Chapter 1331 Dongfang Mo is coming to Seoul

Ru Yu burst out laughing when she heard this. She shook her head and said, "it's not Sahara. I'm going to the Nano desert."

"Oh, have you found the thousand-year-old Orchid?" Che Qixuan was immediately interested when he heard that Ru Yu had gone to the Nano desert. He handed her the peeled apple and asked jokingly.

Ru Yu had said since she was young that she was going to the Nano desert to find the thousand-year-old Orchid, but she had never been able to go. She had had the same idea after she married Jin Zhengnan, but she was rejected by Jin Zhengnan because he said it was too dangerous.

"Yes, I found it." Ru Yu nodded. She opened her mouth and took a bite of the apple. Then, she leaned comfortably against the back of the SOFA and sighed. "The apple smells so good."

"HAHAHA." Che Qixuan laughed out loud. Then, he shook his head and said, "have you not eaten an apple in the Nano desert for a long time? So, the apple that you have always disliked has also become fragrant."

Ru Yu nodded. Then, she sighed and said, "actually, going to Angola is still okay for me because I often go outdoors to sketch. I have also been to the Sahara desert before, but Lei Zhenyu really can't take it. He began to shed his skin last night. I reckon that he will need a new layer of skin. Moreover, it will take a long time for the skin to turn white again. Now, he is almost an African."

"Didn't you bring sunscreen with you?" Che Qixuan really had to hand it to his daughter. He couldn't help but glare at her. "You're an outdoor expert. Do you need me to teach you this little bit of common knowledge?"

"What's the use of bringing it?" Ru Yu took another bite of the apple and said, "in the desert, you don't even have enough water to drink. How can you use it to wash your face? Come on, you haven't washed your face yet. How can you apply sunscreen? Daddy, have you been staying at home for too long?"

"..." Che Qixuan finally remembered that this was indeed the case.

Well, not to mention that he had stayed at home for too long, he had actually never been to the desert. He always went to the bottom of the sea, and when they came out from the bottom of the sea, they usually had to wear sunscreen when they were exposed to the strong Sun.

At dinner at her daddy's house, Che Qixuan told her about the Asian business summit meeting. He said that on the 19th of this month, your father, Dongfang Mo, would definitely come. Of course, as for whether your mother, Xi Muru, would come or not, he didn't know. He heard that she was still in Dubai and hadn't rushed back to Binhai.

Asian Business Summit meeting This year in Seoul, South Korea?

Well, ru Yu admitted that she had never cared about business, so she didn't remember these things at all. Four years ago, it seemed to be held in Japan. At that time, she and Jin Zhengnan had just gotten to know each other.

That was because her parents had called her and asked if she wanted to go to Japan for a trip. In fact, they wanted her to meet some international important people, but she wasn't interested in socializing, so she directly refused.

She just didn't expect that in the blink of an eye, four years had passed. Now, the Asian Business Summit meeting was going to be held in Seoul, and she actually got married again and had a second husband.

In fact, before divorcing Jin Zhengnan, she had thought of bringing him back to Binhai for the Spring Festival this year and introducing him to her parents as an explanation to her parents.

However, things did not go as she had hoped. Now, she was married for the second time, and she and Lei Zhenyu had become a true husband and wife. This time, since her parents had come to Seoul, she naturally had to introduce Lei Zhenyu to her parents.

Of course, before introducing Lei Zhenyu to her parents, she had to have a long talk with Lei Zhenyu about her identity in the Dongfang family, her parents, and her siblings.

Chapter 1332: Lan Ruoshui's love life

Ru Yu was still thinking about how to tell Lei Zhenyu about her family when she drove back to the Lei family home. However, when she arrived at the Lei family home, she realized that Lei Zhenyu was not at home at all.

Lei Zhenyu was not at home, so of course, Lei Zhensheng was not at home. Even Lei Taihe was not at home. The entire Lei family hall was empty. Lan Ruoshui was the only one sitting on the SOFA, crying.

Crying This surprised ru Yu. In her impression for the past half a year, every time Lan Ruoshui cried, she had a purpose. Of course, there were also times when she did not have a purpose. That was when she could not bully others For example, Lei Zhenyu slapped her face.

She originally did not want to pay attention to Lan Ruoshui, but she did not expect Lan Ruoshui, who was in a mess from crying, to actually notice her. Thus, she jumped over and pointed at her with her finger, yelling hysterically, "Ru Yu, what did you say to Jin Zhengnan?"

