

Divorce 1461

Chapter 1461 your wishful thinking is wrong

Ru Yu thought that this time, her divorce with Lei Zhenyu should be without suspense. Of course, Lei Zhenyu had also thoroughly seen through her. Presumably, he must have looked down on her, right?

However, yesterday, she slept at home for a whole day. Lei Zhenyu did not come to talk to her about the divorce, nor did he call her. She thought in her heart that he was probably still busy with the car accident first, right?

For five consecutive days, there was no movement from Lei Zhenyu's side. Ru Yu really could not sit still this time. What did Lei Zhenyu mean by this? She had given him such a big 'cuckold', yet he was actually indifferent to it and even silently admitted it?

Impossible, IT SHOULD BE IMPOSSIBLE! She immediately denied her own guess in her heart!

If Lei Zhenyu had admitted it just like that, then Lei Zhenyu would not have been so angry that he could not even get a one-way lane to drive his car, much less bump into someone else's car.

But if he did not admit it like that, then he should have been very angry, very angry, and then immediately divorced her. Why didn't he do anything at all?

Ru Yu was a little flustered. In the end, she couldn't help but take the initiative to call Lei Zhenyu. This time, the phone only rang for three seconds before Lei Zhenyu picked it up.

"zhenyu-kun," ru Yu said carefully.

"Yes, what's the matter, honey?" Lei Zhenyu's calm voice came over, as if nothing had happened that night five days ago.

"Um... can we meet?" Ru Yu finally gritted her teeth and said. This matter couldn't be delayed. As time passed, she was afraid that Lei Zhenyu would react. At that time, her painstaking arrangement would be in vain ...

"Sure, let's go back to the Lei family tonight." Lei Zhenyu agreed without any hesitation. "The two of us haven't gone back to the Lei family for a long time. Father even called me yesterday to ask if you were angry with him."

"Alright then." Ru Yu thought about it. Let's go back to the Lei family then. She had to discuss this matter with Lei Zhenyu. Of course, it was about the divorce agreement.

Coincidentally, old master Lei was at home. He missed his grandson so much that he was going crazy. She took this opportunity to clarify her views. She would take the initiative to give up the position of the young Madam of the Lei family. Moreover, she would not drag Lei Zhenyu back.

When she drove back to the Lei family at night, she was surprised to find that Lei Zhenyu had gone home before her. When she walked in, Lei Zhenyu was arguing with his father, Lei Taihe, in the living room.

When he saw ru Yu come in, Lei Taihe immediately waved for her to go over. Then, he panted and said, “ru Yu, to be honest with you, what’s wrong with admitting the child in Yu Xi’s belly?”

“Nothing.” Ru Yu was slightly stunned. Then, she quickly showed her attitude and said, “Dad, didn’t I tell you half a month ago? I can give up my position at any time.”

“Who told you to give up your position?” Lei Zhenyu fiercely scolded her. Then, he said in a bad mood, “Che ru Yu, if you want to seize this point and think of ways to divorce me, then your wishful thinking is wrong. Let me tell you, I won’t accept Song Yuxi, and I won’t recognize the child in her belly.”

When ru Yu heard Lei Zhenyu’s words, her head hurt. She was about to speak. Then, she heard Lei Zhenyu say to Lei Taihe, “Dad, tell Song Yuxi that if she has the ability, she will give birth to the child. But let me say it first, the DNA test is my child, and I, Lei Zhenyu, will not admit it. She can do whatever she wants alone!”

Chapter 1462. He did not deviate from it

Ru Yu only felt pain in her heart and liver, so much so that it was difficult for her to feel more pain. However, Lei Zhenyu refused to let her go and dragged her up to the room on the third floor.

“Hey, Lei Zhenyu, what are you trying to do?” Ru Yu only felt that Lei Zhenyu was not right at this moment. She grabbed the door frame with both hands and did not want to go in. She did not want to stay in a cage with an angry lion.

It was said that when a lion was hungry, it would eat people. She did not want to be eaten by him, including bones and meat.

However, things had come to this point. It was no longer possible for her to not go in if she did not want to. Lei Zhenyu used a little strength and pulled her hand away. Then, he pulled her in.

“Lei Zhenyu,” ru Yu finally shouted nervously. She tried hard to pull him back. However, because she had been struggling with the issue of divorce with Lei Zhenyu for the past few days, she had no appetite at all. Therefore, she could not eat. At this moment, she actually did not have much strength.

