

## Divorce 1341

### Chapter 1341 Dongfang Family 2

“Me too?” Ru Yu immediately shook her head and quickly rejected. “Forget it, that’s your business. I’m a painter, why would I go there? Daddy and I can fry rice cakes and pickles at home. I won’t eat the big meal.”

“Go, who told you to eat the big meal?” Mu Ru reached out and grabbed her daughter who was about to run away. She glared at her and said with a smile, “your father wants to introduce you to the outside world and let everyone know that Dongfang Mo has a daughter, Dongfang Yu.”

“But...”

“But what?” Dongfang Mo quickly interrupted ru Yu’s words Then, he said indifferently, “I heard that someone is causing trouble in your studio. It seems that you won’t be able to do it next year. I heard that there are still people who want to disqualify you as a painter. If I don’t show up now, are you going to watch those clowns bully you?”

Ru Yu was stunned for a moment before she understood. However, she still shook her head and said, “there’s no need for a big shot like you to show up for these small matters. As long as daddy or Uncle Yongjun shows up, you can help me settle it with a phone call.”

“Why do you always want daddy and Uncle Yongjun to step out?” Che Qixuan continued on the side Then, with a serious face, he said, “hurry up and go to that party with your parents. Let everyone know that you’re Dongfang Mo’s daughter. In the future, you can settle your own matters. I don’t want to work for you for the rest of my life. Moreover, you’ve never given me a salary before.”

“...”ru Yu couldn’t help but cry when she heard Che Qixuan’s words. She cried in her heart, Daddy, this can’t be. I’m your daughter. How can you have the heart to push me out? In the future, can I still have more freedom wherever I go ? Doesn’t that mean I have to wear sunglasses when I go out ? ?

Regarding ru Yu’s pleading gaze, Che Qixuan completely chose to ignore it. Anyway, he was no longer a member of the Dongfang family, so he would not go to that tiresome party.

Of course, he actually did not want ru Yu to go to that party, but he knew that Dongfang Mo and Xi Muru wanted her to go. One reason was to let the outside world know that he, Dongfang Mo, had four children The other reason was to let ru Yu walk in society in the future and not suffer so much. There were many things that she could resolve on her own.

Ru Yu was very helpless. She did not want to go, but she could not disobey her parents’orders. Alright, she could only go upstairs. Fortunately, the Che family had a pile of clothes. Among them, there was no lack of formal clothes. She chose a lake-blue one to wear.

“sister, you’re so beautiful.” Yun Heng looked at Ru Yu who came down from upstairs and could not help but praise her. “your healthy skin color now is even more beautiful than before. Let me be your male guest tonight, okay?”

“Go.” Ru Yu pushed him, but she took the initiative to put her hand through his arm. Then she smiled and said jokingly, “as long as you don’t mind your sister being old, of course I’m willing to have a handsome man like you by my side. I’m afraid that I’ll be stabbed to death countless times by their gazes.”

“Fine, why do you care about the gazes of those people?” Yun Heng reached to the door and helped Ru Yu put on her coat. Then he gently reminded her, “although it’s said that you’ll enter the banquet hall soon after getting off the car, those few steps are also very cold. You mustn’t be like some women who only care about bearing and not warmth.”

Ru Yu laughed. In fact, she had always been a person who paid attention to warmth and did not care about bearing. Moreover, she did not like to participate in any parties, unless, of course, it was a social event that could not be avoided.

### **Chapter 1342 the road of enemies is so narrow**

Lei Zhenyu was really busy these two days. Of course, one of the reasons was that Lei Zhensheng was in a bad mood, especially after the divorce with Cai Shaofen. She was very depressed and almost didn’t have the mood to work, so she left a lot of work behind.

Another reason was the Seoul Business Summit Forum this time. The Lei family was, after all, one of the top ten companies in Korea, so this forum was a must-attend event.

Moreover, as the host, it was natural for Korea to host the presidents of large companies from other countries, and many of the presidents also brought their wives and children to attend.

The so-called Business Summit Forum was actually a large-scale party for a large enterprise in Asia. Everyone gathered together, talked, and then looked for opportunities to cooperate with each other to increase their feelings for each other.