Ru Yu was stunned. She did not see Jin Zhengnan. She had been in Africa for more than half a month, what could she say to Jin Zhengnan Moreover, what else could she say to Jin Zhengnan.

"I haven't seen your Mr. Jin Zhengnan." Ru Yu's tone was indifferent and distant. Then, she said coldly, "Miss Lan Ruoshui, can you please not bite people like a mad dog?"

"You bite people like a mad dog?" Lan Ruoshui was obviously not convinced. She could not help but roar angrily, "if you didn't slander me in front of Jin Zhengnan, why would he insist on breaking up with me?"

Jin Zhengnan wanted to break up with Lan Ruoshui This news was indeed a little shocking to ru Yu. She did not expect that the two people who loved each other so deeply would actually break up one day.

“What does it have to do with me if Jin Zhengnan wants to break up with you?” Ru Yu couldn’t help but smile mockingly Then she said sarcastically, “could it be that Jin Zhengnan found out that you’re not the eldest daughter of the Lei family and are just a fake, and his impression of you was greatly reduced? So he thought about it carefully and realized that you actually don’t have many good points, so he decided to break up with you?”

Ru Yu’s analysis was actually from a more rational point of view, and her words were also more objective. If it was a stranger who said it, Lan Ruoshui might think about it, but if it was said by ru Yu’s mouth.. Moreover, ru Yu’s tone was obviously filled with mockery and disdain, so when it was heard by Lan Ruoshui, the taste changed.

So.. Lan Ruoshui screamed hysterically, “nonsense, you’re talking nonsense. Zhengnan isn’t that kind of person. Before I acknowledged President Lei as my father, we had been together for a long time. At that time, I was still a poor girl, and he liked me not because of my identity as Miss Lei... ..”

When ru Yu heard Lan Ruoshui’s roar, she finally remembered what happened. It was true. Jin Zhengnan and Lan Ruoshui had been together for a long time, and Lan Ruoshui had only acknowledged Lei Zhensheng as her father for a little more than half a year.

“Then I guess your love life is only a little long.” Ru Yu used the words Lan Ruoshui used to mock her marriage life to return the favor Then, she smiled and said, “it’s okay. Who are you, Lan Ruoshui? You’re so capable. Why don’t you think of a way to get Jin Zhengnan back? Anyway, I’m not a stumbling block between the two of you now.”

“It’s you, it must be you.” Lan Ruoshui shouted like a mad dog. “It was you who called Jin Zhengnan this morning. You two talked for so long. You must have said bad things about me to him, and then he broke up with me at night.”

Chapter 1333 the Lovelorn mad dog

She called Jin Zhengnan Please, it was Jin Zhengnan who took the initiative to call her, okay?

In the morning, she received a call from Jin Zhengnan on the way to the studio. He was actually telling her that today was the day they went to the Himalayas. He said that he wanted to go to the Himalayas again To walk the footprints that they had once walked.

At that time, she was quite speechless when she heard Jin Zhengnan say this. She was trying hard to forget her past with him and start a new life with Lei Zhenyu. However, she did not expect that Jin Zhengnan was thinking twice about their past.

She told Jin zhengnan indifferently, “don’t go anymore. What can I do if I go?” Shi Guang was gone forever. Furthermore, when the two of US went to the Himalayas for our so-called honeymoon, it was actually more of a partnership trip. It was a far cry from a real honeymoon.

Hence, Jin Zhengnan asked her carefully over the phone, “then, are you willing to go on a trip together with me again? ” Are you willing to give me a chance? A chance to start over.

When she heard those words, she found it funny. Then, she reminded him calmly that she was already married and that he had someone in his heart long before divorcing her. With their status, it was simply not suitable for them to go on a trip together.

After saying this, the green light just happened to light up. She immediately hung up the phone. However, she did not expect that Jin Zhengnan would actually break up with Lan Ruoshui at night.

To be honest, she did not say anything to Jin Zhengnan about Lan Ruoshui. She did not even mention the name Lan Ruoshui. Now, Lan Ruoshui pushed the blame onto her.

