

## Divorce 1291

### Chapter 1291: Where do you want to go on your honeymoon

Lei Zhenyu took a leave of absence for less than half an hour before he came downstairs. Then, the two of them drove back to the Lei family. There was no one in the Lei family. Today was the first day after Christmas, so Lei Zhensheng must have not returned from Jizhou Island. Lan Ruoshui probably went to look for Jin Zhengnan again.

Old Master Lei was not at home. The housekeeper said that he had gone to play cards with a few friends, so the Lei family was exceptionally quiet.

“Lei Zhenyu? Do we really have to go on our honeymoon in such a hurry?” Ru Yu looked at Lei Zhenyu, who was packing his things, and asked with some distress.

In fact, she vaguely guessed that Song Yuxi was probably going to cause trouble at the hospital at any time, and the song family couldn't help but look for him, hoping that he would go to the hospital to see Song Yuxi, even if it was just an act.

Lei Zhenyu went out at this time, probably wanting to avoid all of this. After all, he wasn't in Seoul, so he could only apologize to Song Yuxi's parents. He actually wanted to create a distance in reality, so that he could force himself not to be soft-hearted.

From this, it could be seen that Lei Zhenyu wasn't as cold-blooded as he said.

He definitely could not divorce her and marry Song Yuxi. However, it was probably very difficult for him to not care about Song Yuxi's life and death.

“What do you mean by rushing?” Lei Zhenyu was really convinced by her. He rolled his eyes at her and said, “I've already arranged the itinerary. We'll go to the Himalayas and then from Chuan to Zang. In the middle, we'll stop at Tanggula Mountain and pass through Tianshan...”

“Stop.” Ru Yu immediately stopped him. Then, she glared at him. “Zhenyu, it's winter now. Do you know who goes to the Himalayas in winter? There's nothing to see in the Tanggula Mountain in winter. You can't even climb over it in the sky. Do you think it's July or August?”

Lei Zhenyu looked at her like that. After a long while, he said, “what are you going to do in July or August? You can't sleep on a brick bed in July or August.”

Sleep on a brick bed?

Ru Yu's head immediately rumbled. Why did Lei Zhenyu want to go to the Himalayas?

She didn't want to go to the Himalayas. She didn't want to go to the Himalayas at all. She didn't want to sleep on a brick bed either. She didn't want to sleep on a brick bed for the rest of her life.

Three years ago, she and Jin Zhengnan went to the Himalayas on their honeymoon after they got married. That time, she and Jin Zhengnan crossed the Tanggula Mountain, crossed the Tianshan Mountain and went to many of the most primitive and ancient places.

She did not want to go to those places again because her and Jin Zhengnan's footprints were everywhere. She did not want to step on those footprints again. She just wanted to start a new life.

So, she swallowed her saliva and moistened her throat. She said with a slightly dry voice, "well, zhenyukun, it is very difficult to cross the Nianqing Tanggula Mountain in winter. It is impossible to cross the Tianshan Mountain. In fact, the Best Tourist Destination in winter is the south or Africa. Why don't we go to the south, Sanya, Maldives, and Melbourne?"

"Of course, if you don't like these things, then let's go to Africa, South Africa, the Sahara desert, sunset city, or you can find a skeleton of a camel for me in the desert. At that time, Jose gave Sanmao the skeleton of a camel as a token of love. Let's continue the love between Sanmao and Jose, okay?"

Lei Zhenyu looked at her like that and didn't say anything. He knew it was winter now, but three years ago, wasn't it winter when she and Jin Zhengnan went to the Himalayas for their honeymoon?

### **Chapter 1292, the honeymoon place**

Back then, she and Jin Zhengnan could cross the Nianqing Tanggula Mountain, but he couldn't?

He knew that she would definitely object if he said that they couldn't go to the Himalayas, because that place was where she and Jin Zhengnan treasured their relationship. That place had their sweet days.

The so-called sweet between a man and a woman didn't mean that they had to break through a substantive relationship to have the so-called sweet. In fact, the true sweet came from the love in the depths of their hearts, and she and Jin Zhengnan.

