

Divorce 1371

Chapter 1371 another side of Che Ru Yu

“Ru Yu, I didn’t say that Dongfang Mo’s daughter was a mistake,” Lei Zhenyu instinctively defended himself “However, when you admitted that Mu Yao was a child that you picked up, it was obvious that you did it on purpose. It was because you didn’t trust me. As for a married couple, even the most ordinary couple, I think they should have at least some trust between them, don’t you think so?”

“Yes, I didn’t trust you at that time.” Ru Yu nodded She admitted truthfully, “but, Zhenyu Jun, don’t forget that we are in an agreement marriage. In that agreement, there was no mention of mutual trust. Since the purpose of our marriage is to make a deal, then the two of us have always followed the principle of making a deal. Do you think that making a deal requires trust It seems that as long as our respective goals are achieved, it will be fine, right?”

Lei Zhen looked sideways at the woman sitting next to him. For the first time, he was a little unfamiliar with her because from what he knew, Che Ru Yu was a strong woman with a little bit of stubbornness. Although she was usually talkative.. However, her words were not sharp. No matter what, she was an artist after all, and artists generally pursued a realm of sensibility.

However, now, the person in front of him was no longer the gentle and elegant painter. Instead, it was a sharp-tongued woman who was good at negotiation. Every word she said was the core. She was talking about their arranged marriage.. She was talking about the purpose of their arranged marriage and the principles of the original deal.

Alright, this che Ru Yu was not the che ru Yu he knew who was painting in Feiyu’s studio. She was Dongfang Mo’s daughter. At this moment, in her mind, she should be sitting at the negotiating table with him, and what she wanted.. Was She going to successfully negotiate according to that agreement?

Alright, he was a lawyer. Of course, from a rational point of view, che Ru Yu’s words were almost unassailable because she had grasped the main point and completely grasped the key point. Even if she had brought Mu Yao to lie to him, that did not violate the agreement.. Because the agreement did not require her not to lie to him.

“You mean, our marriage agreement should continue, right?” Lei Zhenyu said after a moment of silence, but his mind was in a mess.

In fact, ever since he came back from Angola with her, and ever since they faced life and death together, he had forgotten about the agreement.

Now, he wanted to divorce ru Yu, but he didn’t remember the agreement at all. That was why he was so angry, so angry, because her deception made him unable to withstand the deception and distrust.

He wanted to divorce because he didn’t want to be so tired. He felt that living with a woman who didn’t trust him was very ray.

“could it be that you want to violate our original agreement?” Ru Yu raised her eyebrows slightly Then she pointed out sharply, “Zhenyu, I remember that you used to be a lawyer. You personally drafted that

agreement. I always thought that you were a gentleman who kept his word and couldn't go back on his promise. I don't think that you would quickly turn into a villain just because I suddenly became Dongfang Mo's daughter, right? "

Ru Yu's words had actually made it very clear that if Lei Zhenyu insisted on divorcing her at this time, then he was a villain who didn't keep his word. He treated promises as nonsense and agreements as waste paper.

Chapter 1372 was Dongfang Mo's daughter after all

Lei Zhenyu did not know whether to laugh or cry when he heard ru Yu's words. Alright, this was the first time he knew that Che ru Yu was not really easy to talk to, just like when she and Jin Zhengnan divorced.

Hence.. He sighed softly and nodded. "Alright then, since you insist on our agreed marriage, and since you want to continue according to that agreement, it seems that I can't go against that agreement. This marriage, if you don't want to divorce, then so be it. However, I have to remind you that in the future, our marriage might not be satisfactory, so don't blame me for anything. Also, if you feel that this marriage makes you tired and want a divorce, I won't hold you responsible for violating the agreement. "

Hearing Lei Zhenyu's words, ru Yu found it funny. She yawned and stood up As she walked towards the bedroom, she said plainly, "come on, Lei Zhenyu, our previous marriage wasn't satisfactory either. Isn't life like this? I'm very sleepy. I'm going to sleep. "

Ru Yu was indeed sleepy. God knows she didn't sleep well last night. Today, she accompanied the little witch to the suburbs to build a snowman. She was just short of exhausting her to death. When she came back at night, she still had to discuss this marriage with Lei Zhenyu. It would be strange if she wasn't sleepy.

