

Divorce 1281

Chapter 1281 the two sisters discussed the issue of marriage

“Go, go, go. What kind of ability is this?” Ru Yu was so angry that she almost vomited blood when she heard Zheng Junji’s words. She could not help but push him away with her hands and said, “come on, Zheng Junji. I have seen through the secular world myself. I have had two failed marriages. I have completely lost interest in marriage, so I am going to become a monk to prevent some ignorant men from harassing me. I don’t want my ears to be clean. Why do I have to involve Lei Zhenyu? What does it have to do with him?”

“Hey, are the two of you done arguing?” Mu Yao yelled at the side, then walked over and kicked Ru Yu’s car. She puffed up her cheeks and shouted, “Ru Yu, I’m so hungry that I’m fighting. Hurry up and bring me to eat. If you starve me to death, I’ll tell you...”

“Okay, okay, okay, I got it. It’s not a big deal to starve myself to death, but it’s a big deal to starve you to death.” Ru Yu quickly interrupted Mu Yao’s words, then helped her open the car door and let her into the car. She glared at Zheng Junji and said, “fine, get out of my way. I’m bringing my little ancestor to dinner. I still have a lot of things to do at night. Don’t hang around me for the next few days, lest I become more and more displeased with you.”

Zheng Junji did not know whether to laugh or cry. However, seeing her in a hurry, he did not want to pester her anymore. Anyway, Lei Zhenyu had agreed to marry Song Yuxi, so she Ru Yu was bound to divorce Lei Zhenyu.

When she got divorced, he would pester her every day until she became his woman. It was just marriage. Anyway, he also wanted to get married, and she just happened to have his appetite.

“Hey, Ru Yu, are you really going to move out of the Lei family tonight?” Mu Yao sat in the passenger seat, holding the Korean candied haws that Zheng Junji bought for her.

“Of course. Don’t tell me I’m still staying at the Lei family and making things difficult for Lei Zhenyu?” Ru Yu turned to look at Mu Yao. “By the way, hurry up and go back to Binhai tomorrow. Isn’t school starting the day after tomorrow?” “If you go back tomorrow, you still have to catch up on your homework tomorrow night. I think it’s better to let Dongfang Mo send a helicopter to pick you up. Don’t keep messing around with me all day. You don’t even know that Zheng Junji. What’s the point of messing around with him?”

“Fine, what’s the point of fooling around if you know him?” Mu Yao pouted. She did not argue with her over this question and continued to ask her own question. “Oh right, are you really going to divorce your Lei Zhenyu?”

“Aren’t you talking nonsense?” Ru Yu rolled her eyes at her. “Alright, what do children know. You’re so young. It’s more important to care about your own academic results. If you get another zero, Xi Muru might hang you on a tree for three days and three nights and not let you down.”

“Fine, fine. You don’t have to worry about my grades. You should worry about your own marriage.” Mu Yao turned to look at her. “Che Ru Yu, why do you insist on divorcing Lei Zhenyu?”

"F * Ck, you're a seven-year-old child after all. You're really a mess when it comes to marriage." Ru Yu did not even have the patience to listen to Mu Yao's question. She could not help but swear, "marriage is a family formed by a man and a woman. Just like our father and mother, Lei Zhenyu and I are also husband and wife. But now that Lei Zhenyu has agreed to marry Song Yuxi, I have to give it up. If I don't give it up, then Lei Zhenyu won't be able to marry Song Yuxi. If that's the case, Song Yuxi might even slit her wrists and commit suicide. At that time, she might even die with a grievance."

Chapter 1282: An alternative explanation of the Antonym

"Aiyo, this matter is really a little difficult to handle." Mu Yao pretended to be a little adult as she fell into deep thought. After a long while, she asked again, "Che Ru Yu, the purpose of your divorce with Lei Zhenyu now is to let that Song Yuxi die in peace, right?"

"Die in peace? What does that mean?" Ru Yu was confused by Mu Yao's words. "Lei Zhenyu and I divorced to let them get married, okay?"

"But you said that if you don't divorce Lei Jianyu, then Song Yuxi will die in peace?" Mu Yao continued to grasp the main point of the discussion. "Isn't the Antonym of divorce not to divorce. Then doesn't the opposite of dying in peace mean dying in peace?"