Well, the two of them seemed to dislike each other, but he knew that it was not the case. She had Jin Zhengnan in her heart, even though she would never admit it.

And Jin Zhengnan had her in his heart, even though Jin Zhengnan would never say that, or even admit it.

However, just because one of them did not say it and the other did not admit it, it did not mean that he could not see it.

That day, the two of them fought over a bedsheet. Even if he was an amateur artist, he could tell that the bedsheet was purely handmade, and the color of the fabric was dyed from his own home using the fuel made from flowers and grass. There was no chemical composition added to it at all. Those silk threads embroidered with dragons and phoenixes must have been hand-woven, right? Because it was completely different from the ones bought in the market.

The two of them fought over a bedsheet until their faces turned red. They fought over an old-fashioned cartridge lighter. Moreover, in the living room, there were matchboxes piled up like the Great Wall.

He knew that the Great Wall that was piled up by those matchboxes was built by ru Yu because he heard that Jin Zhengnan had always liked to use matches when he smoked, and ru yu was able to stack matchboxes into the Great Wall. Did she also think that her love with Jin Zhengnan would be like the Great Wall that would never fall?

That day, ru Yu did not get the bed sheet or the old-fashioned lighter. He really wanted to accompany her on another trip to the Nianqing Tanggula Mountains. He wanted to go to the Himalayas and live with her at the Tibetans' home. He wanted to see if he could be as lucky as Jin Zhengnan and get a bed sheet and find an old-fashioned lighter or an old-fashioned match.

However, he did not expect ru Yu to be so resistant to that place. When he said he wanted to go, she immediately expressed her strong opposition. From this, it could be seen that she could not touch that place in her heart.

"Lei Zhenyu, what are you still standing there for? Since you're going on your honeymoon, you should hurry up and pack your luggage, right?" Ru Yu saw that he had been silent the whole time. Hence, she stood up and pushed him with her hand. "Hurry up, we need to prepare more things to go to the Himalayas. According to what you said, we'll go from Sichuan to Tibet. Now, many people go there by train, but I don't think we can see many places by train. How about this, we'll take the old Sichuan to Tibet road. I think we'll need to find a cruiser or something there. It's a snowy desert with endless scenery, but it's also very risky."

"When I heard what you said, I felt that it was really dangerous." Lei Zhenyu smiled and continued. Then, he pretended to be relaxed and said, "I think it's better to forget about it. If I go at this time, I'm afraid that I might encounter an avalanche or something. Fine, I won't take that risk. Let's go to Africa. I'll go to the Sahara desert and find a camel skeleton to make you a lover."

When ru Yu heard what he said, she was stunned for a moment and could not help but frown. "You're really not going? You really wanted to go just now?"

### **Chapter 1293: Accompany you to search for the thousand-year-old Orchid**

"I'm not going," Lei Zhenyu answered with certainty. Then, he turned around and packed his luggage. He said very naturally, "it's better to go to Africa."

Ru Yu didn't know whether to laugh or cry when she heard his words. She had already promised to go to the Himalayas with him. Now, he said that he was going to Africa. Alright, he said that he was going to Africa.

"then let's go to Angola." Ru Yu thought for a moment and said, "there's actually nothing to see in South Africa. It's the end of December. The crape myrtle flowers have already bloomed. There aren't many beaches and table mountain to see. Let's go to Angola to search for the thousand-year-old Orchid."

"THOUSAND-YEAR-OLD ORCHID?" Lei Zhenyu turned sideways to look at her. He really didn't know what the thousand-year-old Orchid was.

"Yes, the thousand-year-old orchid grows in the Namib Desert in southern Angola. "It's a very strange and strange plant. Its shape is very strange. Its leaves are like a belt. The parts near the base are hard and thick, like meat, while the tip of the leaves are soft and thin. "The thousand-year-old Orchid only grows two leaves in its lifetime. Each leaf is about 0.5 meters wide and can reach about three meters long, each extending in the opposite direction. The thousand-year-old Orchid's stem is no more than

twenty centimeters tall, but its circumference is about four meters long. It looks like a short stump. “after its two leaves grow out, it will never grow new leaves. It will live with the entire plant for more than a hundred years.”

