

Divorce 1261

Chapter 1261: whose head is broken

“Ru Yu, what nonsense are you spouting?” Jin Zhengnan’s already angry face turned even colder and darker. Looking at the woman in front of him, he had the urge to knock her head open to see if there was any brain matter inside.

This damn woman, this damn blockhead, who had he sent flowers to in his life Who had he sent butterfly orchids to He saw that her head had been kicked by a donkey.

He grabbed her wrist, and because of his anger, his face became slightly twisted Then he gnashed his teeth and said, “give me the key quickly. Even if you don’t want me to live there, all my things are still inside. If you change the lock, I won’t be able to take out anything. You can’t be so overbearing that you won’t even let me move my things, right If that’s the case, I’ll just get someone to break in.”

Ru Yu was furious when she heard his words She couldn’t help but say angrily, “Jin Zhengnan, you’re so shameless. You’re such a shameless person. After our divorce, you obviously gave me the house. Why haven’t you moved Don’t you know that it’s no longer your home Don’t tell me you still want to stay there for a long time Do you want to stay in the overlord house?”

“I do want to stay in that house for a long time. ” Jin Zhengnan did not care about ru Yu’s anger at all. If she said that he was shameless, then so be it. He had always been shameless in this matter, so.. He admitted it openly, “I’ve told you a few times that I want to buy your house, but it’s empty even if you leave it empty. This is a waste of resources. Or, if you really don’t want to buy it, you can rent it to me. But you, a woman who always talks about protecting the environment, actually refused to sell the house and did not rent it out. You... .. What does that mean exactly?”

Ru Yu found his baffling question funny She could not help but say coldly, “Jin Zhengnan, aren’t you being too controlling It’s my own business whether my house is for sale or rent. Besides, I don’t lack that little money, do I You came here to look for me today because you want to move all your things out, right?”

“Of course. I didn’t even have a place to stay when I came back from a business trip. I stayed at the hotel last night, and the clothes I’m wearing today were bought last night. ” Jin Zhengnan was full of anger when he mentioned this.

He and Che Ru Yu were divorced, but he had never moved out. Although his house outside was almost ready, he was not in the mood to move in, so he just stayed in his old house.

He went to Japan on a business trip some time ago and only came back yesterday. He naturally went back to his old house with Ru Yu, but he took out his keys to open the door and found that it couldn’t be opened. He fiddled with it for a long time Finally, he found out that the door lock had been changed.

He was so angry that his lungs were about to explode. He instinctively took out his cell phone to call Che ru Yu. Who knew that the waiter would remind him that he had been set to a missed call by Che ru Yu.

As a last resort, he drove to the Lei residence again. The Security Guard told him that Lei Zhenyu had been kicked out of the Lei residence. He then drove to Lei Zhenyu's previous apartment. The security guard there told him that Lei Zhenyu had not returned to his apartment for a long time.

He tossed and turned for the entire night, but he actually didn't know where Lei Zhenyu and Che Ru Yu lived. Che Ru Yu's father, Che Qi Xuan, didn't have anyone at home at all. Che Ru Yu's father, Che Qi Xuan, was originally very mysterious. He did not know if he had any other place besides that villa.

Chapter 1262, Christmas Eve

As a last resort, he actually stayed at a hotel in Seoul last night. He usually stayed at a hotel when he was on business trips. To be honest, he was so tired of staying at a hotel that he wanted to throw up.

It was not until this morning that he finally remembered that it was Christmas Eve, so he quickly went to the flower shop to buy a bunch of butterfly orchids from the south and sent them to her. Then, he personally went downstairs to wait for her. This was because he knew that she would work half a day on Christmas Eve every year because she had to send New Year gifts to her staff, which was also known as red packets.

Ru Yu was so angry at Jin Zhengnan's words that her lungs were about to explode. However, she thought that there was no other way. She had to let him move out. Otherwise, if Jin Zhengnan really forced his way in, then he probably wouldn't be moving out. Instead, he would be staying at her house again.

