

## Divorce 1521

### Chapter 1521 South Koreans who are not acclimated to water and soil

“Isn’t there?” Yu Xin did not know the name of the maid at home, she heard Lei Zhensheng call her AH, so also call her AH.

“She quit her job,” Lei Zhensheng said coldly. Then he glanced at her and said, “you are strong and don’t need anyone to take care of you, so I don’t plan to hire a maid anymore. From now on, I’ll leave this house to you.”

“Oh, you want to treat me as a servant AH?” Yu Xin finally understood, so quickly asked: “Then how much money do you give me a month ah? In this world, there is no work without pay?”

“I’m not giving you a card?” Lei Zhensheng coldly rolled his eyes at her. “The money in that card isn’t enough for you to spend? You even want my salary. Why don’t you just take the money directly from the card?”

Yu Xin immediately stopped saying anything. She thought that this was still alright. She would go out tomorrow to withdraw a few million dollars and secretly rent a house or buy a house outside. When Lei Zhensheng went on a business trip that day, she would be able to escape.

Yu Xin thought so beautifully in her heart, so her mood immediately improved. Lei Zhensheng’s car stopped in front of a Korean restaurant, and then motioned for her to get out of the car.

Well, she didn’t really like Korean food when she was in Seoul. She thought that it was far less delicious than the food from Jiangnan in China. But now that she was in Taiwan, more than 20 days had passed in the blink of an eye. She really wanted to eat Korean food.

Especially the seaweed-wrapped Rice. She used to cook it for ru Yu in Seoul. The taste was so good that she almost swallowed her tongue. However, ru Yu said that her cooking skills were average. The seaweed-wrapped Rice was the best that her uncle, Pu Yongjun, cooked.

She had met ru Yu’s uncle, Pu Yongjun, once. He was really an attractive man. At that time, she almost turned green when she saw him. Especially when she knew that Pu Yongjun was single, she actually loved Pu Yongjun very much.

When she expressed her love for Pu Yongjun to ru Yu, ru Yu immediately hit her head with a rolling pin. Then, she said coldly, “don’t dream of being infatuated. My Uncle Yongjun is my daddy’s. He won’t even look at you for the rest of his life because he only has eyes for my daddy.”

Alright, after she was hit by the Rolling Pin, she was stunned for a long time before she finally digested ru Yu’s words. That was, Pu Yongjun and Che Qixuan were GAY. They were the real couple. No Wonder Che Qixuan was so devilishly handsome.

“What are you thinking about?” Lei Zhensheng was very dissatisfied with the woman’s absent-mindedness. He could not help but knock her bowl with his chopsticks. “Why aren’t you eating? Aren’t you hungry? Didn’t you go shopping today? Aren’t you tired?”

"I'm hungry." She quickly came back to her senses. She had just thought of Che Qixuan's devilish appearance, but now she looked at the forty-eight-year-old man sitting opposite her. He was really as ugly as could be.

It was said that whether a person was beautiful or not had little to do with his appearance. Otherwise, there would be a famous saying that 'beauty is in the eyes of the lover' ?

If you liked a person, no matter how ugly he was, you would think that he was handsome no matter how you looked at him. If you hated a person, no matter how handsome he was, you would think that he was ugly no matter how you looked at him.

Of course, Lei Zhensheng did not know about Yu Xin's psychological activities. Seeing that she had already obediently eaten, he ignored her. It had been a long time since he had eaten Korean food. At this moment, he felt that the food in this stupid restaurant was still barely edible.

No matter what, it was still better than the Taiwanese food cooked by the Taiwanese servants, he thought in his heart. Then, he looked at the woman opposite him and thought that he had to let her learn how to cook. Moreover, he had to let her mainly cook Korean food.

#### **Chapter 1522 he wanted her to compensate a wife**

Yu Xin only woke up at noon. This was the last day she had woken up in the last ten days.

Of course, this was not her fault. The only one to blame was that Devil Lei Zhensheng. Last night, he took her to eat Korean food. When they went back, he ate her as if she was food twice.

He was clearly a forty-eight-year-old man, but his energy was still so good. One night was not enough. In the morning, before he woke up, he actually woke her up and ate her as breakfast.

She was gnawed until not even her bones were left. When he was at his strongest, when he almost knocked her away, she could not help but resist. "there are many women outside, aren't there? Why do you have to find me? Don't women all look the same?"

