### Chapter 1381: Lei Zhenyu

Lei Zhenyu only returned to the Lei family compound at 10 pm. In fact, he had originally planned to come back after work in the afternoon, but who knew that the director of the Urban Construction Bureau actually took the initiative to call him, saying that they would meet tonight.

Of course, this was the first time that the director of the urban construction bureau extended an olive branch to him. He could not let the other party remain stiff. He must have gotten off on the right foot and gladly agreed to go.

Tonight, the director of the Urban Construction Bureau was out of the ordinary. He actually took the initiative to talk about their company's land, and then said that it had been so long since it had been approved. The main reason was that their procedures were not complete. There should be some additional procedures that needed to be added in.

Lei Zhenyu felt that it was funny when he heard these words. How many times had he gone there so quickly? How could the procedures not be complete This was simply something that came out of nowhere.

However, he of course did not point it out directly. Instead, he nodded and said that he would get someone to complete the procedures. The director of the Bureau of Urban Construction said that once the procedures were complete, he would definitely approve them as soon as possible.

When he came back in the evening, his assistant told him that the reason why the director of the Bureau of Urban Construction agreed to the quick matter so quickly was actually because of the incident at the summit forum two days ago Who didn't know that the wife of the CEO of the Lei family, Che Ru Yu, was the daughter of the richest man in Asia, Dongfang Mo The CEO of the Lei family was the son-in-law of the richest man in Asia This, could the director of the Urban Construction Bureau afford to offend him?

When Lei Zhenyu heard this, he felt a wave of sadness and discomfort. He didn't expect that ru Yu's identity could bring so much help and benefits to the Lei family. He didn't know whether it was his luck or misfortune.

Because he was accompanying the director of the Urban Construction Bureau, he returned late at night. However, what he didn't expect was that ru Yu hadn't returned yet. This was truly unbelievable.

When Lei Taihe saw that he was back, he immediately asked him where Ru Yu was Of course, he did not know. Lei Taihe asked if she was going to send Dongfang Mo and his wife?

He said that it should not be because ru Yu did not say that she was going to send her parents. Therefore, he could only take out his phone to call her, but he was worried that something had happened to her After all, it seemed that it was snowing again tonight. The road condition was not good, or the car had broken down on the road.

The call was quickly picked up. It rang for about three seconds before it was picked up. He was slightly relieved and quickly asked where Ru Yu was. Why did she not come home at this time?

Ru Yu had said on the phone that she was at the hospital at this time. She couldn't leave now and probably wouldn't be back tonight. He asked Lei Zhenyu not to wait for her.

Hospital Lei Zhenyu was completely confused when he heard the word "hospital" . He couldn't care less about what ru Yu said after that. He directly hung up the phone and ran out. He definitely had to go to the hospital to see her. How could he leave her alone in the hospital?

Also, what happened to her Why did she go to the hospital Wasn't her body always fine In the Angolan desert, it was so bitter, but he didn't notice anything strange about her body?

Thinking of her actually staying in the hospital, he found that his heart actually felt like it was suffocating. It turned out that he was actually worried about her to this extent. When he heard the news that she was in the hospital, he actually panicked.

Damn it, to hell with the agreement. He and she had already come to this step, a marriage worthy of the name. The two of them had once been so honest in the desert, like glue. What did this have to do with the agreement?

Lei Zhenyu, you're really a stupid pig!

#### **Chapter 1382 where did ru Yu go**

Ru Yu looked at Jin Zhengnan on the hospital bed. His face was as Pale as paper, and he was as weak as a newborn child. Her heart could not help but clench.

She had known Jin Zhengnan for more than four years. In her memory, he had always been strong and strong. He rarely even caught a cold, let alone fell sick. She had never known that he had liver disease, no, liver cancer?

When did he find out that he had liver disease And when did he have liver cancer She had been married to him for three years, so why had she never heard him talk about this?

Thinking of this, her heart could not help but tighten. Meng ran suddenly felt that it was not Jin Zhengnan's fault that her marriage with Jin Zhengnan was going to break down. In fact, she had to bear a large part of the responsibility.

Thinking about it carefully, as Jin Zhengnan's wife, how could she be considered a wife when her husband did not even know that he had such a serious illness?

During the three years of marriage between her and Jin Zhengnan, they had been separated more often than not. At that time, she was working hard for her studio. She often went out to sketch, or to attend art exhibitions from various countries. The time she spent in Seoul was probably less than half a year.

