Chapter 1421: Lan Ruoshui's last struggle

"If there are no accidents, it should be two hours later," the doctor said dutifully. "actually, her will is still quite clear. She seemed to be waking up just now before the surgery, but in order for the surgery to proceed more smoothly, we injected her with general anesthesia so that she doesn't have to feel pain."

"thank you!" Lei Zhenyu thanked the doctor again. He was filled with gratitude for the doctor's thoughtful consideration.

Lan Ruoshui looked at Lei Zhenyu, who was approaching her step by step. She could not help but shiver in fear, and her body could not help but step back. Finally, when she could not move anymore, she shouted, "Lei Zhenyu, what on Earth are you doing? I have no interest in you at all. Don't tell me you want to rape me here?"

"Rape you? You don't even need a mirror to look at yourself. Who do you think you are?" Lei Zhenyu could not help but mock. He reached out and grabbed her neck. "Lan Ruoshui, you will wake up soon. If you did something in the middle last night, I'm sorry. I will not let you off this time."

"I... What can I do?" Lan Ruoshui was so scared that her face turned pale. However, she still shouted, "Lei Zhenyu, you crazy dog. Your wife cheated on you with her ex-husband on the mountain. Now, she can't find a place to deliver the goods, but she's here..."

"PA" "PA" two crisp slaps sounded in the hospital corridor. Lan Ruoshui's cheeks were immediately imprinted with five finger mountains. They were red and swollen, and one of her teeth was spat out. Her mouth was full of blood, which was even more spectacular than Zhu Bajie's.

Lan Ruoshui was completely obedient this time. Of course, she had to be obedient because one of her teeth had been knocked off by Lei Zhenyu. She did not want her mouth full of teeth to be knocked off alive.

"Zhenyu, Ru Yu, Yu Xing," Che Qi Xuan was calling him at the door of the ward.

Hence, Lei Zhenyu immediately brought Lan Ruoshui along. Lan Ruoshui was still struggling to not enter the ward on the way, but Lei Zhenyu did not give her a chance to struggle. When they reached the door, Lei Taihe saw that she was unwilling to enter. Hence, he could not help but kick her. "follow me in!"

Ru Yu was indeed awake. When she saw Lei Zhenyu enter, she hurriedly asked, "Zhenyu, where's Zhengnan?"

"Jin Zhengnan... is still undergoing surgery." Lei Zhenyu had no choice but to quickly make up a lie. Then, he comforted her, "Jin Zhengnan's wound has been pulled open. The cold wind and snow have been poured into the wound. The surgery is a little more troublesome than the last time, so it will take a little longer. It will probably take another hour or two before it ends."

"Oh, as long as you're doing the surgery." Ru Yu heaved a long sigh of relief. Then, she quickly asked, "Zhenyu, were you at the construction site in the north last night? Weren't you pinned down by the steel frame? How did you climb out? Are you injured?"

"I wasn't pinned down by the steel frame. I'm fine." Lei Zhenyu felt strange when he heard ru Yu's words, so he quickly asked, "who told you that I was pinned down by the steel frame?"

"It's Lan Ruoshui." Ru Yu turned to look at Lan Ruoshui who was not far away Then, she quickly said, "the snowstorm just arrived. It was around five o'clock in the afternoon. I called the Lei family, but LAN Ruoshui picked up the call. She said that you're being held down by the steel frame and can't get out. Dad and big brother were very anxious, so I asked her to tell dad and big brother that I went to the north to look for you."

Chapter 1422 confrontation

Ru Yu paused for a moment, then looked at Lei Zhenyu and asked, "since you're fine, did you call home?"

"I did," Lei Zhenyu answered truthfully. "when I called back, Lan Ruoshui answered. At that time, the wind and snow in the North had already stopped. It was about seven o'clock. I asked her if you called back, but she said no and asked me to call you. I said that your phone was turned off, and she said that your phone was turned off. How could you call back?"

"nonsense, you two are spouting nonsense," Lan Ruoshui shouted almost instinctively. Her legs were weak from the panic in her heart, and she could barely stand properly.

"Am I spouting nonsense?" Ru Yu stared coldly at Lan Ruoshui She snorted coldly and said, "Lan Ruoshui, I called you from Jin Zhengnan's phone. Jin Zhengnan was beside me at that time, and he could totally testify. Moreover, at eight o'clock in the evening, you even took the initiative to call Jin Zhengnan. You said... .. Zhenyu is dead .. His flesh and blood are ruined... .."

