

Divorce 1531

Chapter 1531 women who have a harder life than concubines

The meal was not fast. After Yu Xin finished eating, she went straight back to the bedroom. She had already showered in advance. Lei Zhensheng also knew about it, so she could not even be bothered to pretend.

Lei Zhensheng was indeed hungry everywhere. He finished eating before Yu Xin, so when Yu Xin obediently went into his bedroom, he was already in the shower.

Yu Xin obediently took off her clothes and lay on the bed. Anyway, he would not let her off when he came back. Rather than waiting for other animals to tear her clothes, she might as well take them off herself. At least, she would still have her clothes intact.

“Lin Yuxin, help me bring my boxers to the bathroom.” Lei Zhensheng’s voice came from the bathroom. “I forgot to bring my boxers just now.”

F * Ck, how bad is this person Ru Yu thought angrily in her heart, but she did not dare to neglect her actions. She quickly grabbed a nightgown and hung it on her body. Then, she went to the cloakroom to find a pair of his boxers and knocked on the bathroom door.

After knocking twice, the bathroom door was pulled open. She handed the boxers in her hand in, but the result was that Lei Zhensheng did not take the boxers. Instead, he grabbed her wrist and forcefully pulled her in.

This is not the first time in the bathroom by him, Yu Xin gritted her teeth to bear... . .

.....

Dear ones, the bathroom door here is very tight, the bathroom window is installed with blinds, Xiao Qiao does not have clairvoyance, so, what happened inside, Xiao Qiao do not know, dear ones each play imagination imagination, Amy Tofu.

Some fans dissatisfied asked: Xiao Qiao, why do you always find a place with windows and doors, how do we look at this?

Xiao Qiao scratched his head with his hands: Do you still want the two of them to go to the field performance?

The fans tilted their heads: Is it not possible?

Xiao Qiao’s face was sad: Dear, that is indecent, indecent, if the two of them really do that, I think only death.

Fans asked: How to die?

Xiao Qiao rolled his eyes at the fans: How else to die She was either beaten to death by a righteous person or drowned by a public-spirited person... ..

Finally, everything returned to normal. She lay on the edge of the sink and was so weak that she did not have any strength. He was washing his body behind her. It was obvious that he was planning to rest.

She waited for him to leave before she reluctantly washed her dirty body. Then, she was so weak that she almost crawled back to her own room. Lei Zhensheng disliked that she did not sleep well. Sometimes, she even snored, so he never shared a bed with her. Although the two of them did this very frequently at home, they slept in separate rooms.

She felt so sad in her heart. When she was studying history in the past, she even lamented to the emperor that the emperor's concubines had a hard life or something. Now, her life was even harder than the emperor's concubines.

The emperor's concubines could not share a bed with the emperor either. However, after the emperor was done, the eunuchs would carry them back. As for her, she could only crawl back to her room while leaning against the wall like a dog.

She crawled back to her room and directly climbed onto the bed to sleep. In order to prevent the wolf from sneakily attacking at night, she specially pressed the anti-lock button when she closed the door. She only wanted to sleep peacefully.

Chapter 1532: A woman with a low IQ

Yu Xin originally wanted to sleep peacefully, but her small wish was destined to be unfulfilled because she was woken up again in the middle of the night.

What woke her up was the pain in her chest. When she opened her eyes, Lei Zhensheng's handsome face was swaying on her face, and his hands were moving around her body irregularly.

"I'm so tired." She could not help but push his body away with her hands. "Can't you let me sleep?"

"Wait until I'm full before you get tired." His voice was hazy. No one knew if he had woken up or not. "I've been hungry for more than a month. How can I be full after eating once?"

Yu Xin could not help but burst into tears. Just now, he was too dreamy in the bathroom and almost made her fall apart. Now, all the bones in her body were still hurting, and he actually came to torment her again.

So she thought that she might as well let him torture her to death. In any case, she would die early and be reincarnated early. But when she thought back, she was only thirty years old. How young was she? It was not worth it to die so early. She still had a lot of handsome men to love. There were still a lot of pregnant women waiting for her to deliver the baby. There were also a lot of infertile women waiting for her to be a mother... ..

