

Divorce 1271

Chapter 1271'it's not peaceful on Christmas Eve'

Jin Zhengnan did not have many things at home because he did not have many when he stayed at home in the past. Moreover, men's things were always neat and orderly, so he finished packing in a few minutes.

He picked up his luggage bag and walked to the door. He turned around and glanced at Ru Yu. Perhaps he wanted to say something to Ru Yu, but his lips squirmed a few times, but in the end, he did not say anything.

Jin Zhengnan and Lan Ruoshui finally left. Ru Yu looked at the wolf borrowings on the floor in the bedroom. She suddenly remembered that Jin zhengnan still had books in his study. She immediately chased after him, wanting him to take away all of his broken books in one go.

However, by the time she reached the door, Jin Zhengnan and Lan Ruoshui were long gone. She could not help but curse in her heart, "Damn it!" At the same time, she hoped that Jin Zhengnan would not think about his broken books, or that he did not like those broken books in the first place Don't come to her for books in the future.

While Jin Zhengnan was packing his things, Lei Zhenyu had been watching silently. He obviously would not be as dirty as Lan Ruoshui and think of things in that way. However, he also knew that it was left behind by ru Yu during her period.

That kind of bed sheet actually looked extremely rough. Of course, he didn't know much about fabrics, but ru Yu and Jin Zhengnan treated it like a treasure. From this, it could be seen how deep an impression that night had left in their hearts.

There was also that lighter. With just a glance, he knew that it was the first batch of lighters produced by IMCO in the 1910s. The two of them also treasured it like a treasure.

He had always thought that Jin Zhengnan loved Lan Ruoshui. He divorced Che Ruyu for Lan Ruoshui. Moreover, Jin Zhengnan didn't have any feelings for ru Yu because ru Yu had been married to him for three years and was actually a good girl.

However, through tonight, he vaguely felt that Jin Zhengnan had feelings for ru Yu. Moreover, in the bottom of ru Yu's heart, although she hated Jin Zhengnan to the bone, he also knew that it was precisely because she did not forget Jin Zhengnan That was why she hated him so much.

However, that was all in the past. From the Moment Che Ruyu and Jin Zhengnan knew each other to their marriage and divorce, it had only been four years.

Four years, over 1,400 days. It was not that the two of them did not have any feelings for each other because they had not broken through that layer of relationship. Since they had decided to get married, it meant that both of them actually had a good impression of each other.

As for why ru Yu was still a good girl after getting married, it could only mean that it was a miracle. At the same time, it showed that Jin Zhengnan was extremely stupid.

Jin Zhengnan existed in Ru Yu's heart. This was certain. He could not blame Ru Yu, nor could he force Ru Yu to immediately drive Jin Zhengnan away from her heart because Ru Yu could not drive Jin Zhengnan away from her heart at all.

The one who really wanted to drive Jin Zhengnan away from Ru Yu's heart was him. He had to occupy Ru Yu's heart as soon as possible so that she could only think about him and fill her heart to the brim. She had no more free space to store Jin Zhengnan's figure and name.

"Hey, are you guys hungry? I'm so hungry that I can eat a cow." Mu Yao saw Ru Yu and Lei Zhenyu sitting on the sofa in a daze. So she quickly climbed up, grabbed Ru Yu's hand, and shook it. "Che Ru Yu, I'm hungry. Hurry up and take me to eat. Tonight's choir has finished singing. It's Christmas Eve, Jingle Bells, I'm so pitiful!"

Chapter 1272: The ox-ox Feast on Christmas Eve

"Then let's go, let's hurry and find a cow to eat." Ru Yu finally came to her senses. She immediately stood up and held Mu Yao's hand. She then said to Lei Zhenyu who was beside her, "look at where there are cows in Seoul. Hurry and buy one and kill it. Our Little Mu Yao wants to eat a cow."

Lei Zhenyu nodded. He immediately came over and held Mu Yao's hand as they walked out of the door. Then, he said to Mu Yao with a serious expression, "alright, isn't it just a cow? That's very simple. Let's go and eat it now. I know where there are cows."

Ru Yu took one last look at her room. It was still a mess. She was not in the mood to tidy up. She quickly took her bag and walked out of the door. When she walked out, she immediately closed the door behind her. Her heart had finally calmed down.

