

Divorce 1711

Chapter 1711: Who Doesn't want who

"FIANC?? " Gu Chenchen looked at Fang Xiao in surprise, then looked at Qiu Yitang and Du Caiwei. He was stunned for a moment before he reacted.

"AIYO, Yitang, two months ago when you were about to get married and then canceled the wedding, was the bride-to-be at that time Fang Xiao?" Gu Chenchen's gaze fell on Fang Xiao's face again, and he could not help but be puzzled.

"Yes." Qiu Yitang was slightly stunned and nodded, then he quickly explained, "at that time, because of the Paparazzi's nonsense, and Fang Xiao Misunderstood Cai Wei and I, she ran away from home. In fact, everyone knows that Cai Wei is just my secretary."

Qiu Yitang was very dissatisfied with Fang Xiao's announcement of the annulment of his engagement. He, Qiu Yitang, had always been the one who controlled the fate of others. He had always been the only one who despised women. When did it become a woman's turn to despise him?

Therefore, when Gu Chenchen asked him, he admitted it without hesitation. He wanted to see how proud Fang Xiao could be?

A smile immediately appeared on Gu Chenchen's face, but it was obviously a mocking smile. She looked at Du Caiwei and said to Dongfang Yunheng with a smile, "as for secretaries, I still like the ones you chose. Whether it's Lin Shanshan, Fang Xiao, or Wang Xiaotian, they are all very competent."

Qiu Yitang's face immediately became awkward, and Du Caiwei's face instantly turned purplish. She was obviously dissatisfied with Qiu Yitang calling her a secretary, so she could not help but kick him and then use her hands to tidy up her long hair. In fact, it was to expose the Qiu family's necklace.

Gu Chenchen saw the necklace on Du Caiwei's chest, and couldn't help but exclaim in surprise, "Aiyu, cousin Yitang, isn't this the necklace your Qiu family gave to their daughter-in-law? Why is it on Miss Du's neck?"

Du Caiwei's face immediately revealed a proud smile, and then she looked at Fang Xiao arrogantly, meaning that facts speak louder than words. I am Qiu Yitang's real fiancée, and I will marry Qiu Yitang.

Before Qiu Yitang could answer, Fang Xiao spoke first. She said indifferently, "what's so strange about that? Miss Du has always liked to pick up things that other people don't want."

After saying this, Fang Xiao turned around and left. However, when she passed by a certain man, she saw the smile on his face. Obviously, he was very satisfied with what she said.

Gu Chenchen was stunned for a moment before he reacted. Then, he looked at Qiu Yitang with a sympathetic look and said, "cousin Yitang, well... you guys take your time to eat. Yun Heng and I will go there to get food."

As soon as he finished speaking, he immediately pulled Dongfang Yunheng to the food section. It was obvious that he did not want to talk to Qiu Yitang and Du Caiwei anymore.

Qiu Yitang stared at Fang Xiao's back as she disappeared into the crowd. He gritted his teeth. This d * MN woman actually dared to say that he was someone she did not want in front of Dongfang Yunheng.

Was He someone she did not want He was the one who did not want her, alright?

It seemed that this woman had not fully understood what it meant to be abandoned. Then, he had to get her back and then ruthlessly abandon her again. Only then would she not dare to say such arrogant words.

Since his grandmother had repeatedly used the fact that the engagement between him and her had not been dissolved to stop him from marrying Du Caiwei, then he might as well go along with his grandmother's wishes.

Thinking of this, his hands clenched into fists. There was a faint smile on his face, but in his heart, he made a bold decision in an instant.

Chapter 1712 meeting an old acquaintance

Fang Xiao wanted to escape from these people quickly, so she buried her head and walked in a hurry. When she reached the corner in front, she forgot to stop. Then, she suddenly bumped into a noblewoman who had just turned the corner.

She took a step back slightly, and before she could even raise her head, she apologized profusely, "I'm sorry, I'm sorry."

She apologized a few times, but found that the other party did not say anything, and that person was still standing in front of her and blocking her way. So, she raised her head, and the moment she saw the noblewoman, she was completely stunned.

If she remembered correctly, five years ago, this noblewoman was the same noblewoman who had met her in New Jersey five years ago. At that time, the noblewoman had an arrogant expression as she said to her, "you are not worthy of my Ling Heng."

