Chapter 1501 you are more important than the child

Seeing that he did not say anything, ru Yu leaned against him again, pulled his hand and slowly placed it on her stomach. Then she said softly, "Zhenyu Jun, you have met the child today. You know that it is now a person with all four limbs. Moreover, its heart is beating so strongly. This means that it is living very well in my stomach. It has been more than five months. In another three to four months, of course, it may not need three to four months to knock on the door and request to see us. At that time, it will be a member of our family."

Lei Zhenyu looked at ru Yu, then looked at the cute babies in the safe. His hand that was holding ru Yu was trembling, but the hand that was placed on her abdomen felt a bump in her stomach. It was as if a child had kicked him.

Could it be that the child also sensed that he was threatening its life, so it kicked him in the stomach?

He took a deep breath, then took the hand that was placed on her abdomen off, and held her other hand again. His two hands were tightly clasped together as he stared at her. After a moment of silence, he said, "alright, then I'll take this risk with you. From now on, I'll be by your side every day to keep an eye on you. Even if I have to sleep at night, I'll keep an eye on you. When I go back today, I'll immediately change your 1.5-meter bed to 1.8-meter bed. I don't want to sleep on the floor anymore."

"thank you, Hubby." Ru Yu was so happy that she immediately kissed Lei Zhenyu and gave him a heavy kiss on the face. Then, she shouted happily, "Hubby, you're really great. You're a famous mouth. Convincing you is harder than convincing the president of the United States. Now that I've convinced you, does that mean I'm a famous mouth among famous mouths?"

Lei Zhenyu didn't know whether to laugh or cry. How was he convinced by her? She couldn't convince him at all, okay? He really loved the child in her belly too much, okay?

He loved it too much. He was unwilling to let such a cute child go. So, when his heart softened, he was convinced by her.

Ru Yu was indeed very happy today because she had taken down a huge project. Now, she finally didn't have to worry about the fate of the child in her belly anymore.

Look at how wise her actions today were. She brought Lei Zhenyu to accompany her for a prenatal checkup, let him accompany her for a three-dimensional ultrasound, let him witness the scene of the child's movement in her stomach, let him hear the heartbeat of the child with his own ears. Then, she brought him to the neonatal department to visit the newborn in the incubator. She let him know that not all children needed to give birth in full-term.

Thinking of her wise actions today, ru Yu could not help but feel proud. She felt that this was simply something that was said in those melodramatic little words. She had to move it with emotion and reason with it, right? It was probably like this. Therefore, Lei Zhenyu, who was cold-blooded and heartless, was actually taken care of by her.

No wonder so many people liked watching Xiao Qiao's melodramatic little words. It turned out that she knew how to stir up emotions. However, from now on, I, Che Ru Yu, will also know how to stir up emotions. I wonder if I can learn how to write melodramatic little words after I learn how to stir up emotions.. This was really a problem that was worth studying.

The two of them looked at the newborn baby before holding hands and walking towards the apartment. Lei Zhenyu held ru Yu's hand tightly He said sincerely, "Ru Yu, it was indeed inappropriate for me to force you to abort the child in the past, but you have to understand my feelings. The child is very important, but in my heart, you are more important than the child. I would rather not have a child in my life, but I can not do without you. "

Chapter 1502: Who told us to quarrel

"F * Ck, how is this possible?" Ru Yu glared at him and then criticized him righteously, "Lei Zhenyu, your mouth is famous, but you can't forget what you said. I still remember that you once told me that you wanted to divorce me. "

"F * Ck, is that me divorcing you?" Lei Zhenyu was angry when he said this Then, he pointed out very mercilessly, "Che Ru Yu, can you be reasonable You were the one who asked for a divorce first, and I didn't agree. Then, you actually found Leng Rong to act out such a scene for me. At that time, I was so anxious that I lost my mind in a moment of anger, so I said those words without thinking. After that, I immediately reacted... "...". "..."

"Alright, alright. Aren't we still married?" Ru Yu quickly used her other hand to pat the back of his hand Then, she sighed softly and said, "actually, in the end, it was all because of that Song Yuxi of yours. If she wasn't pregnant, do you think I would have the face to act with you "Over the past year, even though I've been neglecting you, I've never done anything that excessive, have I? "

"How did she become my Song Yuxi?" Lei Zhenyu quickly corrected her. "She's never mine, alright? Ru Yu, you can't be unreasonable every time. "

Ru Yu immediately fell silent. It seemed that Lei Zhenyu's criticism was somewhat reasonable. She was indeed a little... ..

