

Divorce 1311

Chapter 1311 honeymoon in Angola 10

Throughout the night, the two of them squeezed together and sat against the wall. Lei Zhenyu hugged ru Yu. The night was terrifyingly quiet. The children of this Angolan family fell asleep very quickly after a day of fighting.

The two of them were also very tired. Ru Yu had been driving for a whole day, but Lei Zhenyu could not fall asleep because he had never been to such an unfamiliar environment. Ever since he was young, the environment he was in was clean, hurried, and comfortable. Moreover, he had never liked many people in a room.

In his mind, the most he could accept was two people in a room, and those two people had to be husband and wife. He could not accept anything else.

But tonight, in this House that was surrounded by wooden bars, there were eight adults and children, including them. The children fell asleep very quickly, but the four adults did not fall asleep. Instead, they were staring at them vigilantly.

Of course, he knew that to them, they were strangers, and strangers always made them feel afraid.

In fact, he and ru Yu were also very afraid. After all, they could see all kinds of news on the Internet, especially in Africa. It was said that people here liked to rob, especially foreigners.

One night, Lei Zhenyu and ru Yu were worried. They switched to rest. Fortunately, there was no danger. When the next day came, everyone was still safe, and their car was still parked quietly in the yard. No one stole it.

"I thought someone would have stolen it last night." Lei Zhenyu turned to look at Ru Yu, who was driving, and there was a sense of relief in his voice.

Ru Yu burst out laughing. She shook her head and said, "you're thinking too much. In fact, in such a backward place, we haven't even seen a bicycle in this village, let alone a car. So, it's not that they don't want to steal it, but they probably can't drive it. No one knows how to drive, right?"

Alright, Lei Zhenyu immediately stopped talking. He was wondering why she was so confident and bold last night. It turned OUT that there was a reason. He was indeed OUT of his element and didn't even understand this.

During the day, there was a relatively smooth road. Lei Zhenyu immediately switched ru Yu off and said, "hurry up and sit over there. Put Down your seat and rest. I'm going to drive for a while. It's always you who's tired from driving."

Ru Yu nodded because this section of the road was indeed relatively smooth. Lei Zhenyu's driving skills were not bad either. It was just that he had never driven on a bumpy road before. He could completely drive on a smooth road.

They had been walking along the Kwanza River. The Kwanza River was the largest and most economically valuable river in Angola. It originated from a place about 80 kilometers southeast of Xitengbo on the Bierbie Plateau, which was 1,500 meters above sea level.

The Kwanza River was wide and beautiful. Angola's paper currency was named after the Kwanza River. At present, the Kwanza River was about 1:70 to the US dollar.

During the day, they did not rest. Lei Zhenyu gradually adapted to the yellow sand road, so he could gradually open up some bumpy roads, which relieved a lot of the burden on ru Yu.

In order to save time, at noon, they casually bought something to eat at a market that they passed by. It was also roasted meat. They did not know what kind of roasted meat it was, and there were also scones. Like ru Yu, they bought some over.

Lei Zhenyu was really speechless. This was because he did not eat anything at home in Angola in the morning. At this moment, he had long forgotten about the so-called hygiene. He had to wash his hands before eating.

Chapter 1312 Angola's honeymoon trip 11

It was not important at all. It really was not important. He and ru Yu just ate pancakes and grilled meat with distilled water. Of course, fruit was an extravagant wish. At this moment, one should not have extravagant hopes for fruit, because it was not because one could not bear to part with money. It was because there was no fruit to sell in this market.

After lunch.. When the two of them were resting by the roadside, ru Yu comforted him, "it's okay. When we arrive at another large market in the afternoon, there will probably be fruit to sell. We will find a family of officials to sleep in that large market at night. Their home is actually quite good."

"Alright, forget it. I'd rather stay in the car." Lei Zhenyu shook his head. He had no interest in staying in a family, especially last night. He hugged ru Yu and leaned against the wall together, but ru Yu's body was so soft. He even had a damnable reaction.

It could be imagined how hard it was for him to hold it in a room with ten people in that situation. Therefore, he was unwilling to find a place to stay even if he was beaten to death.