Now that the marriage was finally settled, at least she didn't have to pay attention to it. Alright, let's talk about the future later. There was nothing more important than a good sleep now.

Lei Zhenyu looked at the back view that walked into the bedroom. Thinking of her words just now, his heart instinctively thumped.

It seemed that her words were quite reasonable. Before this, their marriage wasn't always satisfactory, especially in the Lei family. His father and brother's attitude toward her, and Lan Ruoshui's constant insults to her.. Even his girlfriend, who had broken up with him seven years ago, now came back to look for her. All sorts of things happened one after another. Their marriage was really not satisfactory.

He only felt that these things were extremely troublesome, and even irritated. He could not help but reach out to touch his cigarette. Only then did he realize that there was no cigarette in his trouser pocket. Only then did he remember that ru Yu did not allow him to smoke in his room, so his cigarettes were usually in the car Or at the bar on the first floor. He had finished smoking in the study last night, so now he could not find any cigarettes.

Therefore, he just sat on the Sofa in a daze. The sound of her pulling open the wardrobe to get her clothes came from the cloakroom. About two minutes later, the sound of running water came from the bathroom. He knew that she was probably taking a shower.

Actually, it was still early tonight. Usually, she would only go to bed at around ten o'clock. However, it was not even nine o'clock tonight. She was probably really tired.

His brain was in a mess. He recalled that in the morning at the summit, his father seemed to have invited the Dongfang Mo couple to his house as guests. He even said that they were both partners and relatives.

Of course, he did not know if Dongfang Mo and his wife agreed to his father's invitation in the end. He had walked away when he saw Dongfang Mo and his wife. He did not greet them as a son-in-law.

If Dongfang Mo and his wife really came to the Lei family, what should he do?

Should he pretend to be a loving couple with RU YU? Or should he directly break up the relationship with ru Yu in front of Dongfang Mo and his wife? Or should he do something that would make Dongfang Mo and his wife very angry? If that was the case, perhaps Dongfang Mo and his wife would be angry He was going to ask Che ru Yu to divorce him.

Chapter 1373, that night

When Ru Yu came out of the shower, Lei Zhenyu was no longer on the sofa. The study room was lit up and he went to the study room after work.

Ru Yu did not go to the study room to look for him because Lei Zhenyu was probably not in a good mood at the moment. He probably did not want to continue the conversation with her. She was also very tired. As long as she negotiated with him and did not divorce him, other matters could be put aside for the time being She needed to replenish her sleep.

She was really tired. Fortunately, Zheng Junji was there to play today. He was a very playful person. He accompanied Mu Yao to build snowmen and roll snowballs. It was no wonder that Mu Yao liked him. She even said that she wanted her to divorce and marry Zheng Junji It was all so that Zheng Junji could play with her.

The detestable little demoness actually sold her sister out for her own selfish interests. She would have to teach her a good lesson some other day.

She was obviously very sleepy, but she could not fall asleep immediately when she lay on the bed. Thinking about the concern of her family members for her, she could not help but feel frustrated.

In Mu Yao's eyes, there was no one more suitable to be her brother-in-law than Zheng Junji. However, in Yun Heng's eyes, he thought that Lin Pianran was very good. As for Lin Pianran, he thought that Leng Rong was good to her, but his father seemed to think that Zheng ruize was quite good.

Well, actually, it wasn't like Dongfang Mo and his wife had never been worried about her marriage. Especially after she turned eighteen, every time she went back to Binhai for a vacation, Zheng ruize and Lin pianran would be invited by their parents to their house to play.

On the other hand, Leng Rong's parents didn't seem to have taken the initiative to invite him. However, Leng Rong was naturally thick-skinned. Every time he knew that she would go back to Binhai, he would definitely come uninvited.

She knew her parents' intentions. They probably hoped that she would choose between Zheng Ruize and Lin Pianran. However, her parents definitely didn't know that she was forced by Leng Rong to agree to be his bride when she was very young. Therefore, in the eyes of Lin Pianran and Zheng Ruize, Leng Rong was the first one to agree She was Leng Rong First.

