

Divorce 1621

Chapter 1621 fake black girl

Fang Xiao wanted to teach everyone Chinese for free. Another white American girl, Ruth, who wanted to learn Chinese in the dormitory, could not help but join in. She said that she wanted to learn Chinese too, but the Chinese teachers outside were so expensive.

Therefore, Fang Xiao immediately became the Chinese teacher for the three foreign girls. In the dormitory, there were four members of their gang. The other three white girls saw that there were more of them, so they did not bully her and a KA anymore.

However, Jenny and Ruth did not like to call her by her English name, Ada. They liked to call her black girl in Chinese. They felt that her name lived up to its name.

Therefore, the name black girl quickly spread in New Jersey University. Her real name, Fang Xiao, was gradually forgotten. Everyone who saw her would call her black girl.

When they met Xi Lingheng, it was the end of October. It was a completely ordinary day. They did not think that a poor boy would fall from the sky, and the poor boy just happened to fall on her!

The first snow fell in New Jersey at the end of October. It was actually not very heavy, but the ground was covered with a thin layer of snow. When his temperature dropped to minus three degrees Celsius.

After class, Fang Xiao wore a light-colored down jacket and went out. She was going to the nearby bookstore to buy two books on Chinese language teaching because recently, a Ka and Jenny had become more and more interested in Chinese. However, she herself was getting more and more troubled by teaching them Chinese.

After all, she had never been a teacher, and she was still a student. Although she had promised to teach them Chinese, she would only teach them everyday language. She actually did not know how to start teaching them.

After class, Mike took the initiative to come to her side and invited her to dinner. He said that today was the first snow of the year, and it was a good day. He decided to start wooing her today.

She immediately refused, saying that her family was very strict, and her parents did not allow her to fall in love at such a young age. Moreover, she was a very traditional Chinese girl, not a true African girl who coexisted with openness and backwardness. Therefore, she would not consider a man from outside her country.

Mike was slightly hurt, but he did not pester her. He only said that he was sincere to her, and he did not mind going to China with her in the future. He said that he would learn Chinese and let her know that he was making changes for her.

Fang Xiao was speechless. Ever since she became famous as a black girl at the University of New Jersey, the men who pursued her became more interested in her. The white men in Europe seemed to be more interested in the dark-skinned her than when she was fair-skinned.

Black girl. This was the nickname that every man used when they saw her. Many of them did not even remember her when they pursued her or did not know her real name. Black girl had become her synonym.

A Ka often said jealously, “why are they not pursuing me when I am the real black man? You are just a fake African black man that I dragged to get a Tan. Why are they so interested in you?”

Fang Xiao was embarrassed at that moment and patiently explained to her. This meant that these men did not know what was good for them. They were short-sighted and their eyes lit up when they saw a fake. They did not know that you were the real black girl Do you want such a short-sighted man Even a fake like me Why would you want a real black girl?

A Ka immediately stopped being jealous of her after hearing what she said and felt that what she said was very reasonable. Looking at the men who were pursuing Fang Xiao, she really felt that they were all so shallow.

Chapter 1622 I’m running for my life

There used to be a bus going to the book city outside the University of New Jersey. Perhaps it was snowing today, but after waiting at the bus stop for nearly ten minutes, there was still no bus.

So, she decided to give up taking the bus and take a taxi instead. When she finally saw a taxi coming from the other side, it seemed like it was going to get someone at the University of New Jersey’s entrance, so she immediately ran towards the taxi She was worried that she would drive straight ahead and not turn back.

However, she fell after just two steps. No, to be precise, she was knocked down by a speeding bicycle, because the boy on the bicycle also fell to the ground.

“Don’t you need to look to your left and right before crossing the road?” The boy on the bicycle got up from the ground and scolded her in a very bad tone as he patted the snow on his body.

Meanwhile, her foot was pressed down by the bicycle. She was trying her best to pull her foot out. Hearing his roar, she could not help but yell back unhappily, “then can’t you squeeze the brake on your bicycle? This is a downhill road, okay?”