“Don’t call me.” Lei Zhenyu was furious. Just now, this woman’s behavior downstairs made him very angry. She could give up her seat and sign the divorce at any time. It almost made him vomit blood.

He, Lei Zhenyu, was not liked by her. How could she despise him to this extent?

Wasn’t it just Song Yuxi who was pregnant with a child? She did not even know if it was his, but she vetoed him with one vote. She did not even give him a chance to make a comeback.

Besides, was he sincerely cheating on her? She would be able to seize on his mistake that time and not let it go. Moreover, she would perform a messy scene again and again. Didn’t she just want to divorce him?

He would not let it go!

When ru Yu saw Lei Zhenyu pulling her onto the bed, she could not help but shout again, “Lei Zhenyu, what on earth are you doing? Can’t we talk properly on the SOFA?”

“make a baby first, then talk, ” Lei Zhenyu answered very rudely. As he spoke, he had already forcefully carried her onto the big bed. Before she could get up, he had already quickly pressed her onto the bed.

“No... ” Ru Yu used her hand to push away his hand that was trying to peel off her clothes. She could not help but shout loudly, “Lei Zhenyu, don’t you think I’m dirty? That night, I followed... ”

“follow you, dead man’s head? ” Lei Zhenyu was angry when he said this He could not help but snort coldly, “don’t mess around with these messy things in the future. Even though Leng Rong is famous, does he dare to eat grass beside his nest? Besides, he won’t get drunk even after a thousand cups. Can your two cups of wine knock him out? ”

“Can’t I GIVE HIM AN APHRODISIAC? ” Ru Yu was so angry that she started to speak recklessly. At this moment, she only wanted to push Lei Zhenyu away because she felt a little uncomfortable in her stomach.

“AN APHRODISIAC? ” Lei Zhenyu snorted coldly and said, “Che Ru Yu, do you know what an Aphrodisiac is? Do you know how strong an APHRODISIAC IS? Do you want me to take some aphrodisiac to let you experience it? So that you won’t talk nonsense in the future? ”

Ru Yu only felt that she was finished. She didn’t know where the flaw in the plan that she thought was perfect had been exposed. Lei Zhenyu actually saw through it. Now, he didn’t believe that something had happened between her and Leng Rong.

While she was in a daze, Lei Zhenyu had already quickly stripped her of her clothes. He pressed her with one hand and quickly stripped his own clothes with the other hand.

“Lei Zhenyu, what are you doing? ” When ru Yu felt that the pillow under her head was forcefully pulled away by him and stuffed into her buttocks, she instinctively felt that something was wrong. Lei Zhenyu must have gone crazy.

Chapter 1463: Making a baby

“making a baby! ” Lei Zhenyu answered sullenly. His waist was already rapidly falling towards her empty space. As he moved, he said in a low voice, “it’s time for us to make a baby. ”

Make a baby Make a baby?

Ru Yu was stunned for a moment before she completely reacted. Therefore, she gritted her teeth and forcefully pushed the man on top of her, “No, I don’t want to get pregnant. I don’t want to have a baby. I don’t want to have a baby! ”

“Why not! ? ” Lei Zhenyu was finally angry. His actions couldn’t help but become rude. An angry voice sounded above her head, “am I so unattractive to you? You don’t even want to have my baby? ”

“Yes, I just don’t want to bear your child, you’re just unworthy of my eyes! ” Ru Yu shouted in exasperation. At this moment, whenever she thought of being pregnant or having a child, her entire person would be terrified as if she was standing on a bloody battlefield.

“Even if I’m not worthy of your eyes, I still want you to be pregnant and have a child with me!” Lei Zhenyu’s actions were getting wilder and wilder. He only wanted to subdue this woman who had been resisting all along and kept shouting that she would not help him get pregnant and have a child.

Ru Yu had been feeling a little dizzy these few days and her limbs were weak. She did not know if she had caught a cold or not. Now that Lei Zhenyu was in a rage, she was no match for him at all. In the end, she was eaten by him until not even her bones were left.

“Yes, I just don’t want to get pregnant with your child. You just can’t get into my eyes!” Ru Yu shouted in exasperation. At this moment, whenever she thought of getting pregnant and having a child, her entire person would be terrified as if she was standing on a bloody battlefield.