Ru Yu was shocked by her analysis. Alright, she was OUT. This was the first time she heard that the opposite of dying in peace meant dying in peace.

Mu Yao did not care whether Che Ru Yu was shocked in peace or not. Instead, she continued to explain in a serious manner, "Che Ru Yu, look. Dying in peace means that you can't close your eyes when you die, right? And dying in peace means that you have closed your eyes when you die, right?"

Ru Yu immediately nodded her head like a chick pecking at rice, "right, right, Mu Yao, don't you get a zero on the exam? Why are you so thorough in explaining the idiom? How did you get that zero? Could it be that you slacked off and didn't do the questions on purpose?"

"PFFT..." Mu Yao burst out laughing immediately, and then said somewhat defeated, "Che Ru Yu, can't you leave some face for her? Saying that she slacked off and didn't do the questions on purpose would make things difficult for her. Just saying that she doesn't know anything is good, right?"

"F * Ck, you still don't know anything. I think you've learned too much." Ru Yu rolled her eyes at her. "Alright, let's not talk about the scores. Anyway, your zero and 100 marks are the same in my heart. A zero doesn't prove that you're stupid, and a 100 marks doesn't prove that you're smarter than before."

"That's right." Mu Yao was immediately happy when she heard Ru Yu's words. Then, she quickly asked, "Che Ru Yu, do you think there's any fundamental difference between dying with an unsatisfied death and dying with an unsatisfied death?"

"fundamental difference?" Ru Yu was stunned for a moment. Then, she thought for a moment and said, "there's no fundamental difference, right? Isn't it just like what you said just now? One can't close their eyes, and the other can't close their eyes. That's the difference, right?"

“That’s right. The difference is so small.” Mu Yao immediately followed up. Then, she smiled evilly and reminded her, “Ru Yu, regardless of whether she dies in peace or not, in short, doesn’t she still have to die? Since she’s already dead, what does it matter whether she dies in peace or not? If she wants to die, then so be it.”

Upon hearing this, Ru Yu’s forehead was covered in sweat. In the past, she had heard that Dongfang Mo was extremely ruthless when he was young. However, looking at little Mu Yao’s current stance, she had received Dongfang Mo’s true teachings. She was extremely ruthless, and if she still wanted to die, then so be it.

“Alright, alright, alright. What do you know as a child? I’m not going to talk to you anymore.” As Ru Yu spoke, she directly turned the car towards the direction of the Lei family. Mu Yao was a child. She looked smart, but there were many things, especially emotional things. Of course, she still could not understand.

Mu Yao saw that Ru Yu was ignoring her, so she did not speak. She had played at Disney for a whole day, and the thunder was unbearable. At this moment, she was still hungry.

In fact, she wanted to make Ru Yu not be so kind. That Song Yuxi could do whatever she wanted. She could just live her own life. Who cared about who’s life and death in this world?

Chapter 1283, Christmas night

However, it seemed that her elder sister had always been more generous. She always cared about the happiness of others. In the past, she had generously given up Jin Zhengnan. Now, she was going to give up Lei Zhenyu.

There were not many cars on the road during Christmas. Ru Yu quickly drove the car back to the Lei family compound.

Initially, she thought that there should be no one in the Lei family because Lei Zhensheng had gone to Jeju Island. Lei Taihe should have gone to the hospital with Lei Zhenyu to see Song Yuxi. As for Lan Ruoshui, she was probably hanging out with Jin Zhengnan.

However, who knew that Lei Taihe would actually be at home when they walked in. When he saw the two of them coming back, Lei Taihe quickly called them over. “Ru Yu, Mu Yao, the two of you are back. Come and eat. It’s really boring for me to eat alone.”

Mu Yao was already hungry. When she saw that there was food to eat, she ran faster than a monkey. Without waiting for Ru Yu to agree, she took the lead and ran over. She even called out sweetly, “GRANDPA, why are you eating so late at home alone?”

“I’m waiting for you guys to come back. How is it fun to eat alone?” Lei Taihe was in his seventies. Old people were actually like children sometimes. When they were alone, they would feel lonely and liked to have more people around.

Ru Yu smiled when she heard this. Then, she said lightly, “there should be more people in the Lei family in a few days. I think sister-in-law will be back soon. In the future, I...”

