

Divorce 1541

Chapter 1541: Cinderella's sorry state when she wears crystal shoes

Finally, Lei Zhensheng squatted down and used his hands to grab her trembling feet and stuff them into the shoes. Poor her. She had been a doctor for many years and had almost no fate with high heels, so now she was wearing such a noble pair of high heels She did not even dare to take a step on the ground.

Of course, she still had to take a step in the end because Lei Zhensheng had already ruthlessly thrown away the flat-soled shoes that she wore. Therefore, she could only grit her teeth and walk out of the door wearing the high heels.

Fortunately, the car was parked at the entrance of the shoe store. It was only a few steps away. After stepping on the Hem of the dress twice, she barely climbed into the backseat of his car and let out a long sigh.

Lei Zhensheng drove with a gloomy face, while she was sizing up her outfit in the rearview mirror. There was a hairpin on her head that had just been styled. That hairpin was inlaid with a water diamond. She had seen this hairpin before in the beauty of fashion However, the hairpin that Lei Zhensheng had bought for her was dozens of times more expensive than the beauty of fashion. She was indeed a rich pig. She did not even know that she had been slaughtered.

Two rings hung on her ears. She did not know what material they were made of, but her lq only knew that they were platinum or gold. This was not yellow, but probably platinum. There was something shiny on it, but she did not know if it was a real diamond or a water diamond.

There was a necklace on the platinum, and the pendant looked like the heart of the ocean in "titanic." Of course, it was not the heart of the ocean. It was probably a replica. It should be something like jade.

On her finger was the ring of the pigeon egg, and on her wrist was a jade bracelet. On the chest of the gown was a brooch, which was filled with shiny things. She guessed that it should be the same as the one on the second ring, a water diamond Because the water diamond was actually not valuable.

But even so, she still looked like she was wearing jewelry. With this red gown, to be honest, it was as tacky as it could be.

She could not help but sigh in her heart. She had seen pictures of Cai Shaofen accompanying Lei Zhensheng to some large banquets in the past. Cai Shaofen's dress had always been very appropriate, and in the world of wealthy ladies.. She was also a leading figure, and many wealthy ladies used her dress as a weathervane.

Presumably, Cai Shaofen's dress was her own aesthetic standard. Based on Lei Zhensheng's aesthetic standard, he had tormented her into such a vulgar-looking woman.

However, she was different from Cai Shaofen. Cai Shaofen was once Lei Zhensheng's wife, and she was the wife of a legitimate matchmaker. She had the right to make her own decisions.

As for Lin Yuxin, she was only Lei Zhensheng's mistress. Moreover, she was a mistress who could not see the light. Therefore, she did not have the right to make her own decisions about what she wore. Therefore, she could only let Lei Zhensheng destroy her image.

It was not easy to arrive at the hotel. It was the most famous revolving restaurant in Taipei. It seemed that Lei Zhensheng had invited an important person because he had actually booked a private room in the revolving restaurant.

Yu Xin was wearing high heels, so it was not easy to walk. It was still close to the elevator when she got off the car. She grabbed Lei Zhensheng's arm and reluctantly walked into the elevator with the hem of the dress in her hand.

However, when she walked out of the elevator to the private room, she had to cross the hall. The aisle in the middle was a little small. She carefully walked with the Hem of the dress in her hand, but she still could not avoid the heels of the high heels stepping on the hem of the dress. Then, she stumbled and almost fell... ..

Chapter 1542-meeting that she had never thought of

Of course, she did not fall, but the heel of her shoe was too high and she sprained her ankle. It was not very serious, but it was still a little painful. Lei Zhensheng's face was full of dissatisfaction. Seeing that she was walking unsteadily, he was finally unhappy. He bent down slightly and carried her horizontally. He walked directly to the private room.

The waiter was leading the way in front. He kept turning his head to look at Yu Xin with envy and jealousy. To be carried by Lei Zhensheng with such a gorgeous princess, what kind of fortune was that.

Yu Xin ignored the waitress' envious gaze. She thought that everyone only saw the bright side of a person and would not know the hidden side behind them.