F * Ck, how was his criticism reasonable When had she ever been unreasonable?

"Ru Yu, where's your ring?" Lei Zhenyu raised her left hand. The rootless finger was slender and white, but it was also empty. Even the wedding ring was gone.

"Ring? What ring?" Ru Yu did not react in time.

"It's our wedding ring?" Lei Zhenyu rolled his eyes at her, then stretched his hand in front of her. On his ring finger, there was still a ring.

"I threw it away," ru Yu said angrily. "You wanted to kill our child in Seoul, so I took the lead to throw away our marriage. Of course, the ring..."

"You dare to throw away your marriage?" Lei Zhenyu was furious and immediately interrupted her He couldn't help but roar, "Ru Yu, do you have any humanity "everything I did was centered around you.

Now you want to throw away your marriage. You can throw away your marriage, but I have to call your parents and ask them to bring a specialist to do the baby in your belly. ”

“Lei Zhenyu, you just saw how cute our child is, and you actually said that you want to do the child. Do you have any humanity?” Ru Yu also raised her voice in anger and roared back. Seriously.. Were lawyers always like this They also wanted to kill their own child.

“What do you mean I have no humanity?” Lei Zhenyu scoffed at ru Yu’s words and said, “If giving birth to this child can’t protect my marriage, why would I give birth to it? Don’t tell me you want to take it to another marriage?”

“Alright, alright, stop arguing, alright?” Ru Yu was the first to soften, then she took the initiative to pull his hand She lowered her head and said obediently, “Alright, I’ve been keeping the ring by my side. I’ll wear the wedding ring when I go back. No, I’ll give it to you so you can help me put it on, alright?”

“That’s more like it. ” Lei Zhenyu finally let out a long sigh. He held ru Yu’s hand and walked into the garden district where the apartment was located Then, he asked in a depressed tone, “Oh right, who was the one who asked us to quarrel just now? Haven’t the two of US barely spoken for more than a year? Not to mention quarreling, aren’t the two of US following the principle of respecting each other like ice?”

Chapter 1503: A nine-stream web novel

“Qiao Mai, ” ru Yu answered with certainty Then she added, “that person is extremely jealous. I think she must be having a hard time, so she can’t bear to see her doing well. We’ve been separated for so long, and we’ve finally gathered together. She should have made us sweet and affectionate, but she insisted on making us fight. She’s deliberately trying to sabotage us. ”

“Who’s Qiao Mai?” Lei Zhenyu was even more puzzled. He stared at Ru Yu and asked with a frown, “why haven’t you mentioned such a person before?”

“She’s the ninth-rate web author who wrote a series of abusive articles. ” Ru Yu shrugged her shoulders She calmly introduced, “I didn’t know that such an author was introduced to me by Lin Yuxin. After reading it, I found out that this person actually wrote a story about my parents. That dog’s blood was spilled all over the place. Many people scolded her. ”

“Oh, really?” Lei Zhenyu never read online novels. In fact, other than reading a few world-famous novels, he had never read any other novels. Therefore, he completely believed what ru Yu said.

“mm-hmm. ” Ru Yu nodded her head randomly to deal with Lei Zhenyu. However, she could not help but smile proudly in her heart. Then, she continued to curse in her heart, “Damn Qiao Mai, make up a tumor in my brain and see if I don’t belittle you properly...” You’re not a nine-rated Xiao Yan. You’re not a one-rated Xiao Yan at all, okay You don’t have to write my story anymore. Let me write it myself.

Lei Zhenyu and ru Yu finally came to a consensus. The two of them decided to take a risk. It was because it was too risky that the two of them did not dare to call their families. They were afraid that Dongfang Mo and Xi Muru would rush over and cause another complication.

Lei Zhenyu was here, and Ru Yu finally had a life comparable to that of an empress. Lei Zhenyu was simply her little sidekick, not letting her do anything. She only needed to ask for what she wanted to eat and what she wanted. As for the rest of the errands.. They were all Lei Zhenyu's.

Ru Yu thought that her stepmother Xiao Qiao's story was too complicated, so she directly ignored her stepmother, Qiao Mai. Then, she would write her own story about her and Lei Zhenyu, especially the sweet and heartwarming ones.