Ru Yu originally wanted to say that she would come back to live here every day. However, she suddenly remembered that she and Lei Zhenyu were going to get a divorce soon. In the future, Song Yuxi should be the one living here instead of her car, ru Yu.

Mu Yao was a child. She had played too hard today and was too hungry. Moreover, the food cooked by the Lei family's chef was better than the food cooked in the restaurants outside. Therefore, Mu Yao immediately buried herself in her food as soon as she sat on the dining table.

"GRANDPA, are you still eating?" Lan Ruoshui walked in from the entrance of the hall. She was wearing the latest quilt that looked like a down jacket. As soon as she entered the door, it was probably hot, so she immediately took it off.

Lan Ruoshui had always been a snobbish person, so when she greeted Lei Taihe, she only greeted him. She pretended not to see ru Yu and Mu Yao. Of course, she hated ru Yu and mu Yao to the bone.

"where have you been all day?" Lei Taihe looked at Lan Ruoshui with a cold face. "Last night was Christmas Eve, and you didn't come back. Now you are no longer a child of the Lei family. You can marry whoever you want. It has nothing to do with the Lei family. It's better if you can get married as soon as possible."

If it was before Lan Ruoshui's identity was exposed and Lei Taihe could say that she could marry whoever she wanted, then Lan Ruoshui would probably be very happy. After all, she dreamed of marrying Jin Zhengnan.

Now, she was no longer a child of the Lei family. If Lei Taihe said this again, it would obviously mean that he wanted to drive her away. This made her very uncomfortable to hear it. Moreover, Jin Zhengnan was very cold to her now. Last night, he completely ignored her.

So.. She said a little unhappily, "GRANDPA, Dad said that he recognizes me as his goddaughter. No matter what, I'm still half a child of the Lei family, right Moreover, marriage matters must be taken seriously. I can't just randomly find a man and get married, right I'm not like some people who would sell their marriage for some purpose."

Lan Ruoshui's words were insinuating. Of course, she was referring to the marriage between ru Yu and Lei Zhenyu. Now, she was obviously mocking her for giving up her marriage but still not achieving her so-called purpose Lan Ruoshui could still be together with Jin zhengnan openly.

Chapter 1284 you can't afford to have a rich family's marriage

Ru Yu originally didn't want to pay attention to Lan Ruoshui, but this woman liked to come knocking on her door. She was about to speak, but she didn't expect Lei Taihe to beat her to it.

"Ruoshui, you've eaten your fill in one day, haven't you It's not easy for our Lei family to calm down for two days, and you're here to stir up trouble again. Can't you just be a mute for a few days and let the Lei family live a few days of peace?" Lei Taihe obviously didn't like Lan Ruoshui more and more because she wasn't a child of the Lei family Now, he did not give her any face at all when he spoke.

“GRANDPA, why do you keep saying that I’m doing this?” Lan Ruoshui immediately became unhappy. Then, she pouted and said, “besides, it’s useless even if you like Che Ru Yu and her illegitimate daughter now, isn’t it? Your youngest son, Lei Zhenyu, has agreed to marry Song Yuxi today. This Che Ru Yu is about to be kicked out by Lei Zhenyu. It’s useless even if you think she’s good now. Your youngest son already doesn’t intend to have her.”

“Who said Zhenyu doesn’t want her anymore?” Lei Taihe was obviously unhappy with Lan Ruoshui’s open-mouthed style. His face suddenly turned cold as he said, “Ruoshui, don’t talk nonsense at random. You look like you want the world to be in chaos.”

“GRANDPA, how can I talk nonsense?” Lan Ruoshui walked over as she spoke. Then, in order to prove that she was not lying, she turned on her phone and took out a photo. She handed it to Lei Taihe and said, “take a look. Is this your son guarding Song Yuxi’s bedside?” “Song Yuxi’s face is as pale as a sheet. Your youngest son is looking at her affectionately.”

“Mu Yao, are you full? If you are, let’s go upstairs first.” Ru Yu put down the bowl and chopsticks in her hand. Even though Lan Ruoshui’s phone stopped in front of her for a few seconds when it was delivered, she chose to ignore it. She did not even look at Lan Ruoshui’s phone.