She was not in the mood to care about Lan Ruoshui Hence, she said indifferently and distantly, “Miss Lan Ruoshui, I believe that you are also an adult. You should be more or less intelligent. Even if I did say something bad about you to Jin Zhengnan, if Jin Zhengnan really loves you, he would not break up with you just because I said something bad about you. After all, you two knew each other before I did. Moreover, his trust in you is far greater than his trust in me, right? ”

After saying that, Ru Yu immediately turned around and walked upstairs. She did not care about Lan Ruoshui’s angry gaze that wanted to kill her. She did not want to care about it.

It was inevitable for a woman to be sad and miserable after a breakup. This was a feeling that ordinary women in the world would have, and Lan Ruoshui loved Jin Zhengnan so dearly. Now that Jin Zhengnan did not want her anymore.. Of course, she was in more pain than ordinary people.

She returned to her room, took a shower, and went to the study to read for a while. At eleven o’clock at night, Lei Zhenyu was still not back. She had no choice but to call him on his cell phone. Lei Zhenyu’s phone rang for a long time before it was picked up, and the voice was very soft.

“Ru Yu, you go to sleep first. We’re having dinner with the people from the commerce bureau tonight. We still have some things to talk about, so we’ll probably be back later. ” After Lei Zhenyu said this, someone seemed to be calling him, so he immediately hung up the phone.

Ru Yu looked at the phone and shook her head. She felt that it was better for Lei Zhenyu to be a lawyer. At the very least, he had to have a more regular life. When he returned to work at the Lei Corporation, the regular life was completely disrupted.

She threw her phone away. Tomorrow was the 17th, and the 19th was the summit forum meeting. She had to tell Lei Zhenyu about her father coming to Seoul tomorrow night.

Ru Yu did not know when Lei Zhenyu came back last night because she could not wait for him to fall asleep. He was probably afraid of waking her up, so he probably went to the guest room to take a shower.

Chapter 1334 do you know Dongfang Yunheng

When Ru Yu woke up, she found that Lei Zhenyu had also woken up. It was obvious that he had not slept well. She could not help but say, "since you slept so late last night, why don't you wake up later today? Why did you wake up so early?"

Lei Zhenyu sighed helplessly and said, "there's no other way. My brother isn't in the mood to care about the Lei Corporation's matters right now. The moment I went to the company, he pushed me to the position of vice president. In fact, I was doing his job. He has the title of President, but he doesn't like to deal with anything. You said so many things, I don't... ". "... ". "... "

Before Lei Zhenyu could finish his sentence, his phone rang. He immediately went to pick up the phone. Ru Yu heard him say, "okay, I got it. Drive the car to the entrance of Lei's House and wait for me. I'll be down in a few minutes. You can ask manager Huang to wait at the airport..."

Alright, he only had a few minutes. Brushing his teeth, rinsing his mouth, and changing his clothes were not enough. He probably would not be able to have breakfast at Lei's house either. Ru Yu sighed softly and went to the wardrobe to help him find clothes.

This was the first time she helped him change his clothes and even helped him tie his tie. Lei Zhenyu kissed her on the cheek and said jokingly, "if I wasn't so busy, you wouldn't even bother with me. It seems that it's better to be busy. My wife knows that she loves me."

Ru Yu glared at him. She originally wanted to get angry, but he had already turned around and left with his bag. He didn't give her any time to get angry. She chased after him to the door and shouted, "Zhenyu, I have something to tell you tonight."

"Oh," Lei Zhenyu replied. He didn't even turn his head and quickly walked downstairs. His actions were so fast that it could be described as running downstairs.

Ru Yu let out a long sigh and shook her head. She thought that he had just gone to the Lei family and everything was probably not on track yet. It was normal for him to be a little flustered. When he had everything sorted out and his work had a regular pattern, he wouldn't be so busy anymore.

When she was done with her work and went downstairs, the Lei family's hall was still empty. Lei Taihe was not there either. She was just about to go to the restaurant to have breakfast when she did not expect Lan Ruoshui, who had come down from behind her, to walk a few steps quickly to the dining table and sit down.

Ru Yu was slightly stunned, but she still walked over and sat down on the other side of the dining table. The servant had already brought breakfast up. She naturally asked the old master where he was?

The servant said that the old master had come back very late last night and had not woken up yet. She reckoned that he would have to keep breakfast for him again.

As soon as the maid left, Lan Ruoshui could not help but say sarcastically, "didn't Lei Zhenyu tell you that Seoul is going to hold a Business Summit Forum? Oh right, do you know what a Business Summit Forum is?"