“Even if I’m not worthy of your attention, I still want you to be pregnant with me and have a child with me!” Lei Zhenyu’s actions were getting wilder and wilder. He only wanted to subdue this woman who had been resisting all this while and kept saying that she would not help him get pregnant and have a child.

Ru Yu had been feeling a little dizzy for the past few days. Her limbs were weak and she did not know if she had caught a cold. Now, Lei Zhenyu was in a rage. She was not his opponent at all. In the end, she was eaten by him until not even her bones were left.

He was shocked. He no longer cared about the exercise that he had not finished. He retreated in a fluster and lowered his head to look at the obvious bloodstain on her thigh. He was slightly stunned before he was filled with anger.

“You pig, why didn’t you say that you had your period just now?” He was so angry that he could not help but swear. D * MN It, why was he so confused? He actually wanted to force his way through her period.

Period Ru Yu was slightly stunned and quickly got up. When she found the blood stain on her thigh, she could not help but be stunned. Then, she cried out involuntarily, “my period should have come a week ago, but... it doesn’t seem to have come!”

“What?” Lei Zhenyu was even more flustered this time. He quickly got up and hurriedly picked up his clothes and pants to put on. He did not even bother to wash them and quickly picked up her clothes to put on for her.

“You pig, why didn’t you say you had your period just now?” He couldn’t help but swear in anger. D * Mn it, why was he so confused? He actually wanted to force his way through her period.

“What?” Lei Zhenyu was even more flustered this time. He quickly got out of bed and hurriedly picked up his clothes and pants to put on. He didn’t even bother to wash them and quickly picked up her clothes to put on for her.

Chapter 1464: miscarriage, pregnancy

“Hurry... I’ll take you to the hospital...” he said incoherently as he helped her put on her clothes. “Let’s go and see what’s going on.”

“What else can be going on? The delayed period is here again.” Ru Yu couldn’t be bothered to argue with him at this time and put on her clothes according to his movements.

“Don’t walk anymore. I... I’ll carry you down.” Lei Zhenyu saw that she was about to get up and leave, so he quickly stopped her ...

“It’s just a delayed menstruation, there’s no need to...” as ru Yu spoke, she felt a slight pain in her lower abdomen, and her brows instinctively furrowed.

“Don’t worry about what it is, just go to the hospital and have a check-up.” Lei Zhenyu carried her horizontally without any explanation, and then quickly ran downstairs.

Lei Taihe was still sulking in the living room alone. Of course, it was because Lei Zhenyu did not want the child in Song Yuxi’s stomach to be angry. He was an old man who could leave at any time. He wanted to see his grandson, but this son was not enough to satisfy him.

When he saw Lei Zhenyu carrying ru yu down, he was also shocked. He could not help but ask loudly, “what happened to Ru Yu? Wasn’t she fine just now?”

“She has a stomachache,” Lei Zhenyu replied without turning his head. He quickly carried ru Yu and walked out of the door. At this moment, he only wanted to send ru Yu to the hospital as soon as possible.

“stomachache?” Lei Taihe felt strange and could not help but chase after the door and shouted, “Zhenyu, did you and ru Yu have a fight? Did you fight? You Bastard, how can you fight with Ru Yu? She is more sensible than you...”

Lei Zhenyu had already started the car quickly and drove out quickly. He did not have the time and mood to listen to his grandfather’s nagging. Besides, he kept nagging.. Wasn’t he just nagging about whether the child in Song Yuxi’s stomach was his or not?

Fortunately, there was a large hospital a few kilometers away from the Lei family. It was nighttime and there were few cars on the road. Lei Zhenyu sent ru Yu to the hospital not long after. Of course, he carried her to the emergency room.

When the emergency room door closed, Lei Zhenyu’s heart was hanging in the air. Ru Yu’s menstrual period had actually been delayed. The most damnable thing was that he had acted too violently in his rage just now. He did not know if he had hurt her uterus.

“...”Xiao Qiao was speechless. Although Lei Zhenyu was a lawyer and a big CEO, his lack of knowledge in certain areas was still shocking. At this moment, he did not think of anything else ...

Just as Lei Zhenyu was feeling extremely guilty, the emergency room door was finally opened. A nurse-like person walked out and handed Lei Zhenyu a list. “signs of miscarriage. Save the fetus first. Go and pay the money, okay?”