Well, in fact, she had never been attracted to feelings. Whether it was Zheng Ruize, Lin Pianran, or Leng Rong, she had always treated them as brothers and had never touched the feelings between children.

The first time she truly fell in love with a man was when she was twenty-two years old. That man was Jin Zhengnan. At that time, she had been moved by him and then loved him regardless of everything. She loved him so madly that she did not hold anything back.

However, she did not expect that Jin Zhengnan would repay her crazily and thoroughly. He did not hold anything back at all and expressed his complete lack of love for her.

Right now, she was already disheartened by love. She had been married to Lei Zhenyu for a few months. They had faced many things together, even life and death. She gradually felt that even if it was a negotiated marriage, even if it was a transaction to get together.. Their lives were very harmonious.

In fact, whether there was love or not in a marriage was really not important. What was important was whether the two of them worked together, whether they were working in the same direction, whether they were working hard to manage this marriage?

Now, Lei Zhenyu wanted to divorce her because she was Dongfang Mo's daughter. Of course, she would not agree to it. Because such a beautiful and harmonious marriage, who would be willing to give it up so easily?

In the past few months, not to mention the Lei family, she and Lei Zhenyu's small family, she felt very harmonious and wonderful. Whether it was in life, work, or even in bed, the two of them were so in sync They could play the most beautiful music of mankind in unison.

Chapter 1374: The passage to a woman's soul

Zhang Ailing said: the passage to a woman's soul is a secret passage She didn't know much about this before, but after she married Lei Zhenyu, she truly experienced it.

She thought that the reason why she was able to divorce Jin Zhengnan so decisively in the past was because she and Jin Zhengnan didn't have a substantive relationship. If she and Jin Zhengnan became a substantive couple or even had children with him.. Then, even if she knew that he was fooling around with Lan Ruoshui, she probably wouldn't divorce him so easily, right?

Of course, she actually didn't know this because she and Jin Zhengnan didn't go that far after all. If she and Jin Zhengnan really became husband and wife, would Jin Zhengnan and Lan Ruoshui get together

This was also a problem, and the story between the three of them probably wouldn't be like today's version. She and Lei Zhenyu, of course, wouldn't get together because of Lan Ruoshui.

Ru Yu, who was originally very sleepy, lay on the bed and thought about it, tossing and turning. In the end, she fell asleep in a daze. As for when Lei Zhenyu came to the bed, she wasn't sure.

Lei Zhenyu originally wanted to go to the guest room to sleep, but last night, he slept very uncomfortably in the guest room. One was that the bed was a little small, and the other was that he was used to sleeping on the same bed alone.

Therefore, after hesitating for a long time tonight, he finally took a shower and came to the bedroom. When he saw the woman sleeping on the bed, she curled up like a baby, and she seemed very uneasy.

He finally could not bear it, so he laid down beside her. Looking at her curled up in the bed, she looked like a snail, so he could not help but stretch out his hand. In fact, he wanted to flatten her body so that she could sleep more comfortably.

However, who knew that the moment his hand touched her body, she immediately turned around and raised her hands naturally, accurately hanging them on his neck. Then, her entire body was stuck to him.

"Hey," Lei Zhenyu could not help but shout. He wanted to push her away, but he soon realized that he had not improved at all. She had only taken the initiative slightly, but his heart was actually full of gratitude and joy. He even threw away his armor and armor very quickly.

Therefore, he sighed and took the opportunity to hug the woman who was already stuck to him tightly. Then, he chose a comfortable position to lie down and let her snuggle tightly in his arms. He was afraid that her hands would be sore, so he even pulled her hand off his neck.

Ru Yu pouted a few times. It was unknown if she was dissatisfied with him pulling her hand down, but she quickly tightened her grip on his pajamas as if she was afraid that he would push her again.

He could not help but smile bitterly. Alright, she had already taken the initiative, so how could he continue to push her out? Moreover, she was in his arms, so how could he bear to push her away?

He did not push her anymore. Instead, he hugged her tightly. Ru Yu snuggled in his arms and then chose a position that she thought was comfortable. She gradually breathed steadily and then slowly fell asleep.

Lei Zhenyu looked at the woman who was sleeping soundly in his arms. He originally wanted to move his arm, but he was afraid that he would wake her up, so he could only let her lie on his pillow without moving.