Ru Yu's voice became choked with sobs when she said this. She fainted when she heard the news, and it was because of her collapse that she fell directly to the cliff.

"At that time, I only felt that the whole sky had collapsed..." ru Yu recalled the plot of her and Jin Zhengnan on that road Tears couldn't help rolling down her face. She said with a choked voice, "if it weren't for Zhengnan, I would definitely not be here. If it weren't for him risking his reputation to pull me..."

Everyone couldn't help but feel uncomfortable after hearing ru Yu's account of last night. The snowstorm last night was very fierce, but the snowstorm was merciless. There were people who were even more merciless than the snowstorm, and they were actually so vicious.

Lei Zhenyu reached out and grabbed Lan Ruoshui's neck, wishing he could strangle her to death. He never dreamed that Lan Ruoshui was actually the culprit that killed Jin Zhengnan and his child.

No, if it wasn't for Jin Zhengnan, then the one who died would be his wife and child. And what was the use of keeping such a scum in the world Besides framing others, could she do anything else?

"Zhenyu, you're not worth breaking the law for such a scum." Lei Taihe quickly pulled his youngest son and then said to Ah Chang, "take him back and look after him. I think it's better to send her to jail or directly cripple her."

“Yes!” Ah Chang responded and immediately came over to pull Lan Ruoshui out. Lan Ruoshui was pulled to the door and even opened her mouth to call out to ru Yu.

However, her throat had been stuck by Lei Zhenyu for too long and one of her teeth had been knocked out, so the sound of her shouting was buzzing. No one could hear clearly what she was shouting.

Of course, ru Yu didn't hear it clearly either. She thought that it was Lan Ruoshui's dying struggle, so she didn't study Lan Ruoshui's ambiguous words too much.

However, Lei Zhenyu could hear what Lan Ruoshui was shouting. He was shocked at that time, and then he was very glad that he had grabbed Lan Ruoshui's throat just now, which made her voice sound so muffled.

In fact, Lan Ruoshui was shouting: Che Ruyu, Jin Zhengnan is dead, killed by you!

Lan Ruoshui was pulled away, and Ru Yu was out of danger. Everyone was relieved. Che Qixuan comforted Ru Yu, saying that her parents would come to see her tomorrow. Of course, little Mu Yao would definitely come too. They didn't know if Yun Hengyun would come.

Everyone was tired. They said goodbye to ru Yu and told her to make sure she was healthy. Then, they went back one by one, leaving Lei Zhenyu to take care of ru Yu.

Chapter 1423 Dongfang Mo's family arrived

Ru Yu was also tired, but she was worried about Jin Zhengnan. She urged Lei Zhenyu over and over again to inquire about Jin Zhengnan's surgery. Lei Zhenyu had no choice but to go out and 'inquire'. In fact, he just stood in the corridor for a while.

Then, on the third return, he told ru Yu that Jin Zhengnan's surgery had ended, but he had already been sent to the intensive care unit, so he could not visit her and let her sleep peacefully.

When ru Yu heard that Jin Zhengnan's surgery was safe, she was really relieved. Moreover, she was indeed too tired, so she closed her eyes and fell asleep.

Dongfang Mo's family arrived the next afternoon. Little Mu Yao even carried a big bear for ru Yu. The white fur felt very comfortable to touch.

“Che Ru Yu, in the future, just treat it as if you see me.” Little Mu Yao said seriously, “I gave this little white bear a name, and it's called Mu Yao.”

Mu Yao's words made everyone laugh. Dongfang Mo stroked her head and said, “then you might as well find Barbie Company to make your doll into a Barbie doll. This way, you can give it to your sister, and it will look more like you.”

“I don't want it!” Mu Yao immediately rejected him. Then, she said in a serious tone, “the Barbie made by the Barbie factory is so ugly now. It's like a ghost. I don't like Barbie anymore.”

“Oh, so you like the big white bear?” Dongfang Mo teased his little daughter. “Don't you think that the big white bear is even uglier than Barbie?”

“Of course not. The big white bear is so handsome. Can’t you see how cute it is?” Mu Yao shook the big white bear with her hand.