Once every four years, they took turns to come. Every time they went to a certain country, the enterprise of that country would be the host. And this time, when they went to South Korea, the Korean enterprise would be the host, and they would welcome the guests from various countries together.

Lei Zhenyu had never participated in such an event, so the whole process was very strange. In fact, Lei Zhensheng should have attended such an event because he was the real president, and Lei Zhenyu was only the vice president.

However, Lei Zhensheng said that he was very tired and did not have the energy. Moreover, he was only there as the president, and the main things were handed over to Lei Zhenyu to do. Coincidentally, this time, he pushed Lei Zhenyu out. Let everyone know about the new president of the Lei Corporation, Lei Zhenyu.

Lei Zhenyu was very helpless, so he had been socializing for the past few days. In the evening, he met with the president of a large company in Seoul to exchange ideas. In fact, it was mainly to say that everyone had to work together to make this summit forum work well.

Of course, during the day, he could not finish one meeting after another. A bunch of troublesome things were waiting for him, so he had almost never left work at noon these few days. His lunch was ordered by his secretary.

Today's lunch was eaten very late. The main reason was that the meeting was a little too long, so he only had fast food at two in the afternoon. While he was eating, his secretary reported a bunch of calls to him, but he did not pay much attention to them. Moreover, the main reason was that he had to have another meeting after lunch, and then he had to go to that venue for the evening party.

He was annoyed by the bunch of calls, so he asked his secretary to transfer his phone to the secretary's desk. He quickly went back to work, racing against time.

When he drove to the venue in the afternoon, he happened to pass by Ru Yu's studio. He looked up at Yun Heng building and thought that she was still working in the studio, so he took out his phone and sent her a text message, telling her that he had some business to attend to in the evening. He estimated that he would have to go back later and ask her not to wait for him.

The Business Summit Forum, which was held once every four years, was very important, so tonight's host banquet was also very important. Many large companies were almost fully mobilized by the older generation. Of course, it was the older generation who had the face. To introduce the new generation to everyone, this was called connecting the dots.

When Lei Zhenyu arrived, Lei Taihe and Lei Zhensheng were already present. Seeing that he had only just arrived, Lei Taihe scolded him a little unhappily before pulling him to meet people.

When Lei Zhenyu and Leng Rong faced each other, the two of them were clearly stunned. This was because no one had ever thought that the road of enemies was so narrow. They would actually meet each other at such an occasion.

### **Chapter 1343: The helplessness of a young master from a wealthy family**

Leng Rong obviously did not like him very much. When he shook hands with him, it was actually just a touch of his hand. Then, he turned around and walked away, not giving him a good look at all.

Lei Taihe, who was at the side, was puzzled. He could not help but ask, "what's going on? Did you know this young master of the Leng Family before? He seems to have a lot of opinions about you."

Lei Zhenyu smiled bitterly, shook his head and said indifferently, "I met him once before and there was a small misunderstanding. I'll explain it to him when I have time."

Lei Taihe heard that it was just a small misunderstanding, so he didn't take it to heart. He immediately pulled him to get to know the big clients in Singapore and Japan, while Leng Rong stood at the side sulking.

"Hey, Leng Rong, who offended you?" Zheng Ruize came over and pushed him with his hand. "Have you seen Yun Heng? I heard that he flew to Seoul from the United States. It seems that his father is pushing him out."

“No,” Leng Rong said indifferently. “I’m not interested in Yun Heng. You know, I really hope that Yun Heng can come, but that guy definitely won’t come. He won’t inherit the position of the Dongfang family’s president. I’m so envious of him.”

“Hey, don’t be envious of him.” Zheng ruize patted his shoulder and said, “Oh right, I heard that you’ve started your abstinence again. How often do you change women now?”

“Get lost.” Leng Rong kicked ruize in a bad mood. Of course, he didn’t hit him So he couldn’t help but say angrily, “kid, if you dare to expose my shortcomings in front of my father, I’ll tell your father about the incident you gave to that university student. Let’s see which one of us is more miserable.”

