Chapter 1321 honeymoon in Angola 20

The sand was constantly rushing towards ru Yu, but Lei Zhenyu was pulling her with all his strength. There was only a pair of Lei Zhenyu's pants between them. Fortunately, these pants were jeans, and the workmanship was especially good. Back then, he had specially bought these desert travel jeans in order to come to the desert.

Ru Yu's hand was grabbing onto Lei Zhenyu's pants. She could not exert any strength because the desert was beneath her. If she struggled with all her strength, it would only cause her body to constantly sink downwards, so she could not exert any strength. The only thing she had to do was to grab onto the pants tightly with both hands.

Lei Zhenyu gritted his teeth and tried to snatch ru Yu from the sinking sand. Fortunately, the sand did not sink very fast. Fortunately, when he threw the pants over, the sand had just reached ru Yu's shoulder. So, after he clenched his teeth and pulled with all his strength.. Ru Yu's body slowly rose up bit by bit, bit by bit.

Finally, ru Yu's body was pulled out of the sand pond bit by bit. It was so slow, but it did not stop. Lei Zhenyu knew that he could not stop, because the sand that was constantly sinking could not give him a break. If he stopped.. Then ru Yu would definitely be swallowed by the sand.

Finally, ru Yu's body was pulled from the sand pond to her buttocks. This situation made Lei Zhenyu happy, because below the buttocks were the legs. This way, it was much easier to pull her out.

It was indeed much easier. He stepped back, gritted his teeth, and roared. He pulled her out of the sand pond in one go.

Ru Yu was pulled out, but Lei Zhenyu was immediately exhausted. He lay straight on the desert. His hands were already bloody due to the tight grip on his jeans.

Ru Yu crawled over to call him, but there was no response. She was so scared that she immediately cried. She could not help but cover her mouth to perform artificial breathing on him. Instinctively, she thought that he might have fainted from exhaustion.

However, just as her pink lips covered his, he immediately hooked his arm around her neck. With a slight turn of his body, he directly pressed her under his body. That thin lips, however, never left her pink lips from the beginning to the end.

After surviving a disaster, neither of them avoided it. They kissed until the sky turned dark. The Bright Moon in the desert was in the sky, silently watching this once-in-a-century miracle. A man wearing only a pair of boxers and a woman wearing a Bohemian skirt kissed each other deeply. They even forgot that there was sand in each other's mouths.

After a long, long time, the long, deep kiss finally stopped. Lei Zhenyu was exhausted. He let out a long sigh and said, "If I didn't have any strength at this moment, I would definitely eat you here. "

Ru Yu smiled, but before the smile could form on her face, tears flowed down first. She held his face, which had long lost its whiteness because he had walked in the desert for a few days, and then kissed his face fiercely.

Lei Zhenyu looked at her crystal clear tears and immediately covered his mouth and licked it carefully. He even teased, "honey, you're such a waste. This is the desert. Do you know how valuable water is? It's not more expensive than oil, it's more expensive than gold. Now, even if you have gold, you can't exchange it for water?"

Ru Yu smiled and punched him with her hand. In the end, he cried out in pain, scaring Ru Yu so much that she quickly asked him where the pain was. In the end, he said it was a heartache, which made her so angry that she punched him a few more times.

Chapter 1322 the honeymoon in Angola 21

That night, both of them were so tired because of the sand pool that they did not even have the strength to stand up and set up a tent. Ru Yu only took out the first aid supplies, disinfectant, and Gauze from her backpack. She simply bandaged both of their hands that were already torn. Then, the two of them hugged each other and lay in the desert. They looked at the bright moon in the sky and gradually fell asleep.

When they woke up the next day, the moon was already gone, but the sun was rising from the east. The morning air was cool. When Ru Yu opened her eyes, Lei Zhenyu also woke up.

They looked at each other and smiled, then quickly got up. The fine sand on his body was easily shaken off. Lei Zhenyu then found another pair of pants from his backpack to wear.

As for the pair of pants from last night, of course, there was a lot of blood on both of the pants. However, he would definitely not wear them again in the future. Instead, he would use them to treasure them. These were the pants that saved him and Che Ru Yu.

Ru Yu carefully folded the pants and then put them back into the bag. She smiled and said that she had gained a lot of things along the way. If they could return to Korea, her study would have gained a lot of things.