Therefore, she naturally took the key out of her bag and wanted to give it to him. However, she quickly withdrew her hand after she handed the key out. She couldn't foolishly give the door key to Jin Zhengnan. What if he took the key and went over but didn't move out and continued staying there?

Thus, she put the key back into her bag and glared at Jin Zhengnan with an angry look. Then, she said helplessly, "alright, I'll go over and open the door for you now. I'll watch you take all your things away with my own eyes. In the future, you'll never have the chance to go to my house again."

After saying this, Ru Yu immediately turned around and opened her car door to get into the car. Jin Zhengnan was slightly stunned as he got into the car. Ru Yu just said that you'll never have the chance to go to my house again, but it was like a thorn in his heart. It was so painful that cold sweat broke out on his forehead.

Ru Yu's car had just driven back to the neighborhood where she used to live with Jin Zhengnan when Mu Yao called her and asked when she was going back. She said that she and Lei Zhenyu were waiting for her to go to the church to watch the New Year's choir sing together. Of course, she also had to go to the Christmas Eve feast. At the same time, she also told her that Lei Zhenyu had already taken her back to the Lei family to live. Old Master Lei's expression was much better than last night, but he still did not like her very much.

Ru Yu smiled when she heard Mu Yao's words. Actually, it was already very difficult for Lei Taihe to do this. She told Mu Yao not to be too demanding, and at the same time, she told Mu Yao that she had some things to do while driving back to her previous home. She would go back once the matter was settled. At the same time, she told her to try her best not to provoke the old master or anything.

Lei Zhenyu took the phone and smiled as he reported to her on the phone. Mu Yao did not provoke the old master, and Mu Yao was playing against the old master. The two of them had already played for a while, and they were now locked in a stalemate.

When ru Yu heard this, she was finally relieved. Lei Taihe liked to play chess, and although Mu Yao was only seven years old, she was an expert at playing chess. Now that Lei Taihe liked her, Lei Taihe would probably be happy and would not make things difficult for Mu Yao anymore.

Ru Yu drove for forty minutes before she returned to her old home. In fact, her studio was not very far from where she used to be. The main reason was that she was answering the phone while driving, so the speed of her car was naturally much slower.

Jin Zhengnan was also rarely patient. He followed behind her car and waited for her car to stop below her old building. Jin Zhengnan's car also stopped at the next parking space.

The two cars were parked side by side. Jin Zhengnan's mercedes-benz car and her Hummer without a logo were just like those years ago. The two cars were parked in their original positions, as quiet as a couple.

Chapter 1263, Silent Night 1

However, the two of them were no longer husband and wife. Jin Zhengnan and Lan Ruoshui were bound to get married. As for ru Yu, she was already married to Lei Zhenyu. In fact, she was already Lei Zhenyu's wife.

Ru Yu took the lead and walked upstairs. It was a multi-story apartment building without an elevator. The two of them went upstairs in silence. The air was especially oppressive.

Finally, they reached the door. Ru Yu took out her keys and opened the door as she said to Jin Zhengnan beside her, "Jin Zhengnan, quickly take your things and leave. Don't stay here any longer. You have to have some common sense. After all, it's not your home."

"Of course I'll leave after I take my things. Unless you leave me here to continue living here." Jin Zhengnan rolled his eyes at ru Yu. Seeing that she had already opened the door, he pushed it open and walked in before her.

Ru Yu was so angry that she gnashed her teeth. This guy, Jin Zhengnan, was really shameless. Was He still the owner of this place She was the owner, okay Why didn't he wait for her to enter before he entered? Didn't he know that the guest followed the owner?

Although she was angry, Jin Zhengnan had already walked in. She could only obediently follow him in. This was her home, and it used to be Jin Zhengnan's home.

She and Jin Zhengnan had been in love for a year, married for three years, and divorced for a total of four years. Although he had no feelings for her and did not love her, he more or less knew who he was. He probably would not take anything that belonged to her. She still knew this However, she was afraid that Jin Zhengnan would accidentally break her things while rummaging through her things, and some of her things were more collectable.

Jin Zhengnan went to the bedroom to pack up his things. After all, his things were mainly in the bedroom and study. Ru Yu was sitting on the sofa in the living room, and because she was bored, she used the remote control to turn on the television.