In her writing, Lei Zhenyu had already turned into a good man. He never quarreled with her, and every time he spoke to her, he was extremely gentle. He even tried to find ways to make her happy every day, and he would do whatever she wanted. Whatever she said, he would say it was true.

One day, on a whim, she pointed at the Moon in the sky on the balcony and said that it was square. Lei Zhenyu looked at it for a long time and echoed her words, "yes, it does look like a diamond."

Che Ru Yu was finally defeated. Of course, she was not defeated by Lei Zhenyu, but by herself. She realized that the Lei Zhenyu she wrote was a little out of touch with her life.

Therefore, on a dark and windy night, she saw Lei Zhenyu Fall Asleep. She sneakily woke up and called for her stepmother Qiao Mai, hoping that she would quickly come and continue writing her story.

However, this time, she did not know whether Qiao Mai did not hear or did not want to pay attention to this self-righteous female protagonist, so she did not respond to her call. Therefore, che Ru Yu had to continue writing her and Lei Zhenyu's story.

However, she could not learn from stepmother Qiao, so her writing was a little messy. In short, in her writing, Lei Zhenyu was a man who held her in his hands and was afraid of breaking, but was also afraid of melting in his mouth.

Chapter 1504 counted the days of a pregnant woman

She did not know who said that too sweet a day would make people sick of it. Che Ru Yu also felt that it was indeed so. Moreover, in her writing, Lei Zhenyu was so gentle and affectionate that it made people incomparably terrified. Therefore, she had no choice but to call her stepmother Qiao Mai again. She had no way to continue writing the story if she was told to hurry up.

"Hey, Lei Zhenyu, why don't the two of us go back to Seoul?" Ru Yu sat on the sofa and took the apple that Lei Zhenyu had just cut.

"Why do you want to go back?" Lei Zhenyu rolled his eyes at her. "Aren't you living well here?"

"You can go back to work at the Lei family?" Ru Yu rolled her eyes at him. "Don't you want your Lei family anymore?"

"How is the Lei family more important than you?" Lei Zhenyu said indifferently, "you have two bodies now, how can I leave you here alone? I have to be by your side, don't I?"

"I mean we go back together." Ru Yu quickly explained to him, "that's right, I will go back to Seoul with you. Is that okay? It's the same for us to wait for delivery in Seoul."

“That’s easy for you to say.” Lei Zhenyu glared at her fiercely. “You’re already six months old. Can you take a plane in your condition?” Of course not. Even if your father’s helicopter came, you can’t take it. You can’t take the train, you can’t take the car. Didn’t you listen to the doctor’s instructions Don’t move too much while walking. It’s best if you’re bedridden all day. How can you go back?

Ru Yu immediately fell silent. Her situation was indeed very special. Now, other than going to the hospital for a prenatal checkup, she was usually at home. She rarely even got off the building because she was afraid that the elevator would be crowded. She was afraid that she would accidentally slip and fall while walking in the garden. Even if she was careful.. She was also afraid that someone would accidentally bump into her.

In the end, ru Yu was not convinced by Lei Zhenyu, so she had no choice but to let him continue to stay here. Fortunately, ru Yu no longer wrote her own story. She left it entirely to her stepmother, Qiao Mai, to write Therefore, the relationship between her and Lei Zhenyu was not so sweet to the point that it was boring. Usually, they would bicker and argue a little every two or three days. At least the days were not as boring as she wrote.

It was not that Lei Zhenyu did not care about the Lei Corporation’s work. In fact, he was now commanding remotely. Although it was a room and a living room, he had divided the dining room into an office and controlled the Lei Corporation on the computer And the living room and dining room had been merged together. In any case, there were enough people for two.

And his culinary skills were becoming more and more exquisite. There were all kinds of pregnant women’s books and pregnant women’s recipes at home. As long as ru Yu said something delicious, he would buy it for her to eat. He even supervised her to finish it every day.

Under such circumstances, ru Yu’s appetite was getting bigger and bigger, and the nutrition was too rich. Under Lei Zhen’s meticulous care, even if she didn’t want to look like Zhu Bajie, it was unlikely. ..

Her clothes, ever since Lei Zhenyu came, had all been eliminated. Now, Lei Zhenyu was in charge of buying her clothes from the inside out. She was only responsible for food and clothing.