“Isn’t that right?” Zheng ruize said indifferently. Then he shrugged and said, “What University student? It’s just a poor girl. I helped her find a temporary job. I’m so innocent with her that I haven’t even held her hand. What am I afraid of my father for?”

“NO WAY!” This time, it was really Leng Rong’s turn to be shocked. He stared at Zheng ruize with wide eyes and said, “I clearly saw her sitting in the passenger seat of your car that time. Moreover, the two of you were talking and laughing. You actually didn’t even hold her hand?”

“PFFT...” Lin Pianran, who had just walked over, laughed out loud when she heard Leng Rong’s words. Then, she shook her head and patted Leng Rong’s shoulder. “You don’t know, right? Our eldest son Zheng suddenly became pure. It’s said that he likes that girl very much. In his eyes, she’s like a lotus flower that comes out of the mud but doesn’t get stained. He calls it filth. If he doesn’t wash himself clean first, how would he dare to touch her so easily?”

“GET LOST!” As Zheng ruize spoke, he raised his foot to kick Lin Pianran. Of course, he did not manage to do so. Lin Pianran elegantly turned around and walked towards his Singapore client.

Leng Rong rolled his eyes at Zheng ruize. Then, he gently sighed and advised, “ruize, if you are really tempted, you can really have a serious relationship. Of course, you have to protect her well. It’s best if you can convince your parents to agree to your marriage with him. If it’s just for fun, then don’t invest too much in your relationship. At that time, even if you really get married, it won’t be good for your married life.”

Zheng ruize rolled his eyes at him and snorted coldly. “Forget it. You don’t need to worry about my matters. You should worry about your own matters instead. Don’t forget that you still have a bunch of women outside.”

“That woman of mine can be bribed with money. It doesn’t matter. It can end at any time,” Leng Rong said indifferently. Then, he asked Zheng ruize in a low voice, “what about you? Can that lotus-like Girl of yours be bribed with money?”

#### **Chapter 1344. Ru Yu was actually in Dongfang Mo’s family**

Lei Zhenyu followed Lei Taihe and got to know a circle of people. Of course, they were all big shots and New Forces in the business world. Many of them were around his age, some were older, and some were one or two years younger.

Of course, there were also many companies that could not be ranked in the top ten. However, Korea was the host, so many new forces also came in. He found Jin Zhengnan among the crowd.

Many married people brought their families over. Because there was a ball later, and it was his first time participating in this forum and he did not know about these things, he actually did not bring ru Yu over.

Therefore, he told Lei Taihe that he wanted to call ru Yu and get her to drive over. Lei Taihe frowned and said, "actually, it should be. Our Lei family only has three bachelors, but the key is that Jin Zhengnan is also at the party tonight. When ru Yu comes, she will stand with you and Jin Zhengnan will be beside her. This scene will be very awkward for her. Moreover, our Lei family will also be embarrassed. After all, ru Yu is Jin Zhengnan's second-hand woman."

"Dad, what's the big deal? Marriage is free now." Lei Zhenyu frowned when he heard Lei Taihe's words. He was slightly dissatisfied with his father's words and said, "to put it bluntly, you still look down on ru Yu. She is actually very good. I think..."

"What do you think?" Lei Taihe immediately became unhappy. He could not help but snort coldly and said, "alright, let's not talk about Che ru Yu. She may be good in all aspects, but she's still a second-hand woman after all. Moreover, she once had an illegitimate daughter. It's fine if she lives in our house. In any case, not many people in the outside world know that she's your wife. However, we can't bring her out because of her status and status. She once had a marriage and an illegitimate child. These are all things that can not be put on the table."

"Dad, how could you..." before Lei Zhenyu could finish his sentence.. Someone shouted from the other side, "our host is preparing to start from both sides. The richest man in Asia and the honorary chairman of the summit, Dongfang Mo, and his family are about to enter the venue. Let's give Dongfang Mo and his family a warm welcome."

Dongfang Mo, the richest man in Asia, was a big shot. He was also one of the top five companies in the world. It was said that many countries around the world had branches, including Seoul.

