Chapter 1551 Elegant Gentleman Li Weisheng

However, why did he fall in love with someone who was 18 years younger than him at this age Why did he feel happy when he saw her Why did he feel comfortable when he was with her?

She must have been the only woman by his side recently. He must have found an excuse for himself in this way. That was why he had that blind date. That was why he continued to date Li Qinghe.

Li Qinghe was a married woman. Although she used to be with an old man who was 17 years old, she must still have some experience in that area. Moreover, Li Qinghe had intentionally or unintentionally hinted him to stay over at her house a few days ago.

However, he did not stay. When Li Qinghe hinted him, he was actually thinking about this woman at home. He thought about her lying alone on the bed, and wondered if she missed his embrace and arms.

I must have been possessed. He cursed himself in his heart. She was only a thirty-year-old Virgin. Moreover, he had already broken that place. She was now the same as a married woman.

In order to prevent himself from being possessed by Lin Yuxin, he hurriedly decided to get engaged to Li Qinghe. He only wanted to use Li Qinghe to divert his excessive care and attention to Lin Yuxin.

Lei Zhensheng was going to get engaged to Li Qinghe. Yu Xin originally thought that they would hold an engagement ceremony or perhaps go to a large hotel to treat the guests or something.

However, this was not the case. In the afternoon, Li Qinghe sent her a text message saying that her engagement with Lei Zhensheng was the two of them going to a jewelry store to buy a ring together. Then, the two of them went to a revolving restaurant for dinner.

Regarding the engagement ceremony, Li Qinghe explained it this way. She had no relatives in Taiwan and she was the only one. Lei Zhensheng said that he had no relatives in Taiwan other than her cousin, and his cousin had to work overtime Therefore, she could not attend their engagement ceremony, so it became the two of them.

Yu Xin could not help but laugh when she saw Li Qinghe's text. In fact, she did not need to work overtime tonight because she did not follow the pregnant woman. She had only worked in the women's Hospital for three weeks, and none of her patients were pregnant.

She did not need to work overtime. She originally planned to go home early after work to eat, shower, and go to bed so that she would not run into the two of them later. who asked her to have no place to stay?

However, just as she got off work, Li Weisheng called and asked if she was free tonight. He would treat her to dinner tonight to celebrate his resignation from the cooking class.

She quickly said that she had time and time. Then, she made an appointment with Li Weisheng to eat the Yunshan Barbecue. Ever since she left the cooking class, she had not eaten barbecue.

She and Li Weisheng had not seen each other for almost a month. This time, they were particularly friendly. She did not know if it was because of the distance and closeness, but she felt that Li Weisheng was becoming more and more handsome.

Yu Xin had learned how to grill meat before, and she often ate grilled meat in Seoul, so she was very good at grilling meat, and her cooperation with Li Weisheng was also very tacit.

“I called Cai Lingfei and asked him to come for Barbecue. That kid actually said he was working, and now he has to work overtime,” Li Weisheng said with a smile. “I called Li Qinghe again, but she said that she successfully went on a blind date and got engaged tonight, so we’re the only two people left in our four-person team.”

Yu Xin nodded. Indeed, only the two of them were left, because Cai Lingfei would definitely not come looking for her again. As for Li Qinghe, she must be bathing in her sweet love, right?

Chapter 1552 Li Qinghe came to stay at home

The roast meat was very fragrant, but Yu Xin did not eat much, perhaps because she was in a bad mood or something. Fortunately, the scenery outside the Yunshan Barbecue shop was very good. She and Li Weisheng ate and chatted while looking at the scenery.

In the end, Li Weisheng drove her back. She did not dare to tell Li Weisheng which garden community she lived in. She only said that it was in the area of Yangming Mountain. She just asked Li Weisheng to put her on the bus stop.

Li Weisheng did not pursue the matter further. He put her down on the bus stop, waved goodbye to her, and then drove away. Everything looked extremely gentlemanly.

Yu Xin took a deep breath and slowly walked onto the overpass. She walked towards the villa community across the street, hoping that Lei Zhensheng and Li Qinghe were already asleep.