And Ru Yu’s prenatal check-ups were also more frequent than normal pregnant women. twenty-eight weeks ago, she would have a prenatal check-up every half a month. But after twenty-eight weeks, Lei Zhenyu brought her to have a prenatal check-up once a week.

Actually, Lei Zhenyu had only come to ru Yu for twenty-two weeks, and in these four weeks, the two of them were practically counting their days. Every day that passed peacefully, Lei Zhenyu would almost secretly sigh in relief.

Chapter 1505 hospital waiting for delivery

Last night, the last day of 27 weeks had finally passed. Today, it was already 28 weeks. Early in the morning, Lei Zhenyu was so happy that he woke up early to make a nutritious breakfast. Then, he brought ru Yu to the prenatal examination.

In fact, the prenatal examination was just a week ago. Normally, there would be a prenatal examination every half a month. It should be a week before the prenatal examination. However, Lei Zhenyu did not

want to wait. He said that he was already 28 weeks into the Labor waiting period. He had to have a prenatal examination once a week.

Other people would only enter the waiting list after 37 weeks. However, ru Yu entered the waiting list at 28 weeks. It was two months earlier than the others. This fully explained the uniqueness of her physical condition.

Every time ru Yu had a prenatal checkup, Lei Zhenyu had to go in as well. Due to ru Yu's special condition, the obstetrician was exceptionally lenient. He would make an exception every time and let ru Yu go in.

Fortunately, the results of every prenatal checkup were satisfactory. The little bean in her brain had been sleeping quietly without waking up. However, the doctor had to remind them every time. If they had a slight headache or dizziness, they would quickly come to the hospital and talk about it.

The days did not pass by in weeks. Instead, they passed by in days. One day, two days, three days, four days, five days, six days, seven days, one week passed. Then, they started counting again. One day... ..

Twenty-nine weeks passed, and thirty weeks passed. Lei Zhenyu, who had been nervous all this time, could not help but secretly sigh in relief. Then, he carefully discussed with Ru Yu about getting the child to be born in advance.

The child would definitely be able to survive after a Caesarean section at thirty weeks. However, ru Yu did not want to go so early because the child would still be young at thirty weeks. Even if the child was placed in an incubator, it would still be very difficult.

Hence, she insisted on waiting. She said that the little bean in her brain had been sleeping peacefully and that she should be able to wait a little longer. Of course, she also prayed that the little bean in her brain would never wake up.

Lei Zhenyu was not as stubborn as ru Yu. He could only accompany her for a few more days with trepidation. Slowly, 31 weeks passed and 32 weeks passed. His heart was almost at the edge of his throat.

After 32 weeks, the first day of 33 weeks, he went to the obstetrician. Lei Zhenyu had once mentioned to the obstetrician that he wanted to give ru Yu an early Cesarean section. He said that the child could be taken out completely. He could not wait any longer and could not afford to wait any longer.

The obstetrician checked on ru Yu's condition and said that it was still alright to give birth now. However, the child was not expected to be big. There was still a question mark as to whether it would weigh two kilograms. Of course, it would be even better if they could wait for another one or two weeks.

Of course, ru Yu hoped for a better outcome, so she continued to insist on getting pregnant. Lei Zhenyu did not agree, and the couple even quarreled in the obstetrician's office because of this matter.

In the end, of course, it was ru Yu who won the argument. After all, she was the pregnant woman. If she did not agree, no one would dare to forcefully take the child out of her stomach, because that would be illegal.

However, this time, even if ru Yu did not agree to take the child out, Lei Zhenyu did not let her go back to the apartment to stay. Instead, he arranged for her to be admitted into the hospital in advance, so that she could be ready to give birth at any time.

Of course, she would stay in a luxurious single-person Ward. Lei Zhenyu would stay at the hospital 24 hours a day, not leaving her side at all times. At the same time, he also hired a nanny and a nurse. Three meals a day were specially delivered to their apartment.

It was more difficult to count the days in the hospital than in the apartment. Fortunately, Lei Zhenyu also learned how to coax people. Every day, he bought a bunch of newspapers and magazines to pass the time for ru Yu, so that she would not be so bored.