This noblewoman had clearly recognized her. Although she was still wearing a pair of black-framed glasses, the noblewoman's expression changed slightly. Then, she sternly said, "you... why are you here?"

"I... I am the secretary of the CEO of Dongfang," Fang Xiao was slightly stunned as she replied. Then, she slightly bowed to the noblewoman and turned around to walk towards the stairs at the side.

She had never dreamed that the road between enemies would be so narrow. Even when Dongfang Yunheng brought her to attend the Gu family's family banquet, she was able to meet Mrs. Dongfang.

Five years ago, although the lady did not explicitly say that she was Xi Lingheng's mother, the fact that she kept referring to her family as "Ling Heng" was enough to show her relationship with Xi Lingheng.

She had been discovered by Mrs. Dongfang. Back then, Mrs. Dongfang did not like how powerful she was. Now, she probably would not allow her to be Dongfang Yunheng's secretary, right?

I wonder how Dongfang Yunheng would deal with this business relationship between her and him. Would he secretly hide her from his mother like in movies and TV shows? Or would he oppose his mother and still keep her by his side as a secretary?

Thinking of this, she shook her head again. She felt that the possibility of Dongfang Yunheng going against his mother was very small. She reckoned that she could not be his secretary.

As for the contract of selling her body that year. Presumably, he could only secretly hide her as the so-called mistress who could not see the light of day, right?

In fact, she couldn't even be considered his mistress, because his mistress still had a love in it, but he and she had nothing at all. The only thing they had was a business relationship.

He was the patron, and she was the prostitute, that was all!

Fang Xiao only felt that the air in the restaurant was too stuffy, mainly because there were too many people, and there was a lot of carbon dioxide coming out. She didn't know why, but just after eating a little something, she felt a little nauseous, and she felt like vomiting.

She was afraid that she would be like the night before last again, so she quickly walked out of the hall and came to the Back Garden of Youran residence to get some air.

The overall design of Youran residence was very good. Not only was it a place for eating, it also seemed to be a place for vacation. In particular, there were all kinds of flowers and plants in the back garden, and there was also a large.. Waterfall-like man-made Fountain.

She took a few deep breaths. The air here was indeed much fresher, especially with the fountain. The air was immediately moist, and her stomach, which had just turned upside down, also felt much better. Finally, she suppressed the feeling that she was about to vomit again.

Just as she was about to sit down on the chair in front of the fountain, a person suddenly ran out from the side. When he saw her, he was obviously stunned. Then, he could not suppress his surprise and shouted, "Fang Xiao? Are You Fang Xiao?"

Chapter 1713, former schoolmate

Fang Xiao was also stunned. Looking at the young and handsome man in front of her, she remembered that this was her high school classmate, Zheng Zihao. Actually, to be precise, it should not be a classmate, but an alumnus.

Because when she entered high school, Zheng Zihao was already a senior. She still remembered that on her first day of school, she was running very fast because she was late, but she bumped into Zheng Zihao, who was also running very fast, at the school gate. At that time, the two of them almost hit their heads and bled.

Of course, the bleeding was a little exaggerated, but it was indeed not a light bump. At that time, there was a big bump on her forehead, and Zheng Zihao was not much better.

At that time, Zheng Zihao was extremely arrogant and domineering. He insisted that she was the one who bumped into him first and wanted her to apologize to him. He even wanted to pay for his medical expenses, saying that he had a bump on his forehead and needed to go to the hospital to apply medicine.

At that time, Fang Xiao was not jealous. Although she was a freshman in high school, she was not afraid at all. She immediately retorted that he was blind to bump into her, and the bump on her forehead was more serious. Her eyes were blue and purple. Therefore, not only did he have to pay for the medical fees, but he also had to pay for the time spent in class.

It was precisely because of her words that Zheng Zihao was amused. As the saying goes, if you don't fight, you don't meet. Although the two of them would stare at each other when they met later, in general, they knew each other, or even became familiar with each other.

She and Zheng Zihao had been schoolmates for a year. In fact, their relationship was generally not bad. From the initial head injury to the deep friendship between them when he graduated from High School, she even held a 'celebration party' for him. It was to celebrate that he did not get into the ideal university and had to go overseas to suffer.