Lei Zhenyu could not help but sigh. Che Ru Yu and Jin Zhengnan went to the Himalayas and obtained a bed sheet, while he and Che Ru Yu came to the nano desert and only obtained a pair of his jeans.

However, the only thing that made him feel gratified was that the bed sheet that Jin Zhengnan obtained only had Ru Yu's blood on it, while the pair of jeans that he obtained had the same blood on it.

They came to the desert to look for the thousand-year-old Orchid. In fact, Lei Zhenyu had already seen it yesterday, so it was not far from them. This morning, they did not spend much time and found it very quickly.

The two of them carefully dug out a thousand-year-old Orchid. Of course, because they were very careful, they dug for a long time. In order to take it back and feed it, Ru Yu paid special attention not to cut off the root of the thousand-year-old Orchid.

Before they came, they had already prepared a flower pot, so they put the thousand-year-old Orchid into the flower pot and then filled it with sand. Moreover, it was the sand that had just been dug out, and the bottom of the sand was somewhat moist. At least, it could still give the thousand-year-old orchid some moisture.

As for their own water, well, there were only two bottles of water, one for each of them. Last night, after experiencing a life-and-death battle, the two of them were not willing to drink it. In Lei Zhenyu's words, it was not that they could not easily drink the water when they were too thirsty to endure it, but that it was life-saving water.

Lei Zhenyu saw that the leaves of the thousand-year-old Orchid were very long, and there were also some elders who had experienced the weather. The leaves were torn into many narrow strips along the parallel veins. When the wind blew, these narrow strips were scattered and twisted. From a distance, it looked like.. It was like a big octopus crawling on the beach.

When he told ru yu about this feeling, ru Yu smiled and said, "the thousand-year-old Orchid is also known as the 'octopus in the desert' by people. Your observation ability is quite strong, isn't it? "

Lei Zhenyu chuckled. Then, he pointed at the two leaves and said, "if the leaves don't grow bad, we can take them back and keep them on the balcony. In the future, won't the leaves grow longer and longer and gradually entangle our entire house? "

"PFFT..." ru Yu couldn't help but laugh. Then, he told her, "actually, the thousand-year-old orchid doesn't grow old because of its leaves, but because of a growth belt at its base. The cells there have the ability to divide and multiply, constantly producing new leaf tissue, causing the leaves to grow continuously. The front end of the leaves is the oldest, and it either dies because of the dry climate, or it breaks because of the wind and sand, or it dies because of aging, but it keeps disappearing. Because the growth belt at its base is not destroyed, the lost part is quickly replaced by the new part, leading people to believe that the leaves will not age, nor will they be damaged. In fact, we see the leaves are relatively young, the old has long disappeared, and the only really not old is the ring of cells that have the ability to divide and divide, and these cells are still constantly renewing. In addition, the leaves of the thousand-year-old Orchid have many special water-absorbing tissues that can absorb a small amount of water from the air. This is the secret of the thousand-year-old Orchid having only two leaves but never withering."

Chapter 1323 returning from their honeymoon

Ru Yu and Lei Zhenyu only returned to Seoul, South Korea, a week after they found thousand-year-old Lan.

In this way, their honeymoon lasted for a full 17 days, more than half a month.

Therefore, when they returned to Seoul, it was already January 13th. During this half a month, they had been in Africa, mainly walking in the Nano desert, so the two of them were almost black Africans.

They picked up a car at Seoul airport and drove back to the Lei family's house. When the two of them walked into the entrance of the Lei family's hall with their backpacks, they were seen by Lan Ruoshui, who came down from upstairs.

"Aiyo, I heard that you two went on your honeymoon. I thought you went to some honeymoon paradise." Lan Ruoshui's words were full of sarcasm. However, there was obvious sarcasm in her words. "could it be that you went to the coal mines in northern China to dig for coal? How about a honeymoon under the coal mine?"

"Get lost?" Lei Zhenyu's face was originally tanned. Now that he was stopped by Lan Ruoshui, he became even angrier. He stretched out his hand to pull Lan Ruoshui, wanting her to move out of the way. However, Lan Ruoshui did not move at all like a dead person. Thus, he almost pushed Lan Ruoshui down.

Lan Ruoshui shook a few times at the stairs before she finally grabbed the handrail to stabilize her body. She was very unhappy with Lei Zhenyu's anger at the moment. She only asked if they were going to the coal mine for their honeymoon. He was actually going to make a move.

