

Divorce 1851

Chapter 1851 was a bit of a coincidence

Fortunately, the awkward scene only lasted for one or two minutes. The boss of the company was drinking with Qiu Yitang again, and the men present immediately began to drink and mingle with each other. They met their soulmates with wine and beautiful women, and the atmosphere became warm and harmonious again.

Fang Xiao could not help but secretly let out a sigh of relief. Hearing that Qiu Yitang and the boss were having a good chat, she gradually felt relieved. She only hoped that this social dinner could end a little earlier.

The dinner ended at 10 o'clock in the evening. After eating for three whole hours, Fang Xiao often let out a sigh of relief. Tonight, she had not touched a single drop of alcohol. She believed that she would not fall into Qiu Yitang's trap again.

The group walked out of the Cloud Sky Pavilion. Of course, the boss had a car, but Fang Xiao and the secretary did not have a car, so they could only hail a taxi to go back. At this time, Qiu Yitang said to them, "I'm staying at the Grand Hyatt Hotel over at your dormitory. It's just in the right direction. I'll take you back on the way."

"Thank you, boss Qiu." Done seemed particularly excited. He immediately pulled Fang Xiao's hand and walked towards Qiu Yitang's car, because it was much better to have a ride than to hail a taxi.

"I..." Fang Xiao was about to reject him. However, when she said one word, she raised her head and saw a familiar Maybach not far away. At this moment, Dongfang Yunheng was leaning against the car door smoking. The Red Cigarette Butt was dancing in the air, shining like a shooting star in the sky.

Fang Xiao had never thought that Dongfang Yunheng was so handsome. Ever since she saw him at the entrance of the Royal Junjue Hotel, for the first time in a long time, she thought that Dongfang Yunheng was very handsome. It could be said that he was extremely handsome.

Therefore, she did not say anything else. She slightly struggled to free herself from Done's hand, and then directly walked toward Dongfang Yunheng's Maybach.

"You still said that you were working overtime, so you came here to eat a big meal?" Dongfang Yunheng looked at her with a displeased expression. He used his hand to knock her head symbolically. "When you ate the big meal, did you think that I might not have eaten yet?"

"..." Fang Xiao was a little speechless. He was the boss of a big company. Where did he have nothing to eat? He hadn't eaten yet. He was asking for it. What did it have to do with her? She wasn't responsible for his stomach.

The CEO and other colleagues of the company were completely stunned at this moment. Not only did this man look handsome, the main thing was that his car was a Maybach. It cost more than ten million yuan. In Binhai, how many people could drive such a good car?

Qiu Yitang saw Fang Xiao walking towards Dongfang Yunheng's car and immediately followed. When he saw Dongfang Yunheng, he greeted him lightly, "President Dongfang, what a coincidence. I can meet you even after dinner. "

"It is indeed a coincidence. " Dongfang Yunheng did not show any signs of weakness in his response. His colleague reached out to open the door of the passenger seat and invited Fang Xiao to get into the car in a very gentlemanly manner. He was too lazy to pay attention to Qiu Yitang.

"Fang Xiao. " Qiu Yitang saw that Fang Xiao was about to get into Dongfang Yunheng's car, so he could not help but follow her closely. He reached out and grabbed Fang Xiao's wrist. He looked at her with a pleading gaze. "Fang Xiao, I came to your company to discuss a partnership as an excuse. Actually, I'm mainly here to look for you. Now, don't follow him. Let's find a place to talk, okay? "

Fang Xiao only felt that Qiu Yitang's Gaze and tone were very unfamiliar. This was not the Qiu Yitang she knew. The former Qiu Yitang had never been like this in front of her.

When the boss and colleagues of the foreign-funded company saw this scene, they immediately tactfully drove away. Even DONE got into the general manager's car. He probably asked the general manager to drive her back.

Chapter 1852: Fang Xiao is my girlfriend

Fang Xiao used a little strength to shake off Qiu Yitang's hand. Then, she quickly got into Dongfang Yunheng's Maybach. At the same time, she reached out to close the door, but Qiu Yitang grabbed her.

