

Divorce 1451

Chapter 1451: The broad-minded Lei Zhenyu

Ru Yu had an unusual headache. Lei Zhenyu was determined not to divorce her. Moreover, he had not returned from Japan for the past two days, so the flowers were running fast. Every day, there was a handful of gardenias. It was even more romantic than when he was courting her.

Therefore, the receptionist pestered her and asked, "was it more romantic when brother-in-law was courting you back then?" What flowers did he send you back then Was it also Gardenias?

Ru Yu rolled her eyes at her and said unhappily, "back then, before we got married, he never sent me flowers!"

Of course, no one would believe it, but that was the truth. Lei Zhenyu had only known her for a few days before they got married Moreover, she only met him because she wanted to divorce Jin Zhengnan and had to find a lawyer to file a divorce case.

At that time, their marriage was purely for the purpose of an agreement. How could there be any feelings How could there be love If there was no love, how could there be romance?

When did they start to have romance with Lei Zhenyu She really didn't know. Many years later, whenever she thought of this question, she would shake her head and say, "it probably started in the Nano desert of Angola, right? "

Lei Zhenyu had returned. He had sent her a text message in advance. The meaning was very clear. He hoped that she could pick him up, even though there had been no such method between them for more than half a year. Everyone went back and forth separately.

She looked at the text message and sighed. Then she shook her head. She would not pick him up. However, she had to let someone pick him up, right?

No matter what, she had to let them develop a relationship first. Then, she... ..

Thinking of this, she quickly forwarded the text message to another woman's phone. She believed that she would definitely be very happy to pick him up, even though Lei Zhenyu might not be happy to see that woman.

After doing all this, she sat down in front of the computer. Because she was not in the mood to draw, she randomly browsed the Internet. Actually, she did not know what to read because at this moment, she could not even be bothered to pay attention to the entertainment news.

Speaking of the entertainment news, she could not help but recall that four months ago, Lei Zhenyu seemed to be attending a business party. That night, there seemed to be a celebrity present, and then there was a female celebrity walking arm in arm with Lei Zhenyu.

At that time, the newspaper made the headlines, saying that the mysterious behind-the-scenes financier of the celebrity had appeared, and that the president of the Lei Corporation liked sexy female stars or something.

In short, the entertainment news had been hyped up for two days. At that time, she was out sketching, but fortunately, she was not chased by the Paparazzi. However, she knew that it was Lei Zhenyu's intention because she had not contacted him for a long time. She could not even be bothered to talk to him.

He wanted her to be angry and take the initiative to look for him. As for her, she did not even get angry. It was a small trick. She had played it in front of her, and she had seen through it at a glance.

That time when she had returned, Lei Zhenyu had eagerly come to look for her. He regretted, apologized, and swore. In the end, she said, "Lei Zhenyu, have you had enough of this drama that you made up and acted in? If you didn't act it out to be boring, I would have been bored watching it."

That time, Lei Zhenyu was really angry. He left without even having a meal with her. She was happy to be free. It was good that he was angry. If he was angry, she would have a chance to get a divorce.

But who knew that Lei Zhenyu had a broad mind and a small temper. The next day, he was fine. Then, he called her to apologize and said that he would never do such a boring thing again. He told her not to take it to heart.

Chapter 1452, I'm selfish

Of course, she didn't take it to heart. It was just a rumor that he was messing around with. Not to mention her, even her mother who was far away in Binhai could see through it. She even called her to scold her, "did you neglect Zhenyu again? Look at his performance. Isn't he trying to get your attention?"

Look at how bad Lei Zhenyu's acting was. He was seen through at a glance. Fortunately, he knew his own limits. In the past few months, he didn't put on such a show, and the entertainment circle had fewer topics to be followed.

Ru Yu browsed the Internet and finally entered a community forum. There was a world of emotions in it. Many people talked about some of the emotional things that they had experienced.

Ru Yu remembered that she had come to this community forum when she was dating Jin Zhengnan. At that time, she was still in a free mood. Later, she did not come again. Today, she came in again and found that many married women were talking about men changing their hearts and having affairs. They were looking for mistresses and other things.