She could not die, so she could only muster up her spirit to cater to him. She would let him eat her up again in high spirits and satisfaction. Then, she would fall into a deep sleep after he ate her up.

This time, she fell into a deep sleep. However, she did not wake up in the afternoon because she was woken up by something furry. She only felt an itchy sensation on her face, so she instinctively reached out to pull.

This time, she was in big trouble because she actually pulled Lei Zhensheng's Xue'er under the bed. The little dog, who was not even one year old, was heavily pulled down by her. It immediately fell and barked loudly. It was obvious that the fall was not light.

She was so scared that she hurriedly jumped down from the bed. Only then did she realize that she was not wearing any clothes, so she quickly grabbed her pajamas and put them on herself. When she had just put on her pajamas, Lei Zhensheng had already run in from the balcony outside.

Xue'er had broken a leg. His face was as gloomy as anything. He pointed at her with his finger, as if he wanted to eat her up.

She lowered her head as if she had made a big mistake. In this family, Lei Zhensheng was the boss, Ah Ling was hired by Lei Zhensheng to take care of Xue'er, and she was raised by Lei Zhensheng. Her status was even lower than Xue'er's.

In the end, Lei Zhensheng drove Xue'er to the pet hospital personally. She did not know how much it cost. Anyway, after Lei Zhensheng drove back, Xue'er's calf had been sealed with a cast. Ah Ling carefully put it on its Special Sofa.

F* Ck, even Lei Zhensheng's dog had a sofa. What kind of world was this? Nowadays, many families did not even have a sofa to sit on?

Capital, an absolute capitalist. She had hated capital since she was young because she had always been a proletarian.

"You don't have to go to cooking classes in the future," Lei Zhensheng ordered coldly. "with your Iq, you can only be an obstetrician and gynecologist. You can't do anything else."

F* Ck, was the Iq of an obstetrician and gynecologist very low Could people with low iq treat patients Could they perform surgery on people?

Lei Zhensheng, do you even have an Iq?

However, Lei Zhensheng's hand opened in front of her. A shiny ring appeared in his palm. There was a small stone on the ring. It was probably a cat's eye stone, she thought to herself.

Under the ring, his intelligence had already exceeded his life line. Damn, no wonder he was so cunning. It turned out that his intelligence line was so long. Such a person was suitable to be a BT capitalist.

Chapter 1533: Idle Women

Yu Xin was originally doing well in the cooking class. She thought that she could just stay in the cooking class for a few months to pass the time.

However, who would have thought that when Lei Zhensheng came back from his business trip, he directly denied her results in the cooking class. Then, he told her not to go to the cooking class because she was not suitable to learn cooking.

But where would she go if she did not go to the cooking class? Could it be that she was really waiting for his favor at home every day? Then wouldn't she really become a woman waiting for the emperor?

No, she absolutely couldn't stay at home all day. Otherwise, she would be doomed to suffocate. Moreover, she didn't like to go shopping or anything like that. How could she spend that day other than sleeping.

Therefore, she strongly requested that she still go to the cooking class because she had already handed in the learning method. Wouldn't it be a pity if she didn't go to class?

"You can go to the beauty salon, or you can go to the gym," Lei Zhensheng faintly suggested to her. "Of course, you can also try to like pets or plants. It's also okay to learn how to prune leaves and branches. You don't have to go to the cooking class. I will find someone to cook for you in the future."

Alright, Lei Zhensheng was the head of the family and a privileged person. He had the final say in everything. Even she had the final say. She had no right to resist, let alone that it was useless to resist.

Li Weisheng, Li Qinghe, and Cai Lingfei called her instead of going to the cooking class to ask her what was going on. Why did she not come to the class.

She immediately said tactfully that she was not interested in cooking. She had been studying for almost two months, but she did not learn anything. Until now, she still could not make a decent dish. She did not have talent in this area, so she did not want to waste time.

Therefore, Li Qinghe asked her what she was going to learn?

She thought about it and said that she was going to work out. She was prepared to maintain her aging face, so she opened a card at the Yoga Studio, opened another card at the fitness club, and opened another card at the beauty salon.