The boy was obviously stunned. Just as he was about to refute her, he suddenly realized that someone was chasing after him. He immediately pulled her up and flashed behind the bus stop. He did not even bother to pick up the broken bicycle. He hugged her tightly and hid behind her, covering her mouth with his hand.

“Don’t make a sound,” he whispered in her ear, “there are bad people. I was in a hurry to escape, so I forgot to squeeze the brake.”

Escape?

A bloody scene flashed through Fang Xiao’s mind instinctively. It seemed that people who ran for their lives were usually chased by people who ran for their lives, but this boy..

Alright, she took this opportunity to raise her eyes slightly and scrutinize the man who was hugging her tightly. Or to be more precise, it was a boy. This was because he looked very young, probably not even twenty years old.

His face was not too pale. He had handsome eyebrows, a high nose bridge, and sexy thin lips. Such exquisite and deep facial features were embedded in his jade-like face. At this moment, he was standing motionless on her head. It was as if he was a sculpture of a peerless beauty carved by a master sculptor.

Fang Xiaozheng felt that this person was hugging her too tightly and wanted to break free. Meng de turned her body around and the person who was leaning against his chest fell into his embrace. Her chest, which was heaving up and down, was now pressed against his cold and hard chest.

She used her hands to push him away and was about to scold him as a 'hooligan'. However, before she could say anything, this man, who was so handsome that the gods were angry with him, actually acted like a hooligan and lowered his head. His sexy thin lips pressed against her slightly dry pink lips without any hesitation.

She panicked and immediately struggled. Oh God, this was her first kiss. She had given it to a strange man for no reason. Did she lose out?

"Don't move. Someone is coming." His voice sounded from her lips. "Hurry up and cooperate with me. HURRY UP!"

Before she could react, his slightly cold thin lips impatiently pressed against her lips, blocking her words and all her breathing. A strange feeling instantly rushed through her body.

His thin lips were not honest either. He had said that he was only asking her to cooperate, so why were they still tossing and turning at this moment? He had pressed her head very low, and her back could not help but bend backwards. If it were not for his hands hugging her waist tightly.. She reckoned that her waist would have been crushed by him.

Chapter 1623 I have never seen the school Belle

There was a car whistling past her, and someone was saying something in a squeaky voice. At that time, she was completely focused on cooperating with this man's kiss. She did not hear anything clearly, as if those people were looking for someone.

This strange man blocked all of her breathing passages and pressed on her lips. Soon, she felt that it was difficult to breathe, and her brain began to change due to the lack of oxygen.

She knew that if she did not breathe, she would definitely suffocate, and she did not want to suffocate to death like this. Moreover, she was kissed to death by a strange man. If this were to spread, what kind of joke would it be?

Therefore, after the noise left, she quickly and fiercely dropped her teeth... ..

In an instant, the taste of blood filled each other's mouths, and the cruel smell of blood spread in each other's mouths, as if adding a little bit of fishy dye to the fragrant saliva.

Unfortunately, Fang Xiao's bite did not force back the strange man who was kissing her. The bloody saliva in their mouths was instead like the strongest Aphrodisiac, causing the strange man who was immersed in it to become even more addicted.

Saliva with a faint bloody taste flowed out from the corner of each other's lips. The ambiguous atmosphere between a man and a woman became even more intense after this intense deep kiss. They were clearly two people who did not know each other.. At this moment, the kiss was so dark that the sun and moon dimmed. It was as if they were a couple who had been deeply in love for many years.

Fang Xiao felt that she was really going to suffocate. Moreover, she was going to suffocate to death. However, she did not want to die just like that because it was too embarrassing. After she died, she might even be used as a negative example.

So, she gathered all her strength and was about to fiercely drop her teeth again. However, the strange boy's mouth suddenly pulled away at this moment. She couldn't help but take two steps back, using her hand to support the pillar on the bus stop She opened her mouth wide and greedily sucked in the fresh air.

Although it was snowing today, and the air was exceptionally cold, for a person who was about to suffocate, the air at this moment was so beautiful that it made her greedy.