Ru Yu could not be bothered with her. In order not to argue with her, she simply ignored the existence of her problem and pretended that she was deaf. Thus, she lowered her head to eat and ignored her.

However, Lan Ruoshui was obviously unwilling to give up just like that. Instead, she said even more proudly, “a business summit forum is different from a multinational forum. This forum is mainly focused on finance, which means that the big companies in Asia, which are ranked among the top 500 companies in the world, gather together to discuss... “. “...”

Ru Yu quietly listened to Lan Ruoshui’s high-profile discussion. Although Lan Ruoshui’s discussion was far from the Business Summit Forum, she treated it like a fly buzzing in her ear.

Just as Ru Yu finished eating and was about to leave, Lan Ruoshui suddenly asked, “by the way, do you know Dongfang Yunheng? ”

Ru Yu instinctively turned back to look at her without saying a word. Lan Ruoshui said proudly, “a woman like you who never cares about financial news must not know, right? Dongfang Group’s eldest young master, Dongfang Yunheng, will come to Seoul to participate in this summit... ”

Chapter 1335: Yun Heng, you’re so pitiful

Yun Heng is going to participate in this forum meeting. Ru Yu was a little shocked when she heard the news, but she felt that Lan Ruoshui’s words were not trustworthy at all.

So, when she had lunch at noon, she took the time to call Yun Heng and ask him if he was okay in the United States.

Yun Heng said on the phone that he was okay in the United States, but he was coming to Seoul soon. The plane ticket had been booked, and he estimated that he would be able to see her tomorrow for the evening flight.

Oh, alright. There was no need for Ru Yu to ask any more questions. It seemed that her father, Dongfang Mo, could not wait to unload the heavy burden on his shoulders, so he pulled Yun Heng out in advance to make an appearance.

She knew the thoughts of her two younger brothers. In fact, whether it was Yun Heng or Yun Zai, they were not interested in inheriting the position of President of the Dongfang Group, so the two of them pushed the blame onto each other.

Of course, there was always one person who could not be pushed away. That person was Dongfang Yunheng. Who asked him to be out less than two minutes before Dongfang Yunzai. This meant that he was destined to be the eldest son. The eldest son had an unshirkable responsibility to inherit the family business.

After hanging up on Yun Heng, she called Yun Zai again. This time, she asked him very directly. She asked him if he had received any notice from his father for him to participate in some summit forum meeting.

Yun Zai smiled complacently when he heard her question. He said that he was not the eldest son. This was the responsibility and obligation of the eldest son. Therefore, the Bullsh * T forum meeting had nothing to do with him. He was discussing with his friends where to go skiing during the Spring Festival.

Alright, ru Yu was speechless. Yun Heng was the same son of Dongfang Mo, but he was actually going to deal with the elites from all walks of life. Meanwhile, Yun Zai was still leisurely thinking about where to go to play.

They were only twenty-one years old. They were both as young as flowers. Why were they born from the same parents? Why were people's fates so different?

For the first time, she felt that her parents were unfair. Why did they want to deprive Yun Heng of his youth? They only cared about their retirement to enjoy happy days. However, what about Yun Heng?

Yun Heng, YOU'RE SO PITIFUL!

Today was the 17th. Tomorrow would be the 18th. Tomorrow night, Yun Heng would be there. She didn't know if her father would be there tomorrow night. Of course, would her mother, Xi Muru, be there tomorrow?

There was also little Mu Yao. That girl occasionally liked to join in the fun. would she come to Seoul with her this time?

Ru Yu had all sorts of complicated feelings, so her work efficiency today was very low. She urged Jing Ying to be a little helpless. Then, she ruthlessly told her that she had received a few more orders, all of which were to be handed in before the Spring Festival.

Ru Yu directly waved her hand and said, "fine, push them all to after the Spring Festival. I might be able to draw a few pictures before the Spring Festival. If the clients can wait, then wait. If they can't wait, then forget it. Anyway, I can't earn all the money. I have to live on my own first, right?"

Tu Jingying was speechless. What else did she, ru Yu, need to live on? Her life was so colorful that she only went to Angola to come back and Tan her skin to the extent that everyone envied it?