He sighed slightly. Well, his marriage with her did not seem to be a complete transaction. At least, he was used to using her as a pillow, and she was used to using his arm as a pillow.

And Habit was sometimes a very scary thing!

Chapter 1375 followed the original principle

Well, she probably didn't sleep well last night, just like him, because he couldn't sleep without her in his arms. As for her, she probably couldn't sleep without his arms as a pillow.

So, tonight, when he came to her side, she actually took the initiative in a daze. And this was the first time since they were married that she took the initiative. How could he not be moved?

His thin lips were slightly pursed, and he looked down at the woman in his arms. Since they were already used to each other's existence, if he insisted on a divorce, then in the future, would both of them not be able to sleep?

Thinking of this, he suddenly felt that a divorce was actually a rather cruel thing. If a divorce would cause both of them to be unable to sleep, wouldn't that be a sin? Moreover, wouldn't it be asking for trouble?

Forget it, forget it. Even if she was a little liar, he had already married her back. Then, he would continue to let her lie. He wanted to see how many more secrets this little liar had?

Ru Yu was really too tired, so she fell asleep in Lei Zhenyu's arms within a few minutes. Moreover, once she fell asleep, she did not know what Lei Zhenyu was thinking. The only thing she knew was that her marriage with Lei Zhenyu would continue.

When they woke up the next day, both of their expressions were still normal. This might have something to do with the fact that they slept early last night. After all, people would only be energetic if they slept well.

Lei Zhenyu was also a gentleman. He said that he would not mention divorce, so he did not mention divorce. The two of them washed up and went downstairs as usual. It was the same as the agreement they followed when they first got married. It was just that they did not have the intimacy they had when they came back from Angola.

After breakfast, of course, they went to work. Ru Yu naturally went to her studio. Lei Zhenyu did not know if he was going to the forum or the Lei family. In short, she did not ask and he did not say anything.

They drove out together. After they left the Lei family compound, they parted ways and drove in different directions. Ru Yu thought that this situation was very normal. Perhaps, it would continue for some time between her and Lei Zhenyu.

At noon, she received a call from her mother, Xi Muru. At that time, she was eating a packed lunch. On the phone, Xi Muru mentioned that Lei Taihe had invited them to the Lei family as guests and then asked Ru Yu what she thought and what she thought.

Ru Yu was really stunned when she heard this because when she came back last night, Lei Taihe did not mention it to her. This morning, when she went out with Lei Zhenyu, he also did not mention such things to her.

She pondered over the phone for a while before she said self-deprecatingly, "Mom, forget it, dad. You can go back after this summit meeting with Dad. Lei family, don't come."

"Eh, why is that?" Xi Muru's tone was not surprised. She just wanted to know her daughter's thoughts, so she added, "why?"

“because my current identity is Che Qixuan’s daughter. This is the law, ” ru Yu explained to her mother very seriously. “although you guys are my biological parents, strictly speaking, according to the law, daddy is my father. But before the Lei family knew that I’m your daughter, they never thought of inviting my daddy, Che Qixuan, to the Lei family. Now that they know that I’m your daughter, they immediately invited you guys. I don’t like this kind of method and attitude. ”

Ru Yu’s tone was very serious when she said this, and she was a little angry when she talked about Lei Taihe and Lei Zhensheng’s attitude when dealing with this matter, because this clearly showed that they were the kind of people who despised the poor and loved the rich.

Chapter 1376, What Is Love and helplessness

“okay, I get it. Your father and I also mean the same thing, ” Xi Muru said to her eldest daughter over the phone. “Even though you’re our biological daughter, just like what you said just now, you and Lei Zhenyu have been married for a few months, yet they haven’t invited him to brag about it. This is simply too much. Moreover, the ones who invited us this time are Lei Taihe and Lei Zhensheng. Lei Zhenyu didn’t have this intention at all, so we won’t be so boring... “. “... “...”

Ru Yu and her mother talked about some common things over the phone. Of course, they would probably go back to Binhai tonight because Mu Yao was going back to take the exam. Even though her grades weren’t good, she still had to take the exam.