In short, she was mainly thinking about how to pass the time during the day. Although she often slept until nine or ten o'clock in the morning during the day, she still had more than half of the time left.

Li Qinghe said that she would also go to the beauty salon. Yu Xin was only 30 years old and she already did maintenance. She should do maintenance when she was 40 years old. She quickly asked Yu Xin which beauty salon opened the card. She would also go to open one, and then she could make an appointment with her to wash her face.

As for fitness, Li Weisheng and Cai Lingfei often went to the gym, so the four of them still met frequently. Li Weisheng said that he would not go to the cooking class after he finished it because his history of food culture was almost consolidated.

Cai Lingfei only went to the cooking class to fool around. Because he did not want to go back to take over the family business, he specially found an excuse to open a Korean Barbecue restaurant to come to the cooking class.

Yu Xin did not have to go to the cooking class anymore. The family hired a chef to specially cook for her. In this way, all her time would be spent on spending Lei Zhensheng's money.

After lunch, she immediately went out and went shopping with Li Qinghe. After that, they went to the Yoga Studio and then the gym. After the gym, the two of them would go to eat something to fill their

hungry stomachs after exercise Then, they went to the beauty salon to lie down and enjoy the high-class face washing service.

“Yu Xin, your life is so happy. ” Li Qinghe could not help but praise. She looked at her with envy and said, “your boyfriend is so good to you. If I could have half of your life, I would be satisfied. ”

Chapter 1534: Idle Women 1

“PFFT... ” Yu Xin couldn’t help but laugh when she heard Li Qinghe’s words. She looked at her and asked, “do you think it’s good to just spend money instead of going to work? In fact, I can’t wait to go to work. The key is that he doesn’t allow me to go to work. ”

“You don’t know how lucky you are in life, ” Li Qinghe pointed out Then she sighed and said, “in the past, I was basically a widow with that dead guy. Most importantly, I had to serve him like a servant all day long. The Servant also had a salary. I didn’t even have a salary to serve him. This is the tragedy of being a wife. ”

Yu Xin smiled when she heard this. Then she looked at her and said, “haven’t you been on a blind date recently? This time, seize the opportunity and find a good one. ”

“find a good one. It’s easier said than done. ” Li Qinghe sighed and shook his head He looked at Yu Xin and said, “you have to know that it’s not easy for an unmarried woman in her forties to marry well, let alone a second-hand woman in her forties “The people I’m on a blind date with are around my age. Those who are willing to hang out with me are all very poor. In fact, they are only interested in my little inheritance. Those with a little money are the older ones. They are usually in their fifties or sixties. ”

Hearing this, Yu Xin also felt sorry for Li Qinghe. In fact, a few days ago, Li Weisheng and Cai Lingfei were also saying that Li Qinghe was going on blind dates. However, those men were either interested in her money or were interested in her youth and beauty.

In the Fitness Club, Yu Xin had recently become addicted to running and sit-ups, while Li Qinghe was addicted to swimming. She said that she had always been afraid of the water and did not dare to go into the water even when she went to the beach. Now, there was a coach who dared to go into the water and felt good in the water.

Yu Xin also felt good seeing her, because the coach was a man in his thirties with strong muscles. Perhaps because of long-term swimming, his skin was a little dark, but he still looked more handsome.

“I think sister Li and the swimming coach are a little strange. ” Cai Lingfei handed her a cup of milk tea Then he stood beside the swimming pool with her and said, “I went to sister Li’s house to leave her barbecue tools the day before yesterday. After knocking on the door, I found sister Li’s face was red, and her swimming coach was sitting on her sofa watching TV. ”

“maybe she was just talking about swimming, ” Yu Xin continued. Then, she glared at Cai Lingfei and said, “can you not be so dirty-minded? A child’s mind is full of yellow things. ”

“Hahaha, ” Cai Lingfei laughed and drank the milk tea in his hand in one gulp. He was beaming with joy. With a standard bidding action, he threw the Empty Cup of milk tea not far away into the bucket Then,

he grabbed her hand and ran outside. "Let's go. I'll take you to a car race. It's windy today, and car racing is the most comfortable."

"But sister Li is still here." Yu Xin could not help but remind Cai Lingfei, "she came with us. Will she look for us later?"