Thus.. She could not contain her anger and roared, "Lei Zhenyu, are you F * Cking drunk. Why did you follow a crazy woman to the coal mine for your honeymoon? What does it have to do with me. Now that you've made it so dark, you actually want to get angry at me. Could it be that your wife punished you by staying in front of Yu Xi's sickbed for a night, and then promised to divorce and marry Yu Xi, so she deliberately dragged you to the coal mine for a honeymoon and let you go to the bottom of the coal mine to dig coal and do hard labor. If that's really the case, why do you have to live with such a woman. A woman who doesn't know how to feel sorry for you, might as well... "...". "..."

"PA!" A crisp sound of a slap rang out in the empty room. Lei Zhenyu, who was already angry, used all his strength because of his anger. He immediately beat Lan Ruoshui back a few steps, and her cheeks were red and swollen. Her lips were bleeding.

On the way back, Lei Zhenyu was actually angry with ru Yu. The reason was that they were stopped when they were leaving Angola. The main reason was his pair of bloody jeans. The Angolan police suspected that they were involved in some kind of case. They said that they were going to detain them for investigation.

Thus, ru Yu used Portugal to explain to the police. Of course, in the end, smart would use money to solve the problem. It was fine to use money to solve Lei Zhenyu. Anyway, most of Angola's airports needed money to solve the problem.

However, the crux of the problem was that after the police received the money, they were only allowed to bring back one thing, either the pair of jeans or the pot of thousand-year-old Orchid.

Lei Zhenyu wanted to bring back the pot of thousand-year-old Orchid, but ru yu insisted on bringing back the pair of jeans. Thus, for the first time, the two of them had a disagreement, and they quarreled at the exit of Angola's airport.

Lei Zhenyu's reason was that he had specifically gone to look for the thousand-year-old Orchid. After going through so much trouble to find it, he definitely could not give up. What ru Yu meant was that the thousand-year-old orchid could be found again in the future, but that pair of jeans, that kind of beach..

The scene of them working together to fight against the grim reaper, however, they felt that it was impossible to replicate.

In the end, of course, they could not come to an agreement. The Angolan police refused to give in. In the end, they simply said that they would not take anything back with them. A pair of tattered jeans and a pot of flowers that looked so ugly, what was the point for rich people like them?

Chapter 1324 return from the Honeymoon 1

In the end, of course, they still brought something back. However, they followed ru Yu's wishes and brought back the pair of jeans. Meanwhile, the thousand-year-old Lan that they had gone through so much trouble to find ended up staying in Angola's situation.

On the way back, on the plane, Lei Zhenyu did not say a word to ru Yu because he was angry. He had nowhere to vent his anger. At this moment, Lan Ruoshui actually came to stop him. Therefore, he had vented his anger on Lan Ruoshui.

"Lei Zhenyu, are you a F * Cking Man?" Lan Ruoshui pointed at her burning face and yelled at him hysterically, "You F * Cking want to vent your anger on me, right? A man who hits a woman is also a man?"

"Do you want to try me as a man?" Lei Zhenyu, who was already angry, seemed to have found a punching bag this time. He simply took two steps closer to Lan Ruoshui and raised his hand. He pretended to give her a slap to let her experience what it meant to be a man.

"Zhenyu," ru Yu quickly went up to hold his hand and gently advised him, "alright, let's not argue with her. We'll go upstairs first. The most important thing is to have a good rest after washing up."

Ru Yu knew that Lei Zhenyu was originally angry with her, but he was reluctant to hit her. However, he was also angry in his heart, so Lan Ruoshui bumped into him and directly hit the muzzle of Lei Zhenyu's gun.

"Hey, what's the matter with you guys? You really don't want me to take a good nap, do you?" Lei Taihe walked out of his room. He was very unhappy that his nap, which he had finally fallen asleep, was woken up. When he saw Lei Zhenyu and ru Yu, he obviously frowned. "where did you guys go on your honeymoon? You only came back when you were almost like beggars?"

"We went to Africa," ru Yu quickly explained to the old man.

"GRANDPA, Lei... uncle hit me," Lan Ruoshui immediately complained. She ran to Lei Taihe and pointed at her red and swollen face and said, "GRANDPA, look, my face is swollen. Uncle is bullying me. He hit me as soon as he came back."

Lei Taihe frowned and looked at Lan Ruoshui's swollen face. Then he asked coldly, "are you sure it was Zhenyu who hit you?"

