

Divorce 1441

Chapter 1441: Spring without warmth

Ru Yu laid on the steering wheel for a few minutes to calm herself down before driving to the studio. However, she was destined not to be able to work today, so she just sat in the office in a daze.

Xun Jingying shook her head. She did not know what had happened to Ru Yu and the other two days. Her work had been going smoothly for the past six months. Although she was rarely in Seoul, the paintings she had drawn from all over the world had generated a lot of income for the studio. Everyone said that Ru Yu had come back to life.

This time, the art exhibition was also very successful. However, after the art exhibition, she became dispirited again, as if she had no energy at all. She wanted to ask her what was wrong, but as an assistant, she did not know how to say it.

Ru Yu sat in the office for the whole morning, but she could not sit still in the afternoon. She drove her car to wander outside. She would go wherever she saw the road, and she would go wherever she saw the road. She was like a child who had lost her direction, only knowing how to drive. But she didn't know where she was going.

Finally, she was tired. Finally, she drove until the sky turned dark. Finally, she was exhausted and had no more strength left. She stopped the car and was shocked to find that her car was parked at the Farmhouse restaurant that Lei Zhenyu had brought her to. And this place only served one table of dishes every day. She didn't have an appointment. Even if she came, she wouldn't be able to get in.

She only felt weak all over. She leaned on the steering wheel for a long time and finally wanted to drive the car back. Only then did she realize that her car was out of gas.

Oh my God, she was only focused on driving today. She had never thought about refueling. She didn't even pay attention to the gas meter and her entire being was in a state of chaos.

The car ran out of gas and it was impossible for her to drive away. She got out of the car in annoyance and took out her phone. Just as she was about to call her Daddy, Che Qixuan, her phone rang.

It was Lei Zhenyu. She hesitated for a moment before picking it up. Just as she brought it to her ear, Lei Zhenyu's voice sounded, "Ru Yu, where are you? I'm at home cooking and waiting for you. Are you still at work? Why isn't there anyone answering your office phone?"

"I've already gotten off work long ago." Ru Yu leaned against the car door and said weakly, "I'm at the courtyard house where you used to bring me."

"Oh, didn't you tell me to go home after work?" This time, it was Lei Zhenyu's turn to be puzzled. He continued, "if you want to eat farm food, tell me so that I can call ahead and make a reservation..."

"I don't want to eat farm food anymore." Ru Yu quickly interrupted him. Then, she said a little irritably, "I don't know why I drove my car here. My car is out of gas now, so I can't drive."

“Then you wait there. I’ll bring you the gas right away,” Lei Zhenyu’s voice came from the phone. Along with the sound of the door closing and footsteps, it was obvious that he was going out as fast as he could.

Ru Yu hung up the phone and leaned against the car door to look at the sky. The Sky was really dark tonight. Half a month after the Lantern Festival, there was no moon in the sky, and not even a star could be seen.

This was the suburbs, and there were few houses nearby. Standing in the night wind, she only felt cold, and could not help but shiver. She wanted to get in the car, but the car ran out of gas, and even the heater could not be turned on.

Cold, so cold. It was clearly spring, but why did she not feel the slightest hint of spring Instead, she felt the cold of winter?

Chapter 1442 Shooting Star Cigarette Butts

It was cold, really cold. Whether it was sitting in the car or leaning against the car door, ru Yu felt cold. Her whole body was shivering in the night wind. Her teeth were chattering from the cold, as if her heart had lost its temperature.

She fumbled around on her body and rummaged in her bag. After a long time, she finally found half a pack of cigarettes. She remembered that this half pack of cigarettes was from Lei Zhenyu when she went home two months ago.

Two months ago, their mother, Xi Muru, came to Seoul to see them and said that she was going to stay with the Lei family. This gave them a big scare, and the two of them went home to deal with their mother.

Xi Muru originally said that she was going to stay for two or three days, but she left the next afternoon. Unfortunately, she did not say anything to the two of them before she left, so the two of them went back voluntarily the next day.

That night, when she came out of the shower, she found Lei Zhenyu standing by the window smoking. His smoking posture was not elegant because Lei Zhenyu was a non-smoker.

She did not know where her temper came from. Perhaps because it was winter, the heating in the room was not open, so the smoke in the room smelled very bad.