The strange man leaned against a tree by the bus stop and looked at the girl who was sucking in the fresh air. The corner of his mouth rose slightly. "Black girl, you don't seem to have any experience in kissing. "

Black Girl?

Fang Xiao was stunned instinctively. He knew her But she never remembered when she had seen him before. Could it be that he was also a student of New Jersey State University?

"I just came to New Jersey State University not long ago. " Sure enough.. The strange man immediately explained, "I heard about you the moment I arrived at the university. Because someone in our dorm had your photo on the wall. They said that you were called black girl and that you were the campus Belle of New Jersey State University. "

"I just came to New Jersey State University not long ago. " Sure enough.. The strange man immediately explained, "I heard about you the moment I arrived at school because someone in our dormitory posted your picture on the wall. They all said that you were called black girl, the campus Belle of the University of New Jersey. "

Fang Xiao was immediately shocked by the thunder. Her face, which had just recovered, turned red in an instant, so she quickly explained in a low voice, "that was deliberately spread by them. In fact, they were mocking me. Have you ever seen a black girl as the campus Belle? "

The corner of the stranger's mouth twitched for a moment. Then, he walked to the bicycle by the side of the road, which had already broken its chain. He said indifferently, "I've never seen the school Belle before. I wonder what she looks like? "

Chapter 1624: A Ka's birthday

After saying this, he immediately pushed his broken bicycle and was about to leave.

“Hey, my foot is scraped.” Fang Xiao immediately stopped the strange man who was about to leave. She could not help but frown and said, “What’s wrong with you? You bumped into someone and treated it as if it was nothing. You even... bullied me. Now you’re leaving just like that?”

“Did I bully you?” The boy’s brows instinctively furrowed. He said with slight displeasure, “I think you enjoyed it very much just now. Moreover, didn’t you not kiss before? Didn’t I teach you for free? Didn’t you use the tuition fees you saved to go and see your scraped feet?”

“Do you need to apologize?” A beautiful smile had already appeared on the strange man’s face. He reached out his hand and gently patted her cheek. “good girl, I just let you enjoy the beauty of your first kiss. You didn’t say thank you to me, did you? Are we even?”

Fang Xiao was immediately shocked by this strange man. By the time she reacted, the strange man had already pushed the broken bicycle far away.

She was so angry that she vomited blood. She wanted to chase after him, but the place where her foot scraped was very painful. She couldn’t use her strength at all, so she could only limp to take the bus.

Fortunately, the bus came very quickly this time. She first found a small clinic to deal with the place where her foot grazed the skin. Then, she went to the bookstore to buy two basic Chinese practical textbooks.

Back in the dormitory, she told Akagarini and the others about her foot being hit by a strange man’s broken bicycle. Of course, she hid the part where she was kissed by a strange man because it was too embarrassing.

Jenny quickly said that the handsome man who rode a broken bicycle all day long was definitely Xi Lingheng. When he first came to school, his handsome appearance did cause a group of girls to scream, but in less than two days, after everyone found out that he was a poor boy.. They immediately stopped being infatuated with him.

This was a society where reality was very cruel, and people’s family background and financial strength were very important at this time. That man called Xi Lingheng, because he was poor, he was favored by people at the beginning of the market, but later on, no one paid attention to him. He also showed the pragmatic side of the Americans.

Who would want to date a poor boy? Not to mention the pragmatic Europeans and Americans, even a Ka from a wealthy family in Africa was not willing to go after that poor boy, Xi Lingheng, right?

Fang Xiao also did not intend to chase after him. Damn it, she just hated him for being too hateful, okay. He knocked her down, did not apologize, kissed her forcefully, and even shamelessly said that he was teaching her how to kiss?

Was there a more shameless man in the world than this? She did not know, but she had not met him yet.

Fang Xiao thought that she would not meet that poor Xi Lingheng again, because according to the news that Ruth found out, although Xi Lingheng had a bed in the school boys’ dormitory, she heard that he

only used it to take a lunch break at noon Usually, those who never stayed at school at night would leave after class.