"Fang Xiao, " Qiu Yitang looked at the woman in the passenger seat and lowered his voice to plead, "Xiao Xiao, can we find a place to talk? There's something that I think there's a misunderstanding between us. Actually... "

"Director Qiu, can you please leave? " Dongfang Yunheng walked over and used a little strength to shake off Qiu Yitang's hand. At the same time, he used a little strength to close the door of his car.

"President Qiu, I want to officially inform you that Fang Xiao is now my girlfriend. I don't want other men to come and look for her because this will cause trouble for her and me. Ok. " Dongfang Yunheng's voice was indifferent and firm.

"Your girlfriend? " Qiu Yitang looked at Dongfang Yunheng coldly. Then, he snorted and reminded him, "President Dongfang, if I remember correctly, Miss Gu Chenchen seems to be your fiancée, right? How can a person who has a fiancée be a boyfriend and girlfriend with Fang Xiao? "I want to ask Fang Xiao, is her relationship with you like this? "

Qiu Yitang was about to open the door of the passenger seat, but he was stopped by Dongfang Yunheng again. Dongfang Yunheng looked at Qiu Yitang coldly and said, "boss Qiu, who are you to Fang Xiao? What right do you have to ask her? "

"Fang Xiao is my ex-wife, and I am her ex-husband. "

“since it’s ex-wife, then it means it’s expired.” Dongfang Yunheng scoffed at Qiu Yitang’s words. He could not help but remind him coldly, “I think President Qiu should understand that anything that has expired can not be used, just like food that has expired can not be eaten. And if your husband has expired, do you think you can still exercise your husband’s rights?”

Qiu Yitang was obviously stunned and could not answer for a moment because what Dongfang Yunheng said was the truth. He and Fang Xiao had divorced, so he had completely lost his so-called husband’s rights towards Fang Xiao.

However, he still stood there without moving. He had no intention of making way at all. His eyes were staring unblinkingly at the person in the car window, as if he would not leave until he got out of the car.

Dongfang Yunheng was finally angry. He walked around the front of the car and got into the driver’s seat. He quickly started the car and stepped on the accelerator. The car quickly drove away from the scene.

Qiu Yitang stood there in a daze. He looked at the Maybach that had disappeared in the night. Waves of pain surged in his heart. The pain was no longer as vague as before. Instead, it was so obvious and clear.

“An expired husband. Do you think you can still exercise your husband’s rights?” These were the words that Dongfang Yunheng had just said to him. They still lingered in his mind for a long time.

He had never thought that he would one day be so persistent in looking for Fang Xiao. He had also never thought that he would one day fall in love with Fang Xiao, or even fall in love with Fang Xiao!

In the past, he had two chances to have Fang Xiao. The first marriage was completely destroyed by himself. At that time, he only had revenge for her in his heart and only wanted to stand up for Cai Wei.

As for the second marriage, he had actually wanted to live a good life with her. He had already settled the issue of Du Caiwei’s immigration, but who knew. ...

Chapter 1853 expired husbands

Expired husbands had no right to interfere with their ex-wives’ affairs, and expired husbands could not interfere with their ex-wives’ affairs either. It was not that he did not understand this. He just wanted to see her, to atone for his sins, to be with her again, to... ...

Last year at the Gu family’s family banquet, he had seen Zheng Zihao treat Fang Xiao so well, so he had wondered if Fang Xiao had had some kind of relationship with Zheng Zihao?

But who knew that the person who had such a complicated and ambiguous relationship with Fang Xiao was not Zheng Zihao, but Dongfang Yunheng. And this Dongfang Yunheng was obviously someone with a family. Did Fang Xiao not know?

No, he couldn’t just admit defeat like this. Of course, the main thing was not to admit defeat, but to help Fang Xiao. He couldn’t just watch her become a mistress. She had to wake up as soon as possible and get out as soon as possible. If Gu Chenchen found out.. Her life would definitely be miserable.

With this thought, he turned around and walked to his car not far away. As he walked, he took out his phone to make a call. He urgently needed to figure out what kind of relationship Fang Xiao and Dongfang Yunheng had.