The beautiful waitress helped Lei Zhensheng open the door of the private room. Lei Zhensheng carried her in and sat her down on the Sofa in a very gentlemanly manner. The waitress was already asking a few people.

"The three of you," Lei Zhensheng's calm voice rang out, "I have a guest who hasn't arrived yet. He should be here soon. You just need to set up three sets of tableware and the dishes will be served according to my reservation."

"Yes." The beautiful waitress set up the tableware and went down. Yu Xin sat on the Sofa and rubbed her ankle that she had just sprained. Although it wasn't very serious, it was still a little red and swollen.

Lei Zhensheng saw her ankle like that and squatted down in a daze. He pushed her hand away and used his hand to rub his ankle. However, his hand was a little heavy, and Yu Xin was in so much pain that tears welled up in her eyes.

Just as she was about to tell him to stop rubbing, the beautiful waitress' voice rang out from the door of the private room, "Mr. Lei, your guest has arrived."

Yu Xin slowly raised her head. When she saw the person who walked in, she was petrified in an instant. This was because she never dreamed that the person Lei Zhensheng had invited was Cai Lingfei.

Cai Lingfei was obviously stunned for a moment, but he quickly returned to normal. Lei Zhensheng had already stood up to welcome him and pulled his hand to sit at the dining table.

Yu Xin carefully stood up from the SOFA. Fortunately, the SOFA was only three or four steps away from the dining table. She used both hands to lift the hem of her skirt up high. This time, she successfully walked to the dining table and sat down smoothly.

However, her action of raising the hem of her dress instantly exposed the pair of high heels on her feet. The beautiful waitress and Cai lingfei both saw the pair of shoes on her feet. The waitress was so shocked that her mouth was so wide open that it could fit an egg.

Yu Xin only felt that the waitress' expression was too exaggerated. Didn't she just raise the Hem of her dress? Although her action was indeed not elegant, it shouldn't be that kind of expression, right?

Yu Xin did not know that the person who was shocked was not her action of raising the hem of her dress, but the pair of shoes on her feet. Those were the latest shoes designed by a famous Italian designer. It was said that there were only 20 pairs of shoes in the world, and there was only one pair in Taiwan.

Yu Xin sat at the dining table as if she was sitting on pins and needles. Lei Zhensheng and Cai Lingfei were talking all the time. The two men seemed to have forgotten about her existence, and she tried her best to eat with her head lowered to minimize her presence.

Lei Zhensheng was persuading Cai Lingfei to hurry back to work. He said that he was already so old, and it was not a good idea for him to play outside all day. After all, the Cai family's branch in Taiwan would mainly rely on him in the future.

At first, Cai Lingfei was listening attentively. Occasionally, he would discuss a few things with Lei Zhensheng, but most of them were company matters. Yu Xin did not understand and did not want to understand. Such a scene was already very awkward.

Chapter 1543, can I not satisfy you

She and Cai Lingfei had known each other for two to three months. She had always thought that he was just a rich young master from a well-off family who did nothing but drive cars and flirt with girls all day long.

But who knew that he was actually Lei Zhensheng's client Well, one can not judge a book by its cover. The Sea can not be measured. She finally understood the meaning of this sentence once again.

Lei Zhensheng said a lot, while Cai Lingfei did not say much. Occasionally, he would say a few words, while Lei Zhensheng had been using a lecturing tone to speak. This made Cai Lingfei more or less impatient.

Even if Yu Xin had been reducing her presence, she would occasionally raise her head to glance at Lei Zhensheng and Cai Lingfei. She could also see the impatience in Cai Lingfei's expression.

In such a situation, Yu Xin actually wished she could find a hole to hide in. Although she had always thought of Cai Lingfei as a normal friend, Cai Lingfei had kissed her and even confessed to her. This made their relationship more or less ambiguous, especially the night before, when they had experienced a high-speed car-jumping incident.

Cai Lingfei was probably annoyed by Lei Zhensheng's words, so when Lei Zhensheng repeated the importance of him going to work, he shouted impatiently, "I know, brother-in-law, how many times have you said this!"

Boom, boom, boom, three consecutive thunderclaps directly made Lin Yuxin's body burn from head to toe.