In the first two days, she was still cursing Xi Lingheng in her heart, but as the scratch on her wound healed, she gradually forgot about Xi Lingheng.

In mid-november, a KA celebrated his birthday. This African tycoon's daughter was actually quite generous. She invited Fang Xiao to celebrate her birthday with her, saying that she was not in the mood to spend it alone.

Fang Xiao said, "since you want to be lively, why don't you invite Jenny, Ruth, and the others?" It's a birthday, isn't it better to have more people?

Chapter 1625: Meeting Xi Lingheng again

A Ka said, "I'm not going to call them. Don't think that they have a good relationship with you because they want to take advantage of you to learn Chinese. In fact, when you're not around, they ignore me. "

Fang Xiao immediately fell silent. Africa was the most backward place in the world. Not to mention the Europeans and Americans, many Asians actually looked down on African blacks. It was reasonable for Jenny, ruth, and the others to ignore a KA At least now they were no longer bullying a KA. This had improved a lot.

A Ka said that the two of them would have dinner first and then go to Karaoke. It was Saturday tomorrow anyway, so there was no need for classes. It didn't matter if they stayed up all night tonight.

Fang Xiao didn't have any objections. She just jokingly asked if she would bring her boyfriend tonight. If she did, she wouldn't go because she didn't want to be a third wheel.

A Ka said that she had already broken up with her boyfriend in New York, and the reason for breaking up was that her boyfriend had caught up with a white girl, so she didn't want to be a fellow countryman anymore.

"I must catch up with a white boy as my boyfriend," a Ka said as she was cutting the cake with a plastic knife. Fang Xiao had an illusion that she had already treated the birthday cake as her boyfriend's heart.

Indeed, a piece of exquisite cake was cut into a mess by a Ka with a plastic knife, as if it was cut by a knife. Fang Xiao was a little helpless. It seemed that love really hurt people Even a generous girl like a Ka couldn't let go of the fact that her boyfriend had dumped her.

A Ka really couldn't let go of the fact, so she wasn't happy eating in the restaurant. After eating, she took Fang Xiao shopping for a while, and then she took her to a bar to drink.

To be honest, Fang Xiao had never been to a bar before. When she was still young in China, her mother said that bars were a place where people mingled with each other. People were very messy, and they were not allowed to go to those places before graduation.

It had been more than a year since she went to college in the United States. Her mother always called her every now and then, repeatedly emphasizing that she shouldn't go to places with complicated

people, repeatedly emphasizing that she shouldn't get a boyfriend abroad, and even more so, she shouldn't go and have a private relationship.

Because she was the hope of the Fang family and was going to take over the Fang family's business in the future, she did not have the right to make decisions for her own marriage. Dating would not have any results either, so she did not want to hurt herself.

In fact, she had always been a well-behaved daughter. She had always listened to her parents since she was young, so she had been at New Jersey State University for more than a year. She had never dated a man, even though there were many people who were pursuing her.

If it was not a KA's birthday today, if it were not for a KA's bad mood, she would not have accompanied her to the bar.

Walking into the bar, Fang Xiao's first feeling was that the light was very dim. Her second feeling was that under such dim light, there was an ambiguous atmosphere everywhere.

It was obviously not the first time that a KA had come to the bar. She seemed to be familiar with this place. She held Fang Xiao's hand and went directly to the bar counter to sit down.

"This place is called wine," a Ka said to Fang Xiao. Then, she shouted to the waiter opposite her, "give me a cup of Long Island ice tea."

After shouting this, she turned around and asked Fang Xiao, "what do you want to drink? How about Long Island Ice Tea?"

"I . . . I don't understand," Fang Xiao replied honestly. She had never been to a bar before, so she didn't know what was good to drink ...

"You can just drink a cup of Grasshopper," a slightly familiar voice came from behind her.