"because you taste better than the women outside." He was telling the truth on this point. He had indeed had a lot of women. No matter how he counted, there should be at least ten of them?

However, the only woman who really made him forget about leaving was actually his ex-wife, Cai Shaofen. It was this woman, Lin Yuxin, who had angered him.

"What about your wife, Cai Shaofen? If she doesn't smell good, why have you been married to her for 18 years?" Yu Xin called out to Cai Shaofen in a fit of anger.

After she called out to Cai Shaofen, Lei Zhensheng's gentle movements became wild in an instant. He grabbed her hair with his hands. He roared like a lion, "it's all because of you, you despicable woman. If it wasn't for you, Shaofen wouldn't have divorced me. You drove my wife away, so you have to compensate me with a wife..."

Yu Xin got out of bed and was tortured by Lei Zhensheng until she couldn't get up in the morning. Of course, it was mainly because she had angered him. If she hadn't mentioned Cai Shaofen, he might not have been so angry.

Thinking about how he was yelling for her to compensate him with a wife, she had a headache. There was only one Cai Shaofen in this world, so where was she going to find another Cai Shaofen for him?

Well, women were usually slow at certain times, so Lin Yuxin was so slow that she couldn't react to Lei Zhensheng's words. Xiao Qiao could only beg for misfortune.

It was already noon when Yu Xin left the house. Knowing her own limits, she didn't cook lunch for herself. When Lei Zhensheng left in the morning, he coldly said to her, "go to the cooking school today and learn how to cook."

Going to school to learn how to cook was a way to pass the time. It was better than staying at home, right? At least, she could see a few more people, right?

She took Lei Zhensheng's card and went out. When she passed by an ATM, she had an idea. She wanted to see how much money was in the card and how much cash she could withdraw at one time.

However, when she inserted the card, she was completely disappointed. She entered the password and the display showed that she did not have the authority to check the balance of her account, let alone withdraw cash.

In other words, the card in her hand could only be used to pay. Moreover, she could not buy gold, silver, jewelry, real estate, cars, or other large or expensive items. She could only buy daily necessities, clothing, and headgear.

F\*ck, Lei Zhensheng was indeed an old fox. He had thought of everything that she had thought of. No wonder he said to let her spend his money. In fact, this was a disguised form of control over her, so that she would not die of poverty and could not afford to be rich.

### **Chapter 1523: The extremely handsome cooking teacher**

Lei Zhensheng had helped her find a cooking school. She only needed to report on it. This cooking school was very big and was said to be the most famous in Taiwan. At the same time, there were many different cooking classes. What she wanted to learn was Korean cuisine and Chinese cuisine.

After choosing two classes, the principal said that it would take at least half a year. She said that it didn't matter. If it was more than half a year, then it would be more than half a year. No matter what, she would have a place to hang out every day. It was better than staying in that cage.

Yu Xin initially thought that how many people could be in the cooking class. But when she really went to the classroom to prepare for class, she realized that there were actually quite a number of people who studied cooking, and there were people of all ages. From this, it could be seen that cooking was really a popular art.

She was 30 years old, and she was neither young nor old. When she walked in, she looked left and right, and then chose to sit down next to a woman in her forties. She felt that this woman should not be from

Taiwan, and she was most afraid of talking to Taiwanese people This was because she really did not understand Hokkien.

This woman was indeed not from Taiwan. She was from Hunan. She had just married into Taiwan and did not need to go to work normally. She looked bored, so she came to the cooking class to learn cooking. In fact, it could be considered as killing time.

The person who taught them was a man who was not even forty years old. He was wearing a suit and a white chef's hat. He gave people a sense of incongruity.

The teacher was very humorous. He first introduced himself and said that his name was Li Weisheng. His ancestral home was from Shandong, so he was tall. Northerners were tall, and he was also considered handsome.

It was rare to see such a handsome chef. Lin Yuxin thought silently in her heart at that time because in her mind, chefs were usually fat with big ears.

It was a culture class. Li Weisheng told everyone about the origin of cooking, the origin of food culture, the importance and necessity of cooking in the kitchen and life.

Yu Xin used to like to take notes when she was studying. Now that she came to the cooking class, she still retained this kind of good learning method. So when Li Weisheng talked about this, she would tick off or write down what she thought was important in the book.