Lei Zhenyu brought them to a beef shop. There were so many people here. It was Christmas Eve, so it was unavoidable to have a party. Fortunately, Mu Yao liked to be lively. The little girl loved to watch fireworks. The key was that they were not allowed to put any here.

Mu Yao said that she could eat a cow, so Lei Zhenyu ordered a lot of things from the cow without holding back. Things like beef liver, tripe, beef heart, beef tongue, and beef brisket. Of course, there was still some beef.

The family ate happily. Mu Yao was really hungry. After all, she was a child. She had played for another day. She did not go to the church to see the choir at night. Now, she ate the whole table of cows fiercely.

Many years later, when Mu Yao grew up and was no longer interested in beef, she would complain that it was her brother-in-law, Lei Zhenyu, who had harmed her. He told her to avoid cows whenever she saw them. Even people with the surname of cow could not like them.

Of course, that was for the future. Take tonight's beef feast as an example. In Seoul, pork was ridiculously expensive, and beef was sky-high. Most people in Seoul mainly ate rice cakes and kimchi.

The table of beef was so full that people were about to die. Ru Yu originally liked to eat beef, but there were too many of them. In the end, everyone was full, and they only ate half of it. They had no choice but to pack it up and bring it back.

The three of them returned to the Lei family's house again. It was already past midnight. The sound of the Christmas Eve bell was actually heard from the car. Well, this Christmas Eve, they were so confused.

Mu Yao insisted that this was the most unforgettable Christmas Eve for her. Because she beat up the mad dog, she did not know if she would ever have the chance to beat up the mad dog again on Christmas Eve.

It was already past midnight. Lei Taihe had already gone to bed, while Lei Zhensheng was not at home. He probably went to Ji Zhou Island to look for Cai Shaofen. Thinking about it, he was still very unwilling to divorce Cai Shaofen. After all.. It was very difficult to marry another woman who was so devoted to him.

Lan Ruoshui did not come back either. She was probably with Jin Zhengnan. Ru Yu was not interested in Lan Ruoshui, so it was impossible for her to pay attention to her. Thus, she arranged for Mu Yao to sleep quickly and said that she could take her out to play tomorrow Christmas.

The two of them were also exhausted. When Lei Zhenyu went to bed, he still wanted to have her, but ru yu directly rejected him. She was so exhausted that she could not open her eyes. How could she have the strength to deal with him?

Lei Zhenyu finally let her go. Although he really wanted to, she knew that she was really too tired tonight. She was physically and mentally exhausted. He did not want to give her a bad impression at such a moment. He and she had plenty of time in the future... ..

Chapter 1273, Christmas

The next day was Christmas. Mu Yao had taken Mu Yao to Disneyland last night when they were eating cattle. Therefore, Mu Yao was already shouting that she wanted to go to Disneyland before she went downstairs.

Ru Yu originally wanted to go with them, but her phone rang. It was Lin Yuxin calling. Moreover, she sounded mysterious on the phone. It seemed like she had something to tell her and wanted her to go out no matter what.

Therefore, she said to Lei Zhenyu, "then I'll go and see my friends. Today, you'll take mu Yao to Disneyland alone. Have Fun. The little girl is always talking about going to Disneyland. "

"Sure, no problem. " Lei Zhenyu agreed without thinking. Then, he smiled and said, "I'll learn how to be a father today. Take your daughter out to play for a day. In the future... "

Lei Zhenyu stopped here and looked at ru Yu who was combing her hair in front of the mirror. Then, he came to her side and stood behind her He looked at her in the mirror and said, "ru Yu, when you help me give birth to a child in the future, I'll have experience in coaxing children. So, I think it's good that the two of us found Mu Yao. "

Ru Yu's face instinctively turned red to the root of her neck. She stared at the man in the mirror who was smiling proudly and could not help but turn around She used a comb to symbolically knock on his

head. "Come on, there's still no shadow of this matter. You're actually thinking about coaxing children in the future. Why are you thinking so far ahead?"

"Why don't we just want to get some shadows?" Lei Zhenyu hugged ru Yu from behind. His thin lips moved closer to her neck and whispered, "how about you let me have breakfast? Maybe I can leave some shadows..."