If he missed her in the car, then at worst, he could have a car ride with her. In short, he would never suffer that kind of pain again. He would never go there even if he was beaten to death.

Ru Yu thought that he was not used to a room with many people, so she quickly explained to him that the local officials were still very wealthy. Their home was also relatively big, and there was more than one room. If we went, of course, it would be impossible for us to have a single room. However, it was probably in the same room as their family's elders or children, so naturally, there would be fewer people. Moreover, the environment was also correspondingly better, and there was probably a bed or something.

Lei Zhenyu still shook his head like a rattle-drum. He did not want to go to other people's homes to stay. Even if there was a bed, he would not go. Right now, he missed the Chinese Guild Hall in Luanda so

much, and how much he missed that small room. There was also the stir-fried meat and cucumber cooked by the Sichuan Lady boss. It was really delicious.

Due to Lei Zhenyu's insistence on not going to stay at someone else's house, Ru Yu had no choice. Because she knew that Lei Zhenyu was still as stubborn as a bull when he was stubborn, she could only let him stay in the car at night.

The car was not big. Their luggage and sleeping bags were piled up in the back. However, the two seats in the front could be laid flat. At night, they came to a big town, so it was relatively livelier.

Ru Yu bought some food, but of course, there was no decent restaurant, so she did not go in. However, there was milk and fruit in the supermarket. Although it was shockingly expensive, it was much more expensive than Luanda.

However, she still bought it. Lei Zhenyu said that no matter how expensive it was, all he wanted was money, and we did it to save our lives. It was worth it to use money to save our lives!

Ru Yu did not know whether to laugh or cry when she heard his words, but in the end, she bought an apple that cost four dollars a piece and some ridiculously expensive milk. Of course, there was no lack of bread.

The dinner was so simple, but of course, she couldn't fall asleep after eating it. Ru Yu said that she would go to the riverside to play for a while. Anyway, it was still early, and they could still see the water today. After entering the desert tomorrow, they wouldn't be able to see the water anymore.

The scenery in Angola was very beautiful, and the entire country hadn't developed tourist attractions, which meant that all the attractions were free. And the riverside near the town they went to was even more deserted at night.

The two of them came to the riverside, of course, with the essential mosquito incense. This was necessary because there were too many mosquitoes, and they also brought some anti-insect medicine.

Chapter 1313 honeymoon in Angola 12

It was very quiet by the river. All kinds of insects were buzzing in his ears. Lei Zhenyu hugged Ru Yu and placed his chin on her shoulder. His thin lips exhaled a warm breath from her neck.

He said, "although the people here are poor, I see that they are very happy. Actually, it is not a bad thing to live here for a lifetime. At least, there is no one to disturb us by the river."

Ru Yu could not help but laugh when she heard his words. She put her hand around his neck and whispered in his ear, "let me tell you a secret. It is said that the happiness index of Angolans is higher than the happiness index of Chinese people. I think it is definitely higher than the happiness index of Koreans."

He lowered his eyes and stared at the woman in front of him. She had a bright and charming appearance. She was smiling heartlessly. He could not help but put his arm around the back of her back and put one hand on the back of her head. His thin lips covered her without warning.

“UGH...” ru Yu grunted and wanted to escape, but his big palm was firmly holding the back of her head. She could not escape at all. She could only let him put his slightly rough tongue into her mouth.

The two of them had just eaten the apples they bought at the market. They had not eaten an apple for a few days and almost swallowed the core of the apple. Therefore, their mouths were filled with the taste of the apple, sweet, sour, and sweet.

Perhaps they had never kissed after eating something before, because every kiss was after washing up, so they never knew that the taste of kissing after eating an apple was so wonderful.

The index of happiness was very high. Perhaps it included the taste of kissing after eating an apple, because she had never thought that an apple could be sold for four dollars. Therefore, who would not feel happy after eating such an expensive apple and then kissing?

Ru Yu was in a daze after being kissed by the thunder shower. The cool night wind blew by the riverside, and the river was as quiet as a thousand years ago. She and Lei Zhenyu, on this primitive and ancient riverside, seemed to have passed a thousand years.