So, she went up and directly snatched the cigarette he was smoking and threw it on the ground to stamp it out. Then, she confiscated the half-pack of cigarettes and lighter that was placed on the windowsill and never gave it to him again.

Later on, the two of them did not return to the Lei family compound, so she had forgotten about the half-pack of cigarettes. Now that she took it out, it was as if she had seen a flame. She quickly took it out and brought one to her mouth.

When Lei Zhenyu drove to the side of the courtyard, he saw this scene. Ru Yu was leaning against her car door, smoking. The cigarette butt flashed in the dark night, as bright as a shooting star.

He was so angry that he almost vomited blood. He immediately pushed open the car door and got out. He walked to her in two or three steps and reached out to snatch two-thirds of the cigarette from her hand. Then, he threw it on the ground and stamped it out.

“You girl, why did you learn to smoke?” He scolded her angrily.

She was in the throes of smoking and just when she felt that her body was not that cold, she was suddenly robbed of her cigarette. She was already unhappy, but she was scolded by him. Therefore, she shouted unhappily, “I do what I want to do. It’s none of your business. What kind of person are you to me?”

“You don’t know who I am to you?” Lei Zhenyu was also angered by her question. In a moment of anger, he stepped in front of her and pressed her against the car door. Without thinking, he directly kissed her.

“You... let go...” ru Yu originally wanted to scold him, but it was a pity that her mouth gave Lei Zhenyu an opportunity to take advantage of her. Hence, she was forced against the car door and kissed him crazily ...

She was so angry that she could not push him away with her hands. Hence, she had no choice but to kick him with her feet. She wanted to hurt him so that he would let go of her. However, Lei Zhenyu did not seem to know the pain. He kept kissing her, not giving her any chance to escape.

After a long time, ru Yu felt that she was about to suffocate. She thought to herself, this is great. I don’t even need to get a divorce. I’ll just be kissed to death by him. This will save me a lot of trouble.

Just when she thought that she was going to be kissed to death by him tonight, Lei Zhenyu had already let her go. She opened her mouth and gasped for breath. Then, she glared at him fiercely, as if she wanted to eat him up.

He smiled and ignored her. Instead, he came over to help her open the gas tank lid and add the oil that he had brought. After all, her car was already out of gas.

Chapter 1443. That night two months ago

Ru Yu was furious. When he finished filling up the gas tank, she could not help but shout at him, “Lei Zhenyu, I have something to say...”

“We’ll talk about it when we get back.” Lei Zhenyu quickly interrupted her. Then, he pushed her with his hand and said, “hurry up and get in the car. Didn’t you say it was cold? Get in the car and turn on the heater. My family has even made some food. Let’s talk about it after we go home and eat.”

Ru Yu sighed softly. It was night in the Wilderness. The wind was strong and the sky was dark. It was indeed not a good place to talk. Moreover, both of them were hungry.

It was already nine o’clock in the evening when they drove home. Ru Yu was really hungry. She had breakfast at the Lei family’s house in the morning. She did not eat at noon because she was in a bad mood, so she was famished now.

Fortunately, Lei Zhenyu's skills were not bad and the food he cooked was edible. Therefore, she could not be bothered to argue with him. She had to fill her stomach first. Even if she wanted to talk, she had to have the energy, right?

After eating, Lei Zhenyu did not even bother to clean up the bowls and chopsticks. Ru Yu was not in the mood either. The two of them went to the SOFA in the living room and sat down on the Sofa.

Before ru Yu could speak, Lei Zhenyu was the first to speak. "Ru Yu, I wanted to tell you about this last night, but last night... Alright, I'll tell you now. "

"Your father told me this morning, " ru Yu said indifferently. Then, she turned to look at him and said, "I understand your father's feelings. He's an old man. It's not wrong for him to want to have a grandson, and I'm not unreasonable. Don't worry, I won't... "

"I'm not going to tell you about this. " Lei Zhenyu quickly snatched her words away. Then, he sighed softly and said, "Song Yuxi is pregnant, but I'm not sure if she's pregnant with my child. "