"Of course. He just hit you." Lan Ruoshui nodded hard. She thought Lei Taihe might help her, but who knew.

“Zhenyu, why did you learn to be biased when you went to Africa?” Lei Taihe glared at his youngest son with a cold face. Then he said sternly, “Miss Lan clearly has a face. Why did you only hit half of her face? To be fair, I think you should slap the other half too.”

“PFFT...” Ru Yu could not help but laugh out loud. Although she knew that Lei Taihe did not really like Lan Ruoshui to begin with, and even more so after she found out that Lan Ruoshui was not Lei Zhensheng’s daughter, she did not expect that Lei Taihe did not like Lan Ruoshui to such an extent.

Since the matter had been resolved like this, she did not stay any longer. Thus, she held Lei Zhenyu’s hand again. Although the husband and wife were quarreling, they still held hands and went upstairs.

Lan Ruoshui herself did not even dream that Lei Taihe would actually handle this matter like this. She still thought that even if Lei Taihe was not Lei Zhensheng’s biological daughter, she was still an adopted daughter after all, and she lived in the Lei family’s courtyard all day long. And her grandfather’s name was Lei Taihe all day long. He would be more or less fair.

Chapter 1325: The man who wants to make trouble

Lei Taihe seemed to know what Lan Ruoshui was thinking, so he snorted coldly and said, “people’s hearts are biased. They have never been upright. If I don’t help my son and daughter-in-law, why would I help an outsider like you?”

After hearing Lei Taihe’s words, Lan Ruoshui could not say a word for a long time. She could only bite her teeth and swallow her anger. However, she secretly swore in her heart that she had to think of a way to stay in the Lei family for a long time.

Lei Zhenyu was angry, so he left his backpack behind when he returned to his room. Then, he took the lead and went to the bathroom to take a shower. He was more or less a Germaphobe, so he had not taken a shower for half a month. He was so dirty that he probably had to use a brush to get rid of the dirt on his body.

Ru Yu smiled bitterly. She knew that he was still angry. Sometimes, this man was as stubborn as a child. He was clearly four years older than her.

Alright, I won’t argue with her. I guess I’ll have to coax him tonight. Thinking of this, she took out a few simple dirty clothes from her backpack and took her and Lei Zhenyu’s documents to the study. Of course, she kept the pair of jeans in the study as if they were her treasure. She planned to take them for dry cleaning one day. Of course, it was only to remove the smell of sweat. The blood stains had to be preserved.

When she was done with these, Lei Zhenyu hadn’t come out of the bathroom yet. Alright, he was probably too hygienic. She went in to see if she could help him.

Fortunately, Lei Zhenyu didn’t lock the bathroom door. She went in easily and found Lei Zhenyu lying in the bathtub taking a bubble bath. Well, he really didn’t know how to enjoy himself.

“Do you want me to sprinkle some petals on you or something?” Ru Yu was purely joking. Then, she sat down by the bathtub and used her hand to pick up the bubbles to rub his already wet hair.

“No need, ” he answered in a muffled voice. He turned his body to the side and did not look at her. Clearly, he was still angry.

She was slightly stunned. Then, she chuckled and said, “Aiyu, you’re still angry? How long have you been taking a bath? No matter what, you have to empty the bathtub for me, right? You’re the only one who likes to be clean. Should I always be dirty?”

“I can’t wash the dirt on my back, ” Lei Zhenyu said in a depressed tone. “It’s not easy to wash it with my own hands. I have no choice but to soak in it for a long time. you go out and wait. ”

“Fine, you big young master. I really doubt that the person who accompanied me in Angola in the desert was you?” Ru Yu glared at him fiercely. She did not know before that his temper was not ordinary.

Lei Zhenyu immediately stopped GNAWING and simply closed his eyes to ignore her. Ru Yu had no choice. She originally wanted to get up and walk out, but when she turned around, she saw the brush and immediately smiled.

Didn’t he say that he couldn’t wash it on his back Alright, she was going to be a servant once and help him wash his back. This could be considered as an apology, right Although, she didn’t feel that she had done anything wrong.

Hence, she took the brush to the side of the Bathtub and stretched it into the water to help him wash his back. Because she used force, Lei Zhenyu immediately felt the pain. Hence, she bared her teeth and shouted, “Aiyu, can you light it up? Do you want to murder your husband?”

“Didn’t you say that you have a lot of dirt on your back?” Ru Yu rolled her eyes at him. “Can you clean it up if you light it up?”