Unfortunately, just as she walked to the door, she heard Li Qinghe’s voice in the living room, as if she was asking Lei Zhensheng if he wanted to eat a fruit salad.

Yu Xin wanted to turn around and leave, but Lei Zhensheng saw her. He said lightly, “Yu Xin, you’re back from work? Qinghe made a fruit salad, come in and have some.”

Yu Xin braced herself and walked in. Seeing Li Qinghe’s happy face, she wanted to tear a hole in the ground to let her in.

“Yu Xin, this fruit salad is very delicious.” Li Qinghe put the salad on the coffee table and sat down beside Lei Zhensheng. Then, she waved and called her, “come and have some.”

“No, you guys eat.” Yu Xin shook her head. As she walked up the stairs, she said lightly, “I’m tired from working overtime. I have to go upstairs to shower and sleep. I have to work early tomorrow.”

After saying this, she quickly walked upstairs. When she saw Li Qinghe Patting Lei Zhensheng’s thigh, she felt disgusted. She didn’t know why, but she felt uncomfortable when she thought Lei Zhensheng would be intimate with another woman.

F * Ck, she must be a masochist. She couldn't help but curse herself in her heart.

Who was Lei Zhensheng Devil, Villain, bast * Rd, beast. Such a man. She couldn't wait to leave him. It would be better if he married someone else.

She really hoped that he would divorce Li Qinghe as soon as possible. She hoped that Li Qinghe would keep a close eye on him. She hoped that he would never come to look for her again. She could not wait for him to send her back to Seoul as soon as possible.

Yu Xin took a bath with this complicated and deliberately thought-out mentality of revenge. Then, she crawled into the bed. Her Room was so close to the stairs that she could hear the footsteps of Lei Zhensheng and Li Qinghe going up to the third floor.

She quickly jumped into the bed and crawled into the bed. She only wanted to go to bed as soon as possible. However, who would have thought that the sound from upstairs could be heard clearly. She did not know where the sound came from, and it actually made her hear it so clearly.

She heard Li Qinghe Giggling, and then she softly asked Lei Zhensheng, "do you want to take a bath together? "

Lei Zhensheng's voice was very soft. She did not know whether he agreed or not. Yu Xin could not help but curse in her heart. Li Qinghe had always given her a fresh feeling. Why did it make her feel lewd now?

Actually, Yu Xin did not know that she was completely jealous. Li Qinghe and Lei Zhensheng were engaged. The two of them naturally had to live together. So taking a bath together was not considered lewd, right?

The voice upstairs was quiet for a while before it sounded again. It was as if Li Qinghe had just come out of the bath. Only her soft voice could be heard, "Zhensheng, do I look good in this pajamas? "

Chapter 1553, release her condition

"Nice, " Lei Zhensheng's voice sounded in a low voice, followed by another sentence, "Qinghe, you sleep first. I still have some things to do. I will go to the study to do some work. I will come up later. "

"then... I will wait for you on the bed? " Li Qinghe's voice sounded a little shy.

Yu Xin could not hear Lei Zhensheng's answer because the voice upstairs suddenly disappeared. She only felt that it was strange. The voice came and disappeared as soon as it was said. It was like an unidentified flying object.

Yu Xin did not know that the back of the bed in her room had a very small effect. The room upstairs had an invisible loudspeaker. As long as Lei Zhensheng turned on the loudspeaker, Yu Xin could clearly hear the voice upstairs.

She could not hear it now because Lei Zhensheng had turned off the loudspeaker. He had already come down. What else could she listen to Li Qinghe was alone in the room. What else could she listen to.

Yu Xin was wondering why the voice suddenly stopped. Lei Zhensheng had already used the key to open her door and walked in. She could not help but sit up from the bed and look at him with wide eyes.

“What are you doing here?” She glared at him angrily.

“What do you think?” He shamelessly climbed onto the bed and directly pressed her under his body. His entire body covered her body, and his handsome face swayed on her young face.

“Do you have to be so shameless?” She was so angry that she pushed him with her hands. She could not help but say angrily, “your fiancée is upstairs. Do you want to embarrass her?”