“I’m full.” Mu Yao stood up. Then, she looked at Lei Taihe and said, “grandfather, I’ll go upstairs with Che Ruyu first. Later, we’re going to move into Che Ruyu’s apartment. I’m afraid that you’ll go back to your room when we come downstairs, so I said goodbye to you in advance.”

“You’re going to move out overnight?” Lei Taihe frowned and pushed Lan Ruoshui’s phone away with his hand. Then, he looked at Ru Yu and asked, “well, can’t you wait for Zhenyu to come back before you talk about it?”

“Grandfather, look at what you’re asking. Why is Che Ru Yu still waiting for my uncle?” Lan Ruoshui answered before Ru Yu could. Then, she turned to look at Ru Yu and said, “Che Ru Yu, it’s not that you don’t have any merits. You’ve always been self-aware. When you knew that Jin Zhengnan didn’t love you, you took the initiative to ask for a divorce. Now that you know that Lei Zhenyu doesn’t want you anymore, you also know to take the initiative to move out first. However, what’s the use of always knowing your own merits? I’ve told you before that you can’t afford to marry into a rich family. In the future, you’d better keep your eyes open and find an ordinary man who’s similar to you to get married. Otherwise, you’ll end up like this again.”

“Ruoshui, what nonsense are you talking about here?” Lei Taihe disliked Lan Ruoshui more and more. He couldn’t help but glare at her and said, “are you from a rich family? You’re just an illegitimate daughter. Your status is so lowly, and you still have the face to mock others? Besides, did you squeeze into a rich family? Didn’t Jin Zhengnan not marry you? Even if he did marry you, with Jin Zhengnan’s small fortune, he would at most be considered a rich family. He’s still far from a rich family, right?”

Chapter 1285: Should I persevere a little longer

Lan Ruoshui’s face immediately turned red and then white. She only wanted to bully Che Ruyu. In the past, she wouldn’t care about old master Lei no matter how she bullied him. She didn’t expect that old master Lei would be so abnormal today and would actually help Che Ruyu.

Ruyu originally wanted to mock Lan Ruoshui, but since Lei Taihe had already scolded Lan Ruoshui like this, she felt that there was no need for her to scold him back.

Thus, she directly treated Lan Ruoshui as air. Then, she looked at Lei Taihe and said, "I'll send Mu Yao to my father's place first. She should go back to school tomorrow. As for the other matters, I will naturally resolve them with Lei Zhenyu."

After saying that, without waiting for Lei Taihe to speak, Ru Yu immediately turned around and brought Mu Yao upstairs. As for why Lei Taihe suddenly sided with her, she was not too sure. Logically speaking, Lei Taihe should be happy with such an ending. After all, after Song Yuxi and Lei Zhenyu got married, the Lei family would soon be able to get the approval for that piece of land, right?

It was not just Che Ruyu who was puzzled. Even Lan Ruoshui felt that it was extremely strange. When she saw Che Ruyu turn around and go upstairs.. She could not help but ask, "grandfather, don't you like uncle and Song Yuxi getting married? Their marriage can help the Lei family. Why are you unhappy now?"

"What do you know?" Lei Taihe glared at Lan Ruoshui coldly and waved his hand. "Go away quickly. Don't upset me. I'm going to call Zhenyu."

Lei Taihe immediately turned around and walked to his room after saying that. He was no longer in the mood to care about Lan Ruoshui who was standing there. She wasn't his granddaughter, and she still stayed in his house all day. It made him very unhappy.

"Che Ruyu, don't you plan to persist in your marriage for a while longer?" Mu Yao followed Ru Yu to the third floor. Seeing that she was packing her things, she asked casually while playing a game on her phone.

"Mu Yao, you little child. Why are you asking so many questions about me? I'm already an adult. I know how to handle my own matters. You should hurry back to Binhai. I'm busy and don't have time to play with you." As Ru Yu spoke, she had already packed her clothes into her luggage bag. She would take some with her today and come back for the rest another day.

"Let's go. Stop playing games." Ru Yu carried her luggage bag with one hand and grabbed the wrist of the little girl who was playing games with the other. "Hurry up and leave. Don't bother me."

"Fine, I don't want to bother you." Mu Yao followed her out of the door. Then, she muttered, "actually, it's mainly Yun Heng. He wants to know how you're doing now. I just told him yesterday how good your thunderstorm was to you. Who knew that today it would turn sunny, cloudy, and even have a rainstorm. How do you want me to explain to him? Won't he beat me to death?"