Lei Zhenyu immediately fell silent. Alright, there was indeed a lot of dirt on his back. Didn’t you see that the water under the bubble was black These were all brought back from Africa.

Chapter 1326: Men who cause trouble

The water in the bathtub was indeed dark, so ru Yu asked Lei Zhenyu to come out and said that she was going to help him put in a tub of water before washing. This time, Lei Zhenyu was very obedient and did not argue with her. He stood up and stepped out of the bathtub obediently.

Because they had sex countless times in the desert, and because they often met each other honestly, the two of them were now very familiar with each other’s bodies. Ru Yu would no longer be so embarrassed that her face would turn red.

However, she did not expect that he was so tired and was still angry with her. However, when he stepped out of the bathtub, his crotch was still full of vigor and vigor. She immediately turned her face away.

Lei Zhenyu smiled and said beside her, “this was all done by you when you brushed your back. who asked you to use so much force with the brush? Well, its reaction is quite big. You have to take responsibility!”

Take responsibility for what Ru Yu could not be bothered with him. At this moment, she only wanted to put in another tank of water to wash him clean and then quickly wash herself. They had not slept in the bed for a long time, and now they felt that the bed was incomparably beautiful.

Ru Yu bent down to release the water. Lei Zhenyu stood behind her. He looked at her perky buttocks that were tightly wrapped in jeans. He swallowed his saliva twice. In the end, he could not hold it in anymore. He rushed forward and hugged her from behind.

“Hey, ” ru yu turned pale with fright and could not help but shout. At the same time, she quickly straightened her waist. Just as she was about to struggle, Lei Zhenyu had already quickly pushed her to the side of the Tatami.

“Lei Zhenyu, I haven’t taken a bath yet. ” Ru Yu growled in a slightly unhappy tone. Seriously, this man was becoming more and more beastly. She was still dirty all over, okay?

Lei Zhenyu was slightly stunned and immediately reached out to help her take off her clothes. “Then I’ll help you take a bath. I’m definitely better at scrubbing your back than you are. Let’s take a bath together. ”

Ru Yu didn’t know whether to laugh or cry. She could only allow him to take off her warm clothes and jeans with a few strokes. Then, he grabbed her cutie and the codpiece. Finally, he pushed her to the side of the bathtub Then, he pulled her into the bathtub with him.

The bathtub was a bathtub that two people could lie in. At this moment, the water was already half-filled. Because there was no shower gel, the water was very cool. Their bodies could be seen at a glance in the water.

Ru Yu only felt embarrassed. She immediately turned sideways and pressed a lot of shower gel into the bathtub. As the water rushed out, the shower gel immediately turned into many bubbles and quickly covered their bodies.

Ru Yu originally wanted to take a good bath, but Lei Zhenyu’s patience in this aspect was really limited. He said that he would help ru yu take a bath, but after brushing her back a few times, he threw away the brush. He said that the brush was painful, but he couldn’t bear it, so he used his hands to rub her back.

And this rubbing was not only for her back, but also her proud breasts. Lei Zhenyu was so agitated that he couldn’t bear it at all. In the end, he directly turned around and pressed her into the bathtub... ..

Of course, ru Yu was not his opponent. Moreover, the bathtub was not wide to begin with, and he was so eager and familiar with the road. In just a few moments, they had become joined-up babies... ..

Ru Yu could not beat him, so she could only use her hands to scratch his back. However, he treated it as if she was rubbing his back with her hands. Instead, her movements became more and more courageous. The white bubbles rose and fell with his movements, just like the waves on the sea... ..

Ru Yu could not fight against him, so she could only be led by him and push the waves in the bathtub with him. Therefore, under the concerted efforts of the two of them, the waves became higher and higher... ..

Chapter 1327 Cai Shaofen got a divorce

The two of them had a big fight in the bathroom when they came back. Then, they fell asleep on the bed very quickly. It was only when they heard the knock on the door that they were woken up.

Of course, it was the maid who came to call them for dinner. Then, they looked at each other and smiled at each other. Because in the blanket, the two of them were naked.

Ru Yu smiled and pushed Lei Zhenyu. "Hurry up and get up. Are you angry now?"

Lei Zhenyu smiled embarrassedly and then said, "well, if you treat me so well every day in the future, I won't be angry with you. However, we have to go to the Nano desert to get the thousand-year-old orchid back in the future."