Ru Yu quickly said that she and Lei Zhenyu went to see them off that night. She even apologized on Lei Zhenyu’s behalf, saying that Lei Zhenyu’s performance this time was mainly because of her because she didn’t tell Lei Zhenyu her real identity before.

Xi Muru said that there was no need to send them off. They were on a helicopter, so there was no need to send them off. In addition, she also reminded her to get along well with Lei Zhenyu first. Misunderstandings between husband and wife were inevitable. The most important thing was to communicate. Of course, if they really could not communicate.. The Lei family had always been like that. If it did not work out, they could just get a divorce. After all, there were many good men in this world, right?

Ru Yu did not know whether to laugh or cry when she heard her mother’s words. She really wanted to ask, since there were so many good men in this world, why did you still go back to follow daddy back then?

Of course, she didn’t dare to ask. After all, it was her mother. And after Xi Muru nagged on and on, she even said before hanging up the phone, “Ru Yu, actually, this Lei Zhenyu might not be better than your ex-husband, Jin Zhengnan. “.

Ru Yu hung up the phone and didn’t know whether to laugh or cry. She really didn’t understand her mother’s words. Her parents actually didn’t know Jin Zhengnan. What they knew was only gossip spread by Mu Yao’s little girl.

But under such circumstances, her parents actually thought that Jin Zhengnan was better than Lei Zhenyu. Why was that?

Did they really feel that Lei Zhenyu had disappointed them, or that Lei Zhenyu was indeed not as good as Jin Zhengnan, and her taste was actually getting worse and worse?

Forget it, forget it. Her mother was just casually saying that. She actually did not need to dwell on these issues. It was just that the little bit of creative inspiration that had just risen had actually flown off again.

In the afternoon, she had wanted to clear her head and look for some feelings, but Yun Heng had called her and said that he would fly to the United States tomorrow morning and that he would go to Jeju island tonight, so he would not meet her.

On the phone, Yun Heng could not help but tell her about her and Lei Zhenyu. Of course, at the beginning, he advised her to try her best to live a good life with Lei Zhenyu. However, if Lei Zhenyu was angry all the time and insisted on getting a divorce.. Then it would be better to get a divorce. It was not because of a marriage formed by love. Now that it was despised by others, there was probably no point in continuing to insist on it.

Ru Yu was greatly troubled by her parents and younger brother's words. She admitted that her marriage with Lei Zhenyu did not have any emotional foundation. However, after spending a few months together, their marriage seemed to be very harmonious. Moreover.. If she really wanted to divorce him, to be honest, she would be reluctant to part with him.

However, she did not know if being reluctant to divorce him meant that she had some feelings for him. Right now, she was very confused about feelings, especially love. She did not know what Love was and what was helpless.

Chapter 1377 what she thought was love

When she fell in love with Jin Zhengnan, she did not hesitate to do so. Therefore, she thought that she would be happy if she married Jin Zhengnan. At that time, she thought that the relationship between her and Jin Zhengnan was love. Moreover, it was the kind of love that was very deep and very real.

There were often such words in melodramatic little words. If a girl liked someone, she would always think of marrying him. She would always think of walking hand in hand with him until their hair turned white. Therefore, this was the kind of love that was wantonly exaggerated.

As for her, she had once defined her feelings for Jin Zhengnan as love. She felt that she loved Jin Zhengnan, and Jin Zhengnan also loved her. They loved each other.

However, the funny thing was that when she found out that Jin Zhengnan had cheated on her, she thought of divorce without hesitation. If it was really love, how could she give it up so easily?

Now, she and Lei Zhenyu had only been married for a few months, but she was suddenly afraid of divorcing him, afraid of the night without him. Although there was no so-called love between them, she was not willing to give up this marriage so easily.

What kind of relationship was this between her and Lei Zhenyu. Could it be that this was the legendary love story?

Thinking of this, ru Yu felt a headache. She also thought of Yun Heng saying that he would leave early tomorrow morning, which meant that Leng Rong and the others would leave early tomorrow morning as well.

She suddenly thought of Lin Yuxin saying that she wanted to meet a tall, rich, and handsome man, while Leng Rong, Lin Pianran, and Zheng ruize were both tall, rich, and handsome. Lin Yuxin had a good personality and knew how to keep herself clean. She felt that such a girl was actually quite suitable for marrying into a rich family. Moreover, Lin Yuxin often envied those girls who married into rich families.