The woman next to her was called Li Qinghe. She was 42 years old this year. She was also quite serious in her studies. Of course, the young boys next to her were even more serious. After all, they had to learn this art to find a job.

In the afternoon, there was only one class. Then, Li Weisheng asked everyone to communicate with each other. They would talk about their opinions on how they usually made food and some of the dishes that they had eaten, what ingredients they had, what flavor they had, and so on.

Yu Xin started to talk to Li Qinghe. Actually, Li Qinghe's cooking was not bad. She just didn't know how to Cook Taiwanese dishes.. She said to Yu Xin gloomily, "isn't it just Taiwanese stewed meat? Actually, I'm not absolutely delicious. But that old Geezer at my house insisted on eating this dish and forced me to learn. I think that only Chaozhou stewed meat is delicious."

Yu Xin could not help but laugh. Just as she was about to reply, Li Weisheng walked over. He was even more handsome now that he had taken off his chef hat He smiled and took over Li Qinghe's words, "actually, Chaozhou stewed meat and Taiwanese stewed meat are different. As for which one is more delicious, it depends on everyone's taste. However, Chaozhou's casserole porridge is really good."

"I don't think it's delicious." Yu Xin shook her head and said, "I still think Korean roast meat is delicious, especially roast pork belly. Ah, that's what makes it fragrant. In fact, as long as it's meat, the roasted meat is much more delicious than other methods."

#### **Chapter 1524: A little boy who doesn't do his job properly**

Lin Weisheng couldn't help but laugh when he heard her words. He nodded and said, "alright, I admit that barbecued meat is delicious. However, you must also admit that barbecued meat has too many calories and it's easy for it to get hot. If you eat barbecued meat frequently in the south, you won't be able to stand it. In fact, southerners pay attention to a light diet."

Yu Xin's face turned slightly red and she said a little embarrassedly, "I only said that I like to eat barbecued meat. Of course, now that we're in the south, we have to gradually adapt to the South's climate. It's just that I haven't eaten barbecued meat for a long time."

"Then, I'll treat you both to barbecued meat tonight?" Li Weisheng looked at the two of them and saw that they were stunned. Then, he asked to the side, "I'll teach everyone how to barbecue tonight. WHO's willing to go?"

"Me!" They answered almost at the same time and even raised their hands. All of a sudden, everyone gathered around and asked in a flurry, "where are we going to barbecue?"

"How about we go to the Yunshan Barbecue Shop?" Li Weisheng asked everyone but his eyes were actually looking at Yu Xin.

"Sure, sure!" Immediately, a young man shouted. Then, someone sighed, "the Yunshan barbecue shop, that's the property of the Yunshan Hotel. It's said that the chef in the barbecue shop was specially invited from Korea. Not only can we have a feast tonight, we can also learn from the Korean chef on the spot..."

Everyone was talking at once. Yu Xin originally did not want to go, but she was the one who took the initiative to talk about barbecue just now, and Li Weisheng invited everyone because she said she had not eaten barbecue for a long time.

Therefore, after school, more than ten students followed Li Weisheng to the cloud mountain barbecue shop in a grandiose manner. Fortunately, there were two car owners among the students, and Li Weisheng also had a car, so three cars for more than ten people could actually fit them.

It was unknown whether it was intentional or not, but the passenger seat of Li Weisheng was empty, and Yu Xin was packing her books at the back, so she walked slowly. When she went downstairs, there was only this seat left.

She didn't think too much. It was the teacher's treat. Moreover, if it really didn't work, she could still swipe Lei Zhensheng's card, right. In any case, that card could be used for eating.

Li Weisheng's car was driving very steadily, and Yunshan barbecue shop wasn't far from here. In fact, it was only half an hour's drive away, and it happened to be half an hour earlier than the rush hour, so they missed the rush hour. They smoothly arrived at Yunshan barbecue shop.

Yunshan barbecue shop was a typical barbecue shop that focused on Korean cuisine. As soon as they walked in, they could smell the aroma of barbecue. Yu Xin took a deep breath and only felt an incomparable warmth.

Li Weisheng went in and greeted the chef. Then, the chef came out and introduced to everyone with a smile on his face how to cut the barbecue, how to brush the ingredients, how to grill it, and how best to grill it.

Yu Xin and Li Qinghe sat together. Beside her sat a boy who was about twenty years old. He was probably learning to cook in order to find a job, so he looked especially serious.