Lei Zhenyu instantly understood, so he grabbed her hand. He asked softly, “you mean, you also want to be like the thousand-year-old Orchid, treating yourself as a leaf, treating marriage as the stem of the thousand-year-old Orchid, and then living with the other leaf for a hundred years. Don’t let new leaves appear in the Middle, right?”

Ru Yu nodded, her eyes filled with warm liquid. She did not expect Lei Zhenyu to understand her so well. He actually saw through her thoughts at a glance.

She remembered that three years ago, when Jin Zhengnan and she went on their honeymoon, she had also mentioned that she wanted to go to Angola to look for the thousand-year-old Orchid. However, Jin Zhengnan immediately denied it. He said that Angola was too chaotic and not safe at all. Then, they went to the Himalayas.

“Alright, then let’s go to Angola.” Lei Zhenyu nodded. Since she was going to look for the thousand-year-old Orchid, then he would accompany her. He believed that when they were in Angola, they would definitely have a honeymoon that was different from Jin Zhengnan’s.

The two of them had always kept their things in a very regular manner, so it was extremely convenient to pack them up. Lei Zhenyu was indeed a person who was too fastidious. When he went out for a trip, he actually brought all of his daily necessities with him. Including thin quilts, pillows, slippers, and so on, not to mention bath towels, towels, and toiletries.

Ru Yu looked at the few big boxes full of his things and frowned. She reminded him lightly, “Lei Zhenyu, we are going on a honeymoon, not moving to Angola. As long as we bring clothes and toiletries, it will be fine. We have them in other hotels, there’s no need to bring them.”

Lei Zhenyu smiled embarrassedly, and then said lightly, “that, I know, but I’m not used to using hotel things. I always feel that hotel things are less hygienic.” Lei Zhenyu took his two large suitcases out of the door. He then said to Ru Yu, who was dragging a small suitcase, “that, I’m a person... I care a little more about hygiene.”

Ru Yu immediately stopped talking. What ‘care a little more about hygiene’? It was actually a Germaphobe, okay. What a Weirdo. Lin Yuxin was a doctor, but she was not as particular as him?

### **Chapter 1294 we are husband and wife**

Ru Yu started to feel a headache when she saw Lei Zhenyu’s two large suitcases. She did not feel it when they lived together because she was actually very particular about hygiene. Therefore, she felt that it was a good habit for Lei Zhenyu to wash the dishes a few times or make sure that the clothes were clean if there were any marks on them. She did not feel that there was anything inappropriate about it.

However, this time, when they were going out for their honeymoon, she finally understood that it was not that there was nothing inappropriate about it. It was that there were many places that were inappropriate, especially when he was overly particular and concerned about hygiene habits.

The place she was going to with her was Angola. That place first made people think about safety, and then of course, that place was very backward, so the hygiene conditions were naturally very poor. Perhaps she would go to a farm and find something to eat that was sour or overnight. Even the olive oil was squeezed out in the most ancient way. If he was so hygienic, wouldn't he not be able to eat all by himself?

And if she were to go to Angola, it was definitely impossible for all of them to stay in hotels, because that was impossible, especially if she were to go to look for the thousand-year-old Orchid. If she were to walk in the desert, not only would there be no hotel to stay in, she reckoned that she might not even be able to find a farm. She might even end up sleeping in a tent, not to mention washing her face and rinsing her mouth. Even the food they ate would have to be cold steamed buns from a few days ago.

Thinking of this, she suddenly felt that she could not go to that place in Angola with Lei Zhenyu. Therefore, she sighed softly and said, "Lei Zhenyu, I think we should go to the southern country, go to Sanya, and go to the Maldives. The temperature there is still more than 20 degrees Celsius. The weather is nice and sunny, similar to the early summer in Korea. The scenery by the sea is very good."

She was thinking of him, because a person who was obsessed with cleanliness definitely could not go to backward places. In the beginning, he had insisted on going to the Himalayas. He did not know how she and Jin Zhengnan walked from village to village while carrying backpacks in the Himalayas.