With this thought in mind, she immediately took out her cell phone and called Lin Yuxin. In fact, she had been busy for the past few days and had not called Lin Yuxin for a long time. Lin Yuxin was also strange. She did not know if she had been busy for the past few days, but she actually did not call Lin Yuxin.

However, unexpectedly, Lin Yuxin's cell phone was turned off. She looked at her cell phone. Well, Lin Yuxin was an obstetrician and gynecologist. Normally, she would not turn off her cell phone. Today, she probably had no electricity.

After hanging up on Lin Yuxin's phone, she called Cai Shaofen again. This time, she got through. Cai Shaofen said on the phone that she was at work. She had not been to work for twenty years. Now, she was like a little girl at work. She did not know anything. Everything had to start from the beginning.

From her voice, ru Yu knew that she was living a good life. Her life was simple and happy. The two of them chatted briefly. When they were about to hang up the phone, ru Yu said that she could not get through to Lin Yuxin's phone.

Cai Shaofen said that she just went to work and was in a hurry. She did not call Yu Xin either. She initially thought that she would call her and Yu Xin when she had settled down. They planned to have a gathering together.

Ru Yu did not take it to heart when she heard what she said. She only said that Yu Xin's phone must have run out of battery and she was in the operating theater now. She would call the two of them another day.

After hanging up Cai Shaofen's call, she yawned again. She actually slept quite well last night. Of course, did she stay in Lei Zhenyu's arms. Fortunately, Lei Zhenyu did not push her away and let her have a good night's sleep.

The yawning should be because she did not sleep well the night before. There was a saying that it would take ten nights to make up for the rest of the night. It seemed that she had to go home early to sleep tonight. She had been feeling very sleepy these few days.

Was She too tired She thought that people would be tired if they were too tired, and her tiredness came not from physical strength, but from the heart.

Chapter 1378 the CEO's helplessness

Lei Zhenyu received a call from his father, Lei Taihe, in the Lei family's office. He asked Lei Zhenyu to send the Dongfang Mo couple off in the afternoon because the Dongfang Mo couple's helicopter was about to fly back to Binhai.

When he heard his father's words, he was really amused. Che Ru Yu, no, it was Dongfang Yu who didn't even ask him to send his in-laws off. What kind of nonsense was his father doing?

Last night, che Ru Yu talked to him about their marriage. She only said that she wanted to continue this marriage and insisted on continuing it with him. She didn't say that she wanted to bring him to meet her parents.

She insisted on continuing it, but how was she going to live in the future Should she continue the agreement or break the agreement In addition, how should he deal with the families on both sides For example, how should he act in front of his parents?

All of these, ru Yu did not discuss with him. She fell asleep after saying that she wanted to continue the engagement. This morning, she also did not mention it. Of course, he did not ask.

Therefore, he thought that Ru Yu wanted to continue this marriage. In fact, it was still the same marriage that they had agreed on previously. At least, it would not be divorced for three to five years. Perhaps, she felt that it would be embarrassing to divorce again in such a short period of time.

Alright, he had drafted that agreement himself. He was the one who had found someone to marry first. Since Che Ru Yu did not agree to the divorce, he would follow the agreement and not mention divorce.

However, how should couples get along Also, he would not take the initiative to do anything that she did not ask for.

In addition, he wanted to ask her as little as possible. Also, he thought about it today. It was inconvenient for him and ru Yu to live in the Lei family's courtyard, and it was not very good for ru Yu. Moreover, Lan Ruoshui had been staying in the Lei family's courtyard all this time His brother loved his family, but he wasn't willing to chase her away. This situation was disadvantageous to ru Yu because he could see that Lan Ruoshui's heart was a little vicious.

He thought that he would have to discuss with ru Yu when he went back tonight. It would be better if the two of them didn't live in the Lei family's courtyard and moved to his old apartment. That way, the two of them would have a lot of freedom At least they wouldn't have to pretend to be a loving couple in front of their family.