"someone sent her. Maybe she thinks we're light bulbs." Cai Lingfei directly dragged Yu Xin out of the gym and quickly dragged her to his motorcycle. He patted his motorcycle with his hand and said, "how is it? I just bought it. It's my first ride today. I want to share it with you. Hurry up and get on."

"What a beautiful motorcycle." Yu Xin could not help but praise it. Then, she sat on it and sighed, "I didn't like riding a motorcycle in the past. I always felt that it was not safe. But after riding your motorcycle a few times, I'm no longer afraid."

Chapter 1535: Car Accident

"Hahaha," Cai Lingfei laughed. He drove the motorcycle out of the fitness club and quickly drove toward the ring road. As soon as he got on the road, he pushed the gas pedal to the maximum, and the whole car sped up almost instantly.

"Ah!" Yu Xin cried out in surprise. Her hands could not help but wrap around Cai Lingfei's waist. Because the motorcycle was too fast, it was as if it was flying. Her hands were tightly wrapped around him. The wind was so strong that her entire face could not help but stick to his back. She wanted to use his wide back to block the wind blowing in front of her.

At the intersection in front, the motorcycle slowed down because of the traffic, and a Mercedes-Benz slowly drove over from the opposite side. When that person saw Cai Lingfei's motorcycle, he frowned, but when he saw Cai Lingfei's motorcycle, the woman who tightly wrapped her arms around Cai Lingfei's waist.. When the woman stuck her face to Cai Lingfei's back, she instantly became furious.

Damn woman. He gave her money to kill time every day, not to find a GIGOLO. He gave her enough freedom, but she actually gave him such freedom.

Yu Xin only felt that there was a burning gaze looking at her, but Cai Lingfei's motorcycle was driving very fast. When she looked up, the motorcycle had already passed through many small cars, but she did not see anything.

She smiled bitterly and shook her head. It was really an illusion. She was sitting on Cai Lingfei's motorcycle, and Cai Lingfei's motorcycle was driving so fast. Who could see her, and who could see her clearly?

Cai Lingfei's motorcycle raced along the ring road, but it was still not enough. So he suggested to go to the fast main road to run another lap, saying that it was still early, and he was driving fast. One lap on the fast main road would only take about forty minutes.

Yu Xin originally wanted to go back, but seeing that the time was indeed early, she and Li Qinghe had to go to the beauty salon to wash their faces. Today, they had already gone out with Cai Lingfei, and Li Qinghe was probably gone when they went back, so she nodded and agreed.

However, Yu Xin never dreamed that she would encounter a car accident when she went to the expressway with Cai Lingfei. If she knew, she would never agree to go.

Cai Lingfei's motorcycle drove too fast because there were very few cars on the expressway. He drove the motorcycle to the maximum throttle, and then the whole motorcycle sped forward. The scenery and cars on both sides disappeared in an instant.

Yu Xin felt as if she was about to fly up. This kind of high-speed experience was too exciting. She hugged Cai Lingfei's waist tightly and could not help but shout, "Lingfei, slow down, I'm so scared..."

However, before she could finish her words, Cai Lingfei's car had already lost control and crashed straight ahead. The flustered Cai Lingfei wanted to step on the brakes, but the brakes had no effect at all at this time, and he could not stop the car.

As he spoke, Cai Lingfei leaped up and hugged Yu Xin with his back hand. He quickly rolled toward a large patch of grass on the side, while his motorcycle uncontrollably rolled over the fence and rolled into the water.

Yu Xin was scared out of her wits. Cai Lingfei held her in his arms. Due to inertia, they rolled on the grass for nearly ten meters before they stopped.

After they stopped, she realized that she was lying on Cai Lingfei's body. Her face was on Cai Lingfei's face, and her lips were less than two centimeters away from his lips.

She was stunned for a long time before she reacted. She hurriedly tried to turn over, but Cai Lingfei did not give her the chance. He directly grabbed her back and small waist.

Chapter 1536: Cai Lingfei's confession

"Don't move." His voice was low and hoarse. The hand that was originally holding her back clamped onto the back of her head. With a little force, her head was pressed down by him, and her pink lips landed accurately on his thin lips.