Just as she was closing her eyes and indulging in his strong kiss, Meng ran suddenly felt a cool sensation under her body. She was stunned for a moment before she came to her senses. To her surprise, she found that his hand had lifted the hem of her indian-colored dress.

“Hey,” ru yu cried out in shock She could not help but push him away. “Lei Zhenyu, this is the riverside of the Kwanza River. It’s not in our apartment in Seoul. There’s not even a wooden house here. The surroundings are empty. Can’t you endure it in broad daylight?”

“No,” he answered sullenly. He continued to lift up her skirt. His big hand had already reached in smoothly. One hand held her waist tightly while the other quickly reached into her secluded place.

“Your skirt is so big. Who can see it?” His thin lips teased her ear Then he whispered, “besides, there’s no one by the riverside. Not to mention that we’re still wearing clothes. Even if we strip naked and roll around, I don’t think we need to worry. There’s no one at all.”

Three black lines appeared on ru Yu’s forehead. She couldn’t help but whisper, “Lei Zhenyu, you can’t do this. It’s indecent.”

“Then, go to the car?” He carefully suggested, “let’s have a car shock in this foreign country?”

“In the car?” Ru Yu shook her head at the thought of the car. “That car probably won’t be able to withstand your forceful torture. I’m afraid that the car will fall apart before I fall apart.”

Chapter 1314 honeymoon in Angola 13

Just as she closed her eyes and was immersed in his strong kiss, Meng ran suddenly felt a cool sensation under her body. She was stunned for a moment before she came to her senses. She was shocked to find that his hand had lifted up the large skirt that had Indian colors on her body.

“Hey, ” ru yu cried out in shock She could not help but push him away with her hand. “Lei Zhenyu, this is the riverside of the Kwanza River. It’s not our apartment in Seoul. There’s not even a wooden house here. The surroundings are empty. Can’t you endure it in broad daylight? ”

“No, ” he answered sullenly. He continued to lift up her skirt. His big hand had already reached in smoothly. One hand held her waist tightly while the other quickly reached into her secluded place.

“Your skirt is so big. Who can see it? ” His thin lips teased her ear Then he whispered, “besides, there’s no one by the riverside. Not to mention that we’re still wearing clothes. Even if we strip naked and roll around, I don’t think we need to worry. There’s no one at all. ”

Three black lines appeared on ru Yu’s forehead. She couldn’t help but whisper, “Lei Zhenyu, you can’t do this. It’s indecent. ”

“Then, go to the car? ” He carefully suggested, “let’s have a car shock in this foreign country? ”

“Car? ” Ru Yu shook her head at the thought of the car. “That car probably won’t be able to withstand your forceful torture. I’m afraid that before I’m torn apart by you, the car will fall apart first. ”

Lei Zhenyu laughed softly and nodded. He admitted his bestiality shamelessly Then he shamelessly said, “anyway, your skirt is big enough to cover both of our legs. Even if there is someone, they will think that I am hugging you to cool down by the river. ”

Ru Yu’s forehead immediately broke out in sweat. How could this man be like this? He was obviously a modest gentleman He was clearly a gentle and gentle prince He was clearly... ..

Everything became quiet. There was no sound. Only the buzzing of insects around them continued to sing the ancient ballad. However, they were performing the most primitive music of mankind in this ancient ballad.

Many years later, whenever Lei Zhenyu thought of tonight, he thought that this was the most beautiful moment he had ever experienced in his life. He and ru Yu had put on the most primitive show in the most primitive place, but it was the best proof of their spiritual connection.

He loved her, and that was why he wanted her so crazily. His Love was not only spoken, but also done... ..

Ru Yu and Lei Zhenyu rested in the small town for a night, and then continued to drive to their destination the next day. Of course, they slept on the recliner in the car last night because Lei Zhenyu insisted on not going to her house.

The recliner in the car was very uncomfortable. Ru Yu felt her back ache the next day. Lei Zhenyu teased her by saying that she did not sleep on the recliner but was doted on by him.