"Fine, fine, fine. Who dares to beat you to death?" Ru Yu was really convinced by her. She held her hand and walked downstairs. She was still lecturing her. "Alright, don't say anything to him. Don't pick up his phone either. I'll tell him about my own matters. Hurry up and follow me back to do your homework. If you get another zero, don't come and see me."

Mu Yao immediately fell silent. This damn Ru Yu, why did she have to mention her score? Didn't she know that what she hated the most was her score?

Actually, it wasn't that she didn't know how to do those questions and get a zero, but she knew how to do those questions, so she couldn't be bothered to write. Why did she have to do things that she could understand at a glance So what if it's a zero?

Chapter 1286 back to Che Qi Xuan's house

The topic in China is always baffling. They often put a few chickens, ducks, birds, pigs, and so on together. What chickens are more than pigs, ducks are less than chickens, and birds are more than pigs Then they ask the animals how many are there.

Damn, which pig has a brain problem This doesn't know the rules of survival at all, okay Can Pigs and chickens and ducks be locked together If they are really locked together, won't the chickens and ducks be eaten by the pigs There were even a few of them. Besides the remaining pigs, there weren't any other Gu family members.

Do you think she needs to calculate such a question Such a boring question, she wouldn't even bother to calculate it even if she was beaten to death. How many brain cells would die from anger How valuable were brain cells?

Mu Yao held Ru Yu's hand as they went downstairs. Just as they reached the entrance of the hall, they met Lan Ruoshui once again. She didn't want to quarrel with Lan Ruoshui in the Lei family, so she instinctively pulled Mu Yao aside, wanting to pass through quickly.

However, she wanted to calm things down. Seeing that Lan Ruoshui wouldn't let them go, she quickly mocked, "Che Ru Yu, I wasn't wrong last night, right? Your marriage has only lasted a little longer. Do you believe me now?"

"Lan Xiao San, if you don't want your mouth to be beaten into a pig's mouth again, you'd better shut up. Otherwise, I don't mind my whip kissing your red and swollen lips again." Mu Yao had already taken out the whip from her body as she spoke.

Lan Ruoshui glanced at the whip, and could not help but reach out to touch her lips. She immediately stopped speaking, but she was cursing in her heart. Little Bastard, wait until your mommy doesn't kick you out of the Lei family. See how I'll teach you a lesson.

Ru Yu saw that Lan Ruoshui was blocked by Mu Yao, so she ignored her. She held Mu Yao's hand and quickly walked out of the Lei family's hall. She treated Lan Ruoshui, who was looking at them with a vicious gaze, as if she was air.

There was no Lei Taihe in the hall. He must have gone back to his room to rest. After all, he was an old man in his seventies. It was already so late, so staying up late was a very tiring task.

Before she drove away from the Lei family, she took out her phone and called Lei Zhenyu. She wanted to tell him that the two of them had already moved away. At the same time, she wanted to tell him not to worry about the future. She would not go back on her word and not get a divorce.

However, there was a notification from her phone that her phone was turned off. Well, he must have stayed in the ward, afraid that the ringtone would disturb Song Yuxi. It was normal for him to turn off his phone at this time. After all, patients always needed a quiet environment, right?

Che Qixuan was still not back. He was probably still in Jeju Island. Auntie Zhi was a high-collar pregnant woman. Giving birth was not a joke.

Besides, Daddy, Uncle Yongjun, and Auntie Zhi were life and death friends. Che Qixuan's life was fought for by Uncle Yongjun and Auntie Zhi. At this time, they would definitely stay by Auntie Zhi's side.

There was no one at home, so Mu Yao was happy. She went to find a large guest room to sleep alone. The exhausted child was no longer in the mood to care about Che ruyu's broken marriage.

Ru Yu, on the other hand, could not sleep. She called one inch Mo city at Binhai at night, but Dongfang Mo and Xi Muru were not there. Grandma Liu said that the two of them had gone to an orphanage to spend Christmas with the orphans and were not back yet. They would probably be back at midnight.

When Ru Yu heard this, she felt bad for Mu Yao for two minutes. It was no wonder that the child ran around all day. Her parental love had gone to an orphanage, so she was almost like an orphan herself. She was just a rich orphan.