Brother-in-law? ! Cai lingfei called Lei Zhensheng brother-in-law, and Cai Lingfei's surname was Cai. Lei Zhensheng's former wife, Cai Shaofen, also had the surname Cai ...

Why had she never thought of this? Could Cai Lingfei and Cai Shaofen have some kind of relationship? Why was she so stupid?

Wait, this can't be blamed on her, right? Cai Shaofen was in Korea, and she had met Cai Lingfei in Taiwan. She never dreamed that Cai Lingfei was sent by the Cai family to manage the new company in Taiwan.

As Cai Lingfei called him brother-in-law, the whole dinner ended. Yu Xin's face was as pale as paper, while Cai Lingfei and Lei Zhensheng's faces were gloomy as they walked out of the private room together.

Yu Xin no longer cared about her image. She held the hem of her dress with both hands and followed behind the two of them. They walked through the hall, entered the elevator together, and took the elevator to the underground parking lot together. During the whole process, everyone was silent, and no one said a word.

Then, of course, they walked out of the elevator together, and there was no more "then" because Cai Lingfei walked very fast, and his car was parked at the corner, which was a little far from Lei Zhensheng's car parked opposite the elevator.

When they got home, Yu Xin directly kicked off the high heels on her feet and ran upstairs barefoot. She quickly ran into the room, and in a few seconds, she pulled out all the jewelry on her body and threw it all on the floor. In the end, she even took off her dress and threw it away.

She stood by the bed wearing a fig leaf and two rose petals on her chest. Her whole body was trembling, and tears rolled down her eyes like broken beads. She had never thought that she would be humiliated like today.

Lei Zhensheng walked in wearing a pair of slippers. He was wearing a neat suit. He was obviously a beast, but he behaved like one so perfectly.

"I will never make such a friend again," she quickly explained as she looked at him approaching her.

"I will never give you such a chance in the future." He finally reached out and grabbed her body, which had already retreated to the corner of the wall. With a little force, he threw her onto the bed. As he

pressed down on her, he said fiercely, "Lin Yuxin, don't let me help you deal with these messy things in the future. I have a lot of things to do. You better behave yourself. Can I not satisfy you alone?"

Chapter 1544 went back to work at the hospital

He could satisfy her. He could completely satisfy her. She did not have a strong need for that kind of thing, unlike him. He clearly did not have any sperm in his semen, yet he still had a strong sexual desire. Which time did he not torture her until she was half dead?

Yu Xin woke up again. There was no longer Lei Zhensheng on the bed. There was only the pain of her body falling apart and the soreness between her thighs. Last night, he had tortured her a few more times because of his ruthlessness.

Fortunately, she had become more and more courageous in battle, so she was not as unable to get out of bed as she was at the beginning. However, when she got out of bed, what she saw was still a patch of wolves on the ground. The things that she had thrown on the ground last night were still lying quietly on the ground.

She squatted down and carefully picked them up. Once again, she quietly put them into the safe and locked them. These jewelry and jades did not belong to an ordinary woman like her to begin with. Wearing them would not make her appear noble, but would make the jewelry and jades appear cheap. Maybe people thought that it was for a price.

By the time she tidied up her room and went downstairs, it was already noon. Lei Zhensheng had already gone to work. When she was eating lunch, Lei Zhensheng's assistant came.

"Miss Lin," the assistant knew what humility was. Even though he was very respectful to Yu Xin, he said, "Miss Lin, President Lei asked me to help you find a job. It's at the nearby hospital and also works in the obstetrics and Gynecology Department. I'll take you to report in the afternoon. You should be able to officially go to work tomorrow."

Yu Xin was slightly stunned and nodded her head. She did not expect Lei Zhensheng to treat her so well. He actually found a job for her. Moreover, it was her old line of work. He wanted her to work in the obstetrics and Gynecology Department of the hospital.

When Yu Xin arrived at the hospital, she found out that this hospital was not a large-scale general hospital. Instead, it was a private women's hospital. It was a specialized obstetrics and gynecology hospital. It mainly focused on gynecology and obstetrics for girls. The other departments were not opened.

Alright, it was probably because the seemingly romantic affair between her and Cai Lingfei made Lei Zhensheng uncomfortable. That was why he arranged for her to be in such a hospital. In such a hospital, the doctors had almost no chance to interact with men. Usually, they would interact with girls, pregnant women, and other women.