Go again Hearing this, ru Yu's head hurt. She didn't want to go. That place made her heart palpitate, especially when she thought of the sand pond and the moment when Lei Zhenyu and the sand were fighting for their strength. She didn't want to take the risk again.

However, she didn't say it right away. She was afraid that Lei Zhenyu would be unhappy again, so she just urged him to hurry up and say that they were going to have dinner. How long had it been since the two of them had a good meal?

The food on the table of the Lei family had always been beautiful and delicious, especially when they knew that ru Yu liked Chinese food. The chef of the Lei family even specially studied the cooking methods of Chinese food.

Therefore, there were still many dishes that Lei Zhenyu and ru Yu liked on the dining table tonight. However, there were very few people eating. Lan Ruoshui was obviously not there. She probably went to look for Jin Zhengnan. The two of them were probably discussing about marriage, right?

Lei Zhensheng was not there either. He was probably working at the Lei family. After all, he was the CEO of the Lei family. He was very busy with work every day and had a lot of social events. It was not strange that he was not at home.

The strange thing was that Cai Shaofen was not at home either. This made ru Yu have a faint ominous feeling in her heart. When they went out for their honeymoon, Lei Zhensheng had already gone to Jizhou island to look for Cai Shaofen. In the blink of an eye, it had been more than half a month But Cai Shaofen was not at home yet. Could it be... ..

As expected, Lei Taihe said, "your elder brother and sister-in-law have divorced. Your sister-in-law came back a few days ago to move the things away. In the future, she probably won't come back to the Lei family again."

Lei Taihe was very sad when he said this. After all, Cai Shaofen had stayed in the Lei family for eighteen years. Moreover, Cai Shaofen had always been a well-behaved woman and had controlled the Lei family well.

"Your big brother actually regretted it. He was reluctant to divorce," Lei Taihe continued, "of course, he also refused to get a divorce. In the end, I agreed. After all, it was not easy for Cai Shaofen to stay in the

Lei family for 18 years. Now that she is 40 years old, it is not unreasonable for her to want to get married and have a child. As for your brother... “. ...”

“If my brother had been loving and loving with sister-in-law for 18 years and had never done those messy things outside, I believe that sister-in-law would not be so heartless to divorce him,” Lei Zhenyu continued. Then, he snorted coldly and said, “in the end, it’s still eldest brother who has let sister-in-law down. Now, he wants her to erase everything and live with him. How is that possible? After all, he’s still a human?”

Lei Taihe sighed and nodded at the side. “That’s the reason. The most important thing is still elder Cai. This time, his attitude is very unyielding. He must have his daughter divorce your eldest brother. And you know our relationship with the Cai family. Things have already come to this. There’s no other way, so... “. ... Eventually they split up. Your brother is... ... In a bad mood.”

Chapter 1328: Cai Shaofen divorces

Lei Taihe paused for a moment. Then, he looked at Lei Zhenyu and said, “Zhenyu, don’t bother with that lawyer of yours for now. Go back to the Lei family to help your big brother. Also, I won’t interfere with your marriage in the future. If Song Yuxi wants to commit suicide, then let her do it. After all, she was the one who let you down in the first place. It’s reasonable for you to not want her to come after you.”

Ru Yu did not expect Lei Taihe to say such a reasonable thing. Well, it seemed that Lei Zhensheng’s divorce had not only damaged Lei Zhensheng’s vitality, but also Lei Taihe’s.

Lei Zhenyu didn’t want to go back to the Lei family, but since the situation at home had changed and his father had become reasonable, he didn’t argue with his father anymore and agreed to go back to the Lei family to work. After all, the Lei family was the big boss.

Lei Zhenyu didn’t mention the fact that Lan Ruoshui was still living in their house, and Ru Yu didn’t mention it either.

Although Lan Ruoshui wasn’t Lei Zhensheng’s biological daughter, she was still the child of Lei Zhensheng’s first love. Everyone knew the meaning of the idiom “love the house and the Crow”. Lei Zhensheng loved Lan Yunxi back then, so now he transferred his love to Lan Ruoshui. It was normal for people to like Lan Ruoshui.

Thus, life returned to peace. Lei Zhenyu went to work at the Lei family, while Ru Yu still worked at her studio. Everything became ordinary.

However, Cai Shaofen’s departure made her somewhat sad. She was the first person in the Lei family who treated her well. Moreover, Cai Shaofen’s 18 years of wasted time in the Lei family made people sympathize with her.