"Isn't breakfast downstairs..." ru Yu didn't finish her sentence. She immediately noticed the ambiguous expression in Lei Zhenyu's eyes and the lustful look on his face. She instantly understood and deliberately put on a straight face. She pretended to be angry and pushed him away. "Go, go, go. Hurry up and leave. I have an appointment with my friend. You have to wait on that little ancestor Mu Yao for me today. If I can't get past her, she might be unhappy and give me an order to kick you out."

"Ah? It can't be?" Lei Zhenyu frowned when he heard this. Seeing that she had already walked out of the bathroom, he couldn't help but chase after her and ask, "that, is Mu Yao really that powerful?"

"Do you think I'm joking with you?" Ru Yu rolled her eyes at him, then walked towards the door and said, "alright, I'll go downstairs first. Mu Yao is still sleeping. When she wakes up, you take her to breakfast first, then remember to bring her to play."

"Oh, I know. It's just to serve the little ancestor." Lei Zhenyu agreed somewhat helplessly. Seeing that ru Yu opened the door and went out, he couldn't help but ask, "Um, will your date with your friend be long? Are you coming to Disney in the afternoon?"

"I don't know yet. I don't know what's wrong with that girl. She seems to be in a bad mood. I'll go over and take a look. If I have time, I'll come to Disneyland to look for you in the afternoon." After saying this, ru Yu immediately walked downstairs.

Lei Zhenyu shook his head. He knew a little about ru Yu's friend. She was an obstetrician and gynecologist. Furthermore, the physical examination of his sister-in-law, Cai Shaofen, and even the examination of his brother's semen were all done by that doctor.

It was no wonder that his brother could not have a good impression of ru Yu. He and his sister-in-law had been living peacefully for many years. Ru Yu's arrival had disrupted his peaceful life.

Chapter 1274 Lin Yuxin had an accident

However, when he thought about it carefully, it was all thanks to ru Yu. Otherwise, big brother would still be in the dark, thinking that Lan Ruoshui was his daughter and that the woman outside was pregnant with his child.

"Hey, Lei Zhenyu, what are you thinking about? Why are you so lost in thought?" Mu Yao walked out of the room and saw Lei Zhenyu standing at the door in a daze. She could not help but shout.

Lei Zhenyu?

Alright, Zhenyu Jun immediately frowned. This was the first time he had heard someone call his name like this. Zhenyu and Zhenyu were two completely different words, and even their pronunciation was different, okay?

Alright, alright, forget it. In short, ru Yu said that this was a little ancestor, so it was better for him not to argue with her.

Hence, he quickly put on a smile and looked at the overly beautiful little girl in front of him. "Mu Yao, are you done washing up? After you're done washing up, we'll go downstairs to eat. After that, I'll bring you to Disneyland to play."

"Alright, alright." Mu Yao jumped over happily and took the initiative to hold Lei Zhenyu's hand. "Let's go, let's go. I've already prepared everything. Now, let's go eat breakfast and then go to Disneyland to play."

Lei Zhenyu looked at the overjoyed Mu Yao. He could not help but think in his heart, is a child picked up by ru Yu really carefree?

Ru Yu drove to Lin Yuxin's apartment because this girl called and said that she did not want to go anywhere. She only wanted to stay in the apartment and especially did not want to go out to see the bustling crowd outside.

Ru Yu was somewhat baffled by her sudden melancholy. In her memory, Lin Yuxin was a fearless person and especially playful. She was also a glutton and liked to eat a lot of messy snacks She felt extremely strange that she did not go out.

When ru Yu rushed to Lin Yuxin's apartment, she pushed the door open and entered. She found Yu Xin sitting on the sofa. Her hair was messy and her eyes were listless. She even had a dark eye ring. It was obvious that she did not sleep well.

"Hey, Yu Xin, what happened to you?" Ru Yu was shocked. Lin Yuxin, who was always optimistic and cheerful, actually had such a sloppy appearance. She was a doctor. didn't doctors all have Mysophobia Did she even forget about her Mysophobia?

"Ru Yu, I'm finished..." when Lin Yuxin saw her coming, she immediately pounced on her and threw herself into her arms. Then, she laid her head on her shoulder and cried, "I'm finished, I'm dead, this time I'm dead..."