She was so angry that she glared at him. As a result, he laughed proudly. While he laughed, he started the car and drove in the direction of the desert.

Along the way, they could see a particularly eye-catching tree growing there from time to time. This kind of strange-looking short and fat tree was the world-famous Baobab, which was directly translated as the “Baobab Tree” , commonly known as the “Monkey Baobab tree” . The trunk of the Baobab Tree had a

variety of strange looks, similar to the roots of a tree. From Afar, it looked like a tree growing upside down.

Lei Zhenyu did not know much about this kind of tree, so he asked Ru Yu, what kind of tree was this?

Chapter 1315 honeymoon in Angola 14

Ru Yu and Lei Zhenyu rested in the small town for a night before continuing their journey to their destination the next day. Of course, they slept on the recliner in the car last night because Lei Zhenyu insisted on not going to his house.

The recliner in the car was very uncomfortable. Ru Yu felt her back ache the next day. Lei Zhenyu joked that she did not sleep on the recliner but was doted on by him.

She was so angry that she glared at him. As a result, he laughed proudly. He started the car while laughing and drove towards the direction of the desert.

On the way, he could see a particularly eye-catching big tree growing there from time to time. This kind of strange-looking short and fat tree was the world-famous Baobab, which was directly translated as the "Boobab Tree", commonly known as the "Baobab Tree". The trunk of the Baobab Tree had all kinds of strange looks, similar to the roots of the tree. From Afar, it looked like a tree growing upside down.

Lei Zhenyu did not know much about this kind of tree, so he asked Ru Yu, what kind of tree was this?

Ru Yu told him, "this is the Baobab tree, and the Baobab tree can be called the "longevity tree" in the plant kingdom. It can live for 4,000 to 5,000 years. ". It had an extremely strong ability to adapt to the environment. Although the trunk of the Baobab Tree was very thick, its texture was very loose. These loose holes on the tall and strong trunk could store a lot of rain water, and the body was acting as a water absorbent instead of the roots. The water stored in the trunk could maintain the growth and development of the Baobab tree throughout the year. When people who worked or traveled on the tropical grasslands were thirsty, as long as they found the Baobab tree, they could drink water from its body to their heart's content. For this reason, people called it the "tree of life. ". After the Baobab tree absorbed enough water, it would grow new leaves, which were palm-shaped compound leaves. At this time, the branches and leaves were luxuriant, and very large white flowers bloomed.

As for the Baobab Tree's function, well, there was a joke once heard. In Angola, someone said that a man only needed to spend two hours to plant twelve Baobab trees, and he would be considered to have completed his mission to the next generation Because the fruits of twelve Baobab trees were enough to feed a person for a year.

Lei Zhenyu could not help but laugh when he heard ru Yu's words. He said, "well, don't tell me that people only need to eat until they are full and don't need to wear warm clothes? But if you want to wear warm clothes, you need clothes. Don't you need money to buy clothes? "

Ru Yu said plainly that the climate in Africa was very hot all year round. People did not need to wear clothes at all. Moreover, didn't you see that the children in the countryside were all naked They could not wear them even when they were older. They could just cover them with leaves and bark.

Alright, Lei Zhenyu admitted that in this aspect, the demand of the people in Angola was really very low. It turned out that it was so easy for them to eat their fill and wear warm clothes. Moreover, besides the Baobab tree, they also had the cashew tree.

No wonder ru Yu said that Angolans had a high happiness index. With such a simple demand, people naturally did not have much pressure, and those who did not have pressure would naturally lead extremely happy lives. How could happy people not be happy?

Driving all the way, they finally arrived at the southern part of Angola in the afternoon. It was a village five kilometers away from the Namib Desert. There were very few people living here, and there were not many families.

Moreover, due to the heat, there were really adults who were wrapped in tree leaves and Bark, especially girls. Some of them did not even cover the top, but only used the bark to cover the bottom.

When they saw Lei Zhenyu, they were unusually excited and chased after him. Lei Zhenyu was so scared that he ran as fast as he could. However, he did not understand Portuguese and did not know what the girls were shouting about.