"Fang Xiao, where have you been all these years?" Zheng Zihao's voice pulled Fang Xiao back from her memories.

"I... I have always been in Hui city." Fang Xiao was slightly stunned and came back to her senses. Then, she looked at Zheng Zihao with a smile. "What about you? Did you get a master's degree or a doctor's degree overseas?"

Zheng Zihao's face turned slightly red and he said a little embarrassedly, "you know that I have never been good at studying. I have only been abroad for a few years. I just came back here."

Zheng Zihao paused at this point, looked at Fang Xiao, and asked curiously, "Oh right, why are you here? You and the Gu family... are related?"

"Oh, no." Fang Xiao just remembered that this was a family banquet of the Gu family, and it seemed that they were inviting people who were related, so she quickly explained, "I'm the secretary of President Dongfang, and I came with him."

"President Dongfang?" Zheng Zihao was slightly stunned for a moment before he reacted, "you're Yun Heng's secretary?"

"Ah." Fang Xiao nodded instinctively. She looked at Zheng Zihao and asked in puzzlement, "you know Dongfang Yunheng?"

"Hehehe, I know him. Of course I know him." The smile on Zheng Zihao's face was a little bright. "Yun Heng and I have played together since we were young. My brother and his sister are good friends. I am also friends with the two brothers."

“Oh.” Fang Xiao replied with an ‘Oh’, but she did not know what to say next. It seemed that she could not find anything to say after a few polite words with her old classmates.

“Oh right, Fang Xiao, did you choose a secretarial major in college?” Zheng Zihao looked at Fang Xiao with some doubt. “I remember that your character in high school was not very suitable to be a secretarial major, right?”

“people are changing, aren’t they?” The corner of Fang Xiao’s mouth pulled into a helpless smile. “Besides, what major you study is not important. How many people are looking for jobs that match their major?”

Chapter 1714 turned out that Fang Xiao was a black girl

“You’re right.” Zheng Zihao laughed when he heard her. Then, he said helplessly, “take me for example. Actually, what I dislike the most is management. I like to live a free life, but my family doesn’t agree. They insisted on getting me into the family business to do management. Do you think I can control others if I can’t even control myself?”

Fang Xiao couldn’t help but laugh when she heard this. Zheng Zihao was telling the truth. He was too outgoing. He was used to it when he was in high school. It was said that he couldn’t even sit in the classroom for forty-five minutes.. How could he calm down and be a rigid administrator?

“Sigh, there are too many helplessness in life.” Zheng Zihao shook his head and said, “I never thought that you would be a secretary one day. As for me, I also thought that when I grew up, I would definitely not enter the family business. I would definitely come out and explore the world on my own.”

“actually, you are still young. It’s still not too late to explore the world.” Fang Xiao just calmly continued, and then said almost instinctively, “unlike me...”

Fang Xiao stopped after saying these three words. She suddenly felt that she had not seen Zheng Zihao for seven years, and they had never contacted each other in the past seven years.

In fact, between them, at most, they could only be considered former schoolmates. Now, they could not even be considered friends. If she told them her story, they might not be willing to listen.

“What’s wrong?” Zheng Zihao felt that there was something wrong with Fang Xiao’s words, so he could not help but ask.

“Nothing.” Fang Xiao had already quickly stabilized herself. Then, she said faintly, “unlike me, who had to give up my major to find a job. If you have the conditions, you can still find opportunities to create your own career.”

Zheng Zihao was about to answer when someone shouted from the corridor, “Zihao, where have you been? Hurry up and come over. It’s time to toast to Mr. Gu.”

“Oh, I’m coming,” Zheng Zihao replied. Then, he said to Fang Xiao, “my brother, my dad and uncle Gu are sworn brothers, so our family is here today. I’m going to the hall first. I’ll come back and look for you. We’ll talk later.”

Fang Xiao nodded and watched Zheng Zihao walk away. Then, she sat down on the chair and looked at the artificial waterfall fountain across from her. She thought of the high school classmate she would meet seven years later and couldn't help but sigh at how heartless time was. It had taken away many beautiful dreams.

Gu Chenchen stood by the wide French window and looked at Fang Xiao who was sitting in the Back Garden. Looking at the fountain. Her hands could not help but clench into fists.