Lei Zhenyu was stunned for a moment when he heard Ru Yu's words. Meng ran suddenly thought of something, so she dragged her big suitcase into the room and opened it in a few seconds. Then, she took out all the things that she had in the hotel. She only brought simple clothes and toiletries like Ru Yu did. A small suitcase was enough.

"Hey, since you have brought it, what are you going to do with it?" Ru Yu thought it was a little funny to him. Then he explained, "actually, I mean, Angola is a bit of a backwater. You know, backwater places are always dirty and messy, and looking for a thousand-year-old orchid in the desert might require backpacking. So, I mean, why don't we... ."

"Just go to Angola," Lei Zhenyu found a light suitcase again. As he packed his clothes and toiletries, he said naturally, "Ru Yu, I know that some of my habits may be a little over the top, but I will slowly change them. I'm not saying that you have to change anything for me. You don't have to change anything. You're already very good. I will change for you. I will get rid of some bad habits that I shouldn't have, and then I will live a more harmonious life with you."

"Why do you need to do that?" Upon hearing his words, Ru Yu actually became uneasy. She said a little apologetically, "Zhenyu, I think we don't have to change anything. Actually, it's just a honeymoon. We can totally..."

"We're husband and wife, and we're going to be husband and wife for the rest of our lives." Lei Zhenyu quickly interrupted her. He finally tidied up his suitcase, then pulled it up and motioned for her to walk out of the door together.

**Chapter 1295: Who's changing for whom**

“Even if we’re going to be a couple for the rest of our lives, we don’t have to change our habits on purpose.” Ru Yu walked downstairs with him. She didn’t know whether to laugh or cry. “actually, we just need to do our best. There’s no need to change for anyone.”

“I know. In principle, everyone should just do their best. But, I want to improve the quality of our lives, don’t I?” Lei Zhenyu smiled and continued. Then, he reached out to hold her hand and said, “that’s enough, my painter wife. I want to make changes for you, but I don’t want you to make changes for me. What are you nervous about? Just be yourself.”

“But the key is that you make me feel uneasy and guilty,” ru Yu said truthfully. She really felt ashamed.

Initially, this marriage was based on an agreement between Lei Zhenyu and her. To put it bluntly, it was carried out for their own interests. At that time, no one thought that this marriage would become real. Even.. When they signed the agreement, they had agreed that their respective goals would be achieved.

But why had their marriage deviated from the track of their agreement long ago? It had long deviated from their goals. Now, for some unknown reason, in the face of so much destruction, they were more and more insistent on this marriage.

“Why should you feel guilty?” Lei Zhenyu smiled. He clenched her hand tightly and said, “alright, if you really feel guilty, then protect our marriage with your heart and manage our marriage with your heart. Don’t be a deserter at every turn. Don’t sympathize with others at every turn. Don’t think of quitting to help others at every turn.”

Ru Yu’s eyes instantly teared up. These words were clearly not sweet words, nor were they vows. They were just ordinary words, but why was she so touched when they came out of Lei Zhenyu’s mouth?

Her hand was hurting from Lei Zhenyu’s grip. Because his large palm kept rubbing against her small palm, she could feel that there were faint beads of sweat oozing out from his palm.

The two of them went to the courtyard. Lei Zhenyu moved the luggage to his Maybach, while Ru Yu directly opened the passenger door and got into the car. Since she was with him, she was happy to be free since he said that he would be a coolie.

Just as she was about to start the car, a middle-aged woman suddenly walked in from the door. Ru Yu was slightly stunned before she immediately opened the car door and got out. She had already recognized this middle-aged woman. She was actually Minister Song’s wife.

She had met Mrs. Song a few times. Just a few months ago, she had also met Minister Song when he was celebrating his mother’s birthday. She just did not know why she came to the Lei family.

“Mrs. Song,” Ru Yu greeted her very politely. Then, she smiled and explained, “there’s no one in our family today. Even the old man went out to play cards. sister-in-law and brother went to Jeju Island.”

“I’m not looking for them.” Madam Song looked at Lei Zhenyu who had just closed the car door and walked over. Then, she looked at ru Yu and said, “well, Madam Ru Yu, I’m here specially to look for you today. Do you think you can find a place to chat with us?”