Therefore, everyone squeezed to the two sides of the red carpet and lined up, waiting for Dongfang Mo's family to arrive. Many people were talking about Dongfang Mo's story in private. There were also girls from a few years ago who were excitedly talking about the diamond young man, Dongfang Yunheng, whom they would meet later.

There was a commotion at the door, and then a figure walked over. The people in front were already shouting loudly to welcome the president of Dongfang, chief Dongfang, and so on.

Lei Zhenyu looked at the few people who were slowly walking over. Although the distance was a little far, he could clearly see two familiar figures among the five people. They were —

The little girl that Dongfang Mo and his wife were holding on to was clearly Mu Yao. There were also two young men following behind them. The smiling man who was over 1.8 meters tall and handsome was most likely the legendary Dongfang Yunheng. This was because he was almost a copy of Dongfang Mo..

As for the woman beside Dongfang Yunheng, her skin was a little dark, but it was —

Alright, it was his wife, Che Ru Yu. At this moment, she was walking hand in hand with Dongfang Yunheng towards the rostrum, while he was pushed to the back due to shock and was drowned in the crowd.

### **Chapter 1345 was filled with all kinds of shock**

He saw che ru Yu, but ru yu did not see him. She just walked forward with a smile on her face. Everyone could not help but discuss among themselves, saying that they did not expect Dongfang Yunheng to really find a black girl. It seemed that the rumors from before were true.

Lei Taihe and Lei Zhensheng were also shocked. They looked at each other, but they did not know what to say. On such an occasion, Che Ru Yu was with the Dongfang family.

Most importantly, ru Yu's illegitimate daughter was actually being held by Dongfang Mo's wife. This was too strange, right?

"could it be... that Mu Yao is the illegitimate child of Che Ru Yu and Dongfang Yunheng?" Lei Taihe frowned. But after saying this, he felt that something wasn't right. Thus, he shook his head and said, "the Dongfang family is so prestigious. Dongfang Mo's younger brother, Dongfang Jun, is still the mayor of Binhai City. How could they bring their son's illegitimate daughter and former woman to such an occasion?"

"Dad, Dongfang Yunheng is only 21 years old." Lei Zhensheng carefully reminded his father, "that Mu Yao is already over seven years old. Do you think Dongfang Yunheng has been looking for a woman since he was 13 years old? And he even found ru Yu, who was five or six years older than him. How is that possible? Dongfang Mo's upbringing is very strict."

"Mu Yao is over seven years old." Lei Taihe frowned and thought hard for a moment. Then, he almost lost his voice and asked, "Oh right, didn't Dongfang Mo have a son a few years ago and give birth to a little daughter? That was a few years ago?"

"It was... it was more than seven years ago." Lei Zhensheng also remembered this matter. Then, his forehead was covered in sweat. He looked helplessly at his father and muttered to himself, "that... could it be that Mu Yao is the little daughter of Dongfang Mo and Xi Muru? What about Ru Yu? Who is she to the Dongfang family?"

Dongfang YUNHENG'S FIANCE That was impossible. Ru Yu had married Lei Zhenyu not long after divorcing Jin Zhengnan, and she lived in the Lei family every day.

The Lei family could not guess the relationship between Ru Yu and the Dongfang family. Similarly, Jin Zhengnan, who stood on the other side, could not guess the relationship between Ru Yu and the Dongfang family either. This was because he had never even dreamed of associating ru Yu with the richest man in Asia.

Song Yuxi had come with her father. Although it was said to be a business forum, Minister Song was still a minister, so he had to join in on the fun.

Song Yuxi wanted to come with him because she wanted to find Lei Zhenyu. From what she knew, Lei Zhenyu would never bring that second-hand woman, Che Ru Yu, to the dance. She would need a dance partner, so she could take the opportunity to be Lei Zhenyu's dance partner. Then, she would take the opportunity to have a scandal with Lei Zhenyu.

Of course, Lei Zhenyu was alone tonight, and it was such an occasion. She had plenty of opportunities to do something. Wasn't the Lei family in a hurry to have a grandson? As long as she found a way to have sex with Lei Zhenyu and get pregnant with his child, then.. She could use this opportunity to chase that woman, Che Ru Yu, away.