Dongfang Yunheng actually openly said that Fang Xiao was his girlfriend. From this, it could be seen that he had put some thought into Fang Xiao. It was probably true. A woman like Fang Xiao had never been casual. If it wasn't for some slightly formal method.. She probably wouldn't have agreed to be with him.

The call was quickly picked up. He whispered to the person on the phone, "I want your employee, Fang Xiao's phone number. I have something to talk to her alone... "

The person was very straightforward. Within a few minutes, he sent Fang Xiao's phone number to him. He was very tactful and did not ask any more questions.

He looked at the number and decided not to call her after a long time. Therefore, he chose to send her a text message. The content of the text message was of course to tell her a ruthless truth. Dongfang Yunheng and Gu Chenchen were about to get married.

Fang Xiao sat in Dongfang Yunheng's car and let him drive on the night-filled streets. Her hands were tightly clutching her bag. Her nails were almost digging into her leather.

What did Qiu Yitang mean by this Must he exterminate her?

Even if her father had indeed wronged Du Caiwei, even if the Fang family had indeed annexed the DU family, she, Fang Xiao, and Fang Chen had not done anything that had wronged Du Caiwei, right Why was he still unwilling to let her off despite the fact that both of them had fallen to such a state?

Dongfang Yunheng drove the car for a long distance before turning to look at her. "You won't be staying in the dormitory area tonight, right? Why don't you stay at my apartment? "

"This... alright. " Fang Xiao hesitated for a moment before agreeing to Dongfang Yunheng's suggestion ...

She was a slave that he had bought, and he was her financial backer. In fact, this financial backer was already very good. He even gave her the tone of a discussion about where to stay at night. He did not forcefully take her away.

In fact, she did not like staying in his apartment because those places were too luxurious. She was more willing to stay in her own dormitory because that simple place was more suitable for her current status and status.

But she knew that she could not go back to her dormitory tonight. Qiu Yitang was too scary. If he could find her company, then he would definitely find her dormitory. And she did not dare to face him alone.

Chapter 1854, I'll be right back

"Why would Qiu Yitang have dinner with you guys? " Dongfang Yunheng frowned slightly after asking this question. He seemed to have thought of something, so he asked again, "is he a client of your company? "

“Yes.” Fang Xiao nodded and said a little irritably, “not only is he a client of our company, but he’s also a big client. I hope that everything is settled tonight. There’s no need to entertain him anymore.”

Dongfang Yunheng was about to continue the conversation, but his phone rang. It was an extremely old English tune. Fang Xiao did not pay attention to it, so she did not know what tune it was.

Dongfang Yunheng was obviously stunned, but he did not immediately pick up the phone and let the tune ring. It was unknown whether he wanted to listen to the tune for a while or not.

“Hello, Yun Heng, your phone is ringing.” Fang Xiao finally could not listen anymore. She could not help but reach out to push her arm. “Hurry up and answer the phone.”

“Okay.” Dongfang Yunheng frowned and replied. In the end, he pulled over the car and took the phone to answer the call.

The quality of Dongfang Yunheng’s phone was top-notch, and it was close to his ear, so there was no sound at all. Fang Xiao could not hear what the person on the other end of the phone was saying, and she did not want to hear it at all.

It was already so late, and the people who could call Dongfang Yunheng were either his family or his loved ones. Fang Xiao had to stay away from these two types of people.

Fang Xiao could not hear the person on the phone, but she could hear what Dongfang Yunheng was saying. She only heard him say, “got it. I’ll be back soon. Okay, that’s it.”

“If you have something urgent to do, go ahead and do it. I’ll just hail a taxi and go back to my dormitory.” Fang Xiao saw that he had hung up the phone and immediately said to him, “It just so happens that this place isn’t very far from my dormitory. The taxi will arrive in ten minutes. It’s very convenient.”

“It’s not particularly urgent. I’ll send you to our old apartment first. I’ll drive you back when you arrive at Jiangnan’s famous city.” As Dongfang Yunheng spoke, he started the car again and quickly drove in the direction of Jiangnan’s famous city.