Of course, there were also many men who were talking about how women nowadays were not good. They even said that women nowadays were too casual and hated the women they met when they got married the most.

There was a man called brother sorrowful who said that the most unfortunate thing in his life was that when he pushed open the door, he found his wife actually Rolling Around on the Sofa with a man, and that man was actually his best friend. He wished he could pick up a kitchen knife and kill the two of them on the spot.

Many forum users left messages for him. Of course, they still advised him not to use a knife to cut people. After all, that was illegal. They said that it was fine to divorce this kind of woman and kick her as far away as possible so that she would never appear in his sight.

Of course, there were also some more emotional netizens who said that divorce was definitely not enough for this matter. No matter what, they had to teach this cheating couple a lesson. Otherwise, it would be too unfair to be cuckolded.

The poster of the Post said that he had already divorced this unfaithful wife and chased her out. He even did not plan to stay at his previous home and was preparing to sell his house.

Ru Yu looked at the post and the comments under it. Gradually, a bold idea slowly appeared in her mind.

She left the community, closed the web page, and stood in front of the window for a long time. Looking at the busy crowd outside the window, she thought of her 28-year-old age, and her heart finally clenched.

“I’m selfish,” she said to herself. “Lei Zhenyu, I’m the absolutely selfish one. If one day, you want to hate me, or if you want to kill me with a knife, I don’t care. Who asked me to be... as timid as a mouse?”

Thinking of this, she sighed again. Leaning against the wall, she looked at the photo of her and Lei Zhenyu in the Nano desert on the workbench. At that time, they were hugging each other head to head, and his arm stretched out to take the photo. It was their most beautiful photo.

She took the small photo frame, and her fingertips brushed across Lei Zhenyu’s sunny smile. She could not help but think to herself, “I’m sorry, Lei Zhenyu. If this time, I do something extreme, please, you must hate me. You must divorce me. You must never remember me again...” Don’t think of me again.

Putting down the photo frame, she finally made a decision. Then, she picked up her phone, found a number, and dialed it gently. She knew that he was good to her. As long as she asked, he would definitely respond to her request.

Chapter 1453. Che Ru Yu doesn’t love you

Lei Zhenyu got off the plane and walked towards the departure hall naturally. He thought about how he had sent a message to Ru Yu before he got on the plane, and how he had sent her Gardenias in the past two days. The little girl should have calmed down. She should be coming to pick him up today, right?

However, when he saw Song Yuxi, he immediately understood. Che Ru Yu did not come, but why did Song Yuxi come back? Of course, it was Che Ru Yu who told her, because the news of his early return had only been told to Che Ru Yu alone.

“Zhenyu-kun.” Song Yuxi carefully followed Lei Zhenyu’s side. Her footsteps were like those of a Japanese woman, and her voice was soft and soft. “Zhenyu-kun, I know you don’t want to see me...”

“Then you will disappear automatically,” Lei Zhenyu said irritably. He was full of hope that he could see his wife, but he did not expect that his wife would not come. Instead, a fly that made him feel disgusted would appear.

“But will she appear when I disappear automatically?” A mocking smile appeared on Song Yuxi’s face. Then, she said in a low voice, “Zhenyu, I know you don’t like me and don’t love me, but we’re in the same boat, aren’t we?” “You like her, but she doesn’t like you. When I told you that I was pregnant with your child, she wasn’t surprised at all. She wasn’t angry at all. She even said that she would sign the divorce papers. Look... “...”

“enough.” Lei Zhenyu was so angry that his eyes were burning. He looked at the woman in front of him. He gritted his teeth and asked, “why did you look for her? What right do you have to look for her? Huh? Who do you think you are? A woman who used schemes and plots to frame me? Even if she was pregnant with a child, she was not conceived in the open. What right do you have to look for her? Are you qualified to sit with her?”

“I’m not.” Song Yuxi completely ignored Lei Zhenyu’s anger. Then, she looked at Lei Zhenyu and sneered, “yes, I’m a pitiful person. Because I love you, I became a pitiful person. I’m cheap and I can’t forget you for so many years. Why didn’t I help another man to have a child? Why did I want to bear your child?”