"What do you mean?" Ru Yu was stunned. Then, she quickly frowned and said, Lei Zhenyu, you are a man. A man has to be responsible when he does things. You have to be brave when you do things yourself. Don't be a coward. "

"Of course, I know that a man has to be responsible. But, if it's not mine, how can I be responsible?" Lei Zhenyu sighed and said, "I only have one night with her... "

"You don't need one night to be pregnant. " Ru Yu quickly glared at him and then said coldly, "I think one night is enough. I don't know how many times I have to do it in one night. "

"But the point is, I don't know if I did anything with her that night. " Lei Zhenyu looked at her and said, "listen to me first. It was one night two months ago... "

That night, Lei Zhenyu was in a very bad mood because it was ru Yu's birthday. He had meticulously prepared a birthday gift and a couple's meal for ru Yu. He wanted to ease the relationship between the husband and wife that had been cold for a long time.

But who knew that when he called ru Yu in the afternoon, his phone was turned off. He was very anxious, so he drove to find her after work. He wanted to pick her up and take her back to their old apartment.

However, there was a traffic jam on the road that day, so he could not drive fast. When he arrived at the Yunheng building where Ru Yu was, he realized that Leng Rong had already arrived. He was talking and laughing with ru Yu as they walked out of the Yunheng building. Then, they got into ru Yu's car.

He was so angry that his lungs almost exploded. So, he quickly called Ru Yu's cell phone, but it was still switched off. He clearly saw her with Leng Rong, but she still switched off her cell phone?

Today was her birthday. She did not contact her husband, but she was actually with another man. Moreover, the most hateful thing was that she was smiling so brightly with another man.

Chapter 1444 that night two months ago

He wanted to follow her, but he had just entered the house. There was a traffic jam in front of him, so he could not turn around. He could only drive through another exit.

Ru Yu's car, on the other hand, went out through the exit that he had entered. By the time he drove out of Yun Heng building, her car had already gone to God knows where.

He had no choice. He walked around the road, still hoping that she would not go home, so he drove back. However, there was no sign of her at home, not even her scent could be found.

That night, he felt particularly sad and disappointed. He went to a bar. After marrying Ru Yu, he had practically never set foot in bars.

He ordered a drink and drank it in the bar. He was in a bad mood, especially when he remembered that today was Ru Yu's birthday. She was actually celebrating her birthday with another man, but he, her real husband, was left at the side and could not get close to her.

He did not know how many glasses of wine he had had. Because he was in a bad mood, just as he was getting a little drunk, he suddenly heard noises and sounds of help coming from the side.

Although he was a little drunk, he still felt that the sound was somewhat familiar. When he turned around, he realized that Song Yuxi was actually being pestered by a few men, and those men were obviously not good people.

He originally did not want to pay attention to Song Yuxi, but those men were too much. They were actually tugging at Song Yuxi's clothes, and one of them even said that he had dragged Song Yuxi upstairs for a round.

When he heard that, he was furious. Not to mention that Song Yuxi was his ex-girlfriend, even if it was a strange woman, he would not allow these animals to do such a thing.

Therefore, he walked over and immediately started fighting with those men. Those men were not jealous. When they saw that someone was ruining their good deed, they started fighting with him.

Lei Zhenyu's skills were good, but in the end, he could not withstand those men. Fortunately, their fight alerted the bar's security, and then the security came up and pulled them away.

Lei Zhenyu was injured, which scared Song Yuxi. Therefore, she helped him out of the bar. After the fight, he seemed to be even more drunk. He could not drive, so he could only go with her to take a taxi.

His face was injured, and blood was spewing from his mouth. Song Yuxi was so heartbroken that she started crying. She used a handkerchief to wipe his blood while rinsing his mouth with the water she brought with her. She even said that she would take him to the doctor.

He said that he would not go to the doctor, and that he wanted to go home. He was not afraid of this minor injury. He had a first-aid kit at home, so he just needed to apply some medicine. Therefore, Song Yuxi quickly agreed with him and said, "then go home, let's go home first. "

Later, he remembered that he seemed to have gone home, but he was so dazed that he could not tell which house he went to. He only remembered that Song Yuxi helped him into the door and seemed to have given him water to drink, and then..