As for Jin Zhengnan, he was, after all, a new company that started from scratch. Although it was easier to do some things with some of her connections, he had to admit that he had to work hard, and he had to pay twice as much as those so-called rich second-generation children Even three times the effort.

Therefore, he usually went home less because he often had to go on business trips. This situation had long since come to an end. When she was at home, he might not be at home, and when he was at home, she might be sketching somewhere overseas.

As a result, the time they spent in Seoul at the same time was about one-third of a year, and these one-third of the time, they were busy with their own things. Perhaps, she was angry, or perhaps, he was angry.

In the past, she had never reflected on her marriage with Jin Zhengnan. Tonight, as she sat beside his hospital bed, she finally began to reflect. However, in an instant, she realized that the failure of a marriage was not the fault of one party, but the responsibility and obligation of both parties.

Perhaps it was because of the anesthetic, Jin Zhengnan had been lying quietly. The drip tube dripped with cold liquid. The sound of dripping sounded monotonous and desolate.

Lei Zhenyu came to the hospital. First, he went to the emergency room to ask if there was a patient named Ru Yu. Of course, there was no patient. Therefore, he went to the inpatient department to ask, but of course, there was still no patient.

He was a little anxious. He remembered that Ru Yu told him about this hospital, but why was there no patient. After searching the entire hospital, he had no choice but to call Ru Yu again.

This time, the call did not go through. An extremely sweet voice came from the phone: The user you have dialed is turned off. Please dial again later.

Turned off Ru Yu's phone was turned off. He had called before he went out. In the blink of an eye, it had only been more than an hour. Why did she turn off her phone? "..."

Ru Yu's phone was turned off and he could not contact her. He had no choice. He wondered if she had gone back to the Lei family. After all, it was almost midnight?

With this thought, he immediately drove back to the Lei family. On the way, he prayed in his heart that Ru Yu had better go back to the Lei family. If that was the case, he would be relieved.

However, when he returned to the Lei family, he did not find Ru Yu's car in the courtyard. He walked into the hall with confusion, only to find Lan Ruoshui mixing drinks at the bar of the restaurant. When she saw him coming back, she was obviously shocked.

### **Chapter 1383, thank you**

He was not interested in Lan Ruoshui, but Lan Ruoshui suddenly became enthusiastic. Seeing him come back at this time, she immediately guessed what was going on. So she said coldly, "are you looking for Che Ru Yu? But she has long forgotten about you as a substitute. She is currently guarding her ex-husband, Jin Zhengnan's hospital bed."

Her ex-husband, Jin Zhengnan's hospital bed Lei Zhenyu was slightly stunned and reacted. No wonder he received information about Che Ru Yu in the hospital. It was not that she was sick, but that Jin Zhengnan was sick. Was she going to the hospital to take care of Jin Zhengnan?

Although he felt very uncomfortable thinking about it, in order to verify whether his guess was correct or not, of course, it was also to deny that Lan Ruoshui's words were deliberately sabotaging the relationship between him and ru Yu He still decided to return to the hospital regardless of his fatigue.

Jin Zhengnan woke up two hours after the operation. When he opened his eyes, he found ru Yu lying beside his hospital bed. His heart that had been worried all this time finally relaxed. Looking at her, there was actually a trace of comfort in his heart.

When he saw that she had fallen asleep and her long eyelashes covered her like a cattail leaf fan, he could not help but raise his hand to touch her butterfly-like eyelashes. He did not expect that she would actually wake up as soon as his fingertips touched her eyelashes.

Ru Yu raised her head and found that Jin Zhengnan had already woken up. Although his face was still pale, it was not as scary as when he had just left the operating theater. She could not help but ask, "you're awake?"

Jin Zhengnan nodded and looked at her. He said softly, "thank you, ru Yu!"

Ru Yu shook her head and used the towel by the bedside to gently wipe the sweat on his forehead She said softly, "What are you thanking me for? We used to be husband and wife. Even if we are no longer husband and wife, we are still friends, aren't we? Of course, I should come to see you when you are sick, shouldn't I?"

Jin Zhengnan smiled and said softly, "it's getting late. You should go back. I... I'm fine now."

"You just had surgery. How can I go back?" Ru Yu was convinced by him. Then, she quickly said, "I called your mother during your surgery. She said that she would rush back tomorrow..."