The famous Jiangnan City was about twenty minutes away from where they had parked their car. Fortunately, there were fewer cars on the streets at night, and Dongfang Yunheng’s car drove extremely fast, so it only took them fifteen minutes to get there.

Dongfang Yunheng just parked the car outside the residential area of the famous Jiangnan City. He did not get out of the car. He just threw the keys to the apartment to her and let her go in by herself, while he quickly drove away. He must have been busy with his not-so-urgent matters.

Although Fang Xiao did not know where Dongfang Yunheng was in a hurry to go, Dongfang Yunheng just answered the phone and said, “I’ll be right back.” From this, it could be concluded that the place he was going to.. Was either home or the place that would soon become his home.

After Dongfang Yunheng’s Maybach disappeared in the night, she slowly walked towards the entrance of the residential area of Jiangnan’s famous city. The residential area hadn’t changed, just like last year. However, because it was summer, there were many more flowers in it.. At this time, the evening primrose at the entrance was emitting an intoxicating fragrance.

She naturally walked towards Building d, The building in the center of Jiangnan's famous city. The water in the fountain was very high, and there were people swimming in the swimming pool not far away. One could even hear the laughter of men and women in the water.

Chapter 1855 meeting Gu Chenchen by chance

She passed through the swimming pool naturally and was stopped by a person who walked out of seat D. The person who stopped her was none other than Dongfang Yunheng's fiancée, Gu Chenchen!

"Miss Fang, what a coincidence. Do you also live in this neighborhood?" Gu Chenchen had a calm and natural smile on her face, as if the meeting between her and Fang Xiao was purely a coincidence.

Fang Xiao's heart immediately thumped, and then she said without batting an eyelid, "I don't live here. I'm here to find a friend. Miss Gu, do you live here?"

"Yes." Gu Chenchen's face was smiling like a flower Her voice was filled with incomparable superiority and Zihao. "Yun Heng and I usually live here. You were once his secretary's assistant, so you should know that he has an apartment in building d. this is where he and I usually go out. "

Fang Xiao had always told herself that she and Dongfang Yunheng were only financial owners and slaves, while Gu Chenchen and Dongfang Yunheng were fiancés. Therefore, whatever happened between Dongfang Yunheng and Gu Chenchen had nothing to do with her.

However, at this moment, when Gu Chenchen told her that this was Dongfang Yunheng and her love nest, the place where they usually met privately, waves of sadness welled up in her heart. She even felt a faint pain.

Of course, she knew that this could not happen, and it should not happen. She and Dongfang Yunheng only had a two-month contract left. After two months, they would be strangers.

Therefore, she took a deep breath to calm down her slightly fluctuating emotions Then, she said lightly, "Oh, really? I haven't been a secretary for President Dongfang for a long time. My work is very busy now, so I can't remember what happened in the past clearly. "

"Then, do you want to go up and have a seat?" Gu Chenchen was particularly enthusiastic as she pointed at the Entrance Hall of Seat D.

"No need. My friend is probably not here, so I'll go back first," Fang Xiao quickly refused. She turned around and walked toward the gate of Jiangnan's famous city. It seemed that she would still have to go back to her dormitory tonight.

Dongfang Yunheng almost sped home because Mu Yao had made her mother's condition very serious on the phone just now. Although he knew that Mu Yao always liked to exaggerate things, he still rushed back in a hurry.

The car drove into one inch mo city. Before the car stopped, Mu Yao came out to welcome him. Just as he got out of the car, Mu Yao ran over and whispered in his ear, "big brother, you must not make a scene with mother this time. Mother is still angry. "

Yun Heng was wondering what was going on because Mu Yao had said on the phone that mother was very sick. Now, she asked him not to make a scene with mother. This was obviously not what he was saying.

He was about to ask Mu Yao what was going on, but before he could say anything, he saw his mother, Xi Muru, walking down the stairs, so he quickly walked into the living room.