“She can’t hear the sound in this room.” He used his hands to remove the restraints on her body and said faintly, “the soundproof effect of this house is very good.”

Soundproof effect is very good The soundproof effect is good, how can she hear the sounds upstairs so clearly He was clearly lying, wasn’t he?

“Lei Zhensheng, please let go.” She finally softened her body and begged him, “Lei Zhensheng, you finally found your love, you finally found the other half of your life’s confidant, please let me go. I was indeed wrong in the beginning, I shouldn’t have helped Cai Shaofen, but isn’t the current Li Qinghe better than Cai Shaofen?”

“Humph, will Li Qinghe be better than Cai Shaofen?” He scoffed at her words, forcefully pulled off the last piece of the codpiece on her body, and then ignored her pleas and walked in stiffly.

“Cai Shaofen is the eldest daughter of the Cai family, and Li Qinghe is only the widow of an old man. How can she compare to Cai Shaofen?” Lei Zhensheng said angrily, “you’ve taken away my wife, and you want to let it go so easily? Do you think that’s possible?”

“Then what do you want to do to let me go?” Yu Xin was finally forced into a corner by him. Because she had helped Cai Shaofen out of kindness once, and now it was Lei Zhensheng’s turn to vent. Did she have to be so miserable?

She still had a lot of years to live, a lot of love to talk about, and a lot of handsome men waiting for her to slowly choose. Also, and... ..

Also, she also wanted to be pregnant, have a child, and be a mother, okay But if she followed Lei Zhensheng, she would never be able to fulfill this wish in her life.

“What do I have to do to make you let me go?” Lei Zhensheng could not help but laugh when he heard Lin Yuxin’s words. Then, he said angrily, “as long as you help me cure my illness, as long as you can make me fertile, I will let you go.”

Chapter 1554 who chased Li Qinghe away

His family doctor said that he had lost his fertility 20 years ago. It seemed that he was born with an inability to ovulate. That was why he thought of this move. His goal was to keep Lin Yuxin by his side.

She felt so good He was still thinking when he hugged her, "If I have to marry her, I should just marry her. Of course, if this woman refuses to marry her, then he will use this method to tie her up by his side for life."

Yu Xin was tortured badly by Lei Zhensheng last night. She did not know what was wrong with Lei Zhensheng, this stinky man. He was engaged to Li Qinghe, but he just left Li Qinghe alone in her room to pester her.. Moreover, he was more fierce than any night in the past three weeks. It was as if he wanted to tear her bones apart and swallow her whole.

The result was that she and Lei Zhensheng woke up late. When they woke up, it was already 8:30 in the morning. She was on the morning shift and should have arrived at the hospital at 8:30, but she was still in bed.

"It's okay. I will call the hospital director." He kissed her forehead gently and then said teasingly, "you were so nice last night. I love it when you act like me."

She was so angry that she glared at him with murderous eyes. Of course, if eyes could kill people, she thought that he should have killed Lei Zhensheng countless times. However, eyes could not kill people.

Last night, he had eaten her up for the first time. She did not pass out, so she urged him to go back to his room or go to Li Qinghe's room on the third floor.

However, Lei Zhensheng refused to go back, so she pushed him with her hand. He got off the bed half-pushed and half-pushed. He was going to go back, but just as he reached the door, he heard the sound of slippers approaching the door.

The door was soundproof, but there was still the sound of the top of the door. Moreover, the sound of footsteps that could be lowered came from upstairs. Even a fool would know that Li Qinghe was outside the door.

Li Qinghe was not a fool after all. It was impossible for her not to doubt the relationship between the two of them, so Lei Zhensheng did not open the door and go out. Instead, he pushed her onto the bed and pressed her under him again... ..

This time, Lei Zhensheng was like a beast. He did not even have any gentleness. His hands pinched her body hard, and his teeth gnawed on her neck and collarbone.

Of course, she could not withstand his pounding, gnawing, and pinching, so she shouted out loud. The louder she shouted, the more excited Lei Zhensheng became, and the more wild his actions became.

At that time, she actually wanted to endure it, but she could not. In fact, she knew that Li Qinghe was outside and was so ashamed that she could not face anyone. She only thought that she would be too ashamed to see anyone after she woke up today.