Song Yuxi almost screamed hysterically. She could not help but burst into tears when she spoke of her sadness. “Isn’t this because I love you? Isn’t it because I like you? Isn’t it because I want to be with you too much?”

Lei Zhenyu was immediately shocked by her scream. He could not say a word for a moment. He only felt that Song Yuxi was as pitiful as he was.

Yes, what was wrong with loving someone? Even if he had really made a mistake in the past?

It was just like how he loved Che Ru Yu. He loved her, no matter how she ignored him, he still loved her. No matter how she mocked him, no matter how she ignored him, he still tried every means to get close to her and wanted to be with her.

Even if they quarreled every day, even if he looked at her cold face every day, it was still better than not seeing her cold face at all?

“Zhenyu-kun, we are the same.” Song Yuxi saw that he did not say anything, so she carefully walked up to him. She lowered her head and said, “Zhenyu-kun, I know that you don’t love me anymore, but I love you. Che Ru Yu doesn’t love you. She doesn’t love you. Why are you still protecting her?”

Lei Zhenyu felt extremely uncomfortable. He knew that Che Ru Yu did not love him, but it was another matter if someone said it out loud.

Therefore, he pushed Song Yuxi away with a cold face. Then, he pointed at her and said, “don’t follow me. If you follow me again, I’ll sue you for harassment. I’m a man of my word.”

Chapter 1454: Where did chapter 1454’s Ru Yu go

As soon as he finished speaking, he immediately turned around and ran to his parking spot. At this moment, he only wanted to drive back as fast as he could. He wanted to ask Ru Yu in person, “have you ever loved me?” Even just a little bit?

Lei Zhenyu was in a hurry to rush back to see Ru Yu. He wanted to ask her about it, but it was seven o'clock in the evening when he got off the plane. It happened to be rush hour, so after entering the city, he was like a snail crawling. Moreover, he could not walk as fast as Ru Yu.

If it were not for the fact that the car could not be parked in the middle of the road, he really wanted to get off and walk, so he could only be anxious. However, it was useless to be anxious. The road ahead was blocked, unless the car could grow wings in an instant and fly through the air.

He was stuck in the road for more than two hours. By the time he arrived at Ru Yu's apartment, it was already past 21 o'clock at night.

He did not care that he had not eaten dinner and went upstairs to knock on the door. However, after knocking for a long time, no one opened the door. The person in the room next to him was knocked open by him.

The person next to him opened the door and said a little irritably, "she hasn't come back yet. What are you knocking on? It's useless to knock a hole in the door."

"Thank you." Although the person next door said it in a very bad tone, he still said thank you very politely and then turned around to walk downstairs.

If she didn't come back, then where did she go? Did she go back to his apartment? After all, they had lived there when they first got married.

With this thought, he immediately drove to his apartment quickly. This time, he didn't need to knock on the door because he had the key to his own apartment.

However, when he opened the door with the key and entered, he realized that it was pitch black. There wasn't even the slightest scent of people, let alone people. From this, it could be seen that she had never returned to this place during his business trip of more than a week.

He had no choice but to go downstairs again. This time, he drove straight back to the Lei family because that was the only place he could think of.

On the way back to the Lei family, he was still thinking that his father lived in the Lei family compound in Seoul. Ru Yu probably wanted to maintain the peace on the surface of their marriage, so she went back to the Lei family to stay.

By the time he rushed back to the Lei family compound, it was already ten o'clock in the evening. Lei Taihe was not feeling well and had already gone to bed. He looked upstairs and downstairs, but there was no sign of Ru Yu at all. There was no scent of her coming back in the room. He could not help but ask the Butler, Achang, did Ru Yu come back today.

The Butler shook his head and said, "no, she came back three days ago to have dinner with master. She did not stay here at night and has not come back since."

The Lei family compound had not come back either. Then where did she go? Could she have gone back to her father, Che Qixuan?