It was the next day when he opened his eyes and used his hand to rub his hangover head. The moment he turned his face, he was shocked to find that he was naked. He quickly looked up and was shocked to find that it was an unfamiliar room, and..

There was a naked woman lying by the bed. She was actually... Song Yuxi!

Lei Zhenyu stopped here and looked at ru Yu. "that night, I really don't remember what I did. I was so scared that I hurriedly put on my clothes and ran away. I..."

Lei Zhenyu was like a child who had made a mistake. He grabbed ru Yu's hand and said pitifully, "ru Yu, please don't reject me with one vote. I will never go to a bar to drink again. I will never meddle in anyone's business again. I will never..."

Chapter 1445: I will not divorce you

Ru Yu could not help but laugh when she heard his words. However, her laughter was a little bitter. She said softly, "Zhenyu, now it's not a question of whether I should reject you or not. It's a question of Song Yuxi being pregnant with your child..."

"I've already said it. That child might not be mine." Lei Zhenyu quickly interrupted her. Then, he said, "even if it's 10,000 steps back, so what if the child is mine? There's no way I'll acknowledge that child. If it's not a child that I'm willing to have, why would I want to come?"

"But your father wants that child?" Ru Yu reminded him carefully.

"That's my father's business. Anyway, I won't have that child." Lei Zhenyu sighed softly and said, "I made my stance clear to Song Yuxi yesterday. Don't use the child to threaten me. I won't fall for that. You can have this child if you want it. If you don't want it, go ahead and do what you need to do. Don't come to me in the future."

Upon hearing Lei Zhenyu's words, ru Yu felt uncomfortable. Then, after a long while, she tried to persuade him again, "Zhenyu, I think Song Yuxi loves you. Isn't it a good thing that a woman who loves you is pregnant with your child? Why do you have to be so cruel? Actually, I'm not..."

"I know that you can't wait for something like this to happen to me." Lei Zhenyu immediately replied in a foul tone. Then, he snorted coldly and said, "yes, even in your dreams, you want to divorce me. Now that something like this has happened to me, are you going to take this opportunity to ask for a divorce so that you don't even have to take responsibility for the divorce?"

Ru Yu did not say a word. She really wanted to divorce Lei Zhenyu. She had wanted to divorce Lei Zhenyu for more than half a year, but she could not find a suitable reason, so she had been cold to him. She only wanted to continue being cold until he got tired of her that day.

Lei Zhenyu saw that she did not say a word, so he knew that he had spoken to her heart. Therefore, he said angrily, "Che Ru Yu, let me tell you. There is no way to get a divorce. I will settle the matter of Song Yuxi myself. However, don't dream of using this opportunity to divorce me."

"Why are you doing this?" Ru Yu did not understand him. Therefore, she tried to persuade him earnestly. "Zhenyu, she loves you. She has not forgotten you for so many years. Now that she is

pregnant with your child, even if she played tricks that night, isn't that a show of love for you? Why do you..."

"that's my own matter. You don't have to worry about it." Lei Zhenyu quickly interrupted Ru Yu's words and stood up. As he walked towards the study room, he said coldly, "Ru Yu, remember this. I won't divorce you. You can do whatever you want. I don't believe that I can't compete with a dead person."

Ru Yu felt extremely uncomfortable when she heard this. She felt so uncomfortable that she almost curled up on the sofa. She knew that in Lei Zhenyu's opinion, she had neglected him for more than half a year because she missed Jin Zhengnan. That was why she wanted a divorce.

However, only she knew that this was not the case. It was not the case at all. She wanted a divorce with him. It had nothing to do with Jin Zhengnan.

However, she could not say the reason. If she did, he would not agree to a divorce with her.

Now that something had happened to him, she still imagined that this was an opportunity. However, he still refused to divorce her.

What should she do? What could she do to get him to agree to a divorce with her?

Chapter 1446: Plans to go to the Sahara desert

This night was the first time that Lei Taihe and Lei Zhenyu did not return to the Lei family's compound when they were in Seoul. Instead, they stayed in Lei Zhenyu's apartment.

Ru Yu was tossing and turning in bed, unable to fall asleep. The main reason was that Lei Zhenyu refused to divorce, which gave her a huge headache. Lei Zhenyu actually refused to divorce despite such a good opportunity. What should she do?