Chapter 1506, the female lead of the author

Thirty-three weeks had passed. After entering the thirty-fourth week, Lei Zhenyu's nervousness had almost reached its climax. He was always the caretaker during the day and could barely squint his eyes on the SOFA. At night, he stared at ru Yu without blinking.

Finally, thirty-five weeks had passed. This time, Lei Zhenyu did not discuss it with ru Yu because there was no room for discussion. He could not wait any longer. Moreover, the brain specialist had already issued a limit notice saying that if he waited any longer.. If that little bean in her brain woke up, then there would be big trouble.

Fortunately, this time, ru Yu was more obedient. She didn't argue with Lei Zhenyu anymore and complied with his wishes. Then, she asked the nurse to push her into the delivery room.

Lei Zhenyu called the Dongfang family in Binhai, the car family in Seoul, and his father after ru Yu entered the delivery room. He carefully told them that ru Yu had already entered the delivery room. The child was probably going to be born soon.

Even though his tone was extremely natural, it still gave everyone a big fright. Binhai was the closest to Xiamen. Not to mention the helicopter, it would only take more than three hours to drive. Therefore, Dongfang Mo and Xi Muru were the first to arrive.

When Dongfang Mo and Xi Muru arrived, the sound of the child crying could be heard from the delivery room. The sound was loud and clear, indicating that he was healthy.

"Zhenyu, is Ru Yu giving birth?" Xi Muru ran forward, her nervous voice trembling.

Lei Zhenyu turned around and realized that his mother-in-law had arrived. He nodded excitedly and said with a trembling voice, "yes, it should be ru Yu giving birth. This is a special delivery room, and Ru Yu is the only woman inside."

"It's good that she's given birth." Dongfang Mo walked over from behind and let out a long sigh of relief. "Ru Yu is so stubborn. It's true. She has finally gotten through this difficult time."

Lei Zhenyu nodded. This time, it was indeed ru Yu's stubbornness. Other than her, almost no one else had the courage to challenge such an extremely dangerous thing.

The three of them looked at the delivery room, which was still lit up with a red light. They waited patiently. About twenty minutes later, the nurse opened the delivery room door and carried a child out. "Che Ru Yu's family. Both mother and child are safe. It's a boy."

Everyone gathered around. Looking at the child in the nurse's arms, Lei Zhenyu was so excited that he wanted to reach out to hug it. He did not expect the nurse to say, "you can't hug it now. Hurry up and follow me to the neonatology department to go through the admission procedures. The child needs to be placed in an incubator."

"Okay." Lei Zhenyu did not regret not being able to carry the child. He had gone to the neonatology department more than once. He knew that children who were born prematurely would have to stay there for a period of time, so his baby was not an exception.

Ru Yu gave birth to a big, fat baby. Although it was only thirty-five weeks old and was considered a premature birth, Lei Zhenyu usually fed her too well, so the baby was not light either. It actually weighed a little more than two kilograms.

The baby was put into the incubator. Ru Yu was pushed out of the delivery room two hours later. Perhaps she was too tired. Her hair was wet, and her eyes were tightly shut. Her breathing was very steady, and she slept very soundly.

Alright, my dear, that's the end of little feather's story. Stepmother Qiao Mai originally planned to write more about abuse, but che ru Yu did not want her to write after her death, so she once again abandoned her.

Hmph, I still don't know what kind of person that big stepmother is. If I let her continue to make things up, perhaps she will write about what kind of illness the child has in the neonatology department, and then what kind of injection she needs. Then, she will write about how my che Ru Yu woke up the little bean in her brain because of the Caesarean section, and so on and so forth.

Chapter 1507: The ending written by little feather himself

I was determined not to give the irresponsible stepmother a chance to turn the situation around, so I didn't let her continue to nag. My little feather's body was fine, and that little bean had been quietly sleeping in my brain.

Lei Zhenyu and I's baby was also healthy. After staying in the neonatology department for three weeks, we were discharged. Lei Zhenyu and I went through some research, some discussions, and some arguments. In the end, we gave this child a name, not easy.

It was not easy to come by, it was not easy to carry, it was not easy to be born. I hope that when he grows up, he will understand the importance of his life, understand how to cherish life, cherish life, and know that it is not easy for him!

Alright, this is the end of my little feather and Lei Zhenyu's story. The melodramatic stepmother Qiao gave our story an extremely vulgar name, "feather flies in the sky of Yu." The meaning is that I will fly under Lei Zhenyu's sky for the rest of my life. I will never be able to fly out of his palm.