“The big white bear is indeed very cute.” Mu Ru hit her little daughter on the side. “However, because of you behind it, the big white bear is not very cute.”

“Of course.” Mu Yao was the type of person who became braver the harder she fought. She did not care about Mu Ru’s sarcasm at all. She even went along with her words and said, “Mommy, don’t you think about it? No matter how cute the big white bear is, it is naturally inferior when it is with me. After all, I am the cutest one.”

“PFFT...” Mu Yao’s thick skin made everyone laugh. Ru Yu snatched the big white bear and said, “alright, you are cute enough. Just put this not-so-cute one beside me. Hurry up and act cute in front of your parents.”

Everyone laughed again. Then, Mu Ru got down to business. She said that even Yun Hengyun would be rushing over. Ru Yu quickly said that there was no need. She was already fine. Originally, she wanted to bring Lei Zhenyu back to Binhai during the Spring Festival. However, this time.. She was probably going to misspeak again.

Mu Ru quickly comforted her, saying that she could bring Lei Zhenyu back whenever she wanted. Right now, she mainly wanted to take care of her body. There was still a long time to go.

Everyone sat in Ru Yu’s ward for more than two hours. Dongfang Mo encouraged his daughter, of course, he also comforted her, saying that it was inevitable to encounter bumps and bumps in life. There was always good fortune after surviving a great disaster. He was someone who had gone through several life and death situations.

Dongfang Mo and his family were still chatting and laughing in Ru Yu’s ward. However, when they walked out of the ward, everyone’s faces darkened because they were going to the funeral home now. Moreover, Jin Zhengnan’s funeral was going to be held in the next two days.

“No one can reveal the news of Jin Zhengnan’s death to Ru Yu!” Dongfang Mo gave a death order.

Everyone nodded. Everyone knew that at this moment, Ru Yu definitely could not accept this fact, so she could only lie to her. Jin Zhengnan was still in the intensive care unit observing.

Chapter 1424

Yun Heng and Yun arrived on the second day after Dongfang Mo and the others arrived. After all, they were in Europe and America. They were supposed to fly directly to Binhai. After receiving a call from Dongfang Mo, they changed their flight and flew directly to Seoul.

This was the first time Lei Zhenyu saw Yun Heng and Yun Zai. The two brothers-in-law who looked exactly the same stood in front of him. If it wasn’t for the fact that they wore different clothes, he wouldn’t be able to tell who was who.

Yun Heng said, “it’s okay if you can’t tell. The two of US rarely appear together. Even if we appear, our clothes are different. In fact, we hate the same people.”

Jin Zhengnan's funeral was held on February 9th, which was the 29th day of the Lunar New Year. It was very grand. Dongfang Mo personally presided over it. Everyone in the Dongfang family wore plain clothes. Everyone from the Lei family also attended. As for Ru Yu's savior.. They were all grateful.

Meanwhile, Jin Zhengnan's mother was like a fool. Her relationship with her son had just warmed up a little. She was thinking that she could rely on her son in the future. She did not expect her son to die forever.

Fortunately, half of Jin Zhengnan's assets were left to Ru Yu, and Dongfang Mo made the decision for Ru Yu. Half of the assets were given to Jin Zhengnan's mother for the rest of her life, and the other half was donated to the orphanage in the name of Jin Zhengnan. After all.. Jin Zhengnan grew up in the orphanage.

Jin Zhengnan's tombstone was very simple. Under the name of Jin Zhengnan's tomb, his mother's name was first, followed by his younger brother, Dongfang Yunheng, Dongfang Yunzai, and his younger sister, Dongfang Mu Yao.

Although Ru Yu and Jin Zhengnan had been married for three years, she had never brought Jin Zhengnan back, and she had never told Jin Zhengnan that she was Dongfang Mo's daughter.

However, at this moment, Dongfang Mo had acknowledged him as his son-in-law, even if he was an ex-son-in-law. Yun Hengyun had also acknowledged him as Mu Yao's brother-in-law, even if he was an ex-brother-in-law.

The funeral was very grand. Everyone from Jin Zhengnan's company had come. In fact, Jin Zhengnan usually treated people very well, especially the company's administrators. Many of them had a similar life to his, and there were also people from orphanages.

The company would continue to operate under Jin Zhengnan's name. 50% of the profits would be used for charity every year. Dongfang Mo would also send people from Dongfang Group to help manage the company.