Of course, ru Yu did not know that Tu Jingying envied her life. She only knew that she had to tell Lei Zhenyu about her background tonight. No matter what, bringing Lei Zhenyu to meet her parents would not be too abrupt.

However, when she returned home from work at night with enthusiasm, she was still faced with a deserted house. There was still no one in the Lei family. Tonight was even better. Even Lan Ruoshui was no longer at home.

Chapter 1336 a man who comes home late after getting drunk

Alright, she was alone in this huge Lei family courtyard. She only felt that this room was colder than the outside, even though the snow had started to fall outside this evening.

Therefore, after taking a shower, she laid on the bed and called Cai Shaofen, saying that Lei Zhenyu went to the Lei family to be some bullsh * T vice president and didn't even stay at home anymore. It was better for her to feel happy when he became a lawyer.

Cai Shaofen laughed on the other side of the phone. She wanted her to learn how to face loneliness, how to face the deserted Lei family building, and how to face a man who came home drunk in the

middle of the night and didn't even take a shower and fall on your bed. Then, of course.. "There's also the possibility of puking all over the bed and so on."

Cai Shaofen said a bunch of things Finally, she sighed and said, "of course, if you can endure the first few things, then ru Yu, pray to God that Zhen Yu can resist the temptation outside. Because of the men who socialize outside at night, nine-and-a-half of them will have an affair. As for the other half, it depends on WHO's lucky enough to meet them."

After hanging up the phone with Cai Shaofen, ru Yu's originally frustrated mood didn't get any relief. Instead, she became even more frustrated. In fact, she more or less knew about men socializing at night.

However, she had met her father, Dongfang Mo, since she was young. He was a good man. This kind of perception was formed after she was six years old. Because in her memory, her father did not seem to have any gossip after she was six years old.

Of course, that Dongfang Mo was bought back by her mother, Xi Muru, at the price of blood. However, she and Lei Zhenyu did not have those experiences. Therefore, she wanted Lei Zhenyu to be like her father, Dongfang Mo. it seemed that.. This request was indeed too high.

She tossed and turned on the bed, unable to fall asleep. In the end, she took out her phone and called Lei Zhenyu. Tonight, he simply transferred his phone to the secretary's desk. Well, she could not find him at all.

Well, he was now the real CEO of the Lei Corporation. He was so busy that he could not even care about his home. If she wanted to talk to him, she would probably have to make an appointment with his secretary in advance.

That night, ru Yu insisted on not letting herself fall asleep. She wanted to wait for Lei Zhenyu to come back and talk to her, but she waited until midnight

It was not that she did not wait for Lei Zhenyu to come back, but she waited for him to come back. However, when Lei Zhenyu came back, he was helped in by someone. And when he staggered into the room, it really confirmed Cai Shaofen's words He directly fell onto her bed like a dead person.

"Hey, Lei Zhenyu, wake up and take a shower before you go to sleep." She pushed him with her hands, trying to wake up the drunk man.

Unfortunately, her strength was obviously not as strong as alcohol, so in the end, she did not wake Lei Zhenyu up. Instead, Lei Zhenyu successfully fell asleep on her bed without even changing his clothes.

Ru Yu did not know whether to laugh or cry. She had no choice but to do it herself. She flipped his body and tore off his clothes. Then, she brought a basin of warm water to help him wash his body. Then, she dragged him to the middle of the bed She let him sleep on the entire bed with his face spread out on all fours.

As for herself, she could only go to the small room that Mu Yao had once slept in to sleep. She could not fall asleep because she was thinking about her. In the end, she only managed to sleep for a while at five or six in the morning.

However, when she woke up, Lei Zhenyu was still asleep. She shook her head and did not wake him up. Since he was already so tired, it was better to let him sleep for a while. She would call him in the afternoon and tell him.

Chapter 1337 Helpless Yun Heng

Ru Yu seized the time in the morning to finish the work that she had not finished yesterday. She thought that Yun Heng would arrive in the afternoon, and as an older sister, she would definitely go to the airport to pick up her younger brother.

During lunch, she called Lei Zhenyu's cell phone again. This time, she did not call the secretary desk, but it was his secretary who answered the call. A middle-aged woman's voice was heard. "Hello, this is the Lei Corporation's CEO's office. May I know if there's anything I can help you with, CEO Lei?"

Oh, his cell phone number was already shared by the CEO's office. It seemed that he was indeed very busy, so she quickly said that she was Lei Zhenyu's wife and wanted to talk to him about something.