Chapter 1626: I am not a bartender

Fang Xiao immediately turned around and realized that the man who had just walked over and was still wearing a bar uniform was actually Xi Lingheng, who had crushed her on a bicycle half a month ago.

"Gary, give this lady a glass of Grasshopper," Xi Lingheng said to the instructor in English. Then, he put down the tray in his hand and picked up the tray that the instructor had just placed on the other side and walked away.

Fang Xiao was immediately stunned. F * Ck, Xi Lingheng, who are you to me What right do you have to make decisions for me Is it your turn to tell me what I want to drink Aren't you the bartender of this bar?

Thus, she said to the instructor unhappily, "I don't want that Grasshopper that he mentioned just now. I'm the same as my friend, drinking long island iced tea."

The bartender glanced at her He kindly reminded her, "Miss, if you often come to the bar to drink, then drinking long island iced tea is fine. If you rarely come to the bar, the Grasshopper that Daniel suggested

for you just now is very good. It's suitable for first-time customers or female customers who rarely come to the bar to drink."

Hearing the bartender's words, Fang Xiao immediately stopped chewing. She nodded and said somewhat helplessly, "alright then, give me a cup of Grasshopper."

A Ka had already finished a cup of Long Island iced tea. She turned to look at Fang Xiao and said, "why do I feel that the waiter just now seems a little familiar?"

Fang Xiao thought to herself, of course he looks familiar. Wasn't this the poor kid from New Jersey State University, Xi Lingheng?

It was just that Xi Lingheng appeared very rarely on campus. If there were no people who attended classes with him or who did not pay attention to him, Meng di would not be able to recognize him at once when she saw the waiter in a uniform and a bar hat.

The bartender quickly prepared Grasshopper and handed it to Fang Xiao. The apple green color was placed in a transparent glass umbrella-shaped cup. It was like a smoothie, giving people a beautiful view.

She could not help but feel a little tempted. She picked up the cup of Grasshopper and brought it to her mouth. She took a small sip, and the feeling of smoothness immediately spread through her mouth.

How was this drinking? This was clearly eating ice cream, okay She almost could not sense the smell of alcohol, so she could not help but drink a few more mouthfuls.

It was very delicious. She was a little greedy. A Small Cup was finished in less than two minutes. She handed the Cup to the bartender with a lingering desire. "GIVE ME ANOTHER CUP!"

"drink slowly. Any wine you drink is intoxicating." The waiter, Daniel, returned with an empty tray while the bartender handed the prepared wine to him. The two of them exchanged a few sentences in English.

A Ka could not help but look back at Xi Lingheng, who had already gone far away. She could not help but mutter, "this waiter is so annoying. He still has to Nag when others drink. His boss will definitely fire him if he finds out."

The corner of Fang Xiao's mouth twitched, but she did not say anything. She took the second glass of Grasshopper from the bartender and was about to put the glass to the corner of her mouth when she suddenly heard a noise not far behind her.

She instinctively turned around. It turned out that in the corner on the left, a certain woman was pointing at a glass of wine for Xi Lingheng to drink. Xi Lingheng stood there without moving. It was obvious that he did not want to drink this glass of wine.

"I'm a waiter here, not a waiter," Xi lingheng patiently explained to the customer from the crowd. "Miss, if you want to find someone to drink with you, I can help you call our waiter over, okay?"

Chapter 1627 is my boyfriend

"I want you to drink with me tonight." The lady was obviously not a vegetarian and was not easy to get rid of. She picked up a glass of wine and presented it to Xi Lingheng. "drink it and I'll reward you 100 yuan if you drink it!"

Fang Xiao could not help but put down the glass in her hand and stood up to walk over. She was still in the corridor She heard Xi Lingheng's patient voice explain, "Miss, this is not a matter of money, but a matter of principle. Our Bar's rule is that waiters are not allowed to drink with guests. Only the waiters and waitresses are allowed to drink with guests."

"I don't care if you're principled or not. I've taken a fancy to you today." The Miss did not take Xi Lingheng's words to heart at all. She waved her hand She said heroically, "later, tell your boss that I'll pay you for tonight. I'll pay you for 24 hours. I'll give you 10,000 dollars and give the bar 10,000 dollars. Let's see if he'll agree."