"UGH..." She grunted and wanted to retreat, but he did not give her a chance to escape. His thin lips occupied her pink lips from beginning to end.

His kiss was overbearing and forceful, with a young obsession and lust. Although Yu Xin was five years older than him, her only experience was being kissed forcefully by Lei Zhensheng. Therefore, she was still extremely inexperienced in this aspect. She was not a match for Cai Lingfei at all.

She was indeed not a match for Cai Lingfei because Cai Lingfei's kissing skills were very good. She unconsciously gave up struggling and resisting, and actually began to enjoy the deep French kiss he gave her in a daze.

It was not until she felt a chill in her chest that she woke up from the intoxicating kiss. She hurriedly used her hand to push him away. "No..."

"Yu Xin, I like you." Cai Lingfei's voice was young and magnetic and persistent. His eyes were burning with fire as he looked at her. At this moment, her figure was jumping in his dark eyes.

Looking at the handsome young face on her face, she thought of her relationship with Lei Zhensheng. In an instant, she felt that she was too dirty. How could such a dirty body be worthy of Cai Lingfei's young, handsome youth.

Therefore, she pushed her away with even more force. Then, she hurriedly sat up and used her hands to tidy up her clothes that he had unbuttoned three times. She said coldly, "Cai Lingfei, I think you're crazy. I'm five years older than you."

"So what if I'm five years older?" Cai Lingfei said indifferently. Then, he moved closer to her and stretched out his arms to hug her. He put his chin on her shoulder, and his thin lips exhaled a warm breath beside her ear. He said in a low voice, "Yu Xin, age is not an issue. Identity is not distance. I like you. I really like you. If you're worried, we can get married."

"Get married?" When Yu Xin heard these two words, she turned her head to look at him. Her eyes were filled with doubt.

Cai Lingfei nodded seriously. "Yu Xin, I want to marry you. I think our personalities are very compatible. You're the type that I like. You're..."

"But you're not the type that I like." Yu Xin hurriedly interrupted him. Then, she shouted a little angrily, "don't say anymore. It's better that we don't meet in the future."

"Yu Xin," Cai Lingfei was a little anxious to get up, seeing her turn to leave, so he got up from the ground with difficulty, a foot jumps toward her to walk into a way: "Yu Xin, you don't make a conclusion so hastily OK?" Even if we're not in a hurry to get married, we can start dating first. No, we haven't even been alone together. How do you know if it's right or not?"

"What's wrong with your foot?" Yu Xin saw him jump with one foot and immediately felt that something was wrong, so she did not care what he said at all. Instead, she stared at his foot that was kicked into the air and could not land. "Let me ask you, what's wrong with your foot?"

Chapter 1537: The long-lost feeling of intimacy

"I was hugging you and jumping off the motorcycle just now. I got hung up. I might have scratched myself," Cai Lingfei said nonchalantly. He continued to stare at her and said, "Yu Xin, can you promise to date me?"

"I'll take you to the doctor first." Yu Xin hurriedly came over and helped him walk to the side of the road. Then, she sighed softly and said, "you're the same. You didn't even say that you were injured. Instead, you kept talking about all sorts of nonsense. Don't you know that it's very troublesome if your wound is infected? Moreover, there are many bugs and bacteria on the grass in the wild. If you get infected, you might even lose your leg."

Cai Lingfei listened to his scolding, and a smile appeared on his face. He didn't say anything else. She helped him to the side of the road, and then the two of them hailed a taxi to the nearby hospital.

This was the first time Yu Xin had come to a hospital in Taiwan. After five months, she smelled the unique smell of hospital disinfectant. She felt very familiar with it, so while Cai Lingfei was bandaging his

wound in the debridement room.. She could not help but walk toward the gynecology and obstetrics floor.

To be honest, she had been away from the gynecology and obstetrics department for more than five months. Now that Meng de was back, she heard the cries of the baby and the moans of the pregnant woman before she gave birth. For a moment, she felt that it was the sound of nature.