Never in her wildest dreams did she expect that Secretary Fang, who wore black-framed glasses and had always been a hypocrite, was actually the black girl that Dongfang Yunheng fell in love with when he was exiled to New Jersey five years ago.

She had always thought that black girls were African girls, so she did not take Dongfang Yunheng's sudden addition of a personal secretary to heart. Moreover, this Fang Xiao knew her boundaries and was also dutiful. She was very satisfied with Fang Xiao.

Who knew that the two old lovers had already gotten together. No wonder Dongfang Yunheng had always maintained a certain distance from her. It was said that five years ago, in New Jersey, he had lived with the black girl.

The current situation was indeed very disadvantageous to her. Moreover, Dongfang Yunheng had repeatedly pushed back the matter of the engagement. She had always thought that he might really put the company first, but she had never thought that.. It was actually because of this woman called Fang Xiao.

Chapter 1715: a familiar face in the mirror

It seemed that she had to think of a way to get rid of this Fang Xiao. She definitely could not let her stay by Dongfang Yunheng's side. Otherwise, the two of them would probably rekindle their old feelings very soon.

However, getting rid of Fang Xiao was not enough. She had to let Dongfang Yunheng kill Fang Xiao's heart. She had to make it impossible for him and her to ever be together.

Thinking of this, she could not help but frown. She did not want to create bloody things. Moreover, that was not what she wanted to see. Moreover, there was not much deep hatred between Fang Xiao and her. It was just her potential love rival.

Then how could she completely separate Fang Xiao and Dongfang Yunheng?

Thinking of this, her gaze could not help but fall on Qiu Yitang and Du Caiwei not far away. Then, she had an idea.

Wasn't Fang Xiao Qiu Yitang's fiancée? As long as Qiu Yitang and Fang Xiao continued to fulfill the marriage contract and let Qiu Yitang and Fang Xiao marry, then, Dongfang Yunheng could only completely stop thinking about Fang Xiao.

As for what kind of war would happen between Fang Xiao and Du Caiwei after she married Qiu Yitang, that was no longer a concern for her. She just needed to keep her position and her man.

Of course, if Fang Xiao married Qiu Yitang, du Caiwei would probably be heartbroken, but what did du Caiwei have to do with her? It was just a mistress. Let her be heartbroken.

Thinking of this, she couldn't help but laugh. It seemed that she had to act as a matchmaker once more to make Qiu Yitang and Fang Xiao, who were already separated, get together again and become husband and wife who shared the same bed but had different dreams.

Gu Chenchen had a confident smile on his face. He put the wine glass in his hand to his mouth and drank it in one gulp. Then, he turned around elegantly and walked toward the noble prince not far away.

Fang Xiao sat by the fountain for a while. She still felt nauseous and her stomach was a little swollen. Then, she got up and walked toward the washroom at the end of the corridor outside the hall.

She didn't know if it was because the food she had just eaten didn't suit her appetite, or if it was because someone had taken a dump in the washroom and didn't flush the toilet because the smell was too bad.

In short, when she walked to the door of the WASHROOM, not only did the nauseous situation not improve, but it became more and more serious. She couldn't help it anymore.

She finally ran to the sink in two steps, and then vomited into the sink. She vomited so much that the jaundice and blood in her stomach were all vomited out, making the white sink dirty.

She finally vomited enough. She let the water wash away the filth in the sink, then put her hands together and held the water to her mouth, wanting to wash the sour and bitter mouth that she had just vomited.

She lowered her head to wash her mouth clean, and the sour smell in her mouth finally faded. She then used the water to wash her face again, and then raised her head, only to find that there was a familiar and strange face in the mirror.

Looking at the familiar yet strange face in the mirror, she had to admit that time was indeed a heartless thing. It had only been four years. The person who had changed a lot was not only Qiu Yitang, but also du Caiwei behind him.

However, she was not sure why du Caiwei followed her to the bathroom at this time. If she had to go to the bathroom, she should be able to go in. It seemed that there were not many people in the bathroom at this time.

Chapter 1716 was really not me

Of course, if she was purely here to wash her hands, then there was still an empty sink next to her, wasn't there? Why did she have to wait in line behind her?