"I don't want her to come..." Jin Zhengnan hurriedly said, but because he had just woken up from the operation, he was weak, so he could not continue to say a few words because of the pain.

"Okay, don't talk, just listen to me." Ru Yu quickly covered his mouth with her hand Then she tried to persuade him, "Zhengnan, I know that your mother has let you down, abandoned you when you were very young and married someone else. You have always hated your mother, but no matter what, she is still your mother, isn't she "There is actually no mother in this world who doesn't feel sorry for her child. She was also young back then, so she might have had some difficulties. However, now she really wants to make up with you and take care of your daily life by your side. Why do you have to be angry with your own mother?"

Ru Yu knew a little about Jin Zhengnan and his mother because, in the second year of their marriage, Jin Zhengnan's mother went to Seoul to look for them.

At that time, she and Jin Zhengnan happened to be at home. When she heard the doorbell ring, she was the one who opened the door. However, she did not expect it to be an unfamiliar woman. When Jin Zhengnan saw that woman, he rushed out and told her never to look for him Because he did not have a mother in his life, he just popped out from the crack of a rock.

**Chapter 1384 ex-husband and new husband gathered together**

That day, she found out that the woman was Jin Zhengnan's mother. When Jin Zhengnan was seven years old, she abandoned him and left with another man. At that time, Jin Zhengnan was crying until he was hoarse. He used his hand to hold onto his mother's storekeeper and knelt down to beg her not to leave. However, that woman was very cruel. She kicked the Little Jin Zhengnan away and left without looking back.

A seven-year-old child's memory was very clear. The scene of Jin Zhengnan's mother kicking him away and leaving was deeply imprinted in Jin Zhengnan's mind. Therefore, he did not want to see his mother for the rest of his life.

Jin Zhengnan might be tired, but he was also in pain. After all, he had just undergone surgery, so he did not have the energy to argue with ru Yu. Therefore, she listened to whatever Ru Yu said.

When Lei Zhenyu rushed to Jin Zhengnan's ward, ru Yu was changing Jin Zhengnan's urine bag. Because Jin Zhengnan could not get up to go to the toilet, the nurse inserted a catheter into his urine bag, so he had to change the urine bag in a while.

The door of the ward was usually not locked from the inside because it was convenient for the doctors and nurses to enter and exit. Also, because it was early in the morning, Lei Zhenyu was afraid that he would wake up the patient in the next ward by knocking on the door, so he directly opened the door and walked in.

Seeing ru Yu carrying a bag full of urine tubes to the bathroom to empty, he really did not feel good. Although ru Yu and Jin Zhengnan used to be husband and wife, in the end, Che Ru Yu was now his wife?

When Ru Yu came out of the bathroom, she found Lei Zhenyu standing at the door. She was slightly stunned, but she first helped Jin Zhengnan plug in the urine bag, then stood up and walked toward Lei Zhenyu.

"Why are you here?" Ru Yu pulled Lei Zhenyu out of the door and came to the fire passage at the end of the corridor, then asked carefully.

"Did I disturb your mood?" Although Lei Zhenyu tried his best to restrain himself, his voice still revealed his anger and dissatisfaction.

"What are you talking about?" Ru Yu was really convinced by him. Then, she quickly explained carefully, "Jin Zhengnan wants to have surgery. It's liver cancer, and he doesn't have any relatives in Seoul. His only mother is still on Jeju Island. He probably won't be able to rush here until tomorrow. And I'm his former wife. Although I don't have any relationship with him now, I wouldn't go so far as to ignore him, right? Even if it's a stranger, once we meet him, we still have to lend a helping hand, right? Just think of it as doing a good deed?"

"Then isn't Lan Ruoshui his woman? Why didn't she come to take care of him?" Lei Zhenyu frowned. When he heard ru Yu say that Jin Zhengnan had liver cancer, his heart could not help but jump. No matter how furious he was, he would release it.

A young and strong man suddenly had liver cancer. This was something that ordinary people could not bear. It was not unreasonable for ru Yu to lend a helping hand to Jin Zhengnan.

“I don’t know what happened between them,” ru Yu answered vaguely. Of course, she did not say that it was Jin Zhengnan who appointed her as a family member. She only said, “it’s probably because Jin Zhengnan has liver cancer. This is probably something that Lan Ruoshui can not accept. As for whether this is the reason, only Lan Ruoshui knows.”