"What's wrong?" Ru Yu was scared by Lin Yuxin's sudden action and almost fainted She couldn't help but pat her back to comfort her, "is the leader not treating you well? Did something happen to your job? Or did some woman have a difficult labor and complain that you didn't give her a cosmetic needle?"

The reason why ru yu asked this was because she had heard from Yu Xin that there was a woman who had a difficult labor. At first, she insisted on giving birth on her own, but later, she had to do a c-section because she really could not survive.

But that time, because the pregnant woman was bleeding heavily, Yu Xin did not have time to ask the nurse to prepare a cosmetic needle, so she did not seek the family's opinion and directly sewed a normal needle. The main priority was to save her life, but who knew that after that woman recovered, she actually went to sue Yu Xin She said that she did not sew a cosmetic needle for her.

“No, it’s not about the hospital.” Yu Xin shook her head, but tears were flowing down her face. “If it was about the hospital, I would not be so afraid that I would die.”

Chapter 1275: Lin Yuxin’s disaster

“Then what is it?” Ru Yu was really confused. Yu Xin was only an obstetrician and gynecologist. Other than medical malpractice, what else could she have done? Moreover, it seemed that she had not had any major medical malpractice, other than that time when she did not have any cosmetic stitches.

“It’s Lei Zhensheng...” Lin Yuxin finally stopped crying. She sobbed and said, “Lei Zhensheng, that devil, he found me yesterday and said that I caused him to destroy his family and cause his wife and family to be separated. If his wife is determined to divorce him this time, and if his wife doesn’t want to marry him this time, he wants me to compensate him with a wife!”

“What?” Ru Yu was also shocked when she heard this. She looked at Yu Xin and after a while, she asked in confusion, “he... really said that?”

Lin Yuxin nodded. She was still in fear and panic. Her voice was still a little unstable as she said, “it’s true. He looks so scared. He said that everything that happened to him was caused by me. He is the great CEO of the Lei Corporation, but now he is going to be abandoned by his wife. How can he swallow this? He must not let go of the culprit.”

Ru Yu was stunned when she heard this. At that time, she was only concerned about helping Cai Shaofen because she saw that Cai Shaofen was indeed pitiful. A woman had followed a man in obscurity for eighteen years. Moreover, she had to endure the situation where the man was constantly entangled with other women outside. She even had to endure the man’s first love’s child being brought home to show off.

At that time, she did not know that Lei Zhensheng was infertile. She simply thought that Cai Shaofen did not have a comprehensive examination and only took Chinese medicine. There were some problems in obstetrics and gynecology, such as a blocked Fallopian Tube. She could not take Chinese medicine.

She introduced Cai Shaofen to Lin Yuxin. The purpose was to let Lin Yuxin help her find the cause of infertility, and then let Yu Xin help her cure her illness so that she could give birth to a child that belonged to her and Lei Zhensheng. To improve her status in the Lei family.

However, she did not expect the final result to be unexpected. Cai Shaofen was fine on her own, but the problem was on Lei Zhensheng’s side. What was even more unexpected was that the always weak Cai Shaofen was so determined this time. She had to divorce Lei Zhensheng.

Looking at Lin Yuxin who was crying in a mess, Ru Yu sighed softly. Then, she comforted her, “alright, don’t think too much about the matter. After all, Lei Zhensheng and his wife have not divorced yet, right? Moreover, Lei Zhensheng went to Ji Zhou Island. He probably went to chase his wife. As long as they don’t divorce, you will be fine.”

“This is the reason why I came to look for you today.” Lin Yuxin quickly wiped her tears with her hands. Then she looked at Ru Yu and said, “I just want you to persuade Cai Shaofen not to divorce Lei

Zhensheng. After all, she and Lei Zhensheng have been married for eighteen years. Divorce is not good for them, don't you think so? "

Ru Yu laughed again when she heard Yu Xin's words. She really did not expect Lin Yuxin to be so afraid. However, when she thought about it carefully, how many ordinary women were not afraid of a man like Lei Zhensheng?