With this thought in mind, Lei Zhenyu took out his cell phone and called Che Qixuan. It was past ten at night. He didn't know if Che Qixuan had fallen asleep, but no one picked up the phone.

Just as he was driving around on the road, wondering if he should go to Che Qixuan's place to have a look, Che Qixuan called him, asking him why he was calling so late at night.

Lei Zhenyu quickly and carefully asked if ru Yu had gone back. He also said that he accidentally offended her. Ru Yu was throwing a tantrum with him.

Che Qixuan said that she didn't. This girl, ru Yu, hadn't come back for a few days. Perhaps she was busy with work. There was an oil painting exhibition in August this year in Binhai. She probably wanted to participate in that exhibition.

He had looked everywhere he could think of, but there was still no sign of her. He couldn't help but become anxious. Che Ru Yu, where did she go?

Chapter 1455 found out about her

Lei Zhenyu did not know where ru Yu had gone, and he felt very uncomfortable. Meng ran felt that she had been neglecting her duty and had neglected him for the past six months. As for him, he was busy with work, and because she could not let go of Jin Zhengnan, he became less enthusiastic towards her.

He leaned on the steering wheel and was angry. At this moment, he actually did not know who to call because her best friend, Lin Yuxin, had been tricked by his big brother. Moreover, Lin Yuxin was not in Seoul first, but in Taiwan.

After thinking about it, he finally called his former sister-in-law, Cai Shaofen, because he knew that Cai Shaofen and ru Yu were also in contact, but he did not think that ru Yu and Lin Yuxin were so close.

Cai Shaofen got married again six months ago. Her husband seemed to be the chairman of her company. Although that person was two or three years older than Lei Zhensheng, he liked Cai Shaofen. It was said that the old couple had a very good relationship.

Cai Shaofen quickly picked up the phone. Lei Zhenyu said embarrassedly, "ru Yu's phone is turned off. I just came back from a business trip. I forgot my keys, so I can't enter the house? "

Cai Shaofen felt strange and couldn't help but say, "there are butlers in the Lei family at any time? " However, before Lei Zhenyu could explain, he suddenly came to a realization and said, "you guys live in an apartment? "

Lei Zhenyu heard this and thought that Cai Shaofen probably didn't know where ru Yu was. Because Cai Shaofen had been busy with her own matters since she got married, she probably didn't have much contact with ru Yu.

He didn't know. Just as he was about to hang up the phone, Cai Shaofen said again, "I went to have supper with my husband tonight and met Ru Yu. She's with a man. I think he's her friend. "

"Then where did you meet her? " Lei Zhenyu quickly asked. His heart was about to jump out of his chest. He had been looking for her all night, but he didn't expect Cai Shaofen to know where ru Yu was.

"Near my old apartment, " Cai Shaofen said in a calm voice, "near the apartment she lent me. I wanted to eat some sichuan-style snacks there, so I drove there. She even talked to me. "

“How long ago was that?” Lei Zhenyu thought that he had been to ru Yu’s apartment. There was no one knocking on the door at that time But that was two hours ago. It was already 23:30 now.

“about an hour ago.” Cai Shaofen yawned and said, “I came back after eating supper. When I left, I saw that she was preparing to pay the bill.”

“thank you, sister-in-law.” Lei Zhenyu hurriedly thanked his former sister-in-law, but it was inappropriate to call her sister-in-law, so he immediately changed his words. “Sister Cai, thank you.”

After hanging up Cai Shaofen’s call, he started the car again and drove towards ru Yu’s apartment. An hour ago, so ru Yu should have gone back by now.

Sister Cai said that she was having supper with a man. Thinking about it, it must be a friend from Binhai who grew up with her. Leng Rong, Zheng Junji, Lin Pianran, and so on, all of them had a very good relationship with her.

He drove there naturally, thinking that he had to make things clear with her tonight. He would not be angry with her in the future. This time, the incident of Song Yuxi being pregnant was completely caused by him being angry with her.

If he did not get angry with her, he would not have gone to the bar to drink at night. If he did not go to the bar to drink, he would not have met the scene of Song Yuxi being pestered by another man, and today’s incident would not have happened.