Yu Xin had eaten barbecue countless times in Korea. As the saying went, one would naturally understand a little after seeing too much. Therefore, after the chef finished speaking, she basically understood as well, so she took the lead to grill it.

The boy next to her had a sweet mouth. When he saw her barbecuing meat, he called out to her sweetly, "sister Yu Xin, can you teach me as well? I see that you're very skilled at barbecuing meat."

The little boy's name was Cai Lingfei. He had a messy haircut and wore jeans and a leather jacket. He looked like he was not doing his job properly, but his attitude when learning how to grill meat was quite sincere.

Yu Xin only knew how to grill meat, but she could not grill it well, so she said to him, "sure, let's learn it together. Later, we'll see who makes it better."

### **Chapter 1525 she was worse than a dog**

Lei Zhensheng was on a business trip on the fifth day of Yu Xin's cooking class. At that time, he told Yu Xin that he was going on a business trip in the evening. Yu Xin came back from the cooking class and brought some ingredients back to practice the dishes she learned today.

This afternoon, Li Weisheng told everyone about the MAPO Tofu dish. In fact, it was very simple when he said it. It was nothing more than the pepper, pepper, Ginger, bean paste, and other dishes cooked together with the Tofu. But later, when he showed the video of him cooking this dish.. Actually, it was quite complicated. Although those things were cooked in a pile, there was a sequence.

When Yu Xin was cutting the Tofu in the kitchen, Lei Zhensheng came back. He shouted at her at the kitchen door, "I'll go to Hong Kong tomorrow morning. Help me prepare my luggage tonight."

She asked without raising her head, "how long will you be gone?"

"One or two months," his voice came from the living room. There were vaguely other unfamiliar voices, but she didn't care much.

A month or two She was so happy that she almost didn't scream out loud. She couldn't help but think, why don't you go to Hong Kong for a year or two It would be best if you went on a business trip for a year or two, or even a decade or two.

She was so focused on being happy that she didn't even know Lei Zhensheng had walked into the kitchen until his deep and hoarse voice came from behind. "Are you so happy that you're about to jump up and down?"

"No," she answered very naturally. Then, she turned around and instantly screamed, "ah..."

She stared at Lei Zhensheng with her eyes wide open. At this moment, he was holding a white dog in his arms, and the dog was licking his hand with its tongue. She only felt disgusted when she saw it, even more disgusted than when Lei Zhensheng was torturing her.

She was a doctor. Although she did not have serious mysophobia, she was still a little more hygienic than the average person. She was born to dislike dogs, and she always thought that dogs ate sh \* T.

Because she had lived in the countryside since she was young, she came to the city later. It was only when her parents got into a car accident that she followed her uncle to Seoul. However, her deep-rooted view of dogs could not be changed.

“It’s just a dog. Is there a need to make such a fuss?” Lei Zhensheng rolled his eyes at her face, which had become a little exaggerated due to fear. Then, he looked at the pile of black, red, red, and white ingredients on her dining table. He frowned and said, “don’t cook anymore. Let’s go out and eat.”

“Oh.” Yu Xin immediately took off the apron on her waist and followed him out of the kitchen. When she saw him put the White Puppy on the Sofa, she felt disgusted. She often lay on the SOFA, didn’t she?

“This is Xue’er. You’re bored at home alone. Let Xue’er accompany you,” Lei Zhensheng said to Yu Xin naturally as he put on a coat for himself.

“I don’t know how to take care of a dog,” Yu Xin was telling the truth. Then, she quickly added, “I can’t even take care of myself well.”

Lei Zhensheng looked at her for three seconds, then nodded and said, “okay, I’ll find someone to take care of the dog tomorrow. You can take care of yourself.”

Look, her status in Lei Zhensheng’s place was so low that it was worse than his dog. Even the dog had a dedicated staff to serve it, but she had to serve Lei Zhensheng herself.

God, does it have to be so unfair?

Yu Xin had 10,000 objections in her heart. Actually, she did not want this dog to stay in this house, but this house belonged to Lei Zhensheng, so after her objection was rejected, she did not dare to say anything more.

Therefore, she obediently changed her clothes and followed him out. In her heart, she only hoped that he would come early tomorrow, but in fact, she hoped that he would go on a business trip early.