“nurse, my wife’s child can’t be saved, ” A middle-aged man said anxiously to the nurse who was passing by. “Can you please inform the doctor to deliver her child quickly? She is in so much pain that she can’t take it anymore. She is going to give birth soon. ”

“There’s no doctor at the moment. ” The nurse rushed over to check on the woman who was shouting loudly Then, she said a little anxiously, “you’re going to give birth soon, but the only doctor on duty is doing a Caesarean section in the operating room for another difficult-to-deliver woman. If we inform the doctor now, he’ll be able to arrive in half an hour at the earliest, but you... “. ... We can’t wait that long.”

The nurse was so anxious that she was about to cry. Such a situation was rarely seen. In fact, the doctor had checked on this woman before he left work. At first, he thought that she would need at least three hours, but who knew that her uterus would open so quickly?

Yu Xin was stunned for a moment before she ran over and said to the nurse, “quickly go to the delivery room and take out the delivery tools. Let her give birth in this corridor. I will deliver the baby for her. ”

“You... do you know how to do it? ” The nurse was full of doubts towards a young woman wearing ordinary clothes because she did not look like a doctor no matter how she looked at her ...

“Can you not talk so much nonsense? ” Yu Xin glared at her and then quickly and decisively ordered, “why aren’t you going? Are you waiting for someone to die? ”

The nurse was frightened. This was the first time she had encountered such a thing. She was a little dazed. Seeing Yu Xin’s calm and steady expression, she hesitated for a moment, but still ran into the operating room obediently.

Yu Xin quickly ordered her husband to pull the screen over and surround the bed of such a pregnant woman in the corridor. Then, she decisively lifted the quilt on the woman’s body and asked her to bend her legs apart. Then, she pressed her hand on her lower abdomen Calmly and calmly, she ordered, “now, listen to me. Take a deep breath and use more strength... ”

The woman’s forehead was full of sweat. She was an old woman who had given birth. She was already 38 years old. This was her second time giving birth, so the nurse told her to wait for half an hour. However, she could not help it because the child in her stomach was about to come out.

Chapter 1538 temporary obstetrician and gynecologist

It was not a difficult labor operation, but it was a premature birth. The pregnant woman was originally here to save the Child. It had only been seven and a half months, and she could no longer save the child at this time. The child was also young, so she came down relatively quickly.

Although Yu Xin was only thirty years old, she had several years of experience in delivering babies. In the past, when she was in the hospital, she had to receive or perform Caesarean sections almost every three to five days. Therefore, the delivery of this premature woman was very easy for her.

The nurse had already pushed out some tools, and it just so happened that the baby was delivered. The loud cries of the baby rang out in the corridor outside the delivery room. Immediately, clapping sounds rang out from outside the screen. Everyone was happy for this couple. They had met a good person.

The husband of the pregnant woman was so happy that tears streamed down his face. He kept shouting incoherently at the side, "thank you, thank you, this girl. You are really a Bodhisattva who saves the suffering and saves the disaster."

Yu Xin used the hand that had just put on gloves to catch the little baby. Then, she placed it on the plate that was pushed out and quickly processed it.

The nurse was so nervous that she was trembling. However, Yu Xin had been calm the whole time. After she finished processing the baby, she quickly carried it with her bag and handed it over to the nurse. She quickly ordered, "send it to the Neonatal Department immediately. The child is too young. Let the father of the child go with him."

"Yes." The nurse took the child over and carefully carried it. Then, she said to a nurse who rushed over, "help this... doctor here."

The nurse nodded. Although Yu Xin was not wearing a white coat, she was so calm and collected in delivering the child. From this, it could be seen that she was a doctor, and an experienced one at that.

Yu Xin had just tidied up the baby and covered her with a blanket to let her rest. The two obstetricians who received the nurse's urgent notice rushed over. When they heard that the baby had been successfully delivered and that the mother and child were safe.. The two of them let out a long sigh of relief.

"thank you, thank you so much!" The two obstetricians held Yu Xin's hand. Their gratitude was beyond words. If there was a medical accident tonight, the two of them could not shirk their responsibility. After all, it was caused by a miscalculation during the examination before they left.

Yu Xin, however, smiled faintly. She said that she had not delivered a baby for a few months and that her hand was a little rusty. Fortunately, it was not completely wasted. It was a blessing that she could use her hand tonight.