Of course, there was one person who could not be left out on the funeral day, and that was Lan Ruoshui. When Lei Taihe asked Lan Ruoshui if she wanted to go to jail or if she wanted to cripple her own tongue, Lan Ruoshui was so scared that her entire body was trembling. She shook her head and made a dying struggle.

Of course, Lan Ruoshui did not want to make any choice, because she was still thinking about Jin Zhengnan's inheritance. She still wanted to rely on that inheritance to live. Therefore, she used her trembling hand to shake out a will, saying that this was the will that Jin Zhengnan left for her.

Unfortunately, no one read this suicide note. Mu Yao immediately snatched it and threw it into the money that was burning for Jin Zhengnan. Then, the fire was burned to ashes.

Thus, Lan Ruoshui took out her phone to make a call. Unfortunately, she soon realized that her phone was actually empty and she could not call anyone.

She looked at the people surrounding her with wide and terrified eyes. At this moment, she finally understood that she had really reached the point where she would not answer every day and would not be able to call anyone.

What awaited her was either a prison sentence or being crippled by the Lei family or the Dongfang family. Of course, she did not want any of these consequences. Therefore, when she looked at these people, her legs went weak and she could not help but urinate. Then, she fainted.

Unfortunately, her faking death could not save her. Dongfang Mo's men had already come up and dragged her down. Lei Zhenyu originally wanted to send Lan Ruoshui to the police station, but Dongfang Mo said that if she was only sent to prison for a few years, it would be too easy for her.

Jin Zhengnan's grave was finally clean. The white chrysanthemums that were flown over surrounded his tombstone, and the photo on the tombstone was of him and Ru Yu before their marriage. It looked sunny and beautiful.

Mu Yao walked forward and placed her soft hands on Jin Zhengnan's photo, gently stroking his face. Then she pouted and said, "well, Mr. Jin, I've never called you brother-in-law before, but I'll make it up to you now. I'm calling you brother-in-law now... you have to have a good journey."

Chapter 1425 the only person who cared about her was him

Ru Yu stayed in the hospital for three days. She should be discharged this afternoon because tomorrow was the 30th day of the Lunar New Year.

These three days, she actually had quite a pleasant time. It was rare that Xi Muru was so free and accompanied her in her ward every day. It was rare that her father was so amiable and even came to tell her stories every day.

The most rare thing was that her two younger brothers and one younger sister came to visit her and comfort her. Mu Yao even pretended to be ugly to tease her, making her happy and make her happy.

Pu Yongjun also came back from Jeju island and brought her the specialties of Jeju Island. Cai Shaofen also came to visit her and kept comforting her. She said that after experiencing such a disaster, everything would be smooth sailing in the future.

Lei Zhenyu rarely came during the day because there were many people in the ward during the day. It was not his place to talk to her, so he came at night. He originally wanted to hire a nurse for her, but Xi Muru said that she was fine as long as she was there. What kind of nurse did she need? Which nurse would be taken good care of by a mother like her?

Lei Taihe and Lei Zhensheng also came to see her. Fortunately, Lei Zhensheng only came once. Otherwise, he would definitely bump into Cai Shaofen. And every time before Cai Shaofen came, she would call Ru Yu, afraid that she would bump into Lei Zhensheng.

Mu Yao was a happy person, and she even brought Zheng Junji. For some reason, Mu Yao liked to hang out with Zheng Junji, and Zheng Junji brought carnations to her.

So many people accompanied her, talked to her, chatted with her, and even watched melodramatic Korean dramas with her. Everyone was so good to her. Everyone told her that there would be good fortune after surviving a great disaster. She had a lot of good fortune after that.

Every time she heard these words, she would feel happy and resentful. Then, she would echo everyone's words and say, "yes, yes. She has experienced such a great disaster, so she must have a lot of good fortune after that. This is what it means to have the best after suffering. "

So many people came to see her, so many people spoke to her, so many people chatted with her, and so many people were in front of her. Yet, not a single person mentioned Jin Zhengnan.

Wasn't this funny? It was clearly Jin Zhengnan who had saved her. It was clearly her and Jin Zhengnan who had experienced this great disaster together, but for the sake of peace, it was as if no one could remember such a person?