Therefore, when Lei Taihe asked him to send the Dongfang Mo couple over the phone, he directly said that ru Yu didn't ask him to send them. Then, he kindly reminded his father that ru Yu had grown up with Che Qixuan since she was young, and her household registration was also in Korea According to the legal meaning, she was Che Qixuan's daughter, and her father should be Che Qixuan too.

Therefore, if the Lei family had to go to ru Yu's home, then the first thing they had to do was to go to the Che family. If they had to invite Ru Yu's family, they should invite Che Qixuan, or take a gift and visit the Che Family First.

Lei Taihe was furious at Lei Zhenyu's words. He cursed at the ignorant Brat, and then hung up the phone heavily. Clearly, he felt that he was a piece of rotten wood that could not be carved.

On the other hand, Lei Taihe had some free time and continued with his work. The approval for the land of the Lei family had yet to be obtained, and he was 100% certain that he would not compromise with Song Yuxi. He reckoned that it would be extremely difficult to obtain the approval.

Even so, he still had to work hard. After all, the land was an important project for the development of the Lei family this year, and Lei Zhensheng had completely ignored it. He was the president of the Lei family, and he could not push it to others, so he could only bite the bullet and do it.

Chapter 1379: Jin Zhengnan's family

Ru Yu wanted to go straight home after work, but just as she got into the car, her phone rang. She took it out and saw that it was Jin Zhengnan. She felt disgusted, so she hung up without thinking.

However, just as she started the car, the phone rang again. She felt extremely frustrated. Since when was Jin Zhengnan such a pestering person? She remembered that Jin Zhengnan was always very free and easy?

She continued to not pick up the phone. At this time, her relationship with Lei Zhenyu was in a delicate state. She could not casually pick up Jin Zhengnan's phone calls, and of course, she could not have any contact with Jin Zhengnan immediately.

Unfortunately, Jin zhengnan seemed to be very patient today. She hung up and he called again. She hung up and called again. At night, she acted as if she would waste her time if he did not pick up the call.

Well, she was finally defeated by Jin Zhengnan's persistence. It seemed that in her memory, Jin Zhengnan had never been so persistent, especially towards her.

She pressed the answer button impatiently. Without waiting for the other party to speak, she opened her mouth and asked in an extremely cold voice, "Jin Zhengnan, what do you mean by this? Why do you keep calling me? "

A formulaic yet extremely polite voice immediately came from the other side of the phone. "Mrs. Jin, I'm a nurse from XXX hospital. Mr. Jin Zhengnan needs to undergo surgery. The risk of this surgery is a little high. You'll need the family member's signature to do it. Please go to XXX hospital... ". ..."

Ru Yu's brain almost exploded out of instinct in an instant. Jin Zhengnan needed to undergo surgery, and the risk of the surgery was relatively high. What was going on?

She almost instinctively ignored what the nurse said about Mrs. Jin and Jin Zhengnan's family members. She drove over in a hurry. There was only one thought in her mind. She had to rush to the hospital to get to the bottom of this.

By the time Ru Yu arrived at the hospital, Lan Ruoshui was already waiting outside the operating room. However, the nurse did not let her sign the papers. The reason was that she was not Jin Zhengnan's family member. Her signature did not count.

Ru Yu was confused. Lan Ruoshui and Jin Zhengnan's girlfriend, or rather, fiancée, were not allowed to sign the papers at the hospital. Moreover, she had no relationship with Jin Zhengnan now. Why was she allowed to sign the papers?

When she rushed here, the nurse immediately took out the surgery form for her to sign. She asked Jin Zhengnan what illness he was suffering from. The nurse answered very politely. It was a liver disease, and it was liver cancer. However, it was in the middle stage now. She had to perform the surgery immediately. She asked her to sign it immediately.

Ru Yu immediately stated to the nurse that she was not Jin Zhengnan's family member. She used to be Jin Zhengnan's family member, but they divorced a few months ago, so she could not sign it now.

The nurse immediately took out the basic information that Jin Zhengnan had filled in when he came to the hospital, and her name and contact number were actually filled in in the contact list during the emergency.

In addition, her name and phone number were also listed in the spouse column, and there was even a tick on the word 'wife'.

Ru Yu felt a headache coming on when she saw this. She did not know what was going on with Jin Zhengnan. He was with Lan Ruoshui the next day, so why did he have to fill in her name? She really had nothing to do with him?