How long did she toss and turn? Actually, Ru Yu herself did not know. However, she knew that Lei Zhenyu came to her room to sleep later. Because the bed was soft, the moment he went to bed, his back immediately sank a little.

Her body was stiff. She did not turn around, and he did not come over unwittingly to hug her into his arms. Although, if he did not hug her, both of them would not be able to sleep well.

In fact, more than half a year ago, when Ru Yu did not go home at the beginning, she could not sleep well at night because he was not by her side, because she did not lie in his arms, because he did not have his arms as a heater.

But later, she slowly got used to it. She thought that in this life, she had to walk until she was old. She had to get used to being alone. She had to get used to walking and stopping. Just like when she did not marry Lei Zhenyu, she was used to eating and sleeping in every unfamiliar place.

Ru Yu was not in good spirits the next day at work. The main reason was that she did not sleep well last night. Although she slept on the same bed as Lei Zhenyu, because she slept back to back all night, she only felt a sore neck.

She was not in good spirits and did not even want to bring up her brush when she went to work. In the end, she simply lay on the sofa and went to sleep. She urged Jing Ying to come in and look at her sleeping on the Sofa in broad daylight. She shook her head helplessly, but she did not dare to wake her up.

In the afternoon, ru Yu received a call from Lin Pianran. She said that there was a desert hiking activity and asked if she wanted to participate. The desert was the Sahara desert.

She immediately said, "yes, of course I want to go. When do we set off? The Sahara desert is one of her favorite deserts and also the most romantic desert. I want to find San Mao's footprints and the footprints of the Indians. "

Lin Pianran said that they would set off in April. There was still more than a month's time. You should take advantage of this month's time to prepare. When the time came, Leng Rong, a group of us, said that he still had to go and contact the camels.

Ru Yu could not help but scold them on the phone. She said, "since we are going to the desert on foot, why bring the camels? " "Then what kind of walking is riding on a camel? " "Do you even understand the meaning of walking? "?

Lin pianran laughed on the phone, saying, "Ru Yu, don't be so agitated. Leng Rong is only doing this because he feels sorry for you. Camels are not used for riding, they are used for carrying goods and water. We don't want to carry a big bag when we are hiking. " Therefore, we have to hand over all the food, food, and drinks to the camels to help... ..

Ru Yu hung up the phone and still wondered why she and Lei Zhenyu did not think of this when they went to the Nano desert back then If they also rented a camel, perhaps their journey would be much smoother.

But if they really rented a camel, then their honeymoon in the desert wouldn't be so romantic. They probably wouldn't be so brazen as to roll in the desert in front of the camel.

Thinking of this, she let out a long sigh. How long ago was this Why did she always feel that it wasn't real? It was just an illusion.

Had she really been to the desert with Lei Zhenyu, the slightly Germaphobic Lei Zhenyu, the CEO of the Lei family who always dressed up on Fridays Have they really been crazy in the ancient Nano desert?

Chapter 1447 was precisely because of this regret

That night, ru Yu did not go back to the Lei family, nor did she go back to Lei Zhenyu's apartment. It was Pu Zhihui's birthday, and she was going to celebrate her aunt's birthday.

Therefore, she called Lei Taihe and said that she had something to do at her mother's house for a few days. Lei Taihe misunderstood and thought that she was angry with Lei Zhenyu because of Song Yuxi's pregnancy. He did not say anything and only said that it was good for her to relax at her mother's house Of course, he also told her not to worry too much. He promised her that Lei Zhenyu would not divorce her.

Ru Yu hung up the phone with Lei Taihe and did not know whether to laugh or cry. Lei Taihe's actions were unnecessary. Did he need to promise her Lei Zhenyu did not want to divorce her in the first place.

The key now was that she wanted a divorce. She had to seize this opportunity to divorce Lei Zhenyu. No matter what, she had to divorce this marriage. She could not continue to delay Lei Zhenyu.

Lei Zhenyu was already thirty-two years old this year, and time passed so quickly. In the blink of an eye, a year had passed. She could not delay him year after year, right?

Pu Zhihui's birthday was forty-seven years old. Perhaps it was because she was an old woman giving birth, or perhaps it was because she had been worried about her child for the past two years, but it was obvious that she was older than the previous few years when she had not given birth.