Her wishful thinking was very good, especially when she saw that Lei Zhenyu had always been alone after she entered the venue. She could not help but feel secretly happy, thinking that this was a chance given to her by the heavens, and she would definitely succeed tonight.

However, she never dreamed that Che ru Yu would actually come, and it was even with Dongfang Mo's family. What was even more unexpected was that che ru Yu actually walked in arm in arm with the diamond youth, Dongfang Yunheng.

#### **Chapter 1346: The Happy Xi Muru**

Following behind her parents, ru Yu was actually a little nervous because many of the people here were big shots in the business world. She didn't know if Lei Zhenyu was present, but she knew that Lei Taihe and Lei Zhensheng were definitely present. After all, such a scene.. Lei Taihe was the chairman of the Lei Corporation, while Lei Zhensheng was the president.

Soon, they finished walking the red carpet and were led to their VIP seats by the Miss Etiquette. The people behind them also took their seats one after another.

The originally chaotic scene gradually quieted down because of Dongfang Mo's arrival. At this time, the lights of the party dimmed, and only the lights on the stage were bright. The male and female hosts walked up with microphones in their hands. They briefly introduced the activities of the forum, and then invited the chairman of the host in Seoul, South Korea, to give a welcoming speech.

Ru Yu sat there quietly. She was not interested in this kind of party, so she did not pay attention to the chairman's speech at all. She was worried that if Lei Zhenyu was present, if he knew her identity.. What would he think?

Very soon, she sank into deep thought, so much so that she did not know who was on the stage until Yun Heng pulled her by the hand. "Get up, it's time for our Dongfang family to go on stage. "

Only then did ru yu come to her senses. She followed beside Yun Heng in a daze and followed behind Dongfang Mo and Xi Muru as they walked towards the red carpet-covered stage.

Dongfang Mo was the richest man in Asia and was also the honorary chairman of the Business Forum. He was a well-known figure in Asia and even the whole world, so the moment he went on stage, he immediately received thunderous applause.

The host was introducing Dongfang Mo, and the host's chairman was shaking hands with Dongfang Mo. everyone was speaking politely, but of course, it was nothing more than everyone working together to maintain stable economic growth in Asia, and they had to join hands to fight against the underworld They had to make due contributions to the economic rise of Asia together.

In the end, they invited Mr. Dongfang Mo to speak. Ru Yu thought that her father would say a bunch of high-sounding words like other people, but she did not expect Dongfang Mo to say so. First, he held Xi Muru's hand, and then they looked at each other affectionately Then, he spoke to everyone with a smile on his face.

"My wife, Xi Muru. I think everyone is no longer unfamiliar with her because she often accompanies me to various large-scale events, but I still have to introduce her in a very grand manner. Because in my life, without Mu Ru, it's equivalent to not having me. There's a saying that goes well, every successful man has an outstanding woman behind him, and Xi Muru, she's the outstanding woman behind me. Some people say that I'm the big BOSS of the Dongfang Corporation, but this kind of talk is actually wrong, because the real big BOSS is my wife, Xi Muru. She's controlling me from behind, I'm just helping her with her work."

As soon as Dongfang Mo finished speaking, the crowd below the stage burst into a tidal wave of voices. All the women fixed their gazes on Xi Muru, and their gazes were filled with envy, jealousy, and hatred.

In this world, how many women did not want to turn themselves into Xi Muru? To be loved by the richest man in Asia, Dongfang Mo, and even Dongfang Mo said that she was the big BOSS, what kind of good fortune was this?

Ru Yu stood at the side, but her heart could not help but ache. She wanted everyone to see her mother's happiness today, but who knew how much pain she had suffered in the past, how many deaths and how many lives, and how many could withstand such twists and turns?

#### **Chapter 1347: Che Ru Yu is my eldest daughter, little feather**

When everyone's applause stopped, Dongfang Mo began to introduce the other members of his family. Ru Yu thought that her father would introduce Yun Heng to her first, but she did not expect that her father would be the first to walk to her side.