Alright, if I can't fly out, then so be it. I accept my fate. Since Stepmother Qiao arranged it this way for me, and I also like Lei Zhenyu very much, then so be it. This time, stepmother Qiao finally had some conscience and didn't give us a tragedy.

Of course, it was probably because she had written too many tragedies and was afraid of being scolded by others. This time, I didn't know if she had the intention to write a tragedy. Anyway, this ending was written by me, Che Ru Yu, and it had nothing to do with stepmother Qiao. Hehehe... ..

◆`◆` The grand ending of "Yu flies in the universe" .

Below was the story of Lin Yuxin and Lei Zhensheng. A gynecologist and a second-hand man were having a battle of wits and courage. She hoped that her relatives would like it.

Introduction: Before she got married, she had dreamed of meeting a mature and successful man who was more than ten years older than her. She was determined to marry such a man.

However, when she was really entangled with such a man, when she was forced to become the tool of this man to vent her frustrations, she was shocked to discover that successful men were not all mature and modest gentlemen. Some were actually ferocious demon beasts.

When a beautiful woman meets a wild beast, when a female gynecologist meets a infertile and second-hand successful man, what kind of sparks would they collide with each other?

HIGHLIGHTS:

Lei Zhensheng: Lin Yuxin, if you want to run, your legs are not long enough. However, you can consider putting down your front two feet and running together. However, I heard that four-legged animals have never run faster than two-legged people Therefore, you should think twice before you run!

Lin Yuxin: I'm a vegetarian, so I won't be at a disadvantage. If you want to marry me, unless you have the ability to make me pregnant and give birth, I'll be the same as your ex-wife. I don't want a man like you who doesn't have the ability to make a woman a mother!

Lei Zhensheng: "Lin Yuxin, I will give you two choices. First, marry me as your wife!" "Second, let me marry you as my wife!" "One of the two choices, don't say that I am overbearing!" "I will only give you one way out!"

One day, the sun was shining brightly. Lei Zhensheng was invited to a client's son's wedding banquet, but he found his wife, who had been missing for three months, on the wedding stage. At this moment, she was wearing a wedding dress and smiling like a spring breeze.

In the dark night, the woman quietly got out of bed and tiptoed toward the unlocked door. She opened the door proudly, thinking that she had successfully escaped, but when the door opened, she was instantly dumbfounded Because the man she called a beast was standing at the door.

The beast man's face was dark. Lin Yuxin, you damn woman, where do you want to run to this time How many green hats do you want to make me?

Chapter 1508 was the ending that Xiao Qiao had written for little feather

Ru Yu's confinement was extremely depressing. This didn't mean that Lei Zhenyu wasn't by her side. In fact, Lei Zhenyu had never left her side before.

The reason why she was so depressed was that it wasn't easy for the child to not be by her side. Although a person's confinement had a variety of delicacies prepared every day, she still felt that something was missing.

On This Day, her mother, Xi Muru, came to visit her again. In fact, this month's confinement had lasted for more than three weeks in the blink of an eye. This was the third time Xi Muru had rushed over from Binhai to visit her.

"Ru Yu, what's wrong? Are you unhappy?" Xi Muru saw her sitting at the dining table with a bitter face, and the chicken soup in front of her was obviously cold and had not been drunk yet. So, she immediately went to her side and asked with concern, "ru Yu, are you feeling unwell? Do you want to go to the hospital?"

"I'm not feeling unwell anywhere," ru Yu answered truthfully. Then, she looked at Xi Muru and said, "but, Mommy, I feel like I'm not feeling well everywhere. I live in this house every day. Other than eating, I sleep. I'm almost turning into a pig."

Xi Muru could not help but laugh when she heard this. She put her arm around Xi Muru's shoulder and said, "that's right. All women are like this when they sit on the moon. Back then, I sat on the moon was the same as you. I was raised as a pig by your father. At that time, I also felt very depressed."

When Xi Muru said this, she sighed heavily and said, "but now that I think about it, I feel very blessed. How many women in this world are so blessed to be raised as a pig by a man?"

Was this a blessing Ru Yu was even more depressed. She could only eat and sleep when she saw the sky. Could this be a blessing.