Chapter 1316 honeymoon in Angola 15

After the girls left, he asked Ru Yu, “what did those two aunties call me just now? I saw that they were both excited and a little too enthusiastic. ”

“PFFT... ” ru Yu could not help but laugh out loud. She pointed at Lei Zhenyu and said, “what aunties? They are all teenage girls, okay? Africans are black, and this place has a hot climate, so people grow up quickly. They said they want to have a child with you! ”

Lei Zhenyu was immediately choked to the point that he could not speak. He thought that ru Yu was teasing him, so he said a little angrily, “Ru Yu, we are husband and wife. Can you even make such a joke? ”

“Who is joking with you? ” Ru Yu was really convinced by him. “I am telling the truth, okay? ” That was how they called it. Whenever an Asian man came to Africa and was slightly more pleasing to the eye, the girls here would want to help him give birth to a child. Because the skin of asian-african hybrids is not so black. They also like their skin to be White, okay?”

Oh, okay. Lei Zhenyu finally understood why those girls were like that. So that was the reason. He was extremely glad that his wife was by his side. Otherwise, wouldn't he have been raped by those black girls?

Hearing his words, ru Yu found it funny. He said that you are a man after all. As long as you don't want to do that kind of thing, that woman can rape you. Don't flatter yourself?

Lei Zhenyu said seriously, a black girl definitely can't rape me. But the key is a group of black girls. I'm definitely not their match. Didn't you see the five or six girls chasing me just now?

“...”alright, ru Yu was speechless.

They were going to enter the Namib Desert the next day. In the afternoon, they bought some things, mainly dry food and water. Of course, there was more water and milk, because ru Yu said that in the desert, the lack of water was more cruel than the lack of food.

They couldn't drive in the desert to find the thousand-year-old Orchid, so the car was stored in the clan leader's home. And that night, they also stayed at the clan leader's home. The clan leader enthusiastically baked corn cobs and even baked pancakes with tapioca powder for them to eat. Of course, there was also corn noodles, which was a rare thing to entertain guests.

Although they were the clan leader, they did not live very well. After all, they were in the countryside. The house was still surrounded by wooden strips, but it was just a little bigger. Ru Yu and Lei Zhenyu were assigned to sleep with a few children.

The children were not very old. They were only a few years old. However, the oldest one was already thirteen years old. It was estimated that the people here grew up quickly, so she looked as if she knew about the affairs between men and women, because she had been smiling at Lei Zhenyu.

Lei Zhenyu felt a little uneasy, so he kept holding onto ru Yu's hand. Fortunately, ru Yu brought some candies in for the children to eat. The older child was still a child after all. In the end, he ate the candies that he had never seen before with his younger siblings. Gradually, his attention shifted away from Lei Zhenyu.

At night, the two of them finally had a bed. The four children slept on the same bed. Lei Zhenyu angrily told ru Yu that he would rather sleep in the car or in the tent than sleep in the same room with her. It was not comfortable at all.

Ru Yu asked mischievously, "are you uncomfortable there?"

He gritted his teeth and said, "I'm uncomfortable everywhere. My whole body is uncomfortable. I can't even hug you to sleep, let alone eat you. How can I be comfortable?"

Chapter 1317 honeymoon in Angola

The Namib Desert Does Not Have the romance of the Sahara, nor the vastness of the Gobi Desert, but it has the world's most colorful dunes, thousand-year-old plants, one side of the ocean, the Desert landscape on the other side; and the moon-like landscape, this is the Namib Desert Namibia Desert A nostalgic desert.

The next morning, the two of them said goodbye to the chief's family pack on the road, the chief told them a lot, told them to come back quickly if they could not find, the desert's strange phenomenon is very many, everything is unpredictable, do not be greedy.

They nodded, indicating that they understood. Moreover, they had brought enough water and food, so they felt that it should be fine. Moreover, they also knew that the thousand-year-old Orchid was distributed in the most narrow part of the Namib Desert from Western Namibia to southwest Angola. It was also an extremely dry area. Moreover, they also brought the north hand, so they should be fine.