"I don't know if the bar owner will agree." Fang Xiao stood beside Xi Lingheng and reached out to hold his arm. She looked at the white miss with him She snorted coldly. "But I won't agree. How can my man accompany a woman like you? What's so great about being rich? We don't earn money, okay?"

The White Lady obviously did not expect the waiter to bring his girlfriend to work. Moreover, rich people were always unwilling to let go of things that they liked. They always wanted to get their hands on them.

So, she immediately threw another ten thousand dollars at Fang Xiao. "Now, take this money and get out of here immediately. I want this man tonight. Don't be an eyesore in front of me. Take the money and find yourself a replacement man."

Fang Xiao immediately became angry. D * Mn, this person was really shameless. Therefore, she grabbed the two stacks of money and threw it directly at the woman's face without thinking.

"Take your money and get lost. What's so great about a woman who depends on money to sleep with men?"

Fang Xiao's actions were a little light due to her anger. The two stacks of money directly hit the woman's face, and one of the stacks hit the woman's eyes.

The woman screamed in pain, so she shouted, "Go! Take these two fearless people back to me. I'm going to play them to death tonight."

The woman's friends hesitated for a moment, then they all pounced on Fang Xiao and Xi Lingheng. Xi Lingheng grabbed Fang Xiao and immediately ran to the door. He didn't even bother to call out to the store manager.

At this moment, the bar was particularly noisy. Because the performance on the stage had already begun, the woman's voice was drowned out by the passionate dance music. Many people were shaking their butts and dancing Not many people noticed the white lady at the table.

However, just as they ran to the door, they heard the woman's friend calling for the foreman or something. It seemed like she was complaining. Fang Xiao stopped for a moment and wanted to turn around to argue with them.

However, Xi Lingheng did not have the chance to do so. Instead, he quickly pulled her out and quickly went to a tree by the back door to get his very old broken bicycle.

“Hurry up and sit on it. I’ll take you away!” He was still wearing the bar waiter’s uniform, and the air outside was very cold. Fang Xiao’s coat was still in the bar, and it was so cold that she was shivering.

“I want to go in and get my coat,” she said instinctively, then said disdainfully, “why are you running? It’s not our fault. It’s that woman...”

Chapter 1628: cold or not

“If you still don’t get up, don’t blame me if someone drags you down to get a few burly men to kill you!” Xi Lingheng’s face was cold as he interrupted her. He had already stepped onto the bicycle. Then, a low but cold voice rang out. “If I can’t count to three, you’ll just wait here for someone to kill you. Three, two...”

Fang Xiao did not wait for him to count to one and immediately jumped onto the back seat of his bicycle. Before she could even sit firmly, Xi Lingheng’s bicycle had already stepped out like a fly. Fang Xiao’s body instinctively swayed twice. She almost got off the bicycle, so she quickly grabbed his waist to steady herself.

When they passed the road at the entrance of the Bar, Fang Xiao clearly saw that the woman’s friend had already chased after them, and those people were actually holding sticks in their hands.

Although Xi Lingheng’s bicycle was broken, he rode it very quickly. Perhaps he was afraid that the woman’s friend or something would catch up to him, so he did not walk down the main street completely. Instead, he shuttled through various small alleys.

It was cold, very cold. Because it was snowing, it was below zero degrees Celsius. Xi Lingheng’s bicycle was moving as fast as the wind. The cold air kept pouring into his mouth, so cold that Fang Xiao could not stop shivering.

“Don’t you know how to hug my waist? Hug Me tighter. Put your face on my back so that the cold air won’t go into your mouth,” Xi Lingheng’s voice came from the front. Then, there was a cold snort. “I’ve never seen anyone more stupid than you. When people see a fight, they can’t even dodge in time. But you’re a hothead. You just charge straight up.”