However, Pu Zhihui did not care at all and said, "if I'm older, then so be it. It doesn't matter. The key is that I have a child now. The child is my most cherished treasure. Having a child is everything. "

Ru Yu looked at Pu Zhihui like this, and her mind often thought of Pu Zhihui from more than ten years ago. At that time, she was the main force of Jun Zhiqian. At that time, she had never thought of getting married or having children.

More than ten years ago, she was only a teenager. At that time, she even asked her jokingly, "Auntie Zhihui, don't you want to get married and have children for the rest of your life? Do you plan to be a single woman for the rest of your life? "

Pu Zhihui smiled and said, "what's wrong with being a single woman? If I'm not with the person I love, if I'm not helping the man I like to have children, then I'd rather not get married for the rest of my life! "

At that time, she knew that Pu Zhihui liked her daddy, Che Qixuan, but her Daddy, Che Qixuan, liked Pu Yongjun. Therefore, Pu Zhihui was destined to be a single woman for the rest of her life!

But later on, when Pu Zhihui completely retired from the martial arts world, when the three mysterious people lived an ordinary life, when Pu Zhihui had the mood of an ordinary woman, when she looked at ordinary people with the eyes of an ordinary person, her outlook on life.. Only then did her outlook on love gradually change.

Pu Zhihui's birthday was very lively. Her youngest son had undoubtedly become the laughing stock of Che Qixuan and Pu Yongjun. The two of them had been fighting to hold this little guy. A man in his fifties, holding a one-year-old child, actually smiled like a child.

When ru Yu saw this scene, she could not help but sigh. Her Daddy had finally fulfilled his dream in this lifetime. Although he did not have his own child, he had her and Auntie Zhihui's child, Yuan Yuan This made up for the regret that he and Uncle Yongjun did not have a child.

Pu Zhihui said that she was very regretful. She regretted that she got married and regretted that she got married late, so she could only give birth to this child. If she had gotten married ten years earlier, even if it was five years earlier, she might have been able to give birth to another child. If that was the case.. This family would be even more lively.

Ru Yu laughed and said that how could there be no doubt in one's life? If there were no regrets, then it was not called life. No one could have a perfect life. It was precisely because of regrets that our youth was not so boring!

Chapter 1448: The two of US have always been the same

For the next few days, ru Yu could not help but sigh when she recalled the conversation she had with Pu Zihui. She was only 28 years old, but her youth seemed to have more than half gone.

Fortunately, her youth had always been colorful. Fortunately, her love world was not a complete blank. There were always so many surprises and so many helplessness.

She once thought that the three years she spent with Jin Zhengnan were a waste of time. But later, when Jin Zhengnan died, she recalled that every day seemed to be not a waste. In fact, even when she was alone in an empty room, her life with Jin Zhengnan.. At that time, it was still very exciting.

She massaged her forehead with her hand and felt a little tired. This was the feeling she had for the past six months. She always felt tired, but of course, it was not because of her body. Because she was still young and her body was very good.

She knew that she was mentally tired because she wanted a divorce. However, she could not find a reason or excuse to get a divorce. Now that she finally had a divorce and an excuse, Lei Zhenyu refused to get a divorce.

Thinking of this, she felt inexplicably frustrated. Therefore, she quickly took out her cell phone and called Lei Zhenyu. Since the day she and Lei Zhenyu went back to the apartment for a night, they had not seen each other for the past week and had not contacted each other.

Lei Zhenyu's phone rang for a long time, and it was picked up when she almost lost her patience. Just as she was about to lose her temper, Lei Zhenyu's deep voice was heard, "Ru Yu, I'm in Tokyo for a meeting. What's the matter?"

A meeting in Tokyo She was slightly stunned for a moment before she reacted. Lei Zhenyu was actually not in Seoul, but had gone to Tokyo. No wonder it was so quiet this week..

"It's nothing. I originally wanted to talk to you about the three of us," ru Yu said lazily. "since you're in Tokyo, we'll talk about it when you come back."

"there have always been two of us. There are no three of us." Lei Zhenyu's voice came out of the phone, but it was just a second before ru yu hung up.