Lei Zhenyu was completely stunned. He looked as if he did not understand what the nurse was saying. Of course, he did not take the list in the nurse's hand. He only muttered, "you... what did you just say?"

The nurse threw him a big sanitary ball and raised her voice slightly, "your wife is showing signs of miscarriage... do you want to save the fetus? Did you miscarry?"

"Yes, yes, yes." Lei Zhenyu finally reacted under the nurse's questioning. He said three words in a row, then said happily like a child, "of course I want to save the fetus. If I can't save it, I'll tear down your hospital!"

Chapter 1465 was to be observed for a few more days

The nurse was speechless. She shoved the receipt into his hand and said, "hurry up and hand over the money. There's very little blood loss. You should be able to keep it."

"thank you!" Lei Zhenyu took the receipt and bowed to the nurse again. This made the nurse feel that he was more and more like a lunatic.

Lei Zhenyu did not care about the nurse's gaze at all. He just took the receipt and went to the payment window to hand over the money. When he was in line, he revealed a silly smile on his face. This made the people around him feel that his silly smile was like a lunatic.

Lei Zhenyu did not care about other people's gazes at all. When he returned after paying the bill, the nurse had already pushed Ru Yu out. When she saw him, she hurriedly said to her, "go to the observation room and observe for a night. If you don't bleed, you can be discharged early tomorrow morning."

"Is there a single observation room?" Lei Zhenyu quickly asked. In his impression, there seemed to be a lot of beds in the observation room.

"No," the nurse said truthfully, "the observation room usually has three to four beds. If you are in a separate room, you have to be hospitalized. If you are hospitalized, there is a single ward."

"Then stay in the hospital department. It's good to observe for a few more days." Lei Zhenyu did not hesitate to choose to stay in the hospital. It was not easy for Ru Yu to get pregnant. He had to let her stay in the best room and rest the best.

Ru Yu glared at him and could not help but snort coldly. "Stay in what hospital? Just stay in the observation room. Tomorrow morning, the specialist doctor will come and I will have an abortion?"

"Che Ru Yu, if you dare to have an abortion, do you think I will be able to dismember you?" Lei Zhenyu threatened her with an angry glare. His silly smile and gentle expression just now disappeared in an instant. He was simply like a ferocious devil.

The nurse quickly transferred him to the hospital. She could not help but curse in her heart. He was indeed an extremely abnormal man. That woman actually did not have any autonomy when she was pregnant. It was really pitiful to be married to such a man. He looked extremely handsome But he was such a hothead. Perhaps his face was fake.

Of course, Lei Zhenyu did not know that the nurse was cursing him in his heart. His mind was completely focused on his wife, Che Ru Yu. He did not even bother to look at other women at this time. Besides, which woman was more beautiful than his wife, Che Ru Yu?

The nurse quickly transferred him to a single ward. She probably wanted to make fun of him and even gave him the most luxurious room. Lei Zhenyu was very satisfied with the nurse's arrangement and was already thanking her.

The nurse was once again stunned by Lei Zhenyu. Alright, he had given him the most expensive ward with a small abortion. She thought that he would be angry, but she did not expect him to be so happy as if he had found a treasure.

He was indeed an abnormal man The nurse once again identified Lei Zhenyu in her heart!

However, Lei Zhenyu quickly followed behind the nurse and pushed ru Yu into the most luxurious ward of this hospital. The doctor from the inpatient department naturally came over and gave ru Yu a simple check-up. He then said that the bleeding had stopped and that he would wait for the abortion needle to hang up. If there was nothing else in the morning, she could be discharged from the hospital.

The underlying meaning of the doctor's words was that there was no need for such a small matter to be tossed into the ward. Wouldn't it be fine to just stay in the observation room for one night?

Staying in the hospital for one night. Wasn't this tormenting the doctors, nurses, and nurses from the inpatient department? Did they think that they were not tired?

"She needs to be observed for a few more days," Lei Zhenyu said to the doctor on duty from the inpatient department with a stern face.

The doctor on duty was also a person who understood the look in his eyes. He knew that this was a person who had no place to spend money, so he immediately did not say anything. He only reminded her to lie down and rest more before he left.