In fact, she really didn't notice what was happening on the TV. Perhaps watching TV also required a kind of mood, but she just happened to not be in the mood. She turned on the TV to watch purely to pass the time.

"Ru Yu, come in for a moment," Jin Zhengnan's voice sounded in the bedroom. He probably couldn't find anything.

She couldn't help but sigh in her heart. Men were always careless animals. In the past, when she and Jin Zhengnan were husband and wife, he didn't even bother to tidy up his own things. It was she who helped him tidy up his things.

Now that he was going to move away, there were still some things that could not be found. He even had the audacity to ask her to help him look for them.

Oh, what the hell, what was this She already had no relationship with him at all, okay?

Although she was very unwilling, she still stood up and walked to the bedroom door. She looked inside and said, "what? What things can't be found? Tell me? I'll tell you. I'm not in the mood to help you look."

"What do you mean by not in the mood?" Ru Yu's words made Jin Zhengnan very unhappy. He could not help but mutter, "you were the one who helped me look for my things in the past."

"that was in the past." Ru Yu's voice could not help but raise two decibels. "Jin Zhengnan, I was your wife in the past. Can I not help you look for things? Now that I'm someone else's wife, of course I can't help you look for things anymore."

Jin Zhengnan felt extremely uncomfortable after hearing her words. He knew that she was someone else's wife now, but she should not keep talking about it, okay Do Not know that he will be sad to hear it?

Chapter 1264, Christmas Eve in her memory

"I'll take this sheet. You don't know how to use it anyway, so it's empty here," Jin Zhengnan's voice came from the bedroom. "and this box of grayish-white matches. You don't smoke anyway, so it's useless for you to keep the matches."

"What?" Ru Yu was shocked when she heard this, so she rushed in and saw Jin Zhengnan folding the sheet. She was so angry that she reached out to grab the sheet At the same time, she couldn't help but roar, "No, Jin Zhengnan, you can take other things from me, but this bed sheet definitely can't. I brought it back from the Alps after much effort. This is not a bed sheet used to sleep on the bed. This is a work of art, a work of Art, do you understand?" "What are you doing with a work of art as a businessman?"

“Ru Yu, this bed sheet was originally used to cover the bed, have you forgotten?” Jin Zhengnan’s hand was tightly holding the bed sheet, and his deep gaze landed on ru Yu’s face He said in a low voice, “you’ve forgotten. This is the bedsheet that we slept together on that snowy night. ”

“So what? Anyway, I don’t need to sleep on the bed anymore.” Ru Yu’s face turned red from anger when she heard Jin Zhengnan’s words She glared at her while gritting her teeth. “Jin Zhengnan, even if we slept together on this bedsheet, that’s in the past. Now, I treat this bedsheet as a work of art. I will never use it to sleep on the bed again. A Work of art is not a living thing, so I will never give it to you. ”

“I also see it as a work of art. I took it away, but I didn’t say that I would use it to sleep on the bed. I also used it to treasure it...”

It was used to treasure the years that had passed. It was used to treasure the bed sheet that he and she had once shared. It was used to treasure the memory of that night that could never be forgotten, the extravagant time of that night.

Three years ago, it was also December. The two of them had been married for a few months. It just so happened that ru Yu was going to the Himalayas to sketch, and it just so happened that Jin Zhengnan was also on vacation. Therefore, he said that he would accompany her to sketch, and he would do the hard work for her. At the same time, he also spent his honeymoon.

In the Himalayas, it was naturally unavoidable to go skiing. Ru Yu had been a playful person since she was young, so she pulled Jin Zhengnan to ski with her. And because of her boldness, she naturally skied out of the ski resort.

At that time, Jin Zhengnan was scared out of his wits, and Ru Yu had more or less some experience. She had also heard that her parents encountered an avalanche while skiing in the Himalayas, so she and Jin Zhengnan did not dare to stay long.

At that time, she did not think of ways to find the way back to the ski resort like her parents did back then. Instead, she simply accepted her mistake and found a place to go down the mountain. Because no matter where they went down the mountain, as long as they went down, it would be much easier.