“It must be this reason,” Lei Zhenyu took over ru Yu’s words. Then, he snorted coldly and said, “a woman like Lan Ruoshui who is greedy for benefits is now afraid that Jin Zhengnan will not live long, so she immediately gave him up. I feel bad for Jin Zhengnan. I divorced you for her, but in the end, Lan Ruoshui abandoned him.”

### **Chapter 1385: New Husband takes care of ex-husband**

Ru Yu immediately fell silent when she heard Lei Zhenyu’s words. In fact, it was not Lan Ruoshui who abandoned Jin Zhengnan, but Jin Zhengnan who abandoned Lan Ruoshui.

Of course, no matter who abandoned whom, Lan Ruoshui and Jin Zhengnan were just having fun. Jin Zhengnan needed someone to take care of him at this moment, so she would not completely ignore him, right?

“Get him a nurse.” Lei Zhenyu frowned. Although he knew that Jin Zhengnan had liver cancer and that he indeed needed someone to take care of him, ru Yu was his wife. Who would want to see his wife take care of another man. And that man was his wife’s ex-husband?

“I know to get a nurse.” Ru Yu quickly explained carefully, “but it’s the middle of the night. Where can I get a nurse? If I want to get a nurse, I have to do it tomorrow morning, right?”

Lei Zhenyu finally reacted. It was really the case. It was already past one o’clock in the morning. The nurse who did not have a job was probably sleeping at home. Moreover, it was still snowing outside. No one was willing to rush to the hospital at this time.

Therefore, he held ru Yu’s hand and walked into Jin Zhengnan’s ward. Then, he pressed her down on the SOFA. “You lie down on the SOFA and rest. I’ll take care of him.”

“You... How can you do that?” Ru Yu never dreamed that Lei Zhenyu would actually take care of Jin Zhengnan. After all, he was her ex-husband. Wasn’t the relationship between her ex-husband and her new husband like enemies?

“Why can’t I do that? I’m a man, and I’m a little stronger. I’ll definitely take better care of him than you.” Lei Zhenyu glared at her. “Why aren’t you sleeping? Don’t you know that women who stay up all night are five years old?”

Alright, ru Yu was completely silent. Anyway, Jin Zhengnan had gone through a painful, tiring, and tiring operation. Now that he had fallen asleep again, he was actually only helping to change the urine bag and take his temperature. If there were any cases, he would look for nurses and other similar jobs. If Lei Zhenyu wanted to replace her, then he would do it for her. She was really tired.

Lei Zhenyu saw that ru Yu had obediently Fallen Asleep on the Sofa. He then took off his coat and covered her with it. Then, he went to the bedside. Jin Zhengnan, who was on the hospital bed, had really fallen asleep.

He looked at Jin Zhengnan's Pale face and then looked at the medical tag on the bedside table. It was very simple. It said that Jin Zhengnan was in the middle stage of liver cancer and had undergone surgery. After that, there were some nursing matters that needed attention.

Liver cancer was in the middle stage. If it was not done well, it would quickly turn into the terminal stage. Once the cancer reached the terminal stage, there would probably be nothing to look forward to.

Thinking of this, his heart faintly felt uncomfortable. Although he had been jealous of Jin Zhengnan and ru Yu for the past three years, he had also been jealous that ru Yu had gone to look for so many matches for him He had also been jealous of the bed sheet that the two of them had once owned.

However, at this moment, he suddenly realized that none of that was important because Jin Zhengnan was actually lying here. As for why he had never touched ru Yu during his three years of marriage with ru Yu, it made him instinctively feel that.. It was not as simple as Jin zhengnan hating ru Yu.

Lei Zhenyu had really never taken care of anyone in his life. However, when he looked at the things to take note of next to him, he more or less knew that he had to at least help Jin Zhengnan wipe the sweat off his forehead. That was the sweat that Jin Zhengnan had caused from the pain.

Of course, there was also the need to change the urine bag and take his temperature, especially his body temperature. This was because once the patient's temperature changed after the surgery, it would be a big problem.

Therefore, Lei Zhenyu did not sleep the whole night because he did not have the chance to sleep with him. On the other hand, Che Ru Yu collapsed on the short sofa and curled up. Perhaps because she was tired, she slept until daybreak.

### **Chapter 1386 the desperate Lan Ruoshui**

On this night, something unexpected happened in the Lei family.

Lan Ruoshui was in great pain and suffering after she ran out of the hospital. To be honest, she loved Jin Zhengnan very much because she was like him. They had no parents since they were young and grew up in an orphanage. She had liked Jin Zhengnan since she was young.