“Mom, are you okay?” Yun Heng saw Xi Muru sitting down on the Sofa and immediately walked behind her, massaging her shoulders with both hands. He did not forget to explain, “Mu Yao said so much on the phone, and it scared me.”

“Oh, it seems that you still know how to care about your mother’s health.” Xi Muru raised her hand and patted the back of Dongfang Yunheng’s hand, indicating that he did not need to massage anymore. Then, she said two words, “I said, “

Chapter 1856: Marriage is up to you

Yun Heng’s heart skipped a beat. The thing he was most afraid of in his life was Xi Muru saying, “I’ll say it” because he knew that once he said it, it would definitely be hard to negotiate.

Although he was afraid, he still had to say it in embarrassment. “Then, mom, if there’s anything, just say it.”

“Well, you and Chenchen have been engaged for more than two months. Look... when are you two getting married?” As Xi Muru spoke, Mu Yao had already served the Ginseng tea that had just been brewed in the kitchen.

“I don’t want to get married to Gu Chenchen,” Dongfang Yunheng said gloomily.

“You don’t want to get married to Gu Chenchen? What do you mean? So this engagement is just for fun?” Xi Muru immediately became unhappy. Her voice was raised a little. “This engagement is already done, and both parties have already signed the marriage contract. Does that mean that you can not get married just because you don’t want to?”

“I plan to break off the engagement with Gu Chenchen,” Yun Heng still insisted on his own opinion.

“What exactly do you mean by this “You don’t want to fulfill the engagement with Gu Chenchen, but you still want to break off the engagement? Are you really going to go back to the woman who abandoned you five years ago?” Xi Muru’s expression was obviously not good. Her voice was raised by two decibels and she sounded a little angry. “Yun Heng, let me get this straight. If you want to be with that woman named Fang, neither your father nor I will agree.”

“Mom, I’m not a child anymore. I’m already 27 years old. I can make my own decisions about marriage,” Yun Heng said as he stood up from the SOFA and quickly walked towards the stairs.

“What do you mean by making my own decisions about marriage?” Xi Muru was immediately unhappy. She could not help but yell at her son, “could it be that your father and I were the ones who arranged the matters between you and Gu Chenchen in the past “Besides, how about you’re 27 years old “Even if

you're 57 years old, aren't you still my son "since you're engaged to Gu Chenchen, then you can only marry Gu Chenchen. Our Dongfang family can not break our promise to others. "

"If both you and the Gu family insist on this engagement, then my relationship with Gu Chenchen can only be that of an engaged couple. I will never marry Gu Chenchen in my life," Yun Heng said He quickened his pace and walked upstairs, completely ignoring his mother who was still angry.

"Hey, Yun Heng, what do you mean by this?" Xi Muru yelled at Yun Heng's back, who was walking up the stairs. "Also, what kind of attitude is this? "

"Mom, mom, take a break." Mu Yao quickly came up and pulled her mother, who was going to chase her upstairs, and quickly said to her, "you don't know my temper. When I'm stubborn, I'm like a bull. It's useless for you to yell at him like this. "

"Your brother is..." Xi Muru said these few words. She suddenly remembered that the little devil beside her was even more disobedient than Yun Heng, so she glared at her fiercely. "Little Mu Yao, get as far away as you can. Don't disturb me. "

Mu Yao could not help but laugh out loud. She had always been a headache to her parents, so it was almost impossible for her to persuade her mother. Moreover, her mother would think that she and brother were in the same trenches. Of course, she and brother were originally in the same trenches.

However.. She still said to her mother in a soft voice, "mom, you still don't know about brother's temper. He has always been a soft-hearted person. Back then, when dad insisted on him coming back to take over the Dongfang Corporation, he would not agree no matter what. In the end, it was you who persuaded him with soft words and reasoning that the family could not be defeated in his generation. That was why he came back to take over the Dongfang Corporation. Now, you actually used force to force him to marry Gu Chenchen. Once his stubborn temper comes up, of course it won't work. "