Chapter 1467 had no reason

"Why?" The doctor looked at her in confusion. Then, he criticized her righteously, "I heard that your husband carried you into the operating room last night. From this, you can see how much he cares about this child. Moreover, your body is not easy to conceive. Now that you're finally pregnant, you should cherish it. Everyone says that every child is an angel that God gave to their parents. How can you bear to kill the angel that God gave to you?"

Ru Yu was completely stunned when she heard this. She could not answer a single word. Lei Zhenyu, on the other hand, was looking at her with an angry gaze. If the doctors and nurses were not present, he would definitely come up and interrogate her.

Why? Why did she repeatedly say that she did not want this child? Why? Did his child make her so uncomfortable in her stomach?

The doctor looked at ru Yu and then looked at Lei Zhenyu. Then, he said faintly, “you two husband and wife should discuss it. Of course, if you really don’t want it, then inform us. We have to give you a comprehensive examination and then arrange for the surgery.”

After the doctor said this, he immediately led the nurse out of the ward. They had a lot of things to do. After all, a doctor was responsible for the patients in several rooms.

Ru Yu lay on the bed without saying a word. Lei Zhenyu walked over and stood in front of her. After a while, he did not lose his temper in the end. He just asked very calmly, “give me a reason not to want this child?”

“There’s no reason.” Ru Yu did not want to have a conflict with him. Then, she sighed softly and said, “Zhenyu, I’m hungry. Can you go and buy some breakfast for me first?”

Lei Zhenyu stood still. At this moment, he really did not dare to leave the ward. He was afraid that the moment he turned around, this woman, che Ru Yu, would immediately run to the doctors and nurses for surgery.

Ru Yu only found him funny She could not help but say, “alright, didn’t the doctors say just now? The two of US have not discussed it, and they won’t perform the surgery on me without your signature. Don’t you know that the surgery requires the signature of a family member?”

Only then did Lei Zhenyu react He nodded and said, “alright, I’ll go down and buy breakfast for you now. However, I have to get you a nurse in advance. If you dare to play any tricks and intentionally cause a miscarriage by yourself in the ward, I’ll only question the nurse.”

Ru Yu simply did not say a word. She only felt that Lei Zhenyu’s actions were childish and funny. She did not know if a person who knew that he was going to be a father would be so childish?

No matter how much che ru Yu Thought Lei Zhenyu was childish, Lei Zhenyu really did hire a nurse for her. Moreover, he had asked the nurse to look after her when he went out early in the morning. If she accidentally tripped while walking, she would be held accountable.

When the nurse Heard Lei Zhenyu’s words, she immediately understood how important this pregnant woman was. After Lei Zhenyu left, ru Yu wanted to go to the toilet, but the nurse did not let her get up. She said that she did not dare to let her get out of bed. She brought her a Bedpan and let ru Yu lie on it.

Ru Yu was so angry that she wanted to curse. However, the nurse had always carried out her duties and asked ru Yu not to make things difficult for her. After all, she was a part-time worker and relied on her boss’s salary to make a living. She wanted ru Yu to understand that it was not easy for a part-time worker.

In the end, ru Yu had no choice. However, she could not get out of bed while lying on it, so she could only hold it in. Fortunately, Lei Zhenyu came back. She quickly said that she needed to go to the toilet, but the nurse did not let her get out of bed.

Lei Zhenyu secretly gave the nurse a thumbs up and praised her for her good work. Then, he came over and hugged her, saying, “I’ll take you to the toilet.”

Chapter 1468: an Angel Gifted by God

"I have my own feet. " Ru Yu was so angry that she couldn't help but shout out, "Lei Zhenyu, are you crazy?"

"Yes, " Lei Zhenyu answered without hesitation, "I'm highly nervous. I know you have feet, but I'm just afraid that your feet won't be stable and you'll deliberately fall, right?"

"..."ru Yu was completely speechless. She could only let Lei Zhenyu carry her to the washroom. He even supervised her to go to the washroom, and then he carried her back to the bed.

Lei Zhenyu hired a nurse for ru Yu, but he was still worried, so he did not even go to the company. Instead, he used his cell phone to remotely command. At the same time, he asked his assistant to bring his laptop over.

Ru Yu was so angry that she cried out loudly. She was already fine and could be discharged from the hospital. Even the doctor said that she had been saved. She would rest at home for a few days and then pay a little attention to not fall or do anything drastic.