Lei Zhenyu had never been to the desert, but ru yu had been running around the world. Whether it was the Sahara desert or the Taklamakan desert, she had been there before, so she was not afraid of the desert at all.

Lei Zhenyu was a little fearful of the desert at first, but as he walked into the desert with Ru Yu, he gradually felt that the desert was not as scary as he had imagined. It was even more fun than he had imagined.

Especially the Nano Desert. Because Ru Yu was afraid that he was not used to it, she had been taking him along the coastline. Thus, the scenery along the way was endless. The DV that they brought with them was constantly flashing.

Ru Yu smiled and said to him, “Zhenyu, don’t be too greedy on the first day. We don’t know how long it will take to find the thousand-year-old Orchid. You should use it sparingly. The thousand-year-old Orchid is still waiting for my camera. You have already used up the battery. Where are you going to charge it in the desert?”

Lei Zhenyu smiled embarrassedly. He said that the scenery here was too beautiful and he always wanted to stay because it would be very difficult for him to come here again in the future. Besides, wouldn’t he take photos back so that she could draw better in the future? Could it be that he wanted her to draw in the desert?

It was not impossible to draw in the desert, but that was only at the edge of the desert and not in the hinterland of the desert. Because drawing in the desert required one to carry an easel and some other tools for drawing, and one’s physical strength was limited, people who entered the desert.. It was best to carry as much sleep and food as possible. Other unimportant things should all be thrown away.

Therefore, ru Yu did not bring anything to the desert. Her and Lei Zhenyu’s backpacks were filled with water and food. Of course, there were also sleeping bags and tents.

Originally, they had to carry two tents, but Lei Zhenyu said that the tents took up space and were more or less heavy. The two of them could totally use one tent so that they could carry more water.

The scenery along the way was very good, especially when the sun was setting. Sitting on the desert and looking at the Blue Sea was an unimaginable comfort and comfort.

Lei Zhenyu said that this kind of paradise on earth was more perfect than any man-made Paradise. He lay on the desert and closed his eyes slightly, enjoying the comfort of both his body and mind.

Ru Yu took out her camera to take a photo for him mischievously. He noticed it and jumped up from the desert to chase after ru Yu. She kept saying, “Hey, little girl, didn’t you say that you want to save electricity?”

Ru Yu smiled and ran forward. He chased after her and accidentally stepped on the sand at the edge. The sand slid down and his whole body fell into the sea, making ru Yu on the desert laugh out loud. She quickly pressed the shutter and took a picture of his sorry state when he fell into the water.

Chapter 1318 honeymoon in Angola 17

The scenery of the Nano desert had always been very good, especially the colorful sand dunes. Lei Zhenyu and ru Yu were unconsciously intoxicated.

During the day, the two of them played and walked in the desert, and at night, they camped in the desert by the sea. The two of them slept in the same tent, so they naturally had some notes, so they could only hug and sleep together.

And this scene could be imagined. Lei Zhenyu was full of energy, and now the soft and warm fragrance was in his arms. If he did not touch ru Yu, it would be worse than killing him.

In his words, if he did not overlap his tenderness and intimacy with her, then he would definitely suffocate to death. Even if he did not suffocate to death, he would at least suffer a hard injury. So.. He said righteously, "Che Ru Yu, do you have the heart to let your husband suffocate to an internal injury? If you really suffocate to an internal injury, wouldn't your life's sexual happiness be ruined? "

Alright, in front of him, who was so strong and so righteous, and even said that this was for her sexual happiness, he was making a contribution for her, and working hard for her to enjoy a happy sexual life!

So, every night, the two of them had to overlap their tenderness and intimacy in the narrow tent, and climb up the primitive subversive senses of human beings again and again.

Ru Yu felt that this kind of thing was self-taught, and Lei Zhenyu and she had nothing else to worry about in the desert. After lying down at night, he only thought about these little things. So, in just a few days.. He actually came up with a lot of tricks, and she had to do it with his perverted tricks.

The most outrageous thing was that the two of them were tired from walking that day at noon. They sat down to rest and casually ate lunch. In fact, they had only compressed dry food and water. They did not bring any fruits because they took up space and there was no water to quench their thirst.