“Look for me?” Ru Yu was a little confused. The few times she met Madam Song, they were at social gatherings. At most, they would just greet each other and casually chat about the weather today. They had never contacted each other in private. Why was Madam Song looking for her?

### **Chapter 1296, Madam Song’s request**

“Yes, I’ll look for you.” Madam Song nodded her head with certainty. Then, she urged, “look, can you go to my car? Let’s have a chat.”

“No need.” Lei Zhenyu answered before Ru Yu could. He looked at Madam Song indifferently and distantly, “Auntie Song, what do you want to talk to Ru Yu about? Let’s have a chat here. There are no secrets between US husband and wife. I won’t keep my matters a secret from her, and she will also be honest with me about her matters.”

Madam Song obviously did not expect Lei Zhenyu to not give her any face at all, so she could not help but feel awkward. She looked at Ru Yu with a hesitant expression.

Ru Yu remembered that Minister Song was the head of the Ministry of Culture, and it was better for Madam Song not to offend her openly. After all, her drawing belonged to the Ministry of Culture. In the future, she would have to go through some related procedures especially when the drawing had to be sold overseas.

With this in mind, she immediately said to Lei Zhenyu, “well, drive the car to the door and wait for me. I’ll invite Madam Song in for a cup of tea. It’s not easy to talk to her standing there. Besides, all the guests are guests, right? No matter what, you have to treat them properly.”

Lei Zhenyu stood there without moving. It was obvious that he did not want Ru Yu to entertain Madam Song. Ru Yu could not help but push him. “Go, I’ll be out soon.”

“Ru Yu,” Lei Zhenyu frowned and shouted. Then, he stared at her deeply. In fact, he was silently sending her a message. It was that no matter what Madam Song said, she just had to ignore it.

Ru Yu looked at him and could not help but laugh. She immediately pushed him again. “Go quickly.”

Lei Zhenyu got into the car helplessly. Of course, he did not drive the car out of the door. He just turned the car around, thinking that he would drive the car out after Ru Yu came out.

Ru Yu invited Madam Song into the living room on the first floor of the Lei family. She asked the servant to send two cups of tea up. She sat at the side and took a sip of the tea. Then, she asked indifferently, “what did Madam Song want to see me about?”

“Madam Ru Yu, I don’t know if Zhenyu told you, but my daughter, Yu Xi, she...” Madam Song stopped at this point. Then, she looked at Ru Yu with tears in her eyes. After a while, she sobbed and said, “Yu Xi loves Zhenyu too much. Yesterday morning, she thought of the promise she made with Zhenyu, so she actually... committed suicide for Zhenyu.”

Madam Song was very excited, but Ru Yu was very calm. She waited for her to finish before she said, “well, Zhenyu-kun told me about this. How is it now? Is Miss Song’s life still in danger?”

Madam Song could not help but be stunned when she heard ru Yu's indifferent and distant tone. She was so emotional and spoke with such deep affection. She thought that ru Yu would more or less boo when she heard that her daughter, Yu Xi, committed suicide for Lei Zhenyu Perhaps she would be moved or even show a sympathetic expression.

But who knew that these things that she thought had never happened. This painter, Che Ru Yu, was actually so calm, so cold and formulaic as she asked how things were now.

When she thought that the man that her daughter deeply loved was actually this woman's husband, her tears could not help but flow down. As a result, her exquisite makeup was washed until it was a mess. Her entire face was like a color Palette.

### **Chapter 1297, Mrs. Song's Request 1**

Ru Yu looked at Mrs. Song in front of her. Looking at her face that was as beautiful as a Palette, she could not help but frown. She could not help but sigh in her heart. This Korean was indeed very stingy. Plastic surgery could cost a lot of money However, she could not bear to use good cosmetics. Even the foundation on her face was a little better. Didn't she know that there was waterproof foundation?

"Madam Che Ru Yu, my Yu Xi and Zhen Yu used to be very in love. A few years ago, they broke up because of a misunderstanding. These few years, Yu Xi has been waiting for Zhen Yu. A few months ago, she just received news that Zhen Yu had returned from abroad and went to look for Zhen Yu. She did not expect that you would get there first. However, you and Zhen Yu got married after knowing each other for a few days. My Yu Xi and Zhen Yu have known each other for many years. Moreover, they were very in love with each other. At that time, they had already decided to get married... ". ..."