Ru Yu hung up the phone and felt frustrated. So she got off work early. Just as she walked out of Yun Heng building, she was surprised to find Song Yuxi waiting for her at the door.

She could not help but snort coldly in her heart. It seemed that Song Yuxi could not sit still anymore. It must be because Lei Zhenyu refused to have children, so she thought it was clever of her to think that she was behind it. She refused to divorce Lei Zhenyu and refused to recognize the child in her belly.

She originally wanted to pretend that she did not see it and walk away. However, Song Yuxi walked up and blocked her way. She said sincerely, "Ru Yu, can we... Talk?"

Ru Yu sighed helplessly, then nodded and said, "sure, let's go to the coffee shop over there."

There was a coffee shop on the opposite island. Ru Yu would occasionally come here to sit. Today, when she came over with Song Yuxi, the two of them casually found a seat and sat down.

The waiter came up to order the food. Ru Yu ordered a Cappuccino, while Song Yuxi ordered a cup of pure fruit juice. As expected of a pregnant woman, the coffee was no longer touched.

"Miss Song, what do you want to talk to me about?" Ru Yu stirred the coffee with a spoon, looked at Song Yuxi, and asked quietly.

"I think, Zhenyu must have told you about my pregnancy." Song Yuxi gritted her teeth and finally mustered up the courage to say, "I'm pregnant with Zhenyu's child!"

Ru Yu nodded, and then said indifferently, "well, I already know about this. Not only Lei Zhenyu told me, Lei Taihe also told me about it."

Chapter 1449: Song Yuxi comes knocking on the door

Ru Yu paused for a moment, then quietly looked at Song Yuxi opposite her. She picked up her Coffee Cup and took a SIP. She asked indifferently, "Miss Song, other than this, is there anything else?"

When ru Yu asked this question, Song Yuxi was drinking fruit juice. Hearing her careless words, she could not catch her breath. She choked until she coughed and almost spat out the fruit juice.

She was pregnant with Lei Zhenyu's child, and Che Ru Yu was Lei Zhenyu's wife. She thought that Che ru Yu would be furious or angry enough to scold her for being a shameless mistress or something.

However, who knew that Che ru Yu did not take her matter seriously at all. This made her not know how to continue because she did not treat her as a dish at all.

"There's nothing else," Song Yuxi said somewhat defeated. Then, she quickly expressed her position and said, "however, I want to tell you that I will not be separated from my child. So, if the Lei family only wants this child, I will absolutely not agree. I must be with my child."

Song Yuxi's words were very obvious. It was impossible for the Lei family to have the child in her stomach. If they wanted a child, they had to bring her back to the Lei family. She was obviously relying on the mother to care for the child.

Ru Yu nodded. She was not surprised by her words. Instead, she said faintly, "I understand your feelings. Besides, this is a woman. which mother would be willing to be separated from her child?"

Song Yuxi was stunned again. She thought that Lei Taihe had discussed with Ru Yu before because Lei Taihe said that he would give her a lot of money as long as she had a child. However, it was impossible for her to marry into the Lei family because the second young mistress of the Lei family was che ru Yu. This was a fact that could not be changed.

Lei Taihe could not get along with her, so she thought of looking for Che ru Yu. Initially, she wanted to have a tough fight, but she did not expect che Ru Yu to be so easy to talk to. Not only did she not mock her, she even acknowledged her actions.

Ru Yu ignored song Yuxi's expression Then, she said indifferently, "alright, Miss Song, I understand your meaning very well. I don't have any objections. In fact, after I found out that you are pregnant with Lei Zhenyu's child, I made it clear to Lei Zhenyu and his father that I can divorce at any time. However, the key now is that Lei Zhenyu is not willing to divorce me. "

At this point, ru Yu could not help but laugh and said, "people say that women want to use a child to bind a man's heart, but look at me. I've been married for more than a year, and I've never been pregnant. I feel embarrassed and feel sorry for the Lei family, but Lei Zhenyu refused to divorce me. What do you want me to do? "

Ru Yu was speaking the truth, but in Song Yuxi's ears, it undoubtedly became a mockery. It was as if she was saying, "Song Yuxi, even if I'm not pregnant, Lei Zhenyu will follow me. If you're pregnant, Lei Zhenyu still won't want you. "