Regarding Lei Zhensheng's arrangement, she did not have the slightest bit of complaint. Instead, she thanked him in her heart. No matter what, at least it was a job that she liked. No matter what, at least she could get a salary in the future. She could at least have some cash on her, right?

She went to work the next day, so she slept very early that night. She was afraid that she would not be used to waking up early, so she specially picked an alarm clock. Fortunately, the alarm clock on her phone was very dedicated and woke her up on time.

This was the first time in the past two months that she had breakfast with Lei Zhensheng and then went to work together. Moreover, Lei Zhensheng drove her to the hospital in a very good temper. He only let her get out of the car after he drove her to the hospital entrance.

She had reported yesterday that she was still called Lin Yuxin in the hospital because she used her Korean ID card. However, she did not touch the ID card because Lei Zhensheng's assistant was helping her fill in the registration form the entire time. She was only responsible for signing her name.

She was not assigned to the gynecology department, but the gynecology and obstetrics department, which was specifically responsible for infertility. This seemed to be easier, but it was not easy either. If a woman who was not pregnant got pregnant after her treatment.. Then she would have to follow this pregnant woman all the way until she successfully gave birth to the child.

Chapter 1545 Li Qinghe was busy with blind dates

Yu Xin went to work at the women's Hospital, so her life returned to normal. She left early and returned late every day. She even followed Lei Zhensheng's footsteps. So as long as Lei Zhensheng was in Taipei, the two of them could still have breakfast together.

The Europeans said that a man and a woman having dinner together did not necessarily mean that there was a problem between the man and the woman. However, if the man and the woman had breakfast together, it could very well mean that there was some kind of ambiguous relationship between the man and the woman.

Thinking about it, it made sense. In this world, the people who invited their friends to dinner had always been Chinese food and dinner. However, breakfast was usually settled at home. Even if it was not at home, it was settled at the restaurant closest to them.

At this time, the people who followed them were usually their own family members or people who had stayed at their home the night before. Therefore, a seemingly casual breakfast was actually very meaningful.

Although Yu Xin had gone to work and had to have breakfast every morning, she did not have breakfast with Lei Zhensheng every morning because Lei Zhensheng was not in Taipei every day.

He was in charge of managing the Lei's branch offices in Taiwan and Hong Kong, and the Lei's branch office's factory in Taiwan was in Tainan. Therefore, he often shuttled between these few places. Usually, he would stay in Taipei for a week or two and then go to other places for a week or two.

After Yu Xin went to work, she did not have time to play with Li Qinghe and Li Weisheng because she did not have time. This caused Li Qinghe to complain that she was busy with blind dates recently and could not find anyone to accompany her on blind dates.

Li Qinghe was indeed busy with blind dates recently. This news was told to Yu Xin by Li Weisheng on the phone. It seemed that the swimming coach wanted to marry Li Qinghe, and Li Qinghe was someone who had stayed by the side of an old man for ten years. She was not stupid, so she refused decisively. However, the swimming coach kept pestering her and refused to let her go, so she decided to go on a blind date.

“What kind of person are you looking for?” Yu Xin looked at Li Qinghe opposite her. After doing yoga, fitness, swimming, beauty, and so on, Li Qinghe had become more and more beautiful recently. She looked like she was only in her early thirties.

Yu Xin was thirty years old, and Li Qinghe was forty years old. The two of them were clearly ten years apart, but sitting together, Li Qinghe looked only one or two years older than Yu Xin.

The reason why Yu Xin had the time to go out and play with Li Qinghe today was because it was the weekend, and Lei Zhensheng was working overtime today, so she had the time to go out.

Usually, if Lei Zhensheng was at home, even if it was the weekend, she couldn't go out alone because he would pester her at home. Even if she had to go out, he would be the one to take her out.

“I'm going to find someone who is older than me by five years, has some financial ability, and is willing to live with me sincerely,” Li Qinghe thought for a while. Then she said a little shyly, “I am already forty years old, but I have never been pregnant and have children. Now that I am in such a hurry to get married, I actually want to hurry up and get pregnant and have children in these two years. I am afraid that I will not be able to get pregnant when I am older.”