She was still worried about how she would explain when she saw Li Qinghe after she woke up, because Lei Zhensheng had left countless marks on her face, neck, and earlobe like a beast. It was as if he wanted to tell everyone that he had slept with her last night.

She carefully found a silk scarf to tie around her neck, and then applied concealer on her face and earlobe, barely covering it. Of course, if you looked carefully, you could still see it.

However, when she walked downstairs, there was only Lei Zhensheng on the dining table. She couldn't help but be confused, and couldn't help but ask, "where's sister Li?"

"You were so loud last night. If she still doesn't leave, then wouldn't she have no self-awareness?" He spoke in a tone that was not shocking at all. Moreover, his tone was clearly reproachful, as if she was the one who drove his girlfriend away.

Chapter 1555: Doctor's duties

She was so angry that she blew her beard and glared at Lei Zhensheng. However, Lei Zhensheng completely ignored her gaze and only lightly reminded her that if she did not hurry up and eat breakfast, she was probably not just late. She might have to skip work.

She was so angry in her heart. She originally hoped that Lei Zhensheng would get married and let her go, but who knew that Li Qinghe would tactfully leave. It seemed that the hope of him getting married was not very high?

Then what should she do? Could she really treat his illness? Perhaps, she could start a comeback and cure his infertility?

Of course, Yu Xin was late for work. She did not know what was the relationship between Lei Zhensheng and the director of the Women's Hospital. In short, no one criticized her for being late. Her boss was also polite to her.

However, her patients were not very polite to her, especially the thirty-eight-year-old patient who had an appointment with her yesterday. He said that he would come early in the morning and waited for her for two hours.

Well, this was indeed her fault. She was late and did not apologize to her boss. Instead, she apologized to her own patient. She said that she was really sorry that she was delayed. She asked for her forgiveness.

Fortunately, the patient did not make things too difficult for her. He only said a few words and let her have some water. This was commonly used in infertility. Many women could not get pregnant because their fallopian tubes were blocked, and this Li Lili was the same.

Li Lili said that she had done a few water transfusions in the past, but she could not get pregnant. Moreover, every time she did it, it would be blocked again soon, so she had a headache.

After Yu Xin had finished the water transfusions for her, she said that it seemed to have been blocked. As for whether it would be blocked or not, she could not say. However, she still suggested that Li Lili's husband come to cooperate with the examination because pregnancy was not a matter for one person but two people.

Li Lili was stunned when she heard Yu Xin's words. After a long while, she asked, "is it related to him that I'm not pregnant? Isn't it because my Fallopian Tube is blocked? Is it because I have a problem now?"

“You do have a problem.” Yu Xin explained to her very patiently, “however, sometimes the man may also have a problem. I’m worried that not only you have a problem, but your husband also has some problems. If that’s the case, no matter how hard you try, you can’t get pregnant by yourself.”

“Oh, that’s good.” Li Lili’s face couldn’t help but turn red. Then, she quickly said, “why didn’t the previous doctors mention this before? They only cared about treating me. They kept saying that I was infertile because my Fallopian Tube was blocked and that I was tormenting my Fallopian Tube.”

“I don’t know about the past,” Yu Xin wrote her opinion on her medical record. Then, when she handed it to her, she said lightly, “let your husband come over tomorrow. I’ll rest the day after tomorrow.”

“Yes, thank you, Doctor Lin.” Li Lili took the medical record and immediately left happily. Yu Xin didn’t know why she was so happy. She only asked her husband to come over and take a look. She didn’t say that it was definitely her husband’s problem.. Moreover, she herself had problems, but her husband did not have any problems at all. Her Fallopian tubes were always blocked, so it was not easy for her to get pregnant?

Next was an elderly woman. She was forty-three years old and had not gotten pregnant after three years of marriage. She was a little anxious and said that if she did not get pregnant soon, it would be a waste of time because the older she was, the more difficult it would be to get pregnant.

Yu Xin looked at her medical record. In fact, she had been looking at it since she was married six months ago. She had been looking at it for more than two years, but she still did not get pregnant. Moreover, her condition seemed to be normal.