Chapter 1857 don't try to get your hands on me

"Then what should we do? Your brother is now completely focused on being with that woman named Fang?" Xi Muru felt that this little devil's words were more acceptable The anger in her heart slowly calmed down Then, she sighed heavily and said, "I can't really just let him be and let him continue with that woman named Fang, right? That woman threw your brother into a world of ice and snow five years ago and almost froze to death. "

"Mom, I think they're the only ones who know the reason behind many things," Mu Yao guessed and said, "however, no matter who you want your brother to marry, you have to convince me first. It's almost impossible to force him to marry someone. When the time comes, big brother will be like second brother and just go out and establish his own family. I think no one will take over the Dongfang Group, right? "

"No one will take over the Dongfang Group?" Xi Muru frowned slightly and then glared at her daughter beside her. She could not help but yell again, "Don't you still have you? When you grow up, if Yun Heng doesn't listen, I think it'll be good for you to take over the Dongfang Group! "

“Of course I can’t! ” Mu Yao immediately jumped up As she ran out of the door, she shouted loudly, “mom, don’t try to get your hands on me. I’m telling you, I’m much more disobedient than my brother, and even more disobedient than my second brother, Yun Zai. So you guys better spare me. “

As she watched Mu Yao’s figure disappear at the door, Xi Muru could not help but sigh again. She had given birth to four children, why were each of them more disobedient than the other Each of them was more stubborn than the last?

Dongfang Yunheng went upstairs and walked into the room that he had not slept in for a long time. Although no one had slept for a long time, the servants at home would come to clean the room every day, so the room was still very clean and tidy.

He was very tired, mainly because he was tired, so he went to bed without even taking a shower.

Of course, he wanted to sleep, but he could not sleep. His mind was filled with her shadow, wondering if she was already in the apartment in Jiangnan’s famous city, wondering if she had already showered and gone to bed so late at night.

He wanted to call her and listen to her voice, so he entered her number again and again on his phone. He pressed it again and again, but in the end, he didn’t dial her number.

It was really late. It was almost midnight. If he still called her at this time, what if she had already fallen asleep? Wouldn’t it be bad if he called her and woke her up from her sleep?

She had to work overtime tonight. Moreover, she looked exhausted. It was probably not easy to work during the day. Everyone needed to rest. It was better for him not to disturb her and let her rest well tonight Tomorrow morning, he would go to Jiangnan city to pick her up and send her to work.

He knew that she could not think about their relationship in a sunny way yet. She always thought that she was a prostitute, and he was her financier.

In fact, when he first went to the beach to look for her, he did not think of using such a method. He thought of using a sunny, healthy way to look for her, and wanted to start over with her.

But she refused to give him that chance. She even secretly quit her job and left, making it hard for him to find her. So when he saw her in Bincheng, he directly brought out the agreement between them.

He knew that it was a bit excessive and even a bit despicable, but he had no other way. Because at the moment, the only way to stop her from escaping and make her willingly stay with him was the agreement.

Chapter 1858 we are all doing this for your own good

Of course, he wanted to change her opinion of him in this short period of time. At the same time, he wanted to let her know that he was not the so-called benefactor to her, but the person who truly loved her.

Dongfang Yunheng held his phone tightly in his hand. After a long while, he slowly put it down. Because it was already so late, it was indeed not appropriate to call her, so he placed the phone on the bedside table.

Just as he put the phone down, before he had the time to put his arm back on the bed, he heard faint footsteps outside the door. He immediately put his arm back, but there was a knock on the door.

He immediately closed his eyes and pretended to be asleep. He pretended not to hear the knock because he knew that the person who could knock on his door so politely was definitely his mother. Mu Yao, that girl, had never understood these rules.

However, it was useless for him to pretend to be asleep because he had forgotten to lock the door when he first entered. In the end, the person outside the door could not wait for the door to open, so she pushed the door open by herself.

He had already turned off the lights in the room, and the person who entered the door did not turn on the lights either. Just like that, he slowly walked over in the darkness. He heard the footsteps getting closer and closer, and finally stopped beside his bed.

He was still lying on the bed motionlessly, and someone had already sat down by his bed in the darkness. He did not even need to open his eyes to know that it was his mother, Xi Muru, just by the familiar smell that came from his nostrils.