Of course, they were also much luckier than her parents. They did not encounter an avalanche and went down the mountain in a place where the snow was thinner. However, it was very far away from the ski resort.

Of course, they could not return to the hotel where the ski resort was located. Because they were in the countryside, they had no choice but to stay at a Tibetan’s home. It happened to be Christmas Eve that night.

Christmas Eve that night was particularly cold. Because the Tibetan’s home received them temporarily, they did not burn the Kang during the day. At night, they temporarily helped them burn two fires. However, the Kang was still very cold, and there were very few bedsheets and blankets in the Tibetan’s home.

Chapter 1265 — Christmas Eve in my memory

There were very few of them. I don't even know which year the quilt was from. The quilt cover was rotten, and there was also the smell of herdsman. The mattress on the Kang was also rotten to the point that cotton was popping out. A large patch had been patched up, but it was still not patched up.

In the end, the old Tibetan woman probably felt that the mattress that was popping out clumps of cotton was indeed difficult to sleep on, so she took out a brand-new bed sheet and said that it was prepared for her son to marry his wife next year.

This sheet could hardly be described as beautiful. It could only be described as breathtakingly beautiful, because the material of the sheet itself was not bought cloth, but handmade clay cloth. The Dragon and Phoenix patterns on it were also embroidered with earthwork thread by thread.

That night, she really did not want to put this sheet on the mattress to sleep, but there was indeed too much cotton coming out of the mattress. She really could not sleep, so she had no choice but to put it on.

That night was particularly cold, and the old Tibetan mother only gave a sheet and a quilt. Although she and Jin Zhengnan had never slept under the same quilt since they got married, now they had to sleep under the same quilt.

The weather was so cold, and the windows were not made of glass, but those old window paper. The cold wind blew and blew, making the window paper rustle. This room was probably used by the old mother's family to store things, so it was not very popular. It was especially cold.

In fact, Ru Yu used to like to sleep on an earthen Kang because it was warm in winter and cool in summer, especially in winter. The people in the north used a few sticks of firewood to burn the Kang until it was warm, so the entire room also warmed up. It was more comfortable than staying in a heating room.

But that night, their Kang had been burned. Moreover, the firewood was wet from the snow, so it could not be burned. Therefore, there was no fire at all. There was almost no heat, and the air in the room was bone-chilling.

The two of them had no choice but to sleep under the same blanket. Because it was too cold, in the end, they could not remember who took the initiative. In short, the two of them hugged each other in the end.

After a long time, whenever she thought of this night, Ru Yu still thought that she should have taken the initiative to crawl into Jin Zhengnan's arms. Because she just had her period, her stomach cramps, and her hands and feet were colder than usual, and Jin Zhengnan was very warm. When people were cold, they could not help but crawl into a warm place, so in the end, she could not help but crawl into his arms.

Fortunately, Jin Zhengnan did not push her away. He just hugged her tightly and put his chin on the top of her hair. He asked gently, "Ru Yu, are you especially cold every time you have your period? Does your lower abdomen still hurt?"

At that time, she was snuggling tightly in his warm embrace. Because she heard his strong heartbeat, she blushed and nodded shyly. Then she whispered, "the doctor said that after marriage, the child will be better, and the pain will slowly disappear."

After she said this, she did not remember what Jin Zhengnan said. Perhaps she did not hear him clearly or did not say anything. She just hugged her even tighter, so that the warmth from his body continued to spread to her.

That night, perhaps because she was snuggling in Jin Zhengnan's arms, she did not feel particularly cold. Instead, because of the warmth from his body, her lower abdomen was not as painful as before.

Chapter 1266 memory of Christmas Eve 2

Of course, it was also because she was snuggling in Jin Zhengnan's arms that her sleeping posture was not correct. The result was that the sanitary pad under her body leaked, not only staining the pajamas on Jin Zhengnan It also stained the sheet that the old Tibetan mother was preparing for her son to marry a wife with a large amount of color.