Chapter 1287 Lei Zhenyu came

He was originally in a bad mood, but he had a lot of things to do during the day, so he laid on the bed and thought about everything. He fell asleep soon after.

The next morning, it was still past six o'clock when she heard footsteps coming from the stairs. She quickly got up. It was indeed Mu Yao. This little girl was carrying her small luggage bag down the stairs.

"Hey, where are you going so early?" Ru Yu rubbed her eyes that had not woken up yet.

"Back to Binhai." Mu Yao rolled her eyes at her, then ignored her and said, "hurry up and go back to sleep. Uncle Ahao just called me and said that the helicopter is hovering in the suburbs waiting for me. I'll go there quickly."

"Do you want me to send you back in the car?" Ru Yu followed her up a few steps and asked again.

"No, there's someone waiting for me at the door. You go back and sleep." Mu Yao didn't even turn her head and walked straight out of the door.

Ru Yu yawned. Since Mu Yao didn't want her to send her back, she continued to go back to her room to look for Eunuch Zhou. Anyway, today was the first day after Christmas, and the studio was still on vacation. She would only go to work tomorrow, so she could sleep all over.

In order to let herself sleep soundly, she specifically turned off her phone to prevent Lin Yuxin from calling her for no reason. She didn't have the mood or time to accompany her today.

Ru Yu slept until noon. She wasn't woken up by anything, but by hunger. She had no choice but to get out of bed, wash up, and go downstairs to the kitchen to find something to eat.

Of course, there was nothing to eat, because Che Qixuan had been gone for several days, and the fridge was empty. Even if she wanted to cook a bowl of noodles for herself, she couldn't.

Well, food was the most important thing to the people. She couldn't starve herself to death, right With this thought in mind, she went back upstairs, found some clothes to change into, and prepared to drive to a nearby restaurant to find food.

When she opened the door, she found that it had snowed last night. It was indeed a bit like Christmas in Europe and the United States. Fortunately, it was noon, and she was wearing a down jacket, so it was not absolutely cold, just a little cold.

She walked to her car outside the door very naturally, but she was surprised to find that there were two slightly familiar maybach parked in front of the courtyard. She frowned. If she remembered correctly, this should be Lei Zhenyu's car, right?

Lei Zhenyu came to look for her Oh, she finally remembered. Although she was willing to divorce Lei Zhenyu, she still had to go through the formalities, just like when she divorced Jin Zhengnan.

Of course, her divorce with Lei Zhenyu was different from her divorce with Jin Zhengnan because they could part on good terms. Of course, as for whether they could still be friends after the divorce, she reckoned that it was impossible between her and Lei Zhenyu, right?

Of course, it was not as incompatible as between her and Jin Zhengnan. She thought about it. In the future, she and Lei Zhenyu would probably be more strangers, right?

With this thought in mind, she took the initiative to open the courtyard door. Since someone came to talk to her about this matter, she should at least receive him politely, right Problems had to be solved.

Lei Zhenyu, who was originally in the car, obviously saw her, so when she was looking at the courtyard door, he had already pushed it open and got out of the car. As soon as she opened the courtyard door, he had already reached out and pulled her to his car outside the courtyard door.

"Hey, we want to talk..." Ru Yu meant that she wanted to talk, go in and sit down ...

Unfortunately, she didn't say it out loud. Of course, she didn't have the chance to say it out loud because Lei Zhenyu pressed her against the car door and lowered his head. His thin lips directly covered her pink lips A deep French kiss blotted out the sky and covered the earth as it fell... ..

Chapter 1288. A promise is a promise

Lei Zhenyu's kiss was forceful and intense. Furthermore, they were just outside on the side of the road. At this moment, there were people passing by Lei Zhenyu's car, and there were also cars passing by his car. From time to time, there would be people looking back at them with warm smiles.

Ru Yu was so embarrassed that her face turned red. She wanted to break free from Lei Zhenyu's mouth, but he had no intention of letting her go. Instead, the kiss became even more intense... ..

The kiss continued until the sky turned dark. Ru Yu gradually began to pant. She could not help but twist her head and use her hands to push Lei Zhenyu away, reminding her of the discomfort of inhaling.