When Yu Xin came out of the obstetrics and gynecology department, Cai Lingfei was no longer in the debridement room. There were nearly ten missed calls on her phone. All of them were from Cai Lingfei. At that time, she was busy delivering a baby, so it was impossible for her to pick up the phone.

Cai Lingfei must have left in anger. She thought that it was better this way. She and Cai Lingfei were not the same kind of people to begin with, and it was even more inappropriate for her to date him. It would be better if Cai Lingfei did not come to find her in the future. She would also save herself the trouble of explaining to him.

Just as she was about to head to the main road outside the hospital to hail a cab, she remembered that she did not have a single cent of cash on her. Just as she was feeling vexed, her phone rang again. It was Lei Zhensheng.

“where are you?” Lei Zhensheng’s cold and deep voice sounded. It was obvious that he was very dissatisfied that she had not returned home yet.

“I’m at XX hospital,” ru Yu said truthfully. “I don’t have any money on me. I can’t hail a cab to come back. Can you... come and pick me up?”

“Why did you go to the hospital for no reason?” Lei Zhenyu’s voice sounded obviously unhappy. Then, he asked nervously, “are you injured or sick?”

“I was passing by the hospital to go to the toilet, but a doctor wasn’t around when a woman was about to give birth. So, my hands were itchy, so I went to show off for a while. Then, I helped the woman give birth, so I wasted some time.” Yu Xin used very short words to recount the events that happened tonight I managed to make one thing clear.

There was a moment of silence on the other side of the phone. After a while, there was another: “wait there. I’ll drive over to pick you up right away.”

Chapter 1539 the woman whose days were muddled up

Yu Xin was sleeping soundly. The thick curtains were pulled open mercilessly. The Sun Pierced in like a strong ray of light, waking up the life that she had been chatting with Eunuch Zhou.

She covered her eyes with her hands in dissatisfaction and cursed almost instinctively, “Ah Ling, how many times have I told you? Don’t come to my room before I get up. Your main task is to take care of that dog, not me.”

After cursing, there was no sound. She felt that something was wrong and forced her fingers to open a little. Only then did she realize that it was not ah Ling who was taking care of that dog, but BT Lei Zhensheng.

She finally took her hands off her eyes. The anger from before instantly turned into a kind expression. She had always known to lower her head and be obedient to her benefactor, because she could not afford to offend this man. Moreover, she really could not bear the price of provoking him.

“Did you not go to work?” She asked with her eyes lowered, because the clock on the wall showed that it was already past nine o’clock in the morning. At this time, Lei Zhensheng should be sitting in his luxurious office.

“today is Saturday.” He frowned slightly. He was indeed a little dissatisfied with her being so confused. She did not go to work all day, and she was so confused that she did not even know what day it was.

Saturday Only then did she come to her senses. She could not help but curse in her heart at his reproachful eyes.

Damn, did she need to know what day it was She did not go to work.

She only needed to know where to play today, where to shop tomorrow, and where to hang out the day after that, okay?

The day before yesterday, Li Weisheng called her and said that she could go rafting in May. He asked her if she wanted to go rafting and said that it was slow and exciting. Cai Lingfei also said that he wanted to go. Only Li Qinghe was not interested in rafting. She only liked swimming recently.

Ever since she had not been in the cooking class, she had rarely seen Li Weisheng in the past two weeks. After all, Li Weisheng had to work and could not be compared to a group of unemployed people like them.

When she slowly washed up and came downstairs, Lei Zhensheng was already waiting for her at the dining table. It was almost 10 o'clock in the morning. At this time, she did not know whether to count her lunch or breakfast.

It could barely be counted as brunch. While she was thinking about this, she had already sat down at the dining table. Lei Zhensheng had already picked up a Roujiamo for her and placed it in her bowl in a gentlemanly manner.

She liked Roujiamo, especially roast roujiamo. She used to eat it often in Seoul, but after coming to Taiwan, she rarely ate it. Even if they were occasionally sold on the street, the taste was still a lot worse.

She quietly lowered her head and ate breakfast. Today, perhaps because Lei Zhensheng was at home, the table was very sumptuous, and it was all Korean. The chef really knew how to please his master.