Chapter 1556: The doctor in charge of chapter 1556

Yu Xin looked through all of her checkup lists and medical records. She had thought of all the previous doctors she could think of. She had also used ovulation drugs, ovulation needles, and so on, but she just could not conceive.

“My husband has also been examined. He’s fine,” the patient said to her. “Now, when we both have a headache, why can’t we conceive?”

“It’s probably related to mood.” Yu Xin lifted her head from her pile of checkup lists. Then, she looked at her and said, “the problem of pregnancy has always been something that can not be completely explained by science. Sometimes, the more you want it, the more you don’t have it. Have you gone anywhere to play after you and your husband got married? Have you gone on a honeymoon or something like that?”

“No, I didn’t.” The woman lowered her head in embarrassment. She said softly, “we only got married at such an old age. How could we be in the mood? After we got married, we were in a hurry to get pregnant and have children, so we spent most of our energy on making babies. Especially during the ovulation period, we were even more nervous. We did it every day, afraid that we would miss the opportunity to get pregnant.”

Yu Xin nodded. As she wrote the bill for her on the computer, she said lightly, “I’ll give you some vitamin E supplements and folic acid tablets first. You just need to go back and take them according to the

requirements. Then, arrange a honeymoon trip within the next ten days. Try to find a place to go up the mountains and down the sea. That is to say, do whatever makes you guys happier. You don't have to find some charming island or something. In short, just make yourself happy and forget about being pregnant. ”

“Why do you have to forget about being pregnant? ” The female patient really did not understand. She could not help but say, “we mainly want to have children. Oh right, aren't you going to give me some medicine to promote ovulation? How am I going to pat my eggs without the medicine? ”

“You can ovulate normally? ” Yu Xin was really convinced by her. Hence, she quickly explained, “you used so many times to stimulate ovulation in the past, but didn't you get pregnant? This month, do as I say. If you can't do it, bring your husband for a checkup next month. I will adjust according to the situation then. ”

“Oh. ” The patient finally fell silent. Perhaps Yu Xin gave her the feeling that she was not an infertility doctor, but more like a person who advised people to go on a honeymoon to fulfill their duty.

Yu Xin sent the patient away and felt a headache. Then, she called the next patient. She had ordered her husband to come for a check-up a few days ago, so she brought him here today.

In the morning, she saw more than a dozen patients. She was so tired that she almost lay down because these patients were all old patients. Some had been seen for six or seven years, and some had just come to see. There were a lot of problems, including a lot of things related to the blood test.

After four in the afternoon, there were fewer people. At five o'clock, she finally saw the last patient. So, she sat at her desk and summarized the work for the day. She could not help but think, should I let Lei Zhensheng do a check-up?

Although Cai Shaofen said that Lei Zhensheng's family doctor said that he was born without spirit, Cai Shaofen did not say when he did the check-up. She did a few more checks to see if the check-up was accurate at that time.

With this thought, she could not help but cover her face with her hand. She had been in Taiwan for half a year. In the past, she thought that Lei Zhensheng would let her go if he hated her, but later, she thought that Lei Zhensheng would let her go if he found someone else to marry.

However, based on the analysis of the situation in the past half a year, it seemed that those two hopes were unlikely to be fulfilled. Then, the only thing left was to help Lei Zhensheng treat infertility. However, this hope seemed to be even more remote.

Chapter 1557, first escape

The day Yu Xin told Lei Zhensheng that she wanted him to go for a check-up was Saturday. It had been a month since he and Li Qinghe got engaged and broke up.

A month ago, Li Qinghe stayed at his house for a night. The next morning, she left quietly. That night, after Lei Zhensheng finished torturing her, he said lightly that Li Qinghe wanted to break up with him.

What he meant was that she had driven Li Qinghe away. She was so angry that she kicked Lei Zhensheng, who was lying on top of her, to the bottom of the bed. This was the first time she had kicked Lei Zhensheng to the bottom of the bed.

At that time, she was shocked. She thought Lei Zhensheng would fly into a rage. However, she didn't expect Lei Zhensheng to have a good temper. He slowly got up from the ground. Then, he said lightly, "Li Qinghe doesn't want to marry me. There's no other way. Now, you have to marry me."