Fang Xiao was immediately unhappy when she heard that. Her face, which had just been pressed against his back, suddenly turned away. She snorted coldly and said, “stop the car. I’ll get off here. If you want to go back and earn money, it’s still not too late. Maybe that woman hasn’t left yet. Tonight, it’s my fault for being nosy and ruining your opportunity to enjoy beauty and earn big money, right?”

Xi Lingheng, who was in front, could not help but laugh. He felt that the small hand on his waist had disappeared. He could not help but whisper again, “alright, black girl, I’m just afraid that you’ll suffer a loss if you go up. I’ve been working at a bar for a long time. I can handle many situations by myself. What I mean is...”

“You mean that I overstepped my bounds today, and overestimated myself and became a hothead?” Fang Xiao gritted her teeth and jumped down when he pinched the brakes and was about to cross a speed reduction belt.

Although it was already a speed reduction belt, and although he had pinched the brakes quite a bit, it was still a level road, and the bicycle was still in operation. Therefore, due to inertia, she still fell on the snow.

“ouch.” Fang Xiao rubbed her ankle, which had been twisted because she jumped too fast, and couldn’t help but cry out in a low voice.

Damn it, she thought that she would be fine after jumping down, but who would have thought that she was wearing a pair of high-heeled half-bucket boots today? She had not stepped on it properly after jumping down just now, and her ankle had actually twisted.

Xi Lingheng’s bicycle had skidded for a while before he rode back. When he saw her rubbing her feet in the snow, he could not help but pull the bicycle to the side. Then, he walked over and squatted down beside her.

“What’s wrong?” He frowned and asked, “did you fall and hurt yourself? If you’re fine, who told you to jump off the bicycle?”

Seeing that she did not speak and was just rubbing her ankle with her hand, tears welled up in her eyes from the pain, she immediately reached out again, grabbed her boots and took them off.

Chapter 1629 I carry you

“Damn it, can’t you just let people worry?” He could not help but curse. Then, he threw the shoes to her. “Hurry up and put them on. I’ll take you to the clinic in the front to find a doctor to examine you.”

“I won’t ride your bike anymore. I’ll walk on my own,” she muttered as she put on her shoes. “It’s too cold to ride your bike. The cold wind is all in my mouth. I wasn’t beaten to death by those people. I’m probably going to die from the cold from your bike.”

He had just pushed his bike over and was about to help her get on the bike again. Hearing her say this, his face immediately sank. Damn it, she actually dared to dislike his bike?

However, looking at her thin clothes and the weather that was blowing with the cold snow wind, he did not say another word. Instead, he pushed his bike and turned around to walk under a tree next to him.

Fang Xiao saw him pushing his bike and thought that he had abandoned her after using her mercilessly like the first time. He cursed himself for meddling in other people’s business and struggled to get up from the snow. She was going to find a tree branch by the roadside to support her as she slowly walked to the bus stop in front of her to wait for the bus.

However, she had only taken a few steps when he had already rushed to her side. He squatted down in front of her and then ordered in a low voice, “get on, I’ll carry you.”

Fang Xiao was stunned instinctively. She did not understand what he meant. Didn't he call her stupid? Didn't he think that she had ruined his good deed? Didn't he turn away and ignore this fool?

Fang Xiao stood there for a long time without moving. Xi Lingheng was so angry that he almost vomited blood. He stretched out his long arm and grabbed her hand to pull her onto his shoulder. With a little force, he pulled her onto his back.

"Why aren't you lying on my shoulder?" He finally carried her on his back. He growled at the woman who was struggling on his back. "Do you think you're very light? Or do you want to wait for death in the snow? There are no buses on this road. Can't you see that this road is so small? Do you think that buses and taxis can get in?"

Fang Xiao was slightly stunned and immediately fell silent. It was true. This road was actually not a street, it was only an alley. Xi Lingheng, this lunatic, had just taken her on a bicycle, and it seemed like all the alleys were like this.

Actually, Fang Xiao did not know that those people were chasing after Xi Lingheng, and those people were all driving cars. If Xi Lingheng had taken the main road, he would have been captured by those people long ago.