Chapter 1456 finally found her

Ru Yu was having supper near her bachelor apartment. She should be staying at her bachelor apartment tonight, so he immediately drove to the location of Ru Yu’s bachelor apartment.

By the time he drove to the residential area where Ru Yu’s bachelor apartment was located, it was already midnight. He opened the car door and got out. He looked upstairs and saw that the lights were on in Ru Yu’s apartment. She should not be asleep at this time.

He could not help but smile in relief. He felt warm in his heart and quickly walked towards the corridor of the apartment.

When he reached the door, he instinctively wanted to ring the doorbell again. Then, he remembered that it was the middle of the night, and the people next door were already asleep. Would he wake the people next door if he rang the doorbell?

So, he used his hand to knock on the door, and his fingers gently knocked on the door. He thought that if ru Yu was not asleep, she should be able to hear the knocking and open the door for him.

However, after he knocked twice, he realized that the door was not closed at all. It was left ajar, so he could not help but push the door open and walk inside.

When he entered, he smelled the smell of alcohol. He could not help but frown. She was drinking alone at home. was she in a good mood tonight?

He closed the door behind him. After taking a few steps, he immediately realized that there was a pair of leather shoes on the ground. Moreover, that pair of leather shoes was obviously a man's.

It was not his, that was for sure. He had just entered.

He frowned instinctively and kicked the pair of leather shoes to the side with his feet. Then, he continued walking inside. However, his heart became more and more nervous. An ominous feeling spread in his heart.

Sure enough, at the bar counter, two tall wine glasses were lying quietly. One of them was placed straight, and there was still half a glass of wine inside. The other one was lying there, and there was still red wine slowly dripping out.

She was drinking at home And she was not drinking alone How could a person use two wine glasses?

He could not be bothered to study the wine glasses. He quickly walked towards the bedroom. Just as he reached the bedroom door, he was shocked to find a belt lying there. His heart instantly contracted violently, and a certain fear in his heart kept growing He placed his hand on the handle of the door lock, but in an instant, he did not have the strength to push it away.

He did not know if it was because he was in a hurry to find her at night and did not eat, or if it was because he was too nervous, but at this moment, his palms were actually sweaty, and there were faint beads of sweat on his forehead.

He only felt uncomfortable. The strong smell of alcohol in the room made him uncomfortable. He placed his hand on the handle of the door lock, and after a long while, he finally exerted force, and the door lock opened with a click.

The light in the bedroom was dim, no, it was ambiguous. He did not know if he was dizzy or what, but he only felt that he could not see clearly. His throat was Itchy, so he could not help but cough twice.

Finally, there was movement in the bedroom. He was about to step in to take a look, but he found that Ru Yu had already faxed him an extremely sexy nightgown. Her face was pink, and when she saw him, she was clearly in a panic. Then, she lowered her head again.

"Ru Yu..." Lei Zhenyu called her, perhaps because he forgot to drink water when he was looking for her at night. At this moment, he only felt that his throat was dry, and even calling her name was very dry.

Ru Yu raised her head, and there was no expression on her face. It was just that the nightgown on her body was obviously wrinkled, and her hair was messy. It was as if she had washed her hair and had not blown it dry, or as if she had just done an intense exercise and was drenched in sweat... ..

Chapter 1457, I look down on you

"Ru Yu... what are you..." Lei Zhenyu took a step back and looked at his wife with wide eyes. He felt that something was wrong ...

“This is my apartment. Why did you come here for no reason?” Ru Yu’s tone was indifferent with a hint of reproach. It meant that his arrival had disturbed her good thing, and when she said this.. She even subconsciously used her hand to pull the wrinkled nightdress on her body.

Lei Zhenyu only felt that her words were particularly harsh. The nightdress on her body was especially eye-piercing, causing his eyes to be astringent. Therefore, he instinctively reached out and forcefully pushed her away before squeezing in just like that.

However, after taking two steps towards the bedroom, he could no longer continue walking. He was completely stunned on the spot. Then, he looked at everything in front of him in a daze

What was scattered on the carpet at this moment?