### **Chapter 1526: unsupervised days**

Lei Zhensheng went on a business trip, and Yu Xin’s life suddenly became like a fish in water. She only took care of herself every day, so her time was very free. She could sleep past ten in the morning before getting up. Anyway, the cooking class was in the afternoon. She could only go home after nine in the evening. Anyway, besides Xue’er, there was only Ling’er, a Taiwanese who had a dog at home.

This Taiwanese spoke Mandarin, and she was still young. She was not even thirty years old, and her appearance could be considered delicate. However, Yu Xin always felt that she was Lei Zhensheng’s spy, so she did not want to talk to her. More words meant more mistakes, even though she did not have any secrets.

She was in the cooking class, but what she learned was very little. The main reason was that she was not very interested in cooking. The other reason was that she was not willing to go to the kitchen alone to practice what she had learned.

Without Lei Zhenyu, the sun seemed to be brighter. Yu Xin went to class with Li Qinghe every day. After a long time, she realized that Li Qinghe was actually a good woman. She looked like she was forty years old, but she had a heart that was more than twenty years old.

Of course, Cai Lingfei and Li Weisheng were also very good with them. After the four of them went to class in the afternoon, they often found a place to eat together. It was gloriously called finding a place to taste delicious food.

In Li Weisheng's words, one would only know how to cook after tasting all the delicacies in the world. Therefore, the first thing to learn how to cook was not to cook, but to eat. When you could taste the same dish made by two chefs differently.. You could even tell what was missing and what was missing, and your culinary skills would be about the same.

The four of them went for cash. Yu Xin was the poorest because she almost did not have any cash. However, she did not know if she could be considered the richest because Lei Zhensheng's card seemed to be endless.

Therefore, when the four of them went out to eat, Yu Xin would often pay with her card. Li Weisheng would usually pay for the taxi, Cai Lingfei would be in charge of buying snacks, and Li Qinghe would be in charge of paying for entertainment, such as singing at the KTV.. Or go to a movie or a concert.

Ru Yu felt that life was not that miserable. Although they were in an unfamiliar city, Taiwan, as long as one had a good mentality, they could quickly adapt to the surrounding environment and even blend in with the surrounding environment.

Li Qinghe was forty years old. She learned cooking to cook for her husband. However, Yu Xin discovered that she had gone back very early after class the first few days of the cooking class. After about three weeks, she had been looking at her all day, fooling around, and did not go home.

Finally, one day, everyone ate dinner and went to the KTV to sing. In fact, Yu Xin did not like to sing. It was mainly because Cai Lingfei and Li Weisheng loved to sing, so she and Li Qinghe would occasionally accompany them.

Yu Xin came out to get some air when she felt that the KTV was stuffy. Then, she naturally walked in the direction of the bathroom. She had drunk too much water at the KTV just now, so she really wanted to go to the bathroom.

Just as she walked to the washroom, she heard Li Qinghe cursing. It gave her a big scare because Li Qinghe had always given her the feeling of a fresh and elegant lady. She had never heard her swear, let alone curse.

Li Qinghe didn't know who she was cursing with on the phone. She seemed to be very angry and angry. Her face was completely twisted like a shrew, and unbearable words kept coming out of her mouth.

Yu Xin was completely stunned, so much so that she forgot to turn around to avoid it. In the end, she was discovered by Li Qinghe after the phone call. She hurriedly wanted to explain, but she didn't know how to explain.

Therefore, she pointed at the block behind Li Qinghe with her finger and said with a little guilt, "I want to use this pit because my legs are a little numb today. I can't squat down."

### **Chapter 1527: Li Qinghe's story**

"What the F \* Ck Are you squatting for?" Li Qinghe swore at her again and said in a bad mood, "he is so poor that he can't even afford to eat. Why are you still pretending that you don't know?"

"What?" Yu Xin was shocked and looked at Li Qinghe, "what happened? Isn't your husband quite rich? Why can't he afford to eat?"

"My husband, that dead man died half a month ago?" Li Qinghe exhaled Then she said angrily, "that dead man's son doesn't want to give me money now. That is the dead man's inheritance left to me. F \* Ck, if he doesn't give it to me, I will find a lawyer and sue him..."

It turned out that the husband Li Qinghe married was more than thirty years older than her. When Li Qinghe married her husband at the age of thirty, her husband was already more than sixty years old. Her husband was ten years older than her father.

Back then, Li Qinghe worked in a southern city. The boss was Taiwanese. Li Qinghe was pretty, so this Taiwanese man took a fancy to her and wanted Li Qinghe to be his mistress.