When she woke up the next morning, she looked embarrassed. Jin Zhengnan changed out of his pajamas with a Sullen face. Then she saw him folding the sheet to the old Tibetan mother, probably because she had dirtied it or something Then, he paid for the bed sheet.

Later, the bed sheet returned to Seoul, South Korea, with their luggage. because she liked it, ru Yu put it away. Initially, she wanted to wash the burn marks on it, but because it took a long time, she could not wash it off. She wanted to wash it with bleach However, Jin Zhengnan said that the bleach would automatically bleach the color of the bed sheet, so she simply did not wash it.

From their marriage to their divorce, they had slept together for three whole years, which was the night on Christmas Eve. And this bed sheet remembered the only warmth between them.

After that, they never slept under the same blanket again. Even if they slept on the same bed, there was still a distance of more than a meter between them, and they never shared the same blanket or bed sheet.

And this bed sheet, this hand-woven geotextile bed sheet, recorded the warmth and affection between them that night. It was a memory that she could always tell herself and Jin Zhengnan that their marriage was not without a trace of warmth.

Now, Jin Zhengnan insisted on taking away such a bed sheet. She really would not agree to it. This was not just a matter of treating it as a work of art. It also proved that her first love was not so bad that there were no beautiful memories.

"Ru Yu, I must take this bed sheet with me. It's useless to say anything." Jin zhengnan pulled slightly, and Ru Yu's body instinctively leaned a little towards his.

"I will definitely not let you take it with you." Ru Yu immediately exerted force and stabilized her body. At the same time, she grabbed the other part of the bed sheet and pulled it hard, not giving him the chance to stack it and put his suitcase away.

“Ru Yu, let go.” Jin Zhengnan increased his strength.

“I won’t let go!” Ru Yu also increased her strength and pulled.

However, she was a girl after all. Although she had learned taekwondo and could gain an advantage in a fight, she still couldn’t compete with this strength. Therefore, her body gradually leaned toward Jin Zhengnan.

Jin Zhengnan took this opportunity to increase his strength again. He pulled hard, and Ru Yu’s body directly lost her balance. Then, due to inertia, she couldn’t control herself and rushed toward Jin Zhengnan, directly into his arms.

“Bang...” the sound of the door being pushed open was followed by the sound of someone running in. Then, Lan Ruoshui’s panicked voice sounded, “what are the two of you doing? Che Ru Yu, are you shameless?”

Following Lan Ruoshui’s voice, there was the sound of footsteps coming from behind. It was actually Mu Yao and Lei Zhenyu who walked in. When they saw the scene in front of them, they were obviously stunned for a moment.

At this moment, Ru Yu and Jin Zhengnan’s posture was very flirtatious because Ru Yu’s entire body was in Jin Zhengnan’s arms, and the two of them were actually holding onto one end of the bed sheet, looking very intimate and flirtatious.

Chapter 1267, the war on Christmas Eve

“Che Ru Yu, can a person be so shameless to the point of you?” Lan Ruoshui’s voice was almost shrieking as she ran forward like a mad dog. She cursed, “Che Ru Yu, you b * Tch, you dirty woman, you shameless woman, you actually came to seduce Zhengnan.”

Lan Ruoshui was extremely furious. Just cursing seemed to not be able to resolve the hatred in her heart. Then, she raised her hand and ruthlessly slapped Ru Yu’s face, wanting to give Ru Yu a big slap.

Unfortunately, her hand did not land on Ru Yu’s face in the end. Instead, it stopped forcefully in the air. Of course, she did not stop by herself. Instead, she was grabbed by Jin Zhengnan’s hand.

“Ru Yu, can you just bare your fangs and brandish your claws, wanting to hit and scold people?” Jin Zhengnan’s voice was obviously dissatisfied with her current state. “things are not what you think.”

Ru Yu quickly broke free when Jin Zhengnan went to grab Lan Ruoshui. Lei Zhenyu and Mu Yao had already come to her side. Just now, because of her strength and anger, her face was still red.

“If it’s not what I think it is, then what is it?” Lan Ruoshui shouted in exasperation. Tears quickly welled up in her eyes. She pointed at Ru Yu, whose face was still red, and growled, “look at her now. She looks like a pig in heat. The two of you were clearly...”