At night, Lei Zhenyu came over and she asked him, "where is zhengnan-kun? How long will he be in the Intensive Care Unit for observation? Can I visit him now? "

Lei Zhenyu smiled and told her that Jin Zhengnan's condition was a little serious, but he was already out of danger. He might be out of the intensive care unit in another week or two. When that time came, she could go and visit him.

She asked every night, and Lei Zhenyu answered like this every night. However, she asked the nurse. The nurse said that even patients in the intensive care unit could be visited, but they could not enter the intensive care unit. They could watch from a distance outside the window.

However, Lei Zhenyu never said that he would take her to see Jin Zhengnan. She was not stupid, because she always felt that every time she asked about Jin Zhengnan, Lei Zhenyu's smile was very unnatural.

She was going to be discharged this afternoon because tomorrow was the 30th day of the Chinese New Year. Dongfang Mo's family had decided to stay in Seoul this year to spend the New Year with her. It could be considered a big reunion.

She was going to be discharged in the afternoon, but the ward was unusually quiet this morning. No one came to visit her. Even Mu Yao, who came to report every morning without even eating breakfast, did not come.

Lei Zhenyu brought her breakfast. He did not even eat it with her. He only said that he had to go out to do something this morning and that he would come to the hospital in the afternoon to complete the discharge procedures. Then, he would pick her up and bring her home.

Chapter 1426: Be Happy

Ru Yu stood in front of the window and watched Lei Zhenyu walk out of the hospital gate. She watched him get into his car in the parking lot and drive to the hospital gate.

She quickly turned around and went to the wardrobe. She took her clothes and went to the bathroom to change. Then, she quickly washed up and checked her clothes before walking to the door of the ward.

No one would come to see her this morning. She knew this. Although everyone kept it from her, she was not stupid. Moreover, she did not hear what Lan Ruoshui said the other day, but she understood the shape of her mouth.

He had gone, forever!

Today was the day of her funeral, and everyone still kept it a secret from her. She knew that everyone had good intentions, afraid that she would be sad and sad. Even if it was the last ride, they did not want her to send him off.

She did not drive, because there was no car for her in the hospital. She walked out of the hospital and hailed a taxi. Fortunately, she had money in her bag, so it was still very convenient for her to travel.

She did not go directly to his cemetery. Of course, she did not know where his cemetery was. She went straight back to her previous home, the home she and his previous home, the home that she personally designed and decorated.

In the snow, he said, “ru Yu, it’s useless to change the locks. If I want to go in, I can still go in even if you change the locks. “.

In the past, every time she came back and found him there, she would be very angry. But now, she was not angry anymore. She did not change the locks anymore. She did not even close the door. But he was never coming back.

He left. As for the reason for leaving, she knew better than anyone that she fell off the cliff. He used all his strength to pull her. At that moment, the wound on his chest must have opened.

She left. These few days, she still pretended to be happy in front of her family. However, it was late at night. When Lei Zhenyu fell asleep, she opened her eyes and looked at the ceiling. She felt as if her heart had been emptied. The pain was so painful that she could not cry.

However, every time there was someone in the ward, she pretended to not know anything. There was no trace of sadness on her face.

Everyone wanted her to be happy. They wanted her to be happy. Then, she would be happy in front of everyone. That way, everyone would be at ease.

The taxi finally arrived. She paid for the taxi and quickly ran into the corridor. She quickly went upstairs as if the house would disappear if she were to slow down.

She took out her keys and opened the door. She stepped in. Everything in the room was the same as before. All the furniture was the same, so he had barely moved the things she used to live in.

She slowly walked into the room and slowly touched the things. They had lived here for three years, more than a thousand days. There were all sorts of images of her and him.

She pushed the door open and walked in. There was a faint smell of tobacco in the room. Perhaps he had come back a few days ago, because the smell of tobacco was unique to him.

On the dressing table, there was the comb and hair clip that she had used. There was also the lighter made of bullet shells. The lighter that he would never give to her. Unexpectedly, he brought it back here.

The bedding on the bed was folded neatly. There were actually two pillows. Her nose could not help but ache. She immediately turned her face away and reached out to open the wardrobe door.

Sure enough, there were a lot of his clothes hanging inside. There were also a few clothes that she had not taken with her. Some of the clothes that she wore at this time of the year were neatly folded to the side.

She could not help but feel a little surprised. In her memory, Jin Zhengnan did not like to be clean, and he did not like to tidy up the house. He usually just threw his clothes around randomly. She used to talk about him often.