Jin Zhengnan was her life and support. For so many years, she had relied on Jin Zhengnan to live. However, she knew that Jin Zhengnan had always treated her as his sister and had no other intentions.

However, she did not want to be a sister. Hence, one time when Jin Zhengnan came to help her celebrate her birthday, she did something to the wine. That night, she finally got what she wanted and broke through the relationship with Jin Zhengnan.

Of course, Jin Zhengnan was a responsible person, and she really loved Jin Zhengnan very much. Later, when Jin Zhengnan set up the company, it was very difficult for him to do it. She thought of her friend,

Che Ru Yu Therefore, she introduced Che Ru Yu to Jin Zhengnan. At that time, she actually wanted Jin Zhengnan to use che ru Yu's connections to start a business.

She had sacrificed so much for Jin Zhengnan, but in the end, Jin Zhengnan did not love her. How could she bear this?

And now, it was no longer a question of whether Jin Zhengnan loved her or not. It was a question of how long Jin Zhengnan would live. Because Jin Zhengnan was in the middle and late stage of liver cancer, even if he could survive after the surgery, how long could he live in such a situation?

It was one thing for Jin Zhengnan not to live long, but it was another thing for him not to leave her a single bit of property. That Jin Zhengnan's brain was full of water. He actually wanted to leave 50% of his property to his ex-wife, che Ru Yu The remaining 50% was not for her, but for the orphanage.

Alright, she had loved Jin Zhengnan for so many years, but in the end, she actually ended up with nothing. How could she bear such a blow, and how could she continue to flaunt her power in front of Che Ru Yu?

No, even without Jin Zhengnan, she could not be stepped on by Che Ru Yu. She had to stand on Che Ru Yu's head for the rest of her life. If she could not step on her in terms of money, then she had to step on her in terms of status.

Che Ru Yu, I must be on the same level as you. I must make you respect me when you see me in the future. I, Lan Ruoshui, must make a name for myself in this life.

With this thought in mind, a golden light suddenly appeared in her eyes. This thought had actually appeared in her mind more than once, but it was always suppressed by her love for Jin Zhengnan. She was not completely disappointed in Jin Zhengnan She would not do that easily. After all, she still wanted to live with Jin Zhengnan.

However, not only did Jin Zhengnan disappoint her, but he also completely cut off her escape route. Now, she suddenly felt like a lonely boat drifting on the sea, no longer trying to find a way to catch anything.. She estimated that she would soon be cornered and even her future life would be difficult.

Therefore, she could not care about lamenting her love with Jin Zhengnan. Instead, she quickly took a taxi back to the Lei family. In fact, Lei Zhensheng used to be very good to her because he mistakenly thought that she was his daughter. He also said that he would buy her a car, but she did not know how to drive.. Moreover, she had not gotten a driver's license even after studying for a long time, so she had never driven a car.

When she went back, she went straight to the bar and was mixing drinks. She did not expect Lei Zhenyu to suddenly come back, which gave her a big scare. However, seeing Lei Zhenyu's expression, she immediately guessed something, so she quickly told him about che ru Yu's whereabouts Sure enough, Lei Zhenyu directly drove to find che ru Yu.

### **Chapter 1387: Lan Ruoshui who thinks she's smart**

She went upstairs with two glasses of wine. Lei Zhensheng was actually still awake because he had just come back not long ago. When he heard the knock on the door, he had just come out of the shower with a bath towel around his waist.

At this time, he knocked on the door. He thought it was his younger brother Lei Zhenyu. Because he had also heard that Lei Zhenyu had gone to see the director of the city construction bureau again tonight, he thought that Lei Zhenyu should be looking for him to talk about this matter.

However, when he opened the door, he was shocked to find that the person standing at the door was not Lei Zhenyu, but his goddaughter Lan Ruoshui. At this time, she was carrying two glasses of wine on a tray and walking in.

“Ruoshui, why aren’t you sleeping at this time of night?” Lei Zhensheng saw Lan Ruoshui come in and felt uncomfortable with only a towel around his body. After all, from what he knew, Lan Ruoshui was his daughter.

Although there were women who were younger than Lan Ruoshui in the past, he had a friend who took him to the 18th street last year and enjoyed an 18-year-old girl.