“Ruoshui, don’t talk nonsense here, okay? You can say whatever you want about me. You can’t talk about Ru Yu like that.” Jin Zhengnan immediately reprimanded the woman beside him in disgust. “She’s not the kind of person you think she is.”

After Jin Zhengnan said this, he immediately took the bed sheet over and folded it neatly. Then, he wanted to put it into his suitcase.

“What are you going to do with such a long and ugly rag?” As Lan Ruoshui spoke, she directly snatched the bed sheet from Jin Zhengnan’s hand and threw it on the ground without thinking. She said disdainfully, “I bought brand-new silk bed sheets and down quilts. Is it worth you moving over even if you’re standing on trash goods? It’s a waste of your suitcase.”

Ru Yu immediately walked over and squatted down to pick up the bedsheet. Unfortunately, just as her hand grabbed it, Jin Zhengnan also squatted down to grab another piece. Thus, the two of them once again showed a tug-of-war posture.

“Jin Zhengnan, the woman you love said that this bedsheet is trash. You still want trash? Let go of it quickly. Don’t fight with me over this trash. I want to put this trash into my studio to collect.” Ru Yu’s hand was still tightly holding on to the bedsheet. She had no intention of giving in at all, and her tone was very firm.

“Ru Yu, what’s going on? This was originally yours, wasn’t it? Does he want to take it away by force?” Lei Zhenyu walked over. Standing beside her, seeing that she was still in a tug-of-war posture with Jin Zhengnan, the two of them were exerting force, and judging from their posture, neither of them intended to give it to the other.

“It’s still not obvious. Of course, it’s because I miss the days when the two of them used to have sex together.” Lan Ruoshui was angry, so she spoke in a sour voice according to the plot that she had imagined in her mind. Then, she pointed at the blood on the bed sheet and said, “look, this is obviously not it. If I’m not wrong, this should be the first time they left it behind. The two of them are really...”

Chapter 1268 war on Christmas Eve 1

“Lan Ruoshui, what nonsense are you spouting here?” Mu Yao immediately walked over and glanced at Jin Zhengnan and Lan Ruoshui. Then she casually said, “My mother gave birth to me when I was 19 years old, and she only married Jin Zhengnan at the age of 23. Don’t use your filthy thoughts to make wild guesses.”

“What? Che Ruyu, this is your daughter?” Jin Zhengnan was truly shocked. Looking at the little girl who looked somewhat similar to Ru Yu, he looked at Ru Yu and shook his head. “Impossible, how could you be such a person?”

“Masao, she is such a person, just a low-life. You used to think that she was such a noble person, but now you know, she is a shameless, shameless, low-life woman. She gave birth to an illegitimate daughter at the age of 19. Her so-called pure and elegant image in the past was actually a lie... .”

“PA!” A clear and crisp sound of a slap in the room rang out, was speaking of the mouth foaming at the mouth of Lan Ruoshui’s cheeks immediately hit out five clear fingerprints.

However, this time, it was not Mu Yao who did it, but Lei Zhenyu who did it. His cold, knife-like gaze landed on Lan Ruoshui’s face like a sharp blade. His face was already filled with an irrepressible anger.

“Lan Ruoshui, I don’t hit women in principle. However, thinking about a woman like you who doesn’t even have a basic sense of shame, I can only break my principles.” Lei Zhenyu’s voice was low and contained a hint of mockery. “A woman who is a mistress, a woman who destroys other people’s families, a woman who wants to hurt her best friend’s husband, a woman who fabricates her own identity to deceive others. You are not low enough, what else do you need to be considered low “How dare you scold me like a mad dog?”

“Lei Zhenyu, are you f * Cking bullying me? You’re just a stupid pig.” Lan Ruoshui covered her red and swollen face with her hand Then, she yelled at Lei Zhenyu crazily, “Lei Zhenyu, stupid pig lei, you’re the second young master of the Lei family. Marrying A second-hand woman is not only a disgrace, but also an absolute honor. Now, this second-hand woman has a seven-year-old illegitimate daughter. Moreover, she has an ambiguous relationship with her ex-husband. I don’t think you know how many men she’s married to. Do you think... “. “ ...”