However, Lei Zhenyu did not seem to understand what she was saying. He completely ignored her shouts. The more she shouted that she was going to be discharged, the more he refused to discharge her. He even said that she would stay in the hospital until the child was born. Moreover, if she continued to shout.. Then, he would find a few nurses to look after her, leaving her with no freedom at all.

Ru Yu was completely defeated by Lei Zhenyu's unyielding and persistent attitude. She shouted that she wanted to be discharged during the day, but Lei Zhenyu completely ignored her.

Therefore, she scolded him. She did not care about the nurses in the ward. She kept scolding him, saying that there was a child over there that he did not want and insisted on guarding his child. It was also his child, so why was he so biased?

Lei Zhenyu answered sullenly, "That is not my child! The child that you are carrying is my child!"

"The child I'm carrying isn't yours either!" She was so angry that she blurted out nonsense. "I don't even know whose child I'm carrying. Why do you have to keep a child of unknown origin?"

Lei Zhenyu simply ignored her and let her make a fuss. In the end, her voice became hoarse and she couldn't shout anymore. Finally, she stopped eating and chose to sleep in silence.

In fact, she had thought of jumping up and down on her own because this could cause miscarriage. However, the nurse was very conscientious and stared at her without blinking. Even when she rolled up and got up, she was so scared that she couldn't even move Why would she give her the chance to jump off the bed?

Therefore, she did not eat. This was very good. Lei Zhenyu said directly, "forget about not eating. I'll get the nurse to give you a nutrition needle. Anyway, you won't starve to death. "

She had completely lost her temper. Under Lei Zhenyu's unyielding attitude, she finally defeated him. She ate her dinner obediently and asked the nurse to put on the television for her. Then, she took the remote control and watched television.

There were many television programs, and of course, there were also children's programs. When she flipped to the Children's program, she saw a very cute baby. The host was introducing the hard-won baby to everyone.

The baby's mother said that she and her husband had been married for more than ten years, but they could not have a baby. In the end, they took a lot of drugs, had a lot of injections, and had countless tests. When they were about to despair, God finally sent them such an angel. She and her husband both liked this angel very much.

Speaking of the emotional place, the baby's mother cried. She said that every time she went to the hospital's obstetrics and gynecology department and saw those women sitting outside the operating room waiting for an abortion, she felt very uncomfortable. She really wanted to question these women. Why did you kill the Angel God gave you? How could I hope for one?

Chapter 1469 decided to have this child

Ru Yu stared at the television. The words of the baby's mother, "why do you want to kill the angel that God gave you?" had touched the weakest nerve in her heart.

She could not help but put her hand on her abdomen and asked herself softly, "yes, why can't the angel that God gave you stay?" "Why can't I take a risk like that mommy?"

That night, Ru Yu could not sleep. She really could not sleep. The baby's beautiful face appeared in her mind again and again. She thought over and over again that if she and Lei Zhenyu's baby were born, it would definitely be more beautiful than that baby.

The next morning, she said to Lei Zhenyu with a very calm mood, "okay, Zhenyu, we're not going to be hospitalized. I'm not going to do any more abortions. Let's go back. I'll take good care of the baby. I'll... take good care of the baby."

If I can hold on until the day I'm born. She added silently in her heart.

"really?" Lei Zhenyu immediately became happy, but he was still a little worried. He sat down next to her and hugged her with his slightly trembling hands. "Ru Yu, if you don't lie to me, will you really be obedient and stop torturing me?"

"Yes, I won't lie to you." Ru Yu raised her head and looked at him. She revealed a smile and said, "I won't lie to you. The one who lies to you is the puppy."

Lei Zhenyu was finally happy. Then, he kissed her lips heavily and said, "okay, then let's go home. You don't have to worry about anything else. I will take care of it. You just have to take good care of our child."

Ru Yu nodded and urged him to go through the discharge procedures. However, he was too lazy to even go through the discharge procedures. He directly handed it to his assistant to handle. Instead, he held her hand and walked out of the ward.

Although she had only stayed in the hospital for two nights and one day, ru Yu still felt that the sky outside was exceptionally blue when she walked out of the hospital. She often took a deep breath and revealed a bright and beautiful smile to the sun in the sky.

I can overcome difficulties. I can defeat everything. I believe that I can, I will definitely be able to!