When the other party heard that she was the CEO's wife, he immediately told her very politely that CEO Lei was currently in a meeting. This meeting was very important because it concerned the adjustment of some important people and matters in the company as well as the New Year's plan. It might take two to three hours. If the CEO's wife has anything to tell me, I'll tell you later when the CEO comes out or ask him to call you.

Alright, she directly said that it was fine. I really don't know about this small matter of hers when it comes to the big matter of the Lei Corporation being busy. Besides, isn't the summit only starting tomorrow, and it's going to be open for three days.. And she planned to wait until the summit was over before bringing Lei Zhenyu to her family.

At around three o'clock in the afternoon, Yun Heng called. He was already at the airport. Ru Yu asked him to wait for a while at the airport and said that she would immediately drive over to pick him up.

Although it wasn't very far from the airport, because of the heavy snow last night, the road wasn't very easy to walk on. There was even ice in some places. For safety reasons, her driving speed was a little slow.

Yun Heng was wearing a down jacket and was waiting for her at the airport. When he saw her coming, he couldn't help but tease her, "yeah, SIS, you seem to be pretty."

"Is that so?" Ru Yu could not help but laugh. She pushed his shoulder and said, "you Brat, you've been in America for three years. Your mouth has become so sweet. After my trip to Africa, I'm almost the same as charcoal. I've become prettier and uglier."

"WHO said that?" Yun Heng sat in the co-pilot's seat and looked at Ru Yu from the side. "I think you look good with darker skin. You give people a healthy beauty. It's not good to be too white. It makes people feel sick."

"What kind of argument is that?" Ru Yu could not help but laugh. She stopped at the traffic light and looked at him. "Well, Yun said that you have a black girl. Don't tell me you miss your black girl?"

“You believe Yun Heng’s words?” Yun Heng said indifferently. Then, he changed the topic. “Well, where did you go to Africa? What treasures did you find? Do I have a share?”

“Go, no.” Ru Yu quickly stepped on the accelerator when she saw the green light. Then, she sighed and said, “after a trip to Africa, I took a bunch of photos and nothing else. I finally found a thousand-year-old orchid and was stopped by the police at the border of Angola, but I couldn’t bring it back.”

“Wow, Angola? Aren’t you taking too much risk?” Yun Heng was really convinced by her. Then, he glared at her and said, “your thunderstorm also let you go? Or, did he go with you?”

“He went with me,” Ru Yu asked at the intersection, “which way? Directly to the hotel or to Daddy’s house?”

“To daddy’s house,” Yun Heng rubbed his forehead with his hand and said helplessly, “Daddy and mommy are waiting for us at Daddy’s house. I’m trying to force a duck onto the shelf. I can’t refuse.”

Chapter 1338: Yun Heng’s helplessness

“Who asked you to be the eldest son?” Ru Yu mercilessly pointed out, “the eldest son should bear the burden of the family. This is a responsibility that can not be shirked.” “Please, the real boss is you, okay?” Yun Heng was angry when he said this. He glared at Ru Yu again and said, “I think you should give father a suggestion and let you return as the president of the Dongfang Group. This way, I can be like Yun Zai...”

“In your dreams.” Ru Yu immediately used merciless words to interrupt his unfinished dream. Then, she pointed out in a very realistic manner, “my current identity is not Dongfang Mo’s daughter. I am Che Qixuan’s daughter. So, I don’t need to care about the Dongfang Group’s matters. Those are matters that you, Yun Zai, and little Mu Yao have to manage.”

“If I had known earlier, I would have run to daddy’s house instead of going back,” Yun Heng muttered. “everyone envies me for being Dongfang Mo’s son, but they don’t know what kind of tiredness Dongfang Mo’s son is like.”

Ru Yu rolled her eyes at him, then said in a bad mood, “come on, how old are you? You’re only 21 years old. You haven’t even officially taken over the Dongfang Group yet, and you’re already saying that you’re tired. Then when you officially take over, what are you shouting about?”

“I’m still saying that I’m tired.” Yun Heng shook his head, leaned back on the chair, and sighed. “sister, you don’t have the identity of Dongfang Mo’s daughter on you. You don’t feel that kind of tiredness at all. It doesn’t come from your body, but from your heart. It’s all sorts of UNFREEDOM.”