“Are you done barking like a mad dog?” Mu Yao whipped the whip in her hand fiercely in the air Then, she pointed the whip at Lan Ruoshui, who was spitting everywhere, and said, “Do you want me to whip your mouth into a pig’s mouth before you can stop?”

“Little Bastard, no, you may be a little bastard, but you actually dare to talk about me like that to your aunt. I think you’re tired of living.” Lan Ruoshui was indeed a little crazy in her extreme anger, especially when Jin Zhengnan did not help her This made her unable to avoid going crazy. She could not do anything to Lei Zhenyu and Che Ru Yu, so she vented all her anger on Mu Yao.

It was precisely because she was crazy that she forgot the lesson from yesterday. At this moment, she actually started cursing without thinking. She was burning with anger, thinking that she had to bully one person.

“PA!” The whip hit Lan Ruoshui’s mouth that was splashing saliva. The strength was not particularly great, but the key was that it was used properly. Moreover, Lan Ruoshui was opening her mouth to speak at that time, so the whip just happened to hit her lips Her upper and lower lips immediately bloomed. It was really similar to Zhu bajie’s mouth.

Chapter 1269 war on Christmas Eve

“Zhengnan,” Lan Ruoshui covered her mouth with her hand Her other hand pointed at Mu Yao in front of her and screamed, “Zhengnan, help me take care of this little b * stard. I will not let her off today. I will take care of her until she cries out for her mother and father. This little B * Stard!”

“Do you want to try?” LeiiZhenyuu immediately spoke in front ofJinnZhengnann.Thenn, he stood in front ofMuuYaoo and shielded her behind him.Hee looked like he was ready to fight withJinnZhengnann at any time Anyway, he had wanted to beat him up for a long time.

Jin zhengnan frowned. He was very dissatisfied with Lan Ruoshui’s interference. He didn’t look at Lei Zhenyu’s ready-to-fight posture because he didn’t want to fight at all.

Therefore, he pulled the other end of the bedsheet with a little more strength. Ru Yu couldn't compete with him in terms of strength. Moreover, she didn't want to be pulled into Jin Zhengnan's arms again, so she had to let go. She watched helplessly as he pulled the bedsheet over.

Jin Zhengnan quickly folded the bedsheet and put it into the suitcase. Then, he looked at Lei Zhenyu and Ru Yu and said indifferently, "you guys should leave quickly. I'll pack up and leave immediately."

Before Ru Yu and Lei Zhenyu could say anything.. Lan Ruoshui shouted furiously from the side, "Zhengnan, how can you let them leave just like that? They bullied me, why don't you care? Are you willing to see me being bullied? Why don't you help me bully that little bastard?"

"Who's the little bastard?" Mu Yao rushed to the front, the whip in her hand lashing out in front of Lan Ruoshui "Lan Ruoshui, you don't even know who your father is, but I know who my parents are. You're a mad dog with your own surname, yet you're still barking like a bastard. Why don't you try barking again?"

Lan Ruoshui was so scared that she took a step back. At this moment, she was alone and helpless because she had pinned her hopes on Jin Zhengnan. However, it was a pity that Jin Zhengnan had no intention of helping her.

Therefore, she shouted angrily, "didn't you hear that? Just now, Zhengnan told you to leave quickly. Why are you still here? Do you want to be shameless dogs?"

"That's a good question." Ru Yu immediately took over the conversation and snorted, "whose home is this? WHO IS QUALIFIED TO ASK PEOPLE TO LEAVE? Who is still a shameless dog here?"

When Ru Yu said this, she pointed at Jin Zhengnan and Lan Ruoshui and said, "are you going to leave or not? Are you really determined to be a shameless dog here?"