The Lei Corporation was also a famous big company in Seoul. Its CEO, Lei Zhensheng, was also rumored to be a god-like person. Even Cai Shaofen was very mysterious in the outside world.

Chapter 1276, Christmas Day

"You're still laughing?" Lin Yuxin glared at ru Yu. After a while, she said dejectedly, "Cai Shaofen probably won't agree. She told me that she has always dreamed of being a mother, and she..." "

That's right. Cai Shaofen had always dreamed of being a mother. If she didn't divorce Lei Zhensheng, then she probably wouldn't be a mother in this life. That was why Cai Shaofen was so determined to get a divorce. She even thought of going to a divorce court.

"Yu Xin, things have already happened. It's useless for you to think so much now." Ru Yu consoled her. "I'll think of a way to talk to Cai Shaofen on the phone and persuade her. Of course, if she's really determined to get a divorce, we probably won't be able to persuade her. We only hope that Lei Zhensheng's mistress or whatever qianru loves Lei Zhensheng so much that she doesn't want children and only wants to be with him."

"PFFT..." when Yu Xin heard ru Yu's words, her tears turned into laughter She could not help but push her and said, "fine, forget it. Even if there really is a woman who is willing to marry him, it's probably not someone who loves him, but rather his money. Which woman would be willing to marry a man who can't have children?" "

Ru Yu was stunned when she heard this. It was true. If she did not know the situation, it would have been fine if she got married. But now that she knew the situation, it was likely that she was not such a great woman.

She stayed with Lin Yuxin for a day to enlighten her to be more open-minded. After all, things had not come to that stage yet. She should not be scared out of her wits. In addition, she had to apologize to her because she was the one who brought Lin Yuxin to Lei Zhensheng's threats and threats And this was a responsibility that she could not shirk.

She had lunch with Lin Yuxin in the afternoon. To be more precise, she went to the supermarket to buy ingredients and came back to help Lin Yuxin Cook. This could be considered as an apology. In the afternoon, she accompanied Lin Yuxin to watch the soap opera for the whole afternoon. Finally, her mood was not so bad.

At night, she had originally planned to go out for hotpot with Lin Yuxin. However, at five o'clock in the afternoon, she received a call from Mu Yao, asking her to pick her up at Disneyland. She said that she was late enough and that she was tired of playing. She could not play anymore and wanted to go home.

Ru Yu really had to give in to Mu Yao. Hence, she could not help but lecture her over the phone. "Mu Yao, aren't you with Lei Zhenyu? Of course, he's the one who brought you home. Why must I pick you up? You little witch, don't be so torturous. Let him bring you out for dinner. What do you want to eat? Do you want to eat another pig tonight?"

"I'm not with your Lei Zhenyu. Why would he bring me out to eat a pig?" Mu Yao's crisp voice rang out. "today, the spare tire brought me out to play."

"spare tire? WHAT SPARE TIRE?" Ru Yu did not react in time.

"It's the spare tire that I saw at the barbecue shop the other day. The one who treated us to barbecue. Didn't you tell me to call him uncle Zheng?" Mu Yao quickly reminded Ru Yu over the phone. Seriously, wasn't he too forgetful? How much barbecue did he eat that day? How much did it cost him?

"Oh, you're talking about Zheng Junji?" Ru Yu finally remembered this incident and this person. She didn't know whether to laugh or cry as she asked, "what's going on with you? Lei Zhenyu was clearly the one who brought you to Disneyland to play. Why are you together with Zheng Junji? What about Lei Zhenyu? Didn't he accompany you?"

Chapter 1277, the use of a spare tire

"I don't know where your thunderstorm went. He originally said that he was bringing me to Disney to play, but when the two of us were having breakfast, he received a call and his expression changed. He left in a hurry and left me alone at the Lei family home. I had no choice but to call the spare tire. The spare tire said that he had nothing to do at Christmas, so he drove a special car to the Lei family home to pick me up... ". ..."

"Alright, I got it." Ru Yu quickly cut off Mu Yao's incessant chatter. Then, she rubbed her forehead and said, "Mu Yao, wait for me at the entrance of Disneyland. Don't run around. I'll drive over immediately, but the distance is a little far. It'll take about half an hour."