Ru Yu didn’t say anything more. She couldn’t help but think of Yun Heng talking about Yun Heng dating a black girl. From the looks of it, it was probably because his parents intervened. That was why Yun Heng had such a sigh.

Of course, as the eldest son of the Dongfang family, there were probably many areas where he didn’t have freedom. For example, his career and work. There was no choice, and you couldn’t choose because your career and work were waiting for you there.

As for love This, his freedom was probably limited. He definitely couldn't be like her, who could fall in love with whoever she wanted to, nor could he marry whoever she wanted to marry.

The children of wealthy families probably wouldn't be able to follow their own wishes in this aspect. After all, their status was there, their family was there, and for the sake of so-called face and other reasons, the person they would eventually marry.. It was probably not the person they truly loved.

However, she still hoped that her two younger brothers would have some freedom in marriage, and her parents wouldn't be too harsh. They only hoped that Yun Heng and Yun Heng would be able to obtain happiness in the end.

As ru Yu thought about this, she turned her head and realized that Yun Heng was staring out of the window in a daze. Not only did she secretly sigh, a 21-year-old young man was actually going to become mature and steady so early.

The car drove into the grand courtyard of the villa. Before she got out of the car, she heard the laughter of Little Mu Yao coming from the building. She smiled bitterly. Alright, this little witch is here again.

Yun Heng also smiled, which was very different from ru Yu's bitter smile. As he opened the car door and got out of the car, he said, "Mu Yao being able to come will make the atmosphere more lively. I haven't seen her for a long time. I'll go in and hug her first. "

"..."ru Yu was speechless. Did Mu Yao, that little demoness, still need someone to hug her She ran faster than an adult, okay?

She pressed the car lock from behind and followed Yun Heng into the building. In her heart, she prayed that her parents would not ask too much about her marriage.

Chapter 1339 the Dongfang family

When she reached the door, she hesitated for a moment. Mu Yao had already rushed over. When she saw her, she opened her mouth and shouted, "Che Ru Yu, what are you hiding here for? Are you afraid that mom and dad will interrogate you about your nth marriage? "

"F * Ck, whose nth marriage? " Ru Yu didn't know whether to laugh or cry. She reached out to grab Mu Yao, but Mu Yao was like an Elf. In a flash, she entered, and she chased after her.

When she walked in, she realized that Dongfang Mo and Xi Muru were both here. Alright, she only heard yesterday that Xi Muru probably couldn't come, but today, she suddenly flew over. Was the plane almost here to catch up with the rocket?

"Dad, mom. " Ru Yu quickly walked over and sat down beside Mu Ru. She complained coquettishly, "Mu Yao is a bad girl. It's all your spoiling. Sooner or later, you'll spoil her until she becomes a little devil. "

"Sis, Mu Yao is already a little devil now. Do you still need to wait for sooner or later? " Yun Heng took over from the side. With a backhand, he grabbed Mu Yao beside him and carried her to sit on his lap.

"Mu Yao, have you gained weight again? "

"I haven't." Mu Yao immediately shook her head like a drum. "What's there to be fat about? I'm the little fairy with the best figure, okay?"

"You're a little fairy?" Ru Yu immediately rolled her eyes at her and said snappily, "you're just a little witch. Do you know what a fairy is?"

"Of course I do," Mu Yao answered seriously. Then, she snorted disdainfully and said, "anyway, it's not like you, nor is it like Sendou Ruila, and it's definitely not like Snow White."

"Then what is it like?" Ru Yu was curious now. She looked at Mu ru who was smiling and asked, "mom, she will definitely say that it's like you."

Mu Ru smiled and knocked ru Yu's head with her hand. Then, she teased, "could it be that when you were young, you didn't say that your mommy and I were fairies?"

"Yes, yes." Ru Yu nodded her head like a chick pecking at rice. "When I was young, I always thought that you were the most beautiful woman in the world. There shouldn't be a woman more beautiful than you at this time."

"What do you mean by 'you're old'?" Dongfang Mo took over the conversation. He glared at his daughter and said, "is your mother very old? When I was young, I thought that she was the most beautiful woman. Could it be that she is not the most beautiful woman now?"

Ru Yu was speechless. Well, it was said that beauty comes from the eye of the beholder. It seemed that in her father's eyes, her mother would probably be the most beautiful woman in the world for the rest of her life.