After eating and drinking, they rested for a while and prepared to get up and leave. They did not expect Lei Zhenyu to suddenly want to do something at this time. Of course, the prerequisite was that she felt a little hot, so she took off her clothes and prepared to change into a suspenders shirt.

There was no one in the desert for a hundred miles. There were only the two of them. Moreover, the area was boundless, so there was no place to hide. Of course, there was no need to set up a tent just to change clothes.

It was precisely because she had changed clothes so generously that Lei Zhenyu's bestiality was aroused. Therefore, when she took off her clothes and bent down to look for a suspenders shirt in her backpack, he hugged her from behind.

In the desert that was as hot as fire, his action came suddenly again. She screamed and did not want it, but he was not willing to listen to her, so she quickly begged for mercy, saying that it was broad daylight and there was no tent set up. Was this immoral?

He smiled and asked where the immoral was There was no one in the surrounding hundred miles, and there was not even a bird in the sky. Who would come to see them This was called a quilt in the sky and a mattress in the ground. What was wrong with US having sex on the world's largest mattress?

Yes, there was nothing wrong with it. They had just returned to being primitive people. The oldest primitive people had never worn clothes. It was said that even the natives of Africa did not wear clothes now They would just find a random place to roll when they wanted to.

Therefore, when he quickly pulled down her skirt and spread it on the sand, she finally stopped struggling when he quickly untied himself and hugged her as he fell down on the sand covered with the big skirt.

He was very gentle, and his movements were not too wild. The Bright Sun in the sky was shy and actually quietly drifted away, giving them a shade.

Chapter 1319 honeymoon in Angola 18

At this time, the sky in Africa suddenly turned dark. Under the cover of the dark curtain, it could be said that one could not see one's fingers. Therefore, Xiao Qiao really did not know how Lei Zhenyu and Che Ru Yu had sex in the world's largest bed She really did not know AH AH AH AH AH AH AH

Dear friends, the desert was very warm, and the sandstorms in the desert were ruthless. Therefore, walking in the desert, the first thing was to pay attention to safety, the second thing was to put safety first, and the third... ... Of course, it was still safety

After a long time, the white waves that were bullied by the sand finally calmed down. Lei Zhenyu lay softly on the soft white sand. Because he had just experienced an intense exercise, he opened his mouth and breathed heavily.

He turned around and deeply kissed the sweat and tears on ru Yu's face. Feeling the salty taste, he could not help but whisper in her ear, "Ru Yu, let us have a child... "

She gently bit her lips and nodded. If the marriage was really not strong enough, then a child was undoubtedly a core force to stabilize the marriage. If he was willing, then she also wanted a child that belonged to the two of them.

At night, the two of them did not even set up a tent. They just lay in the desert. Because there was a full moon in the sky, it was impossible to see such a beautiful moon while lying in the tent.

The two of them lay side by side. Ru Yu lay in Lei Zhenyu's arms. She was actually used to using his arms as a pillow, and he was also used to using her as a pillow.

The two of them quietly looked at the bright moon in the sky. It was very quiet around them. There was a faint rustling sound. They did not know if it was the animals running in the desert.

After a long time, he whispered in her ear, "in the future, if we have children, the girls will be called gravel, and the boys will be called desert. "

"PFFT... " ru Yu could not help but laugh. She hit his chest with her hand and said, "Lei Zhenyu, do you know how to give a name? You even called out gravel? Desert? Does that sound like a name? "

"Why not? " Lei Zhenyu glanced at her. "A name is originally a code name, but gravel and desert can let us remember everything in this Nano desert in the future. How good it is. "

“then why don’t we call one nano and one desert?” Ru Yu rolled her eyes at him. “This way, it will be the Nano Desert.”

“Good idea.” Lei Zhenyu didn’t want to divorce ru Yu at all Then, he said happily, “I think we have to have two children. Otherwise, we really won’t have enough names. Do you think we are here to find the thousand-year-old orchid?” “I think we should bring the thousand-year-old orchid with our children’s names, don’t you think so?”