As soon as she finished eating, Lei Zhensheng put a jewelry box in front of her. She almost swallowed a mouthful of soy milk. She looked at the jewelry box for a long time, then opened it with the hand that had just grabbed the Roujiamo.

She had been in Taiwan for five months, and Lei Zhensheng had given her a few things. Last time, he had given her a ring, and there was a stone on it that was comparable to a pigeon egg. However, the egg was probably not diamond. It was probably a cat's eye stone or something like that.

When the jewelry box was opened, a beautiful necklace lay quietly inside. Because the velvet was made of black silk, the necklace looked particularly dazzling. In fact, she did not need to guess to know that it was platinum.

The pendant was a heart-shaped stone. She had never studied broken stones, but this stone did not seem to have any color, so she guessed that it was probably jade or something like that.

Chapter 1540 my heart aches for my own life

She quietly closed the jewelry box. She did not like the things he gave her. Because she was an obstetrician, she never wore any jewelry on her hands. She could not even wear a bracelet. After all, she was going to have surgery at any time.

As for the necklace Doctors had always put on white coats. They wore a necklace. If they put it inside their clothes and others could not see it, wearing it was the same as not wearing it. But if they put it outside their clothes and matched it with a white coat, it would not make a difference.

Therefore, she hadn't been a doctor for a long time and had never had the habit of wearing accessories. Now, although she was no longer a doctor, she still wore ordinary clothes all day long and interacted with ordinary people. Those things didn't match the clothes on her body.

For such high-end jewelry, she should wear a formal dress and high heels, and then she should wear them at an occasion where the atmosphere was pleasant, right?

"Why? Don't you like it?" Lei Zhensheng frowned slightly when he saw that she didn't look surprised at all.

"I like it," she said faintly. Then she added, "but, do these go with the clothes I'm wearing?" "Also, who wears these on the street for no reason?" "It's said that the security in Taiwan is not good. What if the robber is impatient and doesn't pull the necklace off for a while and cuts off my neck to get the necklace?" "So, I've decided to lock all the jewelry you gave me in the safe. It's safer."

After she said that, she saw his face darken. She didn't know which of his words was wrong, so she quickly added, "I said that my life is safer. I'm not worried about your jewelry. I'm worried about my own life."

His expression finally eased up a little, and then he pulled a tissue to wipe his mouth. He said to her indifferently, "even if the jewelry falls into your hands, it's sad that you don't have a chance to show it. How about this, I'll give you a chance tonight. Put on all the jewelry I gave you. I'm going to invite someone to dinner. I'll bring you along to ensure that your life is safe."

Lei Zhensheng was going to take her out tonight. This was the first time she had come to Taiwan for the first time. According to what she knew, for a person with such a prestigious status like Lei Zhensheng, the person he invited should also be a person with a prestigious status. Usually, the person she wanted to take out should be her own wife.

The relationship between her and Lei Zhensheng was nondescript. To put it bluntly, she was Lei Zhensheng's mistress who could not see the light of day.

She was not a mistress. Although a mistress could not see the light of day, a mistress usually referred to someone who interfered with other people's family. Lei Zhensheng was a bachelor. He did not have a family, so she could only be considered a mistress.

Lei Zhensheng wanted to take her out. Naturally, he could not let her embarrass him. Therefore, after taking a nap in the afternoon, he took her to a beauty salon to wash her face. Then, he did her hair and makeup. Finally, he went to a dress shop to choose an evening gown.

She didn't know how grand the meeting between Lei Zhensheng and that person was, but judging from the way Lei Zhensheng was spending so much money to buy her a gown, she guessed that the other party had quite a background.

The gown was very expensive, a price that she had never dared to dream of before. However, the gown was also very long, and her 173-year-old body couldn't afford it at all. Therefore, Lei Zhensheng frowned, and then reluctantly took her to a brand shop to buy shoes.

This brand shop was a very high-end shoe shop, and the shoes were all imported from Italy. The price was so high that it made people dumbfounded. Her feet were constantly trembling when she put them into the shoes, so they couldn't fit into the shoes at all. This made the salesgirl very embarrassed.