Men’s shirts and jackets, socks, jeans, women’s clothes, little cutie... ..

Lei Zhenyu felt as if he had entered a desert in an instant, surrounded by endless sand. The strong wind blew, and the sand rolled up layer by layer towards him. This was the so-called sandstorm.

The sandstorm blinded his eyes, and he only felt that he couldn’t see anything clearly. Moreover, the sandstorm was too strong, and it hit him so hard that he couldn’t even stand properly. Therefore, he had to use his hands to feel for support against the wall to stabilize his body.

With great difficulty, he finally managed to stabilize his tall body. Then, he mustered up all his courage and took a step forward. This time, he finally saw her bed.

It was her bed, because he had never stayed here before.

However, at this moment, there was a person lying on her bed. To be precise, it was a man, a man who was wearing only a four-corner cloth.

The man looked somewhat familiar. He was about to go forward to identify him, but ru yu quickly pulled his arm and pulled him out of the bedroom. Then, she closed the bedroom door with a bang.

He stared at the woman standing in front of him with his dark red eyes. He gritted his teeth so hard that they made gurgling sounds. After a long while, he growled, “Che Ru Yu... aren’t you going to explain?”

“explain what?” Ru Yu’s tone was indifferent and distant. “Didn’t you see it? What’s there to explain?”

“You...” Lei Zhenyu was so angry that he almost vomited blood. He pointed at her with his finger and after a while, he asked with a trembling voice, “what... What do you mean?”

“Nothing. We’re all the same.” Ru Yu’s tone was still calm. She looked at Lei Zhenyu with a mocking gaze and said, “you have yours... I have mine too...”

Lei Zhenyu felt that the sky was about to collapse. No, the sky had already collapsed. Under the pressure of Song Yuxi’s pregnancy, what he longed for was for ru yu to work with him to deal with this matter. What he longed for was for them to work together as husband and wife to face the outside world.

However, he did not expect that ru Yu did not work with him at all and even took the initiative to give up her position. This already made him very unhappy. Now, she actually... ..

“I’ve been looking for you everywhere tonight. I’ve been looking for you for a long time.” Lei Zhenyu’s voice was somewhat hoarse due to the dryness of his throat. “I want to tell you...”

“DIVORCE!” Ru Yu took over his words and nodded. “I know you want to divorce them. You want to give them an explanation...”

“Yes, divorce.” He seemed to have finally found a breakthrough. Then, he looked at the woman in front of him with disgust and snorted. “Che Ru Yu... I really look down on you...”

Chapter 1458 Lei Zhenyu was in a car accident

Lei Zhenyu turned around quickly and ran away in a panic. There was an elevator in the apartment, and Ru Yu lived on the ninth floor, but he ran down the fire stairs.

He ran in a hurry and stumbled. There were a few times when he fell due to the noise, but in the end, he staggered out of the apartment building and ran to his car.

He got into the car in a hurry and started it quickly. At this moment, he only wanted to escape from this dirty, dirty, and shameful place.

Ru Yu stood on the balcony. She was at a loss. She looked at the starting car downstairs and the car that was driving towards the exit. Her heart actually hurt intensely.

Tears almost rolled down in an instant. She knew that he would hate her. She knew that he already looked down on her. However, none of this was important. It really wasn’t important.

Lei Zhenyu, I only want you to be happy. I want you to have a complete family. I want you to have a wife and children to live a happy life.

Even if I’m not in your happy days, even if you will hate me forever!

Lei Zhenyu’s car was already out of sight. She wiped her face with her hand. Since she had already done it, she would not regret it. Since she had already done it, she would not regret it. Now, she only hoped that Lei Zhenyu would come to her tomorrow to sign the divorce agreement.

Lei Zhenyu drove crazily. It was late at night. There were few cars on the road. He stepped on the gas pedal extremely low. It was as if the car was about to fly. He drove straight ahead with a whistle.

He did not know where he was going, nor did he know where he was going. The world was vast, but at this time, he actually found a safe place to live.