Dongfang Mo patted ru Yu's shoulder and looked at the crowd below the stage He smiled and said, "let me introduce my eldest daughter, Dongfang Yu. She is the first child of my wife and I. Because she lives in Korea all year round, she changed her name to Che Ru Yu!"

The people below the stage were stunned for a moment, and then there was thunderous applause. Actually, many people had more or less heard of che ru Yu. After all, she was a young and famous female painter in Korea.

However, no one had expected that this che ru Yu actually had such a background. In the past, everyone thought that she was just a child from an ordinary family who relied on her own hard work.

Dongfang Mo waited for the applause to stop before continuing, "If there were people who paid attention to my Dongfang family twenty years ago, they might have heard of it. At that time, I had a

daughter named Xiao Yu, and Dongfang Yu, also known as che Ru Yu, was my eldest daughter, Xiao Yu. Among my four children, the one I owe the most is my Xiao Yu. Binhai Dongfang group will have 20% of the shares of Xiao Yu. ”

The people below were slightly stunned, and then burst into thunderous applause. The gaze of the woman who was envious of Xi Muru just now turned to ru Yu.

Oh my God, Binhai Dongfang Group’s 20% shares, how much assets is that The Dongfang family only had 60% of the shares in the entire Dongfang Group, yet Dongfang Mo actually gave a third to this car, ru Yu. He was Cher’s four children, after all?

Ru Yu stood beside her father, and her eyes gradually became misty because she had never thought that her father would introduce her to the outside world in such a grand occasion.

What she did not expect even more was that her father had announced in front of so many people that he would leave 20% of Dongfang group’s shares to her. From this, it could be seen how biased her father was towards her.

After Dongfang Mo introduced ru Yu, he continued to introduce his eldest son, “Dongfang Yunheng, he is my eldest son. He is my right-hand man. I believe that Dongfang Group will have young strength and a better future because of his joining. ”

There was a wave of applause below the stage, especially for the young girls. Their hands were hurting from clapping. Dongfang Yunheng was a diamond-like young man. He was only 21 years old and unmarried. He did not even have a girlfriend. What a great opportunity was this?

Yun Heng smiled helplessly. If such an occasion could be avoided, he would definitely stay as far away as Yun Zai. However, he knew that it could not be avoided. who asked him to come out a minute or two earlier than Yun Zai?

In the end, Dongfang Mo carried Mu Yao Then, he smiled and said to the people below the stage, “this is my youngest daughter, Mu Yao. My wife and I only gave birth to her eight years ago. Perhaps because my wife and I are both older, we gave birth to this child, so we pampered her a little. Therefore, Mu Yao is a little more mischievous than her brothers and sisters. Her brothers and sisters all say that she is the little witch, but my wife and I feel that she is our happy fruit. Also, our entire family likes her very much. ”

### **Chapter 1348 was just a gorgeous turn**

Thunderous applause rang out once again below the stage. For the past twenty years, Dongfang Mo had been keeping a low profile, especially since his family had been well protected. Therefore, the entire Dongfang family had been in a mysterious phase for the past twenty years Even when Dongfang Mo had a son eight years ago, there had only been a small report. Even his children and Paparazzi had not been able to capture it.

It was just that they had not expected the Dongfang family, who had always been mysterious, to make an appearance tonight. Of course, there was still Dongfang Yunzai who had not come. Everyone knew that Dongfang Yunheng and Dongfang Yunzai were twin brothers. The two of them looked the same, so

it was more or less the same whether they came or not Seeing Dongfang Yunheng was the same as seeing Dongfang Yunzai.

Lei Zhenyu did not fully recover until the Dongfang family finished their speech and walked off the stage. Che Ruyu was Dongfang Yu, and Mu Yao was Dongfang Mu Yao, ruyu's younger sister and Dongfang Mo's youngest daughter?

He knew that Mu Yao was not ru Yu's illegitimate child, but he had always thought that Ru Yu had adopted the child. When he asked her, she said that she was the child of her relatives. How could she lie to him?

He trusted him so much that he would stand by her at all times. However, what did she take him for A monkey?