However, the nurse ignored her and did not have time to listen to her and Jin Zhengnan's story. She only urged her to sign the surgery report as soon as possible, saying that it would be too late if the surgery was not carried out soon.

Ru Yu had no choice but to sign the surgery report. After she signed it, the nurse quickly went into the operating room. When she turned around, she saw Lan Ruoshui staring at her with hostility, as if she wanted to eat her up.

Chapter 1380: Lan Ruoshui's hostility

Ru Yu frowned and was about to explain, but before she could open her mouth.. Lan Ruoshui gritted her teeth and said, "Che Ruyu, you're ruthless. Aren't you just claiming that you're Dongfang Mo's daughter now? You're still looking at the bowl while eating. It's fine if you marry Lei Zhenyu, but now you want to go back and hook up with Jin Zhengnan. You're not satisfied until you step on me to death, are you?"

"I don't know why he filled it out like that. I also..." Ru Yu tried to explain. Right now, she only wanted to live a good life with Lei Zhenyu, so she no longer had any thoughts of revenge against Jin Zhengnan and Lan Ruoshui. She even hoped that they would get married soon, so that Lan Ruoshui wouldn't treat her like a thorn in her flesh.

"You're still trying to quibble. What's there to quibble about when the facts are right in front of you?" Lan Ruoshui quickly interrupted Ru Yu. Then she said angrily, "Che Ru Yu, don't worry. I, Lan Ruoshui, can't be trampled to death. I won't climb higher than you. If I don't stand on your head, my surname won't be Lan."

After Lan Ruoshui shouted this, she quickly turned around and ran out of the door.

Ru Yu was slightly stunned and chased after her. When she caught up to her at the door, she immediately used her hand to pull her back. Then, she couldn't care less about her rude words just now.

So, she quickly said, "Ruoshui, you can't leave at this time. Masao is undergoing surgery. How sad will he be if you leave? You should stay here and wait for his surgery to end. Then, you should take care of him in the hospital..."

"Why should I take care of him?" Lan Ruoshui angrily shook off Ru Yu's hand. Then, she angrily said, "he doesn't want me anymore. He broke up with me more than once. Why should I take care of him? Moreover, he even said that he would leave 70% of his assets to you. Why should I take care of such a man? He wants to die, but he's not doing it for me. No matter how lowly I am, I don't want to follow him anymore."

Upon hearing Lan Ruoshui's hysterical roar, Jin Zhengnan was dumbstruck. She just watched Lan Ruoshui run away. Only when Lan Ruoshui's figure disappeared from her sight did she finally come back to her senses.

What did Lan Ruoshui just say? Jin Zhengnan did not want her. Moreover, Jin Zhengnan wanted to leave his property to her ex-wife. What on Earth was going on? Didn't Lan Ruoshui and Jin Zhengnan love each other to death? In the end, the two of them ended up like this?

Lan Ruoshui left while Jin Zhengnan was undergoing surgery. Ru Yu could not possibly leave at this time, so she could only brace herself and wait here. Although she and Jin Zhengnan were no longer husband and wife, although she and Jin Zhengnan no longer had any relationship.

But in the end, at least she was still someone she knew, wasn't she? She usually had to help a stranger when she fainted on the road. Now, she was still someone she knew, and they had even been husband and wife for a few years.

Although the three years of marriage was very unbearable, at least they were husband and wife for a day. She couldn't possibly add insult to injury at this time, right? If that was the case, it wouldn't be her, Ru Yu.

She sat outside the operating theater for four hours. From six o'clock in the afternoon to ten o'clock in the evening, Jin Zhengnan's surgery was finally completed. The doctor and nurse came out, and the surgery was over.

The surgery was indeed over, and the surgery was considered a success. However, the doctor said that this success was only temporary because it was in the middle stage. Although people were young, it was hard to say if they had cancer. Sometimes, even the doctor could not predict the changes in the disease.

Ru Yu thanked the doctor and then followed the nurse to push Jin Zhengnan to the ward. The hospital had originally arranged for a three-person ward. Ru Yu immediately asked the nurse to change a single ward, saying that she was not afraid of the price. As long as the patient lived in a more comfortable room, it would be fine.