"Madam Song, what's the use of telling me all this?" Ru Yu interrupted her with a little annoyance. Then, she said faintly, "I don't like to listen to other people's love stories."

"I just hope that you can see Yu Xin looking so much at Zhenyu and fulfill their love so deeply." Mrs. Song's voice was almost trembling. It was filled with depression and pleading As she wiped her tears, she said to Ru Yu, "just look at how she doesn't want to live anymore for Zhenyu. Look at how she has been waiting for Zhenyu's breakup all these years because of a mistake. Look at how she is so infatuated and persistent in loving someone's breakup. Fulfill her and Zhenyu's wishes. As long as you divorce Zhenyu, not only will the Lei family give you a share of the breakup fee, our song family will also give you another share. We will also thank you for your entire life."

Ru Yu looked at the woman in front of her who was crying her heart out. Initially, she was touched by her great motherly love. Even though Song Yu was a bad person.. However, Mrs. Song's love for her daughter was indeed worthy of sympathy.

However, she actually said later that the song family would give her a break-up fee as long as she divorced Lei Zhenyu. Wasn't this showing off how rich the song family was in front of her?

Therefore, her natural face suddenly turned cold Then, she said in a cold tone, "well, Mrs. Song, I reckon that your trip today was in vain. It's very regrettable. Ru Yu may not be rich, but she doesn't have to worry about food and clothing. So, she hasn't reached the point where she has to rely on selling her

marriage to survive. As for your daughter's suicide and infatuation, that's her own business. If she likes to commit suicide, no one can stop her. If a woman can get married by committing suicide, then all the mistresses can use this method to drive the man's main wife away, don't you think so? "

The Face of Master Song immediately turned red and white. Coupled with the original color Palette, it looked like a clown in a Sichuan opera. It was as ugly as it could get.

Ru Yu put down the teacup in her hand and stood up She said indifferently, "Madam Song, I'm sorry, but I won't be keeping you here for dinner today. Zhenyu is waiting for me outside. The two of us are going on our honeymoon. I'm sorry, but Zhenyu and I will entertain you the next time you come to our house. "

After saying this, ru Yu immediately beckoned for the servants to come up and take away the tea set on the coffee table. Seriously, if she had known that Madam Song was going overboard, she would not have invited her in. Moreover, she had wasted such good tea leaves.

### **Chapter 1298 selfish woman**

Madam Song saw that Ru Yu had no intention of giving in at all and could not help but stand up as well Then, she said angrily, "Che Ru Yu, you're a famous person after all. You've also experienced the pain of having your marriage ruined by a mistress. Now, you've decided that my daughter, Yu Xi, is a mistress. But think about it carefully. Between you, Zhen Yu and Yu Xi, are you the mistress or Yu Xi the mistress "The two of them knew each other before you did. They fell in love before you did. They once received the approval and blessings of both parents. They broke up because of a small misunderstanding, but you took advantage of it. Now that Yu Xi is back, you should have given Zhenyu back to my Yu Xi. Not Only Does Yu Xi love Zhenyu deeply, but Zhenyu has never forgotten Yu Xi. He even promised yesterday that Yu Xi would divorce you and marry her. He even personally fed Yu Xi water and food... ". "..."

"That's enough! " Ru Yu coldly interrupted Madam Song's impassioned words. Her entire face was as cold as ice as she stared coldly at Madam Song Then, she spoke with the same cold and emotionless tone, "Madam Song, you said all this just to get me to agree to your divorce with Lei Zhenyu, right? "

"Yes. " Madam Song did not deny it Then, she said very straightforwardly, "I'm Yu Xi's mother. Any mother wishes for their daughter to obtain the happiness that belongs to her. And like all mothers in the world, when I saw a deep cut on my daughter's wrist, at that time, Yu Xi's hand was bleeding, but as a mother, my heart was also bleeding... ". "..."