However, she was a woman in a sex scene, and she had completely different feelings from the daughter that he thought he had. Therefore, he felt that he was not comfortable in front of Lan Ruoshui, so he quickly ran into the cloakroom and changed into his home clothes.

Lan Ruoshui looked at Lei Zhensheng, who had changed into a new set of home clothes, and her eyes could not help but light up. To be honest, Lei Zhensheng was already 48 years old. However, because he usually took good care of himself, he looked very young, probably in his early 40s.

A man of 41 blossoming flowers. Moreover, Lei Zhensheng had always been good-looking, often worked out, and had a good figure. In fact, many women would not be able to resist looking at such a man, and Lan Ruoshui was the same.

She could not help but feel jealous of her mother. She thought about how lucky she was to be able to date Lei Zhensheng when she was young. Lei Zhensheng was so handsome even at 48 years old, but twenty years ago, he was so handsome and charming.

Lei Zhensheng did not know what Lan Ruoshui was thinking. He just thought that Lan Ruoshui brought him wine to relieve his fatigue, so he sat down at the coffee table and took the wine from Lan Ruoshui. He kindly reminded her, “Ruoshui, it’s late. You should rest early. It’s not good for this girl to drink too much.”

“This is fruit wine. It’s not intoxicating,” Lan Ruoshui said naturally, but she did not call her father as usual. Instead, she held the cup and clinked it with Lei Zhensheng. “CHEERS!”

Lei Zhensheng nodded and clinked with her. Then, he raised his head and drank the glass of wine. Drinking wine was nothing to him, let alone fruit wine?

After drinking, he told Lan Ruoshui to quickly go back to sleep because he also needed to rest. After all, it was already midnight. He did not sleep well the night before and last night because of the summit forum. Tonight was also midnight. He really had to sleep quickly.

“The water heater in my room is broken.” Lan Ruoshui looked at Lei Zhensheng and pouted her Red Lips. “But I have a habit. I can’t sleep without taking a shower. Can I use your bathroom to take a shower?”

Lei Zhensheng frowned and said unhappily, “Ruoshui, can’t you just go to the guest room? It’s really late. I need to rest.”

“I know. I’ll be out soon,” Lan Ruoshui quickly explained and then added, “besides, the guest room has a shower and no bathtub. I want to take a bath. Today, I went to have a snowball fight with my friend. I’m sweaty and uncomfortable.”

### **Chapter 1388 finally made its move**

“Alright then, I’ll go to my room to sleep first. You can go back to your room after you shower. Remember to close the door for me.” Lei Zhensheng didn’t want to say anything else. He was indeed sleepy, so he turned around and walked towards the bedroom. The bathroom wasn’t in the bedroom anyway Lan Ruoshui wanted to let her use it well.

Lan Ruoshui looked at Lei Zhensheng’s back as he walked in, and a triumphant smile appeared on the corner of her mouth. Lei Zhensheng’s figure was so strong and vigorous. She wanted to see if he was also very strong on the bed later and whether he could be compared to Jin Zhengnan.

In her life, she had only experienced Jin Zhengnan as a man. She always felt that Jin Zhengnan made her feel very comfortable on the bed. However, tonight, she was going to break this situation. She wanted to try the feeling that a second man gave her on the bed.

When she thought of this, she actually did not have any sense of shame. There was an inexplicable sense of excitement and anticipation. She knew that the fantasy drug would take effect in fifteen minutes, so she could stay in the bathroom for fifteen minutes and soak herself in it until it was fragrant.

Lei Zhensheng entered the room. He was originally very tired as he lay on the bed with his eyes closed, wanting to fall asleep quickly. However, the more he wanted to fall asleep, the more he could not fall asleep. Moreover, his body was actually faintly warming up... ..

This was something that had never happened before. Usually, there was no woman in front of him or it had not been a long time since he had sex. He would not have such a reaction in this aspect.

In the past, when he was on this bed, he would have such a reaction because Cai Shaofen was sleeping on this bed. Although he was very cold to Cai Shaofen because she could not have children, he had to admit that Cai Shaofen’s figure was very good. Therefore, he still could not help but look for Cai Shaofen three or four nights a month.

His body was getting hotter and hotter. It was as if his entire body was on fire. He finally felt that something was wrong and immediately sat up. His gaze quickly scanned his surroundings, wanting to see if Cai Shaofen had returned.

Of course, Cai Shaofen was nowhere to be seen. However, his bedroom door was pushed open at this moment. Lan Ruoshui walked in wearing an almost transparent nightgown. Her hairstyle was actually Lan Yunxi's hairstyle from more than 20 years ago.