Yu Xin nodded. Once a woman was over forty years old, this was indeed the age of a high-collar pregnant woman. Li Qinghe's idea was very realistic, and she could fully understand it.

“Yu Xin, does your boyfriend not plan to marry you?” Li Qinghe looked at Yu Xin. Then she sighed and said, “Yu Xin, you are already thirty years old. To be honest, you are not young anymore. Hurry up and get married. While you are still young, think of a way to have a child.”

Chapter 1546: Accompany Li Qinghe on a blind date

Yu Xin smiled bitterly at Li Qinghe's words. Marriage Between her and Lei Zhensheng, even if Lei Zhensheng was in the mood to marry her, how could she agree?

Pregnancy If the man beside her was someone else, then perhaps there was such a possibility. But the man beside her was Lei Zhensheng. If Lei Zhensheng wanted to control her for the rest of her life, then she would be cut off from pregnancy for the rest of her life.

The two of them went shopping in the afternoon and Practiced Yoga in the afternoon. Then they went to the beauty salon to wash their faces. By the time they washed their faces, it was already very late. Yu Xin planned to go back.

“Yu Xin, accompany me on a blind date.” Li Qinghe begged her, “this is my seventh blind date this month, but none of the previous ones felt good. Today, according to the matchmaking company, this

person is 48 years old and is the boss of a certain company. I don't know if it's true, but since we have an appointment, I'm a bit nervous."

"Are you stupid?" Yu Xin was really convinced by her. She looked at her and shook her head, "sister Li, don't you think that you can believe the words of the Matchmaking Company? What boss of the company? Maybe it's a matchmaker? There are many matchmakers nowadays."

"matchmaking companies are just matchmaking companies. I might not be interested in them," Li Qinghe said indifferently. "Besides, I have an agreement with the matchmaking company. If I find a matchmaking company, I will have to claim for moral damages. The matchmaking company I found is also the most famous matchmaking company in Taipei. They have been known for their honesty for many years. Matchmaking companies will not appear in their home."

Yu Xin had only been in Taipei for half a year. She did not know anything about matchmaking companies. Li Qinghe had been in Taiwan for ten years after all. She knew a lot, so she could not say anything more.

Li Qinghe was two centimeters taller than her, and she was prettier than her. She took good care of herself, and her skin was delicate. Therefore, Li Qinghe did not feel any pressure at all when she acted as a foil.

Li Qinghe said that she had arranged to meet him at the listening Tao Garden, and the location was set by the other party. Li Qinghe said that this was the first time she had met a man with such good taste. In the past, they had all been in some big hotel or some Western restaurant.. It was as tacky as it could be.

The Listening Tao Garden was so nice. The environment was beautiful, and there were mountains and rivers here. Although the mountains and rivers were fake, in general, it gave people a comfortable feeling.

When Yu Xin and Li Qinghe arrived, it was said that the other party had already arrived. The waiter was wearing a fitting Qipao to lead the way because the gentleman was waiting for them at the listening Tao pavilion.

The listening Tao pavilion was a quiet place on the second floor. In fact, the entire listening Tao Yuan was very quiet. However, the listening Tao pavilion was in the quietest corner, so it was even more quiet.

"Mr. Lei, Miss Li is here." The waiter's voice was very beautiful. He helped Yu Xin and the others open the door and even greeted them inside.

Yu Xin followed behind Li Qinghe. Because Li Qinghe was tall and wore high heels, she was naturally blocked by Li Qinghe's line of sight. She could only hear her shaking hands with someone in front to introduce herself.

The man was also using a refined voice to introduce himself: Lei Zhensheng, 48 years old this year, CEO of a small company. Miss Li, please have a seat.

Lei Zhensheng Yu Xin was immediately burned inside and out by Lei Zhensheng. If she had known that Qinghe was going on a blind date with Lei Zhensheng, she would not have come here even if she was beaten to death.

However, it was impossible to escape at this time. Moreover, the most damnable thing was that Li Qinghe had already moved aside, and Lei Zhensheng's gaze had already mercilessly landed on her body.