"Then you mother and daughter should continue to bleed, " ru Yu coldly interrupted Madam Song's words Then, she said coldly, "since you're here to ask me, then I'll answer you clearly. I won't Divorce Lei Zhenyu, and Lei Zhenyu won't divorce you either. As for what you said about yesterday's promise, I'm sorry, Zhenyu Jun has already told me. That was what you asked him to do back then, and it was only to save your daughter's life as a buffer. If you want to take advantage of this opportunity to take an inch and take a mile, then I'm sorry, Zhenyu Jun won't give you another chance. So, Madam Song, go back and advise your daughter to stop playing suicide tricks. It's useless to cry, make a fuss, and hang yourself. "

Ru Yu paused for a moment Then she looked at Madam Song and said, “also, go back and tell your daughter that Zhenyu Jun and I will insist on our marriage. She has a long life ahead of her. If she wants to obtain happiness, she can fight for it herself. However, she won’t take it away from me.”

After saying this, ru Yu quickly walked towards the entrance of the hall. She said to Madam Song who walked out from behind her, “I won’t be seeing you out.”

Just as she walked out of the door, Lei Zhenyu quickly walked towards her. Seeing his hand reaching out, she did not hesitate to reach out her hand. Then, she held his hand and walked towards their car.

However, she did not expect that Madam Song would actually ignore her high heels and walk over in a few steps. Then, she stopped Lei Zhenyu who was about to help her open the car door.

“Zhenyu, I think you should have heard what Madam Che Ru Yu said just now,” Madam Song said with a slightly anxious expression “Zhenyu, I think you are a smart child. Yu Xi has been gentle and kind since she was young and knows how to be humble. As for this che Ru Yu, the words she said just now were completely without any consideration for others. She is a selfish woman. Zhenyu, are you sure you don’t want my gentle and Kind Yu Xi who is deeply in love with you? Do you want this selfish and cold-blooded woman?”

#### **Chapter 1299: a kind and non-idiotic woman**

Lei Zhenyu was not as angry or embarrassed as Madam Song had imagined after hearing Madam Song’s words. Instead, a gentle smile that was as gentle as a gentleman appeared on his face. He looked at Madam Song with extreme politeness Then, he said very politely, “thank you, Madam Song. If you were here today, I really didn’t know that Che ru Yu had such a selfish, cold-blooded and heartless side. Because before this, she had always been extremely kind to me. She was so kind that she was even a little idiotic. But now, you have helped me prove another thing. She is indeed very kind, but she is not idiotic. And I like people who are kind and non-idiotic.”

After Lei Zhenyu said that, he ignored Madam Song’s face, which looked like a palette. He held onto ru Yu’s hand and quickly went to his car. It was getting late. He and ru Yu were going on their honeymoon. How precious was the time?

Ru Yu’s face was gloomy and full of anger. Lei Zhenyu was a lawyer, and he had always claimed that he was a gentleman and a prince. She thought that he was more like a toad prince.

Usually, she thought that he was polite and modest, but today, she found out that he was not only black-bellied but also vicious. Look, just a few words and he had scolded both her and Madam Song. After all, he was a lawyer, and he did not curse.

“honey, don’t be angry.” Lei Zhenyu saw ru Yu’s gloomy face and could not help but smile and apologize. “Well, to be honest, you are actually very beautiful when you are an idiot.”

“You are the idiot?” Ru Yu glared at him angrily, and then raised her foot to kick his maybach. “This car is really vulgar, not ordinary. It’s so vulgar that it’s about the same as your brother-in-law’s car, right?”

“I have three generations of men in my family. I don’t even have a sister, so how can I have a brother-in-law?” Lei Zhenyu’s temper was rarely good. Then, he helped her open the door of the front passenger seat and added, “you know about my family’s situation, right?”

Ru Yu was so angry that she was speechless. Sitting in his car, she couldn’t be bothered to fasten her seatbelt. She placed her feet on the car seat in front of her.

Lei Zhenyu got in the car. Seeing her like this, he was really angry. So, as he started the car, he carefully said, “Ru Yu, I don’t have a problem with you putting your feet down like that. But later, when the police uncle sees it, he probably won’t agree. We’re in a hurry today. Do you still want to go and chat with the police uncle?”