Lei Taihe was walking out of the car when he drove home with Lei Zhenyu. When he saw them enter, Lei Taihe hurriedly asked Ru Yu if she was feeling better. What exactly was wrong with her?

“Dad, ru Yu is pregnant!” Lei Zhenyu excitedly reported the happy news of the Lei family to Lei Taihe. “This time, you’re really going to be a grandfather!”

“Is it true?” Lei Taihe looked at ru Yu. When he saw her nod, he was so happy that he could not close his mouth. He said excitedly, “that’s great. Now I have two grandchildren.”

Just as he shouted and asked, Lei Taihe felt that something was wrong again. He quickly changed his words and said, “No, it’s one. I don’t know if Song Yuxi is my grandson. Don’t bother about her.”

When ru Yu and Lei Zhenyu saw Lei Taihe’s words, they could not help but laugh. Lei Taihe was old after all. He insisted on having Song Yuxi’s child. To put it bluntly, he only wanted a grandson.

Lei Zhenyu nodded and said, “yes, I will make it clear to her again. I will tell her not to do anything stupid. If the child is born, it will only harm herself. It has nothing to do with me.”

Ru Yu was pregnant. This was definitely a first-class event in the Lei family. Housekeeper Ah Chang immediately became nervous and quickly adjusted the menu in the kitchen. Lei Taihe ordered that everything should be centered around ru Yu. Everyone else, including himself, should stay back.

Chapter 1470

Song Yuxi looked at Lei Zhenyu, who was sitting opposite her. She clenched her teeth and swore, “Zhenyu, the child is you. I can guarantee that. If you don’t believe me, you can do a DNA test after the child is born.”

Lei Zhenyu found her words funny. Then, he said indifferently, “Yuxi, I don’t recognize you anymore. No matter if the child is mine or not, I didn’t want it to happen that night two months ago. So, even if the child is mine, do you think I would want a child conceived by a person who goes to great lengths and uses all kinds of tricks?”

“But your father will want it.” Song Yuxi confirmed this point and said with a smile, “also, your wife doesn’t want the Lei family to have no children. She will divorce you.”

Lei Zhenyu shook his head with a smile. Then, he stood up and said, “Miss Song, I won’t say anymore. I’ll tell you as a lawyer. Two months ago, your behavior itself was illegal. Now, you’re threatening me with a child of unknown origin, and even threatening my marriage. I have to warn you, don’t go too far. Otherwise, I, Lei Zhenyu, may one day become a lawyer on a whim. When that time comes, don’t blame me for being heartless in court.”

After Lei Zhenyu said that, he immediately turned around and walked out of the door. He was looking down on his ex-girlfriend more and more. There was no trace of love in her actions now.

Song Yuxi Sat in the back and gnashed her teeth. She hated him to the bone. She had spent so much effort and finally had this opportunity. In the end, she thought that old master Lei was looking forward to the Lei family's descendants. She relied on the classics of the Mother and Son She had a high chance of staying in the Lei family this time.

However, who knew that Lei Zhenyu, this guy, would not be up to the mark no matter what. Now, he even threatened to sue her. Her fingers were curled into fists, and her nails dug into her flesh.

No, she still had to start with Lei Taihe. That old man who was about to die, he was eager to see his grandson and would definitely help her. Even if she could not stay in the Lei Family First, she had to let her child stay in the Lei family first.

Che Ru Yu, that arrogant and arrogant woman. She would definitely not be able to accept his child. She would definitely divorce Lei Zhenyu because of this matter. Then, she would rely on the power of her child... ..

However, who would have known that the moment the call was connected, it was the Lei family's Achang who answered the call. She said that she was looking for Lei Taihe.. "Why? " Song Yuxi was completely dumbfounded. She couldn't help but hurriedly say, "I remember that he said a few days ago that he would definitely want the child back to the Lei family? "

"You said that it was a few days ago. " Achang answered her very formally, "I'm sorry, Miss Song. The Lei family has had a joyous occasion in the past few days. Young Madam is pregnant, and she's carrying the authentic young master of the Lei family. How can the child in your belly be compared to the child that was born with a DNA test? "

Che Ru Yu was pregnant Song Yuxi Hung up the phone and sat there in a daze. She did not come back to her senses for a long time.

She had racked her brains and used all sorts of methods, but in the end, it was all for naught.