Yu Xin had her head lowered, so she did not know what expression Lei Zhensheng had on his face. She only heard Li Qinghe introducing Lei Zhensheng, "my friend Lin Yuxin is currently working as an ob / gyn doctor in a certain hospital. "

Chapter 1547: Lei Zhensheng, whom she had never seen before

"Nice to meet you. " Lei Zhensheng's hand reached out like that. His fair and slender fingers were not fond of smoking, so his entire hand looked somewhat beautiful.

Yu Xin carefully reached out her hand and shook it with him, but in an instant, she felt that the force was so strong that it almost crushed her hand.

Fortunately, the waiter knocked on the door again and came in. The menu was on the ground. Lei Zhensheng seemed to be unusually considerate and personally handed the menu to Li Qinghe for her to order. He was really an elegant gentleman.

Yu Xin had never seen Lei Zhensheng like this because she was familiar with Lei Zhensheng's tyranny. He was extremely violent. Even a smile on his gloomy face was extravagant.

Such a man, she thought he didn't know how to please women. She even secretly felt sorry for Cai Shaofen for a long time. It was really hard for her to stay by Lei Zhensheng's side for 18 years.

But tonight, Lei Zhensheng had overturned his image in her heart. Because what he showed her was, no, it should be him showing Li Qinghe that he was a gentle, refined, and successful man.

They were chatting with each other and asking each other some things, but Yu Xin kept her head buried in food. She tried her best to avoid joining their conversation.

However, she was still not spared Because Li Qinghe held her arm and shook it, "Yu Xin, didn't you say that you were in charge of infertility? " Just now, Zhensheng said that he and his ex-wife had been married for 18 years without having children, and he also said that the problem was very likely on his side. Do you think this situation can be cured?"

Yu Xin was stunned instinctively. How did she know if it could be cured Because Lei Zhensheng was infertile, Cai Shaofen insisted on a divorce. From this, it could be seen that it could not be cured, right?

However, she could not say that Therefore, she could only answer Li Qinghe's question, "this, how do you know just by saying it It depends on Mr. Lei's examination report. Of course, the most important thing is the latest one-year or half-year examination report. Then, it has to be decided based on his actual situation."

Yu Xin's words were completely from the doctor's point of view. There was no bias at all. Therefore, Li Qinghe was very satisfied with what she said. Lei Zhensheng, on the other hand, sat there quietly. However, his gaze was meaningful as he glanced at her.

“I see.” Li Qinghe looked at Lei Zhensheng and said softly, “then you can go and have a check-up. Perhaps, things are not as serious as you think.”

“I have been diagnosed as infertile.” Lei Zhensheng still spoke to Li Qinghe honestly. Then he added with a smile, “of course, I need a partner who will accompany me for the rest of my life. If Miss Li doesn’t mind this defect of mine, we can try to be together for a while. Of course, if Miss Li does mind this, then tonight will be a waste of Miss Li’s time.”

Yu Xin got up and went to the bathroom at this time. Therefore, she didn’t know what Li Qinghe said later or how she and Lei Zhensheng decided on their relationship.

When she came back from the bathroom outside, Lei Zhensheng had already paid the bill. Li Qinghe held her hand and said that they were going downstairs to go back.

Li Qinghe lived in the opposite direction from Lei Zhensheng’s Yangming Mountain. Therefore, Lei Zhensheng Drove Li Qinghe while Yu Xin took a taxi back. Although Lei Zhensheng said very gentlemanly that he could drive Li Qinghe home first, Yu Xin still refused. However, she still said that she had to go to work tomorrow and go home early to rest.

Chapter 1548: unprecedented

Yu Xin took a taxi back home. When she got home, she went straight upstairs. She wanted to take a shower as soon as possible, but Li Qinghe’s text message came again, asking her what she thought of Lei Zhensheng?

She looked at the text message and smiled bitterly. What did she think of Lei Zhensheng? Lei Zhensheng was a devil to her, but she could not tell Li Qinghe the truth.

So, when she replied to the text message, she said lightly that she was not married and could not understand men, so these things could not give her any advice. It was better to look at it with her own eyes and experience.