Li Qinghe was still a girl who had studied in high school. She also knew that it was not good to be a mistress, so she refused. The Taiwanese man coveted Li Qinghe's beauty. One time, he took her to the office and used a conversation as an excuse to drug her water Then, he took her by force.

At that time, Li Qinghe was also an impatient person. He was clamoring to call the police. In the end, the old man was still afraid. After all, the city in the south was not Taiwan, so in the end, he put in a good word for Li Qinghe and told her not to make a fuss. Anyway, he liked her He might as well let her marry him. His wife had died a few years ago, and he just happened to need a wife.

For her own reputation, Li Qinghe thought that since the old man had already taken over her, there would be nothing left for her to do no matter how much she argued. She might only have a bad reputation, so she could only go with the flow and marry this Taiwanese man.

In fact, the Taiwanese man was already over sixty years old. Li Qinghe had come to Taiwan with him. In name, she was his wife, but in fact, she was more or less the same as his servant. Therefore, the old man's children did not say anything. They just thought that the old man had hired a personal servant.

Li Qinghe had followed this old man for ten years. Now that the old man's legs were stretched out, the old man's son wanted to take possession of Li Qinghe's inheritance.

Yu Xin was very angry when she heard these words. Thinking about how Li Qinghe had been by the old man's side for ten years, taking care of him from morning till night, and finally ending up with no money and being chased out, this definitely would not work.

Yu Xin told Li Weisheng and Cai Lingfei about Li Qinghe's matter. When they heard it, they both felt injustice for Li Qinghe. Li Weisheng said that he knew a lawyer and wanted to help Li Qinghe find a lawyer. Cai Lingfei said that he seemed to know Li Qinghe's husband's daughter. He asked someone to ask what was going on.

Therefore, in the following days, the few of them did not eat, sing, and watch movies all day. When they had free time, they would study the matter of Li Qinghe's inheritance.

Two weeks later, Li Qinghe's matter was finally resolved. The old man's children were still afraid that the matter would blow up. Moreover, the old man did not leave much property for Li Qinghe. It was only enough for Li Qinghe to live a carefree life until she was old. Therefore, in the end, the children still gave the money to Li Qinghe.

Of course, apart from a large sum of money that could be used to retire, Li Qinghe also had a three-bedroom house that was 100 square meters. This was considered a luxury house in Hong Kong and Taiwan.

Ever since Li Qinghe had her own house, they no longer went out to eat. The four of them often went to Li Qinghe's house to cook. Of course, Li Weisheng was the teacher. He taught Yu Xin and Li Qinghe how to cook while Cai Lingfei was in charge of making soup. He said that he came to the cooking class just to learn how to make soup.

### **Chapter 1528 my uncle is back**

This time, Lei Zhensheng's business trip was indeed a little long. Although it was not two months, it was still one and a half months long.

During this one and a half months, Yu Xin actually did not learn how to cook a few dishes. The main reason was that she had not learned much in the previous month and was busy with Li Qinghe's matters.

In the past week, she had only started to practice cooking at Li Qinghe's house. However, she was unfamiliar with this matter at the beginning and often mixed salt and fine sand sugar together. The things that were cooked were usually difficult to swallow.

Li Weisheng said that she was not born to be a cook, so even though Li Qinghe could cook a lot of dishes, she could not make a proper dish. Every time, she could only eat.

In fact, Li Weisheng did not really know how to cook. He was just handsome and eloquent. He was mainly in charge of the food culture class. In fact, in the practice class, other chefs were giving demonstrations.

"You can't cook well yourself, but you still came to be a teacher of the cooking class?" Yu Xin was really convinced by him. She used to think that the teachers of the cooking class were all chefs.

Li Weisheng smiled and said that he came to the cooking class to be a teacher purely for fun, to practice his eloquence and to consolidate the Chinese food culture. This was because his family owned a restaurant, but he did not know much about this aspect.

Yu Xin only knew that if she did not know much, she had to be a student. This was the first time in history that she had heard of someone who did not know much being a teacher. If she did not know much, how could she be a teacher?

“It’s easy to be lazy when you’re a student,” Li Weisheng said seriously, “being a teacher is different. Because you have to teach a student when you’re a teacher, you have to learn before class. Otherwise, how are you going to teach the students?”