Rumble. She immediately felt a thunder above her head. She almost fainted.

Lei Zhensheng must have gone crazy. That was what she thought at that time. She couldn't spend her life with a madman. Therefore, she had to think of a way to escape from this devil and Madman.

If she wanted to escape, of course, one person's strength was not enough. Therefore, the next day, she called Li Qinghe and told him about her and Lei Zhensheng.

After hearing Yu Xin's story, Li Qinghe gritted her teeth and said on the phone, "to think that he pretended to be a modest gentleman in front of me. Turns out he is a beast in clothes. Why didn't you tell me earlier?"

Yu Xin said on the phone that she was not familiar with everyone in the past. Moreover, she did not have any documents in Taiwan because her documents were detained by Lei Zhensheng. She did not know where they were hidden. She had been trying to find them for half a year, but she could not find them.

Li Qinghe said that it was fine if she could not find her documents. She had a way to help her escape. She asked if she knew about smuggling. She said that she could think of a way to help her sneak out of Taiwan, or even sneak into Korea.

Smuggling Yu Xin had only seen it in movies and television in the past. She did not expect that there was such a thing in life. Moreover, after she met Li Qinghe, she found out that the formalities for Li Qinghe's first visit to Taiwan had not been completed yet. The old man had smuggled her here back then.

Smuggling required a sum of money, and Yu Xin had only received a month's salary. It was not enough for her to smuggle. Li Qinghe heard that she had Lei Zhensheng's card, but she had to spend it. Hence, her eyes lit up again and said that she could go to a beauty salon. Before the clothing store and restaurant swiped the card and did not spend, and then gave the other party a part of it, for example, swiping the card for 1,000 dollars and asking the other party to give her 700 dollars in cash, the other party would definitely do it.

This was indeed a good idea. Yu Xin only hated herself for being stupid. How could she not have thought of such a method in the past? Therefore, under the accompaniment of Li Qinghe, she used half a month's time to swipe the card and spend 200,000 dollars, in exchange for 140,000 dollars in cash.

And all of this was done secretly, while her shift was still on, and she still catered to Lei Zhensheng at night. Fortunately, he did not mention it again after the wedding that night, so that she would not be constantly distracted by the thunder.

Smuggling cost 70,000 US dollars, and Yu Xin agreed without even thinking about it. So, that night half a month ago, she called Lei Zhensheng at noon and lied about working overtime at night, telling him not to pick her up after work. Then, she took leave from the hospital in the afternoon.

Chapter 1558 was sold by someone and he even helped to count the money

The stowaway ships were very hidden at the docks. The person who came to pick up Yu Xin was introduced by Li Qinghe. His name was Xiao Ma, a man whose actual age could not be seen. Yu Xin's intuition told her that he was probably around 30 years old.

However, when she reached the remote dock, when she carried a small luggage bag and walked towards the hidden ship, she saw Lei Zhensheng standing there with a dark face.

She immediately shivered and immediately turned around to run. However, how could she be Lei Zhensheng's opponent when she was running. In just a few minutes, Lei Zhensheng had already caught up with her.

Lei Zhensheng stood in front of her and looked at her, who could no longer run and fell to the ground with her legs cramping. He snorted coldly and said, "Lin Yuxin, if you want to run, your legs are not long enough. However, you can consider running with your first two legs down. However, I heard that four-legged animals have never run faster than two-legged people. So, you'd better think twice before you run!"

Half a month ago, when she escaped, she was chased back by Lei Zhensheng just like that, and then.. Lei Zhensheng scolded her with a cold face, "you're really something. You're being sold and still counting money for others? You're 30 years old, not 13 years old. Making such a mistake at 13 years old can be said to be simple, but making such a mistake at 30 years old, you're stupid! "

Only then did Yu Xin realize that Li Qinghe's so-called help was actually lying to her from the beginning to the end. Bringing her to those places was so-called swiping cards to exchange money. In fact, those places were swiped for 1000 to 850, and Li Qinghe only gave her 700. In other words, Li Qinghe earned 150 dollars without swiping 1,000 dollars.