“Yes, yes, yes.” Ru Yu pretended to nod in agreement with him Then, she said seriously, “I don’t think the thousand-year-old Orchid is enough, right? I think we should bring in the bread tree and cashew tree. But if that’s the case, how many children do we need to have to give birth to a name?”

“then we should have more children.” Lei Zhenyu said indifferently, “it’s not like I can’t afford to raise them. Besides, our Lei family originally wanted to have more branches and leaves. Now, my brother probably doesn’t have any children anymore. The inheritance of the Lei family is between us. Now, in order to commemorate our honeymoon trip in Angola’s Nani desert, I think we should have at least four to five children.”

“Do you think I’m a sow?” Ru Yu immediately protested. She couldn’t help but glare at him and growl, “Lei Zhenyu, are you dreaming? I’ll at most give birth to two children for you. In fact, one child is enough...”

Chapter 1320 honeymoon in Angola 19

In the blink of an eye, they had been walking in the desert for seven days. Their backpacks became lighter and lighter because they had almost run out of food and water, but they still hadn’t found the thousand-year-old Orchid.

As time went by, their initial enthusiasm gradually turned into a gradually cold heart. The thousand-year-old Orchid seemed to be hidden in a mysterious place forever, but they couldn’t find it after thousands of times.

When there were only two bottles of water left, ru Yu and Lei Zhenyu didn’t dare to drink it. If they still couldn’t find the thousand-year-old Orchid, then it meant that they had to rely on these two bottles of water to walk out of the desert.

Of course, they didn’t want to go back. After walking in the desert for a long time, one wouldn’t be able to find the original path at all. They could only continue walking forward. As for when they would be able to walk out of the desert, it was indeed an unknown.

Because there was no food left, they had prepared for a week. Walking in the desert every day was extremely tiring and tiring, so they couldn’t carry anything anymore.

In order to travel light, ru Yu suggested to throw away the tent. However, Lei Zhenyu was reluctant to do so. He said that they would need a tent to sleep at night. If they threw it away, how could they sleep The tent had no other functions, but it could isolate the sand?

Just when they thought that they couldn't find the thousand-year-old Orchid, a miracle happened. This evening, they finally saw a strange plant.

This plant was only 20 to 30 centimeters above the ground. In the desert, it was impossible to see it without careful observation. They found it because Lei Zhen had been hung when he was walking. When he turned around, he saw this plant.

At the top edge of the stem, two huge leaves grew on both sides. Each leaf was two to three meters long and 30 centimeters wide. Moreover, these two leaves grew in the opposite direction, very similar to the thousand-year-old orchid that ru yu had described.

Lei Zhenyu could not help but feel ecstatic. Then, he shouted loudly to Ru Yu, who had already walked far away, "wife, quickly come over and take a look. Is this the thousand-year-old Orchid?"

Ru Yu heard his voice from the front and immediately turned around. When she saw that he was pointing at his feet, she immediately felt something and quickly ran towards him. She only wanted to see the thousand-year-old orchid that she had been longing for.

However, because she ran too fast and forgot to pay attention to her feet, she accidentally fell into the sand pool. In fact, it was similar to a swamp. When a person fell, they would continuously slide down.

Lei Zhenyu was shocked. He clearly saw ru Yu running towards him, but why did the place suddenly sink. Moreover, ru Yu was also sinking down with the sand.

"Ru Yu," he immediately ran over and came to the side of the sand pool. He wanted to reach out to grab ru Yu's hand, but only then did he realize that his hand could not reach ru Yu's hand. And because Ru Yu was struggling in the sand pool, her body was sinking deeper and deeper. The sand was about to reach her chest.

"Ru Yu, stop struggling!" Lei Zhenyu shouted loudly. Then, he quickly took off his clothes. He felt that they were too short, so he quickly took off his pants. Then, he hurriedly grabbed one of the storage tubes of the pants. He threw the other storage tube towards ru Yu who was in the sand pond.

At this moment, the sand had already reached her shoulder. When Lei Zhenyu threw the storage tube over, she immediately grabbed it with both hands. Actually, he did not say anything at this moment. She also understood that he wanted to pull her up.