Yun Heng opened his eyes slightly in the darkness and saw his mother's face sitting by the bed. Although the light was extremely dim and only a rough outline could be seen, even the outline was still so beautiful.

So many years had passed. His mother was already fifty-two years old, but time had barely left any traces on her face. Because she had taken good care of herself for a long time, she only looked to be in her forties.

"Ah Heng," Xi Muru grabbed her son's hand in the darkness and softly called out his baby name.

Dongfang Yunheng did not respond. He only used a little strength to pull his hand away from his mother's hand. Actually, he was not angry with his mother. He was just very sad because his mother did not understand him.

Xi Muru could not help but sigh in the darkness. She used her hand to pat her son's back gently. She knew that her son was angry with him. He probably thought that she should not interfere in her marriage.

Actually, she and Dongfang Mo were open-minded parents. Their children's marriage would never be interfered with, just like little feather back then. She did not tell her family about her marriage, and they even cooperated with her acting and did not expose her. They let her go, married, divorced, and married again. They also allowed her to do so.

Yun Heng Lay in the blanket. His mother's hand that patted his back was very light, but he could still feel the weight. It was neither light nor heavy, just like when she coaxed him to sleep when he was young. Her eyes could not help but become moist again.

“Ah Heng, we’re doing this for your own good. Five years ago, that woman threw you into the snow and almost killed you. At that time, it was Gu Chenchen who came to your side to take care of you. Chenchen is your uncle Gu’s child. We’ve known each other since we were young. Although your relationship with her is not very close because you have been studying abroad for many years, you two can still be considered childhood sweethearts, right “For the past few years, I’ve been staying by your side quietly without any scandals. Two months ago, you two were also engaged. Your father and I were very pleased, but who would have thought that at this time, you would actually have a relationship with Fang Xiao who had broken up with you for five years? You even brought her to Leng Rong’s child’s full moon banquet. That’s fine, but you actually said to your sister that you would bring her to our house to meet us on the mid-autumn Festival. Ah Heng, let me tell you. I won’t agree to this matter, and your father won’t agree to it either. Because she is definitely not a simple woman. Her Scheming and shrewdness are not acceptable to a family like ours. “

Chapter 1859: Don’t blame Fang Xiao

Hearing his mother’s words, Yun Heng felt uncomfortable. He turned his body around in the blanket and looked at his mother in the darkness Almost instinctively, he argued, “mom, back then, you didn’t interfere with my marriage. Can you please not interfere with my marriage I’m already 27 years old. I can make my own decisions about my marriage. Besides, Fang Xiao is only a 25-year-old woman. What scheming and shrewdness does she have “Can you stop thinking so much of the bad guys? “

“Ah Heng, I didn’t want to interfere with your marriage, including when you were dating a black girl in New Jersey. We, as parents, didn’t interfere. Even though we mistakenly thought that the black girl was probably an African girl, we could see how enlightened your parents were. “But, ah Heng, this time, I can’t not interfere because this woman isn’t an ordinary woman you know. She abandoned you five years ago to marry a so-called rich family because you’re a poor boy. From this point of view, she’s a vain person. “

Xi Muru paused for a moment, then sighed. “Ah Heng, this woman, how much trouble did she cause before and after the wedding in Huicheng this year? Do you think every woman can be as tormented as her? “

“Mom, it’s not that she wants to be tormented, it’s that she wants to be tormented, ” Yun Heng retorted his mother almost instinctively. “Do you think she’s willing to be tormented like this? “

“What do you mean by being tormented? ” Xi Muru was displeased when she heard Yun Heng say that. She could not help but say, “if she’s a serious woman, who would be willing to be tormented? Like her erotic photos, if it wasn’t for her own indecent lifestyle... “

“Mom, how do you know that it was caused by her indecent lifestyle? ” Yun Heng immediately crawled out from under the blanket, lifted the blanket and sat up His voice was a little angry as he said, “mom, you’ve only heard a lot of things from hearsay and haven’t really looked into the root of it. In short, Fang Xiao is a serious girl. “