She swiped a total of 200,000 dollars in cards, and Li Qinghe earned 30,000 dollars. She paid 70,000 dollars for the stowaway boat that Li Qinghe introduced her to, and Li Qinghe actually took 20,000 dollars as an introduction fee from the stowaway boss.

Forget about all this. The most hateful thing was that Li Qinghe revealed the information of her escape to Lei Zhensheng, and then took 10,000 dollars as an information fee from Lei Zhensheng.

Li Qinghe earned 60,000 US dollars from her unsuccessful escape, and she squandered almost 100,000 US dollars on Lei Zhensheng.

"100,000 US dollars. I don't know how many beautiful girls I will have to find." Lei Zhensheng gritted his teeth and looked at her. "If you don't grow a brain the next time, I will throw you to the Pacific Ocean to feed the fish."

She couldn't help but answer, "then throw me to the Pacific Ocean to feed the fish. I don't expect you to let me go alive."

He was furious He could not help but shout, "are you dreaming? How much did I spend for you? If I throw you to the Pacific Ocean, wouldn't my money go down the drain? You just squandered more than 100,000 US dollars for me. I have to get it back from you, right?"

"How? I can't earn that much money, right?" Yu Xin could not help but raise her voice and refute him. Seriously, only his voice was high, right Her voice was not bad either, right?

"marry me and stay by my side for the rest of your life. Let me take it back from you!" Lei Zhensheng said without any humanity, only bestial nature. "with your price, if you go to a nightclub to be a hostess, it would be a problem whether you can earn more than 100,000 USD in your lifetime. Marrying me is safer, right?"

Chapter 1559: the Slim Hope

Yu Xin was so angry that she almost fainted She could not help but yell at him, "I'm a vegetarian and I don't suffer any losses. If you want to marry me, unless you have the ability to make me pregnant and give birth to a child, I'm just like your ex-wife. I don't want a man like you who doesn't have the ability to make a woman a mother!"

Yu Xin immediately regretted after yelling this because he realized that Lei Zhensheng's face was no longer red and his veins were bulging. Instead, it was even darker than Eunuch Bao's, like the prelude to a storm.

Only then did she remember that not being able to get a woman pregnant was Lei Zhensheng's biggest pain. However, in her rage, she had poked Lei Zhensheng's sore spot. Such a consequence... ..

Such a consequence was indeed something that Lin Yuxin had never thought of. Lei Zhensheng immediately picked her up like a little bird and threw her directly into the iron cage on the rooftop.

In the iron cage, there was a gorilla that was brought back from Africa. She forgot to mention that Lei Zhensheng's BT was extraordinary. People who had pets all had cats and dogs, but he was good. He just had to have a giant animal gorilla.

"It's a male," Lei Zhensheng said to Yu Xin, "it can make you pregnant and give birth. You can have a good relationship with it."

After Lei Zhensheng said that, he immediately turned and left. Yu Xin was so scared that she immediately shouted, "No, let me out. I don't want to be in the same cage with a gorilla. It's so scary."

"How can a gorilla be scary?" Lei Zhensheng leaned against the door frame and looked at the woman who was so scared that her face was as pale as paper and her body was trembling He said indifferently, "didn't you say that I was a devil before? A gorilla is not a devil. How can it be as scary as me?"

"It's even more terrifying than you." Yu Xin looked at the gorilla who was carefully approaching her and was so scared that her entire body was trembling Finally, she could not help but cry, "Lei Zhensheng,

you are not as scary as it. I will never say that you are a devil again. You are simply a handsome and charming young man.”

“I am already 48 years old, how can I still be a young man?” Lei Zhensheng coldly reminded her not to flatter her. The effect of flapping the horse’s leg would be counterproductive.

“You are the most attractive middle-aged man,” Yu Xin cried as she flattered Lei Zhensheng. When the gorilla walked to her side and used its furry hands to pat her shoulder.. She immediately screamed in fear and fainted.

When she woke up, she was obviously not in the gorilla’s cage. However, she was in the bathtub in Lei Zhensheng’s room. He had already stripped her naked and was bathing her with warm water.