Ever since she was discharged from the hospital, ru Yu had been hoping that her son would not be able to come back soon. If that was the case, she would only have a little more things to do. She would not have to eat and sleep all day because she would have the child to coax and hug her.

Initially, the doctor in the Neonatal Department said that she would be discharged in three weeks. However, three weeks had passed. Ru Yu and Lei Zhenyu went to the hospital to prepare to pick up the child. However, the doctor in the Neonatal Department said that the child could not be discharged because he had just come out of the incubator. He still had to stay outside and observe for more than a week.

Thus, this week, ru Yu was especially impatient. It was as if every day was like a year. Xi Muru came from Binhai to accompany her for two days, but she still felt that life was too slow.

A week was clearly seven days, but when it came to her, it felt like seven years. It was so long that she could not eat or sleep well at home all day.

Lei Zhenyu actually wanted his son to come back as soon as possible, just like ru Yu. However, he was a man after all. Moreover, ru Yu was already extremely frustrated. He had to comfort ru Yu, so he could not show it.

At night, ru Yu couldn't sleep, so she sat up from the bed. In the end, she woke him up and hurriedly got out of the bed. Then, she asked nervously beside her, "Ru Yu, what's wrong? Do you want to go to the bathroom?"

Ru Yu shook her head and sighed softly, "No, I just had a dream. The hospital called and informed Buyi that he can be discharged. I just remembered to bring Buyi back. He hasn't bought his crib yet."

Lei Zhenyu didn't know whether to laugh or cry when he heard this. He hugged ru Yu from behind He said in a low voice, "Ru Yu, why are you confused again?" "Didn't dad say that after we pick up Bu Yi, he would immediately send us back to Korea by helicopter? This place is too small. Even if we buy a crib, there's no place to put it. Didn't we agree to buy a crib for Bu Yi only after we return to Seoul?"

Chapter 1509, ending 1 written by Xiao Qiao for little feather

"But, what if Bu Yi is discharged early tomorrow?" Ru Yu became nervous again She turned around and looked at Lei Zhenyu, "The helicopter arranged by dad is in three days. If Bu Yi is brought back tomorrow, then he won't have a bed to sleep in. Where will he sleep then?"

"The hospital hasn't informed us to take Bu Yi out of the hospital yet, right?" LeiiZhenyuu was really convinced by her. He gently hugged her and went to bed He whispered into her ear again, "Ru Yu, I know you want Buyi to come back, even in your dreams. I want to too, but we have to wait for a few more days. It's just a few days. BUYI will be back very soon. Tomorrow is the Open Day. Let's go see Buyi together. MMM."

Ru Yu curled up in Lei Zhenyu's arms and cried. Actually, every time she went to see her son, she felt especially uncomfortable. She thought of him sleeping alone in that glass room, and how lonely he was. No one talked to him, no one played with him.. The nurse would only give him some food when he was hungry.

Such a small person needed to be hugged, coaxed, and accompanied by others. However, no one hugged him, coaxed him, and accompanied him. He just stayed alone in a small room.

When he went to see him yesterday, he had just come out of the incubator and slept in a small crib. Perhaps it was because there was no more oxygen tube, or perhaps it was because the bed was bigger than before, he was so excited that he danced and laughed all the time What a beautiful smile.

Her son was smiling. He was smiling so happily and so beautifully, but she cried like a mess. At that time, she could not stop her tears. She only felt that her son was so strong, brave, and optimistic.

Ever since she came back yesterday, she had been thinking about how difficult it was. She wanted to get her out of the hospital as soon as possible, and she wanted to bring him back as soon as possible. However, the doctor said that it was not possible. The child still had to have his eyes checked. Any child in the neonatal department had to have his eyes checked before he could be discharged.

Ru Yu had never understood what the newborn had to do with his eyes. Today, she had checked online. It turned out that the newborn had been placed in the incubator and was given a blue light. She was afraid that it would affect his eyes, so she had to have his eyes checked She just did not know if she had been examined today.

Lei Zhenyu hugged ru Yu tightly with his hands. She had been acting weird recently. Occasionally, she would talk to herself. Occasionally, she would stand here and take a look or walk around. Everyone thought that she had postpartum depression.

In fact, he knew that she did not have postpartum depression. She was thinking about her son. Especially after she knew that it was not easy to get out of the incubator, she had been sitting at home more and more. In fact, she was only thinking about her son coming back as soon as possible.