Nine years ago, he held a bouquet of flowers in his hand and wanted to propose to Song Yuxi. In the end, he witnessed her and his friend rolling around on the bed. Nine years later, he finally fell in love with another woman, and that woman was his wife.

However, history would play out in a dramatic way. His beloved wife was actually in her apartment with her best friend... ..

God, how could Lei Zhenyu be inferior to other men Why did all the women he fell in love with betray him in the end?

Lei Zhenyu's car had been driving all the time. He had been driving crazily because his brain was in a mess. He should have turned at the intersection in front and entered the city to rectify the road. There was a one-way street ahead.

However, at this moment, he did not pay attention to the road sign at all, so he did not notice that there was a one-way street ahead. Therefore, he resolutely drove straight ahead and then... ..

Ru Yu had just tidied up the things on the ground and looked at the man who was sleeping like a dead pig on the bed. She threw his clothes on the headboard, took a set of pajamas, and turned around to go to the guest room next door.

Lying on the bed in the guest room, she was so upset that she could not fall asleep, so she could not help but take out her phone and turn it on. She was thinking whether she should call Yun Zai who was far away in the United States. It was daytime over there.

But when she found Yun Zai's phone, she hesitated again. Would Yun Zai be shocked when he received her call Although it was daytime on his side, he also knew that she was in the wee hours of the morning?

She sighed in frustration but did not make a call in the end. She threw her phone aside and was about to lie down on the bed to sleep when her phone suddenly rang. In this quiet morning, it was particularly ear-piercing.

She was so shocked that she almost jumped up. She quickly took her phone and pressed the answer button in a flurry. Before she could speak, an unfamiliar voice came from the phone, "excuse me, is this Lei Zhenyu's wife? Mr. Lei Zhenyu got into a car accident on XXX road..."

Chapter 1459 are you worried about me

Car Accident Ru Yu was stunned for a second before she jumped up and hurriedly put on her clothes. Then, she hurriedly ran out of the door. She couldn't care less about the man who was still unconscious in the master bedroom.

When ru Yu rushed to XX road, Lei Zhenyu had already been sent to the hospital. His car and a small car directly crashed into each other. The front of the two cars collided, and the hood of the car in front was rolled up. The safe was scattered all over the ground, and it was beyond recognition.

She rushed to the hospital again. At this moment, she was so regretful that she even wanted to hit the wall. If she had known that he would be so angry and agitated, she would not have arranged for such a scene to provoke him.

The emergency room in the hospital was surrounded by people, and there were police officers there. She rushed in and asked incoherently, "how is Lei Zhenyu? Is His life in danger? Where is he injured? Has He woken up?"

Her series of questions confused the police officers. When she finally stopped, the police officer said, "which car are you the family member of?"

"Maybach, the family member of that Maybach." Ru Yu then remembered that she did not explain clearly. The police probably only remembered the car and did not notice the owner's name.

Before the police could answer, ru Yu heard a familiar voice from behind her, “are you concerned about me?”

She was slightly stunned and turned her head back. Only then did she see Lei Zhenyu, who was covered in blood, standing in front of her. She was slightly stunned, and then came to her senses. She quickly ran forward and hugged him directly.

“Zhenyu... are you alright?” The moment ru Yu opened her mouth, tears streamed down her face. Just as she threw her head into his embrace, she thought of the blood all over his body and quickly retreated a little. She carefully observed him, “are you hurt anywhere? Why is there so much blood?”

“I’m fine.” He was stunned for a moment before he reached out his arm to hug her. Then, he said in a low voice, “it’s the driver’s blood. He’s injured. My car is fine. The airbag protected me.”

“thank God.” When ru Yu heard that he was fine, she was finally relieved. She kept muttering, “thank God. It’s good that you’re fine. It’s good that you’re fine...”

“I thought... you...” Lei Zhenyu hesitated for a moment, but in the end, he did not say it out loud. There was a nurse shouting for the money. He let go of Ru Yu and quickly walked over. However, his leg was slanted ...

“Zhenyu, what happened to your leg?” Ru Yu felt that something was wrong. She followed him and snatched the bill from his hand. “You sit here for a while. I’m going to pay the money. Don’t move anymore.”