Chapter 1427: Happiness!

She opened the other door and found the bed sheet that they had fought over. There was a note on it that said, "Ru Yu, I'm gradually changing myself. Ru Yu, do you think my folded clothes are neat enough?"

She grabbed the bed sheet and covered her face. She could no longer control the warm liquid in her eyes.

She did not know that he still came back often. She never knew that he was slowly changing himself for her... ..

Tears blurred her vision. She could no longer stay in the bedroom. She quickly got up and walked out of the bedroom. Then, she came to the study room, which should be a simpler place.

There were fewer books in the study room because she and Lei Zhenyu had moved some after they got married. However, the rest of the books were still neatly placed in the bookcase.

He said that grandmother Qiong Yao's romantic way was really old-fashioned. She always liked to write about going through thick and thin together. Little did she know that going through thick and thin together was also a kind of romance... ..

He said, I like to go home to live, because I have your shadow at home... ..

He said, you can't chase me away... ..

She pressed her head against the desk. There was a picture frame on the desk, and on the picture frame was a picture of her. She couldn't remember when she took this picture, because her face seemed to be lying there, probably taken secretly while she was asleep.

She turned the picture frame over, and behind it were a few words that he was baring his fangs and brandishing his claws: Ru Yu, remember to be happy!

You must be happy!

In the snow, when he finally spoke to her, he kept asking: Promise Me, you must be happy!

When he divorced her, when he was so heartless, she thought that he did not love her. She thought that she had seen the wrong person.

After divorcing him for nearly half a year, she had learned to forget, to end, to start over, and even to slowly accept another person.

She thought that she could forget, and that when her relationship with Lei Zhenyu became more harmonious, she could completely forget Jin Zhengnan.

However, that was not the case. When he needed the signature of his relatives for his cancer surgery, when he came to her side at the most difficult moment when she was in danger and he did not care about his own body, she knew that in fact, she had never forgotten about him.

However, now, he had already left. For the sake of her life, he had risked all his life and used his life to exchange for her life!

When I finally knew that I had not forgotten about you, when I finally knew that the feelings that I had given up were not truly meaningless..

However, I already had no way to tell you, why did you have to be so cruel and leave forever before I could tell you?

Although you have already left, I will deeply carve you in the bottom of my heart and remember you for the rest of my life!

Holding the photo frame in her hand, she looked at herself in the photo frame. She was so ugly. Jin Zhengnan simply did not move his photography skills. He had taken such an ugly photo of her!

She stuck the photo frame tightly to her chest and buried her entire face in it. Her tears were like spring water in the mountains that kept gurgling out. They all dripped onto the photo frame, causing her photo to be blurred out... ..

In her mind, his last request echoed over and over again: Ru Yu, promise me, you must be happy!

You must be happy She promised him. So, no matter how long the road is, no matter how hard the road is, she must be happy!

She promised him that she would not let him down. She would definitely work hard to make herself happy!

Even if it was happiness!

She touched the photo frame with her hand and muttered, "I will definitely be happy! "

Definitely Happy!

Chapter 1428 Long Time No see friend

When ru Yu's phone rang, she was in the middle of an art exhibition. This was her first art exhibition in Seoul!

Spring came a little late in Seoul. Although it was already past the Spring Festival, it still did not feel like spring. Moreover, the snow had fallen two days ago, making people feel that winter was particularly long.

When she was in school, she told Lin Yuxin about Seoul's climate. Lin Yuxin said that the four seasons of the year referred to other countries' cities, but Seoul was not like this. Seoul had three seasons of the year, summer, Autumn, and winter. Alright, let's directly eliminate spring.

It was already late February, and the coolness was still there. Fortunately, Ru Yu's art exhibition was not cold. It was already the third day, and there were still quite a lot of people looking at the paintings.

Her phone rang for a long time. It was not that she did not answer it, but the exhibition hall was a little noisy. At first, she did not hear it, but later, she heard it. She quickly walked out of the door and took out her phone.

However, when she saw the number on her phone, she was stunned because the three words that were jumping on it were very obvious: Lin Yuxin!

Lin Yuxin Her best friend had not contacted her for more than a year. Of course, she could not contact her because her phone was turned off.

She had gone to her hospital to look for her. The hospital said that she had left long ago, and the apartment that she had rented had also been retired long ago. No one knew where she had gone. It was as if she had disappeared into thin air.

