, he would choose a method that he thought was the most beneficial to the Lei family to deal with the problem.

They had wasted a lot of time at the Lei family in the morning. It was already noon when Ru Yu rushed to her studio. Fortunately, she had already brought the two paintings over, so she didn’t delay the time to hand them over to the client.

When she arrived, Xun Jingying was already having lunch. When she saw her, she quickly said that she thought that she would not be coming again today. Then, she quickly asked if she wanted to order for her or something.

She said that there was no need. Because she had eaten two breakfasts, she was not hungry at the moment. She handed the paintings over to Xun Jingying and instructed her to hand them over to the client later. Then, she quickly walked towards her office.

Just as she walked into the office, she saw a large bouquet of butterfly orchids. Good Heavens, these were the flowers of the south. In the snow-covered Seoul in South Korea, how expensive would a pot of butterfly orchids be?

Well, only Lei Zhenyu, this young master, didn’t know how to save money. When he just returned to the Lei family, he had already given her a large bouquet of Phalaenopsis. She felt that he was used to corruption, right?

Chapter 1259 who gave the Phalaenopsis

Ru Yu hung the Phalaenopsis aside and began to tidy up her things. As tomorrow was Christmas and tonight was Christmas Eve, her studio was closed in the afternoon.

Christmas was the New Year for foreigners. Many people in Korea also celebrated Christmas. Of course, most people celebrated the Chinese New Year. However, ru Yu still gave everyone new year gifts according to the customs of foreign countries.

After staying in the studio for only an hour, the staff of the studio finished their lunch and left work because they had been informed of the break in the afternoon.

The staff left, and even Xun Jingying left work after the client took the painting away. Ru Yu stayed in the studio alone for a while before leaving work.

Actually, she was not interested in Christmas Eve at first. After all, she was a genuine Chinese. However, when Mu Yao came, the little girl was just like her when she was young. She had a special liking for Christmas, especially Christmas Eve. She wanted to go to the church to see the choir or something.

When they had breakfast in the morning, Lei Zhenyu promised Mu Yao that he would take her to the church to pray and watch the choir sing at the New Year's Eve. Then, he would take her to have a Christmas feast.

The little girl was still a child after all. At that time in the morning, Lei Zhenyu did not know that the Lei family would let him go back. He knew that his brother-in-law had been kicked out, but he did not have any intention of saving money.

When ru Yu went downstairs, she was still thinking about taking Mu Yao to the church at night. When she walked out of the building, she was shocked to find a familiar car parked beside her car. She frowned almost instinctively. Why would Jin Zhengnan's car park here? His company was clearly far from here. What was he doing here? Doing Business?

However, she remembered seeing Jin Zhengnan and Lan Ruoshui here a few months ago. At that time, the two of them seemed to be here to try on dresses or something because there was a wedding photography shop here.

And now, Lan Ruoshui was no longer a child of the Lei family. She and Jin Zhengnan could get married openly. Presumably, Jin Zhengnan was happy, and Lan Ruoshui was happy. So, the two of them came here today to take wedding photos or something, right?

When she thought about how Jin Zhengnan and Lan Ruoshui would eventually become husband and wife, her heart faintly felt a tug of pain. Her original purpose of marrying Lei Zhenyu was to stop Lan Ruoshui and Jin Zhengnan from getting married.

However, in the end, nothing could be stopped. Lan Ruoshui and Jin Zhengnan were still going to get married. From this, it could be seen how childish her actions were.

However, when she thought about it, Lei Zhenyu was also a good person and treated her so well. It seemed that although her impulse was childish, it was not stupid.

Ru Yu naturally used her car keys to unlock the car. Just as she was about to pull the door open and get in, Jin Zhengnan's car door was pushed open. Immediately after, Jin Zhengnan got out of the car and quickly went around the front of his car to her side.

"Ru Yu," Jin Zhengnan called her softly.

Ru Yu frowned, but she still stopped pulling the door open. She turned around and looked at him with a cold gaze. She seemed to have met him the last time she went back to his house.

"What's the matter?" Ru Yu's voice was indifferent and distant. She held the car key with one hand and the other on the lock handle of the car door.

"Um, does butterfly orchid like it?" Jin Zhengnan saw her cold expression and his face darkened slightly. His voice was a little dry as he said, "I remember you said you liked Phalaenopsis, so I bought a basket. Today is Christmas Eve, I hope you..."

Chapter 1260. Her brain was damaged by the door

"What do you hope for?" Ru Yu quickly interrupted him while he was still talking. Then, she said a little unhappily, "Jin Zhengnan, didn't Lan Ruoshui tell you that she has been proven not to be a member of the Lei family? Now, there is no longer any hindrance for you to be together with her. I think you have sent the flowers to the wrong place today, right? If it is the wrong place, I will go up and get it for you. You should hurry up and send it to the woman you love. I don't care about Your Butterfly Orchid."

After saying that, Ru Yu immediately turned around and walked towards the entrance of the building. Seriously, Jin Zhengnan was getting more and more confused after his divorce with her. He could even send the wrong flowers. It was hard for him not to completely forget about his ex-wife.

"Ru Yu," Jin Zhengnan quickly called out to her, and then hurriedly said, "I came to look for you today to ask for our house key. Did you change the lock? I can't even get in now."

After the last time, Jin Zhengnan went on a business trip. He only came back here and went back home. He found that his key couldn't open the lock, so he remembered that it was probably Che Ru Yu who changed the lock.

"I did ask someone to change the lock," Ru Yu admitted generously. "The last time I saw you, you were still living in my house. I told you that I would change the lock."

"Why did you change the lock?" Jin Zhengnan was shocked and then roared in anger. "Che Ru Yu, why did you do this? That used to be my home too. Why didn't you let me live there?"

"You said it yourself. It used to be, it used to be, and not now. Now, that place belongs to me alone. I think you know this very well, Jin Zhengnan."

Ru Yu paused for a moment, then she sneered, and a mocking expression appeared on her face. She said mockingly, "Jin Zhengnan, I remember that before our divorce, you rarely came home. It was as if that home was not attractive to you at all. After our divorce, you seemed to be more and more interested in that home. I actually ran into you in that house again and again. Don't tell me that you're becoming less

and less interested in Lan Ruoshui now Do you think that hiding in that place is safer “Do you think my house is a good place for you to hide from your woman? ”

Jin Zhengnan’s face turned red from ru Yu’s words. After a while, he gritted his teeth and glared at her. “Che Ru Yu, don’t make wild guesses here. Rushui and I are very in love. Why would I hide from her? I can’t wait to spend the whole day with her. ”

“okay, okay, okay. It’s none of my business who you want to spend the whole day with, ” ru Yu said a little irritably. She didn’t want to continue talking to him Then, she said indifferently, “since you want to stay with her, why did you come here? Why don’t I call Lan Ruoshui and tell her that you sent butterfly orchid to the wrong place today? Since you gave it to me? ”

“You... I will also give her butterfly orchid. ” Jin Zhengnan’s face was filled with suppressed forbearance. Then, he took a step toward ru Yu and reached out his hand to her. “Ru Yu, give me the keys to the house. ”

Ru Yu looked at the man in front of her with a monster’s gaze. She stared at Jin Zhengnan from head to toe for a long time Finally, after confirming that he was not a monster, she could not help but ask, “Jin Zhengnan, I remember that your brain used to be quite normal. I haven’t seen you for a while. Could it be that your brain has been damaged by someone’s door You are so confused that you don’t even know where your home is Or, are you deliberately pretending to be a lunatic?”