Therefore, that afternoon, she called Cai Shaofen. She originally wanted to comfort Cai Shaofen, but she didn’t expect Cai Shaofen to thank her when she heard her voice. She even told her that she would soon return to Seoul to live.

Ru Yu was shocked when she heard this. She quickly asked what was going on Did she not want to get a divorce again Or did she think that President Lei was the best, so she had to come back to the Lei family?

Ru Yu could definitely think that way. After all, they had been married for eighteen years. It was unlikely that they did not have any feelings at all. If Cai Shaofen was willing to give up on the idea of being a mother, and Lei Zhensheng had changed his mind, it was normal for her to come back.

Unexpectedly, Cai Shaofen smiled and said, of course, she was not going back to the Lei family. She had already gone through the divorce procedures with Lei Zhensheng, so it had nothing to do with her.

She came back to Seoul because she had found a job, and the company was in Seoul, so she would not come back to Seoul to live. She even smiled and asked Ru Yu if there was a place for her to live for a period of time. When she found a house, she would move out.

Ru Yu quickly said that there was, and she did not need to move out because if there were people living there, she could save on hiring part-time workers to clean. At least, she could save on the material management fees. Moreover, it was better to have people living in the house than to leave it empty.

After talking to Cai Shaofen on the phone, ru Yu found out that Cai Shaofen had a high degree and was a master's student. Back then, she married Lei Zhensheng and gave up her career. Then, she became a housewife in the Lei family for eighteen years.

Cai Shaofen wanted to come to Seoul to work, which was a good thing. When she went back in the evening, she would talk about this matter with Lei Zhenyu Lei Zhenyu sighed softly and said, "sister-in-law is really good. She's free, but my brother is completely dispirited. He doesn't really manage the company anymore. He only drinks and gets drunk all day. I reckon that his vitality will be severely injured for a period of time before he can recover."

"Ru Yu, you heartless woman. You went to Africa and didn't bring anything back for me." Lin Yuxin chewed on the roasted meat She didn't forget to scold Ru Yu, who was sitting opposite her. "Tell me, why did I have such a friend like you She said that she should at least bring something back, even if it's just a cashew nut Didn't I save a few disposable masks for you when I was working at the hospital?"

"Hehehe," Ru Yu laughed out loud Then, she looked at her with an apologetic expression and nodded. "Yes, yes, I know. You've always been a good person. You've always remembered me. But, my dear, I'm sorry that I haven't remembered you now. I've always remembered my husband, so... ". "...". "..."

"So you didn't bring me a gift?" Lin Yuxin continued She couldn't help but say angrily, "you pervert. You used to be married too, but you always remembered to bring me gifts wherever you went. Only this

time, you didn't bring anything. You even got a Tan from Africa. Aiyo, you're really going to be a black beauty. "

"F * Ck, who's going to be a tanned beauty? She's just a black person. She's still a long way from beauty. " After saying that, ru Yu looked at Cai Shaofen and asked, "big... Sister Cai, don't you think so? "

Cai Shaofen and Lei Zhensheng had already divorced, so ru Yu was too embarrassed to call her sister-in-law now. Thus, she immediately changed her name to sister Cai when it reached her mouth. This way, she would appear more friendly.

Cai Shaofen smiled and teased, "ru Yu is very beautiful whether she's black or white. So, she's a real beauty, not some tanned beauty. She's also beautiful when she's not tanned. "

"What? Look at Yu Xin, what do you mean by she can talk? Sister Cai can talk, " ru Yu immediately lectured Yu Xin. "How is she like you? You only know how to expose others' shortcomings and say that they're good friends. I think a good friend like you is too unreliable? "

"Oh, if I'm unreliable, then who's more reliable? " Lin Yuxin retorted relentlessly. "Is it your thunderstorm? Please, it's the four seasons of the year. If it rains, then the thunderstorm is probably not welcome... "

Cai Shaofen just watched the two of them play around. What was a friend? This was a friend. She had interacted with Yu Xin a few times and knew that she was a child who did not mean what she said. Moreover, she had a kind heart.

She could not help but think of her little brother. A few days ago, he had called her and was still acting coquettishly. Heavens, he was already in his thirties, yet he was still acting coquettishly. In the end, he was not a married man. She suddenly felt that her little brother and Yu Xin were quite compatible.