After replying to Li Qinghe’s text message, she quickly turned off her phone and took her pajamas to the bathroom to take a shower. She thought to herself, if Lei Zhensheng is already on a blind date, then is he already tired of me?

If he is tired of me, that’s good too. This way, she can at least go back to Seoul earlier, and then she can live a normal life.

Before she finished taking a shower, Lei Zhensheng came in. He stood at the bathroom door and looked at her with a piercing gaze. He asked faintly, “are you really looking forward to me finding a woman to marry as soon as possible?”

F * Ck, what kind of person is this? He can actually see through people’s thoughts. Is he human? Or is he using sophisticated detection equipment?

She casually wiped the water droplets on her body with a bath towel. Anyway, she did not know how many times he had looked at her body or how many times he had touched her body. So in front of him, she did not even bother to cover up.

Lei Zhensheng watched her wiping the water droplets on her body. She wore a white shower cap on her head, and the crystal clear water droplets on her body slid down from her fair skin. They were as shiny as diamonds, and her lower abdomen could not help but tense up in an instant. A certain part of her body swelled up uncontrollably.

Damn, when did he become so unstable? Moreover, he had been with her every day for the past few days and ate her every night. Why was he still so hungry?

“What does it have to do with me whether you want to get married early or not?” Yu Xin said truthfully. At the same time, she wrapped her body with another dry towel, turned her body sideways, and was about to walk past him.

However, in the end, she did not walk over. He quickly reached out and carried her horizontally. He took two or three steps to the side of the bed and threw her directly onto the bed.

Yu Xin did not resist or struggle at all because she knew that it was useless to struggle. Hence, she let the towel on her body scatter and lay naked on the navy blue bed sheet.

Lei Zhensheng was very bitchy. He said that her body was very white, so in order to accentuate the whiteness of her skin, he specially made two navy blue beds out of the bedding and spread them on the bed. If one did not look carefully, one would think that they were black and lay on them. It was almost the same as lying in a coffin.

Lei Zhensheng elegantly removed the restraints on his body and lay down next to her naked body. He reached out and pulled her into his arms, forcing her to face him.

“Lin Yuxin, do you feel wronged by following me?” Lei Zhensheng was a little unbelievable tonight. He actually cared about whether she was wronged or not.

In the past, Lei Zhensheng would directly press her under his body on the bed and then invade her like that. Usually, it was based on his self-feelings. Occasionally, when he was in a good mood, he would ask her, “are you comfortable?” or.. “Do I make you feel comfortable?”

This was the first time he had taken the initiative to care about whether she was wronged like tonight. Yu Xin was stunned for a long time before she could react.

Chapter 1549: What are you avoiding

“Isn't this how you live if you don't feel wronged?” Yu Xin finally mustered up her courage and said carefully, “so what if I feel wronged? Can you let me go back?”

“Are you dreaming?” Lei Zhensheng gritted his teeth... ..

This night was the first time Yu Xin felt that doing such things with Lei Zhensheng was such a beautiful night in the past six months. This feeling made her hate herself.

That night, Lei Zhensheng did not chase her back to her own room. Instead, he left her on his bed, hugged her in his arms, and quietly fell asleep with her.

The next day, when the alarm woke Yu Xin up, she opened her eyes and was surprised to find Lei Zhensheng's face right in front of her. He looked very peaceful when he was asleep, but he was much more harmless than when he was awake.

She carefully tried to pull her body out of his arms, but he woke up as soon as she moved. He opened his eyes and looked at her, then greeted her with a smile, "good morning."

She was once again scorched by Lei Zhensheng. This damn Lei Zhensheng, he went on a blind date last night, how did he change his whole person? He seemed to have some sense of familiarity with her.

She was not used to Lei Zhensheng like this, so she scrambled back to her room. By the time she tidied herself up and went downstairs, Lei Zhensheng was already waiting for her at the dining table.

"Miss Li is going to go out with me for a while," Lei Zhensheng said casually as he ate his breakfast sandwich.

Yu Xin was eating an Omelet when she heard Lei Zhensheng's words. The omelet paused in her mouth for two seconds before she nodded and said softly, "congratulations."

"I'm going to renovate the guest room on the third floor," Lei Zhensheng said calmly. "She can stay here occasionally."