Fang Xiao was still puzzled when she heard Du Caiwei calling her softly from behind. In the mirror, du Caiwei's face was filled with guilt. Then, she asked in a very friendly manner, "Xiao Xiao, can we talk?"

Fang Xiao only felt that her words were a little funny, but she still did not turn around. She just looked at du Caiwei in the mirror and said coldly, "Miss Du, I don't think there's anything to talk about between

the two of us. Moreover, after more than four years of separation, after the short gathering that night after you returned to the country, we feel that we can no longer find a common language between us.”

“But, we still have a common man, don’t we?” Du Caiwei’s voice sounded very weak and aggrieved, but in fact, the content of this sentence was very sharp. Moreover, it went straight to the point, clearly telling Fang Xiao.. She came to find her to talk about Qiu Yitang.

Fang Xiao’s heart felt as if it was stabbed by a sharp knife in an instant. The pain spread from the bottom of her heart, quickly spreading throughout her body, reaching all her limbs and bones.

Although there was no so-called love between her and Qiu Yitang, they were engaged and publicly engaged fiancées. During the four years when Qiu Yitang went abroad, she had always been labeled as Qiu Yitang’s fiancée, and Qiu Yitang.. Was also a man written into her life.

Now, the man who originally belonged to her had nothing to do with her. However, the woman he was with outside still came to find trouble with her. This was clearly to bully her and humiliate her.

Could it be that it was not enough for Du Caiwei to set her up the night before her wedding and make her lose face in Huicheng and even label her as a ruined woman Where else did she want to step on her In the mud Wasn’t she already in the mud now?

Her hands secretly clenched into fists, and she used all her willpower to suppress the pain in her heart and all her anger.

Then, she turned around calmly and looked at the woman standing a step away from her. She was her good friend and sister in the past, and now she was her sworn enemy.

“Miss Du, you are absolutely right. We do have a common man,” Fang Xiao’s voice was indifferent and distant Her cold gaze landed on DU CAIWEI’s face. “What else do you want to say to me now that you are here “I have nothing to do with Qiu Yitang. If you came here just to show off your victory to me, then you have already shown off in the hall just now. “. .”

“It’s not like that,” Du Caiwei hurriedly opened her mouth and took over Fang Xiao’s words Then, with an apologetic look, he explained, “Xiao Xiao, actually, I didn’t know that something like that would happen that night. I went downstairs to look for my master’s certificate. As soon as I found it, I just happened to receive a call from Uncle Fang. He told me to hurry home and say that you were getting married the next day and wanted me to be your maid of honor. So, I left. . . .”

“enough,” Fang Xiao quickly interrupted du Caiwei’s words, and then coldly snorted, “Du Caiwei, do you take me for a fool? People say they dare to do something, but you have done it, what do you not dare to admit?”

“It really isn’t me.” Du Caiwei was so anxious that she was about to cry. Then, she hurriedly added, “Xiao Xiao, you have to believe me. Actually, I came here today to look for you because I have something else to discuss with you.”

Chapter 1717, what happened

“What else can we discuss?” Fang Xiao looked at her coldly and said sarcastically, “Miss Du, if you have something to discuss, you should look for Qiu Yitang, not me.”

After saying this, Fang Xiao raised her head and walked past Du Caiwei. She was ready to go back to the backyard of leisurely residence to sit for a while and wait for the banquet to end quietly.

However, she had just taken two steps when Du Caiwei caught up with her. She grabbed her arm and said with a worried but pitiful look, “Xiao Xiao, don’t go yet. I have something to beg you.”

“Beg me?” Fang Xiao wondered if the sun had risen from the West today.

Who Was Du Caiwei The Popular Person Beside Qiu Yitang now wore a necklace passed down from the Qiu family to his daughter-in-law on his neck. The Future Young Madam of the Qiu family would actually beg her, the ex-fiancee who had been abandoned by Qiu Yitang?

“Xiao Xiao, although you and Yitang have separated, your engagement has not been broken off. Yitang can’t marry me yet,” Du Caiwei hurriedly said. Then, she begged in a low voice, “Xiaoxiao, old Madam Qiu has always liked you. Why don’t you go back to the Qiu family and plead with old Madam Qiu for me, saying that you’re willing to break off the engagement with Yitang...”