Only then did Yu Xin understand that Li Weisheng had come to the cooking class to be a teacher in order to force her to study. Alright, this was really something that she had never thought of before.

When Lei Zhensheng called, she happened to be discussing the root of food culture with Li Weisheng. In fact, it was mainly Li Weisheng who was talking, and she was responsible for listening. However, even if she listened, it would go in one ear and out the other.

The phone screamed at this harmonious time, scaring both her and Li Weisheng. She smiled apologetically at Li Weisheng, then took the phone and walked to the balcony of Li Qinghe’s house to answer the phone.

Just as she pressed the answer button, Lei Zhensheng’s deep voice sounded, “where are you?”

“in... cooking class,” she immediately lied. Although she did not know why she had to lie, she still felt that it was necessary for her to lie.

“How long more before the class ends?” Lei Zhensheng’s voice continued, “do you want me to pick you up? I’m already on the car at the airport.”

“No, no, I’m going to end the class soon,” Yu Xin said quickly as if she was facing a great enemy, “then I’ll go buy the ingredients now, and I’ll be back soon. You can go straight home.”

She hung up Lei Zhensheng’s call and did not dare to delay for even a minute. Although the airport in Taiwan was a little far from her and Lei Zhensheng’s one-courtyard Villa, she had to go and buy some vegetables before rushing home. She still hoped that she could go back before Lei Zhensheng reached home.

“What’s wrong? Didn’t you say you were going to eat at sister Li’s place?” Li Weisheng saw her grab her bag and walk out of the door, so he quickly followed her. “What’s so urgent?”

“My... My uncle-friend is back,” Yu Xin played a joke and then lied. She did not want them to know her real identity and real situation.

### **Chapter 1529 was forcefully kissed by a child**

Li Qinghe’s situation was once terrible, but she was still the legal wife of the Taiwanese man. When the Taiwanese man died, he still left some property to her.

And Her She was just a tool by Lei Zhensheng’s side to vent. She didn’t have any status. If Lei Zhensheng died, she probably wouldn’t be able to get a single cent of the inheritance.

“where do you live?” Cai Lingfei came out of the kitchen, then quickly came to the door and said, “I just want to go back. Is it on the way?”

“I live in Yangming Mountain,” Yu Xin said her home address in a hurry, then hurriedly said, “but I need to buy some ingredients.”

“My house also lives in Yangming Mountain,” Cai Lingfei smiled, “I’ll take you with the car. Although mine is a motorcycle, there is a big shopping mall near Yangming Mountain, so you can buy ingredients in the big shopping mall.”

Yu Xin thought for a moment and nodded. Yangming mountain was big, there were many buildings around, and the shopping mall was actually far from her family’s single-family villa. Besides, taking Cai Lingfei’s motorcycle was faster than taking the car.

It was indeed much faster. Cai Lingfei’s motorcycle was riding like the wind, and Yu Xin was screaming in fear from behind. In order to stabilize her body, she had to wrap her arms around Cai Lingfei’s waist, but she didn’t expect him to ride faster.

“Hey, kids shouldn’t ride bikes so fast in the future!” Yu Xin couldn’t help but advise him when she got off the bike. “If the motorcycle is too fast, it’s easy to fall. Safety is the first priority.”

“You’re the kid.” Cai Lingfei was obviously unhappy. He couldn’t help but roll his eyes at her and said, “I’m already 25 years old, okay?”

“Ah, you’re already 25 years old?” Yu Xin pretended to be surprised and then said, “if 25 years old isn’t a child, then what is?”

These words made Cai Lingfei so angry that his face changed color. Seeing that Yu Xin was about to leave, he parked his motorcycle and rushed forward. He grabbed Yu Xin’s arm and pulled her back directly.

Yu Xin was shocked. She thought she had encountered a robber and was about to open her mouth to scream. However, just as she opened her mouth a little, she was stopped by Cai Lingfei’s mouth, and then... ..

She widened her eyes and looked at the boy who was too close to her face in disbelief. At this moment, he was actually kissing her... ..

F \* Ck, a child actually dared to kiss her!

No, she was forcefully kissed by a child!

Yu Xin’s mind was like a flash of lightning. She was forcefully kissed by a child. If this news were to spread, if that woman, Che Ru Yu, knew about it, wouldn’t she laugh her head off.