After hanging up the phone, Ru Yu bade Lin Yuxin goodbye and let her cook noodles at home or go out for coffee. She couldn't care about her anymore. She had to care about that little ancestor first.

The little ancestor was really worrisome. She should have called her when Lei Zhenyu was busy and left. She actually called Zheng Junji. Wasn't this making her owe Zheng Junji more and more?

There was also Lei Zhenyu. He clearly said that he had nothing to do today. Moreover, it was Christmas break. What could be wrong? He actually left Mu Yao alone at the Lei family and ran away.

With this thought in mind, she took out her phone and called Lei Zhenyu while driving. However, a notification sounded from her phone that her phone was turned off. Alright, the case that he took on today was probably quite big. Perhaps he was discussing the case with the party involved.

Ru Yu did not investigate why Lei Zhenyu turned off his phone on Christmas. She at least quickly came out of Yu Xin's apartment and quickly went downstairs to drive. Zheng Junji was very sly. She could not let Mu Yao be corrupted by Zheng Junji at such a young age.

A certain stepmother, Xiao Qiao, was rendered speechless by ru Yu's thoughts. She could not help but remind her coldly, "Ru Yu, are you sure you are not confused?" Then why would Mu Yao be corrupted by Zheng Junji She was already worse than Zheng Junji, okay Perhaps, she had even corrupted Zheng Junji.

When ru Yu drove to the entrance of Disney, she realized that Zheng Junji was still here with Mu Yao. He did not leave at all. Well, it seemed that he wanted to treat them to dinner again.

Sure enough, she had just walked over. Before she could say anything, Zheng Junji spoke first.

"Mu Yao said that she wants to eat mountain city hotpot tonight. Because it's cold today, it's good to eat some pepper and pepper to warm the meat. I don't have any objections. Moreover, we've already booked a table for mountain city hotpot. Let's go. The three of us will eat hotpot together." Zheng Junji had a look of not stopping until he was shocked.

"Zheng Junji, you're just a dog that can't spit out ivory. We're not familiar with each other. We just know each other. WHO's your family?" Ru Yu glared at him fiercely. She was so shocked by his words that she almost vomited blood Then she looked at Mu Yao and said, "we'll go back for dinner tonight. The hotpot is made with slop oil. Can we eat it?"

"What are we going back to the Lei family for? There's no one in the Lei family at the moment." Zheng Junji leaned against the car door With a wicked smile on his face, he said Lazily, "Mu Yao said that I should be a spare tire. Now that Lei Zhenyu doesn't want you anymore and wants his Yu Xi, it's your turn to marry me, isn't it?"

"Can you say something more normal?" Ru Yu was at a loss whether to laugh or cry because of Zheng Junji. She saw that he was definitely looking for trouble because he had nothing better to do. He was afraid that the world would not be in chaos, so he said everything without thinking.

Chapter 1278: The use of a spare tire

"What do you mean by normal human language?" Zheng Junji stared at ru Yu with his eyes wide open. Then, he looked at her with a sympathetic gaze and said, "didn't Lei Zhenyu call you today? Has He already agreed to marry Song Yuxi?"

"Zheng Junji, you're a man." Ru Yu could not help but raise her voice to remind him, "a man should put his career first and not focus on creating rumors and creating trouble. If you're bored all day long, you can go to your billiards match, your car, and pick up your girls. Don't spout nonsense at the drop of a hat, okay "Do you think that you're just a hypocrite on the Internet who can make up anything?"

"Hey, is that the image I have in your heart?" Zheng Junji immediately cried out aggrievedly, "I said, Ms. Che Ru Yu, a master painter, do I have to make up nonsense Did Lei Zhenyu really agree to marry Song Yuxi If you don't believe me, ask Mu Yao Am I talking nonsense?"

After Zheng Junji said this, he happened to see Mu Yao running over from the Disney entrance, so he quickly shouted at her, "Mu Yao, quickly tell your mommy, did Lei Zhenyu agree to marry Miss Song Yuxi?"

Mu Yao nodded, then came to Ru Yu's side, and looked at her with a serious expression. She said softly, "Miss Che Ru Yu, Uncle Zheng really didn't lie. Your thunderstorm might have only rained for a while, but he did agree to marry Miss Song Yuxi today, so his rain won't rain on you anymore. From now on, it's probably going to rain on Miss Song Yuxi. "He's going to become someone else's thunderstorm. "

Ru Yu frowned slightly. Looking at Mu Yao's serious look, she couldn't help but feel puzzled.