Song Yuxi was so angry that her face turned red. She could not help but say angrily, "Che Ru Yu, don't be too proud. zhenyu-jun will divorce you. At most, after the child is born, he will see that the child is cute and will naturally distance himself from you. "

Ru Yu could not be bothered to argue with her over such a shameless question Hence, she nodded lightly and said, "alright, that's it. If you want both mother and son to enter the Lei family, you'll probably have to discuss it with Lei Zhenyu. I don't have any objections here. As long as he prepares the divorce agreement, I'll sign it at any time. Is that alright? "

Chapter 1450: the Romantic Lei Zhenyu

After saying this, ru Yu did not wait for Song Yuxi's reply. She immediately beckoned for the waiter and took out the money to pay for the bill. Only then did Song Yuxi react. She immediately took out the money and said that she had come because she had invited her.

Ru Yu smiled and said that it was the same no matter who came. In the end, the two of them sat together and discussed the same thing, didn't they Moreover, this matter was indeed a matter of life and death for the two of them.

On the way back, ru Yu was still thinking that Song Yuxi had come looking for her. It seemed that she was really pregnant with Lei Zhenyu's child. Presumably, that woman loved Lei Zhenyu to the point of madness, right?

At night, she was reading in the study room. Of course, she was reading about the Sahara desert of San Mao. Because they were going to hike in the Sahara desert next month, they had to do some homework in advance.

When her phone rang, she was closing the book and preparing to sleep. The familiar ringtone did not need to be read to know that it was Lei Zhenyu, so she reached out to pick up the phone. As she walked to the bedroom, she spoke on the phone, "Hello, Zhenyu, you're not asleep yet? "

"I can't sleep," Lei Zhenyu's voice came, and then he said in a muffled voice, "the bed in the Japanese hotel is too soft. It's uncomfortable to sleep on it."

"Then let the front desk change a room for you. The mattress in some rooms should be harder," ru Yu suggested to him, but she had already walked into the bedroom and was ready to go to bed.

"It's already so late. I can't be bothered to look for the manager," Lei Zhenyu's voice was faint, and then he quickly asked, "ru Yu, the cherry blossoms in Tokyo will open next month. How about we come to Tokyo for our honeymoon next month?"

"NEXT MONTH?" Ru Yu yawned, and then said indifferently, "there are too many easterners. I think the best place to look at the Cherry blossoms in Japan should be Hokkaido, right? The Cherry blossoms in Hokkaido seem to be the best in May."

"Then let's go to Hokkaido in May to see the Cherry Blossoms, okay?" Lei Zhenyu's interest was piqued when he heard her mention Hokkaido. He could not help but say happily, "I heard that Hokkaido has a lot of scenery. We'll go for a stroll then..."

"Leng Rong, Lin Pianran, and I are going to hike the Sahara desert at the end of April," ru Yu interrupted Lei Zhenyu indifferently. Then she said nonchalantly, "Well, you and Song Yuxi can go there in May. At that time, she was only four months pregnant and her belly was not considered big. So, we'll advance the honeymoon..."

Before ru Yu could finish her words, Lei Zhenyu had already hung up the phone. She looked at the phone and shook her head. Then, she threw it on the bedside table and immediately pulled the blanket to cover her head as she went to sleep.

Anyway, there would be a day when she would have a falling out with Lei Zhenyu. It was better to have a falling out sooner rather than later. She thought that it would be better to have a falling out sooner rather than later so that she wouldn't have to waste time and neglect him.

Ru Yu thought that Lei Zhenyu must be angry because her relationship with Lei Zhenyu had dropped to the freezing point because of this call. She hoped that he would be angry because as long as he was angry, perhaps he would be so angry that he would prepare a divorce agreement. And she would definitely sign it in the shortest time possible, and then the marriage would be divorced.

But the facts proved that she was completely daydreaming. Because the next morning, when she just arrived at the company, she received a large bouquet of white Gardenias, which made the entire creative studio smell fragrant.

"brother-in-law is so romantic." The young girl at the front desk looked at ru Yu with envy and then said with infatuation, "when I find a boyfriend in the future, I will also find someone like brother-in-law to give me Gardenias. How vulgar is a rose?"