“Why are your eyes so wide?” Cai lingfei kissed her for a few seconds and realized that her eyes were so wide. He couldn’t help but ask in amusement, “haven’t you ever kissed before? You don’t even know how to close your eyes.”

“F \* Ck, who hasn’t kissed before?” Yu Xin finally came to her senses and pushed him away. Then, she warned him in a bad mood, “I’m a 30-year-old woman. Don’t provoke me. I’m just a kid. I don’t know anything.”

“How do you know that I don’t know anything?” Cai Lingfei smiled and took two steps closer to her. “Do you want us to go to a hotel right now and try to get a room to see if I understand?”

“GET LOST!” Yu Xin was really angry this time. She hit him with her bag, turned around and ran to the entrance of the mall. She didn’t care about this 25-year-old kid anymore.

Cai Lingfei looked at Yu Xin’s disappearing figure at the entrance of the shopping mall and felt depressed. He was a 25-year-old mature man, okay Why was he just a kid in her eyes?

### **Chapter 1530: Terrible results**

Yu Xin hurried over and finally arrived home before Lei Zhensheng. As she had just gotten out of the car and had run for some distance, she was covered in sweat and her face was covered in sweat, so she immediately ran into the bathroom to take a shower.

Lei Zhensheng, this F \* Cking old man, had a slight mysophobia. He did not like her makeup, nor did he like the smell of sweat. Yu Xin had lived with him for a long time, so she had figured out her temper.

She took a shower almost as fast as she could. Just as she was done tidying up and drying her hair, she heard footsteps coming from the yard. She hurriedly put the hair dryer away and rushed into the kitchen as fast as she could.

She bought a bunch of messy ingredients. Actually, she hadn’t learned much about cooking and didn’t know what to do. It was mainly because she was in a hurry, so she didn’t make any plans when she bought them. She just bought a bunch of random ingredients.

When Lei Zhensheng’s footsteps stopped at the door, she was staring blankly at a bunch of ingredients in the kitchen. To be honest, she didn’t know how to do it herself.

She bought green peppers, but she didn’t buy beef. She bought tomatoes, but she forgot to buy eggs. She bought streaky pork, but she didn’t buy garlic sprouts because she only remembered the garlic sprouts.

She heard the footsteps stop, and immediately ran out of the kitchen in a hurry. She took a pair of slippers from the shoe cabinet at the door and handed them to him. Then she lowered her head and said, “are you tired from the flight?”

“Yes, it’s not too far. I’m not very tired,” he answered and walked in. His face was directly pressed against hers. “It’s so clean and fragrant. You’ve just showered, right?”

Yu Xin glared at him fiercely. He really was a dog. His nose was as sharp as anything. She could not even lie to him after taking a bath.

When he saw her glare at him, he couldn’t help but laugh. His thin lips landed on her pink lips and imprinted heavily on them. “good girl, go and cook. Your husband is hungry everywhere.”

Hungry your head! Is there nothing for you to eat on the plane Why don't you just eat on the plane and stuff yourself to death?

Yu Xin cursed Lei Zhensheng in her heart, but she didn't dare to say a word. Ah Ling brought Xue'er in. Lei Zhensheng was much happier to see Xue'er than to see her. He directly went over and carried Xue'er as if he was carrying his own child.

F \* Ck, no wonder he was so good to a puppy. He was originally a dog, and he could not have a child. What was there to carry if not a puppy?

Yu Xin had been silently criticizing Lei Zhensheng while cooking in the kitchen. As a result, her work efficiency was particularly low. She had originally bought a bunch of ingredients that she did not know how to make. Fortunately, Ah Ling came in to help her and managed to make three dishes and a soup.

"Your cooking class has been in vain." Lei Zhensheng's face was gloomy. Because none of the three dishes and a soup were delicious, ah Ling only gave her a helping hand. Cooking was the main job for her because she was learning cooking class Because Lei Zhensheng wanted to see her academic results.

"I was never good at cooking," Yu Xin said with her head lowered. She was telling the truth. She hated going into the kitchen to smell the smoke.

"Then what are you good at?" Lei Zhensheng rolled his eyes at her. "medicine? I'm sorry, I can't let you hurt other people's families."

Yu Xin was so angry that she almost vomited blood. Damn it, whose family did she hurt She had been saving lives and helping the wounded, okay What did it have to do with her if his own family was going to be destroyed Only an unreasonable BT would say such words that were worse than pigs and dogs.