“In your dreams!” Fang Xiao finally couldn’t take it anymore and let out a low growl. Then, she forcefully pulled her arm that was grabbed by Du Caiwei, but she just couldn’t move it

So, she was so frustrated that she couldn’t help but forcefully throw it away. In fact, she just wanted to shake off Du Caiwei’s hand and leave this place as soon as possible.

However, the bathroom door had always been very slippery, especially since there was a banquet held here today. There were many guests, and many people did not pay attention when washing their hands, causing the floor to be filled with water.

The structure of the leisurely residence was different from other restaurants upstairs. Its bathroom was designed next to the fire exit, so the fire exit was next to the bathroom. Just now, Fang Xiao happened to walk to the fire exit. Du Caiwei was pulling her arm too hard, and now that she was being shaken so hard, her body, which was originally wearing high heels, immediately lost its balance. She swayed a few times and lost her balance, rolling straight down the fire escape stairs.

Fang Xiao was stunned for a second before she reacted. Seeing the woman rolling down the stairs continuously, she could not help but shout loudly, “CAIWEI! CAIWEI! Du Caiwei! SOMEONE IS COMING!”

Fang Xiao shouted very loudly in her panic, and it was transmitted to the hall not far away. Therefore, someone ran over from the hall.

“Caiwei, what’s wrong?” Qiu Yitang heard Fang Xiao’s voice and quickly ran over. When he saw Du Caiwei rolling down the stone steps below the stairs, he immediately ran down.

“What’s going on?” Zheng Zihao heard Fang Xiao’s voice and ran over as well. When he saw Fang Xiao standing there with a pale face, he could not help but shake her arm and ask softly.

"I... I didn't expect it." Fang Xiao was a little incoherent. Finally, she came back to her senses. When she saw Qiu Yitang helping Du Caiwei up from the stairs, Du Caiwei's fluffy dress had already been dyed a bright red color. Perhaps because of the pain, her face had already been twisted.

Fang Xiao did not have the time to explain what had just happened to Zheng Zihao. She immediately ran down. At this moment, she no longer cared about the hostile relationship between Du Caiwei and Du Caiwei. Instead, she quickly reached out to help her. Then, she hurriedly said to Qiu Yitang, "Caiwei seems to be bleeding. Her skirt is red. We need to send her off quickly..."

Chapter 1718, what was the situation

"Let go of your hand!" Qiu Yitang quickly pushed Fang Xiao's hand away and looked at her with a pair of eyes that were so angry that they were about to kill someone. He knew that Fang Xiao was a vicious woman, but he did not expect her to be so vicious.

A month ago, when she came to borrow money, she threw the banana peel on the ground and let Cai Wei fall. Fortunately, it was not serious that time. Cai Wei only saw a little bit of red, but the child was saved.

However, he never expected to see Fang Xiao again tonight, and even more unexpectedly, she actually found a washroom to do it. Was she not willing to kill his Cai Wei?

"It wasn't me... I was just..." Fang Xiao opened her mouth instinctively, wanting to explain to Qiu Yitang what had happened between her and Du Caiwei ...

"PA!" The crisp sound of a slap echoed in the fire stairs beside the washroom. Qiu Yitang, who was in a rage, used all his strength, as if he had an irreconcilable enmity with Fang Xiao.

Fang Xiao had never set up any defenses against Qiu Yitang, so Qiu Yitang's slap caused her to shake a few times. In the end, she could not hold on to something that could stabilize her body because her hands were waving a few times. Then, she rolled straight down the other side of the stairs.

"Fang Xiao, if anything happens to the child in Cai Wei's stomach, I will never forgive you!" Qiu Yitang growled. Then, he picked up Du Caiwei and quickly ran toward the door. As for Fang Xiao, who had rolled down the stairs.. He did not look at her.

"Fang Xiao, Fang Xiao..." Zheng Zihao was stunned for a moment before he reacted. He quickly ran down the stairs. When he saw Fang Xiao, who had fainted at the corner of the stairs, he called out softly twice, but there was no response. Therefore, he did not care much and carried Fang Xiao horizontally. Then, he quickly ran toward his car.