Ru Yu cried and cried in Lei Zhenyu's arms. In the end, she fell asleep. However, once she fell asleep, she overslept again. As a result, she did not wake up at nine o'clock in the morning.

In the end, she was woken up by Lei Zhenyu. At that time, she was dreaming. It seemed that her Buyi had come back and he could walk. He was running towards her with a giggle.

"Ru Yu, you're awake." Lei Zhenyu used his hands to push ru Yu who was snoring. "Wake up quickly, little lazy pig. Buyi is going to be discharged. WE'RE GOING TO PICK HIM UP!"

"What?" Ru Yu, who was sleeping soundly, heard the words 'Bu Yi' and immediately woke up. She opened her eyes and immediately sat up from the bed. She stared at Lei Zhenyu with wide eyes. "Is it true? Bu Yi can really be discharged from the hospital?"

Lei Zhenyu could not help but laugh when he saw her like that. He said softly, "I don't know if it's true either. However, the hospital nurse just called and informed us that our child can be discharged."

When ru Yu and Lei Zhenyu rushed to the hospital, it was not even 10 o'clock yet. The nurse saw that the two of them had arrived so early She could not help but laugh and said, "didn't you tell us over the phone to pick up the child at 11 o'clock? You're here so early. We don't even have time to bathe and change the child's clothes. You guys have to wait outside."

"It's okay. We can wait." Lei Zhenyu quickly handed the bag in his hand to the nurse. The bag was filled with new clothes that were not easy to get. Before the child was born, Lei Zhenyu had already washed them.

From 10 to 11 o'clock, it was only an hour. Usually, it felt like a short while. But now, sitting here and waiting for the child to be discharged, ru Yu felt that this one hour was particularly long, as if it was as long as a day.

Fortunately, it was finally over. Perhaps the nurse saw that they were so enthusiastic, so she arranged for Buyi to be the first to be discharged. Just a few minutes after 11 o'clock, the nurse came out with Buyi, who was wearing a new set of clothes.

Ru Yu immediately went up and carefully took her child from the nurse's hand. Although she had come to see her child countless times, this time at a close distance, she realized that Buyi's child was like a miniature version of Lei Zhenyu.

Her big eyes were as bright as black pearls. At this moment, they were rolling around and looking at her with curiosity. Clearly, in the eyes of the child, she was still a stranger that she had never seen before.

She was so excited that her hands were trembling. She hugged the child tightly, and tears could not help but roll down again. They fell on Buyi's face one drop at a time. It was crystal clear and as shiny as a diamond.

"Ru Yu," Lei Zhenyu came back after completing the discharge procedures. When he saw the crying and laughing ru Yu, he quickly walked over and reached out to take Buyi from her arms. Then, he said softly, "let's go. We will bring Buyi back."

Ru Yu nodded. Because she was too excited, she did not go to Lei Zhenyu to snatch bu Yi back. She only stayed close to him and grabbed his arm, as if she was afraid that he would carry the child far away.

"Why are you crying so easily now?" Lei Zhenyu hugged Bu Yi and looked sideways at the woman beside him. He could not help but tease her, "I remember that you rarely cried in the past. Haven't you always said that you're a strong warrior?"

"PFFT..." ru Yu could not help but burst into laughter She used her hand to gently knock Lei Zhenyu and said, "Go, WHO's crying? Isn't this... It's not easy to finally meet the son that you've been thinking about day and night. Can't help but be happy? Haven't you heard of the idiom 'crying from extreme joy'?"

"I've heard of it, of course I've heard of it." Lei Zhenyu nodded, and then said softly, "the elevator is about to reach the first floor. It's fine as long as you're happy. Don't cry anymore. Later, people who don't know will think that I'm bullying you."

When ru Yu heard this, she immediately put her hands on her hips and glared at him, "Lei Zhenyu, didn't you bully me? Didn't you bully Buyi? Do you want me to tell everyone about the bad deeds you've done? Let everyone judge for themselves?"

Lei Zhenyu immediately broke out in sweat. If it wasn't for the fact that it wasn't easy to carry in his arms, he would have raised his hand to wipe the sweat off. Ru Yu was really being unreasonable now.

He admitted that when she was carrying Buyi, she was indeed strongly opposed to her giving birth to this child. But that was also because he was thinking about her body. How could that be called bullying her It was because he loved her too much?