Yun Heng nodded and agreed with Dongfang Mo. "of course, no matter how old mommy is, she's still so beautiful. Although she's already forty-six years old, she looks just like ru Yu... ". ... "No, it seems like ru Yu is even a little younger."

"Go." Mu Ru used her hand to knock her son hard. Then, she could not help but laugh out loud. "Do you think your mother is a vixen? How can she be younger than my daughter?"

"The key is that sister is very old now." Mu Yao quickly hugged her brother to help her, "didn't you see ru Yu's face is dark but not clear? I guess she must have gone to the bottom of the coal mine to experience the life of a coal miner."

"PFFT..." ru Yu couldn't help but laugh out loud. She stood up and pretended to hit Mu Yao, but mu Yao quickly slid down from Yun Heng's arms, turned around and ran upstairs, the whole family laughing together ...

Mu Yao ran upstairs. Just as Ru Yu was about to follow her, Xi Muru stopped her. "Ru Yu, come here. Mommy has something to say to you. Don't chase after Mu Yao."

Ru Yu was about to go upstairs, but she had no choice but to stop. She turned around and forced a smile. "Um, Mommy, what do you want to say to me?"

“Okay, okay, don’t be cheeky. Come here.” Dongfang Mo was very unhappy with his daughter’s cheeky smile. He could not help but become serious. “Hurry up and tell me about your life. Also, why is your face as black as coal? You really went to dig coal.”

“HAHAHA.” Yun Heng laughed at the side. He quickly pulled ru Yu over and sat down beside him. Then, he explained to his parents on behalf of ru Yu, “ru Yu just returned from her honeymoon in Angola. She and Lei Zhenyu have been walking in the Nano desert for more than ten days. How can they not get tanned?”

“Oh, you went on your honeymoon?” Dongfang Mo’s expression was a little better. Then, he sighed and said, “you said that you’re going to Angola after your honeymoon, right? It’s fine if you want to go to Angola, but you even went to the Nano Desert. Well, there are so many places in the world, where is it not good to have a honeymoon? Why do you have to go to such a dangerous place?” “Don’t tell me that only a dangerous place can find the passion of a newlywed honeymoon?”

“Dad,” ru Yu was uncomfortable with Dongfang Mo’s words and could not help but explain softly, “you once went to the Alps with mom, didn’t you? You also encountered an avalanche, and you also...”

“It was because of that that we decided that we should choose a safe place for our honeymoon.” Dongfang Mo rolled his eyes at her and sighed softly. He waved his hand and said, “alright, even if you don’t want to go on your honeymoon, you have already gone. Let’s not talk about it anymore. By the way, where’s your thunderstorm? Why didn’t you bring it along? He can’t even meet people anymore, right?”

“What’s the rush? Anyway, your whatever meeting will be held for three days. I’ll wait for your meeting to be over before bringing him to meet you guys.” Ru Yu said nonchalantly.

“Ru Yu, what are you saying?” Mu Ru immediately became unhappy. “Your father and I are Lei Zhenyu’s in-laws, right? We’re here, so it’s only right that he comes to visit us. Could it be that he looks like a dinosaur and can’t be seen? So you don’t dare to bring us here?”

Eh, ru Yu’s forehead was covered in sweat. She quickly said that it was not that she did not bring Lei Zhenyu, but that Lei Zhenyu had been very busy these few days. She did not know what he was busy with, but she really did not contact him at noon today.

“If you can’t contact him at noon, then contact him again at this time.” Che Qixuan took over the conversation at the side and gave ru Yu a look, indicating for her to quickly call Lei Zhenyu.

Ru Yu immediately understood and quickly took out her phone to call Lei Zhenyu. This time, Lei Zhenyu’s call was directly transferred to the secretarial desk. She had no choice but to leave a message for him to call her back.

She told her parents about Lei Zhenyu’s call to the secretarial desk. Then, she said that he had just gone to work at the Lei Corporation in the past two days. He had always been a lawyer himself, so he did not know much about the company to begin with. I guess he must be very busy with many things himself. It was just time to get off work. When he was done with his work, he would call me.

Lei Zhenyu's call couldn't get through. Dongfang Mo and Xi Muru couldn't do anything either. Then, Dongfang Mo said, "there's an event tonight. It's to welcome guests from all over the world. Ru Yu, you'll be attending with us."