Lei Zhenyu finally realized it when he felt her pushing him away. He slowly let go of her and looked at the shy girl who was kissed by him. He chuckled and reached out his finger to gently wipe the saliva from the corner of her mouth. Then, he pressed a heavy mark on her pink lips.

“Che Ru Yu, how can you be so irresponsible?” Lei Zhenyu looked like he was about to interrogate her. “I’m already yours, and you just threw me away just like that?”

Ru Yu was dumbfounded when she heard his words. Then, she didn’t know whether to laugh or cry. Seriously, wasn’t she responsible enough? How responsible was she? She was already thinking for him wholeheartedly. In order to not make things difficult for him, didn’t she take the initiative to move out? Wasn’t it just to give him a way out so that he could go along with it?

“Lord Zhenyu, I feel that I’m already very responsible,” Ru Yu reminded him faintly.

“Fine, you call this responsible?” Lei Zhenyu was really convinced by her. Then, he said in a serious tone, “Ru Yu, I think you have forgotten about our agreement. The agreement clearly stated that if we break through the substantive relationship, we will have to walk hand in hand for the rest of our lives. I think you are treating the promise as child’s play and not taking marriage seriously.”

Ru Yu felt a headache when she heard his question. Then, she thought for a moment before saying, “Zhenyu, actually, it’s not that I don’t know about the agreement between us. At the same time, I also know that you are a person who keeps his word. However, the key is here. You can’t just keep your word to me. You should also keep your word to others.”

“I didn’t promise her anything,” Lei Zhenyu said naturally. When he saw Ru Yu’s eyes, he immediately thought of something. So he quickly explained, “If you say that I said something before she had the surgery yesterday, then I’ll tell you that it’s not a promise.”

“Not a promise?” Ru Yu was even more puzzled. “If you didn’t agree to her request, how could she be willing to have the surgery?”

“I never agreed to her unreasonable request in the first place,” Lei Zhenyu said very naturally. “It was her parents who came to me and asked me to pretend to agree. They said that in order to save her life, when her life was saved, then the promise wouldn’t be counted. They wouldn’t come to me to fulfill their promise because of this. So, I just treated it as an act.”

When Ru Yu heard Lei Zhenyu’s words, not only did she not feel happy, but she became even more melancholic. She looked at Lei Zhenyu and said, “You can act, but in the eyes of Miss Song, that is a promise. What if she seized this point and asked you to fulfill your promise?”

Chapter 1289 what does her suicide have to do with me

“When I left today, I had already made it very clear to her that I was willing to marry her in order to save her this time. Moreover, it was forced by her parents. Moreover, I had already made it clear to her parents that this could not be done in advance. Of course, if she really wanted to take it seriously, then she should take it seriously. After all, I would never be able to fulfill my lie.”

Lei Zhenyu looked deeply at ru Yu and said, "I have never forgotten my promise to you, and I hope you don't forget your promise to me either. We agreed at the beginning that we would face all difficulties together, but you have always been a coward and always wanted to be a deserter. This is not right. Now, you have to go home with me. I won't allow you to be a coward. "

Ru Yu did not know whether to laugh or cry at his words. Then, she could not help but ask, "what if Miss Song Yuxi Commits suicide again? Are you going to ignore her? "

"If she wants to commit suicide, then so be it. What does it have to do with me? " Lei Zhenyu said nonchalantly, "in the future, I won't even go to the hospital. Her life is hers. If she doesn't cherish it, then don't expect others to help her cherish it. "

"But you two... you two used to be good together, didn't you? " Ru Yu continued to speak carefully, "you two used to want to walk hand in hand, didn't you? "

"You said that it was in the past. The past is in the past. " Lei Zhenyu opened the car door for ru Yu and said naturally, "now we are husband and wife. Moreover, the past between us is not all good memories. Of course, whether it is good or not, we should not live in the past. People always look forward. Everyone lives in the present. The present is really important. Get in the car."