Lei Zhensheng was almost instinctively stunned. Then, he saw Lan Ruoshui walking towards him. No, it wasn't Lan Ruoshui. It was clearly Lan Yunxi. It was the Yun Xi that he could never forget.

Lan Ruoshui saw that Lei Zhensheng was just staring at her blankly and immediately knew that the medicine had taken effect. She gently climbed onto the bed and reached out to unbutton Lei Zhensheng's nightgown. However, Lei Zhensheng was dumbfounded. Other than staring at her, there was actually no reaction at all.

No, actually, Lei Zhensheng was not unresponsive. His body was burning with a raging fire. At this moment, his instinctive desire for women was indescribable.

However, his brain was in a half-dazed state. He felt that the woman in front of him was Lan Yunxi, but Lan Yunxi had already died more than 20 years ago. Hence, he felt that this was not Lan Yunxi, but Lan Ruoshui.

But was it Lan Ruoshui or Lan Yunxi He only felt two faces swaying in front of him. He wanted to try his best to distinguish them, but the swelling that was almost exploding made his brain less and less able to distinguish them.

The pajamas on his body were completely removed by Lan Ruoshui... ..

Lei Zhensheng finally could not hold on any longer. Looking at the woman who had already taken off her clothes in front of him, he immediately pounced on her. At this moment, he had to solve his body's needs.

## **Chapter 1389**

Ru Yu and Lei Zhenyu only returned to the Lei family the next morning. The two of them did not shower or change their clothes for the whole night, so they did not go to work directly. Instead, they went back to the Lei family first.

In the morning, the doctors and nurses went to work. Lei Zhenyu immediately asked the head nurse to arrange a nurse for Jin Zhengnan. Of course, the price was not a problem because Jin Zhengnan also had a lot of money.

After arranging Jin Zhengnan's matters, ru Yu called to confirm that Jin Zhengnan's mother was back in Seoul today. Although Jin Zhengnan and his mother did not have a good relationship, at this juncture, who would still be angry at who?

The two of them drove back to the Lei family home. Both of them were exhausted and their clothes were wrinkled. After they got out of the car, they looked at each other and smiled at each other. Then, they held hands and walked towards the hall together.

Just as they reached the entrance of the hall, they heard a faint sound of anger and scolding from inside. The two of them were slightly stunned. They thought that Lei Taihe was angry again, so they quickly pushed the door open and walked in.

After pushing the door open and entering, they realized that it was Lei Zhensheng. He was so angry that his face was red. At the stairway, it was Lan Ruoshui who was carrying bags of things. From the looks of it, it seemed like she was going to move.

Lan Ruoshui was also different from before. Half of her face was red and swollen, and her lips were cracked. There was still blood at the corner of her mouth. It was obvious that she had been slapped.

Lan Ruoshui was the eldest daughter of the Lei family. Although she was Lei Zhensheng's Goddaughter, she was still a young lady. She could not be compared to the servants.

Moreover, in this society, even servants could not be hit. Who in the Lei family dared to hit Lan Ruoshui?

"Brother, what's wrong?" Lei Zhenyu felt strange. Lei Zhensheng had always been very good to Lan Ruoshui. In the past, he thought that his own daughter had always doted on her. Later, he found out that it was not the case. However, on account of the fact that she was his first love's daughter.. He actually treated Lan Ruoshui as his goddaughter and allowed her to continue staying in the Lei family.

However, at this moment, from the looks of it, the father and daughter seemed to have fallen out. Moreover, Lei Zhensheng was quite angry. He didn't know what Lan Ruoshui had done to offend Lei Zhensheng.

Ru Yu also felt that it was strange. From what she knew, Lan Ruoshui had always been very good at pretending. Especially after she proved that she wasn't Lei Zhensheng's daughter, she treated Lei Zhensheng even better. Every night, she personally cooked supper for Lei Zhensheng She even personally helped Lei Zhensheng wash and iron his shirt. That was how a daughter treated her father.

She also felt that Lei Zhensheng liked Lan Ruoshui not only because she was his first love's daughter, but also because Lan Ruoshui made Lei Zhensheng experience the joy of being a father. After all, Lei Zhensheng had never been a father in his entire life That was why Lei Zhensheng was reluctant to let Lan Ruoshui go when he found out that she was not his biological daughter. In fact, he was still lusting after that father-daughter relationship.