By the time ru Yu returned after paying the bill, Lei Zhenyu was already taking statements from the police. Of course, he was the one taking full responsibility. The other party’s injuries were more serious. Fortunately, his life was not in danger, but he had to be hospitalized.

The other party’s family was relentless. They came up to Lei Zhenyu and wanted to beat him up. Fortunately, the police and the hospital’s security guards were here, so they were pulled back.

After settling this matter, it was already past six in the morning. It was already dawn outside. Ru Yu supported Lei Zhenyu, who had sprained his ankle, and walked out. She wanted to help him into the car, but she was surprised to find that his assistant had already arrived.

Lei Zhenyu was very tired. He did not want to say a word and just got into his assistant’s car. Ru Yu could only sigh and then get into her own car. She had better hurry back. Tonight was really torturous.. She only hoped to have a good sleep when she went back. Everything else had to wait until she had slept enough.

Chapter 1460 friends are used to make use of

However, when ru Yu rushed back to her home and just opened the door to enter, she found an angry face. Leng Rong glared at her like an angry lion. “little feather, what did you put in my wine last night?”

“nothing... nothing?” Ru Yu felt guilty and couldn’t help but laugh. “Leng Rong, what could there be in the wine? It’s just wine.”

“nonsense?” Leng Rong immediately became furious She couldn’t help but approach her and say, “little feather, are you lying to a three-year-old child I, Leng Rong, am known as the one who never gets drunk after a thousand cups of wine. Can I get drunk after drinking two cups of wine with you last night And I even got drunk on your bed How did I take off my clothes How did I climb onto your bed Tell me honestly Don’t give me a perfunctory answer Am I that easy to give a perfunctory answer?”

“I put sleeping pills in your wine.” Ru Yu admitted truthfully, “I dragged you onto the bed. I helped you take off your clothes. That’s it...”

“Why did you do that?” Leng Rong approached her again and his deep gaze landed on her face. Then, he thought of something and asked, “who did you do it for? Lei Zhenyu?”

Ru Yu did not answer his question. Anyway, this matter was already over. Leng Rong loved to be angry, so he could vent his anger.

“Che Ru Yu, you used me?” Leng Rong finally understood, so he reached out and grabbed her shoulder A feeling of being used by someone was very bad. “Che Ru Yu, what right do you have to use me? Ah? I, Leng Rong, was born to be used by you?”

“The role of a friend is either to be sold or used.” Ru Yu pulled his hand away and said coldly, “it’s better for me to use you than to sell you, isn’t it?”

“I...” Leng Rong was so angry that he could not speak. He then glared at her. After a while, he took out a cigarette from his bag and said, “tell me, what do you want to do by doing this?”

Ru Yu did not say a word. Of course, she had her own plans, but she did not want to tell Leng Rong, so she waved her hand irritably and said, “you can leave now. Why are you still standing here after being used by others?”

“You want to break up with him?” Leng Rong finally completely understood Then, he looked at her and said, “No wonder you’ve always loved to go out with us for the past six months and rarely stayed in Seoul. Is it... did something happen between the two of you? Lei Zhenyu, did he do something to let you down?”

“Leng Rong, you can get lost now that you’re done with your nonsense.” Ru Yu was finally angered by Leng Rong’s question. She could not help but run over to open the door and said, “get lost now. DON’T DISTURB MY SLEEP!”

“I can leave.” Leng Rong walked towards the door and said fiercely to her, “Che ru Yu, remember this. I, Leng Rong, am not used for nothing. If you divorce Lei Zhenyu this time, you have to marry me. If you dare to marry someone else again, I will tear your other husband apart!”

Ru Yu only felt that he was bored and could not be bothered with him. She and Lei Zhenyu had divorced, so of course she would never get married again. If she still wanted to get married, then why would she divorce Lei Zhenyu Lei Zhenyu was such a good man!

Leng Rong finally walked out while swearing. Ru Yu slammed the door and quickly ran to the guest room to sleep. She did not even go to the master bedroom. There was still the smell of Leng Rong on it. She did not like his smell.