Ru Yu took her feet off in a huff. She used her hand to press the switch to lower the seat. Instinctively, she lay down, but in an instant, she put the seat back up and sat down.

“If you want to lie down, lie down for a while.” Lei Zhenyu couldn’t help but look at her when he saw her lying down and sitting up again.

“Damn, the leather of this seat was whipped by someone, right?” Ru Yu deliberately sniffed. Then, she muttered, “people say that the leather of the seat in the Maybach is made of calfskin that has never been whipped, and every needle and thread is worn by hand. But why do I feel that the leather of this seat is so wronged? I guess it was whipped by someone when it was alive.”

Lei Zhenyu didn’t know whether to laugh or cry when he heard this. Alright, Che Ru Yu was an artist. She could humanize anything, even the leather of the seat in the Maybach.

“Alright, let’s not talk about the leather anymore.” Lei Zhenyu quickly changed the topic. “Um, did you go to Angola and Tell Your Daddy?”

“What did I say? I’ve been out for years,” ru Yu said indifferently. “He’s already used to it.”

### **Chapter 1300 changed for whom**

“Oh, then what did your father do in the past?” Lei Zhenyu asked casually.

“Seaman,” ru Yu answered naturally. She said this to everyone, “when he was young, he became a seaman. Later, something happened at sea, so he retired. Then, he idled at home, fishing, drinking tea, and so on.”

“Oh, no wonder I said he didn’t work.” Lei Zhenyu suddenly realized that the profession of Seaman was different from other professions. Once this profession retired, it was almost impossible to find other jobs.

Of course, the salary of a sailor was also very high. Because of the high risk of the job, they usually had a large sum of money after retirement. They could live comfortably until old age.

“Are you really going to Angola for a honeymoon with me?” Ru Yu looked sideways at the man who was driving. She frowned slightly and added, “you have to think carefully. Angola is not the place that you

have been to before. Moreover, this trip is very hard. If you can't stand it and you act like a child and ask for it back at the last minute, I probably won't be able to satisfy you. "

"I'm not a child. Why can't I bear it?" Lei Zhenyu was really convinced by ru Yu. Then, he assured her, "don't worry. As long as you can bear it, I will definitely bear it. "

"Alright, if that's the case, when we get to the airport, you can buy a backpack and change your luggage. That's because in Angola, we are more likely to be a backpacker. Moreover, backpacks are more convenient to carry than luggage. "

"Alright, no problem. " Lei Zhenyu agreed without hesitation Then, he said a little embarrassedly, "in the past, when I went out or something, I was escorted by people. Moreover, when I left the airport, I got into a private car. I didn't think about anything or it was inconvenient. Therefore, I have always used a suitcase and have never bought a backpack. "

"Oh, if that's the case, wouldn't you be at a disadvantage by marrying me?" Ru Yu said in a pure joking manner, "think about it. You originally had so many things that you didn't like, but now you actually have to slowly take over. And now, you have to try to throw away the things that you have always liked. Isn't this considered a disadvantage? "

"What's the loss?" Lei Zhenyu could not help but roll his eyes at her. "seriously, I still feel like I've made a profit. Think about it. In the past, I never touched or even tried anything, but now I'm starting to try it. This means that I can come into contact with more worlds that I've never known before. How good would that be? "

Upon hearing Lei Zhenyu's words, ru Yu originally did not have much interest in Angola. However, since he was so excited, she began to look forward to it. She hoped that Lei Zhenyu would not disappoint her in Angola. After all.. That place was a place that people like him who were obsessed with cleanliness could not avoid.

She bought a relatively large backpack at the airport and replaced Lei Zhenyu's luggage. Many things that ru yu thought were unnecessary were thrown away. In Ru Yu's words, if she did not throw them away now, she would spend money to send them to Angola. When she could not carry them, she would still have to throw them away If she did not throw them away now, it would cost less money and less effort.

Well, Lei Zhenyu was really unfamiliar with that place in Angola. All he knew was that the war in that place had been going on for years. He knew that it was not safe and that the entire Africa was not safe. He knew nothing else.