“Look at you, Ah Heng. You can’t help but argue with me now. What does this mean? Could it be that Fang Xiao beat you up and then came back to mess with me? “

“Mom, can’t you just blame everything on Fang Xiao?” Yun Heng felt extremely helpless His tone could not help but lower. “Mom, I like Fang Xiao and love her. You’re talking about me by saying that. Humiliating her is also humiliating your son. “

“Dongfang Yunheng, what do you mean by that?” Xi Muru was furious Her voice suddenly rose by two decibels. “I worked so hard to drag you down to such an extent Do you still have this attitude when you speak to me now What kind of woman was Fang Xiao in Huicheng? This did not require much investigation. In fact, one only needed to ask around a little. If she was really a woman of both quality and character, she would definitely not incite you to come back and make such a fuss with your family Let me tell you, a woman like her, who loves vanity, is very shrewd and scheming. In the past, she did not know that you had such a status and abandoned you. Now that she knows, she immediately came back to cling to you. Do you think that she really still loves you? Let me tell you, she is purely doing this to restore her Fang family, so that she can live a luxurious life in the future. It is impossible for such a woman to marry into the Dongfang family. As long as I am still alive, then she should not have such wishful thinking.”

Chapter 1860 can not be made up

After hearing his mother’s long speech, Dongfang Yunheng was no longer angry. Instead, he calmed down He said softly, “mom, you and Fang Xiao have never met, nor have you talked to her, nor have you had any deeper interactions with her. Your so-called understanding of her is nothing more than hearsay. You can’t give her such a conclusion based on hearsay, can you As for my breakup with her five years ago, I believe that she had her own reasons. Besides, the current Fang Xiao hasn’t even had the dream of marrying me. She even... “...”. “In short, she’s a good girl. A good girl that deserves to be taken seriously by me. “

“It’s true that I’ve never met Fang Xiao, nor have I had any dealings with her. However, this doesn’t mean that my conclusion about her doesn’t make sense. Although some rumors are groundless, if you don’t have wind and shadow, she won’t be able to catch you, right? “

Xi Mumu paused again Then, she continued, “besides, the current Fang Xiao is no longer the Fang Xiao from five years ago. Her thoughts are definitely not simple, and her motive for getting close to you isn’t simple either. Seeing her reminds me of your aunt. You should avoid a woman like her, but who knew that not only did you not avoid her, you actually wanted to marry her. Let me tell you, Ah Heng, I won’t agree, and your father won’t agree either. We can’t let her harm you again. Last time, you lost half your life because of her. If you do it again, you’ll probably lose your life. “

“Mom, what kind of marriage and love did you and dad go through back then? Aren’t the two of you also living happily now?” Yun Heng did not refute his mother. Instead, he asked about his mother and husband?

Xi Muru was obviously stunned. She never dreamed that her son would ask her such a question, so she was worried about how to explain herself. However, before she could say anything, Dongfang Yunheng had already spoken.

“Mom, back then, the person that dad wanted to marry was Auntie, wasn’t it? The person that dad was engaged to back then was Auntie too, right? At that time, Auntie complained that dad wasn’t willing to marry, so she let you take over. Dad still blamed you, and Auntie later also blamed you. You were mixed up with the Xi family and the Dongfang family, weren’t you?”

Xi Muru immediately fell silent. The story between her and Dongfang Mo had gone on for a long time. She had experienced many misunderstandings and tribulations in the middle, and she had used countless methods just to escape Dongfang Mo..

However, in the end, she and Dongfang Mo still got together. The two of them had given birth to four children together, and Dongfang Mo treated her sincerely. Throughout her life, she had experienced all kinds of tribulations, but in the end, she still found happiness.

“Mom, you’ve been through this before. Some things can not be completely seen and understood through appearances. Only the person involved knows clearly what’s going on. You can’t judge a matter based on the gossip outside. You should know this better than I do. “

Xi Muru felt a headache coming on. In the darkness, she massaged her temples. She did not expect her son to use her matter to refute her. This made her speechless instantly, and she could only sigh helplessly.