But why did such a father-daughter pair, who were originally even better than father and daughter, suddenly fall out This question was really unbelievable.

"Why are you still standing there? GET LOST!" Lei Zhensheng avoided Lei Zhenyu's question. As for Lan Ruoshui, who was still standing there, her face was cold and dark. Not a trace of fatherly love could be found on her face.

Ru Yu and Lei Zhenyu looked at each other. They felt that they could not participate in the relationship between Lei Zhensheng and Lan Ruoshui, this fake father and daughter pair. Therefore, the two of them quietly went upstairs and ignored Lei Zhensheng and Lan Ruoshui who were still frozen in the hall They did not have the energy to bother with them.

## **Chapter 1390**

However, when ru Yu walked to Lan Ruoshui's side, she could not help but turn her head to look at her. However, in an instant, she met her gaze that seemed to want to kill her. It was as if she was Lan Ruoshui's mortal enemy.

Ru Yu instinctively froze. Why was Lan Ruoshui looking at her like that? If gaze could kill, Lan Ruoshui would have already killed her. Fortunately, gaze could not kill, but it made people very uncomfortable.

In the past, she could not marry Jin Zhengnan and Lei Zhenyu because of Lan Ruoshui. She did have the intention to take revenge on Lan Ruoshui and Jin Zhengnan. However, it was later proved that Lan Ruoshui was not Lei Zhensheng's daughter. Lan Ruoshui and Jin zhengnan's marriage should not be blocked because of her marriage with Lei Zhenyu, right? Why did Lan Ruoshui still hate her so much?

Ru Yu figured it out, but she did not want to bother with these questions. Lan Ruoshui was angry with her at the hospital yesterday because Jin Zhengnan's surgery did not allow her to sign. It was probably because of Jin Zhengnan. But she couldn't get Jin Zhengnan to marry Lan Ruoshui.

"Ignore her, she's like a mad dog." Lei Zhenyu held ru Yu's hand and went upstairs. Anyway, Lan Ruoshui couldn't stand to see them get better. They were already used to her occasional fits.

Lei Zhensheng looked at Lan Ruoshui who was still standing there. He was so angry. If killing people wasn't illegal, he would probably have used a kitchen knife to kill Lan Ruoshui.

This morning, when he woke up and found Lan Ruoshui lying naked on his bed, he was completely stunned. Then, the scene from last night came back to his mind in a daze.

Lan Ruoshui had drugged him with an APHRODISIAC. Not only did this drug induce APHRODISIAC, but it was also easy to give people an illusion. And he was under the control of the drug to create an illusion, thinking that his first love, Lan Yunxi, had returned.

Who was Lei Zhensheng? The CEO of the Lei Corporation. He was not a fool. He immediately understood what was going on. In a fit of rage, he kicked Lan Ruoshui off the bed and told her to go back to her room to pack up her things and leave immediately.

Although he was also promiscuous in the outside world, he had once found some mistresses or something because Cai Shaofen did not have children. But those were all willingly given to him. No woman had ever dared to drug him just to climb onto his bed. Lan Ruoshui was simply courting death.

Lan Ruoshui was of course unwilling to roll away. She immediately climbed up to Lei Zhensheng and hugged his thigh. She cried and shouted, "Zhensheng, I don't mind that you can't let me get pregnant and have a child. Even if I can't have a child in this life, I'm willing to live with you for the rest of my life. I really like you."

Really like? Lei Zhensheng was so angry that he almost vomited blood. He pointed his finger at Lan Ruoshui. Because of his anger, his entire body was trembling. After a while, he gave her a hard slap. He directly sent Lan Ruoshui, who was hugging his thigh, flying a meter away.

"Lan Yunxi and I are lovers," Lei Zhensheng said through gritted teeth. "We were together for a year, and you are Lan Yunxi's daughter. You actually... you actually... do you still have any shame?"

Lan Ruoshui used her hand to cover her red and swollen face. In her fury, Lei Zhensheng's slap was very strong. Not only did it mark her face with five fingers, but it also broke her lips. Blood immediately flowed out from the corner of her mouth.

Lan Ruoshui sat on the ground naked and did not make a sound. Her body was covered with bruises. These were the marks left by Lei Zhensheng in his madness last night. Lan Ruoshui had thought that Lei Zhensheng would be happy to see it. She felt that he was still as energetic as a young man.