But now, this person who had disappeared into thin air suddenly called her. How could she not be excited?

She pressed the answer button and her voice trembled with excitement. "Yu Xin, is that you?"

"It's me." Lin Yuxin's phone rang faintly from her phone. Then, she sighed softly. "Ru Yu, long time no see!"

LONG TIME NO SEE Long time no see. Long time no see. No contact. No news of the other party. It was as if you had left forever.

Thinking of the words 'leave forever', she felt as if her body was cramping without any strength. In her life, she could no longer afford to experience the words 'leave forever'.

"Ru Yu, are you free tomorrow night?" Yu Xin's voice came again.

"Yes, I'm free anytime." Ru Yu felt uncomfortable. It had been a long time since she last saw her friend, and it made her feel especially sad. The warm liquid actually surged into her eyes.

"Then I'll treat you to barbecue tomorrow night. It's the same old tree barbeque shop that we went to before. It's next to the university." Lin Yuxin's voice sounded forced.

"okay, I'll definitely be there." Ru Yu quickly agreed. Not to mention that she was really free tomorrow night, even if she wasn't free, she would definitely squeeze out some free time to come.

After hanging up Yu Xin's call, she leaned against the wall and looked at the busy street. There were people coming and going. She took a deep breath, and this breath became a little cold due to the cold weather.

She took another deep breath. Yu Xin was back. She should be happy, but why was her heart filled with sadness? Could it be that she was really old?

Just as she was about to turn around, her phone rang again. It was a familiar ringtone, a unique ringtone. It was an old song by Zhang Guorong, "this life and this life" : a changing life / silently looking forward to a love / How many twists and turns / how disappointed I am in my love path / I am not willing to say goodbye / I still yearn for the legend of love / I don't want to give up... ..

Ru Yu did not need to look at the screen, just listen to the ringtone to know who is calling, she sighed, picked up the phone and pressed the answer button to the ear, asked in a low voice: "Zhenyu, something wrong?"

Chapter 1429: The woman who pesters

Ru Yu had a celebratory banquet with her colleagues before she went back. Today was the last day of the art exhibition, but there were still many people, and she received countless orders, so it was indeed worth celebrating.

The celebratory banquet was a little late, and because she was happy, she drank some wine. As a result, when she left the hotel, her head was dizzy, and her walking was a little shaky, so she couldn't drive at all.

Alright, if she couldn't drive, then she wouldn't drive. The taxis that Jing Jing helped her hail were all in the same city, Seoul, and they were all in the city center, not to mention they were all in Jiangnan.

About twenty minutes later, the taxi arrived. She got out of the car and forgot to pay the fare in her hurry. It was the taxi driver who reminded her to pay the fare.

She was so drunk, but she still did not forget the phone call from Lei Zhenyu in the afternoon, asking her to come back to the Lei family because Lei Taihe had returned from Jeju Island.

Lei Taihe had gone to Jeju Island to recuperate six months ago. Because he had suffered from esophageal cancer and had undergone surgery, the doctor said that the air in the city was too bad, so he asked him to go to the countryside to recuperate. It was good for his health.

Lei Taihe did not return to Seoul for the New Year. It was still the New Year that she and Lei Zhenyu drove to Jeju island to spend with him on the 30th day of the New Year. However, she did not expect that after the Lantern Festival, he would suddenly return.

She staggered into the Lei family's courtyard and staggered towards the entrance of the hall. Actually, she did not remember how long it had been since she last came back. Half a month, a month, or two months?

Who Knew Who Cared?

The Lights in the hall were on. It seemed that he had come back early. She stepped in and looked up. As expected, she saw him walking down from upstairs. She guessed that he had seen her on the balcony when she had just entered the courtyard.

“Ru Yu, how much did you drink?” Lei Zhenyu felt uncomfortable when he smelled the alcohol on her body. She was swaying as she walked. Did she really become a wine jar?

“One cup.” She gestured with her hand and smiled at him. “It’s just one cup. Look, I’m not drunk yet, right?”

“One cup, one cup of Erguotou?” He glared at her angrily. If she was not drunk, then what was drunk?

“I want to drink water.” Ru Yu Swayed towards the water dispenser, muttering, “I want to drink ice water, I want lemon ice.”