Dongfang Yu owned 20% of Binhai Dongfang group's shares. No wonder she kept saying that she had to keep a low profile. She was indeed unusually low-profile, so low that even her husband was unwilling to reveal his true identity.

Lei Taihe fell on the chair, so shocked that he couldn't speak for a long time. Everything Dongfang Mo said on the stage just now echoed in his mind, especially when he said that Che ru Yu was Dongfang Yu, his eldest daughter, little feather.

For so long, Che Ru Yu had always kept a low profile. He had never doubted that ru yu would have a better family background?

Lei Zhensheng was also shocked. He didn't say a word for a long time. He had never seen Che ru Yu clearly before and thought that she was a second-hand woman. He thought that she didn't have the qualifications to marry into the Lei family. However, who would have thought... ..

He had actually heard about Dongfang Mo's eldest daughter. After all, he had already come into contact with the Lei family by his father's side more than 20 years ago. At that time, the Dongfang Corporation in Binhai was still in a heated relationship The exchange between Dongfang Mo's wife, Xi Muru, and Xi Muxue used to be the butt of gossip.

Later, about 17 or 18 years ago, at an international business conference, he had a short conversation with Dongfang Mo. he had even heard Dongfang Mo talk about his eldest daughter, feather.

However, he had never dreamed that the second-hand Woman that his younger brother, Lei Zhenyu, married was actually Dongfang Mo's eldest daughter, feather, and that Mu Yao, whom they had always thought was an illegitimate daughter She was actually Dongfang Mo's daughter, Dongfang Mu Yao.

Seven years ago, Dongfang Mo had given birth to a precious child. At that time, Ha Zeng had sent him a congratulatory gift. After all, Dongfang Group was one of the largest corporations in Asia, and their Lei family also had a partnership with Dongfang Group It was impossible for the Dongfang family not to express their gratitude for the addition of a child.

However, who would have thought Who would have thought that such a dramatic reversal would happen? Che Ru Yu, who he had always looked down on and had always been ostracized by him, turned around with a smile on her face She immediately became Dongfang Yu, whose worth exceeded half of the Lei clan's assets.

## Chapter 1349 Wujin is still coal

Of course, Jin Zhengnan, Song Yuxi, and the others were also shocked because they had never dreamed that a small painter, a woman who sold paintings for a living, would have such a background.

Jin Zhengnan was so shocked that he stood still on the spot. He had known Che Ru Yu for more than four years, and three of them had been husband and wife. However, that woman had never revealed her true identity.

He had always thought that she was a talented painter. She made some money when her father, Che Qi Xuan, was young, so she was trained well in painting. Therefore, she had some achievements in this area.

But who would have thought it turned out that she was Never Che Qixuan's daughter. It turned out that she had such an enviable identity?

All these years, she had never mentioned Binhai's Oriental Group in front of him. Even when he wanted to divorce her later, even when Lan Ruoshui bullied her and even humiliated her as the eldest daughter of the Lei family.. But she never said it out loud.

It was funny, wasn't it? The woman who had been his wife for three years, after he divorced her, even after she married someone else for a few months, only then did he know that she was the daughter of the richest man in Asia. She owned 20% of the shares in oriental group.

What was 20% of the shares in the Oriental Group It was probably tens or even hundreds of times more than his small company?

Such a woman was probably something that many men could only dream of, right They even felt that it was a luxury to know her?

And Him Not only did he know her, but he had even been married to her for three years?

But, what had he been doing for those three years And how had he treated her?

He had left her alone in the empty room and made her suffer, but when she was alone in the empty room, he had actually gone to have sex with her good friend, the woman who adored him.

He knew that he had let her down, so he did not make things too difficult for her when she wanted a divorce. However, he had never dreamed that he had once picked up a piece of black gold, but because he was blind, he had thrown her away as coal in the end.

Minister Song and Song Yuxi were also dumbfounded. They had never even dreamed that Che Ru Yu had such a background and such a powerful behind-the-scenes force.