"Oh, " ru Yu replied. She turned around and got into Lei Zhenyu's car. Then, she licked her slightly dry lips She looked at him from the side and said, "your words are quite easy. But if she really committed suicide again and refused to be resuscitated again, can you really just watch her bleed to death? "

"If she bled to death, then she bled to death. If she wanted to hurt herself like this, no one could stop her. " Lei Zhenyu said indifferently, "besides, she's already so old. She doesn't live for anyone in her life. If she really loved me that much, she wouldn't have done such a thing seven years ago. Now, she wants to use suicide to tell me that the person she loves is me. What's the use "There are so many people who love me. I can't take care of them, and I have to take care of the person I love. So, whether she dies or lives, it has nothing to do with me. "

Ru Yu had always thought that Lei Zhenyu was a gentle and gentle gentleman. She thought that he was a gentleman who kept his word. She thought that he was a man who kept his promises. However, she did not expect that he would be so cold-blooded.

However, when she thought about it carefully, Song Yuxi's suicide was too ridiculous. She and Lei Zhenyu had broken up for seven years. Seven years ago, she did not commit suicide. Seven years later, Lei Zhenyu was married. Only then did she come back to look for Lei Zhenyu Moreover, she even put on a suicide act.

If she really loved someone, even if she could not be with him, at least she still hoped that he would be happy, right If she used suicide to force him, even if she really got the marriage that she wanted, would there still be happiness in the marriage?

Chapter 1290: Honeymoon

"Hey, Lei Zhenyu, where are you driving this car? " Ru Yu finally felt that something was not right. Lei Zhenyu was not driving to her studio or the road back to the Lei family. Instead, he was driving to his law

firm She quickly shouted, "Lei Zhenyu, I won't go to your law firm with you. I'm not interested in your law firm."

"I'll go to the law firm for a while. I'll come down after applying for leave. You don't have to go up." Lei Zhenyu could not help but laugh when he saw her like that. The law firm was not as serious as she thought. Actually, everyone loved to watch jokes when they had nothing to do.

"Take a leave?" Ru Yu was completely confused this time. She couldn't help but stare at him and say, "you've already taken two days off for Christmas here. Why are you still taking a leave? Why are you taking a leave?"

"taking a leave to go on a honeymoon," Lei Zhenyu said very naturally. Then, he parked his car downstairs of his law firm. He turned his head to look at the woman in the front passenger seat and said, "although our wedding hasn't been held yet, we've already been married for three to four months. It's time to go on a honeymoon. Let's go on a honeymoon here, okay?"

"Honeymoon?" Ru Yu was slightly stunned when she heard his words. It seemed that they had been married for so long. When Lei Zhenyu first got married, he was already talking about going on a honeymoon. However, after he returned to the Lei family, he encountered a series of things. This matter was delayed.

"Yes, we're going on our honeymoon." Lei Zhenyu nodded, indicating that she had not heard wrongly. Then, he said very firmly, "it's the end of December now. There are many beautiful scenery everywhere. I think it's quite good to go on a honeymoon. Moreover, you can bring along your brushes and paper. You can also create while playing. How good would that be? I'll be your coolie and carry your easel."

"Lei Zhenyu, the Spring Festival is only a month away. There's annual leave at that time. Why don't we go on our honeymoon during the Spring Festival?" Ru Yu reminded him lightly. Why did he need to take leave now? Wasn't it a waste of his working time? He would still need to rest during the Spring Festival.

"There's a sea of people during the Spring Festival. We go everywhere to see people. What's there to be fun about?" Lei Zhenyu had already pushed open the car door and got out of the car as he spoke. He asked Ru Yu who was in the car, "do you want to go up with me?"

Ru Yu shook her head. She was not going up with him. There was a group of lawyers in a law firm, and she disliked dealing with lawyers the most. They were sly and cunning, and they even pretended to be well-dressed with the terms and conditions on their backs.

As she thought about this, she could not help but laugh. She suddenly remembered that Lei Zhenyu was also a lawyer. She did not know how he helped people with their lawsuits.

When she thought of the first time she saw him, she felt that he did not want to help her with her lawsuits at all. At that time, he was purely looking for her to work with.

If Lan Ruoshui hadn't accidentally gone to the Lei family to be Lei Zhensheng's daughter, perhaps her marriage with Jin Zhengnan wouldn't have reached the brink of collapse so soon.

If her marriage with Jin Zhengnan hadn't reached the brink of collapse, then she wouldn't have had the chance to meet Lei Zhenyu. Perhaps, she was still living a nominally married life with Jin Zhengnan.

Life was really a wonderful thing. Sometimes you seemed to have lost a lot, but the heavens were still very fair. They would always make up for a lot in another place.