Therefore, Cai Shaofen thought in her heart that when her little brother came back from abroad, she would introduce Yu Xin to him. She believed that Yu Xin would definitely like her little brother.

The three father and daughter were chatting happily inside, but none of them noticed that there was someone outside the window who had been silently watching them for a long time. He only left when he saw them get up to pay the bill.

Of course, Cai Shaofen did not think that her divorce would bring disaster to Yu Xin, and her little brother did not have the chance to be together with Yu Xin because someone would be one step ahead of her little brother.

This was something to be said in the future.

The three of them left the barbeque shop together. When they walked to the parking lot, they were surprised to see Song Yuxi. She was arguing with a man. She looked red-faced, and it seemed that the argument was getting intense.

Lin Yuxin cried out in a low voice, "wow, the man standing with miss song is so handsome. He's the type I like. "

Her words made ru Yu and Cai Shaofen laugh. Then, the three of them got into their own cars and drove away.

Chapter 1330 gossip about Madam Che

When ru Yu returned to the studio, she was still thinking about Yu Xin's infatuation. In fact, she was more thinking about the man who had quarreled with Song Yuxi. Although they were far apart, she could recognize him at a glance. It was Zheng Junji.

Song Yuxi and Zheng Junji. She had met them by chance a few months ago when she attended Minister Song's Mother's birthday party. At that time, Song Yuxi and Zheng Junji seemed to have fallen out. Zheng Junji, on the other hand, had heard from Lei Zhenyu that he and Song Yuxi had broken up seven years ago. It was because Zheng Junji had interfered in the matter.

The number of people buying paintings was increasing towards the end of the year. Xu Jingying had no choice but to tell her mercilessly that there were not many paintings left. If she did not quickly draw some paintings, the exhibition hall would probably not be full, let alone sell them.

She only felt a headache. Actually, it was not that she did not want to draw, but that too many things had happened after she married Lei Zhenyu. The two of them often moved, which affected her mood.

Another thing was that she had delayed her trip to Africa for almost twenty days, but in these twenty days, she had not drawn a single painting. This was the longest time she had delayed in the past ten years. In the past, she had not delayed her marriage to Jin Zhengnan at all. Even when they went to the Himalayas for their honeymoon, they would still take their brushes and easels with them. Jin Zhengnan even helped her carry her brushes.

As there was not much to draw, ru Yu laid out her canvas in the afternoon and started to create. Fortunately, she and Lei Zhenyu had gone to the Nano desert in Angola, so she decided to use the Nano Desert as a theme. Then, she would draw a series of landscape paintings of the Nano Desert.

Because there were photos as the base map and it was a place that she had personally visited, she was able to draw with ease. At night, a map of the Nano desert's edge was actually completed.

She put away her brushes and other things briefly, then took her bag to the bathroom to wash her hands and get ready to get off work. However, just as she reached the bathroom door, she heard two employees whispering to each other.

One of them said, "Hey, although Ms. Che has been married twice, I still feel that the former Mr. Jin is better. At that time, Ms. Che's life was much more regular."

"I think so too," another continued, "in the past, it was very rare for her to be late for work. It was even more rare for her to not come to work for no reason, and she didn't even give her studio a call for half a month."

"That's right. It's a good thing that Yaojing doesn't have any ambitions. If she did, she wouldn't even know that her studio was sold out." Another person shook his head. It was as if he was sighing. "That's why it's important for a successful man to marry a wife. For a successful woman, marrying a husband is equally important."

Alright, Ru Yu quietly returned to her studio. This was the first time she heard her subordinates gossiping about her. She just didn't expect that in the eyes of her subordinates, Lei Zhenyu was actually inferior to Jin Zhengnan.

Of course, this was all because she had delayed too much after marrying Lei Zhenyu. Moreover, she was often late. It seemed that from tomorrow onwards, she would restore her usual non-late and non-innocent absenteeism. This was to restore her and Lei Zhenyu's image in the employees' minds.

Ru Yu did not go straight to the Lei family home after work today. Instead, she went back to Che Qixuan's House. This was because she heard that he was back, and Pu Yongjun seemed to be still on Jeju Island. This was because Pu Zihui's child was in an incubator after it was born. Therefore, they had to wait for the child to come out of the incubator before they could come back.

When they returned to Che's house, Che Qixuan was already home. When he saw her return with a black face, he was shocked. Then, he couldn't help but glare at her. "Which desert did you go to again? Sahara?"