Zheng Zihao's car was parked next to Dongfang Yunheng's car, so when he carried Fang Xiao out, Wu Jianping happened to see him. He could not help but ask, "what happened?"

"She fainted. I'll send her to the hospital," Zheng Zihao replied and placed Fang Xiao in the back of his car. When he closed the car door, he realized that his hands were covered in blood. He could not help but be shocked.

Fang Xiao was wearing a black business suit. When he carried her up just now, he did not notice it at all. Now that her hands were covered in blood, could it be that she had her period when she fell?

Zheng Zihao didn't have time to think about it. Fang Xiao had already passed out. It was impossible for him to ask her what had happened, so he quickly got into the car and drove to the nearest hospital.

Wu Jianping saw Zheng Zihao's car drive far away. He was standing about a meter away from Zheng Zihao just now, but he still felt that there seemed to be something red on Zheng Zihao's hand when he closed the back door.

Something red, could it be blood? Wu Jianping was shocked when he thought of this. Fang Xiao went in with Dongfang Yunheng to take care of Dongfang Yunheng, so how could she have passed out? And... Bleeding? ?

He couldn't help but feel nervous when he thought of this. Fang Xiao had just been murdered a few days ago. Although the idiot didn't die and Dongfang Yunheng had offered 500,000 yuan in compensation to reconcile with the idiot's mother, it was still a matter that she had caused.

Then what was her situation tonight? Also, why was the person who carried her out not Dongfang Yunheng but Zheng Zihao? What was her relationship with Zheng Zihao?

Chapter 1719 was covered in blood

Thinking of this, he could not help but take out his phone to call Dongfang Yunheng, wanting to ask what was going on inside.

However, Dongfang Yunheng's phone kept ringing, and there was no one to pick it up. He could not find Dongfang Yunheng for a while.

In fact, Dongfang Yunheng was currently leading Gu Chenchen to toast to her uncle, Gu Hongyuan. Gu Hongyuan was the president of the Gu Corporation, and the Gu family was a company that specialized in hotels, restaurants, and tourism.

Dongfang Yunheng had met Gu Hongyuan before, but that was when he was in middle school. Because he and Gu Hongyuan's son, Gu Haoxiang, were good friends, he once invited him and a few of his close classmates to the Gu family for his birthday. At that time, Gu Hongyuan didn't know that he was Dongfang Mo's son.

"Hahaha, Yun Heng, you've hidden it too well." Gu Hongyuan was obviously very happy that Dongfang Yunheng had come. He clinked glasses with him and praised him, "your parents are really good at educating you. Look at my Haoxiang. Compared to you, he's not even close."

Gu Haoxiang immediately said aggrievedly, "Dad, you're wrong. How can you compare him to me? I didn't compare you to Chairman Dongfang. Why would you compare me to Yun Heng? Didn't you hear people say that comparing people is infuriating?"

Dongfang Yunheng and Gu Hongyuan couldn't help but laugh. Gu Hongyuan deliberately said angrily, "This brat only knows how to find excuses for himself. Don't you know that there's a saying, 'the green surpasses the blue, but the blue surpasses the blue'?"

“What? It’s the Yangtze River where the new wave surpasses the new wave, and the new wave dies on the beach.” Gu Haoxiang corrected his father’s words and couldn’t help but ask, “Dad, do you want to die on the beach?”

One sentence immediately made Gu Hongyuan choke and unable to speak. Dongfang Yunheng quickly brought another glass of wine to toast Gu Hongyuan, so as to divert his gaze.

In fact, they had also heard the noise from the washroom before, but because they were the closest to the stage, it was a little far from the washroom.

Moreover, there was music playing in the banquet hall, so they couldn’t really hear it. They only knew that something must have happened when they saw someone running in the direction of the washroom.

At that time, Gu Hongyuan and Dongfang Yunheng were also stunned for a moment. After a few minutes, they were ready to walk in the direction of the washroom to understand the situation, but they saw that someone had already returned. Everyone was discussing animatedly, as if they were saying that someone had fallen or something.

There was a lot of saliva at the washroom door. Nowadays, women liked to wear high heels and long skirts, so it was very normal for them to slip in the washroom. Therefore, Dongfang Yunheng didn’t need to follow them to the washroom door to take a look. Then, he continued to drink with Gu Hongyuan and his son.