His back was so warm. She felt the warmth coming from his abdomen, and finally, she could not resist the temptation of the warmth. In the end, she obediently lay on his back and let him carry her forward.

Fang Xiao thought that Xi Lingheng was carrying her to the clinic to look at her twisted ankle, so she kept her face on Xi Lingheng's back and did not observe the road. She just greedily enjoyed the warmth on his back and the smell of Pine Wood.

When Xi Lingheng stopped walking, she felt that one of the hands that had been holding her legs loosened. She felt that something was not right and lifted her head from his back. Then, she realized that he was using the key to open the door.

"Hey, where is this?" Fang Xiao saw him carry her into the door and could not help but scream in panic, "Xi Lingheng, didn't you want to take me to the clinic?"

"So you know my name?" He put her down and pointed at a Shabby single-seater Sofa chair. "sit down. I'll turn on the heater first and then find some medicine for you to massage your ankle."

Chapter 1630: Losing Your Job

"I didn't want to know your name," Fang Xiao said snappily. "You were too different in school. When the people in our dorm came back to talk about you, I was forced to know your name."

"I was forced to know your name too. We're the same." Xi Lingheng had already turned on the heater. He took out two men's clothes from the closet and threw them at her. "Go to the bathroom and change your clothes. You just fell on the snow. Now that the snow has melted, your clothes should be wet, right?"

Xi Lingheng did not say that she did not feel it, but when she said that, there was a cold feeling on her back. It turned out that the warm clothes that could be worn on the outside were wet, and now it was so cold on her back.

She looked at the grown men's clothes and frowned. "Don't you have women's clothes? You can borrow your girlfriend's clothes too, right? I'll wash them when I get back and return them to you."

"before this, I didn't have a girlfriend," his tone sounded a little stiff. "Do you want to change? If you don't want to wear them, then forget it. Just wear wet clothes like that. Anyway, I won't be the one who gets sick and catches a cold."

"wear, wear, wear." Fang Xiao immediately stood up on one leg and jumped towards the bathroom. In her panic, she did not notice the meaning in Xi Lingheng's words.

Xi Lingheng looked at the woman who had already walked into the bathroom. She leaned against the wall beside her and the corners of her mouth curled up into a beautiful arc. For the first time, he felt that the life of being exiled was not so bad after all.

Hearing the sound of water splashing in the bathroom, his mood actually became exceptionally good. A cell phone rang. He was slightly stunned as he walked into the bedroom to answer the call.

It was the manager of the bar who called and scolded him on the phone, saying that he was so insensible that he had offended his big client and told him not to go to work the next day. His salary for this month had also been deducted and used to compensate the client.

He listened quietly. This month was already in the middle. He had already worked for half a month, but he was actually fired just like that. Moreover, his salary had also been deducted. His already poor life would be even more miserable.

However, he was not unhappy. He only said indifferently, "I understand. Then I won't come to work tomorrow."

After hanging up, he walked out of the bedroom. Fang Xiao had already used her hand to support herself against the wall and jumped out on one leg. His clothes covered her body, making her appear even more petite. Her dark wheat-colored face was set off by her white cotton shirt. She looked exceptionally healthy and beautiful.

Her sparkling white feet stepped on his navy-blue carpet. Her other foot was bent in the air and held with one hand. She was like a Lotus quietly blooming in a quiet pond.

His body, which was only wearing a thin bar uniform, was originally a little cold, but now that he saw her like this, it instantly became hot. He didn't know if it was because the room was too warm, but he felt his lower abdomen tighten uncontrollably. A certain place was bloated, and his heart suddenly felt like thousands of crabs were running amok.

"Hey, didn't you want to find some medicine to rub my sprained ankle?" Fang Xiao saw that he was stunned and couldn't help but call out to him, "what? Don't you have any medicine at home?"

"Yes, yes, yes." Only then did he react. He quickly went to the drawer under the wardrobe and took out a very small first aid kit to open. Then, he very quickly took out a bottle of medicinal oil.