"cough, cough, cough." Yu Xin choked again. She quickly turned her head to the side. The soy milk she had just swallowed was very uncomfortable.

"Be careful." Lei Zhensheng gently patted her back with his hand. Then, he scolded her softly, "I just have a girlfriend. Do you have to be so excited?"

Yu Xin took a long time to catch her breath. She wiped her mouth and nose with a tissue and said while exhaling, "then I will go to the hospital today to apply for a dormitory. When your girlfriend is coming, I will have a place to hide, right?"

"What are you hiding from?" Lei Zhensheng said in a shocking manner, "I have already told Li Qinghe that you are my cousin and have no relatives in Taipei, so you are temporarily staying at my house."

Chapter 1550: I'm getting engaged

Ever since she accompanied Li Qinghe on blind dates, Yu Xin had not taken the initiative to contact Li Qinghe. Her phone was also switched to the secretary desk. When Li Qinghe sent her messages, she always said that she was not free and lied that she was busy with work.

Li Qinghe probably believed Lei Zhensheng's words and thought that she was Lei Zhensheng's cousin. However, she knew that a lie would be exposed one day, and she did not want to face the embarrassment of exposing that day.

Recently, Lei Zhensheng's room on the third floor was indeed under renovation. Fortunately, it was not a major renovation. In fact, it was just a change of the original wallpaper and furniture.

In the past half a month, Lei Zhensheng rarely came home for dinner. He was probably on a date with Li Qinghe because Li Qinghe sent her a text message saying that Lei Zhensheng was taking her to see a movie. The two of them even went to the beach to play. She also said that Lei Zhensheng was very nice and gentlemanly. He was her type. She had already decided to get engaged to Lei Zhensheng.

She did not expect Lei Zhensheng's second relationship to come so quickly. Of course, this could not be separated from Li Qinghe's good looks. Moreover, Li Qinghe's appearance vaguely carried the shadow of Cai Shaofen.

Yu Xin secretly heaved a sigh of relief. Lei Zhensheng was going to get engaged to Li Qinghe, and after getting engaged, they would get married. It was definitely not suitable for her to stay in the Lei family again. Moreover, Lei Zhensheng was such a beast. She reckoned that he was the one who got married to Li Qinghe. He would not let her off either.

Just like now, no matter how late his date came back at night, he would come to her room after showering. Moreover, this man was getting more and more outrageous. In the past, he would not stay in her bed, but now, after he was done with his work, he still refused to leave her bed. He said that he was so tired that he did not want to move.

Look, this was the overbearing BT. In the past, when he came back early, he would always ask her to go to his room. Moreover, every time he ate her up, he would make her crawl back to his room. The reason was that she slept unsightly. He did not sleep with people who slept unsightly.

"I am engaged to Li Qinghe today," Lei Zhensheng suddenly said during breakfast.

Yu Xin was eating pot stickers at that time. When Lei Zhensheng said this, she was chewing the pot stickers. In her shock, she accidentally bit her tongue. The pain made her tear up.

"Ouch," she covered her mouth with her hand and moaned. After the pain passed, she drank a mouthful of soy milk and swallowed the pot stickers that she had not chewed yet.

"Congratulations," she said lightly. There was no sadness or joy on her face. Her tone was indifferent and distant.

Congratulations. He was slightly stunned. Was this what a woman who slept with him every day said to him? Did she not know what it meant to be engaged? What did it mean to be married?

He thought that she would be sad and even cry. Then, she begged him not to be engaged and not to be with Li Qinghe.

He even thought that as long as she begged him, he would promise her not to hang out with Li Qinghe. He only wanted her to be alone, as long as she was by his side.

In fact, this feeling was a little strange. He clearly had no feelings for her at all. Even if she had sex with him, it was all because he forced her.

However, he did not know why, but recently, he had gradually fallen in love with her. He liked to stay with her, liked the way she had sex with him, liked her unpretentious expression, liked her fragile but pretending to be strong.

He felt that he must have gone crazy. He was a 48-year-old man, and he had a girlfriend since he was 20 years old. In the blink of an eye, he had seen all kinds of women in the past 28 years How many women had made love under his body?