Only then did Lan Ruoshui remember that this place did not belong to Jin Zhengnan, so she could not help but jump up again and pointed at Ru Yu. Due to her anger, her fingers were trembling as she shouted, "Che Ru Yu, don't go too far. Do you think that if Lei Zhenyu returned to the Lei family and my grandfather tolerated your illegitimate daughter, everything would be fine? However, let me tell you, things are not as easy as you think. I will let you two, a pair of dog and woman, get a divorce. I will definitely let you two get a divorce. Zhengnan and I are the ones who love each other and advance and retreat together. As for you, a dirty woman, even the heavens are not kind to you. No matter how much you marry, your marriage guarantee period will not last long."

"Get out!" Ru Yu finally couldn't take it anymore and looked at the couple in front of her. Then she pointed at the door and growled, "Jin Zhengnan, I'll give you half a minute to get out of here with your barking dog. Otherwise, I'll call the police to drag you out."

Chapter 1270, the lighter in her memory

Lan Ruoshui stood there and did not want to leave, but Jin Zhengnan came over and pushed her. "Ruoshui, go out and wait for me. Why did you come here for no reason?"

Lan Ruoshui became more and more unhappy after hearing Jin Zhengnan's words, especially with his performance tonight. However, Jin Zhengnan had already asked her to leave, so she could not stay any longer. Thus, she could only walk past Ru Yu in her high heels.

However, she was not satisfied, so when she passed by Ru Yu, she gnashed her teeth in anger and said, "Che Ru Yu, don't make me angry. Otherwise, you don't know what kind of woman you will become."

"Mad Blue Dog, if you think your tongue is too long, then stick it out two more times. I don't mind using my whip to perform surgery on you. I'll make your tongue so short that you can't speak." As Mu Yao spoke, she whipped the whip in her hand again until it made a purplish sound.

Ru Yu looked at the whip in Mu Yao's hand and used her hand to touch her lips that were already red, swollen, and ruptured from the whip. Although she was extremely angry in her heart, she wished that she could swallow Mu Yao alive.

However, when she looked at Lei Zhenyu, Che Ru Yu, and the man who didn't help her, Jin Zhengnan, she instantly understood that she wouldn't gain anything if she continued to make a racket. Thus, she could only turn around and walk out of the door dejectedly.

"Jin Zhengnan, put down that lighter for me." The moment Ru Yu turned her head, she saw Jin Zhengnan putting an exquisite lighter into her luggage bag and immediately stopped him.

Jin Zhengnan seemed to have not heard Ru Yu's words at all. He still put the lighter into his luggage bag and didn't take Ru Yu's words seriously.

Ru Yu gnashed her teeth in hatred. She really wanted to snatch the lighter out of Jin Zhengnan's luggage bag. However, Jin Zhengnan had a simple expression on his face. It was as if he was saying, "if you dare to snatch this lighter away..." "I might as well not move away. I really want to stay here forever."

She finally did not make a move because she knew that Jin Zhengnan was sometimes stubborn and could not be pulled back like an ox. It was just like his love for Lan Ruoshui that she could not pull him back from Lan Ruoshui for three years.

This lighter was not an ordinary lighter, because this lighter came from Vienna and was the first batch of lighters produced by IMCO. It was found by the two of them together.

Coincidentally, it was the second year of their marriage. Ru Yu was going to Vienna to sketch. Coincidentally, Jin Zhengnan was on a business trip in Austria, so he came to Vienna to pick her up and prepare to return to Korea together.

It was in the suburbs of Vienna, in a small alley. To be precise, it was at a roadside stall. At that time, Jin Zhengnan was addicted to cigarettes and wanted to smoke, but he had run out of matches.

Therefore, he wanted to find a box of matches to buy, but he could not find it. Then, he found this lighter made of bullet shells by the roadside. He was very surprised, so he asked Ru Yu to look at it.

Ru Yu was an artist and had studied many antiques. When she saw this lighter, she was so cute that she could not put it down. Then, Jin Zhengnan took out his money to buy it, and this lighter actually still worked.

Of course, it was only used for a short while. When he went back, he put it away. It was the first batch of lighters from IMCO. How much was this collection worth?

This lighter was collected by Jin Zhengnan. Because ru Yu usually liked to collect matchboxes, this lighter was not placed in the living room or study room. Instead, it was placed in the bedroom.