Zheng Zihao drove the car to the nearby hospital almost like he was racing. After he stopped the car, he hurriedly got out of the car, carried Fang Xiao, and quickly rushed to the emergency department. He kept shouting, “doctor, doctor, quickly come and take a look. What’s wrong with her?”

Immediately, a nurse pushed a movable bed over. Zheng Zihao quickly put Fang Xiao on it, and then the two nurses hurriedly pushed the unconscious Fang Xiao into the emergency room. Zheng Zihao, of course, was stopped outside.

Zheng Zihao stood at the entrance of the emergency room, a little nervous. Because of his irritation, he instinctively reached into his pocket for a cigarette. When he took out a box of cigarettes, he found that his hands were covered in blood.

Chapter 1720, what does it mean to be fine

He could not help but walk to the washroom next to him. As he washed his hands, he muttered, “what’s wrong with Fang Xiao? Why is she bleeding so much? Could it be that she was so confused that she didn’t even know that she had her period?”

Qiu Yitang ran over from the payment window. The bill that he had just paid was slightly trembling in his hands. When he saw a female doctor walk out of the emergency room, he quickly stopped her and asked, “doctor, how is the patient that I just sent in? Did you save the Child?”

"It's Du Caiwei, right?" "We didn't save the child because there was too much blood. We have tried our best." The doctor very politely and formally handed a surgery form to Qiu Yitang. "please sign this surgery form. We want to help her with the surgery immediately."

"You didn't save the Child?" Qiu Yitang asked almost instinctively. Then, he took the surgery form and pen that the doctor handed over. When he signed it, he could not help but ask, "then... is the adult in danger?"

"The adult is fine. The child can be conceived again in the future." The doctor took the surgery form that he had already signed, turned around, and quickly walked into the resuscitation room.

Qiu Yitang smashed his head against the wall. He could not help but curse in his heart. It was all because of that vicious Fang Xiao. She could not bear to see him and Cai Wei get along.

He originally thought that Cai Wei being pregnant with this child was a bargaining chip that he could use to pressure his grandmother. He wanted his grandmother to allow Cai Wei to enter the Qiu family's door for the sake of the child, but who knew... ..

The moment he raised his head, he saw Zheng Zihao walking out of the bathroom. He could not help but feel a little puzzled. He remembered that this person was also at the Gu family's banquet that night. Moreover, he had clinked glasses with him and drank wine with him. But why was he also at the hospital now?

Qiu Yitang had not finished his doubts when the emergency room's door opened. The female doctor who had just entered shouted with a receipt in her hand, "who is Fang Xiao's family member?"

Fang Xiao's family member Qiu Yitang was almost instinctively stunned. Why was Fang Xiao in the emergency room? What happened to her?

In the stairwell of Youran residence, he had slapped Fang Xiao. She seemed to have fallen down as well, but that shouldn't be too serious, right At most, her cheeks were red and swollen, and she had sprained her ankle. was there a need to send her to the emergency room?

Zheng Zihao was stunned for a moment before he walked forward. He looked at the female doctor and said, "I'm her friend. May I ask what happened to Fang Xiao?"

Qiu Yitang finally reacted. He immediately walked forward and said to the female doctor, "I'm Fang Xiao's family member. What happened to her? Did she get sick?"

The female doctor looked at Qiu Yitang with a puzzled gaze She said with some confusion, "I remember that you signed Miss Du Caiwei's surgery list just now. Aren't You du Caiwei's family member? I'm asking about Fang Xiao's family member now. It's none of your business."

Qiu Yitang's face immediately became extremely awkward. After hearing what the doctor said, he did not know how to answer for a moment. He just stood there in a daze.

Zheng Zihao, who was beside him, quickly said, "doctor, I'm Fang Xiao's friend. I don't know if a friend is considered a family member. Has She woken up yet? Is She alright now?"

"What do you mean she's alright?" The female doctor glared at Zheng Zihao Then, she said disdainfully, "so what if she's a boyfriend? Now that something has happened, she's saying that she's a friend. Do

you guys have to be so irresponsible She's already ten weeks pregnant, yet you still hit her. If you didn't want to have a child, you could have brought her to the hospital two weeks earlier. Why did you have to use force to knock the child out of her belly?"