Yu Xin’s first escape ended just like that. Not only was she cheated by Li Qinghe, but she also squandered hundreds of thousands of dollars on Lei Zhensheng. Lei Zhensheng was very stingy and asked her to write an lou, asking her to remember that she owed him hundreds of thousands of dollars.

She did not succeed in her escape and even took on a whole lot of debts. However, she had to rely on Lei Zhensheng to pay the money back by sleeping with him. She slept with Lei Zhensheng for 1,000 RMB a night. She roughly calculated that she had to sleep with Lei Zhensheng for about four years And for these four years, Lei Zhensheng had to stay in Taiwan, and Lei Zhensheng had to be interested in coming to her room every night.

Of course, Lei Zhensheng also had another condition, which was that if she cured his infertility, she would be able to forgive her debts and let her leave. This hope was even more slim than if she slept with Lei Zhensheng for four years.

Chapter 1560: The dutiful female doctor

Yu Xin had given it a lot of thought before telling Lei Zhensheng that he was going to the hospital for a check-up. She knew that the only chance she had to escape from him was to treat Lei Zhensheng’s infertility.

She had once thought of staying by his side for four to five years. Then, she would slowly pay off the debt that he had owed her with a thousand dollars a night. After that, she would be able to leave.

However, she also thought that life was unpredictable. What if she accidentally caused a big disaster in the past few years and unknowingly owed Lei Zhensheng even more debt? Then, wouldn’t she be unable to pay it off for the rest of her life?

“Go to the hospital?” The corner of Lei Zhensheng’s mouth twitched for a moment, and then he said faintly, “I’m not going to the hospital. Moreover, that’s a women’s hospital. When that happens, people will mistakenly think that there’s a problem with my gender.”

Hearing his words, Yu Xin was so angry that she almost fainted. She could not help but curse in her heart, you don’t have a problem with your gender. You have a problem with your personality because you’re not a normal person at all. You’re just a F * Cker.

Of course, what she said was only in her heart. What she said could never be said out loud. What she said was, "then what should we do? If you don't go to a women's hospital, then go to a hospital that specializes in male departments. Can you find a male specialist to help you love your illness? There are also male specialists who look at infertility."

"Lin Yuxin!" Lei Zhensheng gritted his teeth and called out her name word by word. He glared at her. "Lin Yuxin, I'm asking you to look at my illness, not someone else. Did your ear get bitten by a bug?"

"If you want me to look at it, then you have to go to the hospital," Yu Xin said unhappily. Then she said angrily, "some of them need to be examined by instruments. Do you think I can see it with my naked eyes? I can see that there's nothing wrong with your place with my naked eyes. The problem lies elsewhere."

"elsewhere?" Lei Zhensheng raised his thick eyebrows. He did not immediately understand that Yu Xin was scolding him. He even asked in a serious tone, "then what's the problem? Isn't infertility always in that place? Could it be that other places are also related to infertility?"

Yu Xin found it funny when she heard his question. She thought to herself, the problem lies in your heart. You're a big F * Ck. However, she still said in a serious tone, "there are many cases of infertility. The main thing is to have a full-body check-up, so if you don't go to the hospital, you can abolish the condition of letting me help you see infertility because it's not good with the naked eye."

"I just had a physical check-up this year. There's nothing wrong with my body." Lei Zhensheng said very unhappily, "as for that place, you have to give me a check-up. I don't want anyone else."

"Damn, that instrument is not in my hands." Yu Xin was so angry that she could not help but swear. When she saw Lei Zhensheng's face sink, then, she nodded and compromised, "Chenchen, let's go to the hospital late at night one day. The doctors are already off duty at night. You can ask the director for the key to the examination department or directly lend the instrument to your house. I can help you check it myself, right?"

Yu Xin was forced to think of this method because she had no other choice. She knew that her only way out was that the hope was so slim that she could not see any light. However, she knew that she had to work hard. Otherwise, her life might be over.

Therefore, half a month later, on a dark and windy night, Lei Zhensheng drove quietly to the women's hospital. Yu Xin was waiting for him in the name of working overtime. Then, she brought him into the examination department to examine him.