She knew that Mu Yao's personality was sometimes similar to Zheng Junji's. They also liked to fight to the death with their words. However, at this moment, Mu Yao's expression made her feel that something was off, as if it was true.

"Alright, the act that the two of you put on together is indeed deep. However, it's still an act after all. It's not like I don't have the ability to recognize it. " Ru Yu glared fiercely at the two of them. Then, she said indifferently, "alright, would I believe such an unreliable lie "It's better to make up a story about Lei Zhenyu's girlfriend in America. It's more believable. Lei Zhenyu won't agree to Song Yuxi. He would rather not marry Song Yuxi than the Lei family's assets. Can you please think before you make up a story? "

"according to logic, Lei Zhenyu would indeed not agree to marry Song Yuxi. " Mu Yao nodded at the side. Then, she added, "I still remember that he brought us out of the Lei family the night before yesterday for you, Che Ruyu. I really liked him at that time. He was absolutely handsome. "

"You still made up stories with Zheng Junji even though you knew it was like that? " Ru Yu rolled her eyes at her, then held her hand and said, "alright, it's just going to have hotpot. Just go. What's the point of making up some nonsense? "

Ru Yu believed that even if Lei Zhenyu was beaten to death, he would not agree to marry Song Yuxi. This was an old-fashioned question. Putting aside the direct conflict between Lei Zhenyu and Song Yuxi, Lei Zhenyu and her, Lei Zhenyu was a person who valued commitment. He said that he would stick to this marriage with her, so he would definitely not go back on his word. No matter what difficulties he encountered, he would not easily divorce her. Moreover, they were now a true husband and wife.

Chapter 1279: Song Yuxi Slit her wrists

Therefore, she believed that Lei Zhenyu would never agree to Song Yuxi's request.

She did not know if Lei Zhenyu still had feelings for Song Yuxi. After all, the two of them had reached the point of discussing marriage seven years ago. However, she knew that it was impossible for Lei Zhenyu to marry Song Yuxi now. Moreover.. Song Yuxi had once betrayed him to his face. It was impossible for him to abandon his wife and marry the woman who had once hurt him and betrayed him.

"You are really hopeless. " Zheng Junji shook his head. With a helpless expression, he said, "everything I said is the truth. Why don't you believe me? If you think I'm lying to you, then Mu Yao wouldn't lie to you, right? She's your daughter. "

Mu Yao immediately nodded at the side and echoed Zheng Junji, "yes, yes. Che Ru Yu, Lei Zhenyu really didn't want to betray you this time because this has nothing to do with betrayal. In fact, there are some things that he had no choice but to do. It's said that Miss Song Yuxi committed suicide and cut her wrist.

She refused to be resuscitated in the hospital. She wanted Lei Zhenyu to agree to marry her. If he didn't agree, she would rather die than receive treatment. Tell me, what about Lei Zhenyu Could it be that he could only watch as Song Yuxi bled to death I don't think he could do it, right?"

"What? Suicide?" Ru Yu cried out in shock. She looked at Zheng Junji and asked with a slight tremble, "is it true? Slit her wrist?"

Zheng Junji nodded Then he sighed heavily and said, "alright, Che ruyu, no one would have thought of such a thing. That Song Yuxi usually looks like a gentle woman. Who would have thought that she would be so ruthless? She could even do it to herself. What do you want Lei Zhenyu to do?"

Ru Yu didn't know whether to laugh or cry when she heard Zheng Junji's words. Last night, Lan Ruoshui had scolded her, saying that her marriage didn't have a long shelf life. She didn't expect that it would be proven this morning. It was really a jinx.

Her first marriage was based on love, but after they got married, she and Jin Zhengnan didn't put much effort into managing it. In the end, it only lasted for three years before it broke up, allowing the mistress to succeed. Her and Jin Zhengnan's marriage was a collection of divorces.

Her first marriage with Jin Zhengnan was so difficult, but in the end, it still lasted for three years. Although the time wasn't long, it was still many times longer than Lei Zhenyu's four-month marriage.