“Go upstairs and drink. We have it in our room. Don’t mess around here.” He couldn’t help but growl at her. Seriously, didn’t she know that her father was back?

“I want to drink here.” Ru Yu’s temper flared up. She simply sat on the Sofa and yawned. “The drinks here are delicious. I want to drink water. Give me ICE WATER!”

He was so angry that he gnashed his teeth. If his father wasn’t at home and if his father didn’t live on the first floor, he would definitely be angry. In the middle of the night, a drunkard ran back to him and asked for water.

He endured his temper and went to the water dispenser to get her a glass of water. Of course, it was not ice water. How could she drink ice water in that state Moreover, her body was weak. Drinking ice water was not good for her body.

He brought the glass of warm water over to her. “Hurry up, drink it and follow me upstairs.”

She looked up and smiled at him. She took the water and put it to her mouth. Her brows were obviously furrowed. Then, she placed the glass of water heavily on the coffee table. “This is not ice water. I WANT ICE WATER!”

The glass of water rippled because of her strength. There were splashes of water. Layers of water waves surged up, as if they were going to lift up a glass of warm water.

Chapter 1430: The woman who pesters

“Let’s go upstairs to drink.” Lei Zhenyu simply pulled her up with his hand. He knew that she was pestering him because the last time he came home, he pestered her. So this time, she used it to repay him.

“I want to drink water, ice water.” She was willing to obediently follow him upstairs. Her hand grabbed the Armguard of the Sofa and refused to leave. Her mouth was still clamoring for ice water.

He knew that she was stubborn. If he did not listen to her tonight, he probably would not be able to pull her up. Therefore, he had no choice but to pass the glass of water on the coffee table to her. He said gently, “there is no ice water. If you want to drink, then drink a cup of warm water. If you don’t drink, I will carry you upstairs.”

The threat was effective. She stared at the Cup of water in his hand for a long time. Finally, she reached out and took the cup of warm water. She slowly brought it to her mouth and drank it bit by bit.

After drinking the water, she licked her lips. She still felt thirsty, so she passed the Cup to him. "I want more!"

He was angry and wanted to throw the cup away just like that. However, he held it in in the end. He went to the water dispenser to get her a cup and passed it to him.

This time, she was obedient. She took the Cup of water and drank it silently. Then, she let him take the cup of water. Meanwhile, she swayed her body and turned around, slowly walking upstairs.

She was drunk, but she was not in a mess. She still remembered that she lived on the third floor. Her Room and his room were on the third floor, although it had been a long time since she had come back.

The door was open. Of course, he had just come down from upstairs. She walked straight over and felt that her head was heavy and her feet were light. So, she staggered into the bedroom and came to the bedside. Just like that, she fell straight on the bed.

Lei Zhenyu entered the bedroom and saw this scene. His wife, Che Ru Yu, was still wearing a coat and lying on the bed with her back spread out. She was so sloppy that she did not even take off her long boots.

He was angry. He had always liked to be clean, so he quickly took off her long boots and threw them out. Then, he shook the woman's body with his hands. "Ru Yu, get up and take a shower. Take a shower before you go to sleep!"

Unfortunately, no matter how he shook her, she did not move. No, she was moving. She was tossing and turning with him. She did not have any intention of getting up, let alone taking a shower.

Lei Zhenyu knew that she was pestering him again. She was probably thinking of chasing him out of the room. Anyway, he was not sure if he was drinking himself, but he could not stand it when she was drunk.

However, he did not want to go to other rooms today. The main reason was that he did not check the heater in the other rooms. He only found out that his father was back in the afternoon. When he came back in the evening, he hurriedly turned on the heater in this room. The client was still cold.

He felt a little helpless. He could only carry her horizontally and quickly walk to the bathroom. If she did not take a shower, he could only help her shower. Even though it had been a long time since they had physical contact.

How long had it been since they had been together It seemed to have been a very long time. It was so long that he almost could not remember what she smelled like. He could not remember how her beautiful figure was carried under his body.

She smelled like alcohol. When she was drunk, her cheeks turned red. She looked even better than when she was wearing rouge. He quickly pulled her clothes off and threw her into the bathtub. He took the shower and wanted to bathe her.

However, she actually climbed out of the bathtub. She was still shouting, "I don't want the bathtub. I don't want to bathe. I want to sleep... I want to sleep..."