Thinking of this, Minister Song's palms began to sweat faintly. He took out a handkerchief and wiped it on his forehead. Then, he quickly walked to the side and took out his phone to make a call He had to withdraw some documents that he had originally planned to destroy Che Ru Yu's studio. Otherwise, if he offended Dongfang Mo, he probably wouldn't be able to pay the price.

Song Yuxi's entire face was twisted. God was so unfair. That Che Ru Yu, she married Jin Zhengnan for the first time and Lei Zhenyu for the second time.

She already had such a good life, but why did God give her a better life He actually made her the daughter of the richest man in Asia He made her own 20% of the shares of the Oriental Group?

She originally thought that she had finally gotten her father's forgiveness. She originally thought that she had finally returned to the song family. She originally thought that she had an uncle who was the director of the city construction bureau. She originally thought that.. It was not impossible to snatch Lei Zhenyu back.

### **Chapter 1350 gathering of friends**

Ru Yu wanted to turn around and look for Lei Zhenyu after she left the stage because she seemed to have seen him on stage just now. However, in the blink of an eye, Lei Zhenyu seemed to have disappeared again.

However, before she could leave, Zheng ruize came to look for her again. He said that they had not seen each other for two to three years and that she did not participate in rock climbing anymore. It was not easy for her to meet him, so she should at least have a drink.

Ru Yu did not dare to drink. It was not that she did not have a tolerance for alcohol. In fact, she had a tolerance for alcohol. However, there were a lot of acquaintances here tonight, so she could not drink with anyone one glass at a time. Otherwise, she would not be able to go back after the party ended If she did not die of drunkenness, she would at least be drunk. At the very most, everyone would clink their glasses and drink one sip.

Leng Rong came over with a glass of wine. He was obviously joining in the fun. He even said with a mischievous smile, "little feather, you are not good enough. That time, I was injured by someone. You did not even come back to see me. Your heart must have gone to your back, right? "

"You deserve it. " Ru Yu waited for him to look at her. Then, she snorted coldly and said, "who told you to fight with others for no reason? I think you are looking for trouble because you are full of yourself. Do you think that your Kung Fu is good? What happened in the end? You were beaten down, right? "

"Wow, Leng Rong, who beat you up? " Lin pianran happened to walk over. When she heard that Leng Rong was beaten up, her interest was immediately piqued and she had an inquiring look on her face.

"Who? Isn't he little feather's new husband? " Leng Rong said in a bad tone Then she sighed softly and said, "little feather is really not loyal enough. She promised to marry me when she was young, but who knew that the first time she got married, she didn't tell me. The second time, it was not easy for her to get a divorce, but she actually quickly got married again. My heart is so painful. "

“HAHAHA!” Everyone couldn’t help but laugh. Ru Yu was so angry that she couldn’t help but kick him. She also laughed and said, “then go to hell. If you die, I might marry you in my next life.”

“Leng Rong does want to die, but he doesn’t have that much courage,” Zheng ruize said jokingly, “little feather, you don’t know how many mistresses Leng Rong has. If he really dies, who will take care of and comfort his mistresses?” “Most importantly, he recently targeted another one. It seems that he has already spent a lot of money, but he hasn’t gotten her yet. If he dies, won’t he suffer a great loss?”

“This Rui Ze, will your mouth rot if you keep your mouth shut?” Leng Rong growled with Red Veins on his face. It was a fact that he had many women outside, but he was unwilling to let these things spread to little feather’s ears. After all.. The position that little feather held in his heart was irreplaceable by other women.

“Yes, definitely.” Zheng Rui ze nodded with a serious face, and then added, “especially in front of little feather, I must say more. How often do we see each other?”

Ru Yu could not help but laugh when she saw the two of them bickering. Lin Pianran walked over and leaned against her. Then, she leaned against her and asked in a low voice, “what happened? I heard Leng Rong say just now that you’re divorced?”

“Yes.” Ru Yu nodded and added, “did Leng Rong not say it just now? But I’m married again.”

Lin Pianran felt a little uncomfortable when she heard this. At this time, Jin Zhengnan happened to pass by not far away. He was slightly stunned when he saw ru Yu and then greeted her with an embarrassed look, “ru Yu, you’re here too?”