Her marriage this time was not based on love. It was based on an agreement, with the purpose of trading, and with the purpose of keeping the agreement between them.

To be honest, she and Lei Zhenyu were serious about this marriage. They worked hard, and there were some twists and turns in the middle, but they did not break up their marriage with the purpose of an agreement.

After breaking through the substantive relationship with Lei Zhenyu, she still thought that this might be the most ordinary marriage in real life. There was less love, more responsibility, less affection, and more concern, but.. There seemed to be nothing wrong with such a marriage, and it was even more reliable than a marriage with love.

But who knew that on the path of love, she was not persistent. After knowing that Jin Zhengnan had changed his heart, she directly chose to give up. However, Song Yuxi was very persistent. After knowing that Lei Zhenyu was married to her, she still came knocking on her door She even dared to cut her own wrist in order to get Lei Zhenyu.

Chapter 1280 was about to begin

Well, there was no point in thinking about it anymore. Compared to Song Yuxi's obsession with love, she admitted that she could only look at the back of her head and sigh. How many women would do anything for love?

Well, there was no love factor in this marriage. Although she had worked hard to manage it, she could not continue to manage it after encountering such a situation.

And she could not blame Lei Zhenyu. After all, this was not something he could decide. When a living life gradually withered in front of you, would you watch her die or make a decision to save her life?

Of course, she would choose the latter. If she was Lei Zhenyu, she could only choose the latter. After all, everyone had a kind heart. Moreover, saving a life was better than building a seven-storied pagoda. If she could save it, she would try her best to save it, right?

With this thought, her heart relaxed. Although it was a little painful, the only thing she knew was that the failure of this marriage was not her fault, nor was it Lei Zhenyu's fault. It was —

The ancient people said that no matter what, it had to be told to heaven, earth, and man. These three things were indispensable. And between her and Lei Zhenyu, it was estimated that they had both, but God did not allow their marriage to continue, so.. That was why the incident of Song Yuxi cutting her wrist and committing suicide happened.

“Che Ruyu, say something.” Zheng Junji saw that she had been silent the whole time and was a little worried, so he quickly waved his big hand in front of her eyes and continued. Then he asked softly, “well, you didn't faint directly, right? Are you going to give me a chance to save the Damsel in distress?”

“Get lost, who will faint?” Ru Yu directly pushed his hand away. Then she smiled bitterly and said, “come on, Zheng Junji, I don't think I should go to mountain city hotpot with you tonight, right “even if my marriage really broke down, it doesn't seem like it's worth celebrating. So, I'll go back with Mu Yao first. No matter what, I have to move my things out first. I can't wait for Lei Zhenyu to make things difficult for me, right?”

Zheng Junji thought for a moment and nodded. “That's true. However, can you move it by yourself? Do you want me to help you move it? Why don't you just move it to where I am? The two of us can live together.”

“Get lost. I don't have many places to live. Where do you need to move to?” Ru Yu rolled her eyes at him. He was really a man who thought too highly of himself. “I can move back to my own apartment or my daddy's house. You don't have to care about me anymore. Hurry up and leave.”

“I know you have many places to live, but the key is that you should marry me after your divorce with Lei Zhenyu,” Zheng Junji said in a shocking manner. “Mu Yao told me to be a spare tire. Now that the main wheel is broken and needs to be replaced, it's time for the spare tire to come on stage, isn't it “So it's more convenient for you to move to my place directly, so that we don't have to move again after our marriage. It saves us the trouble.”

“trouble your head! GET LOST! Get as far away as you can!” Ru Yu was furious. She could not help but glare at Zheng Junji. “Zheng Junji, I have lost all hope in marriage. I no longer have any intention of getting married. When I divorce Lei Zhenyu, I will just go to Mount Emei and become a nun. From now on, I will see past the mortal world and end the mortal world.”

“No way?” Zheng Junji's face changed color when he heard Ru Yu's words. He looked at Ru Yu. After a while, he asked, “well, didn't you and Lei Zhenyu get married because you wanted to destroy Jin Zhengnan and Lan Ruoshui “You don't even have any feelings for each other. Now, you want to become a nun for him. Do you think you're worth it “No, is he worth it?”
